

VOLUME I-PARTS 1 TO 51

FEDERAL ACQUISITION REGULATION

Issued Fiscal Year 2019 by the:

GENERAL SERVICES ADMINISTRATION

DEPARTMENT OF DEFENSE

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

TITLE48-FEDERAL ACQUISITION REGULATIONS SYSTEM

Chapter1

FEDERAL ACQUISITION REGULATION

Volume I

FOREWORD

The FAR is the primary regulation for use by all executive agencies in their acquisition of supplies and services with appropriated funds. It became effective on April 1, 1984, and is issued within applicable laws under the joint authorities of the Administrator of General Services, the Secretary of Defense, and the Administrator for the National Aeronautics and Space Administration, under the broad policy guidelines of the Administrator, Office of Federal Procurement Policy, Office of Management and Budget.

The FAR precludes agency acquisition regulations that unnecessarily repeat, paraphrase, or otherwise restate the FAR, limits agency acquisition regulations to those necessary to implement FAR policies and procedures within an agency, and provides for coordination, simplicity, and uniformity in the Federal acquisition process. It also provides for agency and public participation in developing the FAR and agency acquisition regulation.

The Federal Acquisition Regulation (FAR) includes all Federal Acquisition Circulars through 2025-03 effective January 17, 2025. Beginning in fiscal year 2019, designation of Federal Acquisition Circulars was changed to reflect the fiscal year in the first four digits and the sequence of the issued circular in the last two digits.

List of Sections Affected

FAC 2025-03 January 17, 2025

Section	Description of Change	Case Number
2.101 (a) in the definitions of "Conviction", Debarment" 2.101 Definitions ., Sustaining and debarment official ", "Suspension" 2.101 Definitions .	Amend section 2.101 by— a. - 12.1 Acquisition of Commercial Products and Commercial Services
- 12.2 Special Requirements for the Acquisition of Commercial Products and Commercial Services
- 12.3 Solicitation Provisions and Contract Clauses for the Acquisition of Commercial Products and Commercial Services
- 12.4 Unique Requirements Regarding Terms and Conditions for Commercial Products and Commercial Services
- 12.5 Applicability of Certain Laws to the Acquisition of Commercial Products, Commercial Services and Commercially Available Off-the-Shelf Items
- 12.6 Streamlined Procedures for Evaluation and Solicitation for Commercial Products and Commercial Services

SUBCHAPTER C - CONTRACTING METHODS AND CONTRACT TYPES**PART 13 - SIMPLIFIED ACQUISITION PROCEDURES**

- 13.1 Procedures
- 13.2 Actions At or Below the Micro-Purchase Threshold
- 13.3 Simplified Acquisition Methods
- 13.4 Fast Payment Procedure
- 13.5 Simplified Procedures for Certain Commercial Products and Commercial Services

PART 14 - SEALED BIDDING

- 14.1 Use of Sealed Bidding
- 14.2 Solicitation of Bids
- 14.3 Submission of Bids
- 14.4 Opening of Bids and Award of Contract
- 14.5 Two-Step Sealed Bidding

PART 15 - CONTRACTING BY NEGOTIATION

- 15.1 Source Selection Processes and Techniques
- 15.2 Solicitation and Receipt of Proposals and Information
- 15.3 Source Selection
- 15.4 Contract Pricing
- 15.5 Preaward, Award, and Postaward Notifications, Protests, and Mistakes
- 15.6 Unsolicited Proposals

PART 16 - TYPES OF CONTRACTS

- 16.1 Selecting Contract Types
- 16.2 Fixed-Price Contracts
- 16.3 Cost-Reimbursement Contracts
- 16.4 Incentive Contracts
- 16.5 Indefinite-Delivery Contracts
- 16.6 Time-and-Materials, Labor-Hour, and Letter Contracts
- 16.7 Agreements

PART 17 - SPECIAL CONTRACTING METHODS

- 17.1 Multi-year Contracting
- 17.2 Options
- 17.3 [Reserved]
- 17.4 Leader Company Contracting
- 17.5 Interagency Acquisitions
- 17.6 Management and Operating Contracts
- 17.7 Interagency Acquisitions: Acquisitions by Nondefense Agencies on Behalf of the Department of Defense
- 17.8 Reverse Auctions

PART 18 - EMERGENCY ACQUISITIONS

PART 1 - FEDERAL ACQUISITION REGULATIONS SYSTEM

Sec.

1.000 Scope of part.

Subpart 1.1 - Purpose, Authority, Issuance

- 1.101 Purpose.
- 1.102 Statement of guiding principles for the Federal Acquisition System.
 - 1.102-1 Discussion.
 - 1.102-2 Performance standards.
 - 1.102-3 Evaluating agency acquisition processes.
 - 1.102-4 Acquisition Team.
 - 1.102-5 Role of the Acquisition Team.
- 1.103 Authority.
- 1.104 Applicability.
- 1.105 Issuance.
 - 1.105-1 Publication and code arrangement.
 - 1.105-2 Arrangement of regulations.
 - 1.105-3 Copies.
- 1.106 OMB approval under the Paperwork Reduction Act.
- 1.107 Certifications.
- 1.108 FAR conventions.
- 1.109 Statutory acquisition-related dollar thresholds-adjustment for inflation.
- 1.110 Positive law codification.

Subpart 1.2 - Administration

- 1.201 Maintenance of the FAR.
 - 1.201-1 The two councils.
 - 1.201-2 FAR Secretariat.
- 1.202 Agency compliance with the FAR.

Subpart 1.3 - Agency Acquisition Regulations

- 1.301 Policy.
- 1.302 Limitations.
- 1.303 Publication and codification.
- 1.304 Agency control and compliance procedures.

Subpart 1.4 - Deviations from the FAR

- 1.400 Scope of subpart.
- 1.401 Definition.
- 1.402 Policy.
- 1.403 Individual deviations.
- 1.404 Class deviations.
- 1.405 Deviations pertaining to treaties and executive agreements.

Subpart 1.5 - Agency and Public Participation

- 1.501 Solicitation of agency and public views.
 - 1.501-1 Definition.
 - 1.501-2 Opportunity for public comments.
 - 1.501-3 Exceptions.
- 1.502 Unsolicited proposed revisions.
- 1.503 Public meetings.

Subpart 1.6 - Career Development, Contracting Authority, and Responsibilities

- 1.601 General.
- 1.602 Contracting officers.
 - 1.602-1 Authority.
 - 1.602-2 Responsibilities.
 - 1.602-3 Ratification of unauthorized commitments.
- 1.603 Selection, appointment, and termination of appointment for contracting officers.
 - 1.603-1 General.
 - 1.603-2 Selection.
 - 1.603-3 Appointment.
 - 1.603-4 Termination.
- 1.604 Contracting Officer's Representative (COR).

Subpart 1.7 - Determinations and Findings

- 1.700 Scope of subpart.
- 1.701 Definition.
- 1.702 General.
- 1.703 Class determinations and findings.
- 1.704 Content.
- 1.705 Supersession and modification.
- 1.706 Expiration.
- 1.707 Signatory authority.

This page intentionally left blank.

1.000 Scope of part.

This part sets forth basic policies and general information about the Federal Acquisition Regulations System including purpose, authority, applicability, issuance, arrangement, numbering, dissemination, implementation, supplementation, maintenance, administration, and deviation. [subparts 1.2, 1.3](#), and [1.4](#) prescribe administrative procedures for maintaining the FAR System.

Subpart 1.1 - Purpose, Authority, Issuance**1.101 Purpose.**

The Federal Acquisition Regulations System is established for the codification and publication of uniform policies and procedures for acquisition by all executive agencies. The Federal Acquisition Regulations System consists of the Federal Acquisition Regulation (FAR), which is the primary document, and agency acquisition regulations that implement or supplement the FAR. The FAR System does not include internal agency guidance of the type described in [1.301\(a\)\(2\)](#).

1.102 Statement of guiding principles for the Federal Acquisition System.

(a) The vision for the Federal Acquisition System is to deliver on a timely basis the best value product or service to the customer, while maintaining the public's trust and fulfilling public policy objectives. Participants in the acquisition process should work together as a team and should be empowered to make decisions within their area of responsibility.

(b) The Federal Acquisition System will-

(1) Satisfy the customer in terms of cost, quality, and timeliness of the delivered product or service by, for example-

(i) Maximizing the use of commercial products and commercial services;

(ii) Using contractors who have a track record of successful past performance or who demonstrate a current superior ability to perform; and

(iii) Promoting competition;

(2) Minimize administrative operating costs;

(3) Conduct business with integrity, fairness, and openness; and

(4) Fulfill public policy objectives.

(c) The Acquisition Team consists of all participants in Government acquisition including not only representatives of the technical, supply, and procurement communities but also the customers they serve, and the contractors who provide the products and services.

(d) The role of each member of the Acquisition Team is to exercise personal initiative and sound business judgment in providing the best value product or service to meet the customer's needs. In exercising initiative, Government members of the Acquisition Team may assume if a specific strategy, practice, policy or procedure is in the best interests of the Government and is not addressed in the FAR, nor prohibited by law (statute or case law), Executive order or other regulation, that the strategy, practice, policy or procedure is a permissible exercise of authority.

1.102-1 Discussion.

(a) *Introduction.* The statement of Guiding Principles for the Federal Acquisition System (System) represents a concise statement designed to be user-friendly for all participants in Government acquisition. The following discussion of the principles is provided in order to illuminate the meaning of the terms and phrases used. The framework for the System includes the Guiding Principles for the System and the supporting policies and procedures in the FAR.

(b) *Vision.* All participants in the System are responsible for making acquisition decisions that deliver the best value product or service to the customer. Best value must be viewed from a broad perspective and is achieved by balancing the many competing interests in the System. The result is a system which works better and costs less.

1.102-2 Performance standards.

(a) Satisfy the customer in terms of cost, quality, and timeliness of the delivered product or service. (1) The principal customers for the product or service provided by the System are the users and line managers, acting on behalf of the American taxpayer.

(2) The System must be responsive and adaptive to customer needs, concerns, and feedback. Implementation of acquisition policies and procedures, as well as consideration of timeliness, quality, and cost throughout the process, must take into account the perspective of the user of the product or service.

(3) When selecting contractors to provide products or perform services, the Government will use contractors who have a track record of successful past performance or who demonstrate a current superior ability to perform.

(4) The Government must not hesitate to communicate with industry as early as possible in the acquisition cycle to help the Government determine the capabilities available in the marketplace. Government acquisition personnel are permitted and encouraged to engage in responsible and constructive exchanges with industry (e.g., see [10.002](#) and [15.201](#)), so long as those exchanges are consistent with existing laws and regulations, and do not promote an unfair competitive advantage to particular firms.

(5) The Government will maximize its use of commercial products and commercial services in meeting Government requirements.

(6) It is the policy of the System to promote competition in the acquisition process.

(7) The System must perform in a timely, high quality, and cost-effective manner.

(8) All members of the Team are required to employ planning as an integral part of the overall process of acquiring products or services. Although advance planning is required, each member of the Team must be flexible in order to accommodate changing or unforeseen mission needs. Planning is a tool for the accomplishment of tasks, and application of its discipline should be commensurate with the size and nature of a given task.

(b) Minimize administrative operating costs. (1) In order to ensure that maximum efficiency is obtained, rules, regulations, and policies should be promulgated only when their benefits clearly exceed the costs of their development, implementation, administration, and enforcement. This applies to internal administrative processes, including reviews, and to rules and procedures applied to the contractor community.

(2) The System must provide uniformity where it contributes to efficiency or where fairness or predictability is essential. The System should also, however, encourage innovation, and local adaptation where uniformity is not essential.

(c) Conduct business with integrity, fairness, and openness. (1) An essential consideration in every aspect of the System is maintaining the public's trust. Not only must the System have integrity, but the actions of each member of the Team must reflect integrity, fairness, and openness. The foundation of integrity within the System is a competent, experienced, and well-trained, professional workforce. Accordingly, each member of the Team is responsible and accountable for the wise use of public resources as well as acting in a manner which maintains the public's trust. Fairness and openness require open communication among team members, internal and external customers, and the public.

(2) To achieve efficient operations, the System must shift its focus from "risk avoidance" to one of "risk management." The cost to the taxpayer of attempting to eliminate all risk is prohibitive. The Executive Branch will accept and manage the risk associated with empowering local procurement officials to take independent action based on their professional judgment.

(3) The Government shall exercise discretion, use sound business judgment, and comply with applicable laws and regulations in dealing with contractors and prospective contractors. All contractors and prospective contractors shall be treated fairly and impartially but need not be treated the same.

(d) *Fulfill public policy objectives.* The System must support the attainment of public policy goals adopted by the Congress and the President. In attaining these goals, and in its overall operations, the process shall ensure the efficient use of public resources.

1.102-3 Evaluating agency acquisition processes.

(a) Agencies are encouraged to develop internal procedures seeking voluntary feedback from interested parties in an acquisition to assess process strengths and weaknesses and improve effectiveness and efficiency of the acquisition process. Agencies may—

(1) Utilize a variety of feedback mechanisms available to the public (e.g., surveys, in-person, and/or group exchanges);

(2) Utilize the core preaward and debriefing survey questions at <https://www.acquisition.gov/360>; and

(3) Seek additional feedback on targeted aspects of an acquisition throughout its lifecycle (e.g., performance standards at [1.102-2](#) or postaward contract administration responsibilities at [42.302](#)).

(b) Contracting officers are encouraged to insert the provision [52.201-1](#), Acquisition 360: Voluntary Survey, in accordance with agency procedures.

(c) Contracting officers shall not review information until after contract award and shall not consider it in the award decision.

1.102-4 Acquisition Team.

The purpose of defining the Federal Acquisition Team (Team) in the Guiding Principles is to ensure that participants in the System are identified beginning with the customer and ending with the contractor of the product or service. By identifying

the team members in this manner, teamwork, unity of purpose, and open communication among the members of the Team in sharing the vision and achieving the goal of the System are encouraged. Individual team members will participate in the acquisition process at the appropriate time.

1.102-5 Role of the Acquisition Team.

(a) Government members of the Team must be empowered to make acquisition decisions within their areas of responsibility, including selection, negotiation, and administration of contracts consistent with the Guiding Principles. In particular, the contracting officer must have the authority to the maximum extent practicable and consistent with law, to determine the application of rules, regulations, and policies, on a specific contract.

(b) The authority to make decisions and the accountability for the decisions made will be delegated to the lowest level within the System, consistent with law.

(c) The Team must be prepared to perform the functions and duties assigned. The Government is committed to provide training, professional development, and other resources necessary for maintaining and improving the knowledge, skills, and abilities for all Government participants on the Team, both with regard to their particular area of responsibility within the System, and their respective role as a team member. The contractor community is encouraged to do likewise.

(d) The System will foster cooperative relationships between the Government and its contractors consistent with its overriding responsibility to the taxpayers.

(e) The FAR outlines procurement policies and procedures that are used by members of the Acquisition Team. If a policy or procedure, or a particular strategy or practice, is in the best interest of the Government and is not specifically addressed in the FAR, nor prohibited by law (statute or case law), Executive order or other regulation, Government members of the Team should not assume it is prohibited. Rather, absence of direction should be interpreted as permitting the Team to innovate and use sound business judgment that is otherwise consistent with law and within the limits of their authority. Contracting officers should take the lead in encouraging business process innovations and ensuring that business decisions are sound.

1.103 Authority.

(a) The development of the FAR System is in accordance with the requirements of [41 U.S.C. chapter 13](#), Acquisition Councils.

(b) The FAR is prepared, issued, and maintained, and the FAR System is prescribed jointly by the Secretary of Defense, the Administrator of General Services, and the Administrator, National Aeronautics and Space Administration, under their several statutory authorities.

1.104 Applicability.

The FAR applies to all acquisitions as defined in [part 2](#) of the FAR, except where expressly excluded.

1.105 Issuance.

1.105-1 Publication and code arrangement.

(a) The FAR is published in—

- (1) The daily issue of the *Federal Register*;
- (2) Cumulated form in the *Code of Federal Regulations* (CFR); and
- (3) A separate edition available at <https://www.acquisition.gov/browse/index/far>.

(b) The FAR is issued as Chapter 1 of Title 48, CFR. Subsequent chapters are reserved for agency acquisition regulations that implement or supplement the FAR (see [subpart 1.3](#)). The CFR Staff will assign chapter numbers to requesting agencies.

(c) Each numbered unit or segment (*e.g.*, part, subpart, section, etc.) of an agency acquisition regulation that is codified in the CFR shall begin with the chapter number. However, the chapter number assigned to the FAR will not be included in the numbered units or segments of the FAR.

1.105-2 Arrangement of regulations.

(a) *General.* The FAR is divided into subchapters, parts (each of which covers a separate aspect of acquisition), subparts, sections, and subsections.

(b) Numbering. (1) The numbering system permits the discrete identification of every FAR paragraph. The digits to the left of the decimal point represent the part number. The numbers to the right of the decimal point and to the left of the dash represent, in order, the subpart (one or two digits), and the section (two digits). The number to the right of the dash represents

the subsection. Subdivisions may be used at the section and subsection level to identify individual paragraphs. The following example illustrates the make-up of a FAR number citation (note that subchapters are not used with citations):

(2) Subdivisions below the section or subsection level consist of parenthetical alpha numerics using the following sequence:

(a)(1)(i)(A)(I)(i)

(c) References and citations. (1) Unless otherwise stated, cross-references indicate parts, subparts, sections, subsections, paragraphs, subparagraphs, or subdivisions of this regulation.

(2) This regulation may be referred to as the Federal Acquisition Regulation or the FAR.

(3) Using the FAR coverage at [9.106-4\(d\)](#) as a typical illustration, reference to the—

(i) Part would be "FAR [part 9](#)" outside the FAR and "part 9" within the FAR.

(ii) Subpart would be "FAR subpart [9.1](#)" outside the FAR and "subpart [9.1](#)" within the FAR.

(iii) Section would be "FAR [9.106](#)" outside the FAR and "9.106" within the FAR.

(iv) Subsection would be "FAR [9.106-4](#)" outside the FAR and "9.106-4" within the FAR.

(v) Paragraph would be "FAR [9.106-4\(d\)](#)" outside the FAR and "9.106-4(d)" within the FAR.

(4) Citations of authority (e.g., statutes or Executive orders) in the FAR shall follow the *Federal Register* form guides.

1.105-3 Copies.

Copies of the FAR in CFR form may be purchased from the Bookstore of the Government Publishing Office (GPO), Washington, DC 20402.

1.106 OMB approval under the Paperwork Reduction Act.

The Paperwork Reduction Act of 1980 ([44 U.S.C. chapter 35](#)) imposes a requirement on Federal agencies to obtain approval from the Office of Management and Budget (OMB) before collecting information from 10 or more members of the public. The information collection and recordkeeping requirements contained in this regulation have been approved by the OMB. The following OMB control numbers apply:

FAR segment	OMB Control Number	FAR segment	OMB Control Number
14.205	9000-0037	Subpart 49.6 - Contract	9000-0012
15.201(c)	9000-0037	Termination Forms and	
15.305(a)(2)(ii)	9000-0142	Formats	
15.407-2(e)	9000-0048	50.103-3	9000-0029
19.301	9000-0163	50.103-4	9000-0029
22.8	1250-0003	50.104-3	9000-0029

1.107 Certifications.

In accordance with [41 U.S.C. 1304](#), a new requirement for a certification by a contractor or offeror may not be included in this chapter unless-

- (a) The certification requirement is specifically imposed by statute; or
- (b) Written justification for such certification is provided to the Administrator for Federal Procurement Policy by the Federal Acquisition Regulatory Council, and the Administrator approves in writing the inclusion of such certification requirement.

1.108 FAR conventions.

The following conventions provide guidance for interpreting the FAR:

(a) *Words and terms.* Definitions in [part 2](#) apply to the entire regulation unless specifically defined in another part, subpart, section, provision, or clause. Words or terms defined in a specific part, subpart, section, provision, or clause have that meaning when used in that part, subpart, section, provision, or clause. Undefined words retain their common dictionary meaning.

(b) *Delegation of authority.* Each authority is delegable unless specifically stated otherwise (see [1.102-5\(b\)](#)).

(c) *Dollar thresholds.* Unless otherwise specified, a specific dollar threshold for the purpose of applicability is the final anticipated dollar value of the action, including the dollar value of all options. If the action establishes a maximum quantity of supplies or services to be acquired or establishes a ceiling price or establishes the final price to be based on future events, the final anticipated dollar value must be the highest final priced alternative to the Government, including the dollar value of all options.

(d) *Application of FAR changes to solicitations and contracts.* Unless otherwise specified-

- (1) FAR changes apply to solicitations issued on or after the effective date of the change;
- (2) Contracting officers may, at their discretion, include the FAR changes in solicitations issued before the effective date, provided award of the resulting contract(s) occurs on or after the effective date; and
- (3) Contracting officers may, at their discretion, include the changes in any existing contract with appropriate consideration.

(e) *Citations.* When the FAR cites a statute, Executive order, Office of Management and Budget circular, Office of Federal Procurement Policy policy letter, or relevant portion of the *Code of Federal Regulations*, the citation includes all applicable amendments, unless otherwise stated.

(f) *Imperative sentences.* When an imperative sentence directs action, the contracting officer is responsible for the action, unless another party is expressly cited.

1.109 Statutory acquisition-related dollar thresholds-adjustment for inflation.

(a) [41 U.S.C. 1908](#) requires that the FAR Council periodically adjust all statutory acquisition-related dollar thresholds in the FAR for inflation, except as provided in paragraph (c) of this section. This adjustment is calculated every 5 years, starting in October 2005, using the Consumer Price Index for All Urban Consumers (CPI-U), and supersedes the applicability of any other provision of law that provides for the adjustment of such acquisition-related dollar thresholds.

(b) The statute defines an acquisition-related dollar threshold as a dollar threshold that is specified in law as a factor in defining the scope of the applicability of a policy, procedure, requirement, or restriction provided in that law to the procurement of supplies or services by an executive agency, as determined by the FAR Council.

(c) The statute does not permit escalation of acquisition-related dollar thresholds established by:

(1) [40 U.S.C. chapter 31](#)—

(i) Subchapter III, Bonds; and

(ii) Subchapter IV, Wage Rate Requirements (Construction);

(2) [41 U.S.C. chapter 67](#), Service Contract Labor Standards; or

(3) The United States Trade Representative pursuant to the authority of the Trade Agreements Act of 1979 ([19 U.S.C. 2511](#) et seq.).

(d) The statute, as amended by section 821 of the National Defense Authorization Act for Fiscal Year 2018 (Pub. L. 115-91), requires the adjustment described in paragraph (a) of this section be applied to contracts and subcontracts without regard to the date of award of the contract or subcontract. Therefore, if a threshold is adjusted for inflation as set forth in paragraph (a) of this section, then the changed threshold applies throughout the remaining term of the contract, unless there is a subsequent threshold adjustment.

(e) A matrix showing calculation of the most recent escalation adjustments of statutory acquisition-related dollar thresholds is available via the Internet at <http://www.regulations.gov> (search FAR Case 2019-013, open the docket folder, and go to the supporting documents file).

1.110 Positive law codification.

(a) Public Law 107-217 revised, codified, and enacted as title 40, United States Code, Public Buildings, Property, and Works, certain general and permanent laws of the United States.

(b) Public Law 111-350 revised, codified, and enacted as title 41, United States Code, Public Contracts, certain general and permanent laws of the United States.

(c) The following table provides cross references between the historical titles of the acts, and the current reference in title 40 or title 41.

Table 1 to Paragraph (c)

Historical Title of Act	Division/ Chapter/ Subchapter	Title

Subpart 1.2 - Administration

1.201 Maintenance of the FAR.

1.201-1 The two councils.

(a) Subject to the authorities discussed in [1.103](#), revisions to the FAR will be prepared and issued through the coordinated action of two councils, the Defense Acquisition Regulations Council (DAR Council) and the Civilian Agency Acquisition Council (CAA Council). Members of these councils shall-

- (1) Represent their agencies on a full-time basis;
- (2) Be selected for their superior qualifications in terms of acquisition experience and demonstrated professional expertise; and
- (3) Be funded by their respective agencies.

(b) The chairperson of the CAA Council shall be the representative of the Administrator of General Services. The other members of this council shall be one each representative from the-

- (1) Departments of Agriculture, Commerce, Education, Energy, Health and Human Services, Homeland Security, Housing and Urban Development, Interior, Justice, Labor, State, Transportation, Treasury, and Veterans Affairs; and
- (2) Environmental Protection Agency, National Aeronautics and Space Administration, Social Security Administration, Small Business Administration, and U.S. Agency for International Development.

(c) The Director of the DAR Council shall be the representative of the Secretary of Defense. The operation of the DAR Council will be as prescribed by the Secretary of Defense. Membership shall include representatives of the military departments, the Defense Logistics Agency, and the Defense Contract Management Agency.

(d) Responsibility for processing revisions to the FAR is apportioned by the two councils so that each council has cognizance over specified parts or subparts.

(e) Each council shall be responsible for-

- (1) Agreeing on all revisions with the other council;
- (2) Submitting to the FAR Secretariat (see [1.201-2](#)) the information required under paragraphs [1.501-2](#)(b) and (e) for publication in the *Federal Register* of a notice soliciting comments on a proposed revision to the FAR;
- (3) Considering all comments received in response to notice of proposed revisions;
- (4) Arranging for public meetings;
- (5) Preparing any final revision in the appropriate FAR format and language; and
- (6) Submitting any final revision to the FAR Secretariat for publication in the *Federal Register*.

1.201-2 FAR Secretariat.

(a) The General Services Administration is responsible for establishing and operating the FAR Secretariat to publish and distribute the FAR through the *Code of Federal Regulations* system (including a separate online edition with periodic updates).

(b) Additionally, the FAR Secretariat shall provide the two councils with centralized services for-

- (1) Keeping a synopsis of current FAR cases and their status;
- (2) Maintaining official files;
- (3) Assisting parties interested in reviewing the files on completed cases; and
- (4) Performing miscellaneous administrative tasks pertaining to the maintenance of the FAR.

1.202 Agency compliance with the FAR.

Agency compliance with the FAR (see [1.304](#)) is the responsibility of the Secretary of Defense (for the military departments and defense agencies), the Administrator of General Services (for civilian agencies other than NASA), and the Administrator of NASA (for NASA activities).

This page intentionally left blank.

Subpart 1.3 - Agency Acquisition Regulations

1.301 Policy.

(a) (1) Subject to the authorities in paragraph (c) of this section and other statutory authority, an agency head may issue or authorize the issuance of agency acquisition regulations that implement or supplement the FAR and incorporate, together with the FAR, agency policies, procedures, contract clauses, solicitation provisions, and forms that govern the contracting process or otherwise control the relationship between the agency, including any of its suborganizations, and contractors or prospective contractors.

(2) Subject to the authorities in paragraph (c) of this section and other statutory authority, an agency head may issue or authorize the issuance of internal agency guidance at any organizational level (*e.g.*, designations and delegations of authority, assignments of responsibilities, work-flow procedures, and internal reporting requirements).

(b) *Agency heads shall establish procedures to ensure that agency acquisition regulations are published for comment in the Federal Register* in conformance with the procedures in [subpart 1.5](#) and as required by 41 U.S.C. 1707, and other applicable statutes, when they have a significant effect beyond the internal operating procedures of the agency or have a significant cost or administrative impact on contractors or offerors. However, publication is not required for issuances that merely implement or supplement higher level issuances that have previously undergone the public comment process, unless such implementation or supplementation results in an additional significant cost or administrative impact on contractors or offerors or effect beyond the internal operating procedures of the issuing organization. Issuances under [1.301\(a\)\(2\)](#) need not be publicized for public comment.

(c) When adopting acquisition regulations, agencies shall ensure that they comply with the Paperwork Reduction Act ([44 U.S.C. 3501, et seq.](#)) as implemented in 5 CFR 1320 (see [1.106](#)) and the Regulatory Flexibility Act ([5 U.S.C. 601, et seq.](#)). Normally, when a law requires publication of a proposed regulation, the Regulatory Flexibility Act applies and agencies must prepare written analyses, or certifications as provided in the law.

(d) Agency acquisition regulations implementing or supplementing the FAR are, for-

- (1) The military departments and defense agencies, issued subject to the authority of the Secretary of Defense;
- (2) NASA activities, issued subject to the authorities of the Administrator of NASA; and
- (3) The civilian agencies other than NASA, issued by the heads of those agencies subject to the overall authority of the Administrator of General Services or independent authority the agency may have.

1.302 Limitations.

Agency acquisition regulations shall be limited to-

- (a) Those necessary to implement FAR policies and procedures within the agency; and
- (b) Additional policies, procedures, solicitation provisions, or contract clauses that supplement the FAR to satisfy the specific needs of the agency.

1.303 Publication and codification.

(a) Agency-wide acquisition regulations shall be published in the *Federal Register* as required by law, shall be codified under an assigned chapter in Title 48, *Code of Federal Regulations*, and shall parallel the FAR in format, arrangement, and numbering system (but see [1.105-1\(c\)](#)). Coverage in an agency acquisition regulation that implements a specific part, subpart, section, or subsection of the FAR shall be numbered and titled to correspond to the appropriate FAR number and title. Supplementary material for which there is no counterpart in the FAR shall be codified using chapter, part, subpart, section, or subsection numbers of 70 and up (*e.g.*, for the Department of Interior, whose assigned chapter number in Title 48 is 14, Part 1470, Subpart 1401.70, section 1401.370, or subsection 1401.301-70).

(b) Issuances under [1.301\(a\)\(2\)](#) need not be published in the *Federal Register*.

1.304 Agency control and compliance procedures.

(a) Under the authorities of [1.301\(d\)](#), agencies shall control and limit issuance of agency acquisition regulations and, in particular, local agency directives that restrain the flexibilities found in the FAR, and shall establish formal procedures for the review of these documents to assure compliance with this [part 1](#).

(b) Agency acquisition regulations shall not-

- (1) Unnecessarily repeat, paraphrase, or otherwise restate material contained in the FAR or higher-level agency acquisition regulations; or
- (2) Except as required by law or as provided in [subpart 1.4](#), conflict or be inconsistent with FAR content.

(c) Agencies shall evaluate all regulatory coverage in agency acquisition regulations to determine if it could apply to other agencies. Coverage that is not peculiar to one agency shall be recommended for inclusion in the FAR.

Subpart 1.4 - Deviations from the FAR

1.400 Scope of subpart.

This subpart prescribes the policies and procedures for authorizing deviations from the FAR. Exceptions pertaining to the use of forms prescribed by the FAR are covered in [part 53](#) rather than in this subpart.

1.401 Definition.

Deviation means any one or combination of the following:

- (a) The issuance or use of a policy, procedure, solicitation provision (see definition in [2.101](#)), contract clause (see definition in [2.101](#)), method, or practice of conducting acquisition actions of any kind at any stage of the acquisition process that is inconsistent with the FAR.
- (b) The omission of any solicitation provision or contract clause when its prescription requires its use.
- (c) The use of any solicitation provision or contract clause with modified or alternate language that is not authorized by the FAR (see definition of "modification" in [52.101\(a\)](#) and definition of "alternate" in [2.101](#)).
- (d) The use of a solicitation provision or contract clause prescribed by the FAR on a "substantially as follows" or "substantially the same as" basis (see definitions in [2.101](#) and [52.101\(a\)](#)), if such use is inconsistent with the intent, principle, or substance of the prescription or related coverage on the subject matter in the FAR.
- (e) The authorization of lesser or greater limitations on the use of any solicitation provision, contract clause, policy, or procedure prescribed by the FAR.
- (f) The issuance of policies or procedures that govern the contracting process or otherwise control contracting relationships that are not incorporated into agency acquisition regulations in accordance with [1.301\(a\)](#).

1.402 Policy.

Unless precluded by law, executive order, or regulation, deviations from the FAR may be granted as specified in this subpart when necessary to meet the specific needs and requirements of each agency. The development and testing of new techniques and methods of acquisition should not be stifled simply because such action would require a FAR deviation. The fact that deviation authority is required should not, of itself, deter agencies in their development and testing of new techniques and acquisition methods. Refer to [31.101](#) for instructions concerning deviations pertaining to the subject matter of [part 31](#), Contract Cost Principles and Procedures. Deviations are not authorized with respect to [30.201-3](#) and [30.201-4](#), or the requirements of the Cost Accounting Standards Board (CASB) rules and regulations ([48 CFR chapter 99](#)). Refer to [30.201-5](#) for instructions concerning waivers pertaining to Cost Accounting Standards.

1.403 Individual deviations.

Individual deviations affect only one contract action, and, unless [1.405\(e\)](#) is applicable, may be authorized by the agency head. The contracting officer must document the justification and agency approval in the contract file.

1.404 Class deviations.

Class deviations affect more than one contract action. When an agency knows that it will require a class deviation on a permanent basis, it should propose a FAR revision, if appropriate. Civilian agencies, other than NASA, must furnish a copy of each approved class deviation to the FAR Secretariat.

(a) For civilian agencies except NASA, class deviations may be authorized by agency heads or their designees, unless [1.405\(e\)](#) is applicable. Delegation of this authority shall not be made below the head of a contracting activity. Authorization of class deviations by agency officials is subject to the following limitations:

(1) An agency official who may authorize a class deviation, before doing so, shall consult with the chairperson of the Civilian Agency Acquisition Council (CAA Council), unless that agency official determines that urgency precludes such consultation.

(2) Recommended revisions to the FAR shall be transmitted to the FAR Secretariat by agency heads or their designees for authorizing class deviations.

(b) For DoD, class deviations shall be controlled, processed, and approved in accordance with the Defense FAR Supplement.

(c) For NASA, class deviations shall be controlled and approved by the Assistant Administrator for Procurement. Deviations shall be processed in accordance with agency regulations.

1.405 Deviations pertaining to treaties and executive agreements.

(a) "Executive agreements," as used in this section, means Government-to-Government agreements, including agreements with international organizations, to which the United States is a party.

(b) Any deviation from the FAR required to comply with a treaty to which the United States is a party is authorized, unless the deviation would be inconsistent with FAR coverage based on a law enacted after the execution of the treaty.

(c) Any deviation from the FAR required to comply with an executive agreement is authorized unless the deviation would be inconsistent with FAR coverage based on law.

(d) For civilian agencies other than NASA, a copy of the text deviation authorized under paragraph (b) or (c) of this section shall be transmitted to the FAR Secretariat through a central agency control point.

(e) For civilian agencies other than NASA, if a deviation required to comply with a treaty or an executive agreement is not authorized by paragraph (b) or (c) of this section, then the request for deviation shall be processed through the FAR Secretariat to the Civilian Agency Acquisition Council.

Subpart 1.5 - Agency and Public Participation

1.501 Solicitation of agency and public views.

1.501-1 Definition.

Significant revisions, as used in this subpart, means revisions that alter the substantive meaning of any coverage in the FAR System and which have a significant cost or administrative impact on contractors or offerors, or significant effect beyond the internal operating procedures of the issuing agency. This expression, for example, does not include editorial, stylistic, or other revisions that have no impact on the basic meaning of the coverage being revised.

1.501-2 Opportunity for public comments.

(a) Views of agencies and nongovernmental parties or organizations will be considered in formulating acquisition policies and procedures.

(b) The opportunity to submit written comments on proposed significant revisions shall be provided by placing a notice in the *Federal Register*. Each of these notices shall include-

- (1) The text of the revision or, if it is impracticable to publish the full text, a summary of the proposal;
 - (2) The address and telephone number of the individual from whom copies of the revision, in full text, can be requested and to whom comments thereon should be addressed; and
 - (3) When [1.501-3\(b\)](#) is applicable, a statement that the revision is effective on a temporary basis pending completion of the public comment period.
- (c) A minimum of 30 days and, normally, at least 60 days will be given for the receipt of comments.

1.501-3 Exceptions.

(a) Comments need not be solicited when the proposed coverage does not constitute a significant revision.

(b) Advance comments need not be solicited when urgent and compelling circumstances make solicitation of comments impracticable prior to the effective date of the coverage, such as when a new statute must be implemented in a relatively short period of time. In such case, the coverage shall be issued on a temporary basis and shall provide for at least a 30 day public comment period.

1.502 Unsolicited proposed revisions.

Consideration shall also be given to unsolicited recommendations for revisions that have been submitted in writing with sufficient data and rationale to permit their evaluation.

1.503 Public meetings.

Public meetings may be appropriate when a decision to adopt, amend, or delete FAR coverage is likely to benefit from significant additional views and discussion.

This page intentionally left blank.

Subpart 1.6 - Career Development, Contracting Authority, and Responsibilities

1.601 General.

(a) Unless specifically prohibited by another provision of law, authority and responsibility to contract for authorized supplies and services are vested in the agency head. The agency head may establish contracting activities and delegate broad authority to manage the agency's contracting functions to heads of such contracting activities. Contracts may be entered into and signed on behalf of the Government only by contracting officers. In some agencies, a relatively small number of high level officials are designated contracting officers solely by virtue of their positions. Contracting officers below the level of a head of a contracting activity shall be selected and appointed under [1.603](#).

(b) Agency heads may mutually agree to-

- (1) Assign contracting functions and responsibilities from one agency to another; and
- (2) Create joint or combined offices to exercise acquisition functions and responsibilities.

1.602 Contracting officers.

1.602-1 Authority.

(a) Contracting officers have authority to enter into, administer, or terminate contracts and make related determinations and findings. Contracting officers may bind the Government only to the extent of the authority delegated to them. Contracting officers shall receive from the appointing authority (see [1.603-1](#)) clear instructions in writing regarding the limits of their authority. Information on the limits of the contracting officers' authority shall be readily available to the public and agency personnel.

(b) No contract shall be entered into unless the contracting officer ensures that all requirements of law, executive orders, regulations, and all other applicable procedures, including clearances and approvals, have been met.

1.602-2 Responsibilities.

Contracting officers are responsible for ensuring performance of all necessary actions for effective contracting, ensuring compliance with the terms of the contract, and safeguarding the interests of the United States in its contractual relationships. In order to perform these responsibilities, contracting officers should be allowed wide latitude to exercise business judgment. Contracting officers shall-

- (a) Ensure that the requirements of [1.602-1\(b\)](#) have been met, and that sufficient funds are available for obligation;
- (b) Ensure that contractors receive impartial, fair, and equitable treatment;
- (c) Request and consider the advice of specialists in audit, law, engineering, information security, transportation, and other fields, as appropriate; and
- (d) Designate and authorize, in writing and in accordance with agency procedures, a contracting officer's representative (COR) on all contracts and orders other than those that are firm-fixed price, and for firm-fixed-price contracts and orders as appropriate, unless the contracting officer retains and executes the COR duties. See [7.104\(e\)](#). ×COR-
 - (1) Shall be a Government employee, unless otherwise authorized in agency regulations;
 - (2) Shall be certified and maintain certification in accordance with the current Office of Management and Budget memorandum on the Federal Acquisition Certification for Contracting Officer Representatives (FAC-COR) guidance, or for DoD, in accordance with the current applicable DoD policy guidance;
 - (3) Shall be qualified by training and experience commensurate with the responsibilities to be delegated in accordance with agency procedures;
 - (4) May not be delegated responsibility to perform functions that have been delegated under [42.202](#) to a contract administration office, but may be assigned some duties at [42.302](#) by the contracting officer;
 - (5) Has no authority to make any commitments or changes that affect price, quality, quantity, delivery, or other terms and conditions of the contract nor in any way direct the contractor or its subcontractors to operate in conflict with the contract terms and conditions;
 - (6) Shall be nominated either by the requiring activity or in accordance with agency procedures; and
 - (7) Shall be designated in writing, with copies furnished to the contractor and the contract administration office-
 - (i) Specifying the extent of the COR's authority to act on behalf of the contracting officer;
 - (ii) Identifying the limitations on the COR's authority;
 - (iii) Specifying the period covered by the designation;
 - (iv) Stating the authority is not redelegable; and

- (v) Stating that the COR may be personally liable for unauthorized acts.

1.602-3 Ratification of unauthorized commitments.

(a) *Definitions.*

Ratification, as used in this subsection, means the act of approving an unauthorized commitment by an official who has the authority to do so.

Unauthorized commitment, as used in this subsection, means an agreement that is not binding solely because the Government representative who made it lacked the authority to enter into that agreement on behalf of the Government.

(b) Policy. (1) Agencies should take positive action to preclude, to the maximum extent possible, the need for ratification actions. Although procedures are provided in this section for use in those cases where the ratification of an unauthorized commitment is necessary, these procedures may not be used in a manner that encourages such commitments being made by Government personnel.

(2) Subject to the limitations in paragraph (c) of this subsection, the head of the contracting activity, unless a higher level official is designated by the agency, may ratify an unauthorized commitment.

(3) The ratification authority in paragraph (b)(2) of this subsection may be delegated in accordance with agency procedures, but in no case shall the authority be delegated below the level of chief of the contracting office.

(4) Agencies should process unauthorized commitments using the ratification authority of this subsection instead of referring such actions to the Government Accountability Office for resolution. (See [1.602-3\(d\)](#).)

(5) Unauthorized commitments that would involve claims subject to resolution under [41 U.S.C. chapter 71](#), Contract Disputes, should be processed in accordance with [subpart 33.2](#), Disputes and Appeals.

(c) *Limitations.* The authority in paragraph (b)(2) of this subsection may be exercised only when-

(1) Supplies or services have been provided to and accepted by the Government, or the Government otherwise has obtained or will obtain a benefit resulting from performance of the unauthorized commitment;

(2) The ratifying official has the authority to enter into a contractual commitment;

(3) The resulting contract would otherwise have been proper if made by an appropriate contracting officer;

(4) The contracting officer reviewing the unauthorized commitment determines the price to be fair and reasonable;

(5) The contracting officer recommends payment and legal counsel concurs in the recommendation, unless agency procedures expressly do not require such concurrence;

(6) Funds are available and were available at the time the unauthorized commitment was made; and

(7) The ratification is in accordance with any other limitations prescribed under agency procedures.

(d) *Nonratifiable commitments.* Cases that are not ratifiable under this subsection may be subject to resolution as recommended by the Government Accountability Office under its claim procedure (GAO Policy and Procedures Manual for Guidance of Federal Agencies, Title 4, Chapter 2), or as authorized by FAR [subpart 50.1](#). Legal advice should be obtained in these cases.

1.603 Selection, appointment, and termination of appointment for contracting officers.

1.603-1 General.

[41 U.S.C. 1702\(b\)\(3\)\(G\)](#) requires agency heads to establish and maintain a procurement career management program and a system for the selection, appointment, and termination of appointment of contracting officers. Agency heads or their designees may select and appoint contracting officers and terminate their appointments. These selections and appointments shall be consistent with Office of Federal Procurement Policy's (OFPP) standards for skill-based training in performing contracting and purchasing duties as published in OFPP Policy Letter No. 05-01, Developing and Managing the Acquisition Workforce, April 15, 2005.

1.603-2 Selection.

In selecting contracting officers, the appointing official shall consider the complexity and dollar value of the acquisitions to be assigned and the candidate's experience, training, education, business acumen, judgment, character, and reputation. Examples of selection criteria include-

(a) Experience in Government contracting and administration, commercial purchasing, or related fields;

(b) Education or special training in business administration, law, accounting, engineering, or related fields;

(c) Knowledge of acquisition policies and procedures, including this and other applicable regulations;

(d) Specialized knowledge in the particular assigned field of contracting; and

- (e) Satisfactory completion of acquisition training courses.

1.603-3 Appointment.

(a) Contracting officers shall be appointed in writing on an [SF 1402](#), Certificate of Appointment, which shall state any limitations on the scope of authority to be exercised, other than limitations contained in applicable law or regulation. Appointing officials shall maintain files containing copies of all appointments that have not been terminated.

(b) Agency heads are encouraged to delegate micro-purchase authority to individuals who are employees of an executive agency or members of the Armed Forces of the United States who will be using the supplies or services being purchased. Individuals delegated this authority are not required to be appointed on an [SF 1402](#), but shall be appointed in writing in accordance with agency procedures.

1.603-4 Termination.

Termination of a contracting officer appointment will be by letter, unless the Certificate of Appointment contains other provisions for automatic termination. Terminations may be for reasons such as reassignment, termination of employment, or unsatisfactory performance. No termination shall operate retroactively.

1.604 Contracting Officer's Representative (COR).

A contracting officer's representative (COR) assists in the technical monitoring or administration of a contract (see [1.602-2\(d\)](#)). The COR shall maintain a file for each assigned contract. The file must include, at a minimum—

(a) A copy of the contracting officer's letter of designation and other documents describing the COR's duties and responsibilities;

(b) A copy of the contract administration functions delegated to a contract administration office which may not be delegated to the COR (see [1.602-2\(d\)\(4\)](#)); and

(c) Documentation of COR actions taken in accordance with the delegation of authority.

This page intentionally left blank.

Subpart 1.7 - Determinations and Findings

1.700 Scope of subpart.

This subpart prescribes general policies and procedures for the use of determinations and findings (D&F's). Requirements for specific types of D&F's can be found with the appropriate subject matter.

1.701 Definition.

Determination and Findings means a special form of written approval by an authorized official that is required by statute or regulation as a prerequisite to taking certain contract actions. The "determination" is a conclusion or decision supported by the "findings." The findings are statements of fact or rationale essential to support the determination and must cover each requirement of the statute or regulation.

1.702 General.

(a) A D&F shall ordinarily be for an individual contract action. Unless otherwise prohibited, class D&F's may be executed for classes of contract actions (see [1.703](#)). The approval granted by a D&F is restricted to the proposed contract action(s) reasonably described in that D&F. D&F's may provide for a reasonable degree of flexibility. Furthermore, in their application, reasonable variations in estimated quantities or prices are permitted, unless the D&F specifies otherwise.

(b) When an option is anticipated, the D&F shall state the approximate quantity to be awarded initially and the extent of the increase to be permitted by the option.

1.703 Class determinations and findings.

(a) A class D&F provides authority for a class of contract actions. A class may consist of contract actions for the same or related supplies or services or other contract actions that require essentially identical justification.

(b) The findings in a class D&F shall fully support the proposed action either for the class as a whole or for each action. A class D&F shall be for a specified period, with the expiration date stated in the document.

(c) The contracting officer shall ensure that individual actions taken pursuant to the authority of a class D&F are within the scope of the D&F.

1.704 Content.

Each D&F shall set forth enough facts and circumstances to clearly and convincingly justify the specific determination made. As a minimum, each D&F shall include, in the prescribed agency format, the following information:

(a) Identification of the agency and of the contracting activity and specific identification of the document as a "Determination and Findings."

(b) Nature and/or description of the action being approved.

(c) Citation of the appropriate statute and/or regulation upon which the D&F is based.

(d) Findings that detail the particular circumstances, facts, or reasoning essential to support the determination. Necessary supporting documentation shall be obtained from appropriate requirements and technical personnel.

(e) A determination, based on the findings, that the proposed action is justified under the applicable statute or regulation.

(f) Expiration date of the D&F, if required (see [1.706](#)).

(g) The signature of the official authorized to sign the D&F (see [1.707](#)) and the date signed.

1.705 Supersession and modification.

(a) If a D&F is superseded by another D&F, that action shall not render invalid any action taken under the original D&F prior to the date of its supersession.

(b) The contracting officer need not cancel the solicitation if the D&F, as modified, supports the contract action.

1.706 Expiration.

Expiration dates are required for class D&F's and are optional for individual D&F's. Authority to act under an individual D&F expires when it is exercised or on an expiration date specified in the document, whichever occurs first. Authority to act under a class D&F expires on the expiration date specified in the document. When a solicitation has been furnished to prospective offerors before the expiration date, the authority under the D&F will continue until award of the contract(s) resulting from the solicitation.

1.707 Signatory authority.

When a D&F is required, it shall be signed by the appropriate official in accordance with agency regulations. Authority to sign or delegate signature authority for the various D&F's is as shown in the applicable FAR part.

PART 2 - DEFINITIONS OF WORDS AND TERMS

<i>Sec.</i>			
2.000	Scope of part.		Subpart 2.2 - Definitions Clause
		2.201	Contract clause.
	Subpart 2.1 - Definitions		
2.101	Definitions.	I	

This page intentionally left blank.

2.000 Scope of part.**(a) This part-**

- (1) Defines words and terms that are frequently used in the FAR;
- (2) Provides cross-references to other definitions in the FAR of the same word or term; and
- (3) Provides for the incorporation of these definitions in solicitations and contracts by reference.

(b) Other parts, subparts, and sections of this regulation ([48 CFR chapter 1](#)) may define other words or terms and those definitions only apply to the part, subpart, or section where the word or term is defined.

Subpart 2.1 - Definitions

2.101 Definitions.

A word or a term, defined in this section, has the same meaning throughout this chapter (the Federal Acquisition Regulation (FAR)) unless the context in which the word or term is used clearly requires a different meaning or another FAR part, subpart, or section provides a different definition for the particular part or portion of the part. If a word or term that is defined in this section is defined differently in another part, subpart, or section of this chapter, the definition in this section includes a cross-reference to the other definitions and that part, subpart, or section applies to the word or term when used in that part, subpart, or section.

Acquisition means the acquiring by contract with appropriated funds of supplies or services (including construction) by and for the use of the Federal Government through purchase or lease, whether the supplies or services are already in existence or must be created, developed, demonstrated, and evaluated. Acquisition begins at the point when agency needs are established and includes the description of requirements to satisfy agency needs, solicitation and selection of sources, award of contracts, contract financing, contract performance, contract administration, and those technical and management functions directly related to the process of fulfilling agency needs by contract.

Acquisition planning means the process by which the efforts of all personnel responsible for an acquisition are coordinated and integrated through a comprehensive plan for fulfilling the agency need in a timely manner and at a reasonable cost. It includes developing the overall strategy for managing the acquisition.

Activity Address Code (AAC) means a distinct six-position code consisting of a combination of alpha and/or numeric characters assigned to identify specific agency offices, units, activities, or organizations by the General Services Administration for civilian agencies and by the Department of Defense for defense agencies.

Adequate evidence means information sufficient to support the reasonable belief that a particular act or omission has occurred.

Advisory and assistance services means those services provided under contract by nongovernmental sources to support or improve: organizational policy development; decision-making; management and administration; program and/or project management and administration; or R&D activities. It can also mean the furnishing of professional advice or assistance rendered to improve the effectiveness of Federal management processes or procedures (including those of an engineering and technical nature). In rendering the foregoing services, outputs may take the form of information, advice, opinions, alternatives, analyses, evaluations, recommendations, training and the day-to-day aid of support personnel needed for the successful performance of ongoing Federal operations. All advisory and assistance services are classified in one of the following definitional subdivisions:

(1) Management and professional support services, *i.e.*, contractual services that provide assistance, advice or training for the efficient and effective management and operation of organizations, activities (including management and support services for R&D activities), or systems. These services are normally closely related to the basic responsibilities and mission of the agency originating the requirement for the acquisition of services by contract. Included are efforts that support or contribute to improved organization of program management, logistics management, project monitoring and reporting, data collection, budgeting, accounting, performance auditing, and administrative technical support for conferences and training programs.

(2) Studies, analyses and evaluations, *i.e.*, contracted services that provide organized, analytical assessments/evaluations in support of policy development, decision-making, management, or administration. Included are studies in support of R&D activities. Also included are acquisitions of models, methodologies, and related software supporting studies, analyses or evaluations.

(3) Engineering and technical services, *i.e.*, contractual services used to support the program office during the acquisition cycle by providing such services as systems engineering and technical direction (see 9.505-1(b)) to ensure the effective operation and maintenance of a weapon system or major system as defined in OMB Circular No.A-109 or to

provide direct support of a weapon system that is essential to research, development, production, operation or maintenance of the system.

Affiliates means associated business concerns or individuals if, directly or indirectly either one controls or can control the other; or third party controls or can control both, except as follows:

(1) For use in subpart [9.4](#), see the definition at [9.403](#).

(2) For use of affiliates in size determinations, see the definition of "small business concern" in this section.

Agency head or "head of the agency" means the Secretary, Attorney General, Administrator, Governor, Chairperson, or other chief official of an executive agency, unless otherwise indicated, including any deputy or assistant chief official of an executive agency.

Alternate means a substantive variation of a basic provision or clause prescribed for use in a defined circumstance. It adds wording to, deletes wording from, or substitutes specified wording for a portion of the basic provision or clause. The alternate version of a provision or clause is the basic provision or clause as changed by the addition, deletion, or substitution (see [52.105\(a\)](#)).

Architect-engineer services, as defined in [40 U.S.C. 1102](#), means—

(1) Professional services of an architectural or engineering nature, as defined by State law, if applicable, that are required to be performed or approved by a person licensed, registered, or certified to provide those services;

(2) Professional services of an architectural or engineering nature performed by contract that are associated with research, planning, development, design, construction, alteration, or repair of real property; and

(3) Those other professional services of an architectural or engineering nature, or incidental services, that members of the architectural and engineering professions (and individuals in their employ) may logically or justifiably perform, including studies, investigations, surveying and mapping, tests, evaluations, consultations, comprehensive planning, program management, conceptual designs, plans and specifications, value engineering, construction phase services, soils engineering, drawing reviews, preparation of operating and maintenance manuals, and other related services.

Assignment of claims means the transfer or making over by the contractor to a bank, trust company, or other financing institution, as security for a loan to the contractor, of its right to be paid by the Government for contract performance.

Assisted acquisition means a type of interagency acquisition where a servicing agency performs acquisition activities on a requesting agency's behalf, such as awarding and administering a contract, task order, or delivery order.

Basic research means that research directed toward increasing knowledge in science. The primary aim of basic research is a fuller knowledge or understanding of the subject under study, rather than any practical application of that knowledge.

Best value means the expected outcome of an acquisition that, in the Government's estimation, provides the greatest overall benefit in response to the requirement.

Bid sample means a product sample required to be submitted by an offeror to show characteristics of the offered products that cannot adequately be described by specifications, purchase descriptions, or the solicitation (e.g., balance, facility of use, or pattern).

Biobased product means a product determined by the U.S. Department of Agriculture to be a commercial product or industrial product (other than food or feed) that is composed, in whole or in significant part, of biological products, including renewable domestic agricultural materials and forestry materials, or that is an intermediate ingredient or feedstock. The term includes, with respect to forestry materials, forest products that meet biobased content requirements, notwithstanding the market share the product holds, the age of the product, or whether the market for the product is new or emerging. ([7 U.S.C. 8101](#)) ([7 CFR 3201.2](#)).

Broad agency announcement means a general announcement of an agency's research interest including criteria for selecting proposals and soliciting the participation of all offerors capable of satisfying the Government's needs (see [6.102\(d\)](#) (2)).

Building or work means construction activity as distinguished from manufacturing, furnishing of materials, or servicing and maintenance work. The terms include, without limitation, buildings, structures, and improvements of all types, such as bridges, dams, plants, highways, parkways, streets, subways, tunnels, sewers, mains, power lines, pumping stations, heavy generators, railways, airports, terminals, docks, piers, wharves, ways, lighthouses, buoys, jetties, breakwaters, levees, canals, dredging, shoring, rehabilitation and reactivation of plants, scaffolding, drilling, blasting, excavating, clearing, and landscaping. The manufacture or furnishing of materials, articles, supplies, or equipment (whether or not a Federal or State agency acquires title to such materials, articles, supplies, or equipment during the course of the manufacture or furnishing, or owns the materials from which they are manufactured or furnished) is not "building" or "work" within the meaning of this definition unless conducted in connection with and at the site of such building or work as is described in the foregoing

sentence, or under the United States Housing Act of 1937 and the Housing Act of 1949 in the construction or development of the project.

Bundling—

(1) Means a subset of consolidation that combines two or more requirements for supplies or services, previously provided or performed under separate smaller contracts (see paragraph (2) of this definition), into a solicitation for a single contract, a multiple-award contract, or a task or delivery order that is likely to be unsuitable for award to a small business concern (even if it is suitable for award to a small business with a Small Business Teaming Arrangement) due to—

- (i) The diversity, size, or specialized nature of the elements of the performance specified;
- (ii) The aggregate dollar value of the anticipated award;
- (iii) The geographical dispersion of the contract performance sites; or
- (iv) Any combination of the factors described in paragraphs (1)(i), (ii), and (iii) of this definition.

(2) "Separate smaller contract" as used in this definition, means a contract that has been performed by one or more small business concerns or that was suitable for award to one or more small business concerns.

Business unit means any segment of an organization, or an entire business organization that is not divided into segments.

Certified cost or pricing data means "cost or pricing data" that were required to be submitted in accordance with FAR [15.403-4](#) and [15.403-5](#) and have been certified, or is required to be certified, in accordance with [15.406-2](#). This certification states that, to the best of the person's knowledge and belief, the cost or pricing data is accurate, complete, and current as of a date certain before contract award. Cost or pricing data is required to be certified in certain procurements ([10 U.S.C. chapter 271](#) and [41 U.S.C. chapter 35](#)).

Change-of-name agreement means a legal instrument executed by the contractor and the Government that recognizes the legal change of name of the contractor without disturbing the original contractual rights and obligations of the parties.

Change order means a written order, signed by the contracting officer, directing the contractor to make a change that the Changes clause authorizes the contracting officer to order without the contractor's consent.

Chief Acquisition Officer means an executive level acquisition official responsible for agency performance of acquisition activities and acquisition programs created pursuant to [41 U.S.C. 1702](#).

Chief of mission means the principal officer in charge of a diplomatic mission of the United States or of a United States office abroad which is designated by the Secretary of State as diplomatic in nature, including any individual assigned under section 502(c) of the Foreign Service Act of 1980 (Public Law 96-465) to be temporarily in charge of such a mission or office.

Claim means a written demand or written assertion by one of the contracting parties seeking, as a matter of right, the payment of money in a sum certain, the adjustment or interpretation of contract terms, or other relief arising under or relating to the contract. However, a written demand or written assertion by the contractor seeking the payment of money exceeding \$100,000 is not a claim under [41 U.S.C. chapter 71](#), Contract Disputes, until certified as required by the statute. A voucher, invoice, or other routine request for payment that is not in dispute when submitted is not a claim. The submission may be converted to a claim, by written notice to the contracting officer as provided in [33.206\(a\)](#), if it is disputed either as to liability or amount or is not acted upon in a reasonable time.

Classified acquisition means an acquisition in which offerors must have access to classified information to properly submit an offer or quotation, to understand the performance requirements, or to perform the contract.

Classified contract means any contract in which the contractor or its employees must have access to classified information during contract performance. A contract may be a classified contract even though the contract document itself is unclassified.

Classified information means any knowledge that can be communicated or any documentary material, regardless of its physical form or characteristics, that—

- (1) (i) Is owned by, is produced by or for, or is under the control of the United States Government; or
- (ii) Has been classified by the Department of Energy as privately generated restricted data following the procedures in 10 CFR 1045.21; and
- (2) Must be protected against unauthorized disclosure according to Executive Order 12958, Classified National Security Information, April 7, 1995, or classified in accordance with the Atomic Energy Act of 1954.

Cognizant Federal agency means the Federal agency that, on behalf of all Federal agencies, is responsible for establishing final indirect cost rates and forward pricing rates, if applicable, and administering cost accounting standards for all contracts in a business unit.

Combatant commander means the commander of a unified or specified combatant command established in accordance with [10 U.S.C. 161](#).

Commercial and Government Entity (CAGE) code means—

(1) An identifier assigned to entities located in the United States or its outlying areas by the Defense Logistics Agency (DLA) Commercial and Government Entity (CAGE) Branch to identify a commercial or government entity by unique location; or

(2) An identifier assigned by a member of the North Atlantic Treaty Organization (NATO) or by the NATO Support and Procurement Agency (NSPA) to entities located outside the United States and its outlying areas that the DLA Commercial and Government Entity (CAGE) Branch records and maintains in the CAGE master file. This type of code is known as a NATO CAGE (NCAGE) code.

Commercial component means any component that is a commercial product.

Commercial computer software means any computer software that is a commercial product or commercial service.

Commercial product means—

(1) A product, other than real property, that is of a type customarily used by the general public or by nongovernmental entities for purposes other than governmental purposes, and—

(i) Has been sold, leased, or licensed to the general public; or

(ii) Has been offered for sale, lease, or license to the general public;

(2) A product that evolved from a product described in paragraph (1) of this definition through advances in technology or performance and that is not yet available in the commercial marketplace, but will be available in the commercial marketplace in time to satisfy the delivery requirements under a Government solicitation;

(3) A product that would satisfy a criterion expressed in paragraph (1) or (2) of this definition, except for—

(i) Modifications of a type customarily available in the commercial marketplace; or

(ii) Minor modifications of a type not customarily available in the commercial marketplace made to meet Federal Government requirements. “Minor modifications” means modifications that do not significantly alter the nongovernmental function or essential physical characteristics of an item or component, or change the purpose of a process. Factors to be considered in determining whether a modification is minor include the value and size of the modification and the comparative value and size of the final product. Dollar values and percentages may be used as guideposts, but are not conclusive evidence that a modification is minor;

(4) Any combination of products meeting the requirements of paragraph (1), (2), or (3) of this definition that are of a type customarily combined and sold in combination to the general public;

(5) A product, or combination of products, referred to in paragraphs (1) through (4) of this definition, even though the product, or combination of products, is transferred between or among separate divisions, subsidiaries, or affiliates of a contractor; or

(6) A nondevelopmental item, if the procuring agency determines the product was developed exclusively at private expense and sold in substantial quantities, on a competitive basis, to multiple State and local governments or to multiple foreign governments.

Commercial service means—

(1) Installation services, maintenance services, repair services, training services, and other services if—

(i) Such services are procured for support of a commercial product as defined in this section, regardless of whether such services are provided by the same source or at the same time as the commercial product; and

(ii) The source of such services provides similar services contemporaneously to the general public under terms and conditions similar to those offered to the Federal Government;

(2) Services of a type offered and sold competitively in substantial quantities in the commercial marketplace based on established catalog or market prices for specific tasks performed or specific outcomes to be achieved and under standard commercial terms and conditions. For purposes of these services—

(i) *Catalog price* means a price included in a catalog, price list, schedule, or other form that is regularly maintained by the manufacturer or vendor, is either published or otherwise available for inspection by customers, and states prices at which sales are currently, or were last, made to a significant number of buyers constituting the general public; and

(ii) *Market prices* means current prices that are established in the course of ordinary trade between buyers and sellers free to bargain and that can be substantiated through competition or from sources independent of the offerors; or

(3) A service referred to in paragraph (1) or (2) of this definition, even though the service is transferred between or among separate divisions, subsidiaries, or affiliates of a contractor.

Commercially available off-the-shelf (COTS) item —

(1) Means any item of supply (including construction material) that is—

(i) A commercial product (as defined in paragraph (1) of the definition of “commercial product” in this section);

(ii) Sold in substantial quantities in the commercial marketplace; and
 (iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in [46 U.S.C. 40102\(4\)](#), such as agricultural products and petroleum products.

Common item means material that is common to the applicable Government contract and the contractor's other work, except that for use in the clause at [52.246-26](#), see the definition in paragraph (a) of that clause.

Component means any item supplied to the Government as part of an end item or of another component, except that for use in—

- (1) Part 25, see the definition in [25.003](#);
- (2) [52.225-1](#) and [52.225-3](#), see the definition in [52.225-1\(a\)](#) and [52.225-3\(a\)](#);
- (3) [52.225-9](#) and [52.225-11](#), see the definition in [52.225-9\(a\)](#) and [52.225-11\(a\)](#); and
- (4) [52.225-21](#) and [52.225-23](#), see the definition in [52.225-21\(a\)](#) and [52.225-23\(a\)](#).

Computer database or "database" means a collection of recorded information in a form capable of, and for the purpose of, being stored in, processed, and operated on by a computer. The term does not include computer software.

Computer software —

(1) Means (i) Computer programs that comprise a series of instructions, rules, routines, or statements, regardless of the media in which recorded, that allow or cause a computer to perform a specific operation or series of operations; and

(ii) Recorded information comprising source code listings, design details, algorithms, processes, flow charts, formulas, and related material that would enable the computer program to be produced, created, or compiled.

(2) Does not include computer databases or computer software documentation.

Computer software documentation means owner's manuals, user's manuals, installation instructions, operating instructions, and other similar items, regardless of storage medium, that explain the capabilities of the computer software or provide instructions for using the software.

Consent to subcontract means the contracting officer's written consent for the prime contractor to enter into a particular subcontract.

Consolidation or consolidated requirement—

(1) Means a solicitation for a single contract, a multiple-award contract, a task order, or a delivery order to satisfy-

(i) Two or more requirements of the Federal agency for supplies or services that have been provided to or performed for the Federal agency under two or more separate contracts, each of which was lower in cost than the total cost of the contract for which offers are solicited; or

(ii) Requirements of the Federal agency for construction projects to be performed at two or more discrete sites.

(2) "Separate contract" as used in this definition, means a contract that has been performed by any business, including small and other than small business concerns.

Construction means construction, alteration, or repair (including dredging, excavating, and painting) of buildings, structures, or other real property. For purposes of this definition, the terms "buildings, structures, or other real property" include, but are not limited to, improvements of all types, such as bridges, dams, plants, highways, parkways, streets, subways, tunnels, sewers, mains, power lines, cemeteries, pumping stations, railways, airport facilities, terminals, docks, piers, wharves, ways, lighthouses, buoys, jetties, breakwaters, levees, canals, and channels. Construction does not include the manufacture, production, furnishing, construction, alteration, repair, processing, or assembling of vessels, aircraft, or other kinds of personal property (except that for use in subpart [22.5](#), see the definition at [22.502](#)).

Contiguous United States (CONUS) means the 48 contiguous States and the District of Columbia.

Contingency operation ([10 U.S.C. 101\(a\)\(13\)](#)) means a military operation that-

(1) Is designated by the Secretary of Defense as an operation in which members of the armed forces are or may become involved in military actions, operations, or hostilities against an enemy of the United States or against an opposing military force; or

(2) Results in the call or order to, or retention on, active duty of members of the uniformed services under sections [688](#), [12301\(a\)](#), [12302](#), [12304](#), [12304a](#), [12305](#), or [12406](#) of [title 10](#) of the United States Code, [Chapter 13 of title 10 of the United States Code](#), and section [3713](#) of title [14](#) of the United States Code, or any other provision of law during a war or during a national emergency declared by the President or Congress.

Continued portion of the contract means the portion of a contract that the contractor must continue to perform following a partial termination.

Contract means a mutually binding legal relationship obligating the seller to furnish the supplies or services (including construction) and the buyer to pay for them. It includes all types of commitments that obligate the Government to an expenditure of appropriated funds and that, except as otherwise authorized, are in writing. In addition to bilateral instruments, contracts include (but are not limited to) awards and notices of awards; job orders or task letters issued under basic ordering agreements; letter contracts; orders, such as purchase orders, under which the contract becomes effective by written acceptance or performance; and bilateral contract modifications. Contracts do not include grants and cooperative agreements covered by [31 U.S.C. 6301](#), *et seq.* For discussion of various types of contracts, see part 16.

Contract administration office means an office that performs-

- (1) Assigned postaward functions related to the administration of contracts; and
- (2) Assigned preaward functions.

Contract clause or "clause" means a term or condition used in contracts or in both solicitations and contracts, and applying after contract award or both before and after award.

Contract modification means any written change in the terms of a contract (see [43.103](#)).

Contracting means purchasing, renting, leasing, or otherwise obtaining supplies or services from nonfederal sources. Contracting includes description (but not determination) of supplies and services required, selection and solicitation of sources, preparation and award of contracts, and all phases of contract administration. It does not include making grants or cooperative agreements.

Contracting activity means an element of an agency designated by the agency head and delegated broad authority regarding acquisition functions.

Contracting office means an office that awards or executes a contract for supplies or services and performs postaward functions not assigned to a contract administration office (except for use in part 48, see also [48.001](#)).

Contracting officer means a person with the authority to enter into, administer, and/or terminate contracts and make related determinations and findings. The term includes certain authorized representatives of the contracting officer acting within the limits of their authority as delegated by the contracting officer. "Administrative contracting officer (ACO)" refers to a contracting officer who is administering contracts. "Termination contracting officer (TCO)" refers to a contracting officer who is settling terminated contracts. A single contracting officer may be responsible for duties in any or all of these areas. Reference in this regulation ([48 CFR chapter 1](#)) to administrative contracting officer or termination contracting officer does not-

- (1) Require that a duty be performed at a particular office or activity; or
- (2) Restrict in any way a contracting officer in the performance of any duty properly assigned.

Contracting officer's representative (COR) means an individual, including a contracting officer's technical representative (COTR), designated and authorized in writing by the contracting officer to perform specific technical or administrative functions.

Conviction means a judgment or conviction of a criminal offense by any court of competent jurisdiction, whether entered upon a verdict or a plea, and includes a conviction entered upon a plea of nolo contendere. For use in subpart [9.4](#), see the definition at [9.403](#). For use in subpart [26.5](#), see the definition at [26.503](#).

Cost or pricing data ([10 U.S.C. 3701\(1\)](#) and [41 U.S.C. chapter 35](#)) means all facts that, as of the date of price agreement, or, if applicable, an earlier date agreed upon between the parties that is as close as practicable to the date of agreement on price, prudent buyers and sellers would reasonably expect to affect price negotiations significantly. Cost or pricing data are factual, not judgmental; and are verifiable. While they do not indicate the accuracy of the prospective contractor's judgment about estimated future costs or projections, they do include the data forming the basis for that judgment. Cost or pricing data are more than historical accounting data; they are all the facts that can be reasonably expected to contribute to the soundness of estimates of future costs and to the validity of determinations of costs already incurred. They also include, but are not limited to, such factors as-

- (1) Vendor quotations;
- (2) Nonrecurring costs;
- (3) Information on changes in production methods and in production or purchasing volume;
- (4) Data supporting projections of business prospects and objectives and related operations costs;
- (5) Unit-cost trends such as those associated with labor efficiency;
- (6) Make-or-buy decisions;
- (7) Estimated resources to attain business goals; and
- (8) Information on management decisions that could have a significant bearing on costs.

Cost realism means that the costs in an offeror's proposal-

- (1) Are realistic for the work to be performed;
- (2) Reflect a clear understanding of the requirements; and
- (3) Are consistent with the various elements of the offeror's technical proposal.

Cost sharing means an explicit arrangement under which the contractor bears some of the burden of reasonable, allocable, and allowable contract cost.

Customs territory of the United States means the 50 States, the District of Columbia, and Puerto Rico.

Covered territory business, as defined at [15 U.S.C. 632\(ff\)](#) and [13 CFR 125.1](#), means a small business concern that has its principal office located in the United States Virgin Islands, American Samoa, Guam, or the Commonwealth of the Northern Mariana Islands.

Data other than certified cost or pricing data means pricing data, cost data, and judgmental information necessary for the contracting officer to determine a fair and reasonable price or to determine cost realism. Such data may include the identical types of data as certified cost or pricing data, consistent with Table 15-2 of [15.408](#), but without the certification. The data may also include, for example, sales data and any information reasonably required to explain the offeror's estimating process, including, but not limited to—

- (1) The judgmental factors applied and the mathematical or other methods used in the estimate, including those used in projecting from known data; and
- (2) The nature and amount of any contingencies included in the proposed price.

Day means, unless otherwise specified, a calendar day.

Debarment means action taken by a suspending and debarring official under [9.406](#) to exclude a contractor from Government contracting and Government-approved subcontracting for a reasonable, specified period; a contractor that is “debarred” is excluded.

Delivery order means an order for supplies placed against an established contract or with Government sources.

Depreciation means a charge to current operations that distributes the cost of a tangible capital asset, less estimated residual value, over the estimated useful life of the asset in a systematic and logical manner. It does not involve a process of valuation. Useful life refers to the prospective period of economic usefulness in a particular contractor's operations as distinguished from physical life; it is evidenced by the actual or estimated retirement and replacement practice of the contractor.

Descriptive literature means information provided by an offeror, such as cuts, illustrations, drawings, and brochures, that shows a product's characteristics or construction of a product or explains its operation. The term includes only that information needed to evaluate the acceptability of the product and excludes other information for operating or maintaining the product.

Design-to-cost means a concept that establishes cost elements as management goals to achieve the best balance between life-cycle cost, acceptable performance, and schedule. Under this concept, cost is a design constraint during the design and development phases and a management discipline throughout the acquisition and operation of the system or equipment.

Designated operational area means a geographic area designated by the combatant commander or subordinate joint force commander for the conduct or support of specified military operations.

Direct acquisition means a type of interagency acquisition where a requesting agency places an order directly against a servicing agency's indefinite-delivery contract. The servicing agency manages the indefinite-delivery contract but does not participate in the placement or administration of an order.

Direct cost means any cost that is identified specifically with a particular final cost objective. Direct costs are not limited to items that are incorporated in the end product as material or labor. Costs identified specifically with a contract are direct costs of that contract. All costs identified specifically with other final cost objectives of the contractor are direct costs of those cost objectives.

Disaster Response Registry means a voluntary registry of contractors who are willing to perform debris removal, distribution of supplies, reconstruction, and other disaster or emergency relief activities established in accordance with [6 U.S.C. 796](#), Registry of Disaster Response Contractors. The Registry contains information on contractors who are willing to perform disaster or emergency relief activities within the United States and its outlying areas. The Registry is accessed via the Internet at <https://www.sam.gov>, Search Records, Advanced Search, Disaster Response Registry Search. (See 26.205.)

Drug-free workplace means the site(s) for the performance of work done by the contractor in connection with a specific contract where employees of the contractor are prohibited from engaging in the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance.

Earned value management system means a project management tool that effectively integrates the project scope of work with cost, schedule and performance elements for optimum project planning and control. The qualities and operating

characteristics of an earned value management system are described in Electronic Industries Alliance Standard 748 (EIA-748), Earned Value Management Systems. (See OMB Circular A-11, part 7.)

Economically disadvantaged women-owned small business (EDWOSB) concern- (see definition of "Women-Owned Small Business (WOSB) Program" in this section).

Effective date of termination means the date on which the notice of termination requires the contractor to stop performance under the contract. If the contractor receives the termination notice after the date fixed for termination, then the effective date of termination means the date the contractor receives the notice.

Electronic commerce means electronic techniques for accomplishing business transactions including electronic mail or messaging, World Wide Web technology, electronic bulletin boards, purchase cards, electronic funds transfer, and electronic data interchange.

Electronic data interchange (EDI) means a technique for electronically transferring and storing formatted information between computers utilizing established and published formats and codes, as authorized by the applicable Federal Information Processing Standards.

Electronic Funds Transfer (EFT) means any transfer of funds, other than a transaction originated by cash, check, or similar paper instrument, that is initiated through an electronic terminal, telephone, computer, or magnetic tape, for the purpose of ordering, instructing, or authorizing a financial institution to debit or credit an account. The term includes Automated Clearing House transfers, Fedwire transfers, and transfers made at automatic teller machines and point-of-sale terminals. For purposes of compliance with [31 U.S.C.3332](#) and implementing regulations at 31 CFR part 208, the term "electronic funds transfer" includes a Governmentwide commercial purchase card transaction.

Electronic Funds Transfer (EFT) indicator means a four-character suffix to the unique entity identifier. The suffix is assigned at the discretion of the commercial, nonprofit, or Government entity to establish additional System for Award Management records for identifying alternative EFT accounts (see subpart [32.11](#)) for the same entity.

Emergency, as used in [6.208](#), [13.201](#), [13.500](#), [18.001](#), [18.202](#), [18.203](#), and subpart [26.2](#), means any occasion or instance for which, in the determination of the President, Federal assistance is needed to supplement State and local efforts and capabilities to save lives and to protect property and public health and safety, or to lessen or avert the threat of a catastrophe in any part of the United States ([42 U.S.C. 5122](#)).

End product means supplies delivered under a line item of a Government contract, except for use in part 25 and the associated clauses at [52.225-1](#), [52.225-3](#), and [52.225-5](#), see the definitions in [25.003](#), [52.225-1\(a\)](#), [52.225-3\(a\)](#), and [52.225-5\(a\)](#).

Energy-efficient product—

(1) Means a product that—

(i) Meets Department of Energy and Environmental Protection Agency criteria for use of the Energy Star trademark label; or

(ii) Is in the upper 25 percent of efficiency for all similar products as designated by the Department of Energy's Federal Energy Management Program.

(2) As used in this definition, the term "product" does not include any energy-consuming product or system designed or procured for combat or combat-related missions (42 U.S.C. 8259b).

Energy-efficient standby power devices means products that use—

(1) External standby power devices, or that contain an internal standby power function; and

(2) No more than one watt of electricity in their standby power consuming mode or meet recommended low standby levels as designated by the Department of Energy Federal Energy Management Program.

Energy savings performance contract, pursuant to [42 U.S.C. 8287](#) and [10 CFR 436.31](#), means a contract that requires the contractor to—

(1) Perform services for the design, acquisition, financing, installation, testing, operation, and where appropriate, maintenance and repair, of an identified energy conservation measure or series of measures at one or more locations;

(2) Incur the costs of implementing the energy savings measures, including at least the cost (if any) incurred in making energy audits, acquiring and installing equipment, and training personnel in exchange for a predetermined share of the value of the energy savings directly resulting from implementation of such measures during the term of the contract; and

(3) Guarantee future energy and cost savings to the Government.

Environmentally preferable means, in the case of a product or service, having a lesser or reduced effect on human health and the environment when compared with competing products or services that serve the same purpose. This comparison may consider raw materials acquisition, production, manufacturing, packaging, distribution, reuse, operation, maintenance, or disposal of the product or service. (Section 314 of [Pub. L. 107-314](#), [10 U.S.C. chapter 223](#) note)

Excess personal property means any personal property under the control of a Federal agency that the agency head determines is not required for its needs or for the discharge of its responsibilities.

Executive agency means an executive department, a military department, or any independent establishment within the meaning of [5 U.S.C.101](#), 102, and 104(1), respectively, and any wholly owned Government corporation within the meaning of [31 U.S.C. 9101](#).

Facilities capital cost of money means "cost of money as an element of the cost of facilities capital" as used at 48 CFR 9904.414-Cost Accounting Standard-Cost of Money as an Element of the Cost of Facilities Capital.

Federal agency means any executive agency or any independent establishment in the legislative or judicial branch of the Government (except the Senate, the House of Representatives, the Architect of the Capitol, and any activities under the Architect's direction).

Federally-controlled facilities means—

- (1) Federally-owned buildings or leased space, whether for single or multi-tenant occupancy, and its grounds and approaches, all or any portion of which is under the jurisdiction, custody or control of a department or agency;
- (2) Federally-controlled commercial space shared with non-government tenants. For example, if a department or agency leased the 10th floor of a commercial building, the Directive applies to the 10th floor only;
- (3) Government-owned, contractor-operated facilities, including laboratories engaged in national defense research and production activities; and
- (4) Facilities under a management and operating contract, such as for the operation, maintenance, or support of a Government-owned or Government-controlled research, development, special production, or testing establishment.

Federally-controlled information system means an information system (44 U.S.C. 3502(8) used or operated by a Federal agency, or a contractor or other organization on behalf of the agency (44 U.S.C. 3544(a)(1)(A)).

Federally Funded Research and Development Centers (FFRDC's) means activities that are sponsored under a broad charter by a Government agency (or agencies) for the purpose of performing, analyzing, integrating, supporting, and/or managing basic or applied research and/or development, and that receive 70 percent or more of their financial support from the Government; and-

- (1) A long-term relationship is contemplated;
- (2) Most or all of the facilities are owned or funded by the Government; and
- (3) The FFRDC has access to Government and supplier data, employees, and facilities beyond that common in a normal contractual relationship.

Final indirect cost rate means the indirect cost rate established and agreed upon by the Government and the contractor as not subject to change. It is usually established after the close of the contractor's fiscal year (unless the parties decide upon a different period) to which it applies. For cost-reimbursement research and development contracts with educational institutions, it may be predetermined; that is, established for a future period on the basis of cost experience with similar contracts, together with supporting data.

First article means a preproduction model, initial production sample, test sample, first lot, pilot lot, or pilot models.

First article testing means testing and evaluating the first article for conformance with specified contract requirements before or in the initial stage of production.

F.o.b. means free on board. This term is used in conjunction with a physical point to determine-

- (1) The responsibility and basis for payment of freight charges; and
- (2) Unless otherwise agreed, the point where title for goods passes to the buyer or consignee.

F.o.b. destination means free on board at destination; *i.e.*, the seller or consignor delivers the goods on seller's or consignor's conveyance at destination. Unless the contract provides otherwise, the seller or consignor is responsible for the cost of shipping and risk of loss. For use in the clause at [52.247-34](#), see the definition at [52.247-34\(a\)](#).

F.o.b. origin means free on board at origin; *i.e.*, the seller or consignor places the goods on the conveyance. Unless the contract provides otherwise, the buyer or consignee is responsible for the cost of shipping and risk of loss. For use in the clause at [52.247-29](#), see the definition at [52.247-29\(a\)](#).

F.o.b.... (For other types of *F.o.b.*, see [47.303](#)).

Forward pricing rate agreement means a written agreement negotiated between a contractor and the Government to make certain rates available during a specified period for use in pricing contracts or modifications. These rates represent reasonable projections of specific costs that are not easily estimated for, identified with, or generated by a specific contract, contract end item, or task. These projections may include rates for such things as labor, indirect costs, material obsolescence and usage, spare parts provisioning, and material handling.

Forward pricing rate recommendation means a rate set unilaterally by the administrative contracting officer for use by the Government in negotiations or other contract actions when forward pricing rate agreement negotiations have not been completed or when the contractor will not agree to a forward pricing rate agreement.

Freight means supplies, goods, and transportable property.

Full and open competition, when used with respect to a contract action, means that all responsible sources are permitted to compete.

General and administrative (G&A) expense means any management, financial, and other expense which is incurred by or allocated to a business unit and which is for the general management and administration of the business unit as a whole. G&A expense does not include those management expenses whose beneficial or causal relationship to cost objectives can be more directly measured by a base other than a cost input base representing the total activity of a business unit during a cost accounting period.

Governmentwide acquisition contract (GWAC) means a task-order or delivery-order contract for information technology established by one agency for Governmentwide use that is operated-

(1) By an executive agent designated by the Office of Management and Budget pursuant to 40 U.S.C. 11302(e); or

(2) Under a delegation of procurement authority issued by the General Services Administration (GSA) prior to August 7, 1996, under authority granted GSA by former section 40 U.S.C. 759, repealed by Pub. L. 104-106. The Economy Act does not apply to orders under a Governmentwide acquisition contract.

Governmentwide point of entry (GPE) means the single point where Government business opportunities greater than \$25,000, including synopses of proposed contract actions, solicitations, and associated information, can be accessed electronically by the public. The GPE is located at <https://www.sam.gov>.

Head of the agency (see "agency head").

Head of the contracting activity means the official who has overall responsibility for managing the contracting activity.

Historically black college or university means an institution determined by the Secretary of Education to meet the requirements of 34 CFR 608.2.

HUBZone means a historically underutilized business zone that is an area located within one or more qualified census tracts, qualified nonmetropolitan counties, lands within the external boundaries of an Indian reservation, qualified base closure areas, redesignated areas, governor-designated covered areas, or qualified disaster areas, as defined in 13 CFR 126.103.

HUBZone contract means a contract awarded to a Small Business Administration certified "HUBZone small business concern" through any of the following procurement methods:

(1) A sole-source award to a HUBZone small business concern.

(2) Set-aside awards based on competition restricted to HUBZone small business concerns.

(3) Awards to HUBZone small business concerns through full and open competition after a price evaluation preference in favor of HUBZone small business concerns.

(4) Awards based on a reserve for HUBZone small business concerns in a solicitation for a multiple-award contract.

HUBZone small business concern means a small business concern that meets the requirements described in [13 CFR 126.200](#), is certified by the Small Business Administration (SBA) and designated by SBA as a HUBZone small business concern in the Dynamic Small Business Search (DSBS) ([13 CFR 126.103](#)). SBA's designation also appears in SAM.

Humanitarian or peacekeeping operation means a military operation in support of the provision of humanitarian or foreign disaster assistance or in support of a peacekeeping operation under chapter VI or VII of the Charter of the United Nations. The term does not include routine training, force rotation, or stationing ([10 U.S.C. 3015\(2\)](#) and 41 U.S.C. 153(2)).

In writing, "writing," or "written" means any worded or numbered expression that can be read, reproduced, and later communicated, and includes electronically transmitted and stored information.

Indirect cost means any cost not directly identified with a single final cost objective, but identified with two or more final cost objectives or with at least one intermediate cost objective.

Indirect cost rate means the percentage or dollar factor that expresses the ratio of indirect expense incurred in a given period to direct labor cost, manufacturing cost, or another appropriate base for the same period (see also "final indirect cost rate").

Ineligible means excluded from Government contracting (and subcontracting, if appropriate) pursuant to statutory, Executive order, or regulatory authority other than this regulation (48 CFR chapter 1) and its implementing and supplementing regulations; for example, pursuant to-

(1) 40 U.S.C. chapter 31, subchapter IV, Wage Rate Requirements (Construction), and its related statutes and implementing regulations;

- (2) 41 U.S.C. chapter 67, Service Contract Labor Standards;
- (3) The Equal Employment Opportunity Acts and Executive orders;
- (4) 41 U.S.C. chapter 65, Contracts for Material, Supplies, Articles, and Equipment Exceeding \$10,000;
- (5) 41 U.S.C. chapter 83, Buy American; or
- (6) The Environmental Protection Acts and Executive orders.

Information and communication technology (ICT) means information technology and other equipment, systems, technologies, or processes, for which the principal function is the creation, manipulation, storage, display, receipt, or transmission of electronic data and information, as well as any associated content. Examples of ICT include but are not limited to the following: Computers and peripheral equipment; information kiosks and transaction machines; telecommunications equipment; customer premises equipment; multifunction office machines; software; applications; websites; videos; and electronic documents.

Information security means protecting information and information systems from unauthorized access, use, disclosure, disruption, modification, or destruction in order to provide-

- (1) Integrity, which means guarding against improper information modification or destruction, and includes ensuring information nonrepudiation and authenticity;
- (2) Confidentiality, which means preserving authorized restrictions on access and disclosure, including means for protecting personal privacy and proprietary information; and
- (3) Availability, which means ensuring timely and reliable access to, and use of, information.

Information technology means any equipment, or interconnected system(s) or subsystem(s) of equipment, that is used in the automatic acquisition, storage, analysis, evaluation, manipulation, management, movement, control, display, switching, interchange, transmission, or reception of data or information by the agency.

(1) For purposes of this definition, equipment is used by an agency if the equipment is used by the agency directly or is used by a contractor under a contract with the agency that requires-

- (i) Its use; or
- (ii) To a significant extent, its use in the performance of a service or the furnishing of a product.

(2) The term "information technology" includes computers, ancillary equipment (including imaging peripherals, input, output, and storage devices necessary for security and surveillance), peripheral equipment designed to be controlled by the central processing unit of a computer, software, firmware and similar procedures, services (including support services), and related resources.

(3) The term "information technology" does not include any equipment that-

- (i) Is acquired by a contractor incidental to a contract; or
- (ii) Contains imbedded information technology that is used as an integral part of the product, but the principal function of which is not the acquisition, storage, analysis, evaluation, manipulation, management, movement, control, display, switching, interchange, transmission, or reception of data or information. For example, HVAC (heating, ventilation, and air conditioning) equipment, such as thermostats or temperature control devices, and medical equipment where information technology is integral to its operation, are not information technology.

Inherently governmental function means, as a matter of policy, a function that is so intimately related to the public interest as to mandate performance by Government employees. This definition is a policy determination, not a legal determination. An inherently governmental function includes activities that require either the exercise of discretion in applying Government authority, or the making of value judgments in making decisions for the Government. Governmental functions normally fall into two categories: the act of governing, *i.e.*, the discretionary exercise of Government authority, and monetary transactions and entitlements.

(1) An inherently governmental function involves, among other things, the interpretation and execution of the laws of the United States so as to-

- (i) Bind the United States to take or not to take some action by contract, policy, regulation, authorization, order, or otherwise;
- (ii) Determine, protect, and advance United States economic, political, territorial, property, or other interests by military or diplomatic action, civil or criminal judicial proceedings, contract management, or otherwise;
- (iii) Significantly affect the life, liberty, or property of private persons;
- (iv) Commission, appoint, direct, or control officers or employees of the United States; or
- (v) Exert ultimate control over the acquisition, use, or disposition of the property, real or personal, tangible or intangible, of the United States, including the collection, control, or disbursement of Federal funds.

(2) Inherently governmental functions do not normally include gathering information for or providing advice, opinions, recommendations, or ideas to Government officials. They also do not include functions that are primarily ministerial and internal in nature, such as building security, mail operations, operation of cafeterias, housekeeping, facilities operations and maintenance, warehouse operations, motor vehicle fleet management operations, or other routine electrical or mechanical services.

Inspection means examining and testing supplies or services (including, when appropriate, raw materials, components, and intermediate assemblies) to determine whether they conform to contract requirements.

Insurance means a contract that provides that for a stipulated consideration, one party undertakes to indemnify another against loss, damage, or liability arising from an unknown or contingent event.

Interagency acquisition means a procedure by which an agency needing supplies or services (the requesting agency) obtains them from another agency (the servicing agency), by an assisted acquisition or a direct acquisition. The term includes

(1) Acquisitions under the Economy Act ([31 U.S.C. 1535](#)); and

(2) Non-Economy Act acquisitions completed under other statutory authorities, (e.g., General Services Administration Federal Supply Schedules in subpart 8.4 and Governmentwide acquisition contracts (GWACs)).

Invoice means a contractor's bill or written request for payment under the contract for supplies delivered or services performed (see also "proper invoice").

Irrevocable letter of credit means a written commitment by a federally insured financial institution to pay all or part of a stated amount of money, until the expiration date of the letter, upon the Government's (the beneficiary) presentation of a written demand for payment. Neither the financial institution nor the offeror/contractor can revoke or condition the letter of credit.

Labor surplus area means a geographical area identified by the Department of Labor in accordance with 20 CFR part 654, subpart A, as an area of concentrated unemployment or underemployment or an area of labor surplus.

Labor surplus area concern means a concern that together with its first-tier subcontractors will perform substantially in labor surplus areas. Performance is substantially in labor surplus areas if the costs incurred under the contract on account of manufacturing, production, or performance of appropriate services in labor surplus areas exceed 50 percent of the contract price.

Latent defect means a defect that exists at the time of acceptance but cannot be discovered by a reasonable inspection.

Line item means the basic structural element in a procurement instrument that describes and organizes the required product or service for pricing, delivery, inspection, acceptance, invoicing, and payment. The use of the term "line item" includes "subline item," as applicable.

Line item number means either a numeric or alphanumeric format to identify a line item.

Major disaster, as used in [6.208](#), [13.201](#), 13.500, [18.001](#), [18.202](#), [18.203](#), and subpart [26.2](#), means any natural catastrophe (including any hurricane, tornado, storm, high water, winddriven water, tidal wave, tsunami, earthquake, volcanic eruption, landslide, mudslide, snowstorm, or drought), or regardless of cause, any fire, flood, or explosion, in any part of the United States, which, in the determination of the President, causes damage of sufficient severity and magnitude to warrant major disaster assistance under the Stafford Act to supplement the efforts and available resources of States, local governments, and disaster relief organizations in alleviating the damage, loss, hardship, or suffering caused thereby ([42 U.S.C. 5122](#)).

Major system means that combination of elements that will function together to produce the capabilities required to fulfill a mission need. The elements may include hardware, equipment, software, or any combination thereof, but exclude construction or other improvements to real property. A system is a major system if-

(1) The Department of Defense is responsible for the system and the total expenditures for research, development, test, and evaluation for the system are estimated to be more than \$185 million based on Fiscal Year 2014 constant dollars or the eventual total expenditure for the acquisition exceeds \$835 million based on Fiscal Year 2014 constant dollars (or any update of these thresholds based on a more recent fiscal year, as specified in the DoD Instruction 5000.02, "Operation of the Defense Acquisition System");

(2) A civilian agency is responsible for the system and total expenditures for the system are estimated to exceed \$2.5 million or the dollar threshold for a "major system" established by the agency pursuant to Office of Management and Budget Circular A-109, entitled "Major System Acquisitions," whichever is greater; or

(3) The system is designated a "major system" by the head of the agency responsible for the system ([10 U.S.C. 3041](#) and [41 U.S.C. 109](#)).

Make-or-buy program means that part of a contractor's written plan for a contract identifying those major items to be produced or work efforts to be performed in the prime contractor's facilities and those to be subcontracted.

Manufactured end product means any end product in product and service codes (PSC) 1000-9999, except-

- (1) PSC 5510, Lumber and Related Basic Wood Materials;
- (2) Product or service group (PSG) 87, Agricultural Supplies;
- (3) PSG 88, Live Animals;
- (4) PSG 89, Subsistence;
- (5) PSC 9410, Crude Grades of Plant Materials;
- (6) PSC 9430, Miscellaneous Crude Animal Products, Inedible;
- (7) PSC 9440, Miscellaneous Crude Agricultural and Forestry Products;
- (8) PSC 9610, Ores;
- (9) PSC 9620, Minerals, Natural and Synthetic; and
- (10) PSC 9630, Additive Metal Materials.

Market research means collecting and analyzing information about capabilities within the market to satisfy agency needs.

Master solicitation means a document containing special clauses and provisions that have been identified as essential for the acquisition of a specific type of supply or service that is acquired repetitively.

May denotes the permissive. However, the words "no person may..." mean that no person is required, authorized, or permitted to do the act described.

Micro-purchase means an acquisition of supplies or services using simplified acquisition procedures, the aggregate amount of which does not exceed the micro-purchase threshold.

Micro-purchase threshold means \$10,000, except it means-

- (1) For acquisitions of construction subject to [40 U.S.C. chapter 31](#), subchapter IV, Wage Rate Requirements (Construction), \$2,000;
- (2) For acquisitions of services subject to [41 U.S.C. chapter 67](#), Service Contract Labor Standards, \$2,500;
- (3) For acquisitions of supplies or services that, as determined by the head of the agency, are to be used to support a contingency operation; to facilitate defense against or recovery from cyber, nuclear, biological, chemical or radiological attack; to support a request from the Secretary of State or the Administrator of the United States Agency for International Development to facilitate provision of international disaster assistance pursuant to [22 U.S.C. 2292](#) et seq.; or to support response to an emergency or major disaster ([42 U.S.C. 5122](#)), as described in [13.201\(g\)\(1\)](#), except for construction subject to [40 U.S.C. chapter 31](#), subchapter IV, Wage Rate Requirements (Construction) ([41 U.S.C. 1903](#))-
 - (i) \$20,000 in the case of any contract to be awarded and performed, or purchase to be made, inside the United States; and
 - (ii) \$35,000 in the case of any contract to be awarded and performed, or purchase to be made, outside the United States; and
- (4) For acquisitions of supplies or services from institutions of higher education ([20 U.S.C. 1001\(a\)](#)) or related or affiliated nonprofit entities, or from nonprofit research organizations or independent research institutes—
 - (i) \$10,000; or
 - (ii) A higher threshold, as determined appropriate by the head of the agency and consistent with clean audit findings under [31 U.S.C. chapter 75](#), Requirements for Single Audits; an internal institutional risk assessment; or State law.

Minority Institution means an institution of higher education meeting the requirements of Section 365(3) of the Higher Education Act of 1965 ([20 U.S.C. 1067k](#)), including a Hispanic-serving institution of higher education, as defined in Section 502(a) of the Act ([20 U.S.C. 1101a](#)).

Multi-agency contract (MAC) means a task-order or delivery-order contract established by one agency for use by Government agencies to obtain supplies and services, consistent with the Economy Act (see [17.502-2](#)). Multi-agency contracts include contracts for information technology established pursuant to [40 U.S.C. 11314\(a\)\(2\)](#).

Multiple-award contract means a contract that is—

- (1) A Multiple Award Schedule contract issued by GSA (e.g., GSA Schedule Contract) or agencies granted Multiple Award Schedule contract authority by GSA (e.g., Department of Veterans Affairs) as described in FAR part 38;
- (2) A multiple-award task-order or delivery-order contract issued in accordance with FAR subpart [16.5](#), including Governmentwide acquisition contracts; or
- (3) Any other indefinite-delivery, indefinite-quantity contract entered into with two or more sources pursuant to the same solicitation.

Must (see "shall").

National defense means any activity related to programs for military or atomic energy production or construction, military assistance to any foreign nation, stockpiling, or space, except that for use in subpart [11.6](#), see the definition in [11.601](#).

Neutral person means an impartial third party, who serves as a mediator, fact finder, or arbitrator, or otherwise functions to assist the parties to resolve the issues in controversy. A neutral person may be a permanent or temporary officer or employee of the Federal Government or any other individual who is acceptable to the parties. A neutral person must have no official, financial, or personal conflict of interest with respect to the issues in controversy, unless the interest is fully disclosed in writing to all parties and all parties agree that the neutral person may serve ([5 U.S.C. 583](#)).

Nondevelopmental item means—

(1) Any previously developed item of supply used exclusively for governmental purposes by a Federal agency, a State or local government, or a foreign government with which the United States has a mutual defense cooperation agreement;

(2) Any item described in paragraph (1) of this definition that requires only minor modification or modifications of a type customarily available in the commercial marketplace in order to meet the requirements of the procuring department or agency; or

(3) Any item of supply being produced that does not meet the requirements of paragraphs (1) or (2) solely because the item is not yet in use.

Novation agreement means a legal instrument-

(1) Executed by the-

(i) Contractor (transferor);

(ii) Successor in interest (transferee); and

(iii) Government; and

(2) By which, among other things, the transferor guarantees performance of the contract, the transferee assumes all obligations under the contract, and the Government recognizes the transfer of the contract and related assets.

Offer means a response to a solicitation that, if accepted, would bind the offeror to perform the resultant contract. Responses to invitations for bids (sealed bidding) are offers called "bids" or "sealed bids"; responses to requests for proposals (negotiation) are offers called "proposals"; however, responses to requests for quotations (simplified acquisition) are "quotations," not offers. For unsolicited proposals, see subpart [15.6](#).

Offeror means offeror or bidder.

Office of Small and Disadvantaged Business Utilization means the Office of Small Business Programs when referring to the Department of Defense.

OMB Uniform Guidance at 2 CFR part 200 is the abbreviated title for Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (2 CFR part 200), which supersedes OMB Circulars A-21, A-87, A-89, A-102, A-110, A-122, and A-133, and the guidance in Circular A-50 on Audit Followup.

Option means a unilateral right in a contract by which, for a specified time, the Government may elect to purchase additional supplies or services called for by the contract, or may elect to extend the term of the contract.

Organizational conflict of interest means that because of other activities or relationships with other persons, a person is unable or potentially unable to render impartial assistance or advice to the Government, or the person's objectivity in performing the contract work is or might be otherwise impaired, or a person has an unfair competitive advantage.

Outlying areas means-

(1) Commonwealths

(i) Puerto Rico.

(ii) The Northern Mariana Islands;

(2) *Territories*.

(i) American Samoa.

(ii) Guam.

(iii) U.S. Virgin Islands; and

(3) *Minor outlying islands*.

(i) Baker Island.

(ii) Howland Island.

(iii) Jarvis Island.

(iv) Johnston Atoll.

(v) Kingman Reef.

(vi) Midway Islands.

(vii) Navassa Island.

(viii) Palmyra Atoll.

(ix) Wake Atoll.

Overtime means time worked by a contractor's employee in excess of the employee's normal workweek.

Overtime premium means the difference between the contractor's regular rate of pay to an employee for the shift involved and the higher rate paid for overtime. It does not include shift premium, *i.e.*, the difference between the contractor's regular rate of pay to an employee and the higher rate paid for extra-pay-shift work.

Partial termination means the termination of a part, but not all, of the work that has not been completed and accepted under a contract.

Past performance means an offeror's or contractor's performance on active and physically completed contracts (see [4.804-4](#)).

Performance-based acquisition (PBA) means an acquisition structured around the results to be achieved as opposed to the manner by which the work is to be performed.

Performance Work Statement (PWS) means a statement of work for performance-based acquisitions that describes the required results in clear, specific and objective terms with measurable outcomes.

Personal property means property of any kind or interest in it except real property, records of the Federal Government, and naval vessels of the following categories:

- (1) Battleships;
- (2) Cruisers;
- (3) Aircraft carriers;
- (4) Destroyers; and
- (5) Submarines.

Personal services contract means a contract that, by its express terms or as administered, makes the contractor personnel appear to be, in effect, Government employees (see [37.104](#)).

Plant clearance officer means an authorized representative of the contracting officer, appointed in accordance with agency procedures, responsible for screening, redistributing, and disposing of contractor inventory from a contractor's plant or work site. The term "Contractor's plant" includes, but is not limited to, Government-owned contractor-operated plants, Federal installations, and Federal and non-Federal industrial operations, as may be required under the scope of the contract.

Pollution prevention means any practice that-

(1) (i) Reduces the amount of any hazardous substance, pollutant, or contaminant entering any waste stream or otherwise released into the environment (including fugitive emissions) prior to recycling, treatment, or disposal; and

(ii) Reduces the hazards to public health and the environment associated with the release of such substances, pollutants, and contaminants;

(2) Reduces or eliminates the creation of pollutants through increased efficiency in the use of raw materials, energy, water, or other resources; or

(3) Protects natural resources by conservation.

Power of attorney means the authority given one person or corporation to act for and obligate another, as specified in the instrument creating the power; in corporate suretyship, an instrument under seal that appoints an attorney-in-fact to act in behalf of a surety company in signing bonds (see also "attorney-in-fact" at [28.001](#)).

Preaward survey means an evaluation of a prospective contractor's capability to perform a proposed contract.

Preponderance of the evidence means proof by information that, compared with that opposing it, leads to the conclusion that the fact at issue is more probably true than not.

Pricing means the process of establishing a reasonable amount or amounts to be paid for supplies or services.

Principal means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity (*e.g.*, general manager; plant manager; head of a division or business segment; and similar positions).

Procurement (see "acquisition").

Procuring activity means a component of an executive agency having a significant acquisition function and designated as such by the head of the agency. Unless agency regulations specify otherwise, the term "procuring activity" is synonymous with "contracting activity."

Products has the same meaning as "supplies."

Projected average loss means the estimated long-term average loss per period for periods of comparable exposure to risk of loss.

Proper invoice means an invoice that meets the minimum standards specified in [32.905\(b\)](#).

Purchase order, when issued by the Government, means an offer by the Government to buy supplies or services, including construction and research and development, upon specified terms and conditions, using simplified acquisition procedures.

Qualification requirement means a Government requirement for testing or other quality assurance demonstration that must be completed before award of a contract.

Qualified products list (QPL) means a list of products that have been examined, tested, and have satisfied all applicable qualification requirements.

Qualifying offeror, as used in [13.106-1](#) and [15.304](#), means an offeror that is determined to be a responsible source, submits a technically acceptable proposal that conforms to the requirements of the solicitation, and the contracting officer has no reason to believe would be likely to offer other than fair and reasonable pricing ([10 U.S.C. 3206\(c\)\(4\)](#)).

Receiving report means written evidence that indicates Government acceptance of supplies delivered or services performed (see subpart [46.6](#)). Receiving reports must meet the requirements of [32.905\(c\)](#).

Recovered material means waste materials and by-products recovered or diverted from solid waste, but the term does not include those materials and by-products generated from, and commonly reused within, an original manufacturing process ([42 U.S.C. 6903](#)).

Registered in the System for Award Management (SAM) means that—

(1) The Contractor has entered all mandatory information, including the unique entity identifier and the Electronic Funds Transfer indicator (if applicable), the Commercial and Government Entity (CAGE) code, as well as data required by the Federal Funding Accountability and Transparency Act of 2006 (see subpart [4.14](#)), into SAM;

(2) The Contractor has completed the Core, Assertions, Representations and Certifications, and Points of Contact sections of the registration in SAM;

(3) The Government has validated all mandatory data fields, to include validation of the Taxpayer Identification Number (TIN) with the Internal Revenue Service (IRS). The contractor will be required to provide consent for TIN validation to the Government as a part of the SAM registration process; and

(4) The Government has marked the record Active.

Requesting agency means the agency that has the requirement for an interagency acquisition.

Residual value means the proceeds, less removal and disposal costs, if any, realized upon disposition of a tangible capital asset. It usually is measured by the net proceeds from the sale or other disposition of the asset, or its fair value if the asset is traded in on another asset. The estimated residual value is a current forecast of the residual value.

Responsible audit agency means the agency that is responsible for performing all required contract audit services at a business unit.

Responsible prospective contractor means a contractor that meets the standards in [9.104](#).

Reverse auction means the process for obtaining pricing, usually supported by an electronic tool, in which offerors see competing offerors' price(s), without disclosure of the competing offerors' identity, and have the opportunity to submit lower priced offers until the close of the auction.

Scrap means personal property that has no value except its basic metallic, mineral, or organic content.

Segment means one of two or more divisions, product departments, plants, or other subdivisions of an organization reporting directly to a home office, usually identified with responsibility for profit and/or producing a product or service. The term includes—

(1) Government-owned contractor-operated (GOCO) facilities; and

(2) Joint ventures and subsidiaries (domestic and foreign) in which the organization has—

(i) A majority ownership; or

(ii) Less than a majority ownership, but over which it exercises control.

Self-insurance means the assumption or retention of the risk of loss by the contractor, whether voluntarily or involuntarily. Self-insurance includes the deductible portion of purchased insurance.

Senior procurement executive means the individual appointed pursuant to 41 U.S.C. 1702(c) who is responsible for management direction of the acquisition system of the executive agency, including implementation of the unique acquisition policies, regulations, and standards of the executive agency.

Service-disabled veteran-owned small business (SDVOSB) concern means a small business concern—

(1) (i) Not less than 51 percent of which is owned and controlled by one or more service-disabled veterans or, in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more service-disabled veterans; and

(ii) The management and daily business operations of which are controlled by one or more service-disabled veterans or, in the case of a service-disabled veteran with permanent and severe disability, the spouse or permanent caregiver of such veteran; or

(2) A small business concern eligible under the SDVOSB Program in accordance with 13 CFR part 128 (see subpart [19.14](#)).

(3) *Service-disabled veteran*, as used in this definition, means a veteran as defined in [38 U.S.C. 101\(2\)](#), with a disability that is service-connected, as defined in [38 U.S.C. 101\(16\)](#), and who is registered in the Beneficiary Identification and Records Locator Subsystem, or successor system that is maintained by the Department of Veterans Affairs' Veterans Benefits Administration, as a service-disabled veteran.

Service-disabled veteran-owned small business (SDVOSB) concern eligible under the SDVOSB Program means an SDVOSB concern that—

(1) Effective January 1, 2024, is designated in the System for Award Management (SAM) as certified by the Small Business Administration (SBA) in accordance with 13 CFR 128.300; or

(2) Has represented that it is an SDVOSB concern in SAM and submitted a complete application for certification to SBA on or before December 31, 2023.

Service-disabled veteran-owned small business (SDVOSB) Program means a program that authorizes contracting officers to limit competition, including award on a sole-source basis, to SDVOSB concerns eligible under the SDVOSB Program.

Servicing agency means the agency that will conduct an assisted acquisition on behalf of the requesting agency.

Shall denotes the imperative.

Shipment means freight transported or to be transported.

Shop drawings means drawings submitted by the construction contractor or a subcontractor at any tier or required under a construction contract, showing in detail either or both of the following:

(1) The proposed fabrication and assembly of structural elements.

(2) The installation (*i.e.*, form, fit, and attachment details) of materials or equipment.

Should means an expected course of action or policy that is to be followed unless inappropriate for a particular circumstance.

Signature or "signed" means the discrete, verifiable symbol of an individual that, when affixed to a writing with the knowledge and consent of the individual, indicates a present intention to authenticate the writing. This includes electronic symbols.

Simplified acquisition procedures means the methods prescribed in part 13 for making purchases of supplies or services.

Simplified acquisition threshold means \$250,000, except for—

(1) Acquisitions of supplies or services that, as determined by the head of the agency, are to be used to support a contingency operation; to facilitate defense against or recovery from cyber, nuclear, biological, chemical, or radiological attack; to support a request from the Secretary of State or the Administrator of the United States Agency for International Development to facilitate provision of international disaster assistance pursuant to [22 U.S.C. 2292](#) et seq.; or to support response to an emergency or major disaster ([42 U.S.C. 5122](#)), ([41 U.S.C. 1903](#)), the term means—

(i) \$800,000 for any contract to be awarded and performed, or purchase to be made, inside the United States; and

(ii) \$1.5 million for any contract to be awarded and performed, or purchase to be made, outside the United States;

and

(2) Acquisitions of supplies or services that, as determined by the head of the agency, are to be used to support a humanitarian or peacekeeping operation ([10 U.S.C. 3015](#)), the term means \$500,000 for any contract to be awarded and performed, or purchase to be made, outside the United States.

Single, Governmentwide point of entry, means the one point of entry to be designated by the Administrator of OFPP that will allow the private sector to electronically access procurement opportunities Governmentwide.

Small business concern—

(1) Means a concern, including its affiliates, that is independently owned and operated, not dominant in its field of operation, and qualified as a small business under the criteria and size standards in [13 CFR part 121](#) (see [19.102](#)).

(2) *Affiliates*, as used in this definition, means business concerns, one of whom directly or indirectly controls or has the power to control the others, or a third party or parties control or have the power to control the others. In determining whether affiliation exists, consideration is given to all appropriate factors including common ownership, common management, and contractual relationships. SBA determines affiliation based on the factors set forth at 13 CFR 121.103.

Small business subcontractor means a concern that does not exceed the size standard for the North American Industry Classification Systems code that the prime contractor determines best describes the product or service being acquired by the subcontract.

Small Business Teaming Arrangement—

(1) Means an arrangement where—

(i) Two or more small business concerns have formed a joint venture; or
 (ii) A small business offeror agrees with one or more other small business concerns to have them act as its subcontractors under a specified Government contract. A Small Business Teaming Arrangement between the offeror and its small business subcontractor(s) exists through a written agreement between the parties that—
 (A) Is specifically referred to as a "Small Business Teaming Arrangement"; and
 (B) Sets forth the different responsibilities, roles, and percentages (or other allocations) of work as it relates to the acquisition;

(2) (i) For civilian agencies, may include two business concerns in a mentor-protégé relationship when both the mentor and the protégé are small or the protégé is small and the concerns have received an exception to affiliation pursuant to 13 CFR 121.103(h)(3)(ii) or (iii).

(ii) For DoD, may include two business concerns in a mentor-protégé relationship in the DoD Mentor-Protégé Program (see [10 U.S.C. 4902](#)) when both the mentor and the protégé are small. There is no exception to joint venture size affiliation for offers received from teaming arrangements under the DoD Mentor-Protégé Program; and

(3) See 13 CFR 121.103(b)(9) regarding the exception to affiliation for offers received from Small Business Teaming Arrangements in the case of a solicitation of offers for a bundled contract with a reserve.

Small disadvantaged business concern consistent with 13 CFR 124.1001, means a small business concern under the size standard applicable to the acquisition, that:

(1) Is at least 51 percent unconditionally and directly owned (as defined at 13 CFR 124.105) by—

(i) One or more socially disadvantaged (as defined at 13 CFR 124.103) and economically disadvantaged (as defined at 13 CFR 124.104) individuals who are citizens of the United States; and

(ii) Each individual claiming economic disadvantage has a net worth not exceeding the threshold at 13 CFR 124.104(c)(2) after taking into account the applicable exclusions set forth at 13 CFR 124.104(c)(2); and

(2) The management and daily business operations of which are controlled (as defined at 13 CFR 124.106) by individuals who meet the criteria in paragraphs (1)(i) and (ii) of this definition.

Sole source acquisition means a contract for the purchase of supplies or services that is entered into or proposed to be entered into by an agency after soliciting and negotiating with only one source.

Solicitation means any request to submit offers or quotations to the Government. Solicitations under sealed bid procedures are called "invitations for bids." Solicitations under negotiated procedures are called "requests for proposals." Solicitations under simplified acquisition procedures may require submission of either a quotation or an offer.

Solicitation provision or provision means a term or condition used only in solicitations and applying only before contract award.

Source selection information means any of the following information that is prepared for use by an agency for the purpose of evaluating a bid or proposal to enter into an agency procurement contract, if that information has not been previously made available to the public or disclosed publicly:

(1) Bid prices submitted in response to an agency invitation for bids, or lists of those bid prices before bid opening.

(2) Proposed costs or prices submitted in response to an agency solicitation, or lists of those proposed costs or prices.

(3) Source selection plans.

(4) Technical evaluation plans.

(5) Technical evaluations of proposals.

(6) Cost or price evaluations of proposals.

(7) Competitive range determinations that identify proposals that have a reasonable chance of being selected for award of a contract.

(8) Rankings of bids, proposals, or competitors.

(9) Reports and evaluations of source selection panels, boards, or advisory councils.

(10) Other information marked as "Source Selection Information-See FAR [2.101](#) and [3.104](#)" based on a case-by-case determination by the head of the agency or the contracting officer, that its disclosure would jeopardize the integrity or successful completion of the Federal agency procurement to which the information relates.

Special competency means a special or unique capability, including qualitative aspects, developed incidental to the primary functions of the Federally Funded Research and Development Centers to meet some special need.

Special test equipment means either single or multipurpose integrated test units engineered, designed, fabricated, or modified to accomplish special purpose testing in performing a contract. It consists of items or assemblies of equipment including foundations and similar improvements necessary for installing special test equipment, and standard or general purpose items or components that are interconnected and interdependent so as to become a new functional entity for special

testing purposes. Special test equipment does not include material, special tooling, real property, and equipment items used for general testing purposes or property that with relatively minor expense can be made suitable for general purpose use.

Special tooling means jigs, dies, fixtures, molds, patterns, taps, gauges, and all components of these items including foundations and similar improvements necessary for installing special tooling, and which are of such a specialized nature that without substantial modification or alteration their use is limited to the development or production of particular supplies or parts thereof or to the performance of particular services. Special tooling does not include material, special test equipment, real property, equipment, machine tools, or similar capital items.

State and local taxes means taxes levied by the States, the District of Columbia, outlying areas of the United States, or their political subdivisions.

Statement of Objectives (SOO) means a Government-prepared document incorporated into the solicitation that states the overall performance objectives. It is used in solicitations when the Government intends to provide the maximum flexibility to each offeror to propose an innovative approach.

Subline item means a subset of a line item.

Substantial evidence means information sufficient to support the reasonable belief that a particular act or omission has occurred.

Substantially as follows or "substantially the same as," when used in the prescription and introductory text of a provision or clause, means that authorization is granted to prepare and utilize a variation of that provision or clause to accommodate requirements that are peculiar to an individual acquisition; provided that the variation includes the salient features of the FAR provision or clause, and is not inconsistent with the intent, principle, and substance of the FAR provision or clause or related coverage of the subject matter.

Supplemental agreement means a contract modification that is accomplished by the mutual action of the parties.

Supplies means all property except land or interest in land. It includes (but is not limited to) public works, buildings, and facilities; ships, floating equipment, and vessels of every character, type, and description, together with parts and accessories; aircraft and aircraft parts, accessories, and equipment; machine tools; and the alteration or installation of any of the foregoing.

Supporting a diplomatic or consular mission means performing outside the United States under a contract administered by Federal agency personnel who are subject to the direction of a Chief of Mission.

Surety means an individual or corporation legally liable for the debt, default, or failure of a principal to satisfy a contractual obligation. The types of sureties referred to are as follows:

(1) An individual surety is one person, as distinguished from a business entity, who is liable for the entire penal amount of the bond.

(2) A corporate surety is licensed under various insurance laws and, under its charter, has legal power to act as surety for others.

(3) A cosurety is one of two or more sureties that are jointly liable for the penal sum of the bond. A limit of liability for each surety may be stated.

Surplus property means excess personal property not required by any Federal agency as determined by the Administrator of the General Services Administration (GSA). (See 41 CFR 102-36.40).

Suspending and debarring official means—

(1) An agency head; or

(2) A designee authorized by the agency head to impose a suspension and/or a debarment.

Suspension means action taken by a suspending and debarring official under [9.407](#) to disqualify a contractor temporarily from Government contracting and Government-approved subcontracting; a contractor that is "suspended" is disqualified.

Sustainable acquisition means acquiring products and services in order to create and maintain conditions—

(1) Under which humans and nature can exist in productive harmony; and

(2) That permit fulfilling the social, economic, and other requirements of present and future generations.

Sustainable products and services means products and services that are subject to and meet the following applicable statutory mandates and directives for purchasing:

(1) *Statutory purchasing programs.* (i) Products containing recovered material designated by the U.S. Environmental Protection Agency (EPA) under the Comprehensive Procurement Guidelines ([42 U.S.C. 6962](#)) ([40 CFR part 247](#)) (<https://www.epa.gov/smm/comprehensive-procurement-guideline-cpg-program#products>).

(ii) Energy- and water-efficient products that are ENERGY STAR® certified or Federal Energy Management Program (FEMP)-designated products ([42 U.S.C. 8259b](#)) ([10 CFR part 436, subpart C](#)) (<https://www.energy.gov/eere/femp/search-energy-efficient-products> and <https://www.energystar.gov/products?s=mega>).

(iii) Biobased products meeting the content requirement of the U.S. Department of Agriculture under the BioPreferred® program (7 U.S.C. 8102) (7 CFR part 3201) (<https://www.biopreferred.gov>).

(iv) Acceptable chemicals, products, and manufacturing processes listed under EPA's Significant New Alternatives Policy (SNAP) program, which ensures a safe and smooth transition away from substances that contribute to the depletion of stratospheric ozone (42 U.S.C. 76711) (40 CFR part 82, subpart G) (<https://www.epa.gov/snap>).

(2) *Required EPA purchasing programs.* (i) WaterSense® labeled (water efficient) products and services (<https://www.epa.gov/watersense/watersense-products>).

(ii) Safer Choice-certified products (products that contain safer chemical ingredients) (<https://www.epa.gov/saferchoice/products>).

(iii) Products and services that meet EPA Recommendations of Specifications, Standards, and Ecolabels in effect as of October 2023 (<https://www.epa.gov/greenerproducts/recommendations-specifications-standards-and-ecolabels-federal-purchasing>).

System for Award Management (SAM) means the primary Government repository for prospective Federal awardee and Federal awardee information and the centralized Government system for certain contracting, grants, and other assistance-related processes. It includes—

(1) Data collected from prospective Federal awardees required for the conduct of business with the Government;

(2) Prospective contractor-submitted annual representations and certifications in accordance with FAR subpart 4.12; and

(3) Identification of those parties excluded from receiving Federal contracts, certain subcontracts, and certain types of Federal financial and non-financial assistance and benefits.

Task order means an order for services placed against an established contract or with Government sources.

Taxpayer Identification Number (TIN) means the number required by the IRS to be used by the offeror in reporting income tax and other returns. The TIN may be either a Social Security Number or an Employer Identification Number.

Technical data means recorded information (regardless of the form or method of the recording) of a scientific or technical nature (including computer databases and computer software documentation). This term does not include computer software or financial, administrative, cost or pricing, or management data or other information incidental to contract administration. The term includes recorded information of a scientific or technical nature that is included in computer databases (see 41 U.S.C. 116).

Terminated portion of the contract means the portion of a contract that the contractor is not to perform following a partial termination. For construction contracts that have been completely terminated for convenience, it means the entire contract, notwithstanding the completion of, and payment for, individual items of work before termination.

Termination for convenience means the exercise of the Government's right to completely or partially terminate performance of work under a contract when it is in the Government's interest.

Termination for default means the exercise of the Government's right to completely or partially terminate a contract because of the contractor's actual or anticipated failure to perform its contractual obligations.

Termination inventory means any property purchased, supplied, manufactured, furnished, or otherwise acquired for the performance of a contract subsequently terminated and properly allocable to the terminated portion of the contract. It includes Government-furnished property. It does not include any facilities, material, special test equipment, or special tooling that are subject to a separate contract or to a special contract requirement governing their use or disposition.

Unallowable cost means any cost that, under the provisions of any pertinent law, regulation, or contract, cannot be included in prices, cost-reimbursements, or settlements under a Government contract to which it is allocable.

Unique and innovative concept, when used relative to an unsolicited research proposal, means that—

(1) In the opinion and to the knowledge of the Government evaluator, the meritorious proposal—

(i) Is the product of original thinking submitted confidentially by one source;

(ii) Contains new, novel, or changed concepts, approaches, or methods;

(iii) Was not submitted previously by another; and

(iv) Is not otherwise available within the Federal Government.

(2) In this context, the term does not mean that the source has the sole capability of performing the research.

Unique entity identifier means a number or other identifier used to identify a specific commercial, nonprofit, or Government entity. See www.sam.gov for the designated entity for establishing unique entity identifiers.

United States, when used in a geographic sense, means the 50 States and the District of Columbia, except as follows:

(1) For use in subpart 3.10, see the definition at 3.1001.

(2) For use in subpart 22.8, see the definition at 22.801.

- (3) For use in subpart [22.10](#), see the definition at [22.1001](#).
- (4) For use in subpart [22.13](#), see the definition at [22.1301](#).
- (5) For use in subpart [22.16](#), see the definition at [22.1601](#).
- (6) For use in subpart [22.17](#), see the definition at [22.1702](#).
- (7) For use in subpart [22.18](#), see the definition at [22.1801](#).
- (8) For use in subpart [22.19](#), see the definition at [22.1901](#).
- (9) For use in subpart [23.1](#), see the definition at [23.101](#).
- (10) For use in [part 25](#), see the definition at [25.003](#).
- (11) For use in [part 27](#), see the definition at [27.001](#).
- (12) For use in subpart [47.4](#), see the definition at [47.401](#).

Unsolicited proposal means a written proposal for a new or innovative idea that is submitted to an agency on the initiative of the offeror for the purpose of obtaining a contract with the Government, and that is not in response to a request for proposals, Broad Agency Announcement, Small Business Innovation Research topic, Small Business Technology Transfer Research topic, Program Research and Development Announcement, or any other Government-initiated solicitation or program.

Value engineering means an analysis of the functions of a program, project, system, product, item of equipment, building, facility, service, or supply of an executive agency, performed by qualified agency or contractor personnel, directed at improving performance, reliability, quality, safety, and life-cycle costs (41 U.S.C. 1711). For use in the clause at [52.248-2](#), see the definition at [52.248-2\(b\)](#).

Value engineering change proposal (VECP)—

- (1) Means a proposal that—
 - (i) Requires a change to the instant contract to implement; and
 - (ii) Results in reducing the overall projected cost to the agency without impairing essential functions or characteristics, provided, that it does not involve a change—
 - (A) In deliverable end item quantities only;
 - (B) In research and development (R&D) items or R&D test quantities that are due solely to results of previous testing under the instant contract; or
 - (C) To the contract type only.
- (2) For use in the clauses at—
 - (i) [52.248-2](#), see the definition at [52.248-2\(b\)](#); and
 - (ii) [52.248-3](#), see the definition at [52.248-3\(b\)](#).

Veteran-owned small business concern means a small business concern—

- (1) Not less than 51 percent of which is owned and controlled by one or more veterans (as defined at [38 U.S.C. 101\(2\)](#)) or, in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more veterans; and
- (2) The management and daily business operations of which are controlled by one or more veterans.

Virgin material means—

- (1) Previously unused raw material, including previously unused copper, aluminum, lead, zinc, iron, other metal or metal ore; or
- (2) Any undeveloped resource that is, or with new technology will become, a source of raw materials.

Voluntary consensus standards means common and repeated use of rules, conditions, guidelines or characteristics for products, or related processes and production methods and related management systems. Voluntary Consensus Standards are developed or adopted by domestic and international voluntary consensus standard making bodies (e.g., International Organization for Standardization (ISO) and ASTM-International). See OMB Circular A-119.

Warranty means a promise or affirmation given by a contractor to the Government regarding the nature, usefulness, or condition of the supplies or performance of services furnished under the contract.

Waste reduction means preventing or decreasing the amount of waste being generated through waste prevention, recycling, or purchasing recycled and environmentally preferable products.

Women-owned small business concern means—

- (1) A small business concern—
 - (i) That is at least 51 percent owned by one or more women; or, in the case of any publicly owned business, at least 51 percent of the stock of which is owned by one or more women; and
 - (ii) Whose management and daily business operations are controlled by one or more women; or

(2) A small business concern eligible under the Women-Owned Small Business Program in accordance with 13 CFR part 127 (see subpart [19.15](#)).

Women-Owned Small Business (WOSB) Program.

(1) "Women-Owned Small Business (WOSB) Program" means a program that authorizes contracting officers to limit competition, including award on a sole-source basis, to—

(i) Economically disadvantaged women-owned small business (EDWOSB) concerns eligible under the WOSB Program for Federal contracts assigned a North American Industry Classification Systems (NAICS) code in an industry in which the Small Business Administration (SBA) has determined that WOSB concerns are underrepresented in Federal procurement; and

(ii) WOSB concerns eligible under the WOSB Program for Federal contracts assigned a NAICS code in an industry in which SBA has determined that WOSB concerns are substantially underrepresented in Federal procurement.

(2) "Economically disadvantaged women-owned small business (EDWOSB) concern" means a small business concern that is at least 51 percent directly and unconditionally owned by, and the management and daily business operations of which are controlled by, one or more women who are citizens of the United States and who are economically disadvantaged in accordance with [13 CFR part 127](#), and the concern is certified by SBA or an approved third-party certifier in accordance with [13 CFR 127.300](#). It automatically qualifies as a women-owned small business (WOSB) concern eligible under the WOSB Program.

(3) "Women-owned small business (WOSB)" concern eligible under the WOSB Program means a small business concern that is at least 51 percent directly and unconditionally owned by, and the management and daily business operations of which are controlled by, one or more women who are citizens of the United States, and the concern is certified by SBA or an approved third-party certifier in accordance with [13 CFR 127.300](#).

Writing or written (see "in writing").

3.000 Scope of part.

This part prescribes policies and procedures for avoiding improper business practices and personal conflicts of interest and for dealing with their apparent or actual occurrence.

Subpart 3.1 - Safeguards**3.101 Standards of conduct.****3.101-1 General.**

Government business shall be conducted in a manner above reproach and, except as authorized by statute or regulation, with complete impartiality and with preferential treatment for none. Transactions relating to the expenditure of public funds require the highest degree of public trust and an impeccable standard of conduct. The general rule is to avoid strictly any conflict of interest or even the appearance of a conflict of interest in Government-contractor relationships. While many Federal laws and regulations place restrictions on the actions of Government personnel, their official conduct must, in addition, be such that they would have no reluctance to make a full public disclosure of their actions.

3.101-2 Solicitation and acceptance of gratuities by Government personnel.

As a rule, no Government employee may solicit or accept, directly or indirectly, any gratuity, gift, favor, entertainment, loan, or anything of monetary value from anyone who (a) has or is seeking to obtain Government business with the employee's agency, (b) conducts activities that are regulated by the employee's agency, or (c) has interests that may be substantially affected by the performance or nonperformance of the employee's official duties. Certain limited exceptions are authorized in agency regulations.

3.101-3 Agency regulations.

(a) Agencies are required by Executive Order 11222 of May 8, 1965, and 5 CFR 735 to prescribe "Standards of Conduct." These agency standards contain-

- (1) Agency-authorized exceptions to [3.101-2](#); and
- (2) Disciplinary measures for persons violating the standards of conduct.

(b) Requirements for employee financial disclosure and restrictions on private employment for former Government employees are in Office of Personnel Management and agency regulations implementing Public Law 95-521, which amended [18 U.S.C. 207](#).

3.102 [Reserved]**3.103 Independent pricing.****3.103-1 Solicitation provision.**

The contracting officer shall insert the provision at [52.203-2](#), Certificate of Independent Price Determination, in solicitations when a firm-fixed-price contract or fixed-price contract with economic price adjustment is contemplated, unless-

- (a) The acquisition is to be made under the simplified acquisition procedures in [part 13](#);
- (b) [Reserved]
- (c) The solicitation is a request for technical proposals under two-step sealed bidding procedures; or
- (d) The solicitation is for utility services for which rates are set by law or regulation.

3.103-2 Evaluating the certification.

(a) *Evaluation guidelines.* (1) None of the following, in and of itself, constitutes "disclosure" as it is used in paragraph (a) (2) of the Certificate of Independent Price Determination (hereafter, the certificate):

- (i) The fact that a firm has published price lists, rates, or tariffs covering items being acquired by the Government.
- (ii) The fact that a firm has informed prospective customers of proposed or pending publication of new or revised price lists for items being acquired by the Government.
- (iii) The fact that a firm has sold the same items to commercial customers at the same prices being offered to the Government.
- (iv) Participating in a reverse auction (see [subpart 17.8](#)).

(2) For the purpose of paragraph (b)(2) of the certificate, an individual may use a blanket authorization to act as an agent for the person(s) responsible for determining the offered prices if-

- (i) The proposed contract to which the certificate applies is clearly within the scope of the authorization; and
- (ii) The person giving the authorization is the person within the offeror's organization who is responsible for determining the prices being offered at the time the certification is made in the particular offer.

(3) If an offer is submitted jointly by two or more concerns, the certification provided by the representative of each concern applies only to the activities of that concern.

(b) Rejection of offers suspected of being collusive. (1) If the offeror deleted or modified paragraph (a)(1) or (3) or paragraph (b) of the certificate, the contracting officer shall reject the offeror's bid or proposal.

(2) If the offeror deleted or modified paragraph (a)(2) of the certificate, the offeror must have furnished with its offer a signed statement of the circumstances of the disclosure of prices contained in the bid or proposal. The chief of the contracting office shall review the altered certificate and the statement and shall determine, in writing, whether the disclosure was made for the purpose or had the effect of restricting competition. If the determination is positive, the bid or proposal shall be rejected; if it is negative, the bid or proposal shall be considered for award.

(3) Whenever an offer is rejected under paragraph (b)(1) or (2) of this section, or the certificate is suspected of being false, the contracting officer shall report the situation to the Attorney General in accordance with [3.303](#).

(4) The determination made under paragraph (2) of this section shall not prevent or inhibit the prosecution of any criminal or civil actions involving the occurrences or transactions to which the certificate relates.

3.103-3 The need for further certifications.

A contractor that properly executed the certificate before award does not have to submit a separate certificate with each proposal to perform a work order or similar ordering instrument issued pursuant to the terms of the contract, where the Government's requirements cannot be met from another source.

3.104 Procurement integrity.

3.104-1 Definitions.

As used in this section—

Agency ethics official means the designated agency ethics official described in 5 CFR 2638.201 or other designated person, including—

(1) Deputy ethics officials described in 5 CFR 2638.204, to whom authority under [3.104-6](#) has been delegated by the designated agency ethics official; and

(2) Alternate designated agency ethics officials described in 5 CFR 2638.202(b).

Compensation means wages, salaries, honoraria, commissions, professional fees, and any other form of compensation, provided directly or indirectly for services rendered. Compensation is indirectly provided if it is paid to an entity other than the individual, specifically in exchange for services provided by the individual.

Contractor bid or proposal information means any of the following information submitted to a Federal agency as part of or in connection with a bid or proposal to enter into a Federal agency procurement contract, if that information has not been previously made available to the public or disclosed publicly:

(1) Cost or pricing data (as defined by [10 U.S.C. 3701\(1\)](#) with respect to procurements subject to that section, and 41 U.S.C. 3501(a)(1), with respect to procurements subject to that section.

(2) Indirect costs and direct labor rates.

(3) Proprietary information about manufacturing processes, operations, or techniques marked by the contractor in accordance with applicable law or regulation.

(4) Information marked by the contractor as "contractor bid or proposal information" in accordance with applicable law or regulation.

(5) Information marked in accordance with [52.215-1\(e\)](#).

Decision to award a subcontract or modification of subcontract means a decision to designate award to a particular source.

Federal agency procurement means the acquisition (by using competitive procedures and awarding a contract) of goods or services (including construction) from non-Federal sources by a Federal agency using appropriated funds. For broad agency announcements and small business innovation research programs, each proposal received by an agency constitutes a separate procurement for purposes of 41 U.S.C. chapter 21.

In excess of \$10,000,000 means—

- (1) The value, or estimated value, at the time of award, of the contract, including all options;
- (2) The total estimated value at the time of award of all orders under an indefinite-delivery, indefinite-quantity, or requirements contract;
- (3) Any multiple award schedule contract, unless the contracting officer documents a lower estimate;
- (4) The value of a delivery order, task order, or an order under a Basic Ordering Agreement;
- (5) The amount paid or to be paid in settlement of a claim; or
- (6) The estimated monetary value of negotiated overhead or other rates when applied to the Government portion of the applicable allocation base.

Official means—

- (1) An officer, as defined in [5 U.S.C.2104](#);
- (2) An employee, as defined in [5 U.S.C.2105](#);
- (3) A member of the uniformed services, as defined in [5 U.S.C.2101\(3\)](#); or
- (4) A special Government employee, as defined in 18 U.S.C.202.

Participating personally and substantially in a Federal agency procurement means—

- (1) Active and significant involvement of an official in any of the following activities directly related to that procurement:
 - (i) Drafting, reviewing, or approving the specification or statement of work for the procurement.;
 - (ii) Preparing or developing the solicitation.
 - (iii) Evaluating bids or proposals, or selecting a source.
 - (iv) Negotiating price or terms and conditions of the contract.
 - (v) Reviewing and approving the award of the contract.
 - (2) "Participating personally" means participating directly, and includes the direct and active supervision of a subordinate's participation in the matter.
 - (3) "Participating substantially" means that the official's involvement is of significance to the matter. Substantial participation requires more than official responsibility, knowledge, perfunctory involvement, or involvement on an administrative or peripheral issue. Participation may be substantial even though it is not determinative of the outcome of a particular matter. A finding of substantiality should be based not only on the effort devoted to a matter, but on the importance of the effort. While a series of peripheral involvements may be insubstantial, the single act of approving or participating in a critical step may be substantial. However, the review of procurement documents solely to determine compliance with regulatory, administrative, or budgetary procedures, does not constitute substantial participation in a procurement.
 - (4) Generally, an official will not be considered to have participated personally and substantially in a procurement solely by participating in the following activities:
 - (i) Agency-level boards, panels, or other advisory committees that review program milestones or evaluate and make recommendations regarding alternative technologies or approaches for satisfying broad agency-level missions or objectives.
 - (ii) The performance of general, technical, engineering, or scientific effort having broad application not directly associated with a particular procurement, notwithstanding that such general, technical, engineering, or scientific effort subsequently may be incorporated into a particular procurement.
 - (iii) Clerical functions supporting the conduct of a particular procurement.
 - (iv) For procurements to be conducted under the procedures of OMB Circular A-76, participation in management studies, preparation of in-house cost estimates, preparation of "most efficient organization" analyses, and furnishing of data or technical support to be used by others in the development of performance standards, statements of work, or specifications.
- Source selection evaluation board* means any board, team, council, or other group that evaluates bids or proposals.

3.104-2 General.

- (a) This section implements [41 U.S.C. chapter 21](#), Restrictions on Obtaining and Disclosing Certain Information. Agency supplementation of [3.104](#), including specific definitions to identify individuals who occupy positions specified in [3.104-3\(d\)](#) (1)(ii), and any clauses required by [3.104](#) must be approved by the senior procurement executive of the agency, unless a law establishes a higher level of approval for that agency.
- (b) Agency officials are reminded that there are other statutes and regulations that deal with the same or related prohibited conduct, for example-
 - (1) The offer or acceptance of a bribe or gratuity is prohibited by 18 U.S.C. 201 and [10 U.S.C. 4651](#). The acceptance of a gift, under certain circumstances, is prohibited by [5 U.S.C. 7353](#) and 5 CFR Part 2635;

(2) Contacts with an offeror during the conduct of an acquisition may constitute "seeking employment," (see Subpart F of 5 CFR Part 2636 and [3.104-3\(c\)\(2\)](#)). Government officers and employees (employees) are prohibited by 18 U.S.C. 208 and 5 CFR Part 2635 from participating personally and substantially in any particular matter that would affect the financial interests of any person with whom the employee is seeking employment. An employee who engages in negotiations or is otherwise seeking employment with an offeror or who has an arrangement concerning future employment with an offeror must comply with the applicable disqualification requirements of 5 CFR 2635.604 and 2635.606. The statutory prohibition in 18 U.S.C. 208 also may require an employee's disqualification from participation in the acquisition even if the employee's duties may not be considered "participating personally and substantially," as this term is defined in [3.104-1](#);

(3) Post-employment restrictions are covered by 18 U.S.C. 207 and 5 CFR parts 2637 and 2641, that prohibit certain activities by former Government employees, including representation of a contractor before the Government in relation to any contract or other particular matter involving specific parties on which the former employee participated personally and substantially while employed by the Government. Additional restrictions apply to certain senior Government employees and for particular matters under an employee's official responsibility;

(4) [parts 14](#) and [15](#) place restrictions on the release of information related to procurements and other contractor information that must be protected under 18 U.S.C. 1905;

(5) Release of information both before and after award (see [3.104-4](#)) may be prohibited by the Privacy Act ([5 U.S.C. 552a](#)), the Trade Secrets Act (18 U.S.C. 1905), and other laws; and

(6) Using nonpublic information to further an employee's private interest or that of another and engaging in a financial transaction using nonpublic information are prohibited by 5 CFR 2635.703.

3.104-3 Statutory and related prohibitions, restrictions, and requirements.

(a) Prohibition on disclosing procurement information (41 U.S.C. 2102). (1) A person described in paragraph (a)(2) of this subsection must not, other than as provided by law, knowingly disclose contractor bid or proposal information or source selection information before the award of a Federal agency procurement contract to which the information relates. (See [3.104-4\(a\)](#).)

(2) Paragraph (a)(1) of this subsection applies to any person who-

(i) Is a present or former official of the United States, or a person who is acting or has acted for or on behalf of, or who is advising or has advised the United States with respect to, a Federal agency procurement; and

(ii) By virtue of that office, employment, or relationship, has or had access to contractor bid or proposal information or source selection information.

(b) *Prohibition on obtaining procurement information* (41 U.S.C. 2102). A person must not, other than as provided by law, knowingly obtain contractor bid or proposal information or source selection information before the award of a Federal agency procurement contract to which the information relates.

(c) Actions required when an agency official contacts or is contacted by an offeror regarding non-Federal employment (41 U.S.C. 2103). (1) If an agency official, participating personally and substantially in a Federal agency procurement for a contract in excess of the simplified acquisition threshold, contacts or is contacted by a person who is an offeror in that Federal agency procurement regarding possible non-Federal employment for that official, the official must-

(i) Promptly report the contact in writing to the official's supervisor and to the agency ethics official; and

(ii) Either reject the possibility of non-Federal employment or disqualify himself or herself from further personal and substantial participation in that Federal agency procurement (see [3.104-5](#)) until such time as the agency authorizes the official to resume participation in that procurement, in accordance with the requirements of 18 U.S.C. 208 and applicable agency regulations, because-

(A) The person is no longer an offeror in that Federal agency procurement; or

(B) All discussions with the offeror regarding possible non-Federal employment have terminated without an agreement or arrangement for employment.

(2) A contact is any of the actions included as "seeking employment" in 5 CFR 2635.603(b). In addition, unsolicited communications from offerors regarding possible employment are considered contacts.

(3) Agencies must retain reports of employment contacts for 2 years from the date the report was submitted.

(4) Conduct that complies with [41 U.S.C. 2104](#) may be prohibited by other criminal statutes and the Standards of Ethical Conduct for Employees of the Executive Branch. See [3.104-2\(b\)\(2\)](#).

(d) Prohibition on former official's acceptance of compensation from a contractor (41 U.S.C. 2104). (1) A former official of a Federal agency may not accept compensation from a contractor that has been awarded a competitive or sole source contract, as an employee, officer, director, or consultant of the contractor within a period of 1 year after such former official-

(i) Served, at the time of selection of the contractor or the award of a contract to that contractor, as the procuring contracting officer, the source selection authority, a member of a source selection evaluation board, or the chief of a financial or technical evaluation team in a procurement in which that contractor was selected for award of a contract in excess of \$10,000,000;

(ii) Served as the program manager, deputy program manager, or administrative contracting officer for a contract in excess of \$10,000,000 awarded to that contractor; or

(iii) Personally made for the Federal agency a decision to-

(A) Award a contract, subcontract, modification of a contract or subcontract, or a task order or delivery order in excess of \$10,000,000 to that contractor;

(B) Establish overhead or other rates applicable to a contract or contracts for that contractor that are valued in excess of \$10,000,000;

(C) Approve issuance of a contract payment or payments in excess of \$10,000,000 to that contractor; or

(D) Pay or settle a claim in excess of \$10,000,000 with that contractor.

(2) The 1-year prohibition begins on the date-

(i) Of contract award for positions described in paragraph (d)(1)(i) of this subsection, or the date of contractor selection if the official was not serving in the position on the date of award;

(ii) The official last served in one of the positions described in paragraph (d)(1)(ii) of this subsection; or

(iii) The official made one of the decisions described in paragraph (d)(1)(iii) of this subsection.

(3) Nothing in paragraph (d)(1) of this subsection may be construed to prohibit a former official of a Federal agency from accepting compensation from any division or affiliate of a contractor that does not produce the same or similar products or services as the entity of the contractor that is responsible for the contract referred to in paragraph (d)(1) of this subsection.

3.104-4 Disclosure, protection, and marking of contractor bid or proposal information and source selection information.

(a) Except as specifically provided for in this subsection, no person or other entity may disclose contractor bid or proposal information or source selection information to any person other than a person authorized, in accordance with applicable agency regulations or procedures, by the agency head or the contracting officer to receive such information.

(b) Contractor bid or proposal information and source selection information must be protected from unauthorized disclosure in accordance with [14.401](#), [15.207](#), applicable law, and agency regulations.

(c) Individuals unsure if particular information is source selection information, as defined in [2.101](#), should consult with agency officials as necessary. Individuals responsible for preparing material that may be source selection information as described at paragraph (10) of the "source selection information" definition in [2.101](#) must mark the cover page and each page that the individual believes contains source selection information with the legend "*Source Selection Information-See FAR 2.101 and 3.104.*" Although the information in paragraphs (1) through (9) of the definition in [2.101](#) is considered to be source selection information whether or not marked, all reasonable efforts must be made to mark such material with the same legend.

(d) Except as provided in paragraph (d)(3) of this subsection, the contracting officer must notify the contractor in writing if the contracting officer believes that proprietary information, contractor bid or proposal information, or information marked in accordance with [52.215-1\(e\)](#) has been inappropriately marked. The contractor that has affixed the marking must be given an opportunity to justify the marking.

(1) If the contractor agrees that the marking is not justified, or does not respond within the time specified in the notice, the contracting officer may remove the marking and release the information.

(2) If, after reviewing the contractor's justification, the contracting officer determines that the marking is not justified, the contracting officer must notify the contractor in writing before releasing the information.

(3) For technical data marked as proprietary by a contractor, the contracting officer must follow the procedures in [27.404-5](#).

(e) This section does not restrict or prohibit-

(1) A contractor from disclosing its own bid or proposal information or the recipient from receiving that information. During reverse auctions, agencies may reveal to all offerors the offered price(s), but shall not reveal any offeror's identity except for the awardee's identity subsequent to an award resulting from the auction (see [subpart 17.8](#));

(2) The disclosure or receipt of information, not otherwise protected, relating to a Federal agency procurement after it has been canceled by the Federal agency, before contract award, unless the Federal agency plans to resume the procurement;

(3) Individual meetings between a Federal agency official and an offeror or potential offeror for, or a recipient of, a contract or subcontract under a Federal agency procurement, provided that unauthorized disclosure or receipt of contractor bid or proposal information or source selection information does not occur; or

(4) The Government's use of technical data in a manner consistent with the Government's rights in the data.

(f) This section does not authorize-

(1) The withholding of any information pursuant to a proper request from the Congress, any committee or subcommittee thereof, a Federal agency, the Comptroller General, or an Inspector General of a Federal agency, except as otherwise authorized by law or regulation. Any release containing contractor bid or proposal information or source selection information must clearly identify the information as contractor bid or proposal information or source selection information related to the conduct of a Federal agency procurement and notify the recipient that the disclosure of the information is restricted by [41 U.S.C. chapter 21](#);

(2) The withholding of information from, or restricting its receipt by, the Comptroller General in the course of a protest against the award or proposed award of a Federal agency procurement contract;

(3) The release of information after award of a contract or cancellation of a procurement if such information is contractor bid or proposal information or source selection information that pertains to another procurement; or

(4) The disclosure, solicitation, or receipt of bid or proposal information or source selection information after award if disclosure, solicitation, or receipt is prohibited by law. (See [3.104-2\(b\)\(5\)](#) and [subpart 24.2](#).)

3.104-5 Disqualification.

(a) *Contacts through agents or other intermediaries.* Employment contacts between the employee and the offeror, that are conducted through agents, or other intermediaries, may require disqualification under [3.104-3\(c\)\(1\)](#). These contacts may also require disqualification under other statutes and regulations. (See [3.104-2\(b\)\(2\)](#).)

(b) *Disqualification notice.* In addition to submitting the contact report required by [3.104-3\(c\)\(1\)](#), an agency official who must disqualify himself or herself pursuant to [3.104-3\(c\)\(1\)\(ii\)](#) must promptly submit written notice of disqualification from further participation in the procurement to the contracting officer, the source selection authority if other than the contracting officer, and the agency official's immediate supervisor. As a minimum, the notice must-

(1) Identify the procurement;

(2) Describe the nature of the agency official's participation in the procurement and specify the approximate dates or time period of participation; and

(3) Identify the offeror and describe its interest in the procurement.

(c) Resumption of participation in a procurement. (1) The official must remain disqualified until such time as the agency, at its sole and exclusive discretion, authorizes the official to resume participation in the procurement in accordance with [3.104-3\(c\)\(1\)\(ii\)](#).

(2) After the conditions of [3.104-3\(c\)\(1\)\(ii\)\(A\)](#) or (B) have been met, the head of the contracting activity (HCA), after consultation with the agency ethics official, may authorize the disqualified official to resume participation in the procurement, or may determine that an additional disqualification period is necessary to protect the integrity of the procurement process. In determining the disqualification period, the HCA must consider any factors that create an appearance that the disqualified official acted without complete impartiality in the procurement. The HCA's reinstatement decision should be in writing.

(3) Government officer or employee must also comply with the provisions of [18 U.S.C.208](#) and 5 CFR part 2635 regarding any resumed participation in a procurement matter. Government officer or employee may not be reinstated to participate in a procurement matter affecting the financial interest of someone with whom the individual is seeking employment, unless the individual receives-

(i) A waiver pursuant to [18 U.S.C. 208\(b\)\(1\)](#) or (b)(3); or

(ii) An authorization in accordance with the requirements of subpart F of 5 CFR part 2635.

3.104-6 Ethics advisory opinions regarding prohibitions on a former official's acceptance of compensation from a contractor.

(a) An official or former official of a Federal agency who does not know whether he or she is or would be precluded by [41 U.S.C. 2104](#) (see [3.104-3\(d\)](#)) from accepting compensation from a particular contractor may request advice from the appropriate agency ethics official before accepting such compensation.

(b) The request for an advisory opinion must be in writing, include all relevant information reasonably available to the official or former official, and be dated and signed. The request must include information about the-

- (1) Procurement(s), or decision(s) on matters under [3.104-3\(d\)\(1\)\(iii\)](#), involving the particular contractor, in which the individual was or is involved, including contract or solicitation numbers, dates of solicitation or award, a description of the supplies or services procured or to be procured, and contract amount;
 - (2) Individual's participation in the procurement or decision, including the dates or time periods of that participation, and the nature of the individual's duties, responsibilities, or actions; and
 - (3) Contractor, including a description of the products or services produced by the division or affiliate of the contractor from whom the individual proposes to accept compensation.
- (c) Within 30 days after receipt of a request containing complete information, or as soon thereafter as practicable, the agency ethics official should issue an opinion on whether the proposed conduct would violate [41 U.S.C. 2104](#).
- (d) (1) If complete information is not included in the request, the agency ethics official may ask the requester to provide more information or request information from other persons, including the source selection authority, the contracting officer, or the requester's immediate supervisor.
- (2) In issuing an opinion, the agency ethics official may rely upon the accuracy of information furnished by the requester or other agency sources, unless he or she has reason to believe that the information is fraudulent, misleading, or otherwise incorrect.
- (3) If the requester is advised in a written opinion by the agency ethics official that the requester may accept compensation from a particular contractor, and accepts such compensation in good faith reliance on that advisory opinion, then neither the requester nor the contractor will be found to have knowingly violated [41 U.S.C. 2104](#). If the requester or the contractor has actual knowledge or reason to believe that the opinion is based upon fraudulent, misleading, or otherwise incorrect information, their reliance upon the opinion will not be deemed to be in good faith.

3.104-7 Violations or possible violations.

- (a) A contracting officer who receives or obtains information of a violation or possible violation of [41 U.S.C. 2102](#), 2103, or 2104 (see [3.104-3](#)) must determine if the reported violation or possible violation has any impact on the pending award or selection of the contractor.
- (1) If the contracting officer concludes that there is no impact on the procurement, the contracting officer must forward the information concerning the violation or possible violation and documentation supporting a determination that there is no impact on the procurement to an individual designated in accordance with agency procedures.
- (i) If that individual concurs, the contracting officer may proceed with the procurement.
 - (ii) If that individual does not concur, the individual must promptly forward the information and documentation to the HCA and advise the contracting officer to withhold award.
- (2) If the contracting officer concludes that the violation or possible violation impacts the procurement, the contracting officer must promptly forward the information to the HCA.
- (b) The HCA must review all information available and, in accordance with agency procedures, take appropriate action, such as—
- (1) Advise the contracting officer to continue with the procurement;
 - (2) Begin an investigation;
 - (3) Refer the information disclosed to appropriate criminal investigative agencies;
 - (4) Conclude that a violation occurred; or
 - (5) Recommend that the agency head determine that the contractor, or someone acting for the contractor, has engaged in conduct constituting an offense punishable under [41 U.S.C. 2105](#), for the purpose of voiding or rescinding the contract.
- (c) Before concluding that an offeror, contractor, or person has violated [41 U.S.C. chapter 21](#), the HCA may consider that the interests of the Government are best served by requesting information from appropriate parties regarding the violation or possible violation.
- (d) If the HCA concludes that [41 U.S.C. chapter 21](#) has been violated, the HCA may direct the contracting officer to—
- (1) If a contract has not been awarded—
 - (i) Cancel the procurement;
 - (ii) Disqualify an offeror; or
 - (iii) Take any other appropriate actions in the interests of the Government.
 - (2) If a contract has been awarded—
 - (i) Effect appropriate contractual remedies, including profit recapture under the clause at [52.203-10](#), Price or Fee Adjustment for Illegal or Improper Activity, or, if the contract has been rescinded under paragraph (d)(2)(ii) of this subsection, recovery of the amount expended under the contract;

(ii) Void or rescind the contract with respect to which—

(A) The contractor or someone acting for the contractor has been convicted for an offense where the conduct constitutes a violation of [41 U.S.C. 2102](#) for the purpose of either—

(1) Exchanging the information covered by the subsections for anything of value; or

(2) Obtaining or giving anyone a competitive advantage in the award of a Federal agency procurement contract; or

(B) The agency head has determined, based upon a preponderance of the evidence, that the contractor or someone acting for the contractor has engaged in conduct constituting an offense punishable under [41 U.S.C. 2105\(a\)](#); or

(iii) Take any other appropriate actions in the best interests of the Government.

(3) Refer the matter to the agency suspending and debarring official.

(e) The HCA should recommend or direct an administrative or contractual remedy commensurate with the severity and effect of the violation.

(f) If the HCA determines that urgent and compelling circumstances justify an award, or award is otherwise in the interests of the Government, the HCA, in accordance with agency procedures, may authorize the contracting officer to award the contract or execute the contract modification after notifying the agency head.

(g) The HCA may delegate his or her authority under this subsection to an individual at least one organizational level above the contracting officer and of General Officer, Flag, Senior Executive Service, or equivalent rank.

3.104-8 Criminal and civil penalties, and further administrative remedies.

Criminal and civil penalties, and administrative remedies, may apply to conduct that violates [41 U.S.C. chapter 21](#) (see [3.104-3](#)). See [33.102\(f\)](#) for special rules regarding bid protests. See [3.104-7](#) for administrative remedies relating to contracts.

(a) An official who knowingly fails to comply with the requirements of [3.104-3](#) is subject to the penalties and administrative action set forth in [41 U.S.C. 2105](#).

(b) An offeror who engages in employment discussion with an official subject to the restrictions of [3.104-3](#), knowing that the official has not complied with [3.104-3\(c\)\(1\)](#), is subject to the criminal, civil, or administrative penalties set forth in [41 U.S.C. 2105](#).

(c) An official who refuses to terminate employment discussions (see [3.104-5](#)) may be subject to agency administrative actions under 5 CFR 2635.604(d) if the official's disqualification from participation in a particular procurement interferes substantially with the individual's ability to perform assigned duties.

3.104-9 Contract clauses.

In solicitations and contracts that exceed the simplified acquisition threshold, other than those for commercial products or commercial services, insert the clauses at—

(a) [52.203-8](#), Cancellation, Rescission, and Recovery of Funds for Illegal or Improper Activity; and

(b) [52.203-10](#), Price or Fee Adjustment for Illegal or Improper Activity.

Subpart 3.2 - Contractor Gratuities to Government Personnel

3.201 Applicability.

This subpart applies to all executive agencies, except that coverage concerning exemplary damages applies only to the Department of Defense ([10 U.S.C. 4651](#)).

3.202 Contract clause.

The contracting officer shall insert the clause at [52.203-3](#), Gratuities, in solicitations and contracts with a value exceeding the simplified acquisition threshold, except those for personal services and those between military departments or defense agencies and foreign governments that do not obligate any funds appropriated to the Department of Defense.

3.203 Reporting suspected violations of the Gratuities clause.

Agency personnel shall report suspected violations of the Gratuities clause to the contracting officer or other designated official in accordance with agency procedures. The agency reporting procedures shall be published as an implementation of this section [3.203](#) and shall clearly specify-

- (a) What to report and how to report it; and
- (b) The channels through which reports must pass, including the function and authority of each official designated to review them.

3.204 Treatment of violations.

(a) Before taking any action against a contractor, the agency head or a designee shall determine, after notice and hearing under agency procedures, whether the contractor, its agent, or another representative, under a contract containing the Gratuities clause-

- (1) Offered or gave a gratuity (*e.g.*, an entertainment or gift) to an officer, official, or employee of the Government; and
- (2) Intended by the gratuity to obtain a contract or favorable treatment under a contract (intent generally must be inferred).

(b) Agency procedures shall afford the contractor an opportunity to appear with counsel, submit documentary evidence, present witnesses, and confront any person the agency presents. The procedures should be as informal as practicable, consistent with principles of fundamental fairness.

(c) When the agency head or designee determines that a violation has occurred, the Government may-

- (1) Terminate the contractor's right to proceed;
- (2) Initiate debarment or suspension measures as set forth in [subpart 9.4](#); and
- (3) Assess exemplary damages, if the contract uses money appropriated to the Department of Defense.

This page intentionally left blank.

Subpart 3.3 - Reports of Suspected Antitrust Violations

3.301 General.

(a) Practices that eliminate competition or restrain trade usually lead to excessive prices and may warrant criminal, civil, or administrative action against the participants. Examples of anticompetitive practices are collusive bidding, follow-the-leader pricing, rotated low bids, collusive price estimating systems, and sharing of the business.

(b) Contracting personnel are an important potential source of investigative leads for antitrust enforcement and should therefore be sensitive to indications of unlawful behavior by offerors and contractors. Agency personnel shall report, in accordance with agency regulations, evidence of suspected antitrust violations in acquisitions for possible referral to-

- (1) The Attorney General under [3.303](#); and
- (2) The agency office responsible for contractor debarment and suspension under [subpart 9.4](#).

3.302 Definitions.

As used in this subpart-

Identical bids means bids for the same line item that are determined to be identical as to unit price or total line item amount, with or without the application of evaluation factors (*e.g.*, discount or transportation cost).

3.303 Reporting suspected antitrust violations.

(a) Agencies are required by [41 U.S.C.3707](#) and [10 U.S.C. 3307](#) to report to the Attorney General any bids or proposals that evidence a violation of the antitrust laws. These reports are in addition to those required by [subpart 9.4](#).

(b) The antitrust laws are intended to ensure that markets operate competitively. Any agreement or mutual understanding among competing firms that restrains the natural operation of market forces is suspect. Paragraph (c) of this section identifies behavior patterns that are often associated with antitrust violations. Activities meeting the descriptions in paragraph (c) are not necessarily improper, but they are sufficiently questionable to warrant notifying the appropriate authorities, in accordance with agency procedures.

(c) Practices or events that may evidence violations of the antitrust laws include-

- (1) The existence of an "industry price list" or "price agreement" to which contractors refer in formulating their offers;
- (2) A sudden change from competitive bidding to identical bidding;
- (3) Simultaneous price increases or follow-the-leader pricing;
- (4) Rotation of bids or proposals, so that each competitor takes a turn in sequence as low bidder, or so that certain competitors bid low only on some sizes of contracts and high on other sizes;
- (5) Division of the market, so that certain competitors bid low only for contracts awarded by certain agencies, or for contracts in certain geographical areas, or on certain products, and bid high on all other jobs;
- (6) Establishment by competitors of a collusive price estimating system;
- (7) The filing of a joint bid by two or more competitors when at least one of the competitors has sufficient technical capability and productive capacity for contract performance;
- (8) Any incidents suggesting direct collusion among competitors, such as the appearance of identical calculation or spelling errors in two or more competitive offers or the submission by one firm of offers for other firms; and
- (9) Assertions by the employees, former employees, or competitors of offerors, that an agreement to restrain trade exists.

(d) Identical bids shall be reported under this section if the agency has some reason to believe that the bids resulted from collusion.

(e) For offers from foreign contractors for contracts to be performed outside the United States and its outlying areas, contracting officers may refer suspected collusive offers to the authorities of the foreign government concerned for appropriate action.

(f) Agency reports shall be addressed to the-
Attorney General
U.S. Department of Justice
Washington DC 20530
Attention: Assistant Attorney General
Antitrust Division
and shall include-

- (1) A brief statement describing the suspected practice and the reason for the suspicion; and

(2) The name, address, and telephone number of an individual in the agency who can be contacted for further information.

(g) Questions concerning this reporting requirement may be communicated by telephone directly to the Office of the Assistant Attorney General, Antitrust Division.

Subpart 3.4 - Contingent Fees

3.400 Scope of subpart.

This subpart prescribes policies and procedures that restrict contingent fee arrangements for soliciting or obtaining Government contracts to those permitted by [10 U.S.C. 3321\(b\)\(1\)](#) and [41 U.S.C. 3901](#).

3.401 Definitions.

As used in this subpart-

Bona fide agency means an established commercial or selling agency, maintained by a contractor for the purpose of securing business, that neither exerts nor proposes to exert improper influence to solicit or obtain Government contracts nor holds itself out as being able to obtain any Government contract or contracts through improper influence.

Bona fide employee means a person, employed by a contractor and subject to the contractor's supervision and control as to time, place, and manner of performance, who neither exerts nor proposes to exert improper influence to solicit or obtain Government contracts nor holds out as being able to obtain any Government contract or contracts through improper influence.

Contingent fee means any commission, percentage, brokerage, or other fee that is contingent upon the success that a person or concern has in securing a Government contract.

Improper influence means any influence that induces or tends to induce a Government employee or officer to give consideration or to act regarding a Government contract on any basis other than the merits of the matter.

3.402 Statutory requirements.

Contractors' arrangements to pay contingent fees for soliciting or obtaining Government contracts have long been considered contrary to public policy because such arrangements may lead to attempted or actual exercise of improper influence. In [10 U.S.C. 3321\(b\)](#) and [41 U.S.C. 3901](#), Congress affirmed this public policy but permitted certain exceptions. These statutes-

- (a) Require in every negotiated contract a warranty by the contractor against contingent fees;
- (b) Permit, as an exception to the warranty, contingent fee arrangements between contractors and bona fide employees or bona fide agencies; and
- (c) Provide that, for breach or violation of the warranty by the contractor, the Government may annul the contract without liability or deduct from the contract price or consideration, or otherwise recover, the full amount of the contingent fee.

3.403 Applicability.

This subpart applies to all contracts. Statutory requirements for negotiated contracts are, as a matter of policy, extended to sealed bid contracts.

3.404 Contract clause.

The contracting officer shall insert the clause at [52.203-5](#), Covenant Against Contingent Fees, in all solicitations and contracts exceeding the simplified acquisition threshold, other than those for commercial products or commercial services (see [parts 2](#) and [12](#)).

3.405 Misrepresentations or violations of the Covenant Against Contingent Fees.

(a) Government personnel who suspect or have evidence of attempted or actual exercise of improper influence, misrepresentation of a contingent fee arrangement, or other violation of the Covenant Against Contingent Fees shall report the matter promptly to the contracting officer or appropriate higher authority in accordance with agency procedures.

(b) When there is specific evidence or other reasonable basis to suspect one or more of the violations in paragraph (a) of this section, the chief of the contracting office shall review the facts and, if appropriate, take or direct one or more of the following, or other, actions:

- (1) If before award, reject the bid or proposal.
- (2) If after award, enforce the Government's right to annul the contract or to recover the fee.
- (3) Initiate suspension or debarment action under [subpart 9.4](#).
- (4) Refer suspected fraudulent or criminal matters to the Department of Justice, as prescribed in agency regulations.

3.406 Records.

For enforcement purposes, agencies shall preserve any specific evidence of one or more of the violations in [3.405\(a\)](#), together with all other pertinent data, including a record of actions taken. Contracting offices shall not retire or destroy these records until it is certain that they are no longer needed for enforcement purposes. If the original record is maintained in a central file, a copy must be retained in the contract file.

Subpart 3.5 - Other Improper Business Practices

3.501 Buying-in.

3.501-1 Definition.

Buying-in, as used in this section, means submitting an offer below anticipated costs, expecting to-

- (1) Increase the contract amount after award (*e.g.*, through unnecessary or excessively priced change orders); or
- (2) Receive follow-on contracts at artificially high prices to recover losses incurred on the buy-in contract.

3.501-2 General.

(a) Buying-in may decrease competition or result in poor contract performance. The contracting officer must take appropriate action to ensure buying-in losses are not recovered by the contractor through the pricing of-

- (1) Change orders; or
- (2) Follow-on contracts subject to cost analysis.

(b) The Government should minimize the opportunity for buying-in by seeking a price commitment covering as much of the entire program concerned as is practical by using-

- (1) Multiyear contracting, with a requirement in the solicitation that a price be submitted only for the total multi-year quantity; or
- (2) Priced options for additional quantities that, together with the firm contract quantity, equal the program requirements (see [subpart 17.2](#)).

(c) Other safeguards are available to the contracting officer to preclude recovery of buying-in losses (*e.g.*, amortization of nonrecurring costs (see [15.408](#), [Table 15-1](#), paragraph A, column (2) under "Formats for Submission of Line Item Summaries") and treatment of unreasonable price quotations (see [15.405](#)).

3.502 Subcontractor kickbacks.

3.502-1 Definitions.

As used in this section—

Kickback means any money, fee, commission, credit, gift, gratuity, thing of value, or compensation of any kind which is provided to any prime contractor, prime contractor employee, subcontractor, or subcontractor employee for the purpose of improperly obtaining or rewarding favorable treatment in connection with a prime contract or in connection with a subcontract relating to a prime contract.

Person means a corporation, partnership, business association of any kind, trust, joint-stock company, or individual.

Prime contract means a contract or contractual action entered into by the United States for the purpose of obtaining supplies, materials, equipment, or services of any kind.

Prime Contractor means a person who has entered into a prime contract with the United States.

Prime Contractor employee, as used in this section, means any officer, partner, employee, or agent of a prime contractor.

Subcontract means a contract or contractual action entered into by a prime contractor or subcontractor for the purpose of obtaining supplies, materials, equipment, or services of any kind under a prime contract.

Subcontractor—

(1) Means any person, other than the prime contractor, who offers to furnish or furnishes any supplies, materials, equipment, or services of any kind under a prime contract or a subcontract entered into in connection with such prime contract; and

(2) Includes any person who offers to furnish or furnishes general supplies to the prime contractor or a higher tier subcontractor.

3.502-2 Subcontractor kickbacks.

The Anti-Kickback Act of 1986 (now codified at [41 U.S.C. chapter 87](#), Kickbacks,) was passed to deter subcontractors from making payments and contractors from accepting payments for the purpose of improperly obtaining or rewarding favorable treatment in connection with a prime contract or a subcontract relating to a prime contract. The Kickbacks statute-

(a) Prohibits any person from-

- (1) Providing, attempting to provide, or offering to provide any kickback;
- (2) Soliciting, accepting, or attempting to accept any kickback; or

(3) Including, directly or indirectly, the amount of any kickback in the contract price charged by a subcontractor to a prime contractor or a higher tier subcontractor or in the contract price charged by a prime contractor to the United States.

(b) Imposes criminal penalties on any person who knowingly and willfully engages in the prohibited conduct addressed in paragraph (a) of this section.

(c) Provides for the recovery of civil penalties by the United States from any person who knowingly engages in such prohibited conduct and from any person whose employee, subcontractor, or subcontractor employee provides, accepts, or charges a kickback.

(d) Provides that-

(1) The contracting officer may offset the amount of a kickback against monies owed by the United States to the prime contractor under the prime contract to which such kickback relates;

(2) The contracting officer may direct a prime contractor to withhold from any sums owed to a subcontractor under a subcontract of the prime contract the amount of any kickback which was or may be offset against the prime contractor under paragraph (d)(1) of this section; and

(3) An offset under paragraph (d)(1) or a direction under paragraph (d)(2) of this section is a claim by the Government for the purposes of [41 U.S.C. chapter 71](#), Contract Disputes.

(e) Authorizes contracting officers to order that sums withheld under paragraph (d)(2) of this section be paid to the contracting agency, or if the sum has already been offset against the prime contractor, that it be retained by the prime contractor.

(f) Requires the prime contractor to notify the contracting officer when the withholding under paragraph (d)(2) of this section has been accomplished unless the amount withheld has been paid to the Government.

(g) Requires a prime contractor or subcontractor to report in writing to the inspector general of the contracting agency, the head of the contracting agency if the agency does not have an inspector general, or the Attorney General any possible violation of the Kickbacks statute when the prime contractor or subcontractor has reasonable grounds to believe such violation may have occurred.

(h) Provides that, for the purpose of ascertaining whether there has been a violation of the Kickbacks statute with respect to any prime contract, the Government Accountability Office and the inspector general of the contracting agency, or a representative of such contracting agency designated by the head of the agency if the agency does not have an inspector general, shall have access to and may inspect the facilities and audit the books and records, including any electronic data or records, of any prime contractor or subcontractor under a prime contract awarded by such agency.

(i) Requires each contracting agency to include in each prime contract, other than for commercial products or commercial services, exceeding \$150,000, a requirement that the prime contractor shall-

(1) Have in place and follow reasonable procedures designed to prevent and detect violations of the Kickbacks statute in its own operations and direct business relationships (*e.g.*, company ethics rules prohibiting kickbacks by employees, agents, or subcontractors; education programs for new employees and subcontractors, explaining policies about kickbacks, related company procedures and the consequences of detection; procurement procedures to minimize the opportunity for kickbacks; audit procedures designed to detect kickbacks; periodic surveys of subcontractors to elicit information about kickbacks; procedures to report kickbacks to law enforcement officials; annual declarations by employees of gifts or gratuities received from subcontractors; annual employee declarations that they have violated no company ethics rules; personnel practices that document unethical or illegal behavior and make such information available to prospective employers); and

(2) Cooperate fully with any Federal agency investigating a possible violation of the Kickbacks statute.

(j) Notwithstanding paragraph (i) of this section, a prime contractor shall cooperate fully with any Federal Government agency investigating a violation of [41 U.S.C. 8702](#) (see [41 U.S.C. 8703\(b\)](#)).

3.502-3 Contract clause.

The contracting officer shall insert the clause at [52.203-7](#), Anti-Kickback Procedures, in solicitations and contracts exceeding \$150,000, other than those for commercial products or commercial services (see [part 12](#)).

3.503 Unreasonable restrictions on subcontractor sales.**3.503-1 Policy.**

[10 U.S.C. 4655](#) and [41 U.S.C. 4704](#) require that subcontractors not be unreasonably precluded from making direct sales to the Government of any supplies or services made or furnished under a contract. However, this does not preclude contractors from asserting rights that are otherwise authorized by law or regulation.

3.503-2 Contract clause.

The contracting officer shall insert the clause at [52.203-6](#), Restrictions on Subcontractor Sales to the Government, in solicitations and contracts exceeding the simplified acquisition threshold. For the acquisition of commercial products or commercial services, the contracting officer shall use the clause with its Alternate I.

This page intentionally left blank.

Subpart 3.6 - Contracts with Government Employees or Organizations Owned or Controlled by Them

3.601 Policy.

(a) Except as specified in [3.602](#), a contracting officer shall not knowingly award a contract to a Government employee or to a business concern or other organization owned or substantially owned or controlled by one or more Government employees. This policy is intended to avoid any conflict of interest that might arise between the employees' interests and their Government duties, and to avoid the appearance of favoritism or preferential treatment by the Government toward its employees.

(b) For purposes of this subpart, special Government employees (as defined in [18 U.S.C. 202](#)) performing services as experts, advisors, or consultants, or as members of advisory committees, are not considered Government employees unless-

- (1) The contract arises directly out of the individual's activity as a special Government employee;
- (2) In the individual's capacity as a special Government employee, the individual is in a position to influence the award of the contract; or
- (3) Another conflict of interest is determined to exist.

3.602 Exceptions.

The agency head, or a designee not below the level of the head of the contracting activity, may authorize an exception to the policy in [3.601](#) only if there is a most compelling reason to do so, such as when the Government's needs cannot reasonably be otherwise met.

3.603 Responsibilities of the contracting officer.

(a) Before awarding a contract, the contracting officer shall obtain an authorization under [3.602](#) if-

- (1) The contracting officer knows, or has reason to believe, that a prospective contractor is one to which award is otherwise prohibited under [3.601](#); and
- (2) There is a most compelling reason to make an award to that prospective contractor.

(b) The contracting officer shall comply with the requirements and guidance in [subpart 9.5](#) before awarding a contract to an organization owned or substantially owned or controlled by Government employees.

This page intentionally left blank.

Subpart 3.7 - Voiding and Rescinding Contracts

3.700 Scope of subpart.

(a) This subpart prescribes Governmentwide policies and procedures for exercising discretionary authority to declare void and rescind contracts in relation to which-

(1) There has been a final conviction for bribery, conflict of interest, disclosure or receipt of contractor bid or proposal information or source selection information in exchange for a thing of value or to give anyone a competitive advantage in the award of a Federal agency procurement contract, or similar misconduct; or

(2) There has been an agency head determination that contractor bid or proposal information or source selection information has been disclosed or received in exchange for a thing of value, or for the purpose of obtaining or giving anyone a competitive advantage in the award of a Federal agency procurement contract.

(b) This subpart does not prescribe policies or procedures for, or govern the exercise of, any other remedy available to the Government with respect to such contracts, including but not limited to, the common law right of avoidance, rescission, or cancellation.

3.701 Purpose.

This subpart provides-

(a) An administrative remedy with respect to contracts in relation to which there has been-

(1) A final conviction for bribery, conflict of interest, disclosure or receipt of contractor bid or proposal information or source selection information in exchange for a thing of value or to give anyone a competitive advantage in the award of a Federal agency procurement contract, or similar misconduct; or

(2) An agency head determination that contractor bid or proposal information or source selection information has been disclosed or received in exchange for a thing of value, or for the purpose of obtaining or giving anyone a competitive advantage in the award of a Federal agency procurement contract; and

(b) A means to deter similar misconduct in the future by those who are involved in the award, performance, and administration of Government contracts.

3.702 Definition.

Final conviction means a conviction, whether entered on a verdict or plea, including a plea of nolo contendere, for which a sentence has been imposed.

3.703 Authority.

(a) Section 1(e) of Public Law 87-849, [18 U.S.C.218](#) ("the Act"), empowers the President or the heads of executive agencies acting under regulations prescribed by the President, to declare void and rescind contracts and other transactions enumerated in the Act, in relation to which there has been a final conviction for bribery, conflict of interest, or any other violation of Chapter 11 of Title 18 of the United States Code ([18 U.S.C. 201-224](#)). Executive Order 12448, November 4, 1983, delegates the President's authority under the Act to the heads of the executive agencies and military departments.

(b) [41 U.S.C. 2105\(c\)](#) requires a Federal agency, upon receiving information that a contractor or a person has violated [41 U.S.C. 2102](#), to consider rescission of a contract with respect to which-

(1) The contractor or someone acting for the contractor has been convicted for an offense punishable under [41 U.S.C. 2105\(a\)](#); or

(2) The head of the agency, or designee, has determined, based upon a preponderance of the evidence, that the contractor or someone acting for the contractor has engaged in conduct constituting such an offense.

3.704 Policy.

(a) In cases in which there is a final conviction for any violation of [18 U.S.C. 201-224](#) involving or relating to contracts awarded by an agency, the agency head or designee, shall consider the facts available and, if appropriate, may declare void and rescind contracts, and recover the amounts expended and property transferred by the agency in accordance with the policies and procedures of this subpart.

(b) Since a final conviction under [18 U.S.C. 201-224](#) relating to a contract also may justify the conclusion that the party involved is not presently responsible, the agency should consider initiating debarment proceedings in accordance with [subpart 9.4](#), Debarment, Suspension, and Ineligibility, if debarment has not been initiated, or is not in effect at the time the final conviction is entered.

(c) If there is a final conviction for an offense punishable under [41 U.S.C. 2105](#), or if the head of the agency, or designee, has determined, based upon a preponderance of the evidence, that the contractor or someone acting for the contractor has engaged in conduct constituting such an offense, then the head of the contracting activity shall consider, in addition to any other penalty prescribed by law or regulation-

(1) Declaring void and rescinding contracts, as appropriate, and recovering the amounts expended under the contracts by using the procedures at [3.705](#) (see [3.104-7](#)); and

(2) Recommending the initiation of suspension or debarment proceedings in accordance with [subpart 9.4](#).

3.705 Procedures.

(a) *Reporting.* The facts concerning any final conviction for any violation of [18 U.S.C. 201-224](#) involving or relating to agency contracts shall be reported promptly to the agency head or designee for that official's consideration. The agency head or designee shall promptly notify the Civil Division, Department of Justice, that the action is being considered under this subpart.

(b) *Decision.* Following an assessment of the facts, the agency head or designee may declare void and rescind contracts with respect to which a final conviction has been entered, and recover the amounts expended and the property transferred by the agency under the terms of the contracts involved.

(c) *Decision-making process.* Agency procedures governing the voiding and rescinding decision-making process shall be as informal as practicable, consistent with the principles of fundamental fairness. As a minimum, however, agencies shall provide the following:

(1) A notice of proposed action to declare void and rescind the contract shall be made in writing and sent by certified mail, return receipt requested.

(2) A thirty calendar day period after receipt of the notice, for the contractor to submit pertinent information before any final decision is made.

(3) Upon request made within the period for submission of pertinent information, an opportunity shall be afforded for a hearing at which witnesses may be presented, and any witness the agency presents may be confronted. However, no inquiry shall be made regarding the validity of a conviction.

(4) If the agency head or designee decides to declare void and rescind the contracts involved, that official shall issue a written decision which-

(i) States that determination;

(ii) Reflects consideration of the fair value of any tangible benefits received and retained by the agency; and

(iii) States the amount due and the property to be returned to the agency.

(d) *Notice of proposed action.* The notice of proposed action, as a minimum shall-

(1) Advise that consideration is being given to declaring void and rescinding contracts awarded by the agency, and recovering the amounts expended and property transferred therefor, under the provisions of [18 U.S.C. 218](#);

(2) Specifically identify the contracts affected by the action;

(3) Specifically identify the offense or final conviction on which the action is based;

(4) State the amounts expended and property transferred under each of the contracts involved, and the money and the property demanded to be returned;

(5) Identify any tangible benefits received and retained by the agency under the contract, and the value of those benefits, as calculated by the agency;

(6) Advise that pertinent information may be submitted within 30 calendar days after receipt of the notice, and that, if requested within that time, a hearing shall be held at which witnesses may be presented and any witness the agency presents may be confronted; and

(7) Advise that action shall be taken only after the agency head or designee issues a final written decision on the proposed action.

(e) *Final agency decision.* The final agency decision shall be based on the information available to the agency head or designee, including any pertinent information submitted or, if a hearing was held, presented at the hearing. If the agency decision declares void and rescinds the contract, the final decision shall specify the amounts due and property to be returned to the agency, and reflect consideration of the fair value of any tangible benefits received and retained by the agency. Notice of the decision shall be sent promptly by certified mail, return receipt requested. Rescission of contracts under the authority of the Act and demand for recovery of the amounts expended and property transferred therefor, is not a claim within the meaning of [41 U.S.C. chapter 71](#), Contract Disputes, or [part 33](#). Therefore, the procedures required by the statute and the

FAR for the issuance of a final contracting officer decision are not applicable to final agency decisions under this subpart, and shall not be followed.

This page intentionally left blank.

Subpart 3.8 - Limitations on the Payment of Funds to Influence Federal Transactions

3.800 Scope of subpart.

This subpart prescribes policies and procedures implementing [31 U.S.C. 1352](#), "Limitation on use of appropriated funds to influence certain Federal contracting and financial transactions."

3.801 Definitions.

As used in this subpart-

Agency means "executive agency" as defined in [2.101](#).

Covered Federal action means any of the following actions:

- (1) Awarding any Federal contract.
- (2) Making any Federal grant.
- (3) Making any Federal loan.
- (4) Entering into any cooperative agreement.
- (5) Extending, continuing, renewing, amending, or modifying any Federal contract, grant, loan, or cooperative agreement.

Indian tribe and "tribal organization" have the meaning provided in section 4 of the Indian Self-Determination and Education Assistance Act ([25 U.S.C. 450b](#)) and include Alaskan Natives.

Influencing or attempting to influence means making, with the intent to influence, any communication to or appearance before an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with any covered Federal action.

Local government means a unit of government in a State and, if chartered, established, or otherwise recognized by a State for the performance of a governmental duty, including a local public authority, a special district, an intrastate district, a council of governments, a sponsor group representative organization, and any other instrumentality of a local government.

Officer or employee of an agency includes the following individuals who are employed by an agency:

- (1) An individual who is appointed to a position in the Government under Title 5, United States Code, including a position under a temporary appointment.
- (2) A member of the uniformed services, as defined in subsection 101(3), Title 37, United States Code.
- (3) A special Government employee, as defined in section 202, Title 18, United States Code.
- (4) An individual who is a member of a Federal advisory committee, as defined by the Federal Advisory Committee Act, Title 5, United States Code, appendix 2.

Person means an individual, corporation, company, association, authority, firm, partnership, society, State, and local government, regardless of whether such entity is operated for profit or not for profit. This term excludes an Indian tribe, tribal organization, or any other Indian organization eligible to receive Federal contracts, grants, cooperative agreements, or loans from an agency, but only with respect to expenditures by such tribe or organization that are made for purposes specified in paragraph [3.802\(a\)](#) and are permitted by other Federal law.

Reasonable compensation means, with respect to a regularly employed officer or employee of any person, compensation that is consistent with the normal compensation for such officer or employee for work that is not furnished to, not funded by, or not furnished in cooperation with the Federal Government.

Reasonable payment means, with respect to professional and other technical services, a payment in an amount that is consistent with the amount normally paid for such services in the private sector.

Recipient includes the contractor and all subcontractors. This term excludes an Indian tribe, tribal organization, or any other Indian organization eligible to receive Federal contracts, grants, cooperative agreements, or loans from an agency, but only with respect to expenditures by such tribe or organization that are made for purposes specified in paragraph [3.802\(a\)](#) and are permitted by other Federal law.

Regularly employed means, with respect to an officer or employee of a person requesting or receiving a Federal contract, an officer or employee who is employed by such person for at least 130 working days within 1 year immediately preceding the date of the submission that initiates agency consideration of such person for receipt of such contract. An officer or employee who is employed by such person for less than 130 working days within 1 year immediately preceding the date of the submission that initiates agency consideration of such person shall be considered to be regularly employed as soon as he or she is employed by such person for 130 working days.

State means a State of the United States, the District of Columbia, an outlying area of the United States, an agency or instrumentality of a State, and multi-State, regional, or interstate entity having governmental duties and powers.

3.802 Statutory prohibition and requirement.

(a) [31 U.S.C.1352](#) prohibits a recipient of a Federal contract, grant, loan, or cooperative agreement from using appropriated funds to pay any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with any covered Federal actions.

(1) For purposes of this subpart the term "appropriated funds" does not include profit or fee from a covered Federal action.

(2) To the extent a person can demonstrate that the person has sufficient monies, other than Federal appropriated funds, the Government shall assume that these other monies were spent for any influencing activities that would be unallowable if paid for with Federal appropriated funds.

(b) [31 U.S.C.1352](#) also requires offerors to furnish a declaration consisting of both a certification and a disclosure, with periodic updates of the disclosure after contract award. These requirements are contained in the provision at [52.203-11](#), Certification and Disclosure Regarding Payments to Influence Certain Federal Transactions, and the clause at [52.203-12](#), Limitation on Payments to Influence Certain Federal Transactions.

3.803 Exceptions.

(a) The prohibition of paragraph [3.802\(a\)](#) does not apply under the following conditions:

(1) *Agency and legislative liaison by own employees.* (i) Payment of reasonable compensation made to an officer or employee of a person requesting or receiving a covered Federal action if the payment is for agency and legislative liaison activities not directly related to a covered Federal action. For purposes of this paragraph, providing any information specifically requested by an agency or Congress is permitted at any time.

(ii) Participating with an agency in discussions that are not related to a specific solicitation for any covered Federal action, but that concern-

(A) The qualities and characteristics (including individual demonstrations) of the person's products or services, conditions or terms of sale, and service capabilities; or

(B) The application or adaptation of the person's products or services for an agency's use.

(iii) Providing prior to formal solicitation of any covered Federal action any information not specifically requested but necessary for an agency to make an informed decision about initiation of a covered Federal action.

(iv) Participating in technical discussions regarding the preparation of an unsolicited proposal prior to its official submission.

(v) Making capability presentations prior to formal solicitation of any covered Federal action when seeking an award from an agency pursuant to the provisions of the Small Business Act, as amended by Pub. L. 95-507, and subsequent amendments.

(2) Professional and technical services. (i) Payment of reasonable compensation made to an officer or employee of a person requesting or receiving a covered Federal action, if payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal action or for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal action;

(ii) Any reasonable payment to a person, other than an officer or employee of a person requesting or receiving a covered Federal action, if the payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal action, or for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal action. Persons other than officers or employees of a person requesting or receiving a covered Federal action include consultants and trade associations.

(iii) As used in paragraph (a)(2) of this section "professional and technical services" are limited to advice and analysis directly applying any professional or technical discipline. For example, drafting of a legal document accompanying a bid or proposal by a lawyer is allowable. Similarly, technical advice provided by an engineer on the performance or operational capability of a piece of equipment rendered directly in the negotiation of a contract is allowable. However, communications with the intent to influence made by a professional or a technical person are not allowable under this section unless they provide advice and analysis directly applying their professional or technical expertise and unless the advice or analysis is rendered directly and solely in the preparation, submission or negotiation of a covered Federal action. Thus, for example, communications with the intent to influence made by a lawyer that do not provide legal advice or analysis directly and solely related to the legal aspects of his or her client's proposal, but generally advocate one proposal over another, are not allowable under this section because the lawyer is not providing professional legal services. Similarly, communications with the intent to influence made by an engineer providing an engineering analysis prior to the preparation or submission of

a bid or proposal are not allowable under this section since the engineer is providing technical services but not directly in the preparation, submission or negotiation of a covered Federal action.

(iv) Requirements imposed by or pursuant to law as a condition for receiving a covered Federal award include those required by law or regulation and any other requirements in the actual award documents.

(b) Only those communications and services expressly authorized by paragraph (a) of this section are permitted.

(c) The disclosure requirements of paragraph [3.802\(b\)](#) do not apply with respect to payments of reasonable compensation made to regularly employed officers or employees of a person.

3.804 Policy.

The contracting officer shall obtain certifications and disclosures as required by the provision at [52.203-11](#), Certification and Disclosure Regarding Payments to Influence Certain Federal Transactions, prior to the award of any contract exceeding \$150,000.

3.805 Exemption.

The Secretary of Defense may exempt, on a case-by-case basis, a covered Federal action from the prohibitions of this subpart whenever the Secretary determines, in writing, that such an exemption is in the national interest. The Secretary shall transmit a copy of the exemption to Congress immediately after making the determination.

3.806 Processing suspected violations.

The contracting officer shall report suspected violations of the requirements of [31 U.S.C.1352](#) in accordance with agency procedures.

3.807 Civil penalties.

Agencies shall impose and collect civil penalties pursuant to the provisions of the Program Fraud and Civil Remedies Act, [31 U.S.C.3803](#) (except subsection(c)), 3804-3808, and 3812, insofar as the provisions therein are not inconsistent with the requirements of this subpart.

3.808 Solicitation provision and contract clause.

(a) Insert the provision at [52.203-11](#), Certification and Disclosure Regarding Payments to Influence Certain Federal Transactions, in solicitations expected to exceed \$150,000.

(b) Insert the clause at [52.203-12](#), Limitation on Payments to Influence Certain Federal Transactions, in solicitations and contracts expected to exceed \$150,000.

Subpart 3.9 - Whistleblower Protections for Contractor Employees

3.900 Scope of subpart.

This subpart implements various statutory whistleblower programs. This subpart does not implement [10 U.S.C. 4701](#), which is applicable only to DoD, NASA, and the Coast Guard.

(a) [41 U.S.C. 4712](#) is implemented in 3.900 through [3.906](#). These sections do not apply to—

(1) DoD, NASA, and the Coast Guard; or

(2) Any element of the intelligence community, as defined in section 3(4) of the National Security Act of 1947 ([50 U.S.C. 3003\(4\)](#)). Sections 3.900 through [3.906](#) do not apply to any disclosure made by an employee of a contractor or subcontractor of an element of the intelligence community if such disclosure—

(i) Relates to an activity of an element of the intelligence community; or

(ii) Was discovered during contract or subcontract services provided to an element of the intelligence community.

(b) Section 743 of Division E, Title VII, of the Consolidated and Further Continuing Appropriations Act, 2015 ([Pub. L. 113-235](#)) and its successor provisions in subsequent appropriations acts (and as extended in continuing resolutions), is implemented in [3.909](#), which is applicable to all agencies.

(c) Section [3.907](#) of this subpart implements section 1553 of the American Recovery and Reinvestment Act of 2009 ([Pub. L. 111-5](#)), and applies to all contracts funded in whole or in part by that Act.

3.901 Definitions.

As used in this subpart-

Abuse of authority means an arbitrary and capricious exercise of authority that is inconsistent with the mission of the executive agency concerned or the successful performance of a contract of such agency.

Authorized official of the Department of Justice means any person responsible for the investigation, enforcement, or prosecution of any law or regulation.

Inspector General means an Inspector General appointed under chapter 4 of title 5 of the United States Code and any Inspector General that receives funding from, or has oversight over contracts awarded for, or on behalf of, the executive agency concerned. This definition does not apply to 3.907.

Internal confidentiality agreement or statement means a confidentiality agreement or any other written statement that the contractor requires any of its employees or subcontractors to sign regarding nondisclosure of contractor information, except that it does not include confidentiality agreements arising out of civil litigation or confidentiality agreements that contractor employees or subcontractors sign at the behest of a Federal agency.

Subcontract means any contract as defined in [subpart 2.1](#) entered into by a subcontractor to furnish supplies or services for performance of a prime contract or a subcontract. It includes but is not limited to purchase orders, and changes and modifications to purchase orders.

Subcontractor means any supplier, distributor, vendor, or firm (including a consultant) that furnishes supplies or services to or for a prime contractor or another subcontractor.

3.902 Classified information.

[41 U.S.C. 4712](#) does not provide any right to disclose classified information not otherwise provided by law.

3.903 Policy.

(a) (1) Contractors and subcontractors are prohibited from discharging, demoting, or otherwise discriminating against an employee as a reprisal for disclosing, to any of the entities listed at paragraph (b) of this section, information that the employee reasonably believes is—

(i) Evidence of gross mismanagement of a Federal contract;

(ii) A gross waste of Federal funds;

(iii) An abuse of authority relating to a Federal contract;

(iv) A substantial and specific danger to public health or safety; or

(v) A violation of law, rule, or regulation related to a Federal contract (including the competition for or negotiation of a contract).

(2) A reprisal is prohibited even if it is undertaken at the request of an executive branch official, unless the request takes the form of a non-discretionary directive and is within the authority of the executive branch official making the request.

(b) Disclosure may be made to the following entities:

- (1) A Member of Congress or a representative of a committee of Congress.
 - (2) An Inspector General.
 - (3) The Government Accountability Office.
 - (4) A Federal employee responsible for contract oversight or management at the relevant agency.
 - (5) An authorized official of the Department of Justice or other law enforcement agency.
 - (6) A court or grand jury.
 - (7) A management official or other employee of the contractor or subcontractor who has the responsibility to investigate, discover, or address misconduct.
- (c) An employee who initiates or provides evidence of contractor or subcontractor misconduct in any judicial or administrative proceeding relating to waste, fraud, or abuse on a Federal contract shall be deemed to have made a disclosure.

3.904 Complaints.

3.904-1 Procedures for filing complaints.

A contractor or subcontractor employee who believes that he or she has been discharged, demoted, or otherwise discriminated against contrary to the policy in [3.903](#) may submit a complaint with the Inspector General of the agency concerned. Procedures for submitting fraud, waste, abuse, and whistleblower complaints are generally accessible on agency Office of Inspector General hotline or whistleblower internet sites or the complainant may directly contact the cognizant Office of the Inspector General for submission instructions. A complaint by the employee may not be brought under [41 U.S.C. 4712](#) more than three years after the date on which the alleged reprisal took place.

3.904-2 Procedures for investigating complaints.

- (a) Investigation of complaints will be in accordance with [41 U.S.C. 4712\(b\)](#).
- (b) Upon completion of the investigation, the head of the agency shall ensure that the report of findings has been provided by the Inspector General to the head of the agency and to—
 - (1) The complainant and any person acting on the complainant's behalf; and
 - (2) The contractor and/or subcontractor alleged to have committed the violation.
- (c) The complainant, contractor, and/or subcontractor shall be afforded the opportunity to submit a written response to the report of findings to the head of the agency and the Office of Inspector General in a time and manner that permits the agency head to take action not later than 30 days after receiving the report, as required by 3.905–1(a).

3.905 Remedies and enforcement of orders.

3.905-1 Remedies.

- (a) *Agency response to Inspector General report.* Not later than 30 days after receiving a report pursuant to [3.904-2](#), the head of the agency shall—
 - (1) Determine whether sufficient basis exists to conclude that the contractor or subcontractor has subjected the employee who submitted the complaint to a reprisal as prohibited by [3.903](#); and
 - (2) Either issue an order denying relief or take one or more of the following actions:
 - (i) Order the contractor or subcontractor to take affirmative action to abate the reprisal.
 - (ii) Order the contractor or subcontractor to reinstate the complainant employee to the position that the person held before the reprisal, together with compensatory damages (including back pay), employment benefits, and other terms and conditions of employment that would apply to the person in that position if the reprisal had not been taken.
 - (iii) Order the contractor or subcontractor to pay the complainant employee an amount equal to the aggregate amount of all costs and expenses (including attorneys' fees and expert witnesses' fees) that were reasonably incurred by the complainant for, or in connection with, bringing the complaint regarding the reprisal, as determined by the head of the agency.
 - (iv) Consider disciplinary or corrective action against any official of the executive agency, if appropriate.
- (b) *Complainant's right to go to court.* (1) Paragraph (b)(2) of this section applies if—
 - (i) The head of the agency issues an order denying relief; or
 - (ii) (A) The head of the agency has not issued an order—
 - (1) Within 210 days after the submission of the complaint; or

(2) Within 30 days after the expiration of an extension of time granted in accordance with [41 U.S.C. 4712\(b\)\(2\)\(B\)](#) for the submission of the report to those stated in [3.904-2\(b\)](#); and

(B) There is no showing that such delay is due to the bad faith of the complainant.

(2) If the conditions in either paragraph (b)(1)(i) or (ii) of this section are met—

(i) The complainant shall be deemed to have exhausted all administrative remedies with respect to the complaint; and

(ii) The complainant may bring a de novo action at law or equity against the contractor or subcontractor to seek compensatory damages and other relief available under [41 U.S.C. 4712](#) in the appropriate district court of the United States, which shall have jurisdiction over such an action without regard to the amount in controversy.

(A) Such an action shall, at the request of either party to the action, be tried by the court with a jury.

(B) An action under this authority may not be brought more than 2 years after the date on which remedies are deemed to have been exhausted.

(c) *Admissibility in evidence.* An Inspector General determination and an agency head order denying relief under this section shall be admissible in evidence in any de novo action at law or equity brought pursuant to [41 U.S.C. 4712](#).

(d) *No waiver.* The rights and remedies provided for in [41 U.S.C. 4712](#) may not be waived by any agreement, policy, form, or condition of employment.

3.905-2 Enforcement of orders.

(a) Whenever a contractor or subcontractor fails to comply with an order issued under 3.905-1(a)(2), the head of the agency concerned shall file an action for enforcement of the order in the U.S. district court for a district in which the reprisal was found to have occurred. In any action brought pursuant to this authority, the court may grant appropriate relief, including injunctive relief, compensatory and exemplary damages, and attorney fees and costs. The complainant employee upon whose behalf an order was issued may also file such an action or join in an action filed by the head of the agency.

(b) Any person adversely affected or aggrieved by an order issued under 3.905-1(a)(2) may obtain review of the order's conformance with [41 U.S.C. 4712](#) and its implementing regulations, in the U.S. court of appeals for a circuit in which the reprisal is alleged in the order to have occurred. No petition seeking such review may be filed more than 60 days after issuance of the order by the head of the agency. Filing such an appeal shall not act to stay the enforcement of the order of the head of an agency, unless a stay is specifically entered by the court.

3.906 Contract clause.

The contracting officer shall insert the clause at [52.203-17](#), Contractor Employee Whistleblower Rights, in all solicitations and contracts, except solicitations and contracts of DoD, NASA, the Coast Guard, or applicable elements of the intelligence community (see [3.900\(a\)](#)).

3.907 Whistleblower Protections Under the American Recovery and Reinvestment Act of 2009 (the Recovery Act).

3.907-1 Definitions.

As used in this section-

Board means the Recovery Accountability and Transparency Board established by Section 1521 of the Recovery Act.

Covered funds means any contract payment, grant payment, or other payment received by a contractor if-

(1) The Federal Government provides any portion of the money or property that is provided, requested, or demanded; and

(2) At least some of the funds are appropriated or otherwise made available by the Recovery Act.

Covered information means information that the employee reasonably believes is evidence of gross mismanagement of the contract or subcontract related to covered funds, gross waste of covered funds, a substantial and specific danger to public health or safety related to the implementation or use of covered funds, an abuse of authority related to the implementation or use of covered funds, or a violation of law, rule, or regulation related to an agency contract (including the competition for or negotiation of a contract) awarded or issued relating to covered funds.

Inspector General means an Inspector General appointed under the Inspector General Act of 1978. In the Department of Defense that is the DoD Inspector General. In the case of an executive agency that does not have an Inspector General, the duties shall be performed by an official designated by the head of the executive agency.

Non-Federal employer, as used in this section, means any employer that receives Recovery Act funds, including a contractor, subcontractor, or other recipient of funds pursuant to a contract or other agreement awarded and administered in accordance with the Federal Acquisition Regulation.

3.907-2 Policy.

Non-Federal employers are prohibited from discharging, demoting, or otherwise discriminating against an employee as a reprisal for disclosing covered information to any of the following entities or their representatives:

- (1) The Board.
- (2) An Inspector General.
- (3) The Comptroller General.
- (4) A member of Congress.
- (5) A State or Federal regulatory or law enforcement agency.
- (6) A person with supervisory authority over the employee or such other person working for the employer who has the authority to investigate, discover, or terminate misconduct.
- (7) A court or grand jury.
- (8) The head of a Federal agency.

3.907-3 Procedures for filing complaints.

(a) An employee who believes that he or she has been subjected to reprisal prohibited by the Recovery Act, Section 1553 as set forth in [3.907-2](#), may submit a complaint regarding the reprisal to the Inspector General of the agency that awarded the contract.

(b) The complaint shall be signed and shall contain-

- (1) The name of the contractor;
- (2) The contract number, if known; if not, a description reasonably sufficient to identify the contract(s) involved;
- (3) The covered information giving rise to the disclosure;
- (4) The nature of the disclosure giving rise to the discriminatory act; and
- (5) The specific nature and date of the reprisal.

(c) A contracting officer who receives a complaint of reprisal of the type described in [3.907-2](#) shall forward it to the Office of Inspector General and to other designated officials in accordance with agency procedures (*e.g.*, agency legal counsel).

3.907-4 Procedures for investigating complaints.

Investigation of complaints will be in accordance with section 1553 of the Recovery Act.

3.907-5 Access to investigative file of Inspector General.

(a) The employee alleging reprisal under this section shall have access to the investigation file of the Inspector General, in accordance with the Privacy Act, [5 U.S.C. §552a](#). The investigation of the Inspector General shall be deemed closed for the purposes of disclosure under such section when an employee files an appeal to the agency head or a court of competent jurisdiction.

(b) In the event the employee alleging reprisal brings a civil action under section 1553(c)(3) of the Recovery Act, the employee alleging the reprisal and the non-Federal employer shall have access to the investigative file of the Inspector General in accordance with the Privacy Act.

(c) The Inspector General may exclude from disclosures made under [3.907-5\(a\)](#) or (b)-

- (1) Information protected from disclosure by a provision of law; and
- (2) Any additional information the Inspector General determines disclosure of which would impede a continuing investigation, provided that such information is disclosed once such disclosure would no longer impede such investigation, unless the Inspector General determines that the disclosure of law enforcement techniques, procedures, or information could reasonably be expected to risk circumvention of the law or disclose the identity of a confidential source.

(d) An Inspector General investigating an alleged reprisal under this section may not respond to any inquiry or disclose any information from or about any person alleging such reprisal, except in accordance with [5 U.S.C. 552a](#) or as required by any other applicable Federal law.

3.907-6 Remedies and enforcement authority.

(a) *Burden of Proof.* (1) Disclosure as contributing factor in reprisal.

(i) An employee alleging a reprisal under this section shall be deemed to have affirmatively established the occurrence of the reprisal if the employee demonstrates that a disclosure described in section [3.907-2](#) was a contributing factor in the reprisal.

(ii) A disclosure may be demonstrated as a contributing factor in a reprisal for purposes of this paragraph by circumstantial evidence, including-

(A) Evidence that the official undertaking the reprisal knew of the disclosure; or

(B) Evidence that the reprisal occurred within a period of time after the disclosure such that a reasonable person could conclude that the disclosure was a contributing factor in the reprisal.

(2) *Opportunity for rebuttal.* The head of an agency may not find the occurrence of a reprisal with respect to a reprisal that is affirmatively established under section [3.907-6\(a\)\(1\)](#) if the non-Federal employer demonstrates by clear and convincing evidence that the non-Federal employer would have taken the action constituting the reprisal in the absence of the disclosure.

(b) No later than 30 days after receiving an Inspector General report in accordance with section 1553 of the Recovery Act, the head of the agency concerned shall determine whether there is sufficient basis to conclude that the non-Federal employer has subjected the complainant to a reprisal prohibited by subsection [3.907-2](#) and shall either issue an order denying relief in whole or in part or shall take one or more of the following actions:

(1) Order the employer to take affirmative action to abate the reprisal.

(2) Order the employer to reinstate the person to the position that the person held before the reprisal, together with the compensation (including back pay), compensatory damages, employment benefits, and other terms and conditions of employment that would apply to the person in that position if the reprisal had not been taken.

(3) Order the employer to pay the complainant an amount equal to the aggregate amount of all costs and expenses (including attorneys' fees and expert witnesses' fees) that were reasonably incurred by the complainant for, or in connection with, bringing the complaint regarding the reprisal.

(c) (1) The complainant shall be deemed to have exhausted all administrative remedies with respect to the complaint, and the complainant may bring a de novo action at law or equity against the employer to seek compensatory damages and other relief available under this section in the appropriate district court of United States, which shall have jurisdiction over such an action without regard to the amount in controversy if-

(i) The head of an agency-

(A) Issues an order denying relief in whole or in part under paragraph (a) of this section;

(B) Has not issued an order within 210 days after the submission of a complaint in accordance with section 1553 of the Recovery Act, or in the case of an extension of time in accordance with section 1553 of the Recovery Act, within 30 days after the expiration of the extension of time; or

(C) Decides in accordance with section 1553 of the Recovery Act not to investigate or to discontinue an investigation; and

(ii) There is no showing that such delay or decision is due to the bad faith of the complainant.

(2) Such an action shall, at the request of either party to the action, be tried by the court with a jury.

(d) Whenever an employer fails to comply with an order issued under this section, the head of the agency shall request the Department of Justice to file an action for enforcement of such order in the United States district court for a district in which the reprisal was found to have occurred. In any action brought under this section, the court may grant appropriate relief, including injunctive relief, compensatory and exemplary damages, and attorneys fees and costs.

(e) Any person adversely affected or aggrieved by an order issued under paragraph (b) of this subsection may obtain review of the order's conformance with the law, and this section, in the United States Court of Appeals for a circuit in which the reprisal is alleged in the order to have occurred. No petition seeking such review may be filed more than 60 days after issuance of the order by the head of the agency.

3.907-7 Contract clause.

Use the clause at [52.203-15](#), Whistleblower Protections Under the American Recovery and Reinvestment Act of 2009, in all solicitations and contracts funded in whole or in part with Recovery Act funds.

3.908 [Reserved]**3.909 Prohibition on providing funds to an entity that requires certain internal confidentiality agreements or statements.****3.909-1 Prohibition.**

(a) The Government is prohibited from using fiscal year 2015 and subsequent fiscal year funds for a contract with an entity that requires employees or subcontractors of such entity seeking to report waste, fraud, or abuse to sign internal confidentiality agreements or statements prohibiting or otherwise restricting such employees or subcontractors from lawfully reporting such waste, fraud, or abuse to a designated investigative or law enforcement representative of a Federal department or agency authorized to receive such information. See section 743 of Division E, Title VII, of the Consolidated and Further Continuing Appropriations Act, 2015 (Pub. L. 113-235) and its successor provisions in subsequent appropriations acts (and as extended in continuing resolutions.)

(b) The prohibition in paragraph (a) of this section does not contravene requirements applicable to Standard Form 312 (Classified Information Nondisclosure Agreement), Form 4414 (Sensitive Compartmented Information Nondisclosure Agreement), or any other form issued by a Federal department or agency governing the nondisclosure of classified information.

3.909-2 Representation by the offeror.

(a) In order to be eligible for contract award, an offeror must represent that it will not require its employees or subcontractors to sign internal confidentiality agreements or statements prohibiting or otherwise restricting such employees or subcontractors from lawfully reporting waste, fraud, or abuse related to the performance of a Government contract to a designated investigative or law enforcement representative of a Federal department or agency authorized to receive such information (e.g., agency Office of the Inspector General). Any offeror that does not so represent is ineligible for award of a contract.

(b) The contracting officer may rely on an offeror's representation unless the contracting officer has reason to question the representation.

3.909-3 Solicitation provision and contract clause.

When using funding subject to the prohibitions in [3.909-1](#)(a), the contracting officer shall-

(a) (1) Include the provision at [52.203-18](#), Prohibition on Contracting with Entities that Require Certain Internal Confidentiality Agreements or Statements-Representation, in all solicitations, except as provided in paragraph (a)(2) of this section; and

(2) Do not insert the provision in solicitations for a personal services contract with an individual if the services are to be performed entirely by the individual, rather than by an employee of the contractor or a subcontractor.

(b) (1) Include the clause at [52.203-19](#), Prohibition on Requiring Certain Internal Confidentiality Agreements or Statements, in all solicitations and resultant contracts, other than personal services contracts with individuals.

(2) Modify existing contracts, other than personal services contracts with individuals, to include the clause before obligating FY 2015 or subsequent FY funds that are subject to the same prohibition on internal confidentiality agreements or statements.

Subpart 3.10 - Contractor Code of Business Ethics and Conduct

3.1000 Scope of subpart.

This subpart-

- (a) Implements [41 U.S.C. 3509](#), Notification of Violations of Federal Criminal Law or Overpayments; and
- (b) Prescribes policies and procedures for the establishment of contractor codes of business ethics and conduct, and display of agency Office of Inspector General (OIG) fraud hotline posters.

3.1001 Definitions.

As used in this subpart-

Subcontract means any contract entered into by a subcontractor to furnish supplies or services for performance of a prime contract or a subcontract.

Subcontractor means any supplier, distributor, vendor, or firm that furnished supplies or services to or for a prime contractor or another subcontractor.

United States means the 50 States, the District of Columbia, and outlying areas.

3.1002 Policy.

- (a) Government contractors must conduct themselves with the highest degree of integrity and honesty.
- (b) Contractors should have a written code of business ethics and conduct. To promote compliance with such code of business ethics and conduct, contractors should have an employee business ethics and compliance training program and an internal control system that-
 - (1) Are suitable to the size of the company and extent of its involvement in Government contracting;
 - (2) Facilitate timely discovery and disclosure of improper conduct in connection with Government contracts; and
 - (3) Ensure corrective measures are promptly instituted and carried out.

3.1003 Requirements.

(a) *Contractor requirements.* (1) Although the policy at [3.1002](#) applies as guidance to all Government contractors, the contractual requirements set forth in the clauses at [52.203-13](#), Contractor Code of Business Ethics and Conduct, and [52.203-14](#), Display of Hotline Poster(s), are mandatory if the contracts meet the conditions specified in the clause prescriptions at [3.1004](#).

(2) Whether or not the clause at [52.203-13](#) is applicable, a contractor may be suspended and/or debarred for knowing failure by a principal to timely disclose to the Government, in connection with the award, performance, or closeout of a Government contract performed by the contractor or a subcontract awarded thereunder, credible evidence of a violation of Federal criminal law involving fraud, conflict of interest, bribery, or gratuity violations found in Title 18 of the United States Code or a violation of the civil False Claims Act. Knowing failure to timely disclose credible evidence of any of the above violations remains a cause for suspension and/or debarment until 3 years after final payment on a contract (see [9.406-2\(b\)\(1\)\(vi\)](#) and [9.407-2\(a\)\(8\)](#)).

(3) The Payment clauses at FAR [52.212-4\(i\)\(5\)](#), [52.232-25\(d\)](#), [52.232-26\(c\)](#), and [52.232-27\(l\)](#) require that, if the contractor becomes aware that the Government has overpaid on a contract financing or invoice payment, the contractor shall remit the overpayment amount to the Government. A contractor may be suspended and/or debarred for knowing failure by a principal to timely disclose credible evidence of a significant overpayment, other than overpayments resulting from contract financing payments as defined in [32.001](#) (see [9.406-2\(b\)\(1\)\(vi\)](#) and [9.407-2\(a\)\(8\)](#)).

(b) *Notification of possible contractor violation.* If the contracting officer is notified of possible contractor violation of Federal criminal law involving fraud, conflict of interest, bribery, or gratuity violations found in Title 18 U.S.C.; or a violation of the civil False Claims Act, the contracting officer shall-

- (1) Coordinate the matter with the agency Office of the Inspector General; or
- (2) Take action in accordance with agency procedures.

(c) *Fraud Hotline Poster.* (1) Agency OIGs are responsible for determining the need for, and content of, their respective agency OIG fraud hotline poster(s).

(2) When requested by the Department of Homeland Security, agencies shall ensure that contracts funded with disaster assistance funds require display of any fraud hotline poster applicable to the specific contract. As established by the agency OIG, such posters may be displayed in lieu of, or in addition to, the agency's standard poster.

3.1004 Contract clauses.

(a) Insert the clause at FAR [52.203-13](#), Contractor Code of Business Ethics and Conduct, in solicitations and contracts if the value of the contract is expected to exceed \$6 million and the performance period is 120 days or more.

(b) (1) Unless the contract is for the acquisition of a commercial product or commercial service or will be performed entirely outside the United States, insert the clause at [52.203-14](#), Display of Hotline Poster(s), if–

(i) The contract exceeds \$6 million or a lesser amount established by the agency; and

(ii) (A) The agency has a fraud hotline poster; or

(B) The contract is funded with disaster assistance funds.

(2) In paragraph (b)(3) of the clause, the contracting officer shall–

(i) Identify the applicable posters; and

(ii) Insert the website link(s) or other contact information for obtaining the agency and/or Department of Homeland Security poster.

(3) In paragraph (d) of the clause, if the agency has established policies and procedures for display of the OIG fraud hotline poster at a lesser amount, the contracting officer shall replace " \$6 million " with the lesser amount that the agency has established.

Subpart 3.11 - Preventing Personal Conflicts of Interest for Contractor Employees Performing Acquisition Functions

3.1100 Scope of subpart.

This subpart implements policy on personal conflicts of interest by employees of Government contractors as required by [41 U.S.C. 2303](#).

3.1101 Definitions.

As used in this subpart-

Acquisition function closely associated with inherently governmental functions means supporting or providing advice or recommendations with regard to the following activities of a Federal agency:

- (1) Planning acquisitions.
- (2) Determining what supplies or services are to be acquired by the Government, including developing statements of work.
- (3) Developing or approving any contractual documents, to include documents defining requirements, incentive plans, and evaluation criteria.
- (4) Evaluating contract proposals.
- (5) Awarding Government contracts.
- (6) Administering contracts (including ordering changes or giving technical direction in contract performance or contract quantities, evaluating contractor performance, and accepting or rejecting contractor products or services).
- (7) Terminating contracts.
- (8) Determining whether contract costs are reasonable, allocable, and allowable.

(a) *Covered employee* means an individual who performs an acquisition function closely associated with inherently governmental functions and is-

- (1) An employee of the contractor; or
- (2) A subcontractor that is a self-employed individual treated as a covered employee of the contractor because there is no employer to whom such an individual could submit the required disclosures.

Personal conflict of interest means a situation in which a covered employee has a financial interest, personal activity, or relationship that could impair the employee's ability to act impartially and in the best interest of the Government when performing under the contract. (A *de minimis* interest that would not "impair the employee's ability to act impartially and in the best interest of the Government" is not covered under this definition.)

- (1) Among the sources of personal conflicts of interest are-
 - (i) Financial interests of the covered employee, of close family members, or of other members of the covered employee's household;
 - (ii) Other employment or financial relationships (including seeking or negotiating for prospective employment or business); and
 - (iii) Gifts, including travel.
- (2) For example, financial interests referred to in paragraph (1) of this definition may arise from-
 - (i) Compensation, including wages, salaries, commissions, professional fees, or fees for business referrals;
 - (ii) Consulting relationships (including commercial and professional consulting and service arrangements, scientific and technical advisory board memberships, or serving as an expert witness in litigation);
 - (iii) Services provided in exchange for honorariums or travel expense reimbursements;
 - (iv) Research funding or other forms of research support;
 - (v) Investment in the form of stock or bond ownership or partnership interest (excluding diversified mutual fund investments);
 - (vi) Real estate investments;
 - (vii) Patents, copyrights, and other intellectual property interests; or
 - (viii) Business ownership and investment interests.

3.1102 Policy.

The Government's policy is to require contractors to-

- (a) Identify and prevent personal conflicts of interest of their covered employees; and

(b) Prohibit covered employees who have access to nonpublic information by reason of performance on a Government contract from using such information for personal gain.

3.1103 Procedures.

(a) By use of the contract clause at [52.203-16](#), as prescribed at [3.1106](#), the contracting officer shall require each contractor whose employees perform acquisition functions closely associated with inherently Government functions to-

(1) Have procedures in place to screen covered employees for potential personal conflicts of interest by-

(i) Obtaining and maintaining from each covered employee, when the employee is initially assigned to the task under the contract, a disclosure of interests that might be affected by the task to which the employee has been assigned, as follows:

(A) Financial interests of the covered employee, of close family members, or of other members of the covered employee's household.

(B) Other employment or financial relationships of the covered employee (including seeking or negotiating for prospective employment or business).

(C) Gifts, including travel; and

(ii) Requiring each covered employee to update the disclosure statement whenever the employee's personal or financial circumstances change in such a way that a new personal conflict of interest might occur because of the task the covered employee is performing.

(2) For each covered employee-

(i) Prevent personal conflicts of interest, including not assigning or allowing a covered employee to perform any task under the contract for which the Contractor has identified a personal conflict of interest for the employee that the Contractor or employee cannot satisfactorily prevent or mitigate in consultation with the contracting agency;

(ii) Prohibit use of non-public information accessed through performance of a Government contract for personal gain; and

(iii) Obtain a signed non-disclosure agreement to prohibit disclosure of non-public information accessed through performance of a Government contract.

(3) Inform covered employees of their obligation-

(i) To disclose and prevent personal conflicts of interest;

(ii) Not to use non-public information accessed through performance of a Government contract for personal gain; and

(iii) To avoid even the appearance of personal conflicts of interest;

(4) Maintain effective oversight to verify compliance with personal conflict-of-interest safeguards;

(5) Take appropriate disciplinary action in the case of covered employees who fail to comply with policies established pursuant to this section; and

(6) Report to the contracting officer any personal conflict-of-interest violation by a covered employee as soon as identified. This report shall include a description of the violation and the proposed actions to be taken by the contractor in response to the violation, with follow-up reports of corrective actions taken, as necessary.

(b) If a contractor reports a personal conflict-of-interest violation by a covered employee to the contracting officer in accordance with paragraph (b)(6) of the clause at [52.203-16](#), Preventing Personal Conflicts of Interest, the contracting officer shall-

(1) Review the actions taken by the contractor;

(2) Determine whether any action taken by the contractor has resolved the violation satisfactorily; and

(3) If the contracting officer determines that the contractor has not resolved the violation satisfactorily, take any appropriate action in consultation with agency legal counsel.

3.1104 Mitigation or waiver.

(a) In exceptional circumstances, if the contractor cannot satisfactorily prevent a personal conflict of interest as required by paragraph (b)(2)(i) of the clause at [52.203-16](#), Preventing Personal Conflicts of Interest, the contractor may submit a request, through the contracting officer, for the head of the contracting activity to-

(1) Agree to a plan to mitigate the personal conflict of interest; or

(2) Waive the requirement to prevent personal conflicts of interest.

(b) If the head of the contracting activity determines in writing that such action is in the best interest of the Government, the head of the contracting activity may impose conditions that provide mitigation of a personal conflict of interest or grant a waiver.

(c) This authority shall not be redelegated.

3.1105 Violations.

If the contracting officer suspects violation by the contractor of a requirement of paragraph (b), (c)(3), or (d) of the clause at [52.203-16](#), Preventing Personal Conflicts of Interest, the contracting officer shall contact the agency legal counsel for advice and/or recommendations on a course of action.

3.1106 Contract clause.

(a) Insert the clause at [52.203-16](#), Preventing Personal Conflicts of Interest, in solicitations and contracts that-

(1) Exceed the simplified acquisition threshold; and

(2) Include a requirement for services by contractor employee(s) that involve performance of acquisition functions closely associated with inherently governmental functions for, or on behalf of, a Federal agency or department.

(b) If only a portion of a contract is for the performance of acquisition functions closely associated with inherently governmental functions, then the contracting officer shall still insert the clause, but shall limit applicability of the clause to that portion of the contract that is for the performance of such services.

(c) Do not insert the clause in solicitations or contracts with a self-employed individual if the acquisition functions closely associated with inherently governmental functions are to be performed entirely by the self-employed individual, rather than an employee of the contractor.

- 4.2305 Waivers.
- 4.2306 Solicitation provision and contract clauses.

4.000 Scope of part.

(a) This part prescribes policies and procedures relating to the administrative aspects of contract execution, contractor-submitted paper documents, distribution, reporting, retention, and files.

(b) Additionally, this part includes policies and procedures to implement security prohibitions and exclusions that restrict Federal agencies from procuring, obtaining, or using certain products, services, or sources. Additional security prohibitions and exclusions are found at subparts 25.7 and 40.2.

4.001 Definitions.

As used in this part-

Procurement Instrument Identifier (PIID) means the Government-unique identifier for each solicitation, contract, agreement, or order. For example, an agency may use as its PIID for procurement actions, such as delivery and task orders or basic ordering agreements, the order or agreement number in conjunction with the contract number (see [4.1602](#)).

Supplementary procurement instrument identifier means the non-unique identifier for a procurement action that is used in conjunction with the Government-unique identifier. For example, an agency may use as its PIID for an amended solicitation, the Government-unique identifier for a solicitation number (e.g., N0002309R0009) in conjunction with a non-unique amendment number (e.g., 0001). The non-unique amendment number represents the supplementary PIID.

Subpart 4.1 - Contract Execution

4.101 Contracting officer's signature.

Only contracting officers shall sign contracts on behalf of the United States. The contracting officer's name and official title shall be typed, stamped, or printed on the contract. The contracting officer normally signs the contract after it has been signed by the contractor. The contracting officer shall ensure that the signer(s) have authority to bind the contractor (see specific requirements in [4.102](#) of this subpart).

4.102 Contractor's signature.

(a) *Individuals*. A contract with an individual shall be signed by that individual. A contract with an individual doing business as a firm shall be signed by that individual, and the signature shall be followed by the individual's typed, stamped, or printed name and the words ", an individual doing business as _____" [*insert name of firm*].

(b) *Partnerships*. A contract with a partnership shall be signed in the partnership name. Before signing for the Government, the contracting officer shall obtain a list of all partners and ensure that the individual(s) signing for the partnership have authority to bind the partnership.

(c) *Corporations*. A contract with a corporation shall be signed in the corporate name, followed by the word "by" and the signature and title of the person authorized to sign. The contracting officer shall ensure that the person signing for the corporation has authority to bind the corporation.

(d) *Joint venturers*. A contract with joint venturers may involve any combination of individuals, partnerships, or corporations. The contract shall be signed by each participant in the joint venture in the manner prescribed in paragraphs (a) through (c) of this section for each type of participant. When a corporation is participating, the contracting officer shall verify that the corporation is authorized to participate in the joint venture.

(e) *Agents*. When an agent is to sign the contract, other than as stated in paragraphs (a) through (d) of this section, the agent's authorization to bind the principal must be established by evidence satisfactory to the contracting officer.

4.103 Contract clause.

The contracting officer shall insert the clause at [52.204-1](#) Approval of Contract, in solicitations and contracts if required by agency procedures.

This page intentionally left blank.

Subpart 4.2 - Contract Distribution

4.201 Procedures.

Contracting officers shall distribute copies of contracts or modifications within 10 working days after execution by all parties. As a minimum, the contracting officer shall-

- (a) Distribute simultaneously one signed copy or reproduction of the signed contract to the contractor and the paying office;
- (b) When a contract is assigned to another office for contract administration (see [subpart 42.2](#)), provide to that office-
 - (1) One copy or reproduction of the signed contract and of each modification; and
 - (2) A copy of the contract distribution list, showing those offices that should receive copies of modifications, and any changes to the list as they occur;
- (c) Distribute one copy to each accounting and finance office (funding office) whose funds are cited in the contract;
- (d) When the contract is not assigned for administration but contains a Cost Accounting Standards clause, provide one copy of the contract to the cognizant administrative contracting officer and mark the copy *"For Cost Accounting Standards Administration Only"* (see [30.601\(b\)](#));
- (e) Provide one copy of each contract or modification that requires audit service to the appropriate field audit office listed in the *"Directory of Federal Contract Audit Office"s* (see [42.103](#)); and
- (f) Provide copies of contracts and modifications to those organizations required to perform contract administration support functions (e.g., when manufacturing is performed at multiple sites, the contract administration office cognizant of each location).

4.202 Agency distribution requirements.

Agencies shall limit additional distribution requirements to the minimum necessary for proper performance of essential functions. When contracts are assigned for administration to a contract administration office located in an agency different from that of the contracting office (see [part 42](#)), the two agencies shall agree on any necessary distribution in addition to that prescribed in [4.201](#).

4.203 Taxpayer identification information.

- (a) If the contractor has furnished a Taxpayer Identification Number (TIN) when completing the solicitation provision at [52.204-3](#), Taxpayer Identification, or paragraph (l) of the solicitation provision at [52.212-3](#), Offeror Representations and Certifications-Commercial Products and Commercial Services, the contracting officer shall, unless otherwise provided in agency procedures, attach a copy of the completed solicitation provision as the last page of the copy of the contract sent to the payment office.
- (b) If the TIN or type of organization is derived from a source other than the provision at [52.204-3](#) or [52.212-3\(l\)](#), the contracting officer shall annotate the last page of the contract or order forwarded to the payment office to state the contractor's TIN and type of organization, unless this information is otherwise provided to the payment office in accordance with agency procedures.
- (c) If the contractor provides its TIN or type of organization to the contracting officer after award, the contracting officer shall forward the information to the payment office within 7 days of its receipt.
- (d) *Federal Supply Schedule contracts.* Each contracting officer that places an order under a Federal Supply Schedule contract (see [subpart 8.4](#)) shall provide the TIN and type of organization information to the payment office in accordance with paragraph (b) of this section.
- (e) Basic ordering agreements and indefinite-delivery contracts (other than Federal Supply Schedule contracts). (1) Each contracting officer that issues a basic ordering agreement or indefinite-delivery contract (other than a Federal Supply Schedule contract) shall provide to contracting officers placing orders under the agreement or contract (if the contractor is not required to provide this information to the System for Award Management)-
 - (i) A copy of the agreement or contract with a copy of the completed solicitation provision at [52.204-3](#) or [52.212-3\(l\)](#) as the last page of the agreement or contract; or
 - (ii) The contractor's TIN and type of organization information.
- (2) Each contracting officer that places an order under a basic ordering agreement or indefinite-delivery contract (other than a Federal Supply Schedule contract) shall provide the TIN and type of organization information to the payment office in accordance with paragraph (a) or (b) of this section.

This page intentionally left blank.

Subpart 4.3 - [Reserved]

This page intentionally left blank.

Subpart 4.4 - Safeguarding Classified Information Within Industry

4.401 [Reserved]

4.402 General.

(a) Executive Order 12829, January 6, 1993 (58 FR3479, January 8, 1993), entitled "National Industrial Security Program" (NISP), establishes a program to safeguard Federal Government classified information that is released to contractors, licensees, and grantees of the United States Government. Executive Order 12829 amends Executive Order 10865, February 20, 1960 (25 FR1583, February 25, 1960), entitled "Safeguarding Classified Information Within Industry," as amended by Executive Order 10909, January 17, 1961 (26 FR508, January 20, 1961).

(b) The National Industrial Security Program Operating Manual (NISPOM) incorporates the requirements of these Executive orders. The Secretary of Defense, in consultation with all affected agencies and with the concurrence of the Secretary of Energy, the Chairman of the Nuclear Regulatory Commission, the Director of National Intelligence, and the Secretary of Homeland Security, is responsible for issuance and maintenance of this Manual. The following publications implement the program:

(1) National Industrial Security Program Operating Manual (NISPOM) (32 CFR part 117).

(2) DoD Manual 5220.22, Volume 2, National Industrial Security Program: Industrial Security Procedures for Government Activities.

(c) Procedures for the protection of information relating to foreign classified contracts awarded to U.S. industry, and instructions for the protection of U.S. information relating to classified contracts awarded to foreign firms, are prescribed in 32 CFR 117.19.

(d) Nondefense agencies that have industrial security services agreements with DoD, and DoD components, shall use the DD Form 254, Contract Security Classification Specification, to provide security classification guidance to U.S. contractors, and subcontractors as applicable, requiring access to information classified as "Confidential", "Secret", or "Top Secret".

(1) Provided that the data submittal is unclassified, the DD Form 254 shall be completed electronically in the NISP Contract Classification System (NCCS), which is accessible at <https://www.dcsa.mil/is/nccs/>. Nondefense agencies with an existing DD Form 254 information system may use that system.

(2) (i) A contractor, or subcontractor (if applicable), requiring access to classified information under a contract shall be identified with a Commercial and Government Entity (CAGE) code on the DD Form 254 (see subpart 4.18 for information on obtaining and validating CAGE codes).

(ii) Each location of contractor or subcontractor performance listed on the DD Form 254 is required to reflect a corresponding unique CAGE code for each listed location unless the work is being performed at a Government facility, in which case the agency location code shall be used. Each subcontractor location requiring access to classified information must be listed on the DD Form 254.

(iii) Contractor and subcontractor performance locations listed on the DD Form 254 are not required to be separately registered in the System for Award Management (SAM) solely for the purposes of a DD Form 254 (see subpart 4.11 for information on registering in SAM).

(e) Part 27, Patents, Data, and Copyrights, contains policy and procedures for safeguarding classified information in patent applications and patents.

4.403 Responsibilities of contracting officers.

(a) *Presolicitation phase.* Contracting officers shall review all proposed solicitations to determine whether access to classified information may be required by offerors, or by a contractor during contract performance.

(1) If access to classified information of another agency may be required, the contracting officer shall-

(i) Determine if the agency is covered by the NISP; and

(ii) Follow that agency's procedures for determining the security clearances of firms to be solicited.

(2) If the classified information required is from the contracting officer's agency, the contracting officer shall follow agency procedures.

(b) *Solicitation phase.* Contracting officers shall-

(1) Ensure that the classified acquisition is conducted as required by the NISP or agency procedures, as appropriate; and

(2) Include-

(i) An appropriate Security Requirements clause in the solicitation (see 4.404); and

(ii) As appropriate, in solicitations and contracts when the contract may require access to classified information, a requirement for security safeguards in addition to those provided in the clause (52.204-2, Security Requirements).

(c) *Award phase.* Contracting officers shall inform contractors and subcontractors of the security classifications and requirements assigned to the various documents, materials, tasks, subcontracts, and components of the classified contract as identified in the requirement documentation as follows:

(1) Nondefense agencies that have industrial security services agreements with DoD, and DoD components, shall use the Contract Security Classification Specification, DD Form 254. The contracting officer, or authorized agency representative, is the approving official for the DD Form 254 associated with the prime contract and shall ensure the DD Form 254 is properly prepared, distributed by and coordinated with requirements and security personnel in accordance with agency procedures, see [4.402\(d\)\(1\)](#).

(2) Contracting officers in agencies not covered by the NISP shall follow agency procedures.

4.404 Contract clause.

(a) The contracting officer shall insert the clause at [52.204-2](#), Security Requirements, in solicitations and contracts when the contract may require access to classified information, unless the conditions specified in paragraph (d) of this section apply.

(b) If a cost contract (see [16.302](#)) for research and development with an educational institution is contemplated, the contracting officer shall use the clause with its Alternate I.

(c) If a construction or architect-engineer contract where employee identification is required for security reasons is contemplated, the contracting officer shall use the clause with its Alternate II.

(d) If the contracting agency is not covered by the NISP and has prescribed a clause and alternates that are substantially the same as those at [52.204-2](#), the contracting officer shall use the agency-prescribed clause as required by agency procedures.

Subpart 4.5 - Electronic Commerce in Contracting

4.500 Scope of subpart.

This subpart provides policy and procedures for the establishment and use of electronic commerce in Federal acquisition as required by [41 U.S.C. 2301](#).

4.501 [Reserved]

4.502 Policy.

(a) The Federal Government shall use electronic commerce whenever practicable or cost-effective. The use of terms commonly associated with paper transactions (*e.g.*, "copy," "document," "page," "printed," "sealed envelope," and "stamped") shall not be interpreted to restrict the use of electronic commerce. Contracting officers may supplement electronic transactions by using other media to meet the requirements of any contract action governed by the FAR (*e.g.*, transmit hard copy of drawings).

(b) Agencies may exercise broad discretion in selecting the hardware and software that will be used in conducting electronic commerce. However, as required by [41 U.S.C. 2301](#), the head of each agency, after consulting with the Administrator of OFPP, shall ensure that systems, technologies, procedures, and processes used by the agency to conduct electronic commerce-

- (1) Are implemented uniformly throughout the agency, to the maximum extent practicable;
 - (2) Are implemented only after considering the full or partial use of existing infrastructures;
 - (3) Facilitate access to Government acquisition opportunities by small business concerns, small disadvantaged business concerns, women-owned, veteran-owned, HUBZone, and service-disabled veteran-owned small business concerns;
 - (4) Include a single means of providing widespread public notice of acquisition opportunities through the Governmentwide point of entry and a means of responding to notices or solicitations electronically; and
 - (5) Comply with nationally and internationally recognized standards that broaden interoperability and ease the electronic interchange of information, such as standards established by the National Institute of Standards and Technology.
- (c) Before using electronic commerce, the agency head shall ensure that the agency systems are capable of ensuring authentication and confidentiality commensurate with the risk and magnitude of the harm from loss, misuse, or unauthorized access to or modification of the information.
- (d) Agencies may accept electronic signatures and records in connection with Government contracts.

This page intentionally left blank.

Subpart 4.6 - Contract Reporting

4.600 Scope of subpart.

This subpart prescribes uniform reporting requirements for the Federal Procurement Data System (FPDS).

4.601 Definitions.

As used in this subpart—

Contract action means any oral or written action that results in the purchase, rent, or lease of supplies or equipment, services, or construction using appropriated dollars over the micro-purchase threshold, or modifications to these actions regardless of dollar value. Contract action does not include grants, cooperative agreements, other transactions, real property leases, requisitions from Federal stock, training authorizations, or other non-FAR based transactions.

Contract action report (CAR) means contract action data required to be entered into the Federal Procurement Data System (FPDS).

Definitive contract means any contract that must be reported to FPDS other than an indefinite delivery vehicle. This definition is only for FPDS, and is not intended to apply to [part 16](#).

Entitlement program means a Federal program that guarantees a certain level of benefits to persons or other entities who meet requirements set by law, such as Social Security, farm price supports, or unemployment benefits.

Generic entity identifier means a number or other identifier assigned to a category of vendors and not specific to any individual or entity.

Indefinite delivery vehicle (IDV) means an indefinite delivery contract or agreement that has one or more of the following clauses:

- (1) [52.216-18](#), Ordering.
- (2) [52.216-19](#), Order Limitations.
- (3) [52.216-20](#), Definite Quantity.
- (4) [52.216-21](#), Requirements.
- (5) [52.216-22](#), Indefinite Quantity.
- (6) Any other clause allowing ordering.

4.602 General.

(a) The FPDS provides a comprehensive web-based tool for agencies to report contract actions. The resulting data provides-

(1) A basis for recurring and special reports to the President, the Congress, the Government Accountability Office, Federal executive agencies, and the general public;

(2) A means of measuring and assessing the effect of Federal contracting on the Nation's economy and the extent to which small, veteran-owned small, service-disabled veteran-owned small, HUBZone small, small disadvantaged, women-owned small business concerns, and AbilityOne nonprofit agencies operating under [41 U.S.C. chapter 85](#), Committee for Purchase from People Who Are Blind or Severely Disabled, are sharing in Federal contracts;

(3) A means of measuring and assessing the effect of Federal contracting for promoting sustainable technologies, materials, products, services, and high-performance sustainable buildings. This is accomplished by collecting and reporting agency data on sustainable acquisition, including types of products purchased, the purchase costs, and the exceptions used for other than sustainable acquisition; and

(4) A means of measuring and assessing the effect of other policy and management initiatives (e.g., performance based acquisitions and competition).

(b) FPDS does not provide reports for certain acquisition information used in the award of a contract action (e.g., subcontracting data, funding data, or accounting data).

(c) The FPDS Web site, <https://www.fpds.gov>, provides instructions for submitting data. It also provides-

- (1) A complete list of departments, agencies, and other entities that submit data to the FPDS;
- (2) Technical and end-user guidance;
- (3) A computer-based tutorial; and
- (4) Information concerning reports not generated in FPDS.

4.603 Policy.

(a) In accordance with the Federal Funding Accountability and Transparency Act of 2006 (Pub. L. 109-282), all unclassified Federal award data must be publicly accessible.

(b) Executive agencies shall use FPDS to maintain publicly available information about all unclassified contract actions exceeding the micro-purchase threshold, and any modifications to those actions that change previously reported contract action report data, regardless of dollar value.

(c) Agencies awarding assisted acquisitions or direct acquisitions must report these actions and identify the Program/Funding Agency and Office Codes from the applicable agency codes maintained by each agency at FPDS. These codes represent the agency and office that has provided the predominant amount of funding for the contract action. For assisted acquisitions, the requesting agency will receive socioeconomic credit for meeting agency small business goals, where applicable. Requesting agencies shall provide the appropriate agency/bureau component code as part of the written interagency agreement between the requesting and servicing agencies (see [17.502-1\(a\)\(1\)](#)).

(d) Agencies awarding contract actions with a mix of appropriated and non-appropriated funding shall only report the full appropriated portion of the contract action in FPDS.

4.604 Responsibilities.

(a) The Senior Procurement Executive in coordination with the head of the contracting activity is responsible for developing and monitoring a process to ensure timely and accurate reporting of contractual actions to FPDS.

(b) (1) The responsibility for the completion and accuracy of the individual contract action report (CAR) resides with the contracting officer who awarded the contract action. CARs in a draft or error status in FPDS are not considered complete.

(2) The CAR must be confirmed for accuracy by the contracting officer prior to release of the contract award. The CAR must then be completed in FPDS within three business days after contract award.

(3) For any action awarded in accordance with FAR [6.302-2](#) or pursuant to any of the authorities listed at subpart [18.2](#), the CAR must be completed in FPDS within 30 days after contract award.

(4) When the contracting officer receives written notification that a contractor has changed its size status in accordance with the clause at [52.219-28](#), Postaward Small Business Program Rerepresentation, the contracting officer shall update the size status in FPDS within 30 days after receipt of contractor's notification of rerepresentation.

(5) If after award of a contract, the contracting officer receives written notification of SBA's final decision on a protest concerning a size determination, the contracting officer shall update FPDS to reflect the final decision.

(c) The chief acquisition officer of each agency required to report its contract actions must submit to the General Services Administration (GSA), in accordance with FPDS guidance, within 120 days after the end of each fiscal year, an annual certification of whether, and to what degree, agency CAR data for the preceding fiscal year is complete and accurate.

4.605 Procedures.

(a) *Procurement Instrument Identifier (PIID)*. Agencies shall have in place a process that ensures that each PIID reported to FPDS is unique Governmentwide, for all solicitations, contracts, blanket purchase agreements, basic agreements, basic ordering agreements, or orders in accordance with [4.1601](#) to [4.1603](#), and will remain so for at least 20 years from the date of contract award. Other pertinent PIID instructions for FPDS reporting can be found at <https://www.fpds.gov>.

(b) *Unique entity identifier*. The contracting officer shall identify and report a unique entity identifier for the successful offeror on a contract action. The unique entity identifier shall correspond to the successful offeror's name and address as stated in the offer and resultant contract, and as registered in the System for Award Management in accordance with the provision at [52.204-7](#), System for Award Management. The contracting officer shall ask the offeror to provide its unique entity identifier by using either the provision at [52.204-6](#), Unique Entity Identifier, the provision at [52.204-7](#), System for Award Management, or the provision at [52.212-1](#), Instructions to Offerors-Commercial Products and Commercial Services. (For a discussion of the Commercial and Government Entity (CAGE) Code, which is a different identifier, see [subpart 4.18](#).)

(c) *Generic entity identifier*. (1) The use of a generic entity identifier should be limited, and only used in the situations described in paragraph (c)(2) of this section. Use of a generic entity identifier does not supersede the requirements of provisions [52.204-6](#), Unique Entity Identifier or [52.204-7](#) System for Award Management (if present in the solicitation) for the contractor to have a unique entity identifier assigned.

(2) Authorized generic entity identifiers, maintained by the Integrated Award Environment (IAE) program office (<http://www.gsa.gov/portal/content/105036>), may be used to report contracts in lieu of the contractor's actual unique entity identifier only for—

(i) Contract actions valued at or below \$30,000 that are awarded to a contractor that is-

- (A) A student;
- (B) A dependent of either a veteran, foreign service officer, or military member assigned outside the United States and its outlying areas (as defined in [2.101](#)); or
- (C) Located outside the United States and its outlying areas for work to be performed outside the United States and its outlying areas and the contractor does not otherwise have a unique entity identifier;
- (ii) Contracts valued above \$30,000 awarded to individuals located outside the United States and its outlying areas for work to be performed outside the United States and its outlying areas; or
- (iii) Contracts when specific public identification of the contracted party could endanger the mission, contractor, or recipients of the acquired goods or services. The contracting officer must include a written determination in the contract file of a decision applicable to authority under this paragraph (c)(2)(iii).
- (d) American Recovery and Reinvestment Act actions. The contracting officer, when entering data in FPDS, shall use the instructions at <https://www.fpds.gov> to identify any action funded in whole or in part by the American Recovery and Reinvestment Act of 2009 (Pub. L. 111-5).
- (e) *Office codes*. Agencies shall by March 31, 2016—
 - (1) Use the Activity Address Code (AAC), as defined in [2.101](#), assigned to the issuing contracting office as the contracting office code, and
 - (2) Use the AAC assigned to the program/funding office providing the predominance of funding for the contract action as the program/funding office code.

4.606 Reporting Data.

- (a) *Actions required to be reported to FPDS*. (1) As a minimum, agencies must report the following contract actions over the micro-purchase threshold, regardless of solicitation process used, and agencies must report any modification to these contract actions that change previously reported contract action data, regardless of dollar value:
 - (i) Definitive contracts, including purchase orders and imprest fund buys over the micro-purchase threshold awarded by a contracting officer.
 - (ii) Indefinite delivery vehicle (identified as an "IDV" in FPDS). Examples of IDVs include the following:
 - (A) Task and Delivery Order Contracts (see [subpart 16.5](#)), including—
 - (1) Government-wide acquisition contracts.
 - (2) Multi-agency contracts.
 - (B) GSA Federal supply schedules.
 - (C) Blanket Purchase Agreements (see [13.303](#)).
 - (D) Basic Ordering Agreements (see [16.703](#)).
 - (E) Any other agreement or contract against which individual orders or purchases may be placed.
 - (iii) All calls and orders awarded under the indefinite delivery vehicles identified in paragraph (a)(1)(ii) of this section.
- (2) The GSA Office of Charge Card Management will provide the Government purchase card data, at a minimum annually, and GSA will incorporate that data into FPDS for reports.
- (3) Agencies may use the FPDS Express Reporting capability for consolidated multiple action reports for a vendor when it would be overly burdensome to report each action individually. When used, Express Reporting should be done at least monthly.
- (b) *Reporting other actions*. Agencies may submit actions other than those listed at paragraph (a)(1) of this section only if they are able to be segregated from FAR-based actions and this is approved in writing by the FPDS Program Office. Prior to the commencement of reporting, agencies must contact the FPDS Program Office if they desire to submit any of the following types of activity:
 - (1) Transactions at or below the micro-purchase threshold, except as provided in paragraph (a)(2) of this section.
 - (2) Any non-appropriated fund (NAF) or NAF portion of a contract action using a mix of appropriated and non-appropriated funding.
 - (3) Lease and supplemental lease agreements for real property.
 - (4) Grants and entitlement actions.
- (c) *Actions not reported*. The following types of contract actions are not to be reported to FPDS:
 - (1) Imprest fund transactions below the micro-purchase threshold, including those made via the Government purchase card (unless specific agency procedures prescribe reporting these actions).
 - (2) Orders from GSA stock and the GSA Global Supply Program.

(3) Purchases made at GSA or AbilityOne service stores, as these items stocked for resale have already been reported by GSA.

(4) Purchases made using non-appropriated fund activity cards, chaplain fund cards, individual Government personnel training orders, and Defense Printing orders.

(5) Actions that, pursuant to other authority, will not be entered in FPDS (*e.g.*, reporting of the information would compromise national security).

(6) Contract actions in which the required data would constitute classified information.

(7) Resale activity (*i.e.*, commissary or exchange activity).

(8) Revenue generating arrangements (*i.e.*, concessions).

(9) Training expenditures not issued as orders or contracts.

(10) Interagency agreements other than inter-agency acquisitions required to be reported at [4.606\(a\)\(1\)](#).

(11) Letters of obligation used in the A-76 process.

(d) Agencies not subject to the FAR. Agencies not subject to the FAR may be required by other authority (*e.g.*, statute, OMB, or internal agency policy) to report certain information to FPDS. Those agencies not subject to the FAR must first receive approval from the FPDS Program Office prior to reporting to FPDS.

4.607 Solicitation provisions and contract clause.

(a) Insert the provision at [52.204-5](#), Women-Owned Business (Other Than Small Business), in all solicitations that-

(1) Are not set aside for small business concerns;

(2) Exceed the simplified acquisition threshold; and

(3) Are for contracts that will be performed in the United States or its outlying areas.

(b) Insert the provision at [52.204-6](#), Unique Entity Identifier, in solicitations that do not contain the provision at [52.204-7](#), System for Award Management, or meet a condition at [4.605\(c\)\(2\)](#).

(c) Insert the clause at [52.204-12](#), Unique Entity Identifier Maintenance, in solicitations and resulting contracts that contain the provision at [52.204-6](#), Unique Entity Identifier.

Subpart 4.7 - Contractor Records Retention

4.700 Scope of subpart.

This subpart provides policies and procedures for retention of records by contractors to meet the records review requirements of the Government. In this subpart, the terms "contracts" and "contractors" include "subcontracts" and "subcontractors."

4.701 Purpose.

The purpose of this subpart is to generally describe records retention requirements and to allow reductions in the retention period for specific classes of records under prescribed circumstances.

4.702 Applicability.

(a) This subpart applies to records generated under contracts that contain one of the following clauses:

(1) Audit and Records-Sealed Bidding ([52.214-26](#)).

(2) Audit and Records-Negotiation ([52.215-2](#)).

(b) This subpart is not mandatory on Department of Energy contracts for which the Comptroller General allows alternative records retention periods. Apart from this exception, this subpart applies to record retention periods under contracts that are subject to [10 U.S.C. chapter 137](#) legacy provisions ([10 U.S.C. 3064](#)) and [10 U.S.C. 3016](#) and chapter 203, or [40 U.S.C. 101](#), *et seq.*

4.703 Policy.

(a) Except as stated in [4.703\(b\)](#), contractors shall make available records, which includes books, documents, accounting procedures and practices, and other data, regardless of type and regardless of whether such items are in written form, in the form of computer data, or in any other form, and other supporting evidence to satisfy contract negotiation, administration, and audit requirements of the contracting agencies and the Comptroller General for-

(1) 3 years after final payment; or

(2) For certain records the period specified in [4.705](#) through [4.705-3](#), whichever of these periods expires first.

(b) Contractors shall make available the foregoing records and supporting evidence for a longer period of time than is required in [4.703\(a\)](#) if-

(1) A retention period longer than that cited in [4.703\(a\)](#) is specified in any contract clause; or

(2) The contractor, for its own purposes, retains the foregoing records and supporting evidence for a longer period.

Under this circumstance, the retention period shall be the period of the contractor's retention or 3 years after final payment, whichever period expires first.

(3) The contractor does not meet the original due date for submission of final indirect cost rate proposals specified in paragraph (d)(2) of the clause at [52.216-7](#), Allowable Cost and Payment. Under these circumstances, the retention periods in [4.705](#) shall be automatically extended one day for each day the proposal is not submitted after the original due date.

(c) Nothing in this section shall be construed to preclude a contractor from duplicating or storing original records in electronic form unless they contain significant information not shown on the record copy. Original records need not be maintained or produced in an audit if the contractor or subcontractor provides photographic or electronic images of the original records and meets the following requirements:

(1) The contractor or subcontractor has established procedures to ensure that the imaging process preserves accurate images of the original records, including signatures and other written or graphic images, and that the imaging process is reliable and secure so as to maintain the integrity of the records.

(2) The contractor or subcontractor maintains an effective indexing system to permit timely and convenient access to the imaged records.

(3) The contractor or subcontractor retains the original records for a minimum of one year after imaging to permit periodic validation of the imaging systems.

(d) If the information described in paragraph (a) of this section is maintained on a computer, contractors shall retain the computer data on a reliable medium for the time periods prescribed. Contractors may transfer computer data in machine readable form from one reliable computer medium to another. Contractors' computer data retention and transfer procedures shall maintain the integrity, reliability, and security of the original computer data. Contractors shall also retain an audit trail describing the data transfer. For the record retention time periods prescribed, contractors shall not destroy, discard, delete, or write over such computer data.

4.704 Calculation of retention periods.

(a) The retention periods in [4.705](#) are calculated from the end of the contractor's fiscal year in which an entry is made charging or allocating a cost to a Government contract or subcontract. If a specific record contains a series of entries, the retention period is calculated from the end of the contractor's fiscal year in which the final entry is made. The contractor should cut off the records in annual blocks and retain them for block disposal under the prescribed retention periods.

(b) When records generated during a prior contract are relied upon by a contractor for certified cost or pricing data in negotiating a succeeding contract, the prescribed periods shall run from the date of the succeeding contract.

(c) If two or more of the record categories described in [4.705](#) are interfiled and screening for disposal is not practical, the contractor shall retain the entire record series for the longest period prescribed for any category of records.

4.705 Specific retention periods.

The contractor shall retain the records identified in [4.705-1](#) through [4.705-3](#) for the periods designated, provided retention is required under [4.702](#). Records are identified in this subpart in terms of their purpose or use and not by specific name or form number. Although the descriptive identifications may not conform to normal contractor usage or filing practices, these identifications apply to all contractor records that come within the description.

4.705-1 Financial and cost accounting records.

(a) Accounts receivable invoices, adjustments to the accounts, invoice registers, carrier freight bills, shipping orders, and other documents which detail the material or services billed on the related invoices: Retain 4 years.

(b) Material, work order, or service order files, consisting of purchase requisitions or purchase orders for material or services, or orders for transfer of material or supplies: Retain 4 years.

(c) Cash advance recapitulations, prepared as posting entries to accounts receivable ledgers for amounts of expense vouchers prepared for employees' travel and related expenses: Retain 4 years.

(d) Paid, canceled, and voided checks, other than those issued for the payment of salary and wages: Retain 4 years.

(e) Accounts payable records to support disbursements of funds for materials, equipment, supplies, and services, containing originals or copies of the following and related documents: remittance advices and statements, vendors' invoices, invoice audits and distribution slips, receiving and inspection reports or comparable certifications of receipt and inspection of material or services, and debit and credit memoranda: Retain 4 years.

(f) Labor cost distribution cards or equivalent documents: Retain 2 years.

(g) Petty cash records showing description of expenditures, to whom paid, name of person authorizing payment, and date, including copies of vouchers and other supporting documents: Retain 2 years.

4.705-2 Pay administration records.

(a) Payroll sheets, registers, or their equivalent, of salaries and wages paid to individual employees for each payroll period; change slips; and tax withholding statements: Retain 4 years.

(b) Clock cards or other time and attendance cards: Retain 2 years.

(c) Paid checks, receipts for wages paid in cash, or other evidence of payments for services rendered by employees: Retain 2 years.

4.705-3 Acquisition and supply records.

(a) Store requisitions for materials, supplies, equipment, and services: Retain 2 years.

(b) Work orders for maintenance and other services: Retain 4 years.

(c) Equipment records, consisting of equipment usage and status reports and equipment repair orders: Retain 4 years.

(d) Expendable property records, reflecting accountability for the receipt and use of material in the performance of a contract: Retain 4 years.

(e) Receiving and inspection report records, consisting of reports reflecting receipt and inspection of supplies, equipment, and materials: Retain 4 years.

(f) Purchase order files for supplies, equipment, material, or services used in the performance of a contract; supporting documentation and backup files including, but not limited to, invoices, and memoranda; *e.g.*, memoranda of negotiations showing the principal elements of subcontract price negotiations (see [52.244-2](#)): Retain 4 years.

(g) Production records of quality control, reliability, and inspection: Retain 4 years.

(h) Property records (see FAR [45.101](#) and [52.245-1](#)): Retain 4 years.

Subpart 4.8 - Government Contract Files

4.800 Scope of subpart.

This subpart prescribes requirements for establishing, maintaining, and disposing of contract files.

4.801 General.

(a) The head of each office performing contracting, contract administration, or paying functions shall establish files containing the records of all contractual actions.

(b) The documentation in the files (see [4.803](#)) shall be sufficient to constitute a complete history of the transaction for the purpose of-

- (1) Providing a complete background as a basis for informed decisions at each step in the acquisition process;
- (2) Supporting actions taken;
- (3) Providing information for reviews and investigations; and
- (4) Furnishing essential facts in the event of litigation or congressional inquiries.

(c) The files to be established include-

- (1) A file for cancelled solicitations;
- (2) A file for each contract; and
- (3) A file such as a contractor general file, containing documents relating, for example-to-
 - (i) No specific contract;
 - (ii) More than one contract; or
 - (iii) The contractor in a general way (*e.g.*, contractor's management systems, past performance, or capabilities).

4.802 Contract files.

(a) A contract file should generally consist of-

- (1) The contracting office contract file that documents the basis for the acquisition and the award, the assignment of contract administration (including payment responsibilities), and any subsequent actions taken by the contracting office;
- (2) The contract administration office contract file that documents actions reflecting the basis for and the performance of contract administration responsibilities; and
- (3) The paying office contract file that documents actions prerequisite to, substantiating, and reflecting contract payments.

(b) Normally, each file should be kept separately; however, if appropriate, any or all of the files may be combined; *e.g.*, if all functions or any combination of the functions are performed by the same office.

(c) Files must be maintained at organizational levels that ensure-

- (1) Effective documentation of contract actions;
- (2) Ready accessibility to principal users;
- (3) Minimal establishment of duplicate and working files;
- (4) The safeguarding of classified documents; and
- (5) Conformance with agency regulations for file location and maintenance.

(d) If the contract files or file segments are decentralized (*e.g.*, by type or function) to various organizational elements or to other outside offices, responsibility for their maintenance must be assigned. A central control and, if needed, a locator system should be established to ensure the ability to locate promptly any contract files.

(e) Contents of contract files that are contractor bid or proposal information or source selection information as defined in [2.101](#) must be protected from disclosure to unauthorized persons (see [3.104-4](#)).

(f) Agencies may retain contract files in any medium (paper, electronic, microfilm, etc.) or any combination of media, as long as the requirements of this subpart are satisfied.

4.803 Contents of contract files.

The following are examples of the records normally contained, if applicable, in contract files:

(a) Contracting office contract file. (1) Purchase request, acquisition planning information, and other presolicitation documents.

- (2) Justifications and approvals, determinations and findings, and associated documents.
- (3) Evidence of availability of funds.
- (4) Synopsis of proposed acquisition as required by [part 5](#) or a reference to the synopsis.

- (5) The list of sources solicited, and a list of any firms or persons whose requests for copies of the solicitation were denied, together with the reasons for denial.
- (6) Set-aside decision (see [19.1506](#)) including the type and extent of market research conducted.
- (7) Government estimate of contract price.
- (8) A copy of the solicitation and all amendments thereto.
- (9) Security requirements and evidence of required clearances.
- (10) A copy of each offer or quotation, the related abstract, and records of determinations concerning late offers or quotations. Unsuccessful offers or quotations may be maintained separately, if cross-referenced to the contract file. The only portions of the unsuccessful offer or quotation that need be retained are-
 - (i) Completed solicitation sections A, B, and K;
 - (ii) Technical and management proposals;
 - (iii) Cost/price proposals; and
 - (iv) Any other pages of the solicitation that the offeror or quoter has altered or annotated.
- (11) Contractor's representations and certifications (see [4.1201\(c\)](#)).
- (12) Preaward survey reports or reference to previous preaward survey reports relied upon.
- (13) Source selection documentation.
- (14) Contracting officer's determination of the contractor's responsibility.
- (15) Small Business Administration Certificate of Competency.
- (16) Records of contractor's compliance with labor policies including equal employment opportunity policies.
- (17) Data and information related to the contracting officer's determination of a fair and reasonable price. This may include-
 - (i) Certified cost or pricing data;
 - (ii) Data other than certified cost or pricing data;
 - (iii) Justification for waiver from the requirement to submit certified cost or pricing data; or
 - (iv) Certificates of Current Cost or Pricing Data.
- (18) Packaging and transportation data.
- (19) Cost or price analysis.
- (20) Audit reports or reasons for waiver.
- (21) Record of negotiation.
- (22) Justification for type of contract.
- (23) Authority for deviations from this regulation, statutory requirements, or other restrictions.
- (24) Required approvals of award and evidence of legal review.
- (25) Notice of award.
- (26) The original of-
 - (i) The signed contract or award;
 - (ii) All contract modifications; and
 - (iii) Documents supporting modifications executed by the contracting office.
- (27) Synopsis of award or reference thereto.
- (28) Notice to unsuccessful quoters or offerors and record of any debriefing.
- (29) Acquisition management reports (see [subpart 4.6](#)).
- (30) Bid, performance, payment, or other bond documents, or a reference thereto, and notices to sureties.
- (31) Report of postaward conference.
- (32) Notice to proceed, stop orders, and any overtime premium approvals granted at the time of award.
- (33) Documents requesting and authorizing modification in the normal assignment of contract administration functions and responsibility.
- (34) Approvals or disapprovals of requests for waivers or deviations from contract requirements.
- (35) Rejected engineering change proposals.
- (36) Royalty, invention, and copyright reports (including invention disclosures) or reference thereto.
- (37) Contract completion documents.
- (38) Documentation regarding termination actions for which the contracting office is responsible.
- (39) Cross-references to pertinent documents that are filed elsewhere.
- (40) Any additional documents on which action was taken or that reflect actions by the contracting office pertinent to the contract.

- (41) A current chronological list identifying the awarding and successor contracting officers, with inclusive dates of responsibility.
- (42) When limiting competition, or awarding on a sole source basis, to economically disadvantaged women-owned small business (EDWOSB) concerns or women-owned small business (WOSB) concerns eligible under the WOSB Program in accordance with [subpart 19.15](#), include documentation-
- (i) Of the type and extent of market research; and
 - (ii) That the NAICS code assigned to the acquisition is for an industry that SBA has designated as-
 - (A) Underrepresented for EDWOSB concerns; or
 - (B) Substantially underrepresented for WOSB concerns.
- (b) Contract administration office contract file. (1) Copy of the contract and all modifications, together with official record copies of supporting documents executed by the contract administration office.
- (2) Any document modifying the normal assignment of contract administration functions and responsibility.
 - (3) Security requirements.
 - (4) Certified cost or pricing data, Certificates of Current Cost or Pricing Data, or data other than certified cost or pricing data; cost or price analysis; and other documentation supporting contractual actions executed by the contract administration office.
 - (5) Preaward survey information.
 - (6) Purchasing system information.
 - (7) Consent to subcontract or purchase.
 - (8) Performance and payment bonds and surety information.
 - (9) Postaward conference records.
 - (10) Orders issued under the contract.
 - (11) Notice to proceed and stop orders.
 - (12) Insurance policies or certificates of insurance or references to them.
 - (13) Documents supporting advance or progress payments.
 - (14) Progressing, expediting, and production surveillance records.
 - (15) Quality assurance records.
 - (16) Property administration records.
 - (17) Documentation regarding termination actions for which the contract administration office is responsible.
 - (18) Cross reference to other pertinent documents that are filed elsewhere.
 - (19) Any additional documents on which action was taken or that reflect actions by the contract administration office pertinent to the contract.
 - (20) Contract completion documents.
- (c) Paying office contract file. (1) Copy of the contract and any modifications.
- (2) Bills, invoices, vouchers, and supporting documents.
 - (3) Record of payments or receipts.
 - (4) Other pertinent documents.

4.804 Closeout of contract files.

4.804-1 Closeout by the office administering the contract.

- (a) Except as provided in paragraph (c) of this section, time standards for closing out contract files are as follows:
- (1) Files for contracts using simplified acquisition procedures should be considered closed when the contracting officer receives evidence of receipt of property and final payment, unless otherwise specified by agency regulations.
 - (2) Files for firm-fixed-price contracts, other than those using simplified acquisition procedures, should be closed within 6 months after the date on which the contracting officer receives evidence of physical completion.
 - (3) Files for contracts requiring settlement of indirect cost rates should be closed within 36 months of the month in which the contracting officer receives evidence of physical completion.
 - (4) Files for all other contracts should be closed within 20 months of the month in which the contracting officer receives evidence of physical completion.
- (b) When closing out the contract files at [4.804-1\(a\)\(2\)](#), (3), and (4), the contracting officer shall use the closeout procedures at [4.804-5](#). However, these closeout actions may be modified to reflect the extent of administration that has been

performed. Quick closeout procedures (see [42.708](#)) should be used, when appropriate, to reduce administrative costs and to enable deobligation of excess funds.

(c) A contract file shall not be closed if-

- (1) The contract is in litigation or under appeal; or
- (2) In the case of a termination, all termination actions have not been completed.

4.804-2 Closeout of the contracting office files if another office administers the contract.

(a) Contract files for contracts using simplified acquisition procedures should be considered closed when the contracting officer receives evidence of receipt of property and final payment, unless otherwise specified by agency regulation.

(b) All other contract files shall be closed as soon as practicable after the contracting officer receives a contract completion statement from the contract administration office. The contracting officer shall ensure that all contractual actions required have been completed and shall prepare a statement to that effect. This statement is authority to close the contract file and shall be made a part of the official contract file.

4.804-3 Closeout of paying office contract files.

The paying office shall close the contract file upon issuance of the final payment voucher.

4.804-4 Physically completed contracts.

(a) Except as provided in paragraph (b) of this section, a contract is considered to be physically completed when-

(1) (i) The contractor has completed the required deliveries and the Government has inspected and accepted the supplies;

(ii) The contractor has performed all services and the Government has accepted these services; and

(iii) All option provisions, if any, have expired; or

(2) The Government has given the contractor a notice of complete contract termination.

(b) Rental, use, and storage agreements are considered to be physically completed when-

(1) The Government has given the contractor a notice of complete contract termination; or

(2) The contract period has expired.

4.804-5 Procedures for closing out contract files.

(a) The contract administration office is responsible for initiating (automated or manual) administrative closeout of the contract after receiving evidence of its physical completion. At the outset of this process, the contract administration office must review the contract funds status and notify the contracting office of any excess funds the contract administration office might deobligate. When complete, the administrative closeout procedures must ensure that-

(1) Disposition of classified material is completed;

(2) *Final patent report is cleared.* If a final patent report is required, the contracting officer may proceed with contract closeout in accordance with the following procedures, or as otherwise prescribed by agency procedures:

(i) Final patent reports should be cleared within 60 days of receipt.

(ii) If the final patent report is not received, the contracting officer shall notify the contractor of the contractor's obligations and the Government's rights under the applicable patent rights clause, in accordance with [27.303](#). If the contractor fails to respond to this notification, the contracting officer may proceed with contract closeout upon consultation with the agency legal counsel responsible for patent matters regarding the contractor's failure to respond.

(3) Final royalty report is cleared;

(4) There is no outstanding value engineering change proposal;

(5) Plant clearance report is received;

(6) Property clearance is received;

(7) All interim or disallowed costs are settled;

(8) Price revision is completed;

(9) Subcontracts are settled by the prime contractor;

(10) Prior year indirect cost rates are settled;

(11) Termination docket is completed;

(12) Contract audit is completed;

(13) Contractor's closing statement is completed;

(14) Contractor's final invoice has been submitted; and

- (15) Contract funds review is completed and excess funds deobligated.
- (b) When the actions in paragraph (a) of this section have been verified, the contracting officer administering the contract must ensure that a contract completion statement, containing the following information, is prepared:
- (1) Contract administration office name and address (if different from the contracting office).
 - (2) Contracting office name and address.
 - (3) Contract number.
 - (4) Last modification number.
 - (5) Last call or order number.
 - (6) Contractor name and address.
 - (7) Dollar amount of excess funds, if any.
 - (8) Voucher number and date, if final payment has been made.
 - (9) Invoice number and date, if the final approved invoice has been forwarded to a disbursing office of another agency or activity and the status of the payment is unknown.
 - (10) A statement that all required contract administration actions have been fully and satisfactorily accomplished.
 - (11) Name and signature of the contracting officer.
 - (12) Date.
- (c) When the statement is completed, the contracting officer must ensure that-
- (1) The signed original is placed in the contracting office contract file (or forwarded to the contracting office for placement in the files if the contract administration office is different from the contracting office); and
 - (2) A signed copy is placed in the appropriate contract administration file if administration is performed by a contract administration office.

4.805 Storage, handling, and contract files.

- (a) Agencies must prescribe procedures for the handling, storing, and disposing of contract files, in accordance with the National Archives and Records Administration (NARA) General Records Schedule [1.1](#), Financial Management and Reporting Records. The Financial Management and Reporting Records can be found at <http://www.archives.gov/records-mgmt/grs.html>. These procedures must take into account documents held in all types of media, including microfilm and various electronic media. Agencies may change the original medium to facilitate storage as long as the requirements of the part, law, and other regulations are satisfied. The process used to create and store records must record and reproduce the original document, including signatures and other written and graphic images completely, accurately, and clearly. Data transfer, storage, and retrieval procedures must protect the original data from alteration. Unless law or other regulations require signed originals to be kept, they may be destroyed after the responsible agency official verifies that record copies on alternate media and copies reproduced from the record copy are accurate, complete, and clear representations of the originals. When original documents have been converted to alternate media for storage, the requirements in Table 4-1 of this section also apply to the record copies in the alternate media.
- (b) If administrative records are mixed with program records and cannot be economically segregated, the entire file should be kept for the period of time approved for the program records. Similarly, if documents described in the following table are part of a subject or case file that documents activities that are not described in the table, they should be treated in the same manner as the files of which they are a part.
- (c) An agency that requires a shorter retention period than those identified in Table 4-1 shall request approval from NARA through the agency's records officer.

Table 4-1 - Retention Periods

Record	Retention period
(1) Contracts (and related records or documents, including successful and unsuccessful proposals, except see paragraph (c)(2) of this section regarding contractor payrolls submitted under construction contracts).	6 years after final payment.
(2) Contractor's payrolls submitted under construction contracts in accordance with Department of Labor regulations (29 CFR 5.5 (a)(3)), with related certifications, anti-kickback affidavits, and other related records.	3 years after contract completion unless contract performance is the subject of an enforcement action on that date (see paragraph (c)(8) of this section).

Record	Retention period
(3) Unsolicited proposals not accepted by a department or agency.	Retain in accordance with agency procedures.
(4) Files for canceled solicitations.	6 years after cancellation.
(5) Other copies of procurement file records used for administrative purposes.	When business use ceases.
(6) Documents pertaining generally to the contractor as described at 4.801(c)(3) .	Until superseded or obsolete.
(7) Data submitted to the Federal Procurement Data System (FPDS). Electronic data file maintained by fiscal year, containing unclassified records of all procurements exceeding the micro-purchase threshold, and information required under 4.603 .	6 years after submittal to FPDS.
(8) Investigations, cases pending or in litigation (including protests), or similar matters (including enforcement actions).	Until final clearance or settlement, or, if related to a document identified in paragraphs (c)(1) through (7) of this section, for the retention period specified for the related document, whichever is later.

Subpart 4.9 - Taxpayer Identification Number Information

4.900 Scope of subpart.

This subpart provides policies and procedures for obtaining-

- (a) Taxpayer Identification Number (TIN) information that may be used for debt collection purposes; and
- (b) Contract information and payment information for submittal to the payment office for Internal Revenue Service (IRS) reporting purposes.

4.901 Definition.

Common parent, as used in this subpart, means that corporate entity that owns or controls an affiliated group of corporations that files its Federal income tax returns on a consolidated basis, and of which the offeror is a member.

4.902 General.

(a) *Debt collection.* [31 U.S.C. 7701\(c\)](#) requires each contractor doing business with a Government agency to furnish its TIN to that agency. [31 U.S.C. 3325\(d\)](#) requires the Government to include, with each certified voucher prepared by the Government payment office and submitted to a disbursing official, the TIN of the contractor receiving payment under the voucher. The TIN may be used by the Government to collect and report on any delinquent amounts arising out of the contractor's relationship with the Government.

(b) *Information reporting to the IRS.* The TIN is also required for Government reporting of certain contract information (see [4.903](#)) and payment information (see [4.904](#)) to the IRS.

4.903 Reporting contract information to the IRS.

(a) [26 U.S.C. 6050M](#), as implemented in 26 CFR, requires heads of Federal executive agencies to report certain information to the IRS.

(b) (1) The required information applies to contract modifications-

- (i) Increasing the amount of a contract awarded before January 1, 1989, by \$50,000 or more; and
- (ii) Entered into on or after April 1, 1990.

(2) The reporting requirement also applies to certain contracts and modifications thereto in excess of \$25,000 entered into on or after January 1, 1989.

(c) The information to report is-

- (1) Name, address, and TIN of the contractor;
- (2) Name and TIN of the common parent (if any);
- (3) Date of the contract action;
- (4) Amount obligated on the contract action; and
- (5) Estimated contract completion date.

(d) Transmit the information to the IRS through the Federal Procurement Data System (see [subpart 4.6](#) and implementing instructions).

4.904 Reporting payment information to the IRS.

[26 U.S.C. 6041](#) and [6041 A](#), as implemented in 26 CFR, in part, require payors, including Government agencies, to report to the IRS, on Form 1099, payments made to certain contractors. [26 U.S.C. 6109](#) requires a contractor to provide its TIN if a Form 1099 is required. The payment office is responsible for submitting reports to the IRS.

4.905 Solicitation provision.

The contracting officer shall insert the provision at [52.204-3](#), Taxpayer Identification, in solicitations that-

- (a) Do not include the provision at [52.204-7](#), System for Award Management; and
- (b) Are not conducted under the procedures of [part 12](#).

This page intentionally left blank.

Subpart 4.10 - Uniform Use of Line Items

4.1000 Scope.

This subpart prescribes policies and procedures for assigning line items and subline items and their identifiers. However, in order to provide agencies with time to transition their information systems, agencies have until October 1, 2019, to apply the requirements of [4.1002](#) through [4.1008](#).

4.1001 Policy.

In order to improve the accuracy, traceability, and usability of procurement data, procurement instruments shall identify the supplies or services to be acquired as separately identified line items and, as needed, subline items.

(a) Line items are established to define deliverables or organize information about deliverables. Each line item describes characteristics for the item purchased, *e.g.*, pricing, delivery, and funding information.

(b) Each line item may be subdivided into separate unique subsets (called subline items) to ease administration. If a line item has deliverable subline items, the line item is informational. Subline items differentiate between or among certain characteristics of the line item, such as colors or sizes, dates of delivery, destinations, or places of performance. Subline items are established to define deliverables or organize information about deliverables.

4.1002 Applicability.

The policies of this subpart shall apply to the following procurement instruments, to include amendments, modifications, and change orders thereto:

- (a) Solicitations.
- (b) Contracts, including, but not limited to, Governmentwide acquisition contracts (GWACs), multi-agency contracts (MACs), Federal Supply Schedule (FSS) contracts, indefinite-delivery contracts, and purchase orders.
- (c) Agreements that include pre-priced supplies or services.
- (d) Task and delivery orders.

4.1003 Establishing line items.

Establish separate line items for deliverables that have the following characteristics except as provided at [4.1005-2](#):

- (a) Separately identifiable.
 - (1) A supply is separately identifiable if it has its own identification (*e.g.*, national stock number (NSN), item description, manufacturer's part number).
 - (2) Services are separately identifiable if they have no more than one statement of work or performance work statement.
 - (3) If the procurement instrument involves a first article (see [subpart 9.3](#)), establish a separate line item for each item requiring a separate approval. If the first article consists of a lot composed of a mixture of items that will be approved as a single lot, a single line item may be used.
- (b) Single unit price or total price.
- (c) Single accounting classification citation. A single deliverable may be funded by multiple accounting classifications when the deliverable effort cannot be otherwise subdivided.
- (d) Separate delivery schedule, destination, period of performance, or place of performance.
- (e) Single contract pricing type (*e.g.*, fixed-price or cost-reimbursement).

4.1004 Establishing subline items.

Subline items may be used to facilitate tracking of performance, deliverables, payment, and contract funds accounting or for other management purposes. Subline items may be either deliverable or informational. The list of characteristics at [4.1003](#) applies to deliverable subline items, but it is not applicable to informational subline items. A line item with subline items shall contain only that information that is common to all subline items thereunder. All subline items under one line item shall be the same contract type as the line item.

(a) *Deliverable subline items.* Deliverable subline items may be used for several related items that require separate identification. For example, instead of establishing multiple separate line items, subline items may be established for—

- (1) Items that are basically the same, except for minor variations such as—
 - (i) Size or color;
 - (ii) Accounting classification, but see also [4.1005-1\(a\)\(4\)](#); or

- (iii) Date of delivery, destination, or period or place of performance;
- (2) Separately priced collateral functions that relate to the primary product, such as packaging and handling, or transportation; or
- (3) Items to be separately identified at the time of shipment or performance.

(b) *Informational subline items.*

- (1) Informational subline items may be used by agencies for administrative purposes. This type of subline item identifies information that relates directly to the line item and is an integral part of it (*e.g.*, parts of an assembly or parts of a kit).
- (2) Position informational subline items within the line item description, not in the quantity or price fields.

4.1005 Data elements for line items and subline items.

4.1005-1 Required data elements.

(a) Except as provided in [4.1005-2](#), each line item or subline item shall include in the schedule (described at [12.303\(b\)\(4\)](#), [14.201-2](#), or [15.204-2](#), or in a comparable section of the procurement instrument), at a minimum, the following information as separate, distinct data elements:

- (1) Line item or subline item number established in accordance with agency procedures.
- (2) Description of what is being purchased.
- (3) Product or Service Code (PSC).
- (4) Accounting classification citation.

(i) Line items or deliverable subline items. If multiple accounting classifications for a single deliverable apply, include the dollar amount for each accounting classification in the schedule (or a comparable section of the procurement instrument).

(ii) Informational subline items. An accounting classification citation is not required. (See [4.1004](#)).

(5) (i) For fixed-price line items:

- (A) Unit of measure.
- (B) Quantity.
- (C) Unit price.
- (D) Total price.

(ii) For cost-reimbursement line items:

- (A) Unit of measure.
- (B) Quantity.
- (C) Estimated cost.
- (D) Fee (if any).

(E) Total estimated cost plus any fee.

(b) If a contract contains a combination of fixed-price, time-and-materials, labor-hour, or cost-reimbursable line items, identify the contract type for each line item in the schedule (or a comparable section of the procurement instrument) to facilitate payment.

(c) Each deliverable line item or deliverable subline item shall have its own delivery schedule, destination, period of performance, or place of performance expressly stated in the appropriate section of the procurement instrument ("as required" constitutes an expressly stated delivery term). When a line item has deliverable subline items, the delivery schedule, destination, period of performance, or place of performance shall be identified at the subline item level, rather than the line item level.

(d) Terms and conditions in other sections of the contract (such as contract clauses or payment instructions) shall also specify applicability to individual line items if not applicable to the contract as a whole.

4.1005-2 Exceptions.

(a) *Indefinite-delivery contracts-*

(1) *General.* The following required data elements are not known at time of issuance of an indefinite-delivery contract, but shall be provided in each order at the time of issuance: accounting classification, delivery date and destination, or period and place of performance.

(2) *Indefinite-delivery indefinite-quantity (IDIQ) and requirements contracts.* (i) IDIQ and requirements contracts may omit the quantity at the line item level for the base award provided that the total contract minimum and maximum, or the estimate, respectively, is stated.

(ii) Multiple-award IDIQ contracts awarded using the procedures at [13.106-1\(a\)\(2\)\(iv\)\(A\)](#) or [15.304\(c\)\(1\)\(ii\)\(A\)](#) may omit price or cost at the line item or subline item level for the contract award, provided that the total contract minimum and maximum is stated (see [16.504\(a\)\(1\)](#)).

(b) *Item description and PSC.* These data elements are not required in the line item if there are associated deliverable subline items that include the actual detailed identification. When this exception applies, use a general narrative description for the line item.

(c) *Single unit price or single total price.* The requirement for a single unit price or single total price at the line item level does not apply if any of the following conditions are present:

- (1) There are associated deliverable subline items that are priced.
- (2) The line item or subline item is not separately priced.
- (3) The supplies or services are being acquired on a cost-reimbursement, time-and-materials, or labor-hour basis.
- (4) The procurement instrument is for services and firm prices have been established for elements of the total price, but the actual number of the elements is not known until performance (*e.g.*, a labor-hour contract for maintenance/repair). The contracting officer may structure these procurement instruments to reflect a firm or estimated total amount for each line item.

4.1006 Modifications.

(a) When a new item (such as an increased quantity) is added to the procurement instrument, assign a new line item number.

(b) If the modification relates to existing line items, the modification shall refer to those items.

4.1007 Solicitation alternative line item proposal.

Solicitations should be structured to allow offerors to propose alternative line items (see [4.1008](#) and [52.212-1\(e\)](#)). For example, when soliciting certain items using units of measure such as kit, set, or lot, the offeror may not be able to group and deliver all items in a single shipment.

4.1008 Solicitation provision.

Insert the provision at [52.204-22](#), Alternative Line Item Proposal, in all solicitations.

This page intentionally left blank.

Subpart 4.11 - System for Award Management

4.1100 Scope.

This subpart prescribes policies and procedures for requiring contractor registration in the System for Award Management (SAM) to—

- (a) Increase visibility of vendor sources (including their geographical locations) for specific supplies and services; and
- (b) Establish a common source of vendor data for the Government.

4.1101 Definition.

As used in this subpart—

Agreement means basic agreement, basic ordering agreement, or blanket purchase agreement.

4.1102 Policy.

(a) Offerors and quoters are required to be registered in SAM at the time an offer or quotation is submitted in order to comply with the annual representations and certifications requirements except for—

(1) Purchases under the micro-purchase threshold that use a Governmentwide commercial purchase card as both the purchasing and payment mechanism, as opposed to using the purchase card for payment only;

(2) Classified contracts (see [2.101](#)) when registration in SAM, or use of SAM data, could compromise the safeguarding of classified information or national security;

(3) Contracts awarded by—

(i) Deployed contracting officers in the course of military operations, including, but not limited to, contingency operations as defined in [10 U.S.C. 101\(a\)\(13\)](#) or humanitarian or peacekeeping operations as defined in [10 U.S.C. 3015\(2\)](#);

(ii) Contracting officers located outside the United States and its outlying areas, as defined in [2.101](#), for work to be performed in support of diplomatic or developmental operations, including those performed in support of foreign assistance programs overseas, in an area that has been designated by the Department of State as a danger pay post (see <https://aoprals.state.gov/>); or

(iii) Contracting officers in the conduct of emergency operations, such as responses to natural or environmental disasters or national or civil emergencies, e.g., Robert T. Stafford Disaster Relief and Emergency Assistance Act ([42 U.S.C. 5121](#));

(4) Contracts with individuals for performance outside the United States and its outlying areas;

(5) Contracts awarded without providing for full and open competition due to unusual or compelling urgency (see [6.302-2](#));

(6) Contract actions at or below \$30,000 awarded to foreign vendors for work performed outside the United States, if it is impractical to obtain SAM registration; and

(7) Micro-purchases that do not use the electronic funds transfer (EFT) method for payment and are not required to be reported (see [subpart 4.6](#)).

(b) If practical, the contracting officer shall modify the contract or agreement awarded under paragraph (a)(3) of this section to require SAM registration.

(c) Contracting officers shall use the legal business name or "doing business as" name and physical address from the contractor's SAM registration for the provided unique entity identifier to identify the contractor in section A of the contract schedule, similar sections of non-uniform contract formats and agreements, and all corresponding forms and data exchanges. Contracting officers shall make no changes to the data retrieved from SAM.

(d) (1) (i) If a contractor has legally changed its business name or "doing business as" name (whichever is shown on the contract), or has transferred the assets used in performing the contract, but has not completed the necessary requirements regarding novation and change-of-name agreements in [subpart 42.12](#), the contractor is required to provide the responsible contracting officer a minimum of one business day's written notification of its intention to change the name in SAM, comply with the requirements of [subpart 42.12](#), and agree in writing to the timeline and procedures specified by the responsible contracting officer. Along with the notification, the contractor is required to provide the contracting officer sufficient documentation to support the legally changed name.

(ii) If the contractor fails to comply with the requirements of paragraph (d)(1)(i) of the clause at [52.204-13](#), System for Award Management Maintenance, or fails to perform the agreement at [52.204-13](#), paragraph (d)(1)(i)(C), and, in the absence of a properly executed novation or change-of-name agreement, the SAM information that shows the contractor to

be other than the contractor indicated in the contract will be considered to be incorrect information within the meaning of the "Suspension of Payment" paragraph of the EFT clause of the contract.

(2) The contractor shall not change the name or address for electronic funds transfer payments (EFT) or manual payments, as appropriate, in the SAM record to reflect an assignee for the purpose of assignment of claims (see [subpart 32.8](#), Assignment of Claims).

(3) Assignees shall be separately registered in SAM. Information provided to the contractor's SAM record that indicates payments, including those made by EFT, to an ultimate recipient other than that contractor will be considered to be incorrect information within the meaning of the "Suspension of payment" paragraph of the EFT clause of the contract.

4.1103 Procedures.

(a) Unless the acquisition is exempt under [4.1102\(a\)](#), the contracting officer—

(1) Shall verify that the offeror or quoter is registered in SAM (see paragraph (b) of this section) at the time an offer or quotation is submitted;

(2) Should use the unique entity identifier to verify SAM registration—

(i) Via <https://www.sam.gov>; or

(ii) As otherwise provided by agency procedures; or

(3) Need not verify SAM registration before placing an order or call if the contract or agreement includes the clause at [52.204-13](#), System for Award Management Maintenance, or a similar agency clause, except when use of the Governmentwide commercial purchase card is contemplated as a method of payment. (See [32.1108\(b\)\(2\)](#).)

(b) If the contract action is being awarded in accordance with [4.1102\(a\)\(5\)](#), the contractor is required to be registered in SAM within 30 days after contract award, or at least three days prior to submission of the first invoice, whichever occurs first.

(c) Agencies shall protect against improper disclosure of information contained in SAM.

(d) The contracting officer shall, on contractual documents transmitted to the payment office, provide the unique entity identifier, or, if applicable, the Electronic Funds Transfer indicator, in accordance with agency procedures.

4.1104 Disaster Response Registry.

Contracting officers shall consult the Disaster Response Registry via <https://www.sam.gov>, Search Records, Advanced Search, Disaster Response Registry Search when contracting for debris removal, distribution of supplies, reconstruction, and other disaster or emergency relief activities inside the United States and outlying areas. (See [26.205](#)).

4.1105 Solicitation provision and contract clauses.

(a) (1) Insert the provision at [52.204-7](#), System for Award Management, in all solicitations except when the conditions in [4.1102\(a\)](#) apply.

(2) Insert the provision at [52.204-7](#), System for Award Management, with its Alternate I when the solicitation is anticipated to be awarded in accordance with [4.1102\(a\)\(5\)](#).

(b) Insert the clause at [52.204-13](#), System for Award Management Maintenance, in solicitations that contain the provision at [52.204-7](#), and resulting contracts.

Subpart 4.12 - Representations and Certifications

4.1200 Scope.

This subpart prescribes policies and procedures for requiring submission and maintenance of representations and certifications via the System for Award Management (SAM) to-

- (a) Eliminate the administrative burden for contractors of submitting the same information to various contracting offices;
- (b) Establish a common source for this information to procurement offices across the Government; and
- (c) Incorporate by reference the contractor's representations and certifications in the awarded contract.

4.1201 Policy.

(a) Offerors and quoters are required to complete electronic annual representations and certifications in SAM accessed via <https://www.sam.gov> as a part of required registration (see FAR 4.1102).

(b) (1) All registrants are required to review and update the representations and certifications submitted to SAM as necessary, but at least annually, to ensure they are kept current, accurate, and complete. The representations and certifications are effective until one year from date of submission or update to SAM.

(2) A contractors that represented itself as a small business prior to award of a contract must update the representations and certifications in SAM in accordance with [52.219-28](#). A contractor that represented itself as other than small business before contract award and qualifies as a small business may update its representations and certifications in SAM in accordance with [52.219-28](#).

(c) Data in SAM is archived and is electronically retrievable. Therefore, when a prospective contractor has completed representations and certifications electronically in SAM, the contracting officer must reference the date of SAM verification in the contract file to satisfy contract file documentation requirements of [4.803\(a\)\(11\)](#). However, if an offeror identifies changes to SAM data pursuant to the FAR provisions at [52.204-8\(d\)](#) or [52.212-3\(b\)](#), the contracting officer must include a copy of the changes in the contract file.

(d) The contracting officer shall incorporate the representations and certifications by reference in the contract (see [52.204-19](#), or for acquisitions of commercial products or commercial services see [52.212-4\(v\)](#)).

4.1202 Solicitation provision and contract clause.

(a) Insert the provision at [52.204-8](#), Annual Representations and Certifications, in solicitations, except for solicitations for commercial products or commercial services issued under part 12. The contracting officer shall check the applicable provisions at [52.204-8\(c\)\(2\)](#). Use the provision with its Alternate I in solicitations issued after October 1, 2028, that will result in a multiple-award contract with more than one North American Industry Classification System code assigned (see [19.102\(b\)](#)). When the provision at [52.204-7](#), System for Award Management, is included in the solicitation, do not separately include the following representations and certifications:

- (1) [52.203-2](#), Certificate of Independent Price Determination.
- (2) [52.203-11](#), Certification and Disclosure Regarding Payments to Influence Certain Federal Transactions.
- (3) [52.203-18](#), Prohibition on Contracting with Entities that Require Certain Internal Confidentiality Agreements or Statements-Representation.
- (4) [52.204-3](#), Taxpayer Identification.
- (5) [52.204-5](#), Women-Owned Business (Other Than Small Business).
- (6) [52.204-17](#), Ownership or Control of Offeror.
- (7) [52.204-20](#), Predecessor of Offeror.
- (8) [52.204-26](#), Covered Telecommunications Equipment or Services-Representation.
- (9) [52.209-2](#), Prohibition on Contracting with Inverted Domestic Corporations-Representation.
- (10) [52.209-5](#), Certification Regarding Responsibility Matters.
- (11) [52.209-11](#), Representation by Corporations Regarding Delinquent Tax Liability or a Felony Conviction under any Federal Law.
- (12) [52.214-14](#), Place of Performance-Sealed Bidding.
- (13) [52.215-6](#), Place of Performance.
- (14) [52.219-1](#), Small Business Program Representations (Basic, Alternates I, and II).
- (15) [52.219-2](#), Equal Low Bids.
- (16) [Reserved]
- (17) [52.222-18](#), Certification Regarding Knowledge of Child Labor for Listed End Products.

- (18) [52.222-22](#), Previous Contracts and Compliance Reports.
 - (19) [52.222-25](#), Affirmative Action Compliance.
 - (20) [52.222-38](#), Compliance with Veterans' Employment Reporting Requirements.
 - (21) [52.222-48](#), Exemption from Application of the Service Contract Labor Standards to Contracts for Maintenance, Calibration, or Repair of Certain Equipment—Certification.
 - (22) [52.222-52](#), Exemption from Application of the Service Contract Labor Standards to Contracts for Certain Services-Certification.
 - (23) [52.223-1](#), Biobased Product Certification.
 - (24) [52.223-4](#), Recovered Material Certification.
 - (25) [52.223-22](#), Public Disclosure of Greenhouse Gas Emissions and Reduction Goals-Representation.
 - (26) [52.225-2](#), Buy American Certificate.
 - (27) [52.225-4](#), Buy American-Free Trade Agreements-Israeli Trade Act Certificate (Basic, Alternates II, and III).
 - (28) [52.225-6](#), Trade Agreements Certificate.
 - (29) [52.225-20](#), Prohibition on Conducting Restricted Business Operations in Sudan-Certification.
 - (30) [52.225-25](#), Prohibition on Contracting with Entities Engaging in Certain Activities or Transactions Relating to Iran-Representation and Certifications.
 - (31) [52.226-2](#), Historically Black College or University and Minority Institution Representation.
 - (32) [52.227-6](#), Royalty Information (Basic & Alternate I).
 - (33) [52.227-15](#), Representation of Limited Rights Data and Restricted Computer Software.
- (b) The contracting officer shall insert the clause at [52.204-19](#), Incorporation by Reference of Representations and Certifications, in solicitations and contracts.

Subpart 4.13 - Personal Identity Verification

4.1300 Scope of subpart.

This subpart provides policy and procedures associated with Personal Identity Verification as required by-

(a) Federal Information Processing Standards Publication (FIPS PUB) Number 201, "Personal Identity Verification of Federal Employees and Contractors"; and

(b) Office of Management and Budget (OMB) Guidance M-05-24, dated August 5, 2005, "Implementation of Homeland Security Presidential Directive (HSPD) 12-Policy for a Common Identification Standard for Federal Employees and Contractors."

4.1301 Policy.

(a) Agencies must follow FIPS PUB Number 201 and the associated OMB implementation guidance for personal identity verification for all affected contractor and subcontractor personnel when contract performance requires contractors to have routine physical access to a Federally-controlled facility and/or routine access to a Federally-controlled information system.

(b) Agencies must include their implementation of FIPS PUB 201 and OMB Guidance M-05-24 in solicitations and contracts that require the contractor to have routine physical access to a Federally-controlled facility and/or routine access to a Federally-controlled information system.

(c) Agencies must designate an official responsible for verifying contractor employee personal identity.

(d) (1) Agency procedures for the return of Personal Identity Verification (PIV) products shall ensure that Government contractors account for all forms of Government-provided identification issued to Government contractor employees under a contract, *i.e.*, the PIV cards or other similar badges, and shall ensure that contractors return such identification to the issuing agency as soon as any of the following occurs, unless otherwise determined by the agency:

- (i) When no longer needed for contract performance.
- (ii) Upon completion of a contractor employee's employment.
- (iii) Upon contract completion or termination.

(2) The contracting officer may delay final payment under a contract if the contractor fails to comply with these requirements.

4.1302 Acquisition of approved products and services for personal identity verification.

(a) In order to comply with FIPS PUB 201, agencies must purchase only approved personal identity verification products and services.

(b) Agencies may acquire the approved products and services from the GSA, Federal Supply Schedule 70, Special Item Number (SIN) 132-62, HSPD-12 Product and Service Components, in accordance with ordering procedures outlined in FAR [subpart 8.4](#).

(c) When acquiring personal identity verification products and services not using the process in paragraph (b) of this section, agencies must ensure that the applicable products and services are approved as compliant with FIPS PUB 201 including-

- (1) Certifying the products and services procured meet all applicable Federal standards and requirements;
- (2) Ensuring interoperability and conformance to applicable Federal standards for the lifecycle of the components; and
- (3) Maintaining a written plan for ensuring ongoing conformance to applicable Federal standards for the lifecycle of the components.

(d) For more information on personal identity verification products and services see <http://www.idmanagement.gov>.

4.1303 Contract clause.

The contracting officer shall insert the clause at [52.204-9](#), Personal Identity Verification of Contractor Personnel, in solicitations and contracts when contract performance requires contractors to have routine physical access to a Federally-controlled facility and/or routine access to a Federally-controlled information system. The clause shall not be used when contractors require only intermittent access to Federally-controlled facilities.

This page intentionally left blank.

Subpart 4.14 - Reporting Executive Compensation and First-Tier Subcontract Awards

4.1400 Scope of subpart.

This subpart implements section 2 of the Federal Funding Accountability and Transparency Act of 2006 (Pub.L.109-282), as amended by section 6202 of the Government Funding Transparency Act of 2008 (Pub. L. 110-252), which requires contractors to report subcontract award data and the total compensation of the five most highly compensated executives of the contractor and subcontractor. The public may view first-tier subcontract award data at <http://www.usaspending.gov>.

4.1401 Applicability.

(a) This subpart applies to all contracts with a value of \$30,000 or more. Nothing in this subpart requires the disclosure of classified information.

(b) Reporting of subcontract information will be limited to the first-tier subcontractor.

4.1402 Procedures.

(a) Agencies shall ensure that contractors comply with the reporting requirements of [52.204-10](#), Reporting Executive Compensation and First-Tier Subcontract Awards. Agencies shall review contractor reports on a quarterly basis to ensure the information is consistent with contract information. The agency is not required to address data for which the agency would not normally have supporting information, such as the compensation information required of contractors and first-tier subcontractors. However, the agency shall inform the contractor of any inconsistencies with the contract information and require that the contractor correct the report, or provide a reasonable explanation as to why it believes the information is correct. Agencies may review the reports at <http://www.frs.gov>.

(b) When contracting officers report the contract action to the Federal Procurement Data System (FPDS) in accordance with FAR [subpart 4.6](#), certain data will then pre-populate from FPDS, to assist contractors in completing and submitting their reports. If data originating from FPDS is found by the contractor to be in error when the contractor completes the subcontract report, the contractor should notify the Government contracting officer, who is responsible for correcting the data in FPDS. Contracts reported using the generic entity identifier allowed at FAR [4.605\(c\)\(2\)](#) will interfere with the contractor's ability to comply with this reporting requirement, because the data will not pre-populate from FPDS.

(c) If the contractor fails to comply with the reporting requirements, the contracting officer shall exercise appropriate contractual remedies. In addition, the contracting officer shall make the contractor's failure to comply with the reporting requirements a part of the contractor's performance information under [subpart 42.15](#).

(d) There is a reporting exception in [52.204-10\(g\)](#) for contractors and subcontractors who had gross income in the previous tax year under \$300,000.

4.1403 Contract clause.

(a) Except as provided in paragraph (b) of this section, the contracting officer shall insert the clause at [52.204-10](#), Reporting Executive Compensation and First-Tier Subcontract Awards, in all solicitations and contracts of \$30,000 or more.

(b) The clause is not prescribed for contracts that are not required to be reported in the Federal Procurement Data System (FPDS) (see [subpart 4.6](#)).

Subpart 4.15 - [Reserved]

4.1500 [Reserved]

4.1501 [Reserved]

4.1502 [Reserved]

This page intentionally left blank.

Subpart 4.16 - Unique Procurement Instrument Identifiers

4.1600 Scope of subpart.

This subpart prescribes policies and procedures for assigning unique Procurement Instrument Identifiers (PIID) for each solicitation, contract, agreement, or order and related procurement instrument.

4.1601 Policy.

(a) Establishment of a Procurement Instrument Identifier (PIID). Agencies shall have in place a process that ensures that each PIID used to identify a solicitation or contract action is unique Governmentwide, and will remain so for at least 20 years from the date of contract award. The PIID shall be used to identify all solicitation and contract actions. The PIID shall also be used to identify solicitation and contract actions in designated support and reporting systems (e.g., Federal Procurement Data System, System for Award Management), in accordance with regulations, applicable authorities, and agency policies and procedures.)

(b) Transition of PIID numbering. No later than October 1, 2017, agencies shall comply with paragraph (a) of this section and use the requirements in [4.1602](#) and [4.1603](#) for all new solicitations and contract awards. Until an agency's transition is complete, it shall maintain its 2013 PIID format that is on record with the General Services Administration's Integrated Award Environment Program Office (which maintains a registry of the agency unique identifier scheme). The 2013 PIID format consisted of alpha characters in the first positions to indicate the agency, followed by alpha-numeric characters; the 2017 format instead has the AAC in the beginning 6 positions.

(c) Change in the Procurement Instrument Identifier after its assignment. (1) Agencies shall not change the PIID unless one of the following two circumstances apply:

(i) The PIID serial numbering system is exhausted. In this instance, the contracting officer may assign a new PIID by issuing a contract modification.

(ii) Continued use of a PIID is administratively burdensome (e.g., for implementations of new agency contract writing systems). In this instance, the contracting officer may assign a new PIID by issuing a contract modification.

(2) The modification shall clearly identify both the original and the newly assigned PIID. Issuance of a new PIID is an administrative change (see [43.101](#)).

4.1602 Identifying the PIID and supplementary PIID.

(a) *Identifying the PIID in solicitation and contract award documentation (including forms and electronic generated formats).* Agencies shall include all PIIDs for all related procurement actions as identified in paragraphs (a)(1) through (5) of this section.

(1) *Solicitation.* Identify the PIID for all solicitations. For amendments to solicitations, identify a supplementary PIID, in conjunction with the PIID for the solicitation.

(2) *Contracts and purchase orders.* Identify the PIID for contracts and purchase orders.

(3) *Delivery and task orders.* For delivery and task orders placed by an agency under a contract (e.g., indefinite delivery indefinite quantity (IDIQ) contracts, multi-agency contracts (MAC), Governmentwide acquisition contracts (GWACs), or Multiple Award Schedule (MAS) contracts), identify the PIID for the delivery and task order and the PIID for the contract.

(4) *Blanket purchase agreements and basic ordering agreements.* Identify the PIID for blanket purchase agreements issued in accordance with [13.303](#), and for basic agreements and basic ordering agreements issued in accordance with subpart [16.7](#). For blanket purchase agreements issued in accordance with subpart [8.4](#) under a MAS contract, identify the PIID for the blanket purchase agreement and the PIID for the MAS contract.

(i) *Orders.* For orders against basic ordering agreements or blanket purchase agreements issued in accordance with [13.303](#), identify the PIID for the order and the PIID for the blanket purchase agreement or basic ordering agreement.

(ii) *Orders under subpart 8.4.* For orders against a blanket purchase agreement established under a MAS contract, identify the PIID for the order, the PIID for the blanket purchase agreement, and the PIID for the MAS contract.

(5) *Modifications.* For modifications to actions described in paragraphs (a)(2) through (4) of this section, and in accordance with agency procedures, identify a supplementary PIID for the modification in conjunction with the PIID for the contract, order, or agreement being modified.

(b) *Placement of the PIID on forms.* When the form (including electronic generated format) does not provide spaces or fields for the PIID or supplementary PIID required in paragraph (a) of this section, identify the PIID in accordance with agency procedures.

(c) Additional agency specific identification information. If agency procedures require additional identification information in solicitations, contracts, or other related procurement instruments for administrative purposes, separate and clearly identify the additional information from the PIID.

4.1603 Procedures.

(a) *Elements of a PIID.* The PIID consists of a combination of thirteen to seventeen alpha and/or numeric characters sequenced to convey certain information. Do not use special characters (such as hyphens, dashes, or spaces).

(1) *Positions 1 through 6.* The first six positions identify the department/agency and office issuing the instrument. Use the AAC assigned to the issuing office for positions 1 through 6. Civilian agency points of contact for obtaining an AAC are on the AAC Contact list maintained by the General Services Administration and can be found at <https://community.max.gov/x/24foL>. For Department of Defense (DoD) inquiries, contact the service/agency Central Service Point or DoD AAC Monitor, or if unknown, email DODAADHQ@DLA.MIL for assistance.

(2) *Positions 7 through 8.* The seventh and eighth positions are the last two digits of the fiscal year in which the procurement instrument is issued or awarded. This is the date the action is signed, not the effective date if the effective date is different.

(3) *Position 9.* Indicate the type of instrument by entering one of the following upper case letters in position nine. Departments and independent agencies may assign those letters identified for department use below in accordance with their agency policy; however, any use must be applied to the entire department or agency.

Instrument	Letter designation
(i) Blanket purchase agreements	A
(ii) invitations for bids	B
(iii) Contracts of all types except indefinite-delivery contracts (see subpart 16.5)	C
(iv) Indefinite-delivery contracts (including Federal Supply Schedules, Governmentwide acquisition contracts (GWACs), and multi-agency contracts)	D
(v) Reserved for future Federal Governmentwide use	E
(vi) Task orders, delivery orders or calls under— Indefinite-delivery contracts (including Federal Supply Schedules, Governmentwide acquisition contracts (GWACs), and multi-agency contracts); Blanket purchase agreements; or Basic ordering agreements	F
(vii) Basic ordering agreements.	G
(viii) Agreements, including basic agreements and loan agreements, but excluding blanket purchase agreements, basic ordering agreements, and leases. Do not use this code for contracts or agreements with provisions for orders or calls	H
(ix) Do not use this letter	I
(x) Reserved for future Federal Governmentwide use	J
(xi) Reserved for departmental or agency use	K
(xii) Lease agreements	L
(xiii) Reserved for departmental or agency use	M
(xiv) Reserved for departmental or agency use	N
(xv) Do not use this letter	O
(xvi) Purchase orders (assign V if numbering capacity of P is exhausted during a fiscal year)	P

Instrument	Letter designation
(xvii) Requests for quotations (assign U if numbering capacity of Q is exhausted during a fiscal year)	Q
(xviii) Requests for proposals	R
(xix) Reserved for departmental or agency use	S
(xx) Reserved for departmental or agency use	T
(xxi) See Q, requests for quotations	U
(xxii) See P, purchase orders	V
(xxiii) Reserved for future Federal Governmentwide use	W
(xxiv) Reserved for future Federal Governmentwide use	X
(xxv) Imprest fund	Y
(xxvi) Reserved for future Federal Governmentwide use	Z

(4) Positions 10 through 17. Enter the number assigned by the issuing agency in these positions. Agencies may choose a minimum of four characters up to a maximum of eight characters to be used, but the same number of characters must be used agency-wide. If a number less than the maximum is used, do not use leading or trailing zeroes to make it equal the maximum in any system or data transmission. A separate series of numbers may be used for any type of instrument listed in paragraph (a)(3) of this section. An agency may reserve blocks of numbers or alpha-numeric numbers for use by its various components.

(5) Illustration of PIID. The following illustrates a properly configured PIID using four characters in the final positions:

(b) *Elements of a supplementary PIID.* Use the supplementary PIID to identify amendments to solicitations and modifications to contracts, orders, and agreements. The supplementary PIID is reported as a separate data element used in conjunction with, but not appended to, the PIID.

(1) Amendments to solicitations. Number amendments to solicitations sequentially using a four position numeric serial number added to the 13-17 character PIID beginning with 0001.

(2) Modifications to contracts, orders, and agreements. Number modifications to contracts, orders, and agreements using a six position alpha or numeric, or a combination thereof, added to the 13-17 character PIID. For example, a modification could be numbered P00001. This would be added to the end of the 13-17 character PIID illustrated in (a)(5) of this section.

(i) Position 1. Identify the office issuing the modification. The letter P shall be designated for modifications issued by the procuring contracting office. The letter A shall be used for modifications issued by the contract administration office (if other than the procuring contracting office).

(ii) Positions 2 through 6. These positions may be alpha, numeric, or a combination thereof, in accordance with agency procedures.

(iii) Each office authorized to issue modifications shall assign the supplementary identification numbers in sequence (unless provided otherwise in agency procedures). Do not assign the numbers until it has been determined that a modification is to be issued.

Subpart 4.17 - Service Contracts Inventory

4.1700 Scope of subpart.

This subpart implements section 743(a) of Division C of the Consolidated Appropriations Act, 2010 (Pub. L. 111-117), which requires agencies to report annually to the Office of Management and Budget (OMB) on activities performed by service contractors. Section 743(a) applies to executive agencies, other than the Department of Defense (DoD), covered by the Federal Activities Inventory Reform Act (Pub. L. 105-270) (FAIR Act). The information reported in the inventory will be publicly accessible.

4.1701 Definitions.

As used in this subpart—

FAIR Act agencies means the agencies required under the FAIR Act to submit inventories annually of the activities performed by Government personnel.

First-tier subcontract means a subcontract awarded directly by the contractor for the purpose of acquiring supplies or services (including construction) for performance of a prime contract. It does not include the contractor's supplier agreements with vendors, such as long-term arrangements for materials or supplies that benefit multiple contracts and/or the costs of which are normally applied to a contractor's general and administrative expenses or indirect costs.

4.1702 Applicability.

(a) This subpart applies to—

(1) All FAIR Act agencies, except DoD as specified in [4.1705](#);

(2) Solicitations, contracts, and orders for services (including construction) that meet or exceed the thresholds at [4.1703](#); and

(3) Contractors and first-tier subcontractors.

(b) Procedures for compiling and submitting agency service contract inventories are governed by section 743(a)(3) of Division C of Pub. L. 111-117 and Office of Federal Procurement Policy (OFPP) guidance. The guidance is available at the following Web site: https://www.whitehouse.gov/wp-content/uploads/legacy_drupal_files/omb/memoranda/2017/service_contract_inventories.pdf.

(c) This subpart addresses requirements for obtaining information from, and reporting by, agency service contractors.

4.1703 Reporting requirements.

(a) Thresholds. (1) Except as exempted by OFPP guidance, service contractor reporting shall be required for contracts and first-tier subcontracts for services based on type of contract and estimated total value. For indefinite-delivery contracts, reporting shall be determined based on the type and estimated total value of each order under the contract. Indefinite-delivery contracts include, but are not limited to, contracts such as indefinite-delivery indefinite-quantity (IDIQ) contracts, Federal Supply Schedule contracts (FSSs), Governmentwide acquisition contracts (GWACs), and multi-agency contracts.

(2) Reporting is required according to the following thresholds:

(i) All cost-reimbursement, time-and-materials, and labor-hour service contracts and orders with an estimated total value above the simplified acquisition threshold.

(ii) All fixed-price service contracts awarded and orders issued according to the following thresholds:

(A) Awarded or issued in Fiscal Year 2014, with an estimated total value of \$2.5 million or greater.

(B) Awarded or issued in Fiscal Year 2015, with an estimated total value of \$1 million or greater.

(C) Awarded or issued in Fiscal Year 2016, and subsequent years, with an estimated total value of \$500,000 or greater.

(3) Reporting is required for all first-tier subcontracts for services as prescribed in paragraphs (a)(2)(i) and (ii) of this section.

(b) Agency reporting responsibilities. (1) Agencies shall ensure that contractors comply with the reporting requirements of [52.204-14](#), Service Contract Reporting Requirements and [52.204-15](#), Service Contract Reporting Requirements for Indefinite-Delivery Contracts. Agencies shall review contractor reported information for reasonableness and consistency with available contract information. The agency is not required to address data for which the agency would not normally have supporting information. In the event the agency believes that revisions to the contractor reported information are warranted, the agency shall notify the contractor no later than November 15. By November 30, the contractor shall revise the report, or document its rationale for the agency. Authorized agency officials may review the reports at www.sam.gov.

(2) Agencies are required to compile annually an inventory of service contracts performed for, or on behalf of, the agency during the prior fiscal year in order to determine the extent of the agency's reliance on service contractors. Agencies shall submit a service contract inventory to OMB by January 15 annually. Then, each agency must post the inventory on its Web site and publish a Federal Register Notice of Availability by February 15 annually.

(3) Most of the required information is already collected in the Federal Procurement Data System (FPDS). Information not collected in FPDS will be provided by the contractor, as specified in [52.204-14](#), Service Contract Reporting Requirements and [52.204-15](#), Service Contract Reporting Requirements for Indefinite-Delivery Contracts.

4.1704 Contracting officer responsibilities.

(a) For other than indefinite-delivery contracts, the contracting officer shall ensure that [52.204-14](#), Service Reporting Requirement, is included in solicitations, contracts, and orders as prescribed at [4.1705](#). For indefinite-delivery contracts, the contracting officer who awarded the contract shall ensure that [52.204-15](#) Service Contract Reporting Requirements for Indefinite-Delivery Contracts, is included in solicitations and contracts as prescribed at [4.1705](#). The contracting officer at the order level shall verify the clause's inclusion in the contract.

(b) If the contractor fails to submit a report in a timely manner, the contracting officer shall exercise appropriate contractual remedies. In addition, the contracting officer shall make the contractor's failure to comply with the reporting requirements a part of the contractor's performance information under [subpart 42.15](#).

4.1705 Contract clauses.

(a) The contracting officer shall insert the clause at [52.204-14](#), Service Contract Reporting Requirements, in solicitations and contracts for services (including construction) that meet or exceed the thresholds at [4.1703](#), except for indefinite-delivery contracts. This clause is not required for actions entirely funded by DoD, contracts awarded with a generic entity identifier, or in classified solicitations, contracts, or orders.

(b) The contracting officer shall insert the clause at [52.204-15](#), Service Contract Reporting Requirements for Indefinite-Delivery Contracts, in solicitations and indefinite-delivery contracts for services (including construction) where one or more orders issued thereunder are expected to each meet or exceed the thresholds at [4.1703](#). This clause is not required for actions entirely funded by DoD, contracts awarded with a generic entity identifier, or in classified solicitations, contracts, or orders.

Subpart 4.18 - Commercial and Government Entity Code

4.1800 Scope of subpart.

(a) This subpart prescribes policies and procedures for identification of commercial and government entities. The Commercial and Government Entity (CAGE) code system may be used, among other things, to—

(1) Exchange data with another contracting activity, including contract administration activities and contract payment activities.

(2) Exchange data with another system that requires the unique identification of a contractor entity; or

(3) Identify when offerors are owned or controlled by another entity.

(b) For information on the unique entity identifier, which is a different identifier, see [4.605](#) and the provisions at [52.204-6](#), Unique Entity Identifier, and [52.204-7](#), System for Award Management.

4.1801 Definitions.

As used in this part—

Highest-level owner means the entity that owns or controls an immediate owner of the offeror, or that owns or controls one or more entities that control an immediate owner of the offeror. No entity owns or exercises control of the highest level owner.

Immediate owner means an entity, other than the offeror, that has direct control of the offeror. Indicators of control include, but are not limited to, one or more of the following: ownership or interlocking management, identity of interests among family members, shared facilities and equipment, and the common use of employees.

4.1802 Policy.

(a) Commercial and Government Entity code. (1) Offerors shall provide the contracting officer the CAGE code assigned to that offeror's location prior to the award of a contract action above the micro-purchase threshold, when there is a requirement to be registered in the System for Award Management (SAM) or a requirement to have a unique entity identifier in the solicitation.

(2) The contracting officer shall include the contractor's CAGE code in the contract and in any electronic transmissions of the contract data to other systems when it is provided in accordance with paragraph (a)(1) of this section.

(b) Ownership or control of offeror. Offerors, if owned or controlled by another entity, shall provide the contracting officer with the CAGE code and legal name of that entity prior to the award of a contract action above the micro-purchase threshold, when there is a requirement to be registered in SAM or a requirement to have a unique entity identifier in the solicitation.

4.1803 Verifying CAGE codes prior to award.

(a) Contracting officers shall verify the offeror's CAGE code by reviewing the entity's registration in the System for Award Management (SAM). Active registrations in SAM have had the associated CAGE codes verified.

(b) For entities not required to be registered in SAM, the contracting officer shall validate the CAGE code using the CAGE code search feature at <https://cage.dla.mil>.

4.1804 Solicitation provisions and contract clause.

(a) Insert the provision at [52.204-16](#), Commercial and Government Entity Code Reporting, in all solicitations that include—

(1) [52.204-6](#), Unique Entity Identifier; or

(2) [52.204-7](#), System for Award Management.

(b) Insert the provision at [52.204-17](#), Ownership or Control of Offeror, in all solicitations that include the provision at [52.204-16](#), Commercial and Government Entity Code Reporting.

(c) Insert the clause at [52.204-18](#), Commercial and Government Entity Code Maintenance, in all solicitations and contracts when the solicitation contains the provision at [52.204-16](#), Commercial and Government Entity Code Reporting.

(d) Insert the provision at [52.204-20](#), Predecessor of Offeror, in all solicitations that include the provision at [52.204-16](#), Commercial and Government Entity Code Reporting.

This page intentionally left blank.

Subpart 4.19 - Basic Safeguarding of Covered Contractor Information Systems

4.1901 Definitions.

As used in this subpart—

Covered contractor information system means an information system that is owned or operated by a contractor that processes, stores, or transmits Federal contract information.

Federal contract information means information, not intended for public release, that is provided by or generated for the Government under a contract to develop or deliver a product or service to the Government, but not including information provided by the Government to the public (such as that on public Web sites) or simple transactional information, such as that necessary to process payments.

Information means any communication or representation of knowledge such as facts, data, or opinions in any medium or form, including textual, numerical, graphic, cartographic, narrative, or audiovisual (Committee on National Security Systems Instruction (CNSSI) 4009).

Information system means a discrete set of information resources organized for the collection, processing, maintenance, use, sharing, dissemination, or disposition of information ([44 U.S.C. 3502](#)).

Safeguarding means measures or controls that are prescribed to protect information systems.

4.1902 Applicability.

This subpart applies to all acquisitions, including acquisitions of commercial products or commercial services other than commercially available off-the-shelf items, when a contractor's information system may contain Federal contract information.

4.1903 Contract clause.

The contracting officer shall insert the clause at [52.204-21](#), Basic Safeguarding of Covered Contractor Information Systems, in solicitations and contracts when the contractor or a subcontractor at any tier may have Federal contract information residing in or transiting through its information system.

This page intentionally left blank.

Subpart 4.20 Prohibition on Contracting for Hardware, Software, and Services Developed or Provided by Kaspersky Lab**4.2001 Definitions.**

As used in this subpart—

Kaspersky Lab covered article means any hardware, software, or service that—

- (1) Is developed or provided by a Kaspersky Lab covered entity
- (2) Includes any hardware, software, or service developed or provided in whole or in part by a Kaspersky Lab covered entity; or
- (3) Contains components using any hardware or software developed in whole or in part by a Kaspersky Lab covered entity.

Kaspersky Lab covered entity means—

- (1) Kaspersky Lab;
- (2) Any successor entity to Kaspersky Lab, including any change in name, e.g., “Kaspersky”;
- (3) Any entity that controls, is controlled by, or is under common control with Kaspersky Lab; or
- (4) Any entity of which Kaspersky Lab has a majority ownership.

4.2002 Prohibition.

Section 1634 of Division A of the National Defense Authorization Act for Fiscal Year 2018 (Pub. L. 115-91) prohibits Government use on or after October 1, 2018, of any hardware, software, or services developed or provided, in whole or in part, by a covered entity. Contractors are prohibited from—

- (a) Providing any Kaspersky Lab covered article that the Government will use on or after October 1, 2018; and
- (b) Using any Kaspersky Lab covered article on or after October 1, 2018, in the development of data or deliverables first produced in the performance of the contract.

4.2003 Notification.

When a contractor provides notification pursuant to [52.204-23](#), follow agency procedures.

4.2004 Contract clause.

The contracting officer shall insert the clause at [52.204-23](#), Prohibition on Contracting for Hardware, Software, and Services Developed or Provided by Kaspersky Lab Covered Entities, in all solicitations and contracts.

This page intentionally left blank.

Subpart 4.21 Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment

4.2100 Scope of subpart.

This subpart implements paragraphs (a)(1)(A) and (a)(1)(B) of section 889 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232).

4.2101 Definitions.

As used in this subpart—

Backhaul means intermediate links between the core network, or backbone network, and the small subnetworks at the edge of the network (e.g., connecting cell phones/towers to the core telephone network). Backhaul can be wireless (e.g., microwave) or wired (e.g., fiber optic, coaxial cable, Ethernet).

Covered foreign country means The People's Republic of China.

Covered telecommunications equipment or services means—

(1) Telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation, (or any subsidiary or affiliate of such entities);

(2) For the purpose of public safety, security of Government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities);

(3) Telecommunications or video surveillance services provided by such entities or using such equipment; or

(4) Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of National Intelligence or the Director of the Federal Bureau of Investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.

Critical technology means—

(1) Defense articles or defense services included on the United States Munitions List set forth in the International Traffic in Arms Regulations under subchapter M of chapter I of title 22, Code of Federal Regulations;

(2) Items included on the Commerce Control List set forth in Supplement No. 1 to part 774 of the Export Administration Regulations under subchapter C of chapter VII of title 15, Code of Federal Regulations, and controlled-

(i) Pursuant to multilateral regimes, including for reasons relating to national security, chemical and biological weapons proliferation, nuclear nonproliferation, or missile technology; or

(ii) For reasons relating to regional stability or surreptitious listening;

(3) Specially designed and prepared nuclear equipment, parts and components, materials, software, and technology covered by part 810 of title 10, Code of Federal Regulations (relating to assistance to foreign atomic energy activities);

(4) Nuclear facilities, equipment, and material covered by part 110 of title 10, Code of Federal Regulations (relating to export and import of nuclear equipment and material);

(5) Select agents and toxins covered by part 331 of title 7, Code of Federal Regulations, part 121 of title 9 of such Code, or part 73 of title 42 of such Code; or

(6) Emerging and foundational technologies controlled pursuant to section 1758 of the Export Control Reform Act of 2018 ([50 U.S.C. 4817](#)).

Interconnection arrangements means arrangements governing the physical connection of two or more networks to allow the use of another's network to hand off traffic where it is ultimately delivered (e.g., connection of a customer of telephone provider A to a customer of telephone company B) or sharing data and other information resources.

Reasonable inquiry means an inquiry designed to uncover any information in the entity's possession about the identity of the producer or provider of covered telecommunications equipment or services used by the entity that excludes the need to include an internal or third-party audit.

Roaming means cellular communications services (e.g., voice, video, data) received from a visited network when unable to connect to the facilities of the home network either because signal coverage is too weak or because traffic is too high.

Substantial or essential component means any component necessary for the proper function or performance of a piece of equipment, system, or service.

4.2102 Prohibition.

(a) *Prohibited equipment, systems, or services.* (1) On or after August 13, 2019, agencies are prohibited from procuring or obtaining, or extending or renewing a contract to procure or obtain, any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, unless an exception at paragraph (b) of this section applies or the covered telecommunications equipment or services are covered by a waiver described in [4.2104](#).

(2) On or after August 13, 2020, agencies are prohibited from entering into a contract, or extending or renewing a contract, with an entity that uses any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, unless an exception at paragraph (b) of this section applies or the covered telecommunications equipment or services are covered by a waiver described in [4.2104](#). This prohibition applies to the use of covered telecommunications equipment or services, regardless of whether that use is in performance of work under a Federal contract.

(b) *Exceptions.* This subpart does not prohibit agencies from procuring or contractors from providing-

(1) A service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

(2) Telecommunications equipment that cannot route or redirect user data traffic or permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(c) *Contracting Officers.* Unless an exception at paragraph (b) of this section applies or the covered telecommunications equipment or service is covered by a waiver described in [4.2104](#), Contracting Officers shall not—

(1) Procure or obtain, or extend or renew a contract (*e.g.*, exercise an option) to procure or obtain, any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system; or

(2) Enter into a contract, or extend or renew a contract, with an entity that uses any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system.

(d) *Recording prohibitions in the System for Award Management (SAM).*

(1) Prohibitions on purchases of products or services produced or provided by entities identified in paragraphs (1) and (2) of the definition of "covered telecommunications equipment or services" (including known subsidiaries or affiliates) at [4.2101](#) will be recorded in SAM (see [9.404](#)).

(2) Prohibitions on purchases of products or services produced or provided by entities identified pursuant to paragraph (4) of the definition of "covered telecommunications equipment or services" (including known subsidiaries or affiliates) at [4.2101](#) are recorded by the Department of Defense in SAM (see [9.404](#)).

4.2103 Procedures.

(a) *Representations.*

(1) (i) If the offeror selects "does not" in paragraphs (c)(1) and/or (c)(2) of the provision at [52.204-26](#) or in paragraphs (v)(2)(i) and/or (v)(2)(ii) of the provision at [52.212-3](#), the contracting officer may rely on the "does not" representation(s), unless the contracting officer has reason to question the representation. If the contracting officer has a reason to question the representation, the contracting officer shall follow agency procedures.

(ii) If the offeror selects "does" in paragraph (c)(1) of the provision at [52.204-26](#) or paragraph (v)(2)(i) of the provision at [52.212-3](#), the offeror will be required to complete the representation in paragraph (d)(1) of the provision at [52.204-24](#).

(iii) If the offeror selects "does" in paragraph (c)(2) of the provision at [52.204-26](#) or paragraph (v)(2)(ii) of the provision at [52.212-3](#), the offeror will be required to complete the representation in paragraph (d)(2) of the provision at [52.204-24](#).

(2) (i) If the offeror selects "will not" in paragraph (d)(1) of the provision at [52.204-24](#) or "does not" in paragraph (d)(2) of the provision at [52.204-24](#), the contracting officer may rely on the representations, unless the contracting officer has reason to question the representations. If the contracting officer has a reason to question the representations, the contracting officer shall follow agency procedures.

(ii) If an offeror selects "will" in paragraph (d)(1) of the provision at [52.204-24](#), the offeror must provide the information required by paragraph (e)(1) of the provision at [52.204-24](#), and the contracting officer shall follow agency procedures.

(iii) If an offeror selects "does" in paragraph (d)(2) of the provision at [52.204-24](#), the offeror must complete the disclosure at paragraph (e)(2) of the provision at [52.204-24](#), and the contracting officer shall follow agency procedures.

(b) *Reporting*. If a contractor provides a report pursuant to paragraph (d) of the clause at [52.204-25](#), Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment, follow agency procedures.

4.2104 Waivers.

(a) *Executive agencies*. The head of an executive agency may, on a one-time basis, waive the prohibition at [4.2102\(a\)](#) with respect to a Government entity (e.g., requirements office, contracting office) that requests such a waiver.

(1) *Waiver*. The waiver may be provided, for a period not to extend beyond August 13, 2021 for the prohibition at [4.2102\(a\)\(1\)](#), or beyond August 13, 2022 for the prohibition at [4.2102\(a\)\(2\)](#), if the Government official, on behalf of the entity, seeking the waiver submits to the head of the executive agency—

(i) A compelling justification for the additional time to implement the requirements under [4.2102\(a\)](#), as determined by the head of the executive agency; and

(ii) A full and complete laydown or description of the presences of covered telecommunications or video surveillance equipment or services in the relevant supply chain and a phase-out plan to eliminate such covered telecommunications or video surveillance equipment or services from the relevant systems.

(2) *Executive agency waiver requirements for the prohibition at 4.2102(a)(2)*. Before the head of an executive agency can grant a waiver to the prohibition at [4.2102\(a\)\(2\)](#), the agency must—

(i) Have designated a senior agency official for supply chain risk management, responsible for ensuring the agency effectively carries out the supply chain risk management functions and responsibilities described in law, regulation, and policy;

(ii) Establish participation in an information-sharing environment when and as required by the Federal Acquisition Security Council (FASC) to facilitate interagency sharing of relevant acquisition supply chain risk information;

(iii) Notify and consult with the Office of the Director of National Intelligence (ODNI) on the waiver request using ODNI guidance, briefings, best practices, or direct inquiry, as appropriate; and

(iv) Notify the ODNI and the FASC 15 days prior to granting the waiver that it intends to grant the waiver.

(3) *Waivers for emergency acquisitions*.

(i) In the case of an emergency, including a declaration of major disaster, in which prior notice and consultation with the ODNI and prior notice to the FASC is impracticable and would severely jeopardize performance of mission-critical functions, the head of an agency may grant a waiver without meeting the notice and consultation requirements under [4.2104\(a\)\(2\)\(iii\)](#) and [4.2104\(a\)\(2\)\(iv\)](#) to enable effective mission critical functions or emergency response and recovery.

(ii) In the case of a waiver granted in response to an emergency, the head of an agency granting the waiver must—

(A) Make a determination that the notice and consultation requirements are impracticable due to an emergency condition; and

(B) Within 30 days of award, notify the ODNI and the FASC of the waiver issued under emergency conditions in addition to the waiver notice to Congress under [4.2104\(a\)\(4\)](#).

(4) *Waiver notice*.

(i) For waivers to the prohibition at [4.2102\(a\)\(1\)](#), the head of the executive agency shall, not later than 30 days after approval—

(A) Submit in accordance with agency procedures to the appropriate congressional committees the full and complete laydown of the presences of covered telecommunications or video surveillance equipment or services in the relevant supply chain; and

(B) The phase-out plan to eliminate such covered telecommunications or video surveillance equipment or services from the relevant systems.

(ii) For waivers to the prohibition at [4.2102\(a\)\(2\)](#), the head of the executive agency shall, not later than 30 days after approval submit in accordance with agency procedures to the appropriate congressional committees—

(A) An attestation by the agency that granting of the waiver would not, to the agency's knowledge having conducted the necessary due diligence as directed by statute and regulation, present a material increase in risk to U.S. national security;

(B) The full and complete laydown of the presences of covered telecommunications or video surveillance equipment or services in the relevant supply chain, to include a description of each category of covered technology equipment or services discovered after a reasonable inquiry, as well as each category of equipment, system, or service used by the entity in which such covered technology is found after conducting a reasonable inquiry; and

(C) The phase-out plan to eliminate such covered telecommunications or video surveillance equipment or services from the relevant systems.

(b) *Director of National Intelligence*. The Director of National Intelligence may provide a waiver if the Director determines the waiver is in the national security interests of the United States.

4.2105 Solicitation provisions and contract clause.

(a) The contracting officer shall insert the provision at [52.204-24](#), Representation Regarding Certain Telecommunications and Video Surveillance Services or Equipment—

(1) In all solicitations for contracts; and

(2) Under indefinite delivery contracts, in all notices of intent to place an order, or solicitations for an order (*e.g.*, subpart [8.4](#) and [16.505](#)).

(b) The contracting officer shall insert the clause at [52.204-25](#), Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment, in all solicitations and contracts.

(c) The contracting officer shall insert the provision at [52.204-26](#), Covered Telecommunications Equipment or Services-Representation, in all solicitations.

Subpart 4.22 Prohibition on a ByteDance Covered Application.

4.2201 Definitions.

As used in this subpart—

Covered application means the social networking service TikTok or any successor application or service developed or provided by ByteDance Limited or an entity owned by ByteDance Limited.

Information technology, as defined in [40 U.S.C. 11101\(6\)](#)—

(1) Means any equipment or interconnected system or subsystem of equipment, used in the automatic acquisition, storage, analysis, evaluation, manipulation, management, movement, control, display, switching, interchange, transmission, or reception of data or information by the executive agency, if the equipment is used by the executive agency directly or is used by a contractor under a contract with the executive agency that requires the use—

(i) Of that equipment; or

(ii) Of that equipment to a significant extent in the performance of a service or the furnishing of a product;

(2) Includes computers, ancillary equipment (including imaging peripherals, input, output, and storage devices necessary for security and surveillance), peripheral equipment designed to be controlled by the central processing unit of a computer, software, firmware and similar procedures, services (including support services), and related resources; but

(3) Does not include any equipment acquired by a Federal contractor incidental to a Federal contract.

4.2202 Prohibition.

(a) Section 102 of Division R of the Consolidated Appropriations Act, 2023 (Pub. L. 117-328), the No TikTok on Government Devices Act, and its implementing guidance under Office of Management and Budget (OMB) Memorandum M-23-13, dated February 27, 2023, “No TikTok on Government Devices” Implementation Guidance, collectively prohibit the presence or use of a covered application on information technology, including certain equipment used by Federal contractors.

(b) This prohibition applies to the presence or use of a covered application on any information technology owned or managed by the Government, or on any information technology used or provided by the contractor under a contract, including equipment provided by the contractor’s employees, unless an exception is granted in accordance with OMB Memorandum M-23-13.

4.2203 Contract clause.

The contracting officer shall insert the clause at [52.204-27](#), Prohibition on a ByteDance Covered Application, in all solicitations and contracts, unless an exception is granted in accordance with OMB Memorandum M-23-13.

This page intentionally left blank.

Subpart 4.23 Federal Acquisition Security Council.

4.2300 Scope of subpart.

This subpart implements the Federal Acquisition Supply Chain Security Act of 2018 (title II of [Pub. L. 115–390](#)) and the Federal Acquisition Security Council (FASC) regulation at [41 CFR part 201–1](#). The authority provided in this subpart expires on December 31, 2033 (see [41 U.S.C. 1328](#)).

4.2301 Definitions.

As used in this subpart—

Covered article as defined in [41 U.S.C. 4713\(k\)](#), means—

- (1) Information technology, as defined in [40 U.S.C. 11101](#), including cloud computing services of all types;
- (2) Telecommunications equipment or telecommunications service, as those terms are defined in section 3 of the Communications Act of 1934 ([47 U.S.C. 153](#));
- (3) The processing of information on a Federal or non-Federal information system, subject to the requirements of the Controlled Unclassified Information program (see [32 CFR part 2002](#)); or
- (4) Hardware, systems, devices, software, or services that include embedded or incidental information technology.

FASCSA order means any of the following orders issued under the Federal Acquisition Supply Chain Security Act (FASCSA) requiring the removal of covered articles from executive agency information systems or the exclusion of one or more named sources or named covered articles from executive agency procurement actions, as described in [41 CFR 201–1.303\(d\)](#) and [\(e\)](#):

- (1) The Secretary of Homeland Security may issue FASCSA orders applicable to civilian agencies, to the extent not covered by paragraph (2) or (3) of this definition. This type of FASCSA order may be referred to as a Department of Homeland Security (DHS) FASCSA order.
- (2) The Secretary of Defense may issue FASCSA orders applicable to the Department of Defense (DoD) and national security systems other than sensitive compartmented information systems. This type of FASCSA order may be referred to as a DoD FASCSA order.
- (3) The Director of National Intelligence (DNI) may issue FASCSA orders applicable to the intelligence community and sensitive compartmented information systems, to the extent not covered by paragraph (2) of this definition. This type of FASCSA order may be referred to as a DNI FASCSA order.

Federal Acquisition Security Council (FASC) means the Council established pursuant to [41 U.S.C. 1322\(a\)](#).

Intelligence community, as defined by [50 U.S.C. 3003\(4\)](#), means the following—

- (1) The Office of the Director of National Intelligence;
- (2) The Central Intelligence Agency;
- (3) The National Security Agency;
- (4) The Defense Intelligence Agency;
- (5) The National Geospatial-Intelligence Agency;
- (6) The National Reconnaissance Office;
- (7) Other offices within the Department of Defense for the collection of specialized national intelligence through reconnaissance programs;
- (8) The intelligence elements of the Army, the Navy, the Air Force, the Marine Corps, the Coast Guard, the Federal Bureau of Investigation, the Drug Enforcement Administration, and the Department of Energy;
- (9) The Bureau of Intelligence and Research of the Department of State;
- (10) The Office of Intelligence and Analysis of the Department of the Treasury;
- (11) The Office of Intelligence and Analysis of the Department of Homeland Security; or
- (12) Such other elements of any department or agency as may be designated by the President, or designated jointly by the Director of National Intelligence and the head of the department or agency concerned, as an element of the intelligence community.

National security system, as defined in [44 U.S.C. 3552](#), means any information system (including any telecommunications system) used or operated by an agency or by a contractor of an agency, or other organization on behalf of an agency—

- (1) The function, operation, or use of which involves intelligence activities; involves cryptologic activities related to national security; involves command and control of military forces; involves equipment that is an integral part of a weapon or weapons system; or is critical to the direct fulfillment of military or intelligence missions, but does not include a system

that is to be used for routine administrative and business applications (including payroll, finance, logistics, and personnel management applications); or

(2) Is protected at all times by procedures established for information that have been specifically authorized under criteria established by an Executive order or an Act of Congress to be kept classified in the interest of national defense or foreign policy.

Reasonable inquiry means an inquiry designed to uncover any information in the entity's possession about the identity of any covered articles, or any products or services produced or provided by a source. This applies when the covered article or the source is subject to an applicable FASCSA order. A reasonable inquiry excludes the need to include an internal or third-party audit.

Sensitive compartmented information means classified information concerning or derived from intelligence sources, methods, or analytical processes, which is required to be handled within formal access control systems established by the Director of National Intelligence.

Sensitive compartmented information system means a national security system authorized to process or store sensitive compartmented information.

Source means a non-Federal supplier, or potential supplier, of products or services, at any tier.

Supply chain risk, as defined in [41 U.S.C. 4713\(k\)](#), means the risk that any person may sabotage, maliciously introduce unwanted functionality, extract data, or otherwise manipulate the design, integrity, manufacturing, production, distribution, installation, operation, maintenance, disposition, or retirement of covered articles so as to surveil, deny, disrupt, or otherwise manipulate the function, use, or operation of the covered articles or information stored or transmitted on the covered articles.

Supply chain risk information includes, but is not limited to, information that describes or identifies:

- (1) Functionality and features of covered articles, including access to data and information system privileges;
- (2) The user environment where a covered article is used or installed;
- (3) The ability of a source to produce and deliver covered articles as expected;
- (4) Foreign control of, or influence over, a source or covered article (*e.g.*, foreign ownership, personal and professional ties between a source and any foreign entity, legal regime of any foreign country in which a source is headquartered or conducts operations);
- (5) Implications to government mission(s) or assets, national security, homeland security, or critical functions associated with use of a covered source or covered article;
- (6) Vulnerability of Federal systems, programs, or facilities;
- (7) Market alternatives to the covered source;
- (8) Potential impact or harm caused by the possible loss, damage, or compromise of a product, material, or service to an organization's operations or mission; and
- (9) Likelihood of a potential impact or harm, or the exploitability of a system;
- (10) Security, authenticity, and integrity of covered articles and their supply and compilation chain;
- (11) Capacity to mitigate risks identified;
- (12) Factors that may reflect upon the reliability of other supply chain risk information; and
- (13) Any other considerations that would factor into an analysis of the security, integrity, resilience, quality, trustworthiness, or authenticity of covered articles or sources.

4.2302 Sharing supply chain risk information.

(a) Executive agencies are required to share relevant supply chain risk information with the FASC if the executive agency has determined there is a reasonable basis to conclude a substantial supply chain risk associated with a source or covered article exists (see [41 CFR 201–1.201](#)).

(b) In support of information sharing described in paragraph (a) of this section, the contracting officer shall work with the program office or requiring activity in accordance with agency procedures regarding the sharing of relevant information on actual or potential supply chain risk determined to exist during the procurement process.

4.2303 FASCSA orders.

(a) Executive agencies are prohibited from procuring or obtaining, or extending or renewing a contract to procure or obtain, any covered article, or any products or services produced or provided by a source, including contractor use of covered articles or sources, if that prohibition is established by an applicable FASCSA order issued by the Director of National Intelligence, Secretary of Defense, or Secretary of Homeland Security (the “issuing official”)(see [41 CFR 201–1.304\(a\)](#)).

(b) If a covered article or the source is subject to an applicable Governmentwide FASCSA order issued collectively by the Director of National Intelligence, Secretary of Defense, and Secretary of Homeland Security, executive agencies responsible for management of the Federal Supply Schedules, Governmentwide acquisition contracts, and multi-agency contracts shall facilitate implementation of a collective FASCSA order by removing the covered articles or sources identified in the FASCSA order from such contracts (see [41 CFR 201-1.303\(g\)](#)).

(c) (1) FASCSA orders regarding sources or covered articles will be found in the System for Award Management (SAM), by searching for the phrase “FASCSA order”. SAM may be updated as new FASCSA orders are issued.

(2) Some FASCSA orders will not be identified in SAM and will need to be identified in the solicitation to be effective for that acquisition. The requiring activity or program office will identify these FASCSA orders to the contracting officer (see [4.2304\(d\)](#)).

(3) The contracting officer shall work with the program office or requiring activity to identify which FASCSA orders apply to the acquisition.

4.2304 Procedures.

(a) *Identifying applicable FASCSA orders.* The applicability of FASCSA orders to a particular acquisition depends on the contracting office's agency, the scope of the FASCSA order, the funding, and whether the requirement involves certain types of information systems (see the definition of FASCSA order at [4.2301](#)). The contracting officer shall coordinate with the program office or requiring activity to identify the FASCSA order(s) that apply to the acquisition as follows:

(1) Unless the program office or requiring activity instructs the contracting officer otherwise, FASCSA orders apply as follows: contracts awarded by civilian agencies will be subject to DHS FASCSA orders, and contracts awarded by the Department of Defense will be subject to DoD FASCSA orders. See paragraph (b) of [52.204-30](#), Federal Acquisition Supply Chain Security Act Orders-Prohibition.

(2) For acquisitions where the program office or the requiring activity instructs the contracting officer to select specific FASCSA orders, the contracting officer must select “yes” or “no” for each applicable type of FASCSA order (*i.e.*, “DHS FASCSA Order” “DoD FASCSA Order” or “DNI FASCSA Order”). See paragraph (b)(1) of [52.204-30](#), Federal Acquisition Supply Chain Security Act Orders—Prohibition, with its Alternate I.

(b) Federal Supply Schedules, Governmentwide acquisition contracts, multi-agency contracts specific procedures— (1) Applying FASCSA orders. An agency awarding this type of contract may choose to apply FASCSA orders in accordance with agency policy as follows:

(i) *Application at the contract level.* The agency awarding the basic contract may choose to apply FASCSA orders to the basic contract award. This is the preferred method, especially if small value orders or orders without a request for quotation (RFQ) are expected. Ordering activity contracting officers may use this contract vehicle without taking further steps to identify applicable FASCSA orders in the order. The contracting officer awarding the basic contract would select “yes” for all FASCSA orders (*i.e.*, “DHS FASCSA Order” “DoD FASCSA Order” and “DNI FASCSA Order”) (see paragraph (b)(1) of [52.204-30](#), Federal Acquisition Supply Chain Security Act Orders—Prohibition, with its Alternate I). If the contracting officer becomes aware of a newly issued applicable FASCSA order, then the agency awarding the basic contract shall modify the basic contract to remove any covered article, or any products or services produced or provided by a source, prohibited by the newly issued FASCSA order.

(ii) *Application at the order level.* The agency awarding the basic contract may choose to apply FASCSA orders at the order level, as implemented by the ordering activity contracting officer.

(2) *Collective FASCSA orders.* If a new FASCSA order is issued collectively by the Secretary of Homeland Security, Secretary of Defense, and Director of National Intelligence, then the contracting officer shall modify the basic contract based upon the requirements of the order, removing any covered article, or any products or services produced or provided by a source (see [4.2303\(b\)](#)).

(3) *Interagency acquisitions.* For an interagency acquisition (see subpart [17.5](#)) where the funding agency differs from the awarding agency, the funding agency shall determine the applicable FASCSA orders.

(4) *Inconsistencies.* If any inconsistency is identified between the basic contract and the order, then the FASCSA orders identified in the order will take precedence.

(c) *Updating the solicitation or contract for new FASCSA orders.* The contracting officer shall update a solicitation or contract if the program office or requiring activity determines it is necessary to:

(1) Amend the solicitation to incorporate FASCSA orders in effect after the date the solicitation was issued but prior to contract award; or

(2) Modify the contract to incorporate FASCSA orders issued after the date of contract award.

(i) Any such modification should take place within a reasonable amount of time, but no later than 6 months from the determination of the program office or requiring activity.

(ii) If the contract is not modified within the time specified in paragraph (c)(2)(i) of this section, then the contract file shall be documented providing rationale why the contract could not be modified within this timeframe.

(d) *Agency specific procedures.* The contracting officer shall follow agency procedures for implementing FASCSA orders not identified in SAM (see [4.2303\(c\)\(2\)](#)).

(e) *Disclosures.* If an offeror provides a disclosure pursuant to paragraph (e) of [52.204-29](#), Federal Acquisition Supply Chain Security Act Orders—Representation and Disclosures, the contracting officer shall engage with the program office or requiring activity to determine whether to pursue a waiver, if available, in accordance with [4.2305](#) and agency procedures or not award to that offeror. For FASCSA orders handled at the order level, the disclosures language is found at paragraph (b)(5) of [52.204-30](#), Federal Acquisition Supply Chain Security Act Orders—Prohibition, with its Alternate II.

(f) *Waiver.* An acquisition may be either fully or partially covered by a waiver. Partial waiver coverage occurs when only portions of the products or services being procured or provided by a source are covered by an applicable waiver. If the requiring activity notifies the contracting officer that the acquisition is partially covered by an approved individual waiver or class waiver under 4.2305, then the contracting officer shall work with the program office or requiring activity to identify in the solicitation, RFQ, or order, the covered articles or services produced by or provided by a source that are subject to the waiver (see [41 CFR 201-1.304\(b\)](#)).

(g) *Reporting.* If a contractor provides a report pursuant to paragraph (c) of [52.204-30](#), Federal Acquisition Supply Chain Security Act Orders—Prohibition, the contracting officer shall engage with the agency supply chain risk management program in accordance with agency procedures.

4.2305 Waivers.

(a) An executive agency required to comply with a FASCSA order may submit a request that the order or some of its provisions not apply to—

- (1) The agency;
- (2) Specific actions of the agency or a specific class of acquisitions;
- (3) Actions of the agency for a period of time before compliance with the order is practicable; or
- (4) Other activities, as appropriate, that the requesting agency identifies.

(b) A request for waiver shall be submitted by the executive agency in writing to the official that issued the order, unless other instructions for submission are provided by the applicable FASCSA order.

(c) The request for waiver shall provide the following information for the issuing official to review and evaluate the request, including—

- (1) Identification of the applicable FASCSA order;
- (2) A description of the exception sought, including, if limited to only a portion of the order, a description of the order provisions from which an exception is sought;
- (3) The name or a description sufficient to identify the covered article or the product or service provided by a source that is subject to the order from which an exception is sought;
- (4) Compelling justification for why an exception should be granted, such as the impact of the order on the agency's ability to fulfill its mission-critical functions, or considerations related to the national interest, including national security reviews, national security investigations, or national security agreements;
- (5) Any alternative mitigations to be undertaken to reduce the risks addressed by the FASCSA order; and
- (6) Any other information requested by the issuing official.

(d) The contracting officer, in accordance with agency procedures and working with the program office or requiring activity, shall decide whether to pursue a waiver or to make award to an offeror that does not require a waiver in accordance with the procedures at [4.2304\(f\)](#). If a waiver is being pursued, then the contracting officer may not make an award until written approval is obtained that the waiver has been granted.

4.2306 Solicitation provision and contract clauses.

(a) In all Federal Supply Schedules, Governmentwide acquisition contracts, and multi-agency contracts where FASCSA orders are applied at the order level, the contracting officer shall insert the clause at [52.204-28](#), Federal Acquisition Supply Chain Security Act Orders—Federal Supply Schedules, Governmentwide Acquisition Contracts, and Multi-Agency Contracts, in the basic contract solicitation and resultant contract (see [4.2304\(b\)\(1\)\(ii\)](#)).

(b) The contracting officer shall insert the provision at [52.204-29](#), Federal Acquisition Supply Chain Security Act Orders—Representation and Disclosures—

(1) In all solicitations, except for Federal Supply Schedules, Governmentwide acquisition contracts, and multi-agency contracts.

(2) In all solicitations for Federal Supply Schedules, Governmentwide acquisition contracts, and multi-agency contracts, if FASCSA orders are applied at the contract level (see [4.2304\(b\)\(1\)\(i\)](#)).

(c) The contracting officer shall insert the clause at [52.204-30](#), Federal Acquisition Supply Chain Security Act Orders—Prohibition—

(1) In solicitations and contracts if the conditions specified at [4.2304\(a\)\(1\)](#) apply, except for Federal Supply Schedules, Governmentwide acquisition contracts, and multi-agency contracts. For acquisitions where conditions specified at [4.2304\(a\)\(2\)](#) apply, then the contracting officer shall use the clause with its Alternate I.

(2) In Federal Supply Schedules, Governmentwide acquisition contracts, and multi-agency contracts—

(i) Where FASCSA orders are applied at the contract level, with its Alternate I in all solicitations and resultant contracts. See [4.2304\(b\)\(1\)\(i\)](#).

(ii) Where FASCSA orders are applied at the order level, with its Alternate II in all RFQs, or in all notices of intent to place an order. See [4.2304\(b\)\(1\)\(ii\)](#).

PART 5 - PUBLICIZING CONTRACT ACTIONS

Sec.

- 5.000 Scope of part.
- 5.001 Definition.
- 5.002 Policy.
- 5.003 Governmentwide point of entry.

Subpart 5.1 - Dissemination of Information

- 5.101 Methods of disseminating information.
- 5.102 Availability of solicitations.

Subpart 5.2 - Synopses of Proposed Contract Actions

- 5.201 General.
- 5.202 Exceptions.
- 5.203 Publicizing and response time.
- 5.204 Presolicitation notices.
- 5.205 Special situations.
- 5.206 Notices of subcontracting opportunities.
- 5.207 Preparation and transmittal of synopses.

Subpart 5.3 - Synopses of Contract Awards

- 5.301 General.
- 5.302 Preparation and transmittal of synopses of awards.
- 5.303 Announcement of contract awards.

Subpart 5.4 - Release of Information

- 5.401 General.
- 5.402 General public.
- 5.403 Requests from Members of Congress.
- 5.404 Release of long-range acquisition estimates.
- 5.404-1 Release procedures.
- 5.404-2 Announcements of long-range acquisition estimates.
- 5.405 Exchange of acquisition information.
- 5.406 Public disclosure of justification documents for certain contract actions.

Subpart 5.5 - Paid Advertisements

- 5.501 Definitions.
- 5.502 Authority.
- 5.503 Procedures.
- 5.504 Use of advertising agencies.

Subpart 5.6 - Publicizing

Multi-Agency Use Contracts

- 5.601 Governmentwide database of contracts.

Subpart 5.7 - Publicizing Requirements

Under the American Recovery and Reinvestment Act of 2009

- 5.701 Scope.
- 5.702 Applicability.
- 5.703 Definition.
- 5.704 Publicizing preaward.
- 5.705 Publicizing postaward.

This page intentionally left blank.

5.000 Scope of part.

This part prescribes policies and procedures for publicizing contract opportunities and award information.

5.001 Definition.

Contract action, as used in this part, means an action resulting in a contract, as defined in [subpart 2.1](#), including actions for additional supplies or services outside the existing contract scope, but not including actions that are within the scope and under the terms of the existing contract, such as contract modifications issued pursuant to the Changes clause, or funding and other administrative changes.

5.002 Policy.

Contracting officers must publicize contract actions in order to-

- (a) Increase competition;
- (b) Broaden industry participation in meeting Government requirements; and
- (c) Assist small business concerns, veteran-owned small business concerns, service-disabled veteran-owned small business concerns, HUBZone small business concerns, small disadvantaged business concerns, and women-owned small business concerns in obtaining contracts and subcontracts.

5.003 Governmentwide point of entry.

For any requirement in the FAR to publish a notice, the contracting officer must transmit the notices to the GPE.

Subpart 5.1 - Dissemination of Information

5.101 Methods of disseminating information.

(a) As required by the Small Business Act ([15 U.S.C. 637\(e\)](#)) and the Office of Federal Procurement Policy Act ([41 U.S.C. 1708](#)), contracting officers must disseminate information on proposed contract actions as follows:

- (1) For proposed contract actions expected to exceed \$25,000, by synopsis in the GPE (see [5.201](#)).
- (2) For proposed contract actions expected to exceed \$15,000, but not expected to exceed \$25,000, by displaying in a public place, or by any appropriate electronic means, an unclassified notice of the solicitation or a copy of the solicitation satisfying the requirements of [5.207\(c\)](#). The notice must include a statement that all responsible sources may submit a response which, if timely received, must be considered by the agency. The information must be posted not later than the date the solicitation is issued, and must remain posted for at least 10 days or until after quotations have been opened, whichever is later.

(i) If solicitations are posted instead of a notice, the contracting officer may employ various methods of satisfying the requirements of [5.207\(c\)](#). For example, the contracting officer may meet the requirements of [5.207\(c\)](#) by stamping the solicitation, by a cover sheet to the solicitation, or by placing a general statement in the display room.

(ii) The contracting officer need not comply with the display requirements of this section when the exemptions at [5.202\(a\)\(1\)](#), (a)(4) through (a)(9), or (a)(11) apply, when oral solicitations are used, or when providing access to a notice of proposed contract action and solicitation through the GPE and the notice permits the public to respond to the solicitation electronically.

(iii) Contracting officers may use electronic posting of requirements in a place accessible by the general public at the Government installation to satisfy the public display requirement. Contracting offices using electronic systems for public posting that are not accessible outside the installation must periodically publicize the methods for accessing the information.

(b) In addition, one or more of the following methods may be used:

- (1) Preparing periodic handouts listing proposed contracts, and displaying them as in [5.101\(a\)\(2\)](#).
- (2) Assisting local trade associations in disseminating information to their members.
- (3) Making brief announcements of proposed contracts to newspapers, trade journals, magazines, or other mass communication media for publication without cost to the Government.

(4) Placing paid advertisements in newspapers or other communications media, subject to the following limitations:

(i) Contracting officers shall place paid advertisements of proposed contracts only when it is anticipated that effective competition cannot be obtained otherwise (see [5.205\(d\)](#)).

(ii) Contracting officers shall not place advertisements of proposed contracts in a newspaper published and printed in the District of Columbia unless the supplies or services will be furnished, or the labor performed, in the District of Columbia or adjoining counties in Maryland or Virginia ([44 U.S.C. 3701](#)).

(iii) Advertisements published in newspapers must be under proper written authority in accordance with [44 U.S.C.3702](#) (see [5.502\(a\)](#)).

5.102 Availability of solicitations.

(a) (1) Except as provided in paragraph (a)(5) of this section, the contracting officer must make available through the GPE solicitations synopsized through the GPE, including specifications, technical data, and other pertinent information determined necessary by the contracting officer. Transmissions to the GPE must be in accordance with the interface description available via the Internet at <https://www.sam.gov>.

(2) The contracting officer is encouraged, when practicable and cost-effective, to make accessible through the GPE additional information related to a solicitation.

(3) The contracting officer must ensure that solicitations transmitted using electronic commerce are forwarded to the GPE to satisfy the requirements of paragraph (a)(1) of this section.

(4) When an agency determines that a solicitation contains information that requires additional controls to monitor access and distribution (*e.g.*, technical data, specifications, maps, building designs, schedules, etc.), the information shall be made available through the enhanced controls of the GPE, unless an exception in paragraph (a)(5) of this section applies. The GPE meets the synopsis and advertising requirements of this part.

(5) The contracting officer need not make a solicitation available through the GPE as required in paragraph (a)(4) of this section, when-

(i) Disclosure would compromise the national security (*e.g.*, would result in disclosure of classified information, or information subject to export controls) or create other security risks. The fact that access to classified matter may be necessary to submit a proposal or perform the contract does not, in itself, justify use of this exception;

(ii) The nature of the file (*e.g.*, size, format) does not make it cost-effective or practicable for contracting officers to provide access to the solicitation through the GPE; or

(iii) The agency's senior procurement executive makes a written determination that access through the GPE is not in the Government's interest.

(6) When an acquisition contains brand name specifications, the contracting officer shall include with the solicitation the justification or documentation required by [6.302-1\(c\)](#), [13.106-1\(b\)](#), or [13.501](#), redacted as necessary (see [6.305](#)).

(b) When the contracting officer does not make a solicitation available through the GPE pursuant to paragraph (a)(5) of this section, the contracting officer-

(1) Should employ other electronic means (*e.g.*, CD-ROM or electronic mail) whenever practicable and cost-effective. When solicitations are provided electronically on physical media (*e.g.*, disks) or in paper form, the contracting officer must-

(i) Maintain a reasonable number of copies of solicitations, including specifications and other pertinent information determined necessary by the contracting officer (upon request, potential sources not initially solicited should be mailed or provided copies of solicitations, if available);

(ii) Provide copies on a "first-come-first-served" basis, for pickup at the contracting office, to publishers, trade associations, information services, and other members of the public having a legitimate interest (for construction, see [36.211](#)); and

(iii) Retain a copy of the solicitation and other documents for review by and duplication for those requesting copies after the initial number of copies is exhausted; and

(2) May require payment of a fee, not exceeding the actual cost of duplication, for a copy of the solicitation document.

(c) In addition to the methods of disseminating proposed contract information in [5.101\(a\)](#) and (b), provide, upon request to small business concerns, as required by [15 U.S.C. 637\(b\)](#)-

(1) A copy of the solicitation and specifications. In the case of solicitations disseminated by electronic data interchange, solicitations may be furnished directly to the electronic address of the small business concern;

(2) The name and telephone number of an employee of the contracting office who will answer questions on the solicitation; and

(3) Adequate citations to each applicable major Federal law or agency rule with which small business concerns must comply in performing the contract.

(d) When electronic commerce (see [subpart 4.5](#)) is used in the solicitation process, availability of the solicitation may be limited to the electronic medium.

(e) Provide copies of a solicitation issued under other than full and open competition to firms requesting copies that were not initially solicited, but only after advising the requester of the determination to limit the solicitation to a specified firm or firms as authorized under [part 6](#).

(f) This section [5.102](#) applies to classified contracts to the extent consistent with agency security requirements (see [5.202\(a\)\(1\)](#)).

This page intentionally left blank.

Subpart 5.2 - Synopses of Proposed Contract Actions

5.201 General.

- (a) As required by the Small Business Act ([15 U.S.C. 637\(e\)](#)) and the Office of Federal Procurement Policy Act ([41 U.S.C. 1708](#)), agencies must make notices of proposed contract actions available as specified in paragraph (b) of this section.
- (b) (1) For acquisitions of supplies and services, other than those covered by the exceptions in [5.202](#) and the special situations in [5.205](#), the contracting officer must transmit a notice to the GPE, for each proposed-
- (i) Contract action meeting the threshold in [5.101\(a\)\(1\)](#);
 - (ii) Modification to an existing contract for additional supplies or services that meets the threshold in [5.101\(a\)\(1\)](#); or
 - (iii) Contract action in any amount when advantageous to the Government.
- (2) When transmitting notices using electronic commerce, contracting officers must ensure the notice is forwarded to the GPE.
- (c) The primary purposes of the notice are to improve small business access to acquisition information and enhance competition by identifying contracting and subcontracting opportunities.
- (d) The GPE may be accessed via the Internet at <https://www.sam.gov>.

5.202 Exceptions.

The contracting officer need not submit the notice required by [5.201](#) when-

- (a) The contracting officer determines that-
- (1) The synopsis cannot be worded to preclude disclosure of an agency's needs and such disclosure would compromise the national security (*e.g.*, would result in disclosure of classified information). The fact that a proposed solicitation or contract action contains classified information, or that access to classified matter may be necessary to submit a proposal or perform the contract does not, in itself, justify use of this exception to synopsis;
 - (2) The proposed contract action is made under the conditions described in [6.302-2](#) (or, for purchases conducted using simplified acquisition procedures, if unusual and compelling urgency precludes competition to the maximum extent practicable) and the Government would be seriously injured if the agency complies with the time periods specified in [5.203](#);
 - (3) The proposed contract action is one for which either the written direction of a foreign government reimbursing the agency for the cost of the acquisition of the supplies or services for such government, or the terms of an international agreement or treaty between the United States and a foreign government, or international organizations, has the effect of requiring that the acquisition shall be from specified sources;
 - (4) The proposed contract action is expressly authorized or required by a statute to be made through another Government agency, including acquisitions from the Small Business Administration (SBA) using the authority of section 8(a) of the Small Business Act (but see [5.205\(f\)](#)), or from a specific source such as a workshop for the blind under the rules of the Committee for Purchase from People Who Are Blind or Severely Disabled;
 - (5) The proposed contract action is for utility services other than telecommunications services and only one source is available;
 - (6) The proposed contract action is an order placed under subpart [16.5](#). When the order contains brand-name specifications, see especially [16.505\(a\)\(4\)](#);
 - (7) The proposed contract action results from acceptance of a proposal under the Small Business Innovation Development Act of 1982 (Pub.L.97-219);
 - (8) The proposed contract action results from the acceptance of an unsolicited research proposal that demonstrates a unique and innovative concept (see [2.101](#)) and publication of any notice complying with [5.207](#) would improperly disclose the originality of thought or innovativeness of the proposed research, or would disclose proprietary information associated with the proposal. This exception does not apply if the proposed contract action results from an unsolicited research proposal and acceptance is based solely upon the unique capability of the source to perform the particular research services proposed (see [6.302-1\(a\)\(2\)\(i\)](#));
 - (9) The proposed contract action is made for perishable subsistence supplies, and advance notice is not appropriate or reasonable;
 - (10) The proposed contract action is made under conditions described in [6.302-3](#), or [6.302-5](#) with regard to brand name commercial products for authorized resale, or [6.302-7](#), and advance notice is not appropriate or reasonable;
 - (11) The proposed contract action is made under the terms of an existing contract that was previously synopsized in sufficient detail to comply with the requirements of [5.207](#) with respect to the current proposed contract action;

(12) The proposed contract action is by a Defense agency and the proposed contract action will be made and performed outside the United States and its outlying areas, and only local sources will be solicited. This exception does not apply to proposed contract actions covered by the World Trade Organization Government Procurement Agreement or a Free Trade Agreement (see [subpart 25.4](#));

(13) The proposed contract action-

(i) Is for an amount not expected to exceed the simplified acquisition threshold;

(ii) Will be made through a means that provides access to the notice of proposed contract action through the GPE;

and

(iii) Permits the public to respond to the solicitation electronically; or

(14) The proposed contract action is made under conditions described in [6.302-3](#) with respect to the services of an expert to support the Federal Government in any current or anticipated litigation or dispute.

(b) The head of the agency determines in writing, after consultation with the Administrator for Federal Procurement Policy and the Administrator of the Small Business Administration, that advance notice is not appropriate or reasonable.

5.203 Publicizing and response time.

Whenever agencies are required to publicize notice of proposed contract actions under [5.201](#), they must proceed as follows:

(a) An agency must transmit a notice of proposed contract action to the GPE (see [5.201](#)). All publicizing and response times are calculated based on the date of publication. The publication date is the date the notice appears on the GPE. The notice must be published at least 15 days before issuance of a solicitation, or a proposed contract action the Government intends to solicit and negotiate with only one source under the authority of [6.302](#), except that, for acquisitions of commercial products or commercial services, the contracting officer may-

(1) Establish a shorter period for issuance of the solicitation; or

(2) Use the combined synopsis and solicitation procedure (see [12.603](#)).

(b) The contracting officer must establish a solicitation response time that will afford potential offerors a reasonable opportunity to respond to each proposed contract action, (including actions where the notice of proposed contract action and solicitation information is accessible through the GPE), in an amount estimated to be greater than \$25,000, but not greater than the simplified acquisition threshold; or each contract action for the acquisition of commercial products or commercial services in an amount estimated to be greater than \$25,000. The contracting officer should consider the circumstances of the individual acquisition, such as the complexity, commerciality, availability, and urgency, when establishing the solicitation response time.

(c) Except for the acquisition of commercial products or commercial services (see [5.203\(b\)](#)), agencies shall allow at least a 30-day response time for receipt of bids or proposals from the date of issuance of a solicitation, if the proposed contract action is expected to exceed the simplified acquisition threshold.

(d) Agencies shall allow at least a 30 day response time from the date of publication of a proper notice of intent to contract for architect-engineer services or before issuance of an order under a basic ordering agreement or similar arrangement if the proposed contract action is expected to exceed the simplified acquisition threshold.

(e) Agencies must allow at least a 45-day response time for receipt of bids or proposals from the date of publication of the notice required in [5.201](#) for proposed contract actions categorized as research and development if the proposed contract action is expected to exceed the simplified acquisition threshold.

(f) Nothing in this subpart prohibits officers or employees of agencies from responding to requests for information.

(g) Contracting officers may, unless they have evidence to the contrary, presume the notice was published one day after transmission to the GPE. This presumption does not negate the mandatory waiting or response times specified in paragraphs (a) through (d) of this section. Upon learning that a particular notice has not in fact been published within the presumed timeframes, contracting officers should consider whether the date for receipt of offers can be extended or whether circumstances have become sufficiently compelling to justify proceeding with the proposed contract action under the authority of [5.202\(a\)\(2\)](#).

(h) In addition to other requirements set forth in this section, for acquisitions covered by the World Trade Organization Government Procurement Agreement or a Free Trade Agreement (see [subpart 25.4](#)), the period of time between publication of the synopsis notice and receipt of offers must be no less than 40 days. However, if the acquisition falls within a general category identified in an annual forecast, the availability of which is published, the contracting officer may reduce this time period to as few as 10 days.

5.204 Presolicitation notices.

Contracting officers must provide access to presolicitation notices through the GPE (see [15.201](#) and [36.213-2](#)). The contracting officer must synopsise a proposed contract action before issuing any resulting solicitation (see [5.201](#) and [5.203](#)).

5.205 Special situations.

(a) *Research and development (R&D) advance notices.* Contracting officers may transmit to the GPE advance notices of their interest in potential R&D programs whenever market research does not produce a sufficient number of concerns to obtain adequate competition. Advance notices must not be used where security considerations prohibit such publication. Advance notices will enable potential sources to learn of R&D programs and provide these sources with an opportunity to submit information which will permit evaluation of their capabilities. Contracting officers must consider potential sources which respond to advance notices for a subsequent solicitation. Advanced notices must be entitled "Research and Development Sources Sought" and include the name and telephone number of the contracting officer or other contracting activity official from whom technical details of the project can be obtained. This will enable sources to submit information for evaluation of their R&D capabilities. Contracting officers must synopsise (see [5.201](#)) all subsequent solicitations for R&D contracts, including those resulting from a previously synopsized advance notice, unless one of the exceptions in [5.202](#) applies.

(b) *Federally Funded Research and Development Centers.* Before establishing a Federally Funded Research and Development Center (FFRDC) (see [part 35](#)) or before changing its basic purpose and mission, the sponsor must transmit at least three notices over a 90-day period to the GPE and the *Federal Register*, indicating the agency's intention to sponsor an FFRDC or change the basic purpose and mission of an FFRDC. The notice must indicate the scope and nature of the effort to be performed and request comments. Notice is not required where the action is required by law.

(c) *Special notices.* Contracting officers may transmit to the GPE special notices of procurement matters such as business fairs, long-range procurement estimates, prebid or preproposal conferences, meetings, and the availability of draft solicitations or draft specifications for review.

(d) *Architect-engineering services.* Contracting officers must publish notices of intent to contract for architect-engineering services as follows:

(1) Except when exempted by [5.202](#), contracting officers must transmit to the GPE a synopsis of each proposed contract action for which the total fee (including phases and options) is expected to exceed \$25,000.

(2) When the total fee is expected to exceed \$15,000 but not exceed \$25,000, the contracting officer must comply with [5.101\(a\)\(2\)](#). When the proposed contract action is not required to be synopsized under paragraph (d)(1) of this section, the contracting officer must display a notice of the solicitation or a copy of the solicitation in a public place at the contracting office. Other optional publicizing methods are authorized in accordance with [5.101\(b\)](#).

(e) Public-private competitions under OMB Circular A-76. (1) The contracting officer shall make a formal public announcement for each streamlined or standard competition. The public announcement shall include, at a minimum, the agency, agency component, location, type of competition (streamlined or standard), activity being competed, incumbent service providers, number of Government personnel performing the activity, name of the Competitive Sourcing Official, name of the contracting officer, name of the Agency Tender Official, and projected end date of the competition.

(2) The contracting officer shall announce the end of the streamlined or standard competition by making a formal public announcement of the performance decision. (See OMB Circular A-76.)

(f) *Section 8(a) competitive acquisition.* When a requirement is being considered for competitive acquisition limited to eligible 8(a) participants under [subpart 19.8](#), the contracting officer must transmit a synopsis of the proposed contract action to the GPE. The synopsis may be transmitted to the GPE concurrent with submission of the agency offering (see [19.804-2](#)) to the Small Business Administration (SBA). The synopsis should also include information-

(1) Advising that the acquisition is being offered for competition limited to eligible 8(a) participants;

(2) Specifying the North American Industry Classification System (NAICS) code;

(3) Advising that eligibility to participate may be restricted to 8(a) participants in either the developmental stage or the developmental and transitional stages; and

(4) Encouraging interested 8(a) participants to request a copy of the solicitation as expeditiously as possible since the solicitation will be issued without further notice upon SBA acceptance of the requirement for the section 8(a) program.

(g) *Notifications to the public regarding consolidation, bundling, or substantial bundling.* (1) For the requirement to publish a notification of consolidation or substantial bundling of contract requirements, see [7.107-5\(c\)](#) and (d).

(2) The agency is encouraged to provide notification of the rationale for any bundled requirement to the GPE before issuing the solicitation of any bundled requirement (see [7.107-5\(b\)](#)).

(h) *Notice regarding timely definitization of equitable adjustments for change orders under construction contracts.* When the contracting officer anticipates award of a contract to a small business pursuant to a solicitation for construction, the contracting officer must transmit in the solicitation notice on the GPE information regarding definitization of equitable adjustments for change orders under construction contracts (see [36.211](#)).

5.206 Notices of subcontracting opportunities.

(a) The following entities may transmit a notice to the GPE to seek competition for subcontracts, to increase participation by HUBZone small business, small, small disadvantaged, women-owned small business, veteran-owned small business and service-disabled veteran-owned small business concerns, and to meet established subcontracting plan goals:

(1) A contractor awarded a contract exceeding the simplified acquisition threshold that is likely to result in the award of any subcontracts.

(2) A subcontractor or supplier, at any tier, under a contract exceeding the simplified acquisition threshold, that has a subcontracting opportunity exceeding \$15,000.

(b) The notices must describe-

(1) The business opportunity;

(2) Any prequalification requirements; and

(3) Where to obtain technical data needed to respond to the requirement.

5.207 Preparation and transmittal of synopses.

(a) *Content.* Each synopsis transmitted to the GPE must address the following data elements, as applicable:

(1) Action Code.

(2) Date.

(3) Year.

(4) Contracting Office ZIP Code.

(5) Product or Service Code.

(6) Contracting Office Address.

(7) Subject.

(8) Proposed Solicitation Number.

(9) Closing Response Date.

(10) Contact Point or Contracting Officer.

(11) Contract Award and Solicitation Number.

(12) Contract Award Dollar Amount.

(13) Line Item Number.

(14) Contract Award Date.

(15) Contractor.

(16) Description.

(17) Place of Contract Performance.

(18) Set-aside Status.

(b) *Transmittal.* Transmissions to the GPE must be in accordance with the interface description available via the Internet at <https://www.sam.gov>.

(c) *General format for "Description."* Prepare a clear and concise description of the supplies or services that is not unnecessarily restrictive of competition and will allow a prospective offeror to make an informed business judgment as to whether a copy of the solicitation should be requested including the following, as appropriate:

(1) National Stock Number (NSN) if assigned.

(2) Specification and whether an offeror, its product, or service must meet a qualification requirement in order to be eligible for award, and identification of the office from which additional information about the qualification requirement may be obtained (see [subpart 9.2](#)).

(3) Manufacturer, including part number, drawing number, etc.

(4) Size, dimensions, or other form, fit or functional description.

(5) Predominant material of manufacture.

(6) Quantity, including any options for additional quantities.

(7) Unit of issue.

(8) Destination information.

- (9) Delivery schedule.
- (10) Duration of the contract period.
- (11) Sustainable acquisition requirements, such as a description of high-performance sustainable building practices required, if for design, construction, renovation, repair, or deconstruction (see part [23](#) and [36.104](#)).
- (12) For a proposed contract action in an amount estimated to be greater than \$25,000 but not greater than the simplified acquisition threshold, enter-
 - (i) A description of the procedures to be used in awarding the contract (e.g., request for oral or written quotation or solicitation); and
 - (ii) The anticipated award date.
- (13) For Architect-Engineer projects and other projects for which the product or service codes are insufficient, provide brief details with respect to: location, scope of services required, cost range and limitations, type of contract, estimated starting and completion dates, and any significant evaluation factors.
- (14) (i) If the solicitation will include the FAR clause at [52.225-3](#), Buy American-Free Trade Agreements-Israeli Trade Act, or an equivalent agency clause, insert the following notice in the synopsis: "One or more of the items under this acquisition is subject to Free Trade Agreements."
 - (ii) If the solicitation will include the FAR clause at [52.225-5](#), Trade Agreements, or an equivalent agency clause, insert the following notice in the synopsis: "One or more of the items under this acquisition is subject to the World Trade Organization Government Procurement Agreement and Free Trade Agreements."
 - (iii) If the solicitation will include the FAR clause at [52.225-11](#), Buy American-Construction Materials under Trade Agreements, [52.225-23](#), Required Use of American Iron, Steel, and Manufactured Goods-Buy American Statute-Construction Materials under Trade Agreements, or an equivalent agency clause, insert the following notice in the synopsis: "One or more of the items under this acquisition is subject to the World Trade Organization Government Procurement Agreement and Free Trade Agreements."
- (15) In the case of noncompetitive contract actions (including those that do not exceed the simplified acquisition threshold), identify the intended source and insert a statement of the reason justifying the lack of competition.
- (16) (i) Except when using the sole source authority at [6.302-1](#), insert a statement that all responsible sources may submit a bid, proposal, or quotation which shall be considered by the agency.
 - (ii) When using the sole source authority at [6.302-1](#), insert a statement that all responsible sources may submit a capability statement, proposal, or quotation, which shall be considered by the agency.
- (17) If solicitations synopsisized through the GPE will not be made available through the GPE, provide information on how to obtain the solicitation.
- (18) If the solicitation will be made available to interested parties through electronic data interchange, provide any information necessary to obtain and respond to the solicitation electronically.
- (19) If the technical data required to respond to the solicitation will not be furnished as part of such solicitation, identify the source in the Government, such as <https://www.sam.gov>, from which the technical data may be obtained.
- (d) *Set-asides*. When the proposed acquisition provides for a total or partial small business program set-aside, or when the proposed acquisition provides for a local area set-aside (see [subpart 26.2](#)), the contracting officer shall identify the type of set-aside in the synopsis and in the solicitation.
- (e) *Codes to be used in Synopses to identify services or supplies*. Contracting officers must use one of the classification codes identified at <https://www.sam.gov> to identify services or supplies in synopses.
- (f) *Notice of solicitation cancellation*. Contracting officers may publish notices of solicitation cancellations (or indefinite suspensions) of proposed contract actions in the GPE.

This page intentionally left blank.

Subpart 5.3 - Synopses of Contract Awards

5.301 General.

(a) Except for contract actions described in paragraph (b) of this section and as provided in [5.003](#), contracting officers must synopses through the GPE the following:

(1) Contract awards exceeding \$25,000 that are-

(i) Covered by the World Trade Organization Government Procurement Agreement or a Free Trade Agreement (see subpart [25.4](#)); or

(ii) Likely to result in the award of any subcontracts. However, the dollar threshold is not a prohibition against publicizing an award of a smaller amount when publicizing would be advantageous to industry or to the Government.

(2) Certain contract actions greater than the simplified acquisition threshold as follows-

(i) Federal Supply Schedule (FSS) orders or Blanket Purchase Agreements supported by a limited-source justification (excluding brand name) in accordance with [8.405-6](#); or

(ii) Task or delivery orders awarded without providing fair opportunity in accordance with [16.505\(b\)\(2\)](#).

(3) A notice is not required under this section if the notice would disclose the executive agency's needs and the disclosure of such needs would compromise the national security.

(b) A notice is not required under paragraph (a)(1) of this section if-

(1) The award results from acceptance of an unsolicited research proposal that demonstrates a unique and innovative research concept and publication of any notice would disclose the originality of thought or innovativeness of the proposed research or would disclose proprietary information associated with the proposal;

(2) The award results from a proposal submitted under the Small Business Innovation Development Act of 1982 (Pub. L. 97-219);

(3) The contract action is an order placed under subpart [16.5](#) or [8.4](#), except see paragraph (a)(2) of this section;

(4) The award is made for perishable subsistence supplies;

(5) The award is for utility services, other than telecommunications services, and only one source is available;

(6) The contract action-

(i) Is for an amount not greater than the simplified acquisition threshold;

(ii) Was made through a means where access to the notice of proposed contract action was provided through the GPE; and

(iii) Permitted the public to respond to the solicitation electronically; or

(7) The award is for the services of an expert to support the Federal Government in any current or anticipated litigation or dispute pursuant to the exception to full and open competition authorized at [6.302-3](#).

(c) With respect to acquisitions covered by the World Trade Organization Government Procurement Agreement or a Free Trade Agreement, contracting officers must submit synopses in sufficient time to permit their publication in the GPE not later than 60 days after award.

(d) Posting is required of the justifications for-

(1) Contracts awarded using other than full and open competition in accordance with [6.305](#);

(2) FSS orders or Blanket Purchase Agreements with an estimated value greater than the simplified acquisition threshold and supported by a limited-sources justification (see [8.405-6\(a\)](#)); or

(3) Task or delivery orders greater than the simplified acquisition threshold and awarded without providing for fair opportunity in accordance with [16.505\(b\)\(2\)\(ii\)\(B\)](#) and (D).

5.302 Preparation and transmittal of synopses of awards.

Contracting officers shall transmit synopses of contract awards in the same manner as prescribed in [5.207](#).

5.303 Announcement of contract awards.

(a) *Public announcement.* Contracting officers shall make information available on awards over \$4.5 million (unless another dollar amount is specified in agency acquisition regulations) in sufficient time for the agency concerned to announce it by 5 p.m. Washington, DC, time on the day of award. Agencies shall not release information on awards before the public release time of 5 p.m. Washington, DC time. Contracts excluded from this reporting requirement include-

(1) Those placed with the Small Business Administration under Section 8(a) of the Small Business Act;

(2) Those placed with foreign firms when the place of delivery or performance is outside the United States and its outlying areas; and

(3) Those for which synopsis was exempted under [5.202](#)(a)(1).

(b) *Local announcement.* Agencies may also release information on contract awards to the local press or other media. When local announcements are made for contract awards in excess of the simplified acquisition threshold, they shall include-

(1) For awards after sealed bidding, a statement that the contract was awarded after competition by sealed bidding, the number of offers solicited and received, and the basis for selection (*e.g.*, the lowest responsible bidder); or

(2) For awards after negotiation, the information prescribed by [15.503](#)(b), and after competitive negotiation (either price or design competition), a statement to this effect, and in general terms the basis for selection.

Subpart 5.4 - Release of Information

5.401 General.

(a) A high level of business security must be maintained in order to preserve the integrity of the acquisition process. When it is necessary to obtain information from potential contractors and others outside the Government for use in preparing Government estimates, contracting officers shall ensure that the information is not publicized or discussed with potential contractors.

(b) Contracting officers may make available maximum information to the public, except information-

(1) On plans that would provide undue or discriminatory advantage to private or personal interests;

(2) Received in confidence from an offeror;

(3) Otherwise requiring protection under Freedom of Information Act (see [subpart 24.2](#)) or Privacy Act (see [subpart 24.1](#)); or

(4) Pertaining to internal agency communications (*e.g.*, technical reviews, contracting authority or other reasons, or recommendations referring thereto).

(c) This policy applies to all Government personnel who participate directly or indirectly in any stage of the acquisition cycle.

5.402 General public.

Contracting officers shall process requests for specific information from the general public, including suppliers, in accordance with [subpart 24.1](#) or [24.2](#), as appropriate.

5.403 Requests from Members of Congress.

Contracting officers shall give Members of Congress, upon their request, detailed information regarding any particular contract. When responsiveness would result in disclosure of classified matter, business confidential information, or information prejudicial to competitive acquisition, the contracting officer shall refer the proposed reply, with full documentation, to the agency head and inform the legislative liaison office of the action.

5.404 Release of long-range acquisition estimates.

To assist industry planning and to locate additional sources of supply, it may be desirable to publicize estimates of unclassified long-range acquisition requirements. Estimates may be publicized as far in advance as possible.

5.404-1 Release procedures.

(a) *Application*. The agency head, or a designee, may release long-range acquisition estimates if the information will-

(1) Assist industry in its planning and facilitate meeting the acquisition requirements;

(2) Not encourage undesirable practices (*e.g.*, attempts to corner the market or hoard industrial materials); and

(3) Not indicate the existing or potential mobilization of the industry as a whole.

(b) *Conditions*. The agency head shall ensure that-

(1) Classified information is released through existing security channels in accordance with agency security regulations;

(2) The information is publicized as widely as practicable to all parties simultaneously by any of the means described in this part;

(3) Each release states that-

(i) The estimate is based on the best information available;

(ii) The information is subject to modification and is in no way binding on the Government; and

(iii) More specific information relating to any individual item or class of items will not be furnished until the proposed action is synopsized through the GPE or the solicitation is issued;

(4) Each release contains the name and address of the contracting officer that will process the acquisition;

(5) Modifications to the original release are publicized as soon as possible, in the same manner as the original; and

(6) Each release-

(i) Is coordinated in advance with small business, public information, and public relations personnel, as appropriate;

(ii) Contains, if applicable, a statement that small business set-asides may be involved, but that a determination can be made only when acquisition action is initiated; and

(iii) Contains the name or description of the item, and the estimated quantity to be acquired by calendar quarter, fiscal year, or other period. It may also contain such additional information as the number of units last acquired, the unit price, and the name of the last supplier.

5.404-2 Announcements of long-range acquisition estimates.

Further publicizing, consistent with the needs of the individual case, may be accomplished by announcing through the GPE that long-range acquisition estimates have been published and are obtainable, upon request, from the contracting officer.

5.405 Exchange of acquisition information.

(a) When the same item or class of items is being acquired by more than one agency, or by more than one contracting activity within an agency, the exchange and coordination of pertinent information, particularly cost and pricing data, between these agencies or contracting activities is necessary to promote uniformity of treatment of major issues and the resolution of particularly difficult or controversial issues. The exchange and coordination of information is particularly beneficial during the period of acquisition planning, presolicitation, evaluation, and pre-award survey.

(b) When substantial acquisitions of major items are involved or when the contracting activity deems it desirable, the contracting activity shall request appropriate information (on both the end item and on major subcontracted components) from other agencies or contracting activities responsible for acquiring similar items. Each agency or contracting activity receiving such a request shall furnish the information requested. The contracting officer, early in a negotiation of a contract, or in connection with the review of a subcontract, shall request the contractor to furnish information as to the contractor's or subcontractor's previous Government contracts and subcontracts for the same or similar end items and major subcontractor components.

5.406 Public disclosure of justification documents for certain contract actions.

- (a) Justifications and approvals for other than full and open competition must be posted in accordance with [6.305](#).
- (b) Limited-source justifications (excluding brand name) for FSS orders or blanket purchase agreements with an estimated value greater than the simplified acquisition threshold must be posted in accordance with [8.405-6\(a\)\(2\)](#).
- (c) Justifications for task or delivery orders greater than the simplified acquisition threshold and awarded without providing for fair opportunity must be posted in accordance with [16.505\(b\)\(2\)\(ii\)\(D\)](#).

Subpart 5.5 - Paid Advertisements

5.501 Definitions.

As used in this subpart-

Advertisement means any single message prepared for placement in communication media, regardless of the number of placements.

Publication means-

- (1) The placement of an advertisement in a newspaper, magazine, trade or professional journal, or any other printed medium; or
- (2) The broadcasting of an advertisement over radio or television.

5.502 Authority.

(a) *Newspapers*. Authority to approve the publication of paid advertisements in newspapers is vested in the head of each agency ([44 U.S.C. 3702](#)). This approval authority may be delegated ([5 U.S.C. 302\(b\)](#)). Contracting officers shall obtain written authorization in accordance with policy procedures before advertising in newspapers.

(b) *Other media*. Unless the agency head determines otherwise, advance written authorization is not required to place advertisements in media other than newspapers.

5.503 Procedures.

(a) *General*. (1) Orders for paid advertisements may be placed directly with the media or through an advertising agency. Contracting officers shall give small, small disadvantaged, women-owned, veteran-owned, HUBZone, and service-disabled veteran-owned small business concerns maximum opportunity to participate in these acquisitions.

(2) The contracting officer shall use the [SF 1449](#) for paper solicitations. The [SF 1449](#) shall be used to make awards or place orders unless the award/order is made by using electronic commerce or by using the Governmentwide commercial purchase card for micropurchases.

(b) *Rates*. Advertisements may be paid for at rates not over the commercial rates charged private individuals, with the usual discounts (44 U.S.C. 3703).

(c) *Proof of advertising*. Every invoice for advertising shall be accompanied by a copy of the advertisement or an affidavit of publication furnished by the publisher, radio or television station, or advertising agency concerned (44 U.S.C. 3703). Paying offices shall retain the proof of advertising until the Government Accountability Office settles the paying office's account.

(d) *Payment*. Upon receipt of an invoice supported by proof of advertising, the contracting officer shall attach a copy of the written authority (see [5.502\(a\)](#)) and submit the invoice for payment under agency procedures.

5.504 Use of advertising agencies.

(a) *General*. Basic ordering agreements may be placed with advertising agencies for assistance in producing and placing advertisements when a significant number will be placed in several publications and in national media. Services of advertising agencies include, but are not limited to, counseling as to selection of the media for placement of the advertisement, contacting the media in the interest of the Government, placing orders, selecting and ordering typography, copywriting, and preparing rough layouts.

(b) *Use of commission-paying media*. The services of advertising agencies in placing advertising with media often can be obtained at no cost to the Government, over and above the space cost, as many media give advertising agencies a commission or discount on the space cost that is not given to the Government.

(c) *Use of noncommission-paying media*. Some media do not grant advertising agencies a commission or discount, meaning the Government can obtain the same rate as the advertising agency. If the advertising agency agrees to place advertisements in noncommission-paying media as a no-cost service, the basic ordering agreement shall so provide. If the advertising agency will not agree to place advertisements at no cost, the agreement shall-

- (1) Provide that the Government may place orders directly with the media; or
- (2) Specify an amount that the Government will pay if the agency places the orders.

(d) *Art work, supplies, and incidentals*. The basic ordering agreement also may provide for the furnishing by the advertising agency of art work, supplies, and incidentals, including brochures and pamphlets, but not their printing. "Incidentals" may include telephone calls, and postage incurred by the advertising agency on behalf of the Government.

This page intentionally left blank.

Subpart 5.6 - Publicizing Multi-Agency Use Contracts

5.601 Governmentwide database of contracts.

(a) A Governmentwide database of contracts and other procurement instruments intended for use by multiple agencies is available via the Internet at <https://www.contractdirectory.gov/contractdirectory/>. This searchable database is a tool that may be used to identify existing contracts and other procurement instruments that may be used to fulfill Government needs.

(b) The contracting activity shall-

(1) Enter the information specified at <https://www.contractdirectory.gov/contractdirectory/>, in accordance with the instructions on that website, within ten days of award of a Governmentwide acquisition contract (GWAC), multi-agency contract, Federal Supply Schedule contract, or any other procurement instrument intended for use by multiple agencies, including blanket purchase agreements (BPAs) under Federal Supply Schedule contracts.

(2) Enter the information specified at <https://www.contractdirectory.gov/contractdirectory/> in accordance with the instructions on that website by October 31, 2003, for all contracts and other procurement instruments intended for use by multiple agencies that were awarded before July 24, 2003.

This page intentionally left blank.

Subpart 5.7 - Publicizing Requirements Under the American Recovery and Reinvestment Act of 2009

5.701 Scope.

This subpart prescribes posting requirements for presolicitation and award notices for actions funded in whole or in part by the American Recovery and Reinvestment Act of 2009 (Pub. L. 111-5) (Recovery Act). The requirements of this subpart enhance transparency to the public.

5.702 Applicability.

This subpart applies to all actions expected to exceed \$25,000 funded in whole or in part by the Recovery Act. Unlike subparts [5.2](#) and [5.3](#), this subpart includes additional requirements for orders and for actions that are not both fixed-price and competitive.

5.703 Definition.

As used in this subpart-

Task or delivery order contract means a "delivery order contract," and a "task order contract," as defined in [16.501-1](#). For example, it includes Governmentwide Acquisition Contracts (GWACs), multi-agency contracts (MACs), and other indefinite-delivery/indefinite-quantity contracts, whether single award or multiple award. It also includes Federal Supply Schedule contracts (including Blanket Purchase Agreements under [subpart 8.4](#)).

5.704 Publicizing preaward.

(a) (1) Follow the publication procedures at [5.201](#).

(2) In addition, notices of proposed contract actions are required for orders exceeding \$25,000, funded in whole or in part by the Recovery Act, which are issued under task or delivery order contracts. This does not include modifications to existing orders, but these modifications are covered postaward, see [5.705](#). These notices are for "informational purposes only," therefore, [5.203](#) does not apply. Contracting officers should concurrently use their usual solicitation practice (e.g., eBuy).

(b) Contracting officers shall identify proposed contract actions, funded in whole or in part by the Recovery Act, by using the following instructions which are also available in the Recovery FAQs under "Buyers/Engineers" at the Governmentwide Point of Entry (GPE) (<https://www.sam.gov>):

(1) If submitting notices electronically via ftp or email, enter the word "Recovery" as the first word in the title field.

(2) If using the GPE directly, select the "yes" radio button for the "Is this a Recovery and Reinvestment Act action" field on the "Notice Details" form (Step 2) located below the "NAICS Code" field. In addition, enter the word "Recovery" as the first word in the title field.

(c) In preparing the description required by [5.207\(a\)\(16\)](#), use clear and concise language to describe the planned procurement. Use descriptions of the goods and services (including construction), that can be understood by the general public. Avoid the use of acronyms or terminology that is not widely understood by the general public.

5.705 Publicizing postaward.

Follow usual publication procedures at [5.301](#), except that the following supersede the exceptions at [5.301\(b\)\(2\)](#) through (7):

(a) (1) Publicize the award notice for any action exceeding \$500,000, funded in whole or in part by the Recovery Act, including-

- (i) Contracts;
- (ii) Modifications to existing contracts;
- (iii) Orders which are issued under task or delivery order contracts; and
- (iv) Modifications to orders under task or delivery order contracts.

(2) Contracting officers shall identify contract actions, funded in whole or in part by the Recovery Act, by using the following instructions which are also available in the Recovery FAQs under "Buyers/Engineers" at the Governmentwide Point of Entry (GPE) (<https://www.sam.gov>):

- (i) If submitting notices electronically via ftp or email, enter the word "Recovery" as the first word in the title field.

(ii) If using the GPE directly, select the "yes" radio button for the "Is this a Recovery and Reinvestment Act action" field on the "Notice Details" form (Step 2) located below the "NAICS Code" field. In addition, enter the word "Recovery" as the first word in the title field.

(3) In preparing the description required by 5.207(a)(16), use clear and concise language to describe the planned procurement. Use descriptions of the goods and services (including construction), that can be understood by the general public. Avoid the use of acronyms or terminology that is not widely understood by the general public.

(b) Regardless of dollar value, if the contract action, including all modifications and orders under task or delivery order contracts, is not both fixed-price and competitively awarded, publicize the award notice and include in the description the rationale for using other than a fixed-priced and/or competitive approach. Include in the description a statement specifically noting if the contract action was not awarded competitively, or was not fixed-price, or was neither competitive nor fixed-price. These notices and the rationale will be available to the public at the GPE, so do not include any proprietary information or information that would compromise national security. The following table provides examples for when a rationale is required.

Posting of Rationale - Examples

	DESCRIPTION OF CONTRACT ACTION	RATIONALE REQUIRED
(1)	A contract is competitively awarded and is fixed-price.	Not required.
(2)	A contract is awarded that is not fixed-price.	Required.
(3)	A contract is awarded without competition.	Required.
(4)	An order is issued under a new or existing single award IDIQ contract.	Required if order is made under a contract described in paragraph (b)(2) or (3) of this section.
(5)	An order is issued under a new or existing multiple award IDIQ contract.	Required if one or both of the following conditions exist: (i) The order is not fixed-price. (ii) The order is awarded pursuant to an exception to the competition requirements applicable to the underlying vehicle (e.g., award is made pursuant to an exception to the fair opportunity process).
(6)	A modification is issued.	Required if modification is made- (i) To a contract described in (b)(2) or (3) of this section; or (ii) To an order requiring posting as described in (b)(4) or (5) of this section.
(7)	A contract or order is awarded pursuant to a small business contracting authority (e.g., SBA's section 8(a) program).	Required if one or both of the following conditions exist: (i) the contract or order is not fixed-price; (ii) the contract or order was not awarded using competition (e.g., a non-competitive 8(a) award).

(c) Contracting officers shall use the instructions available in the Recovery FAQs under "Buyers/Engineers" at the GPE (<https://www.sam.gov>) to identify actions funded in whole or in part by the Recovery Act.

PART 6 - COMPETITION REQUIREMENTS

Sec.

- 6.000 Scope of part.
- 6.001 Applicability.
- 6.002 Limitations.
- 6.003 [Reserved]

Subpart 6.1 - Full and Open Competition

- 6.100 Scope of subpart.
- 6.101 Policy.
- 6.102 Use of competitive procedures.

Subpart 6.2 - Full and Open Competition After Exclusion of Sources

- 6.200 Scope of subpart.
- 6.201 Policy.
- 6.202 Establishing or maintaining alternative sources.
- 6.203 Set-asides for small business concerns.
- 6.204 Section 8(a) competition.
- 6.205 Set-asides for HUBZone small business concerns.
- 6.206 Set-asides for service-disabled veteran-owned small business (SDVOSB) concerns eligible under the SDVOSB Program.
- 6.207 Set-asides for economically disadvantaged women-owned small business (EDWOSB) concerns or women-owned small business (WOSB) concerns eligible under the WOSB Program.
- 6.208 Set-asides for local firms during a major disaster or emergency.

Subpart 6.3 - Other Than Full and Open Competition

- 6.300 Scope of subpart.
- 6.301 Policy.
- 6.302 Circumstances permitting other than full and open competition.
- 6.302-1 Only one responsible source and no other supplies or services will satisfy agency requirements.
- 6.302-2 Unusual and compelling urgency.
- 6.302-3 Industrial mobilization; engineering, developmental, or research capability; or expert services.
- 6.302-4 International agreement.
- 6.302-5 Authorized or required by statute.
- 6.302-6 National security.
- 6.302-7 Public interest.
- 6.303 Justifications.
- 6.303-1 Requirements.
- 6.303-2 Content.
- 6.304 Approval of the justification.
- 6.305 Availability of the justification.

Subpart 6.4 - Sealed Bidding and Competitive Proposals

- 6.401 Sealed bidding and competitive proposals.

Subpart 6.5 - Advocates for Competition

- 6.501 Requirement.
- 6.502 Duties and responsibilities.

This page intentionally left blank.

6.000 Scope of part.

This part prescribes policies and procedures to promote full and open competition in the acquisition process and to provide for full and open competition, full and open competition after exclusion of sources, other than full and open competition, and advocates for competition. This part does not deal with the results of competition (*e.g.*, adequate price competition), that are addressed in other parts (*e.g.*, [part 15](#)).

6.001 Applicability.

This part applies to all acquisitions except—

(a) Contracts awarded using the simplified acquisition procedures of [part 13](#) (but see [13.501](#) for requirements pertaining to sole source acquisitions of commercial products or commercial services, under [subpart 13.5](#));

(b) Contracts awarded using contracting procedures (other than those addressed in this part) that are expressly authorized by statute;

(c) Contract modifications, that are within the scope of the contract, including the exercise of priced options that were evaluated as part of the original competition (see [17.207\(f\)](#));

(d) Orders placed under requirements contracts or definite-quantity contracts;

(e) Orders placed under indefinite-quantity contracts that were entered into pursuant to this part when—

(1) The contract was awarded under [subpart 6.1](#) or [6.2](#) and all responsible sources were realistically permitted to compete for the requirements contained in the order; or

(2) The contract was awarded under [subpart 6.3](#) and the required justification and approval adequately covers the requirements contained in the order; or

(f) Orders placed against task order and delivery order contracts entered into pursuant to [subpart 16.5](#).

6.002 Limitations.

No agency shall contract for supplies or services from another agency for the purpose of avoiding the requirements of this part.

6.003 [Reserved]

Subpart 6.1 - Full and Open Competition

6.100 Scope of subpart.

This subpart prescribes the policy and procedures that are to be used to promote and provide for full and open competition.

6.101 Policy.

(a) [10 U.S.C. 3201](#) and [41 U.S.C. 3301](#) require, with certain limited exceptions (see [subpart 6.2](#) and [6.3](#)), that contracting officers shall promote and provide for full and open competition in soliciting offers and awarding Government contracts.

(b) Contracting officers shall provide for full and open competition through use of the competitive procedure(s) contained in this subpart that are best suited to the circumstances of the contract action and consistent with the need to fulfill the Government's requirements efficiently ([10 U.S.C. 3201](#) and [41 U.S.C. 3301](#)).

6.102 Use of competitive procedures.

The competitive procedures available for use in fulfilling the requirement for full and open competition are as follows:

(a) *Sealed bids*. (See [6.401\(a\)](#).)

(b) *Competitive proposals*. (See [6.401\(b\)](#).) If sealed bids are not appropriate under paragraph (a) of this section, contracting officers shall request competitive proposals or use the other competitive procedures under paragraph (c) or (d) of this section.

(c) *Combination of competitive procedures*. If sealed bids are not appropriate, contracting officers may use any combination of competitive procedures (*e.g.*, two-step sealed bidding).

(d) Other competitive procedures. (1) Selection of sources for architect-engineer contracts in accordance with the provisions of [40 U.S.C. 1102 et seq.](#) is a competitive procedure (see [subpart 36.6](#) for procedures).

(2) Competitive selection of basic and applied research and that part of development not related to the development of a specific system or hardware procurement is a competitive procedure if award results from—

- (i) A broad agency announcement that is general in nature identifying areas of research interest, including criteria for selecting proposals, and soliciting the participation of all offerors capable of satisfying the Government's needs; and
 - (ii) A peer or scientific review.
- (3) Use of multiple award schedules issued under the procedures established by the Administrator of General Services consistent with the requirement of [41 U.S.C. 152\(3\)\(A\)](#) for the multiple award schedule program of the General Services Administration is a competitive procedure.

Subpart 6.2 - Full and Open Competition After Exclusion of Sources

6.200 Scope of subpart.

This subpart prescribes policies and procedures for providing for full and open competition after excluding one or more sources.

6.201 Policy.

Acquisitions made under this subpart require use of the competitive procedures prescribed in [6.102](#).

6.202 Establishing or maintaining alternative sources.

(a) Agencies may exclude a particular source from a contract action in order to establish or maintain an alternative source or sources for the supplies or services being acquired if the agency head determines that to do so would-

(1) Increase or maintain competition and likely result in reduced overall costs for the acquisition, or for any anticipated acquisition;

(2) Be in the interest of national defense in having a facility (or a producer, manufacturer, or other supplier) available for furnishing the supplies or services in case of a national emergency or industrial mobilization;

(3) Be in the interest of national defense in establishing or maintaining an essential engineering, research, or development capability to be provided by an educational or other nonprofit institution or a federally funded research and development center;

(4) Ensure the continuous availability of a reliable source of supplies or services;

(5) Satisfy projected needs based on a history of high demand; or

(6) Satisfy a critical need for medical, safety, or emergency supplies.

(b) (1) Every proposed contract action under the authority of paragraph (a) of this section shall be supported by a determination and findings (D&F) (see [subpart 1.7](#)) signed by the head of the agency or designee. This D&F shall not be made on a class basis.

(2) Technical and requirements personnel are responsible for providing all necessary data to support their recommendation to exclude a particular source.

(3) When the authority in paragraph (a)(1) of this section is cited, the findings shall include a description of the estimated reduction in overall costs and how the estimate was derived.

6.203 Set-asides for small business concerns.

(a) To fulfill the statutory requirements relating to small business concerns, contracting officers may set aside solicitations to allow only such business concerns to compete. This includes contract actions conducted under the Small Business Innovation Research Program established under Pub.L.97-219.

(b) No separate justification or determination and findings is required under this part to set aside a contract action for small business concerns.

(c) Subpart [19.5](#) prescribes policies and procedures that shall be followed with respect to set-asides.

6.204 Section 8(a) competition.

(a) To fulfill statutory requirements relating to section 8(a) of the Small Business Act, as amended by Public Law 100-656, contracting officers may limit competition to eligible 8(a) participants (see [subpart 19.8](#)).

(b) No separate justification or determination and findings is required under this part to limit competition to eligible 8(a) participants. (But see [6.302-5](#) and [6.303-1](#) for sole source 8(a) awards over \$25 million.)

6.205 Set-asides for HUBZone small business concerns.

(a) To fulfill the statutory requirements relating to the HUBZone Act of 1997 ([15 U.S.C. 631 note](#)), contracting officers may set aside solicitations to allow only HUBZone small business concerns to compete (see [19.1305](#)).

(b) No separate justification or determination and findings is required under this part to set aside a contract action for HUBZone small business concerns.

6.206 Set-asides for service-disabled veteran-owned small business (SDVOSB) concerns eligible under the SDVOSB Program.

(a) To fulfill the statutory requirements relating to the Veterans Benefits Act of 2003 ([15 U.S.C. 657f](#)), contracting officers may set-aside solicitations to allow only service-disabled veteran-owned small business concerns eligible under the SDVOSB Program to compete (see [19.1405](#)).

(b) No separate justification or determination and findings are required under this part to set aside a contract action for service-disabled veteran-owned small business concerns eligible under the SDVOSB Program.

6.207 Set-asides for economically disadvantaged women-owned small business (EDWOSB) concerns or women-owned small business (WOSB) concerns eligible under the WOSB Program.

(a) To fulfill the statutory requirements relating to [15 U.S.C. 637\(m\)](#), contracting officers may set aside solicitations for only EDWOSB concerns or WOSB concerns eligible under the WOSB Program (see [19.1505](#)).

(b) No separate justification or determination and findings is required under this part to set aside a contract action for EDWOSB concerns or WOSB concerns eligible under the WOSB Program.

6.208 Set-asides for local firms during a major disaster or emergency.

(a) To fulfill the statutory requirements relating to [42 U.S.C. 5150](#), contracting officers may set aside solicitations to allow only offerors residing or doing business primarily in the area affected by such major disaster or emergency to compete (see [subpart 26.2](#)).

(b) No separate justification or determination and findings is required under this part to set aside a contract action. The set-aside area specified by the contracting officer shall be a geographic area within the area identified in a Presidential declaration(s) of major disaster or emergency and any additional geographic areas identified by the Department of Homeland Security.

Subpart 6.3 - Other Than Full and Open Competition

6.300 Scope of subpart.

This subpart prescribes policies and procedures, and identifies the statutory authorities, for contracting without providing for full and open competition.

6.301 Policy.

(a) [41 U.S.C. 3304](#) and [10 U.S.C. 3204](#) each authorize, under certain conditions, contracting without providing for full and open competition. The Department of Defense, Coast Guard, and National Aeronautics and Space Administration are subject to “[10 U.S.C. 3204](#).” Other executive agencies are subject to [41 U.S.C. 3304](#). Contracting without providing for full and open competition or full and open competition after exclusion of sources is a violation of statute, unless permitted by one of the exceptions in [6.302](#).

(b) Each contract awarded without providing for full and open competition shall contain a reference to the specific authority under which it was so awarded. Contracting officers shall use the U.S. Code citation applicable to their agency. (See [6.302](#).)

(c) Contracting without providing for full and open competition shall not be justified on the basis of-

(1) A lack of advance planning by the requiring activity; or

(2) Concerns related to the amount of funds available (*e.g.*, funds will expire) to the agency or activity for the acquisition of supplies or services.

(d) When not providing for full and open competition, the contracting officer shall solicit offers from as many potential sources as is practicable under the circumstances.

(e) For contracts under this subpart, the contracting officer shall use the contracting procedures prescribed in [6.102\(a\)](#) or (b), if appropriate, or any other procedures authorized by this regulation.

6.302 Circumstances permitting other than full and open competition.

The following statutory authorities (including applications and limitations) permit contracting without providing for full and open competition. Requirements for justifications to support the use of these authorities are in [6.303](#).

6.302-1 Only one responsible source and no other supplies or services will satisfy agency requirements.

(a) Authority. (1) Citations: [10 U.S.C. 3204\(a\)\(1\)](#) or [41 U.S.C. 3304\(a\)\(1\)](#).

(2) When the supplies or services required by the agency are available from only one responsible source, or, for DoD, NASA, and the Coast Guard, from only one or a limited number of responsible sources, and no other type of supplies or services will satisfy agency requirements, full and open competition need not be provided for.

(i) Supplies or services may be considered to be available from only one source if the source has submitted an unsolicited research proposal that-

(A) Demonstrates a unique and innovative concept (see definition at [2.101](#)), or, demonstrates a unique capability of the source to provide the particular research services proposed;

(B) Offers a concept or services not otherwise available to the Government; and

(C) Does not resemble the substance of a pending competitive acquisition. (See [10 U.S.C. 3204\(b\)\(A\)](#) and [41 U.S.C. 3304\(b\)\(1\)](#).)

(ii) Supplies may be deemed to be available only from the original source in the case of a follow-on contract for the continued development or production of a major system or highly specialized equipment, including major components thereof, when it is likely that award to any other source would result in-

(A) Substantial duplication of cost to the Government that is not expected to be recovered through competition; or

(B) Unacceptable delays in fulfilling the agency's requirements. (See [10 U.S.C. 3204\(b\)\(B\)](#) or [41 U.S.C. 3304\(b\)](#).)

(iii) For DoD, NASA, and the Coast Guard, services may be deemed to be available only from the original source in the case of follow-on contracts for the continued provision of highly specialized services when it is likely that award to any other source would result in-

(A) Substantial duplication of cost to the Government that is not expected to be recovered through competition; or

(B) Unacceptable delays in fulfilling the agency's requirements. (See [10 U.S.C. 3204\(b\)\(B\)](#).)

(b) *Application.* This authority shall be used, if appropriate, in preference to the authority in [6.302-7](#); it shall not be used when any of the other circumstances is applicable. Use of this authority may be appropriate in situations such as the following (these examples are not intended to be all inclusive and do not constitute authority in and of themselves):

- (1) When there is a reasonable basis to conclude that the agency's minimum needs can only be satisfied by-
 - (i) Unique supplies or services available from only one source or only one supplier with unique capabilities; or
 - (ii) For DoD, NASA, and the Coast Guard, unique supplies or services available from only one or a limited number of sources or from only one or a limited number of suppliers with unique capabilities.
- (2) The existence of limited rights in data, patent rights, copyrights, or secret processes; the control of basic raw material; or similar circumstances, make the supplies and services available from only one source (however, the mere existence of such rights or circumstances does not in and of itself justify the use of these authorities) (see [part 27](#)).
- (3) When acquiring utility services (see [41.101](#)), circumstances may dictate that only one supplier can furnish the service (see [41.202](#)); or when the contemplated contract is for construction of a part of a utility system and the utility company itself is the only source available to work on the system.
- (4) When the agency head has determined in accordance with the agency's standardization program that only specified makes and models of technical equipment and parts will satisfy the agency's needs for additional units or replacement items, and only one source is available.

(c) Application for brand-name descriptions. (1) An acquisition or portion of an acquisition that uses a brand-name description or other purchase description to specify a particular brand-name, product, or feature of a product, peculiar to one manufacturer-

- (i) Does not provide for full and open competition, regardless of the number of sources solicited; and
- (ii) Shall be justified and approved in accordance with [6.303](#) and [6.304](#).
 - (A) If only a portion of the acquisition is for a brand-name product or item peculiar to one manufacturer, the justification and approval is to cover only the portion of the acquisition which is brand-name or peculiar to one manufacturer. The justification should state it is covering only the portion of the acquisition which is brand-name or peculiar to one manufacturer, and the approval level requirements will then only apply to that portion;
 - (B) The justification should indicate that the use of such descriptions in the acquisition or portion of an acquisition is essential to the Government's requirements, thereby precluding consideration of a product manufactured by another company; and
 - (C) The justification shall be posted with the solicitation (see [5.102\(a\)\(6\)](#)).

(2) Brand-name or equal descriptions, and other purchase descriptions that permit prospective contractors to offer products other than those specifically referenced by brand-name, provide for full and open competition and do not require justifications and approvals to support their use.

(d) Limitations. (1) Contracts awarded using this authority shall be supported by the written justifications and approvals described in [6.303](#) and [6.304](#).

(2) For contracts awarded using this authority, the notices required by [5.201](#) shall have been published and any bids, proposals, quotations, or capability statements must have been considered.

6.302-2 Unusual and compelling urgency.

(a) Authority. (1) Citations: [10 U.S.C. 3204\(a\)\(2\)](#) or [41 U.S.C. 3304\(a\)\(2\)](#).
 (2) When the agency's need for the supplies or services is of such an unusual and compelling urgency that the Government would be seriously injured unless the agency is permitted to limit the number of sources from which it solicits bids or proposals, full and open competition need not be provided for.

(b) *Application.* This authority applies in those situations where-

- (1) An unusual and compelling urgency precludes full and open competition; and
- (2) Delay in award of a contract would result in serious injury, financial or other, to the Government.

(c) Limitations. (1) Contracts awarded using this authority shall be supported by the written justifications and approvals described in [6.303](#) and [6.304](#). These justifications may be made and approved after contract award when preparation and approval prior to award would unreasonably delay the acquisition.

(2) This statutory authority requires that agencies shall request offers from as many potential sources as is practicable under the circumstances.

(d) Period of Performance. (1) The total period of performance of a contract awarded or modified using this authority-

- (i) May not exceed the time necessary-
 - (A) To meet the unusual and compelling requirements of the work to be performed under the contract; and

(B) For the agency to enter into another contract for the required goods and services through the use of competitive procedures; and

(ii) May not exceed one year, including all options, unless the head of the agency determines that exceptional circumstances apply. This determination must be documented in the contract file.

(2) (i) Any subsequent modification using this authority, which will extend the period of performance beyond one year under this same authority, requires a separate determination. This determination is only required if the cumulative period of performance using this authority exceeds one year. This requirement does not apply to the exercise of options previously addressed in the determination required at paragraph (d)(1)(ii) of this section.

(ii) The determination shall be approved at the same level as the level to which the agency head authority in paragraph (d)(1)(ii) of this section is delegated.

(3) The requirements in paragraphs (d)(1) and (2) of this section shall apply to any contract in an amount greater than the simplified acquisition threshold.

(4) The determination of exceptional circumstances is in addition to the approval of the justification in [6.304](#).

(5) The determination may be made after contract award when making the determination prior to award would unreasonably delay the acquisition.

6.302-3 Industrial mobilization; engineering, developmental, or research capability; or expert services.

(a) Authority. (1) Citations: [10 U.S.C. 3204\(a\)\(3\)](#) or [41 U.S.C. 3304\(a\)\(3\)](#).

(2) Full and open competition need not be provided for when it is necessary to award the contract to a particular source or sources in order-

(i) To maintain a facility, producer, manufacturer, or other supplier available for furnishing supplies or services in case of a national emergency or to achieve industrial mobilization;

(ii) To establish or maintain an essential engineering, research, or development capability to be provided by an educational or other nonprofit institution or a federally funded research and development center; or

(iii) To acquire the services of an expert or neutral person for any current or anticipated litigation or dispute.

(b) Application. (1) Use of the authority in paragraph (a)(2)(i) of this section may be appropriate when it is necessary to-

(i) Keep vital facilities or suppliers in business or make them available in the event of a national emergency;

(ii) Train a selected supplier in the furnishing of critical supplies or services, prevent the loss of a supplier's ability and employees' skills, or maintain active engineering, research, or development work;

(iii) Maintain properly balanced sources of supply for meeting the requirements of acquisition programs in the interest of industrial mobilization (when the quantity required is substantially larger than the quantity that must be awarded in order to meet the objectives of this authority, that portion not required to meet such objectives will be acquired by providing for full and open competition, as appropriate, under this part);

(iv) Create or maintain the required domestic capability for production of critical supplies by limiting competition to items manufactured in-

(A) The United States or its outlying areas; or

(B) The United States, its outlying areas, or Canada.

(v) Continue in production, contractors that are manufacturing critical items, where there would otherwise be a break in production; or

(vi) Divide current production requirements among two or more contractors to provide for an adequate industrial mobilization base.

(2) Use of the authority in paragraph (a)(2)(ii) of this section may be appropriate when it is necessary to-

(i) Establish or maintain an essential capability for theoretical analyses, exploratory studies, or experiments in any field of science or technology;

(ii) Establish or maintain an essential capability for engineering or developmental work calling for the practical application of investigative findings and theories of a scientific or technical nature; or

(iii) Contract for supplies or services as are necessary incident to paragraph (b)(2)(i) or (ii) of this section.

(3) Use of the authority in paragraph (a)(2)(iii) of this subsection may be appropriate when it is necessary to acquire the services of either-

(i) An expert to use, in any litigation or dispute (including any reasonably foreseeable litigation or dispute) involving the Government in any trial, hearing, or proceeding before any court, administrative tribunal, or agency, whether or not the expert is expected to testify. Examples of such services include, but are not limited to:

(A) Assisting the Government in the analysis, presentation, or defense of any claim or request for adjustment to contract terms and conditions, whether asserted by a contractor or the Government, which is in litigation or dispute, or is anticipated to result in dispute or litigation before any court, administrative tribunal, or agency; or

(B) Participating in any part of an alternative dispute resolution process, including but not limited to evaluators, fact finders, or witnesses, regardless of whether the expert is expected to testify; or

(ii) A neutral person, *e.g.*, mediators or arbitrators, to facilitate the resolution of issues in an alternative dispute resolution process.

(c) *Limitations.* Contracts awarded using this authority shall be supported by the written justifications and approvals described in [6.303](#) and [6.304](#).

6.302-4 International agreement.

(a) Authority. (1) Citations: [10 U.S.C. 3204\(a\)\(4\)](#) or [41 U.S.C. 3304\(a\)\(4\)](#).

(2) Full and open competition need not be provided for when precluded by the terms of an international agreement or a treaty between the United States and a foreign government or international organization, or the written directions of a foreign government reimbursing the agency for the cost of the acquisition of the supplies or services for such government.

(b) *Application.* This authority may be used in circumstances such as—

(1) When a contemplated acquisition is to be reimbursed by a foreign country that requires that the product be obtained from a particular firm as specified in official written direction such as a Letter of Offer and Acceptance; or

(2) When a contemplated acquisition is for services to be performed, or supplies to be used, in the sovereign territory of another country and the terms of a treaty or agreement specify or limit the sources to be solicited.

(c) *Limitations.* Except for DoD, NASA, and the Coast Guard, contracts awarded using this authority shall be supported by written justifications and approvals described in [6.303](#) and [6.304](#).

6.302-5 Authorized or required by statute.

(a) Authority. (1) Citations: [10 U.S.C. 3204\(a\)\(5\)](#) or [41 U.S.C. 3304\(a\)\(5\)](#).

(2) Full and open competition need not be provided for when—

(i) A statute expressly authorizes or requires that the acquisition be made through another agency or from a specified source; or

(ii) The agency's need is for a brand name commercial product for authorized resale.

(b) *Application.* This authority may be used when statutes, such as the following, expressly authorize or require that acquisition be made from a specified source or through another agency:

(1) Federal Prison Industries (UNICOR) [18 U.S.C. 4124](#) (see [subpart 8.6](#)).

(2) Qualified nonprofit agencies for the blind or other severely disabled [41 U.S.C. chapter 85](#), Committee for Purchase From People Who Are Blind or Severely Disabled (see [subpart 8.7](#)).

(3) Government Printing and Binding [44 U.S.C. 501-504](#), 1121 (see [subpart 8.8](#)).

(4) Sole source awards under the 8(a) Program ([15 U.S.C. 637](#)), but see [6.303](#) for requirements for justification and approval of sole-source 8(a) awards over \$25 million. (See [subpart 19.8](#)).

(5) Sole source awards under the HUBZone Act of 1997-[15 U.S.C. 657a](#) (see [19.1306](#)).

(6) Sole source awards under the Veterans Benefits Act of 2003 ([15 U.S.C. 657f](#)).

(7) Sole source awards under the WOSB Program- [15 U.S.C. 637\(m\)](#) (see [19.1506](#)).

(c) *Limitations.* (1) This authority shall not be used when a provision of law requires an agency to award a new contract to a specified non-Federal Government entity unless the provision of law specifically—

(i) Identifies the entity involved;

(ii) Refers to [10 U.S.C. 3201\(e\)](#) for armed services acquisitions or [41 U.S.C. 3105](#) for civilian agency acquisitions; and

(iii) States that award to that entity shall be made in contravention of the merit-based selection procedures in [10 U.S.C. 2304\(k\)](#) or [41 U.S.C. 3105](#), as appropriate. However, this limitation does not apply—

(A) When the work provided for in the contract is a continuation of the work performed by the specified entity under a preceding contract; or

(B) To any contract requiring the National Academy of Sciences to investigate, examine, or experiment upon any subject of science or art of significance to an executive agency and to report on those matters to the Congress or any agency of the Federal Government.

(2) Contracts awarded using this authority shall be supported by the written justifications and approvals described in [6.303](#) and [6.304](#), except for—

- (i) Contracts awarded under (a)(2)(ii) or (b)(2) of this section;
- (ii) Contracts awarded under (a)(2)(i) of this section when the statute expressly requires that the procurement be made from a specified source. (Justification and approval requirements apply when the statute authorizes, but does not require, that the procurement be made from a specified source); or
- (iii) Contracts less than or equal to \$25 million awarded under (b)(4) of this section.

(3) The authority in (a)(2)(ii) of this section may be used only for purchases of brand name commercial products for resale through commissaries or other similar facilities. Ordinarily, these purchases will involve articles desired or preferred by customers of the selling activities (but see [6.301\(d\)](#)).

6.302-6 National security.

(a) Authority. (1) Citations: [10 U.S.C. 3204\(a\)\(6\)](#) or [41 U.S.C. 3304\(a\)\(6\)](#).

(2) Full and open competition need not be provided for when the disclosure of the agency's needs would compromise the national security unless the agency is permitted to limit the number of sources from which it solicits bids or proposals.

(b) *Application.* This authority may be used for any acquisition when disclosure of the Government's needs would compromise the national security (*e.g.*, would violate security requirements); it shall not be used merely because the acquisition is classified, or merely because access to classified matter will be necessary to submit a proposal or to perform the contract.

(c) Limitations. (1) Contracts awarded using this authority shall be supported by the written justifications and approvals described in [6.303](#) and [6.304](#).

(2) See [5.202\(a\)\(1\)](#) for synopsis requirements.

(3) This statutory authority requires that agencies shall request offers from as many potential sources as is practicable under the circumstances.

6.302-7 Public interest.

(a) Authority. (1) Citations: [10 U.S.C. 3204\(a\)\(7\)](#) or [41 U.S.C. 3304\(a\)\(7\)](#).

(2) Full and open competition need not be provided for when the agency head determines that it is not in the public interest in the particular acquisition concerned.

(b) *Application.* This authority may be used when none of the other authorities in [6.302](#) apply.

(c) Limitations. (1) A written determination to use this authority shall be made in accordance with [subpart 1.7](#), by—

(i) The Secretary of Defense, the Secretary of the Army, the Secretary of the Navy, the Secretary of the Air Force, the Secretary of Homeland Security for the Coast Guard, or the Administrator of the National Aeronautics and Space Administration; or

(ii) The head of any other executive agency. This authority may not be delegated.

(2) The Congress shall be notified in writing of such determination not less than 30 days before award of the contract.

(3) If required by the head of the agency, the contracting officer shall prepare a justification to support the determination under paragraph (c)(1) of this subsection.

(4) This Determination and Finding (D&F) shall not be made on a class basis.

6.303 Justifications.

6.303-1 Requirements.

(a) A contracting officer shall not commence negotiations for a sole source contract, commence negotiations for a contract resulting from an unsolicited proposal, or award any other contract without providing for full and open competition unless the contracting officer—

- (1) Justifies, if required in [6.302](#), the use of such actions in writing;
- (2) Certifies the accuracy and completeness of the justification; and
- (3) Obtains the approval required by [6.304](#).

(b) The contracting officer shall not award a sole-source contract under the 8(a) authority ([15 U.S.C. 637\(a\)](#)) for an amount exceeding \$25 million unless—

- (1) The contracting officer justifies the use of a sole-source contract in writing in accordance with [6.303-2](#);
- (2) The justification is approved by the appropriate official designated at [6.304](#); and

(3) The justification and related information are made public after award in accordance with [6.305](#).

(c) Technical and requirements personnel are responsible for providing and certifying as accurate and complete necessary data to support their recommendation for other than full and open competition.

(d) Justifications required by paragraph (a) of this section may be made on an individual or class basis. Any justification for contracts awarded under the authority of [6.302-7](#) shall only be made on an individual basis. Whenever a justification is made and approved on a class basis, the contracting officer must ensure that each contract action taken pursuant to the authority of the class justification and approval is within the scope of the class justification and approval and shall document the contract file for each contract action accordingly.

(e) The justifications for contracts awarded under the authority cited in [6.302-2](#) may be prepared and approved within a reasonable time after contract award when preparation and approval prior to award would unreasonably delay the acquisitions.

6.303-2 Content.

(a) Each justification shall contain sufficient facts and rationale to justify the use of the specific authority cited.

(b) As a minimum, each justification, except those for sole-source 8(a) contracts over \$25 million (see paragraph (d) of this section), shall include the following information:

(1) Identification of the agency and the contracting activity, and specific identification of the document as a "Justification for other than full and open competition."

(2) Nature and/or description of the action being approved.

(3) A description of the supplies or services required to meet the agency's needs (including the estimated value).

(4) An identification of the statutory authority permitting other than full and open competition.

(5) A demonstration that the proposed contractor's unique qualifications or the nature of the acquisition requires use of the authority cited.

(6) A description of efforts made to ensure that offers are solicited from as many potential sources as is practicable, including whether a notice was or will be publicized as required by [subpart 5.2](#) and, if not, which exception under [5.202](#) applies.

(7) A determination by the contracting officer that the anticipated cost to the Government will be fair and reasonable.

(8) A description of the market research conducted (see [part 10](#)) and the results or a statement of the reason market research was not conducted.

(9) Any other facts supporting the use of other than full and open competition, such as:

(i) Explanation of why technical data packages, specifications, engineering descriptions, statements of work, or purchase descriptions suitable for full and open competition have not been developed or are not available.

(ii) When [6.302-1](#) is cited for follow-on acquisitions as described in [6.302-1\(a\)\(2\)\(ii\)](#), an estimate of the cost to the Government that would be duplicated and how the estimate was derived.

(iii) When [6.302-2](#) is cited, data, estimated cost, or other rationale as to the extent and nature of the harm to the Government.

(10) A listing of the sources, if any, that expressed, in writing, an interest in the acquisition.

(11) A statement of the actions, if any, the agency may take to remove or overcome any barriers to competition before any subsequent acquisition for the supplies or services required.

(12) Contracting officer certification that the justification is accurate and complete to the best of the contracting officer's knowledge and belief.

(c) Each justification shall include evidence that any supporting data that is the responsibility of technical or requirements personnel (e.g., verifying the Government's minimum needs or schedule requirements or other rationale for other than full and open competition) and which form a basis for the justification have been certified as complete and accurate by the technical or requirements personnel.

(d) As a minimum, each justification for a sole-source 8(a) contract over \$25 million shall include the following information:

(1) A description of the needs of the agency concerned for the matters covered by the contract.

(2) A specification of the statutory provision providing the exception from the requirement to use competitive procedures in entering into the contract (see [19.805-1](#)).

(3) A determination that the use of a sole-source contract is in the best interest of the agency concerned.

(4) A determination that the anticipated cost of the contract will be fair and reasonable.

(5) Such other matters as the head of the agency concerned shall specify for purposes of this section.

6.304 Approval of the justification.

(a) Except for paragraph (b) of this section, the justification for other than full and open competition shall be approved in writing-

(1) For a proposed contract not exceeding \$750,000, the contracting officer's certification required by [6.303-2\(b\)\(12\)](#) will serve as approval unless a higher approving level is established in agency procedures.

(2) For a proposed contract over \$750,000 but not exceeding \$15 million, by the advocate for competition for the procuring activity designated pursuant to [6.501](#) or an official described in paragraph (a)(3) or (4) of this section. This authority is not delegable.

(3) For a proposed contract over \$15 million, but not exceeding \$75 million, or, for DoD, NASA, and the Coast Guard, not exceeding \$100 million, by the head of the procuring activity, or a designee who-

(i) If a member of the armed forces, is a general or flag officer; or

(ii) If a civilian, is serving in a position in a grade above GS-15 under the General Schedule (or in a comparable or higher position under another schedule).

(4) For a proposed contract over \$75 million or, for DoD, NASA, and the Coast Guard, over \$100 million, by the senior procurement executive of the agency designated pursuant to [41 U.S.C. 1702\(c\)](#) in accordance with agency procedures. This authority is not delegable except in the case of the Under Secretary of Defense for Acquisition and Sustainment, acting as the senior procurement executive for the Department of Defense.

(b) Any justification for a contract awarded under the authority of [6.302-7](#), regardless of dollar amount, shall be considered approved when the determination required by [6.302-7\(c\)\(1\)](#) is made.

(c) A class justification for other than full and open competition shall be approved in writing in accordance with agency procedures. The approval level shall be determined by the estimated total value of the class.

(d) The estimated dollar value of all options shall be included in determining the approval level of a justification.

6.305 Availability of the justification.

(a) The agency shall make publicly available the justification required by [6.303-1](#) as required by [10 U.S.C. 3204\(f\)](#) and [41 U.S.C. 3304\(f\)](#). Except for the circumstances in paragraphs (b) and (c) of this section, the justification shall be made publicly available within 14 days after contract award.

(b) In the case of a contract award permitted under [6.302-2](#), the justification shall be posted within 30 days after contract award.

(c) In the case of a brand name justification under [6.302-1\(c\)](#), the justification shall be posted with the solicitation (see [5.102\(a\)\(6\)](#)).

(d) The justifications shall be made publicly available-

(1) At the Government Point of Entry (GPE) <https://www.sam.gov>.

(2) On the website of the agency, which may provide access to the justifications by linking to the GPE; and

(3) Must remain posted for a minimum of 30 days.

(e) Contracting officers shall carefully screen all justifications for contractor proprietary data and remove all such data, and such references and citations as are necessary to protect the proprietary data, before making the justifications available for public inspection. Contracting officers shall also be guided by the exemptions to disclosure of information contained in the Freedom of Information Act ([5 U.S.C. 552](#)) and the prohibitions against disclosure in [24.202](#) in determining whether the justification, or portions of it, are exempt from posting. Although the submitter notice process set out in EO 12600, entitled "Predisclosure Notification Procedures for Confidential Commercial Information," does not apply, if the justification appears to contain proprietary data, the contracting officer should provide the contractor that submitted the information an opportunity to review the justification for proprietary data, before making the justification available for public inspection, redacted as necessary. This process must not prevent or delay the posting of the justification in accordance with the timeframes required in paragraphs (a) through (c).

(f) The requirements of paragraphs (a) through (d) do not apply if posting the justification would disclose the executive agency's needs and disclosure of such needs would compromise national security or create other security risks.

Subpart 6.4 - Sealed Bidding and Competitive Proposals

6.401 Sealed bidding and competitive proposals.

Sealed bidding and competitive proposals, as described in [parts 14](#) and [15](#), are both acceptable procedures for use under [subparts 6.1,6.2](#); and, when appropriate, under [subpart 6.3](#).

(a) *Sealed bids*. (See [part 14](#) for procedures.) Contracting officers shall solicit sealed bids if-

- (1) Time permits the solicitation, submission, and evaluation of sealed bids;
- (2) The award will be made on the basis of price and other price-related factors;
- (3) It is not necessary to conduct discussions with the responding offerors about their bids; and
- (4) There is a reasonable expectation of receiving more than one sealed bid.

(b) Competitive proposals. (See [part 15](#) for procedures.) (1) Contracting officers may request competitive proposals if sealed bids are not appropriate under paragraph (a) of this section.

(2) Because of differences in areas such as law, regulations, and business practices, it is generally necessary to conduct discussions with offerors relative to proposed contracts to be made and performed outside the United States and its outlying areas. Competitive proposals will therefore be used for these contracts unless discussions are not required and the use of sealed bids is otherwise appropriate.

This page intentionally left blank.

Subpart 6.5 - Advocates for Competition

6.501 Requirement.

As required by [41 U.S.C. 1705](#), the head of each executive agency shall designate an advocate for competition for the agency and for each procuring activity of the agency. The advocates for competition shall-

- (a) Be in positions other than that of the agency senior procurement executive;
- (b) Not be assigned any duties or responsibilities that are inconsistent with [6.502](#); and
- (c) Be provided with staff or assistance (*e.g.*, specialists in engineering, technical operations, contract administration, financial management, supply management, and utilization of small business concerns), as may be necessary to carry out the advocate's duties and responsibilities.

6.502 Duties and responsibilities.

- (a) Agency and procuring activity advocates for competition are responsible for—
 - (1) Promoting the acquisition of commercial products and commercial services;
 - (2) Promoting full and open competition;
 - (3) Challenging requirements that are not stated in terms of functions to be performed, performance required, or essential physical characteristics;
 - (4) Challenging barriers to the acquisition of commercial products and commercial services; and
 - (5) Challenging barriers to full and open competition such as unnecessarily restrictive statements of work, unnecessarily detailed specifications, and unnecessarily burdensome contract clauses.
- (b) Agency advocates for competition shall—
 - (1) Review the contracting operations of the agency and identify and report to the agency senior procurement executive and the chief acquisition officer—
 - (i) Opportunities and actions taken to acquire commercial products and commercial services to meet the needs of the agency;
 - (ii) Opportunities and actions taken to achieve full and open competition in the contracting operations of the agency;
 - (iii) Actions taken to challenge requirements that are not stated in terms of functions to be performed, performance required or essential physical characteristics;
 - (iv) Any condition or action that has the effect of unnecessarily restricting the acquisition of commercial products or commercial services or unnecessarily restricting competition in the contract actions of the agency;
 - (2) Prepare and submit an annual report to the agency senior procurement executive and the chief acquisition officer in accordance with agency procedures, describing—
 - (i) Such advocate's activities under this subpart;
 - (ii) New initiatives required to increase the acquisition of commercial products and commercial services;
 - (iii) New initiatives required to increase competition;
 - (iv) New initiatives to ensure requirements are stated in terms of functions to be performed, performance required or essential physical characteristics;
 - (v) Any barriers to the acquisition of commercial products, commercial services, or competition that remain;
 - (vi) Other ways in which the agency has emphasized the acquisition of commercial products, commercial services, and competition in areas such as acquisition training and research; and
 - (vii) Initiatives that ensure task and delivery orders over \$1,000,000 issued under multiple award contracts are properly planned, issued, and comply with [8.405](#) and [16.505](#).
 - (3) Recommend goals and plans for increasing competition on a fiscal year basis to the agency senior procurement executive and the chief acquisition officer; and
 - (4) Recommend to the agency senior procurement executive and the chief acquisition officer a system of personal and organizational accountability for competition, which may include the use of recognition and awards to motivate program managers, contracting officers, and others in authority to promote competition in acquisition.

7.000 Scope of part.

This part prescribes policies and procedures for-

- (a) Developing acquisition plans;
- (b) Determining whether to use commercial or Government resources for acquisition of supplies or services;
- (c) Deciding whether it is more economical to lease equipment rather than purchase it; and
- (d) Determining whether functions are inherently governmental.

Subpart 7.1 - Acquisition Plans**7.101 Definitions.**

As used in this subpart-

Acquisition streamlining means any effort that results in more efficient and effective use of resources to design and develop, or produce quality systems. This includes ensuring that only necessary and cost-effective requirements are included, at the most appropriate time in the acquisition cycle, in solicitations and resulting contracts for the design, development, and production of new systems, or for modifications to existing systems that involve redesign of systems or subsystems.

Life-cycle cost means the total cost to the Government of acquiring, operating, supporting, and (if applicable) disposing of the items being acquired.

Order means an order placed under a-

- (1) Federal Supply Schedule contract; or
- (2) Task-order contract or delivery-order contract awarded by another agency, (*i.e.*, Governmentwide acquisition contract or multi-agency contract).

Planner means the designated person or office responsible for developing and maintaining a written plan, or for the planning function in those acquisitions not requiring a written plan.

7.102 Policy.

(a) Agencies shall perform acquisition planning and conduct market research (see [part 10](#)) for all acquisitions in order to promote and provide for—

(1) Acquisition of commercial products or commercial services, or to the extent that commercial products suitable to meet the agency's needs are not available, nondevelopmental items, to the maximum extent practicable ([10 U.S.C. 3453](#) and 41 U.S.C. 3307); and

(2) Full and open competition (see [part 6](#)) or, when full and open competition is not required in accordance with [part 6](#), to obtain competition to the maximum extent practicable, with due regard to the nature of the supplies or services to be acquired ([10 U.S.C. 3206\(a\)\(1\)](#) and 41 U.S.C. 3306a(1)).

(3) Selection of appropriate contract type in accordance with [part 16](#); and

(4) Appropriate consideration of the use of pre-existing contracts, including interagency and intra-agency contracts, to fulfill the requirement, before awarding new contracts. (See [8.002](#) through [8.004](#) and [subpart 17.5](#)).

(b) This planning shall integrate the efforts of all personnel responsible for significant aspects of the acquisition. The purpose of this planning is to ensure that the Government meets its needs in the most effective, economical, and timely manner. Agencies that have a detailed acquisition planning system in place that generally meets the requirements of [7.104](#) and [7.105](#) need not revise their system to specifically meet all of these requirements.

7.103 Agency-head responsibilities.

The agency head or a designee shall prescribe procedures for the following:

(a) Promoting and providing for full and open competition (see [part 6](#)) or, when full and open competition is not required in accordance with [part 6](#), for obtaining competition to the maximum extent practicable, with due regard to the nature of the supplies and services to be acquired ([10 U.S.C. 3206\(a\)\(1\)](#) and 41 U.S.C. 3306(a)(1)).

(b) Encouraging offerors to supply commercial products or commercial services, or to the extent that commercial products suitable, to meet the agency needs are not available, nondevelopmental items in response to agency solicitations ([10 U.S.C. 3453](#) and 41 U.S.C. 3307).

(c) Ensuring that acquisition planners address the requirement to specify needs, develop specifications, and to solicit offers in such a manner to promote and provide for full and open competition with due regard to the nature of the supplies and services to be acquired ([10 U.S.C. 3206\(a\)\(1\)](#) and 41 U.S.C. 3306(a)(1)). (See [part 6](#) and [10.002](#).)

- (d) Ensuring that acquisition planners document the file to support the selection of the contract type in accordance with subpart [16.1](#).
- (e) Establishing criteria and thresholds at which increasingly greater detail and formality in the planning process is required as the acquisition becomes more complex and costly, including for cost-reimbursement and other high-risk contracts (e.g., other than firm-fixed-price contracts) requiring a written acquisition plan. A written plan shall be prepared for cost reimbursement and other high-risk contracts other than firm-fixed-price contracts, although written plans may be required for firm-fixed-price contracts as appropriate.
- (f) Ensuring that the statement of work is closely aligned with performance outcomes and cost estimates.
- (g) Writing plans either on a systems basis, on an individual contract basis, or on an individual order basis, depending upon the acquisition.
- (h) Ensuring that the principles of this subpart are used, as appropriate, for those acquisitions that do not require a written plan as well as for those that do.
- (i) Designating planners for acquisitions.
- (j) Reviewing and approving acquisition plans and revisions to these plans to ensure compliance with FAR requirements including [7.104](#) and part [16](#). For other than firm-fixed-price contracts, ensuring that the plan is approved and signed at least one level above the contracting officer.
- (k) Establishing criteria and thresholds at which design-to-cost and life-cycle-cost techniques will be used.
- (l) Establishing standard acquisition plan formats, if desired, suitable to agency needs.
- (m) Waiving requirements of detail and formality, as necessary, in planning for acquisitions having compressed delivery or performance schedules because of the urgency of the need.
- (n) Assuring that the contracting officer, prior to contracting, reviews:
- (1) The acquisition history of the supplies and services; and
 - (2) A description of the supplies, including, when necessary for adequate description, a picture, drawing, diagram, or other graphic representation.
- (o) Ensuring that agency planners include use of the metric system of measurement in proposed acquisitions in accordance with [15 U.S.C. 205b](#) (see [11.002\(b\)](#)) and agency metric plans and guidelines.
- (p) Ensuring that agency planners-
- (1) Comply with the policy in [11.002\(d\)](#) regarding procurement of sustainable products and services (as defined in [2.101](#)) in accordance with subpart [23.1](#);
 - (2) Comply with the Guiding Principles for Sustainable Federal Buildings and Associated Instructions (Guiding Principles), for the design, construction, renovation, repair, or deconstruction of Federal buildings (see [36.104](#)). The Guiding Principles can be accessed at https://www.sustainability.gov/pdfs/guiding_principles_for_sustainable_federal_buildings.pdf; and
 - (3) Require contractor compliance with Federal environmental requirements, when the contractor is operating Government-owned facilities or vehicles, to the same extent as the agency would be required to comply if the agency operated the facilities or vehicles.
- (q) Ensuring that acquisition planners specify needs and develop plans, drawings, work statements, specifications, or other product or service requirements (e.g., help desks, call centers, training services, and automated self-service technical support) descriptions that address information and communication technology (ICT) accessibility standards (see [36 CFR 1194.1](#)) in proposed acquisitions and that these standards are included in requirements planning (see [subpart 39.2](#)).
- (r) Making a determination, prior to issuance of a solicitation for advisory and assistance services involving the analysis and evaluation of proposals submitted in response to a solicitation, that a sufficient number of covered personnel with the training and capability to perform an evaluation and analysis of proposals submitted in response to a solicitation are not readily available within the agency or from another Federal agency in accordance with the guidelines at [37.204](#).
- (s) Ensuring that no purchase request is initiated or contract entered into that would result in the performance of an inherently governmental function by a contractor and that all contracts or orders are adequately managed so as to ensure effective official control over contract or order performance.
- (t) Ensuring that knowledge gained from prior acquisitions is used to further refine requirements and acquisition strategies. For services, greater use of performance-based acquisition methods should occur for follow-on acquisitions.
- (u) Ensuring that acquisition planners, to the maximum extent practicable-
- (1) Structure contract requirements to facilitate competition by and among small business concerns; and
 - (2) Avoid unnecessary and unjustified bundling that precludes small business participation as contractors (see [7.107](#)) ([15 U.S.C. 631\(j\)](#)).

(v) Ensuring that agency planners on information technology acquisitions comply with the capital planning and investment control requirements in 40 U.S.C. 11312 and OMB Circular A-130.

(w) Ensuring that agency planners on information technology acquisitions comply with the information technology security requirements in the Federal Information Security Management Act (44 U.S.C. 3544), OMB's implementing policies including Appendix III of OMB Circular A-130, and guidance and standards from the Department of Commerce's National Institute of Standards and Technology.

(x) Ensuring that agency planners use project labor agreements when required (see subpart [22.5](#) and [36.104 Policy](#)).

(y) Ensuring that contracting officers consult the Disaster Response Registry via <https://www.sam.gov>, Search Records, Advanced Search, Disaster Response Registry Search as a part of acquisition planning for debris removal, distribution of supplies, reconstruction, and other disaster or emergency relief activities inside the United States and outlying areas. (See [26.205](#)).

7.104 General procedures.

(a) Acquisition planning should begin as soon as the agency need is identified, preferably well in advance of the fiscal year in which contract award or order placement is necessary. In developing the plan, the planner shall form a team consisting of all those who will be responsible for significant aspects of the acquisition, such as contracting, small business, fiscal, legal, and technical personnel. If contract performance is to be in a designated operational area or supporting a diplomatic or consular mission, the planner shall also consider inclusion of the combatant commander or chief of mission, as appropriate. The planner should review previous plans for similar acquisitions and discuss them with the key personnel involved in those acquisitions. At key dates specified in the plan or whenever significant changes occur, and no less often than annually, the planner shall review the plan and, if appropriate, revise it.

(b) Requirements and logistics personnel should avoid issuing requirements on an urgent basis or with unrealistic delivery or performance schedules, since it generally restricts competition and increases prices. Early in the planning process, the planner should consult with requirements and logistics personnel who determine type, quality, quantity, and delivery requirements.

(c) The planner shall coordinate with and secure the concurrence of the contracting officer in all acquisition planning. If the plan proposes using other than full and open competition when awarding a contract, the plan shall also be coordinated with the cognizant advocate for competition.

(d) The planner shall coordinate the acquisition plan or strategy with the cognizant small business specialist when the strategy contemplates an acquisition meeting the thresholds in [7.107-4](#) for substantial bundling unless the contract or task order or delivery order is totally set-aside for small business under [part 19](#). The small business specialist shall notify the agency Office of Small and Disadvantaged Business Utilization or the Office of Small Business Programs if the strategy involves-

(1) Bundling that is unnecessary or unjustified; or

(2) Bundled or consolidated requirements not identified as such by the agency (see [7.107](#)).

(e) The planner shall ensure that a COR is nominated as early as practicable in the acquisition process by the requirements official or in accordance with agency procedures. The contracting officer shall designate and authorize a COR as early as practicable after the nomination. See [1.602-2\(d\)](#).

7.105 Contents of written acquisition plans.

In order to facilitate attainment of the acquisition objectives, the plan must identify those milestones at which decisions should be made (see paragraph (b)(21) of this section). The plan must address all the technical, business, management, and other significant considerations that will control the acquisition. The specific content of plans will vary, depending on the nature, circumstances, and stage of the acquisition. In preparing the plan, the planner must follow the applicable instructions in paragraphs (a) and (b) of this section, together with the agency's implementing procedures. Acquisition plans for service contracts or orders must describe the strategies for implementing performance-based acquisition methods or must provide rationale for not using those methods (see [subpart 37.6](#)).

(a) *Acquisition background and objectives-* (1) *Statement of need.* Introduce the plan by a brief statement of need. Summarize the technical and contractual history of the acquisition. Discuss feasible acquisition alternatives, the impact of prior acquisitions on those alternatives, and any related in-house effort.

(2) *Applicable conditions.* State all significant conditions affecting the acquisition, such as-

(i) Requirements for compatibility with existing or future systems or programs; and

(ii) Any known cost, schedule, and capability or performance constraints.

(3) *Cost*. Set forth the established cost goals for the acquisition and the rationale supporting them, and discuss related cost concepts to be employed, including, as appropriate, the following items:

(i) *Life-cycle cost*. Discuss how life-cycle cost will be considered. If it is not used, explain why. If appropriate, discuss the cost model used to develop life-cycle-cost estimates.

(ii) *Design-to-cost*. Describe the design-to-cost objective(s) and underlying assumptions, including the rationale for quantity, learning-curve, and economic adjustment factors. Describe how objectives are to be applied, tracked, and enforced. Indicate specific related solicitation and contractual requirements to be imposed.

(iii) *Application of should-cost*. Describe the application of should-cost analysis to the acquisition (see [15.407-4](#)).

(4) *Capability or performance*. Specify the required capabilities or performance characteristics of the supplies or the performance standards of the services being acquired and state how they are related to the need.

(5) *Delivery or performance-period requirements*. Describe the basis for establishing delivery or performance-period requirements (see [subpart 11.4](#)). Explain and provide reasons for any urgency if it results in concurrency of development and production or constitutes justification for not providing for full and open competition.

(6) *Trade-offs*. Discuss the expected consequences of trade-offs among the various cost, capability or performance, and schedule goals.

(7) *Risks*. Discuss technical, cost, and schedule risks and describe what efforts are planned or underway to reduce risk and the consequences of failure to achieve goals. If concurrency of development and production is planned, discuss its effects on cost and schedule risks.

(8) *Acquisition streamlining*. If specifically designated by the requiring agency as a program subject to acquisition streamlining, discuss plans and procedures to-

(i) Encourage industry participation by using draft solicitations, presolicitation conferences, and other means of stimulating industry involvement during design and development in recommending the most appropriate application and tailoring of contract requirements;

(ii) Select and tailor only the necessary and cost-effective requirements; and

(iii) State the timeframe for identifying which of those specifications and standards, originally provided for guidance only, shall become mandatory.

(b) Plan of action—

(1) *Sources*. (i) Indicate the prospective sources of supplies or services that can meet the need.

(ii) Consider required sources of supplies or services (see [part 8](#)) and sources identifiable through databases including the Governmentwide database of contracts and other procurement instruments intended for use by multiple agencies available at <https://www.contractdirectory.gov/contractdirectory/>.

(iii) Include consideration of small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns (see [part 19](#)).

(iv) Consider the impact of any consolidation or bundling that might affect participation of small businesses in the acquisition (see [7.107](#)) (15 U.S.C. 644(e) and 15 U.S.C. 657q). When the proposed acquisition strategy involves bundling, identify the incumbent contractors and contracts affected by the bundling.

(v) Address the extent and results of the market research and indicate their impact on the various elements of the plan (see [part 10](#)).

(2) *Competition*. (i) Describe how competition will be sought, promoted, and sustained throughout the course of the acquisition. If full and open competition is not contemplated, cite the authority in [6.302](#), discuss the basis for the application of that authority, identify the source(s), and discuss why full and open competition cannot be obtained.

(ii) Identify the major components or subsystems. Discuss component breakout plans relative to these major components or subsystems. Describe how competition will be sought, promoted, and sustained for these components or subsystems.

(iii) Describe how competition will be sought, promoted, and sustained for spares and repair parts. Identify the key logistic milestones, such as technical data delivery schedules and acquisition method coding conferences, that affect competition.

(iv) When effective subcontract competition is both feasible and desirable, describe how such subcontract competition will be sought, promoted, and sustained throughout the course of the acquisition. Identify any known barriers to increasing subcontract competition and address how to overcome them.

(3) *Contract type selection*. Discuss the rationale for the selection of contract type. For other than firm-fixed-price contracts, see [16.103\(d\)](#) for additional documentation guidance. Acquisition personnel shall document the acquisition plan with findings that detail the particular facts and circumstances, (e.g., complexity of the requirements, uncertain duration

of the work, contractor's technical capability and financial responsibility, or adequacy of the contractor's accounting system), and associated reasoning essential to support the contract type selection. The contracting officer shall ensure that requirements and technical personnel provide the necessary documentation to support the contract type selection.

(4) *Source-selection procedures.* Discuss the source selection procedures for the acquisition, including the basis for using a reverse auction (when applicable), the timing for submission and evaluation of proposals, and the relationship of evaluation factors to the attainment of the acquisition objectives (see [subpart 15.3](#)). When an EVMS is required (see FAR [34.202\(a\)](#)) and a preaward IBR is contemplated, the acquisition plan must discuss-

- (i) How the pre-award IBR will be considered in the source selection decision;
- (ii) How it will be conducted in the source selection process (see FAR [15.306](#)); and
- (iii) Whether offerors will be directly compensated for the costs of participating in a pre-award IBR.

(5) *Acquisition considerations.* (i) For each contract contemplated, discuss use of multiyear contracting, options, or other special contracting methods (see [part 17](#)); any special clauses, special solicitation provisions, or FAR deviations required (see [subpart 1.4](#)); whether sealed bidding or negotiation will be used and why; whether equipment will be acquired by lease or purchase (see [subpart 7.4](#)) and why; and any other contracting considerations. Provide rationale if a performance-based acquisition will not be used or if a performance-based acquisition for services is contemplated on other than a firm-fixed-price basis (see [37.102\(a\)](#), [16.103\(d\)](#), and [16.505\(a\)\(3\)](#)).

(ii) For each order contemplated, discuss-

(A) For information technology acquisitions, how the capital planning and investment control requirements of 40 U.S.C. 11312 and OMB Circular A-130 will be met (see [7.103\(v\)](#) and [part 39](#)); and

(B) Why this action benefits the Government, such as when-

(1) The agency can accomplish its mission more efficiently and effectively (e.g., take advantage of the servicing agency's specialized expertise; or gain access to contractors with needed expertise); or

(2) Ordering through an indefinite delivery contract facilitates access to small business concerns, including small disadvantaged business concerns, 8(a) contractors, women-owned small business concerns, HUBZone small business concerns, veteran-owned small business concerns, or service-disabled veteran-owned small business concerns.

(iii) For information technology acquisitions using Internet Protocol, discuss whether the requirements documents include the Internet Protocol compliance requirements specified in [11.002\(g\)](#) or a waiver of these requirements has been granted by the agency's Chief Information Officer.

(iv) For information technology acquisitions, identify the applicable ICT accessibility standard(s). When an exception or an exemption to the standard(s) applies, the plan must list the exception and/or exemption, and the item(s) to which it applies. For those items listing [39.204](#) or [39.205\(a\)\(1\)](#) or (2), the corresponding accessibility standard does not need to be identified. See [subpart 39.2](#) and [36 CFR 1194.1](#).

(v) For each contract (and order) contemplated, discuss the strategy to transition to firm-fixed-price contracts to the maximum extent practicable. During the requirements development stage, consider structuring the contract requirements, i.e., line items, in a manner that will permit some, if not all, of the requirements to be awarded on a firm-fixed-price basis, either in the current contract, future option years, or follow-on contracts. This will facilitate an easier transition to a firm-fixed-price contract, because a cost history will be developed for a recurring definitive requirement.

(6) *Budgeting and funding.* Include budget estimates, explain how they were derived, and discuss the schedule for obtaining adequate funds at the time they are required (see [subpart 32.7](#)).

(7) *Product or service descriptions.* Explain the choice of product or service description types (including performance-based acquisition descriptions) to be used in the acquisition.

(8) *Priorities, allocations, and allotments.* When urgency of the requirement dictates a particularly short delivery or performance schedule, certain priorities may apply. If so, specify the method for obtaining and using priorities, allocations, and allotments, and the reasons for them (see [subpart 11.6](#)).

(9) *Contractor versus Government performance.* Address the consideration given to OMB Circular No. A-76 (see [subpart 7.3](#)).

(10) *Inherently governmental functions.* Address the consideration given to [subpart 7.5](#).

(11) *Management information requirements.* Discuss, as appropriate, what management system will be used by the Government to monitor the contractor's effort. If an Earned Value Management System is to be used, discuss the methodology the Government will employ to analyze and use the earned value data to assess and monitor contract performance. In addition, discuss how the offeror's/contractor's EVMS will be verified for compliance with the Electronic Industries Alliance Standard 748 (EIA-748), Earned Value Management Systems, and the timing and conduct of integrated baseline reviews (whether prior to or post award). (See [34.202](#).)

(12) *Make or buy*. Discuss any consideration given to make-or-buy programs (see [15.407-2](#)).

(13) *Test and evaluation*. To the extent applicable, describe the test program of the contractor and the Government. Describe the test program for each major phase of a major system acquisition. If concurrency is planned, discuss the extent of testing to be accomplished before production release.

(14) *Logistics considerations*. Describe—

(i) The assumptions determining contractor or agency support, both initially and over the life of the acquisition, including consideration of contractor or agency maintenance and servicing (see [subpart 7.3](#)), support for contracts to be performed in a designated operational area or supporting a diplomatic or consular mission (see [25.301-3](#)); and distribution of commercial products or commercial services;

(ii) The reliability, maintainability, and quality assurance requirements, including any planned use of warranties (see [part 46](#));

(iii) The requirements for contractor data (including repurchase data) and data rights, their estimated cost, and the use to be made of the data (see [part 27](#)); and

(iv) Standardization concepts, including the necessity to designate, in accordance with agency procedures, technical equipment as "standard" so that future purchases of the equipment can be made from the same manufacturing source.

(15) *Government-furnished property*. Indicate any Government property to be furnished to contractors, and discuss any associated considerations, such as its availability or the schedule for its acquisition (see [45.102](#)).

(16) *Government-furnished information*. Discuss any Government information, such as manuals, drawings, and test data, to be provided to prospective offerors and contractors. Indicate which information that requires additional controls to monitor access and distribution (e.g., technical specifications, maps, building designs, schedules, etc.), as determined by the agency, is to be posted via the enhanced controls of the Governmentwide point of entry (GPE) at <https://www.sam.gov> (see [5.102\(a\)](#)).

(17) *Environmental and energy conservation objectives*. Discuss—

(i) All applicable environmental and energy conservation objectives associated with the acquisition (see [part 23](#));

(ii) The applicability of an environmental assessment or environmental impact statement (see [40 CFR part 1502](#));

(iii) The proposed resolution of environmental issues; and

(iv) Any sustainable acquisition requirements to be included in the solicitation and contract (see [11.002](#) and [23](#)).

(18) *Security considerations*. (i) For acquisitions dealing with classified matters, discuss how adequate security will be established, maintained, and monitored (see [subpart 4.4](#)).

(ii) For information technology acquisitions, discuss how agency information security requirements will be met.

(iii) For acquisitions requiring routine contractor physical access to a Federally-controlled facility and/or routine access to a Federally-controlled information system, discuss how agency requirements for personal identity verification of contractors will be met (see [subpart 4.13](#)).

(iv) For acquisitions that may require Federal contract information to reside in or transit through contractor information systems, discuss compliance with [subpart 4.19](#).

(19) *Contract administration*. Describe how the contract will be administered. In contracts for services, include how inspection and acceptance corresponding to the work statement's performance criteria will be enforced. In contracts for supplies or service contracts that include supplies, address whether higher-level quality standards are necessary ([46.202](#)) and whether the supplies to be acquired are critical items ([46.101](#)).

(20) *Other considerations*. Discuss, as applicable:

(i) Standardization concepts;

(ii) The industrial readiness program;

(iii) The Defense Production Act;

(iv) The Occupational Safety and Health Act;

(v) Support Anti-terrorism by Fostering Effective Technologies Act of 2002 (SAFETY Act) (see [subpart 50.2](#));

(vi) Foreign sales implications;

(vii) Special requirements for contracts to be performed in a designated operational area or supporting a diplomatic or consular mission; and

(viii) Any other matters germane to the plan not covered elsewhere.

(21) *Milestones for the acquisition cycle*. Address the following steps and any others appropriate:

Acquisition plan approval.

Statement of work.

Specifications.

Data requirements.
Completion of acquisition-package preparation.
Purchase request.
Justification and approval for other than full and open competition where applicable and/or any required D&F approval.
Issuance of synopsis.
Issuance of solicitation.
Evaluation of proposals, audits, and field reports.
Beginning and completion of negotiations.
Contract preparation, review, and clearance.
Contract award.

(22) *Identification of participants in acquisition plan preparation.* List the individuals who participated in preparing the acquisition plan, giving contact information for each.

7.106 Additional requirements for major systems.

(a) In planning for the solicitation of a major system (see [part 34](#)) development contract, planners shall consider requiring offerors to include, in their offers, proposals to incorporate in the design of a major system-

(1) Items which are currently available within the supply system of the agency responsible for the major system, available elsewhere in the national supply system, or commercially available from more than one source; and

(2) Items which the Government will be able to acquire competitively in the future if they are likely to be needed in substantial quantities during the system's service life.

(b) In planning for the solicitation of a major system (see [part 34](#)) production contract, planners shall consider requiring offerors to include, in their offers, proposals identifying opportunities to assure that the Government will be able to obtain, on a competitive basis, items acquired in connection with the system that are likely to be acquired in substantial quantities during the service life of the system. Proposals submitted in response to such requirements may include the following:

(1) Proposals to provide the Government the right to use technical data to be provided under the contract for competitive future acquisitions, together with the cost to the Government, if any, of acquiring such technical data and the right to use such data.

(2) Proposals for the qualification or development of multiple sources of supply for competitive future acquisitions.

(c) In determining whether to apply paragraphs (a) and (b) of this section, planners shall consider the purposes for which the system is being acquired and the technology necessary to meet the system's required capabilities. If such proposals are required, the contracting officer shall consider them in evaluating competing offers. In noncompetitive awards, the factors in paragraphs (a) and (b) of this section, may be considered by the contracting officer as objectives in negotiating the contract.

7.107 Additional requirements for acquisitions involving consolidation, bundling, or substantial bundling.

7.107-1 General.

(a) If the requirement is considered both consolidated and bundled, the agency shall follow the guidance regarding bundling in [7.107-3](#), [7.107-4](#), and [7.107-5](#).

(b) The requirements of this section [7.107](#) do not apply-

(1) If a cost comparison analysis will be performed in accordance with OMB Circular A-76 (except [7.107-4](#) still applies);

(2) To orders placed under single-agency task-order contracts or delivery-order contracts, when the requirement was considered in determining that the consolidation or bundling of the underlying contract was necessary and justified; or

(3) To requirements for which there is a mandatory source (see [8.002](#) or [8.003](#)), including supplies and services that are on the Procurement List maintained by the Committee for Purchase From People Who Are Blind or Severely Disabled or the Schedule of Products issued by Federal Prison Industries, Inc. This exception does not apply-

(i) When the requiring agency obtains a waiver in accordance with [8.604](#) or an exception in accordance with [8.605](#) or [8.706](#); or

(ii) When optional acquisitions of supplies and services permitted under [8.713](#) are included.

7.107-2 Consolidation.

(a) Consolidation may provide substantial benefits to the Government. However, because of the potential impact on small business participation, before conducting an acquisition that is a consolidation of requirements with an estimated total dollar

value exceeding \$2 million, the senior procurement executive (SPE) or chief acquisition officer (CAO) shall make a written determination that the consolidation is necessary and justified in accordance with 15 U.S.C. 657q, after ensuring that-

- (1) Market research has been conducted;
 - (2) Any alternative contracting approaches that would involve a lesser degree of consolidation have been identified;
 - (3) The determination is coordinated with the agency's Office of Small Disadvantaged Business Utilization or the Office of Small Business Programs;
 - (4) Any negative impact by the acquisition strategy on contracting with small business concerns has been identified;
- and
- (5) Steps are taken to include small business concerns in the acquisition strategy.

(b) The SPE or CAO may determine that the consolidation is necessary and justified if the benefits of the acquisition would substantially exceed the benefits that would be derived from each of the alternative contracting approaches identified under paragraph (a)(2) of this section, including benefits that are quantifiable in dollar amounts as well as any other specifically identified benefits.

(c) Such benefits may include cost savings or price reduction and, regardless of whether quantifiable in dollar amounts-

- (1) Quality improvements that will save time or improve or enhance performance or efficiency;
- (2) Reduction in acquisition cycle times;
- (3) Better terms and conditions; or
- (4) Any other benefit.

(d) Benefits.

(1) Benefits that are quantifiable in dollar amounts are substantial if individually, in combination, or in the aggregate the anticipated financial benefits are equivalent to-

- (i) Ten percent of the estimated contract or order value (including options) if the value is \$94 million or less; or
- (ii) Five percent of the estimated contract or order value (including options) or \$9.4 million, whichever is greater, if the value exceeds \$94 million.

(2) Benefits that are not quantifiable in dollar amounts shall be specifically identified and otherwise quantified to the extent feasible.

(3) Reduction of administrative or personnel costs alone is not sufficient justification for consolidation unless the cost savings are expected to be at least 10 percent of the estimated contract or order value (including options) of the consolidated requirements, as determined by the SPE or CAO (15 U.S.C. 657q(c)(2)(B)).

(e) (1) Notwithstanding paragraphs (a) through (d) of this section, the approving authority identified in paragraph (e)(2) of this section may determine that consolidation is necessary and justified when-

- (i) The expected benefits do not meet the thresholds for a substantial benefit at paragraph (d)(1) of this section but are critical to the agency's mission success; and
- (ii) The procurement strategy provides for maximum practicable participation by small business.

(2) The approving authority is-

- (i) For the Department of Defense, the SPE; or
- (ii) For the civilian agencies, the Deputy Secretary or equivalent.

(f) If a determination is made that consolidation is necessary and justified, the contracting officer shall include it in the acquisition strategy documentation and provide it to the Small Business Administration (SBA) upon request.

7.107-3 Bundling.

(a) Bundling may provide substantial benefits to the Government. However, because of the potential impact on small business participation, before conducting an acquisition strategy that involves bundling, the agency shall make a written determination that the bundling is necessary and justified in accordance with [15 U.S.C. 644\(e\)](#). A bundled requirement is considered necessary and justified if the agency would obtain measurably substantial benefits as compared to meeting its agency's requirements through separate smaller contracts or orders.

(b) The agency shall quantify the specific benefits identified through the use of market research and other techniques to explain how their impact would be measurably substantial (see [10.001\(a\)\(2\)\(iv\)](#) and [\(a\)\(3\)\(vii\)](#)).

(c) Such benefits may include, but are not limited to-

- (1) Cost savings;
- (2) Price reduction;
- (3) Quality improvements that will save time or improve or enhance performance or efficiency;
- (4) Reduction in acquisition cycle times, or

- (5) Better terms and conditions.
- (d) Benefits are measurably substantial if individually, in combination, or in the aggregate the anticipated financial benefits are equivalent to-
 - (1) Ten percent of the estimated contract or order value (including options) if the value is \$94 million or less; or
 - (2) Five percent of the estimated contract or order value (including options) or \$9.4 million, whichever is greater, if the value exceeds \$94 million.
- (e) Reduction of administrative or personnel costs alone is not sufficient justification for bundling unless the cost savings are expected to be at least ten percent of the estimated contract or order value (including options) of the bundled requirements.
- (f) (1) Notwithstanding paragraphs (a) through (e) of this subsection, the approving authority identified in paragraph (f)(2) of this subsection may determine that bundling is necessary and justified when
 - (i) The expected benefits do not meet the thresholds for a substantial benefit but are critical to the agency's mission success; and
 - (ii) The acquisition strategy provides for maximum practicable participation by small business concerns.
- (2) The approving authority, without power of delegation, is-
 - (i) For the Department of Defense, the senior procurement executive; or
 - (ii) For the civilian agencies is the Deputy Secretary or equivalent.
- (g) In assessing whether cost savings and/or price reduction would be achieved through bundling, the agency and SBA shall-
 - (1) Compare the price that has been charged by small businesses for the work that they have performed; or
 - (2) Where previous prices are not available, compare the price, based on market research, that could have been or could be charged by small businesses for the work previously performed by other than a small business.
- (h) If a determination is made that bundling is necessary and justified, the contracting officer shall include it in the acquisition strategy documentation and provide it to SBA upon request.

7.107-4 Substantial bundling.

- (a) (1) Substantial bundling is any bundling that results in a contract or task or delivery order with an estimated value of—
 - (i) \$8 million or more for the Department of Defense;
 - (ii) \$6 million or more for the National Aeronautics and Space Administration, the General Services Administration, and the Department of Energy; or
 - (iii) \$2.5 million or more for all other agencies.
- (2) These thresholds apply to the cumulative estimated dollar value (including options) of—
 - (i) Multiple-award contracts;
 - (ii) Task orders or delivery orders issued against a GSA Schedule contract; or
 - (iii) Task orders or delivery orders issued against a task-order or delivery-order contract awarded by another agency.
- (b) In addition to addressing the requirements for bundling (see [7.107-3](#)), when the proposed acquisition strategy involves substantial bundling, the agency shall document in its strategy—
 - (1) The specific benefits anticipated to be derived from substantial bundling;
 - (2) An assessment of the specific impediments to participation by small business concerns as contractors that result from substantial bundling;
 - (3) Actions designed to maximize small business participation as contractors, including provisions that encourage small business teaming;
 - (4) Actions designed to maximize small business participation as subcontractors (including suppliers) at any tier under the contract, or order, that may be awarded to meet the requirements;
 - (5) The determination that the anticipated benefits of the proposed bundled contract or order justify its use; and
 - (6) Alternative strategies that would reduce or minimize the scope of the bundling, and the rationale for not choosing those alternatives.

7.107-5 Notifications.

- (a) *Notifications to current small business contractors of agency's intent to bundle.*
 - (1) The contracting officer shall notify each small business performing a contract that it intends to bundle the requirement at least 30 days prior to the issuance of the solicitation for the bundled requirement.

(2) The notification shall provide the name, phone number and address of the applicable SBA procurement center representative (PCR), or if an SBA PCR is not assigned to the procuring activity, the SBA Office of Government Contracting Area Office serving the area in which the buying activity is located.

(3) This notification shall be documented in the contract file.

(b) *Notification to public of rationale for bundled requirement.* The agency is encouraged to provide notification of the rationale for any bundled requirement to the GPE, before issuance of the solicitation (see [5.201](#)).

(c) *Notification to the public of consolidation of contract requirements.* The SPE or CAO shall publish in the GPE—

(1) A notice that the agency has determined a consolidation of contract requirements is necessary and justified (see [7.107-2](#)) no later than 7 days after making the determination; the solicitation may not be publicized prior to 7 days after publication of the notice of the agency determination; and

(2) The determination that consolidation is necessary and justified with the publication of the solicitation. See [7.107-2](#) for the required content of the determination.

(d) *Notification to the public of substantial bundling of contract requirements.* The head of the agency shall publish in the GPE—

(1) A notice that the agency has determined that a procurement involves substantial bundling (see [7.107-4](#)) no later than 7 days after such determination has been made; the solicitation may not be publicized prior to 7 days after the publication of the notice of the determination; and

(2) The rationale for substantial bundling with the publication of the solicitation. The rationale is the information required for inclusion in the acquisition strategy at [7.107-4\(b\)](#).

(e) *Notification to SBA of follow-on bundled or consolidated requirements.* For each follow-on bundled or consolidated requirement, the contracting officer shall obtain the following from the requiring activity and notify the SBA PCR no later than 30 days prior to issuance of the solicitation:

(1) The amount of savings and benefits achieved under the prior consolidation or bundling.

(2) Whether such savings and benefits will continue to be realized if the contract remains consolidated or bundled.

(3) Whether such savings and benefits would be greater if the procurement requirements were divided into separate solicitations suitable for award to small business concerns.

(4) List of requirements that have been added or deleted for the follow-on.

(f) *Annual notification to the public of the rationale for bundled requirements.* The agency shall publish on its website a list and rationale for any bundled requirement for which the agency solicited offers or issued an award. The notification shall be made annually within 30 days of the agency's data certification regarding the validity and verification of data entered in the Federal Procurement Data System to the Office of Federal Procurement Policy (see [4.604](#)).

(g) *Notification to public of bundling policy.* In accordance with [15 U.S.C. 644\(q\)\(2\)\(A\)\(ii\)](#), agencies shall publish the Governmentwide policy regarding contract bundling, including regarding the solicitation of teaming and joint ventures, on their agency website.

7.107-6 Solicitation provision.

The contracting officer shall insert the provision at [52.207-6](#), Solicitation of Offers from Small Business Concerns and Small Business Teaming Arrangements or Joint Ventures (Multiple-Award Contracts), in solicitations for multiple-award contracts above the substantial bundling threshold of the agency (see [7.107-4\(a\)](#)).

7.108 Additional requirements for telecommuting.

In accordance with [41 U.S.C. 3306\(f\)](#), an agency shall generally not discourage a contractor from allowing its employees to telecommute in the performance of Government contracts. Therefore, agencies shall not-

(a) Include in a solicitation a requirement that prohibits an offeror from permitting its employees to telecommute unless the contracting officer first determines that the requirements of the agency, including security requirements, cannot be met if telecommuting is permitted. The contracting officer shall document the basis for the determination in writing and specify the prohibition in the solicitation; or

(b) When telecommuting is not prohibited, unfavorably evaluate an offer because it includes telecommuting, unless the contracting officer first determines that the requirements of the agency, including security requirements, would be adversely impacted if telecommuting is permitted. The contracting officer shall document the basis for the determination in writing and address the evaluation procedures in the solicitation.

Subpart 7.2 - Planning for the Purchase of Supplies in Economic Quantities

7.200 Scope of subpart.

This subpart prescribes policies and procedures for gathering information from offerors to assist the Government in planning the most advantageous quantities in which supplies should be purchased.

7.201 [Reserved]

7.202 Policy.

- (a) Agencies are required by [10 U.S.C. 3242](#) and [41 U.S.C. 3310](#) to procure supplies in such quantity as-
 - (1) Will result in the total cost and unit cost most advantageous to the Government, where practicable; and
 - (2) Does not exceed the quantity reasonably expected to be required by the agency.
- (b) Each solicitation for a contract for supplies is required, if practicable, to include a provision inviting each offeror responding to the solicitation-
 - (1) To state an opinion on whether the quantity of the supplies proposed to be acquired is economically advantageous to the Government; and
 - (2) If applicable, to recommend a quantity or quantities which would be more economically advantageous to the Government. Each such recommendation is required to include a quotation of the total price and the unit price for supplies procured in each recommended quantity.

7.203 Solicitation provision.

Contracting officers shall insert the provision at [52.207-4](#), Economic Purchase Quantity-Supplies, in solicitations for supplies. The provision need not be inserted if the solicitation is for a contract under the General Services Administration's multiple award schedule contract program, or if the contracting officer determines that-

- (a) The Government already has the data;
- (b) The data is otherwise readily available; or
- (c) It is impracticable for the Government to vary its future requirements.

7.204 Responsibilities of contracting officers.

(a) Contracting officers are responsible for transmitting offeror responses to the solicitation provision at [52.207-4](#) to appropriate inventory management/requirements development activities in accordance with agency procedures. The economic purchase quantity data so obtained are intended to assist inventory managers in establishing and evaluating economic order quantities for supplies under their cognizance.

(b) In recognition of the fact that economic purchase quantity data furnished by offerors are only one of many data inputs required for determining the most economical order quantities, contracting officers should generally take no action to revise quantities to be acquired in connection with the instant procurement. However, if a significant price variation is evident from offeror responses, and the potential for significant savings is apparent, the contracting officer shall consult with the cognizant inventory manager or requirements development activity before proceeding with an award or negotiations. If this consultation discloses that the Government should be ordering an item of supply in different quantities and the inventory manager/requirements development activity concurs, the solicitation for the item should be amended or canceled and a new requisition should be obtained.

Subpart 7.3 - Contractor Versus Government Performance

7.300 [Reserved]

7.301 Definitions.

Definitions of "inherently governmental activity" and other terms applicable to this subpart are set forth at Attachment D of the Office of Management and Budget Circular No. A-76 (Revised), Performance of Commercial Activities, dated May 29, 2003 (the Circular).

7.302 Policy.

- (a) The Circular provides that it is the policy of the Government to-
 - (1) Perform inherently governmental activities with Government personnel; and
 - (2) Subject commercial activities to the forces of competition.
- (b) As provided in the Circular, agencies shall-
 - (1) Not use contractors to perform inherently governmental activities;
 - (2) Conduct public-private competitions in accordance with the provisions of the Circular and, as applicable, these regulations;
 - (3) Give appropriate consideration relative to cost when making performance decisions between agency and contractor performance in public-private competitions;
 - (4) Consider the Agency Tender Official an interested party in accordance with [31 U.S.C. 3551](#) to 3553 for purposes of filing a protest at the Government Accountability Office; and
 - (5) Hear contests in accordance with OMB Circular A-76, Attachment B, Paragraph F.
- (c) When using sealed bidding in public-private competitions under OMB Circular A-76, contracting officers shall not hold discussions to correct deficiencies.

7.303 [Reserved]

7.304 [Reserved]

7.305 Solicitation provisions and contract clause.

- (a) The contracting officer shall, when soliciting offers and tenders, insert in solicitations issued for standard competitions the provision at [52.207-1](#), Notice of Standard Competition.
- (b) The contracting officer shall, when soliciting offers, insert in solicitations issued for streamlined competitions the provision at [52.207-2](#), Notice of Streamlined Competition.
- (c) The contracting officer shall insert the clause at [52.207-3](#), Right of First Refusal of Employment, in all solicitations which may result in a conversion from in-house performance to contract performance of work currently being performed by the Government and in contracts that result from the solicitations, whether or not a public-private competition is conducted. The 10-day period in the clause may be varied by the contracting officer up to a period of 90 days.

This page intentionally left blank.

Subpart 7.4 - Equipment Acquisition

7.400 Scope of subpart.

This subpart—

- (a) Implements section 555 of the FAA (Federal Aviation Administration) Reauthorization Act of 2018 ([Pub. L. 115-254](#));
- (b) Provides guidance when acquiring equipment and more than one method of acquisition is available for use; and
- (c) Applies to both the initial acquisition of equipment and the renewal or extension of existing equipment leases or rental agreements.

7.401 Acquisition considerations.

- (a) (1) Agencies shall acquire equipment using the method of acquisition most advantageous to the Government based on a case-by-case analysis of comparative costs and other factors in accordance with this subpart and agency procedures.
- (2) The methods of acquisition to be compared in the analysis shall include, at a minimum—
 - (i) Purchase;
 - (ii) Short-term rental or lease;
 - (iii) Long-term rental or lease;
 - (iv) Interagency acquisition (see [2.101](#)); and
 - (v) Agency acquisition agreements, if applicable, with a State or local government.
- (b) (1) The factors to be compared in the analysis shall include, at a minimum:
 - (i) Estimated length of the period the equipment is to be used and the extent of use within that period;
 - (ii) Financial and operating advantages of alternative types and makes of equipment;
 - (iii) Cumulative rent, lease, or other periodic payments, however described, for the estimated period of use;
 - (iv) Net purchase price;
 - (v) Transportation, installation, and storage costs;
 - (vi) Maintenance, repair, and other service costs; and
 - (vii) Potential obsolescence of the equipment because of imminent technological improvements.
- (2) The following additional factors should be considered, as appropriate, depending on the type, cost, complexity, and estimated period of use of the equipment:
 - (i) Availability of purchase options.
 - (ii) Cancellation, extension, and early return conditions and fees.
 - (iii) Ability to swap out or exchange equipment.
 - (iv) Available warranties.
 - (v) Insurance, environmental, or licensing requirements.
 - (vi) Potential for use of the equipment by other agencies after its use by the acquiring agency is ended.
 - (vii) Trade-in or salvage value.
 - (viii) Imputed interest.
 - (ix) Availability of a servicing capability, especially for highly complex equipment; *e.g.*, can the equipment be serviced by the Government or other sources if it is purchased?
- (c) The analysis in paragraph (a) is not required—
 - (1) When the President has issued an emergency declaration or a major disaster declaration pursuant to the Robert T. Stafford Disaster Relief and Emergency Assistance Act ([42 U.S.C. 5121 et seq.](#));
 - (2) In other emergency situations if the agency head makes a determination that obtaining such equipment is necessary in order to protect human life or property; or
 - (3) When otherwise authorized by law.

7.402 Acquisition methods.

- (a) Purchase method. (1) Generally, the purchase method is appropriate if the equipment will be used beyond the point in time when cumulative rental or leasing costs exceed the purchase costs.
- (2) Agencies should not rule out the purchase method of equipment acquisition in favor of renting or leasing merely because of the possibility that future technological advances might make the selected equipment less desirable.
- (b) *Rent or lease method.* (1) The rent or lease method is appropriate if it is to the Government's advantage under the circumstances. The rent or lease method may also serve as a short-term measure when the circumstances—
 - (i) Require immediate use of equipment to meet program or system goals; but

- (ii) Do not currently support acquisition by purchase.
- (2) If a rent or lease method is justified, a rental or lease agreement with option to purchase is preferable.
- (3) Generally, a long term rental or lease agreement should be avoided, but may be appropriate if an option to purchase or other favorable terms are included.
- (4) If a rental or lease agreement with option to purchase is used, the contract shall state the purchase price or provide a formula which shows how the purchase price will be established at the time of purchase.

7.403 General Services Administration assistance and OMB guidance.

(a) When requested by an agency, the General Services Administration (GSA) will assist in rent, lease, or purchase decisions by providing information such as-

- (1) Pending price adjustments to Federal Supply Schedule contracts;
- (2) Recent or imminent technological developments;
- (3) New techniques; and
- (4) Industry or market trends.

(b) For additional GSA assistance and guidance, agencies may—

(1) Request information from the GSA FAS National Customer Service Center by phone at 1-800-488-3111 or by email at [ncsccustomer.service@gsa.gov](mailto:ncscustomer.service@gsa.gov); and

(2) See GSA website, Schedule 51 V Hardware Superstore-Equipment Rental, (<https://www.gsa.gov/buying-selling/products-services/industrial-products-services/rental-of-industrial-equipment>).

(c) For additional OMB guidance, see—

(1) Section 13, Special Guidance for Lease-Purchase Analysis, and paragraph 8.c.(2), Lease-Purchase Analysis, of OMB Circular A-94, Guidelines and Discount Rates for Benefit-Cost Analysis of Federal Programs, (https://www.whitehouse.gov/wp-content/uploads/legacy_drupal_files/omb/circulars/A94/a094.pdf); and

(2) Appendix B, Budgetary Treatment of Lease-Purchases and Leases of Capital Assets, of OMB Circular A-11, Preparation, Submission, and Execution of the Budget, (https://www.whitehouse.gov/wp-content/uploads/2018/06/app_b.pdf).

7.404 Contract clause.

The contracting officer shall insert a clause substantially the same as the clause in [52.207-5](#), Option to Purchase Equipment, in solicitations and contracts involving a rental or lease agreement with option to purchase.

Subpart 7.5 - Inherently Governmental Functions

7.500 Scope of subpart.

The purpose of this subpart is to prescribe policies and procedures to ensure that inherently governmental functions are not performed by contractors.

7.501 [Reserved]

7.502 Applicability.

The requirements of this subpart apply to all contracts for services. This subpart does not apply to services obtained through either personnel appointments, advisory committees, or personal services contracts issued under statutory authority.

7.503 Policy.

- (a) Contracts shall not be used for the performance of inherently governmental functions.
- (b) Agency decisions which determine whether a function is or is not an inherently governmental function may be reviewed and modified by appropriate Office of Management and Budget officials.
- (c) The following is a list of examples of functions considered to be inherently governmental functions or which shall be treated as such. This list is not all inclusive:
 - (1) The direct conduct of criminal investigations.
 - (2) The control of prosecutions and performance of adjudicatory functions other than those relating to arbitration or other methods of alternative dispute resolution.
 - (3) The command of military forces, especially the leadership of military personnel who are members of the combat, combat support, or combat service support role.
 - (4) The conduct of foreign relations and the determination of foreign policy.
 - (5) The determination of agency policy, such as determining the content and application of regulations, among other things.
 - (6) The determination of Federal program priorities for budget requests.
 - (7) The direction and control of Federal employees.
 - (8) The direction and control of intelligence and counter-intelligence operations.
 - (9) The selection or non-selection of individuals for Federal Government employment, including the interviewing of individuals for employment.
 - (10) The approval of position descriptions and performance standards for Federal employees.
 - (11) The determination of what Government property is to be disposed of and on what terms (although an agency may give contractors authority to dispose of property at prices within specified ranges and subject to other reasonable conditions deemed appropriate by the agency).
 - (12) In Federal procurement activities with respect to prime contracts-
 - (i) Determining what supplies or services are to be acquired by the Government (although an agency may give contractors authority to acquire supplies at prices within specified ranges and subject to other reasonable conditions deemed appropriate by the agency);
 - (ii) Participating as a voting member on any source selection boards;
 - (iii) Approving any contractual documents, to include documents defining requirements, incentive plans, and evaluation criteria;
 - (iv) Awarding contracts;
 - (v) Administering contracts (including ordering changes in contract performance or contract quantities, taking action based on evaluations of contractor performance, and accepting or rejecting contractor products or services);
 - (vi) Terminating contracts;
 - (vii) Determining whether contract costs are reasonable, allocable, and allowable; and
 - (viii) Participating as a voting member on performance evaluation boards.
 - (13) The approval of agency responses to Freedom of Information Act requests (other than routine responses that, because of statute, regulation, or agency policy, do not require the exercise of judgment in determining whether documents are to be released or withheld), and the approval of agency responses to the administrative appeals of denials of Freedom of Information Act requests.

(14) The conduct of administrative hearings to determine the eligibility of any person for a security clearance, or involving actions that affect matters of personal reputation or eligibility to participate in Government programs.

(15) The approval of Federal licensing actions and inspections.

(16) The determination of budget policy, guidance, and strategy.

(17) The collection, control, and disbursement of fees, royalties, duties, fines, taxes, and other public funds, unless authorized by statute, such as 31 U.S.C. 3718 (relating to private attorney collection services), but not including-

(i) Collection of fees, fines, penalties, costs, or other charges from visitors to or patrons of mess halls, post or base exchange concessions, national parks, and similar entities or activities, or from other persons, where the amount to be collected is easily calculated or predetermined and the funds collected can be easily controlled using standard case management techniques; and

(ii) Routine voucher and invoice examination.

(18) The control of the treasury accounts.

(19) The administration of public trusts.

(20) The drafting of Congressional testimony, responses to Congressional correspondence, or agency responses to audit reports from the Inspector General, the Government Accountability Office, or other Federal audit entity.

(d) The following is a list of examples of functions generally not considered to be inherently governmental functions. However, certain services and actions that are not considered to be inherently governmental functions may approach being in that category because of the nature of the function, the manner in which the contractor performs the contract, or the manner in which the Government administers contractor performance. This list is not all inclusive:

(1) Services that involve or relate to budget preparation, including workload modeling, fact finding, efficiency studies, and should-cost analyses, etc.

(2) Services that involve or relate to reorganization and planning activities.

(3) Services that involve or relate to analyses, feasibility studies, and strategy options to be used by agency personnel in developing policy.

(4) Services that involve or relate to the development of regulations.

(5) Services that involve or relate to the evaluation of another contractor's performance.

(6) Services in support of acquisition planning.

(7) Contractors providing assistance in contract management (such as where the contractor might influence official evaluations of other contractors).

(8) Contractors providing technical evaluation of contract proposals.

(9) Contractors providing assistance in the development of statements of work.

(10) Contractors providing support in preparing responses to Freedom of Information Act requests.

(11) Contractors working in any situation that permits or might permit them to gain access to confidential business information and/or any other sensitive information (other than situations covered by the National Industrial Security Program described in [4.402\(b\)](#)).

(12) Contractors providing information regarding agency policies or regulations, such as attending conferences on behalf of an agency, conducting community relations campaigns, or conducting agency training courses.

(13) Contractors participating in any situation where it might be assumed that they are agency employees or representatives.

(14) Contractors participating as technical advisors to a source selection board or participating as voting or nonvoting members of a source evaluation board.

(15) Contractors serving as arbitrators or providing alternative methods of dispute resolution.

(16) Contractors constructing buildings or structures intended to be secure from electronic eavesdropping or other penetration by foreign governments.

(17) Contractors providing inspection services.

(18) Contractors providing legal advice and interpretations of regulations and statutes to Government officials.

(19) Contractors providing special non-law enforcement, security activities that do not directly involve criminal investigations, such as prisoner detention or transport and non-military national security details.

(e) Agency implementation shall include procedures requiring the agency head or designated requirements official to provide the contracting officer, concurrent with transmittal of the statement of work (or any modification thereof), a written determination that none of the functions to be performed are inherently governmental. This assessment should place emphasis on the degree to which conditions and facts restrict the discretionary authority, decision-making responsibility,

or accountability of Government officials using contractor services or work products. Disagreements regarding the determination will be resolved in accordance with agency procedures before issuance of a solicitation.

8.000 Scope of part.

This part deals with prioritizing sources of supplies and services for use by the Government.

8.001 General.

Regardless of the source of supplies or services to be acquired, information technology acquisitions shall comply with capital planning and investment control requirements in [40 U.S.C.11312](#) and OMB Circular A-130.

8.002 Priorities for use of mandatory Government sources.

(a) Except as required by [8.003](#), or as otherwise provided by law, agencies shall satisfy requirements for supplies and services from or through the mandatory government sources and publications listed below in descending order of priority:

(1) Supplies.

- (i) Inventories of the requiring agency.
- (ii) Excess from other agencies (see [subpart 8.1](#)).
- (iii) Federal Prison Industries, Inc. (see [subpart 8.6](#)).
- (iv) Supplies which are on the Procurement List maintained by the Committee for Purchase From People Who Are Blind or Severely Disabled (see [subpart 8.7](#)).
- (v) Wholesale supply sources, such as stock programs of the General Services Administration (GSA) (see 41 CFR 101-26.3), the Defense Logistics Agency (see 41 CFR 101-26.6), the Department of Veterans Affairs (see 41 CFR 101-26.704), and military inventory control points.

(2) Services. Services that are on the Procurement List maintained by the Committee for Purchase From People Who Are Blind or Severely Disabled (see [subpart 8.7](#)).

(b) Sources other than those listed in paragraph (a) of this section may be used as prescribed in 41 CFR 101-26.301 and in an unusual and compelling urgency as prescribed in [6.302-2](#) and in 41 CFR 101-25.101-5.

(c) The statutory obligation for Government agencies to satisfy their requirements for supplies or services available from the Committee for Purchase From People Who Are Blind or Severely Disabled also applies when contractors purchase the supplies or services for Government use.

8.003 Use of other mandatory sources.

Agencies shall satisfy requirements for the following supplies or services from or through specified sources, as applicable:

- (a) Public utility services (see [part 41](#)).
- (b) Printing and related supplies (see [subpart 8.8](#)).
- (c) Leased motor vehicles (see [subpart 8.11](#)).
- (d) Strategic and critical materials (e.g., metals and ores) from inventories exceeding Defense National Stockpile requirements (detailed information is available from the DLA Strategic Materials, 8725 John J. Kingman Rd., Suite 3229, Fort Belvoir, VA 22060-6223).

8.004 Use of other sources.

If an agency is unable to satisfy requirements for supplies and services from the mandatory sources listed in [8.002](#) and [8.003](#), agencies are encouraged to consider satisfying requirements from or through the non-mandatory sources listed in paragraph (a) of this section (not listed in any order of priority) before considering the non-mandatory source listed in paragraph (b) of this section. When satisfying requirements from non-mandatory sources, see [7.105\(b\)](#) and [part 19](#) regarding consideration of small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business (including 8(a) participants), and women-owned small business concerns.

(a) (1) Supplies. Federal Supply Schedules, Governmentwide acquisition contracts, multi-agency contracts, and any other procurement instruments intended for use by multiple agencies, including blanket purchase agreements (BPAs) under Federal Supply Schedule contracts (e.g., Federal Strategic Sourcing Initiative (FSSI) agreements accessible at <http://www.gsa.gov/fssi> (see also [5.601](#))).

(2) Services. Agencies are encouraged to consider Federal Prison Industries, Inc., as well as the sources listed in paragraph (a)(1) of this section (see [subpart 8.6](#)).

(b) Commercial sources (including educational and non-profit institutions) in the open market.

8.005 Contract clause.

Insert the clause at [52.208-9](#), Contractor Use of Mandatory Sources of Supply and Services, in solicitations and contracts that require a contractor to provide supplies or services for Government use that are on the Procurement List maintained by the Committee for Purchase From People Who Are Blind or Severely Disabled. The contracting officer shall identify in the contract schedule the supplies or services that shall be purchased from a mandatory source and the specific source.

Subpart 8.1 - Excess Personal Property**8.101 [Reserved]****8.102 Policy.**

When practicable, agencies shall use excess personal property as the first source of supply for agency and cost-reimbursement contractor requirements. Agency personnel shall make positive efforts to satisfy agency requirements by obtaining and using excess personal property (including that suitable for adaptation or substitution) before initiating a contract action.

8.103 Information on available excess personal property.

Information regarding the availability of excess personal property can be obtained through—

- (a) Reviewing and requesting available excess personal property in GSAXcess® (see <https://gsaxcess.gov>); and
- (b) Personal contact with GSA or the activity holding the property.

8.104 Obtaining nonreportable property.

GSA will assist agencies in meeting their requirements for supplies of the types excepted from reporting as excess by the Federal Management Regulations (41 CFR 102-36.220). Federal agencies requiring such supplies should contact the appropriate GSA Personal Property Management office. Visit www.gsa.gov/ppmo for contact information.

Subpart 8.2 - [Reserved]

This page intentionally left blank.

Subpart 8.3 - [Reserved]

This page intentionally left blank.

Subpart 8.4 - Federal Supply Schedules

8.401 Definitions.

As used in this subpart-

Ordering activity means an activity that is authorized to place orders, or establish blanket purchase agreements (BPA), against the General Services Administration's (GSA) Multiple Award Schedule contracts. A list of eligible ordering activities is available at <http://www.gsa.gov/schedules> (click "For Customers Ordering from Schedules" and then "Eligibility to Use GSA Sources").

Multiple Award Schedule (MAS) means contracts awarded by GSA or the Department of Veterans Affairs (VA) for similar or comparable supplies, or services, established with more than one supplier, at varying prices. The primary statutory authorities for the MAS program are [41 U.S.C. 152\(3\)](#), Competitive Procedures, and [40 U.S.C. 501](#), Services for Executive Agencies.

Requiring agency means the agency needing the supplies or services.

Schedules e-Library means the on-line source for GSA and VA Federal Supply Schedule contract award information. Schedules e-Library may be accessed at <http://www.gsa.gov/elibrary>.

Special Item Number (SIN) means a group of generically similar (but not identical) supplies or services that are intended to serve the same general purpose or function.

8.402 General.

(a) The Federal Supply Schedule program is also known as the GSA Schedules Program or the Multiple Award Schedule Program. The Federal Supply Schedule program is directed and managed by GSA and provides Federal agencies (see [8.004](#)) with a simplified process for obtaining commercial supplies and commercial services at prices associated with volume buying. Indefinite delivery contracts are awarded to provide supplies and services at stated prices for given periods of time. GSA may delegate certain responsibilities to other agencies (e.g., GSA has delegated authority to the VA to procure medical supplies under the VA Federal Supply Schedules program). Orders issued under the VA Federal Supply Schedule program are covered by this subpart. Additionally, the Department of Defense (DoD) manages similar systems of schedule-type contracting for military items; however, DoD systems are not covered by this subpart.

(b) GSA schedule contracts require all schedule contractors to publish an "Authorized Federal Supply Schedule Pricelist" (pricelist). The pricelist contains all supplies and services offered by a schedule contractor. In addition, each pricelist contains the pricing and the terms and conditions pertaining to each Special Item Number that is on schedule. The schedule contractor is required to provide one copy of its pricelist to any ordering activity upon request. Also, a copy of the pricelist may be obtained from the Federal Supply Service by submitting a written e-mail request to schedules.infocenter@gsa.gov or by telephone at 1-800-488-3111. This subpart, together with the pricelists, contain necessary information for placing delivery or task orders with schedule contractors. In addition, the GSA schedule contracting office issues Federal Supply Schedules publications that contain a general overview of the Federal Supply Schedule (FSS) program and address pertinent topics. Ordering activities may request copies of schedules publications by contacting the Centralized Mailing List Service through the Internet at <http://www.gsa.gov/cmls>, submitting written e-mail requests to CMLS@gsa.gov; or by completing GSA Form 457, FSS Publications Mailing List Application, and mailing it to the GSA Centralized Mailing List Service (7 SM), P.O. Box 6477, Fort Worth, TX 76115. Copies of GSA Form 457 may also be obtained from the above-referenced points of contact.

(c) (1) GSA offers an on-line shopping service called "GSA Advantage!" through which ordering activities may place orders against Schedules. (Ordering activities may also use GSA Advantage! to place orders through GSA's Global Supply System, a GSA wholesale supply source, formerly known as "GSA Stock" or the "Customer Supply Center." FAR [subpart 8.4](#) is not applicable to orders placed through the GSA Global Supply System.) Ordering activities may access GSA Advantage! through the GSA Federal Supply Service Home Page (<http://www.gsa.gov/fas>) or the GSA Federal Supply Schedule Home Page at <http://www.gsa.gov/schedules>.

(2) GSA Advantage! enables ordering activities to search specific information (i.e., national stock number, part number, common name), review delivery options, place orders directly with Schedule contractors (except see [8.405-6](#)) and pay for orders using the Governmentwide commercial purchase card.

(d) (1) *eBuy*, GSA's electronic request for quotation (RFQ) system, is a part of a suite of online tools which complement GSA Advantage!. GSA's eBuy allows ordering activities to post requirements, obtain quotes, and issue orders electronically. Posting an RFQ on eBuy—

(i) Is one medium for providing fair notice to all schedule contractors offering such supplies and services as required by, [8.405-2](#), and [8.405-3](#); and

(ii) Is required when an order contains brand-name specifications (see [8.405-6](#)).

(2) Ordering activities may access eBay at <https://www.ebuy.gsa.gov>. For more information or assistance on either GSA Advantage! or eBay, contact GSA by email at gsa.advantage@gsa.gov.

(e) For more information or assistance regarding the Federal Supply Schedule Program, review the following website: <http://www.gsa.gov/schedules>. Additionally, for on-line training courses regarding the Schedules Program, review the following website: <http://www.gsa.gov/training>.

(f) For administrative convenience, an ordering activity contracting officer may add items not on the Federal Supply Schedule (also referred to as open market items) to a Federal Supply Schedule blanket purchase agreement (BPA) or an individual task or delivery order only if-

(1) All applicable acquisition regulations pertaining to the purchase of the items not on the Federal Supply Schedule have been followed (e.g., publicizing ([part 5](#)), competition requirements ([part 6](#)), acquisition of commercial products or commercial services ([part 12](#)), contracting methods ([parts 13, 14, and 15](#)), and small business programs ([part 19](#)));

(2) The ordering activity contracting officer has determined the price for the items not on the Federal Supply Schedule is fair and reasonable;

(3) The items are clearly labeled on the order as items not on the Federal Supply Schedule and they conform to the rules for numbering line items at subpart [4.10](#); and

(4) All clauses applicable to items not on the Federal Supply Schedule are included in the order.

(g) When using the Governmentwide commercial purchase card as a method of payment, orders at or below the micro-purchase threshold are exempt from verification in the System for Award Management as to whether the contractor has a delinquent debt subject to collection under the Treasury Offset Program (TOP).

8.403 Applicability.

(a) Procedures in this subpart apply to—

(1) Individual orders for supplies or services placed against Federal Supply Schedules contracts; and

(2) BPAs established against Federal Supply Schedule contracts.

(b) GSA may establish special ordering procedures for a particular schedule. In this case, that schedule will specify those special ordering procedures. Unless otherwise noted, special ordering procedures established for a Federal Supply Schedule take precedence over the procedures in [8.405](#).

Note: GSA-established ordering procedures for Order-Level Materials can be found at [GSAR subpart 538-72](#).

(c) In accordance with section 1427(b) of Public Law 108-136 ([40 U.S.C. 1103](#) note), for requirements that substantially or to a dominant extent specify performance of architect-engineer services (as defined in [2.101](#)), agencies—

(1) Shall use the procedures at [subpart 36.6](#); and

(2) Shall not place orders for such requirements under a Federal Supply Schedule.

8.404 Use of Federal Supply Schedules.

(a) *General.* [parts 13](#) (except [13.303-2\(c\)\(3\)](#)), [14](#), [15](#), and [19](#) (except for the requirements at [19.102\(b\)\(3\)](#) and [19.202-1\(e\)\(1\)\(iii\)](#)) do not apply to BPAs or orders placed against Federal Supply Schedules contracts (but see [8.405-5](#)). BPAs and orders placed against a MAS, using the procedures in this subpart, are considered to be issued using full and open competition (see [6.102\(d\)\(3\)](#)). Therefore, when establishing a BPA (as authorized by [13.303-2\(c\)\(3\)](#)), or placing orders under Federal Supply Schedule contracts using the procedures of [8.405](#), ordering activities shall not seek competition outside of the Federal Supply Schedules or synopses the requirement; but see paragraph (g) of this section.

(b) (1) The contracting officer, when placing an order or establishing a BPA, is responsible for applying the regulatory and statutory requirements applicable to the agency for which the order is placed or the BPA is established. The requiring agency shall provide the information on the applicable regulatory and statutory requirements to the contracting officer responsible for placing the order.

(2) For orders over \$600,000, see subpart [17.5](#) for additional requirements for interagency acquisitions.

(c) *Acquisition planning.* Orders placed under a Federal Supply Schedule contract-

(1) Are not exempt from the development of acquisition plans (see [subpart 7.1](#)), and an information technology acquisition strategy (see [part 39](#));

(2) Shall comply with all FAR requirements for a consolidated or bundled contract when the order meets the definition at [2.101](#) of "consolidation" or "bundling"; and

(3) Must, whether placed by the requiring agency, or on behalf of the requiring agency, be consistent with the requiring agency's statutory and regulatory requirements applicable to the acquisition of the supply or service.

(d) *Pricing.* Supplies offered on the schedule are listed at fixed prices. Services offered on the schedule are priced either at hourly rates, or at a fixed price for performance of a specific task (e.g., installation, maintenance, and repair). GSA has already determined the prices of supplies and fixed-price services, and rates for services offered at hourly rates, under schedule contracts to be fair and reasonable. Therefore, ordering activities are not required to make a separate determination of fair and reasonable pricing, except for a price evaluation as required by [8.405-2\(d\)](#). By placing an order against a schedule contract using the procedures in [8.405](#), the ordering activity has concluded that the order represents the best value (as defined in FAR [2.101](#)) and results in the lowest overall cost alternative (considering price, special features, administrative costs, etc.) to meet the Government's needs. Although GSA has already negotiated fair and reasonable pricing, ordering activities may seek additional discounts before placing an order (see [8.405-4](#)).

(e) The procedures under subpart [33.1](#) are applicable to the issuance of an order or the establishment of a BPA against a schedule contract.

(f) If the ordering activity issues an RFQ, the ordering activity shall provide the RFQ to any schedule contractor that requests a copy of it.

(g) (1) Ordering activities shall publicize contract actions funded in whole or in part by the American Recovery and Reinvestment Act of 2009 (Pub. L. 111-5):

(i) Notices of proposed MAS orders (including orders issued under BPAs) that are for "informational purposes only" exceeding \$25,000 shall follow the procedures in [5.704](#) for posting orders.

(ii) Award notices for MAS orders (including orders issued under BPAs) shall follow the procedures in [5.705](#).

(2) When an order is awarded or a Blanket Purchase Agreement is established with an estimated value greater than the simplified acquisition threshold and supported by a limited-source justification at [8.405-6](#) (a), the ordering activity contracting officer must-

(i) Publicize the action (see [5.301](#)); and

(ii) Post the justification in accordance with [8.405-6](#) (a)(2).

(h) Type-of-order preference for services. (1) The ordering activity shall specify the order type (i.e., firm-fixed price, time-and-materials, or labor-hour) for the services offered on the schedule priced at hourly rates.

(2) Agencies shall use fixed-price orders for the acquisition of commercial services to the maximum extent practicable.

(3) (i) A time-and-materials or labor-hour order may be used for the acquisition of commercial services only when it is not possible at the time of placing the order to estimate accurately the extent or duration of the work or to anticipate costs with any reasonable degree of confidence.

(ii) Prior to the issuance of a time-and-materials or labor-hour order, the contracting officer shall-

(A) Execute a determination and findings (D&F) for the order, in accordance with paragraph (h)(3)(iii) of this section that a fixed-price order is not suitable;

(B) Include a ceiling price in the order that the contractor exceeds at its own risk; and

(C) When the total performance period, including options, is more than three years, the D&F prepared in accordance with this paragraph shall be signed by the contracting officer and approved by the head of the contracting activity prior to the execution of the base period.

(iii) The D&F required by paragraph (h)(3)(ii)(A) of this section shall contain sufficient facts and rationale to justify that a fixed-price order is not suitable. At a minimum, the D&F shall-

(A) Include a description of the market research conducted (see [8.404\(c\)](#) and [10.002\(e\)](#));

(B) Establish that it is not possible at the time of placing the order to accurately estimate the extent or duration of the work or anticipate costs with any reasonable degree of confidence;

(C) Establish that the current requirement has been structured to maximize the use of fixed-price orders (e.g., by limiting the value or length of the time-and-materials/labor-hour order; or, establishing fixed prices for portions of the requirement) on future acquisitions for the same or similar requirements; and

(D) Describe actions to maximize the use of fixed-price orders on future acquisitions for the same requirements.

(iv) Prior to an increase in the ceiling price of a time-and-materials or labor-hour order, the ordering activity shall-

(A) Conduct an analysis of pricing and other relevant factors to determine if the action is in the best interest of the Government and document the order file;

(B) Follow the procedures at [8.405-6](#) for a change that modifies the general scope of the order; and

(C) Comply with the requirements at [8.402\(f\)](#) when modifying an order to add open market items.

(i) Ensure that service contractor reporting requirements are met in accordance with [subpart 4.17](#), Service Contracts Inventory.

(j) Line items. When placing orders or establishing BPAs, ordering activities shall reference the special item number and the corresponding line or subline item awarded (established per [4.1005](#)) in the schedule. If an ordering activity contracting officer adds an item not on the Federal Supply Schedule in accordance with [8.402\(f\)](#), establish a new line item in accordance with [subpart 4.10](#).

8.405 Ordering procedures for Federal Supply Schedules.

Ordering activities shall use the ordering procedures of this section when placing an order or establishing a BPA for supplies or services. The procedures in this section apply to all schedules. For establishing BPAs and for orders under BPAs see [8.405-3](#).

8.405-1 Ordering procedures for supplies, and services not requiring a statement of work.

(a) Ordering activities shall use the procedures of this subsection when ordering supplies and services that are listed in the schedules contracts at a fixed price for the performance of a specific task, where a statement of work is not required (e.g., installation, maintenance, and repair). For establishing BPAs and for orders under BPAs see [8.405-3](#).

(b) *Orders at or below the micro-purchase threshold.* Ordering activities may place orders at, or below, the micro-purchase threshold with any Federal Supply Schedule contractor that can meet the agency's needs. Although not required to solicit from a specific number of schedule contractors, ordering activities should attempt to distribute orders among contractors.

(c) *Orders exceeding the micro-purchase threshold but not exceeding the simplified acquisition threshold.* Ordering activities shall place orders with the schedule contractor that can provide the supply or service that represents the best value. Before placing an order, an ordering activity shall:

(1) Consider reasonably available information about the supply or service offered under MAS contracts by surveying at least three schedule contractors through the GSA Advantage! on-line shopping service, by reviewing the catalogs or pricelists of at least three schedule contractors, or by requesting quotations from at least three schedule contractors (see [8.405-5](#)); or

(2) Document the circumstances for restricting consideration to fewer than three schedule contractors based on one of the reasons at [8.405-6](#) (a);

(d) For proposed orders exceeding the simplified acquisition threshold.

(1) Each order shall be placed on a competitive basis in accordance with (d)(2) and (3) of this section, unless this requirement is waived on the basis of a justification that is prepared and approved in accordance with [8.405-6](#).

(2) The ordering activity contracting officer shall provide an RFQ that includes a description of the supplies to be delivered or the services to be performed and the basis upon which the selection will be made (see [8.405-1\(f\)](#)).

(3) The ordering activity contracting officer shall -

(i) Post the RFQ on eBay to afford all schedule contractors offering the required supplies or services under the appropriate multiple award schedule(s) an opportunity to submit a quote; or

(ii) Provide the RFQ to as many schedule contractors as practicable, consistent with market research appropriate to the circumstances, to reasonably ensure that quotes will be received from at least three contractors that can fulfill the requirements. When fewer than three quotes are received from schedule contractors that can fulfill the requirement, the contracting officer shall prepare a written determination explaining that no additional contractors capable of fulfilling the requirement could be identified despite reasonable efforts to do so. The determination must clearly explain efforts made to obtain quotes from at least three schedule contractors.

(4) The ordering activity contracting officer shall ensure that all quotes received are fairly considered and award is made in accordance with the basis for selection in the RFQ.

(e) When an order contains brand-name specifications, the contracting officer shall post the RFQ on eBay along with the justification or documentation, as required by [8.405-6](#). An RFQ is required when a purchase description specifies a brand-name.

(f) In addition to price (see [8.404](#) (d) and [8.405-4](#)), when determining best value, the ordering activity may consider, among other factors, the following:

(1) Past performance.

(2) Special features of the supply or service required for effective program performance.

(3) Trade-in considerations.

(4) Probable life of the item selected as compared with that of a comparable item.

(5) Warranty considerations.

- (6) Maintenance availability.
- (7) Environmental and energy efficiency considerations.
- (8) Delivery terms.
- (g) *Minimum documentation.* The ordering activity shall document-
 - (1) The schedule contracts considered, noting the contractor from which the supply or service was purchased;
 - (2) A description of the supply or service purchased;
 - (3) The amount paid;
 - (4) When an order exceeds the simplified acquisition threshold, evidence of compliance with the ordering procedures at [8.405-1\(d\)](#); and
 - (5) The basis for the award decision.

8.405-2 Ordering procedures for services requiring a statement of work.

(a) *General.* Ordering activities shall use the procedures in this subsection when ordering services priced at hourly rates as established by the schedule contracts. The applicable services will be identified in the Federal Supply Schedule publications and the contractor's pricelists. For establishing BPAs and for orders under BPAs see [8.405-3](#).

(b) *Statements of Work (SOWs).* All Statements of Work shall include a description of work to be performed; location of work; period of performance; deliverable schedule; applicable performance standards; and any special requirements (e.g., security clearances, travel, special knowledge). To the maximum extent practicable, agency requirements shall be performance-based statements (see [subpart 37.6](#)).

(c) *Request for Quotation procedures.* The ordering activity must provide the request for quotation (RFQ), which includes the statement of work and evaluation criteria (e.g., experience and past performance), to schedule contractors that offer services that will meet the agency's needs. The RFQ may be posted to GSA's electronic RFQ system, eBuy (see [8.402\(d\)](#)).

(1) *Orders at, or below, the micro-purchase threshold.* Ordering activities may place orders at, or below, the micro-purchase threshold with any Federal Supply Schedule contractor that can meet the agency's needs. The ordering activity should attempt to distribute orders among contractors.

(2) *For orders exceeding the micro-purchase threshold, but not exceeding the simplified acquisition threshold.* (i) The ordering activity shall develop a statement of work, in accordance with [8.405-2\(b\)](#).

(ii) The ordering activity shall provide the RFQ (including the statement of work and evaluation criteria) to at least three schedule contractors that offer services that will meet the agency's needs or document the circumstances for restricting consideration to fewer than three schedule contractors based on one of the reasons at [8.405-6 \(a\)](#).

(iii) The ordering activity shall specify the type of order (i.e., firm-fixed-price, labor-hour) for the services identified in the statement of work. The contracting officer should establish firm-fixed-prices, as appropriate.

(3) For proposed orders exceeding the simplified acquisition threshold. In addition to meeting the requirements of [8.405-2\(c\)\(2\)\(i\)](#) and (iii), the following procedures apply:

(i) Each order shall be placed on a competitive basis in accordance with (c)(3)(ii) and (iii) of this section, unless this requirement is waived on the basis of a justification that is prepared and approved in accordance with [8.405-6](#).

(ii) The ordering activity contracting officer shall provide an RFQ that includes a statement of work and the evaluation criteria.

(iii) The ordering activity contracting officer shall-

(A) Post the RFQ on eBuy to afford all schedule contractors offering the required services under the appropriate multiple-award schedule(s) an opportunity to submit a quote; or

(B) Provide the RFQ to as many schedule contractors as practicable, consistent with market research appropriate to the circumstances, to reasonably ensure that quotes will be received from at least three contractors that can fulfill the requirements. When fewer than three quotes are received from schedule contractors that can fulfill the requirements, the contracting officer shall prepare a written determination to explain that no additional contractors capable of fulfilling the requirements could be identified despite reasonable efforts to do so. The determination must clearly explain efforts made to obtain quotes from at least three schedule contractors.

(C) Ensure all quotes received are fairly considered and award is made in accordance with the evaluation criteria in the RFQ.

(4) The ordering activity shall provide the RFQ (including the statement of work and the evaluation criteria) to any schedule contractor who requests a copy of it.

(d) *Evaluation.* The ordering activity shall evaluate all responses received using the evaluation criteria provided to the schedule contractors. The ordering activity is responsible for considering the level of effort and the mix of labor proposed to

perform a specific task being ordered, and for determining that the total price is reasonable. Place the order with the schedule contractor that represents the best value (see [8.404\(d\)](#) and [8.405-4](#)). After award, ordering activities should provide timely notification to unsuccessful offerors. If an unsuccessful offeror requests information on an award that was based on factors other than price alone, a brief explanation of the basis for the award decision shall be provided.

(e) *Use of time-and-materials and labor-hour orders for services.* When placing a time-and-materials or labor-hour order for services, see [8.404\(h\)](#).

(f) Minimum documentation. The ordering activity shall document-

- (1) The schedule contracts considered, noting the contractor from which the service was purchased;
- (2) A description of the service purchased;
- (3) The amount paid;
- (4) The evaluation methodology used in selecting the contractor to receive the order;
- (5) The rationale for any tradeoffs in making the selection;
- (6) The price reasonableness determination required by paragraph (d) of this subsection;
- (7) The rationale for using other than-
 - (i) A firm-fixed price order; or
 - (ii) A performance-based order; and
- (8) When an order exceeds the simplified acquisition threshold, evidence of compliance with the ordering procedures at [8.405-2\(c\)](#).

8.405-3 Blanket purchase agreements (BPAs).

(a) *Establishment.* (1) Ordering activities may establish BPAs under any schedule contract to fill repetitive needs for supplies or services. Ordering activities shall establish the BPA with the schedule contractor(s) that can provide the supply or service that represents the best value.

(2) In addition to price (see [8.404\(d\)](#) and [8.405-4](#)), when determining best value, the ordering activity may consider, among other factors, the following:

- (i) Past performance.
- (ii) Special features of the supply or service required for effective program performance.
- (iii) Trade-in considerations.
- (iv) Probable life of the item selected as compared with that of a comparable item.
- (v) Warranty considerations.
- (vi) Maintenance availability.
- (vii) Environmental and energy efficiency considerations.
- (viii) Delivery terms.

(3) (i) The ordering activity contracting officer shall, to the maximum extent practicable, give preference to establishing multiple-award BPAs, rather than establishing a single-award BPA.

(ii) No single-award BPA with an estimated value exceeding \$100 million (including any options), may be awarded unless the head of the agency determines in writing that-

(A) The orders expected under the BPA are so integrally related that only a single source can reasonably perform the work;

(B) The BPA provides only for firm-fixed priced orders for-

(1) Products with unit prices established in the BPA; or

(2) Services with prices established in the BPA for specific tasks to be performed;

(C) Only one source is qualified and capable of performing the work at a reasonable price to the Government; or

(D) It is necessary in the public interest to award the BPA to a single source for exceptional circumstances.

(iii) The requirement for a determination for a single-award BPA greater than \$100 million is in addition to any applicable requirement for a limited-source justification at [8.405-6](#). However, the two documents may be combined into one document.

(iv) In determining how many multiple-award BPAs to establish or that a single-award BPA is appropriate, the contracting officer should consider the following factors and document the decision in the acquisition plan or BPA file:

(A) The scope and complexity of the requirement(s);

(B) The benefits of on-going competition and the need to periodically compare multiple technical approaches or prices;

(C) The administrative costs of BPAs; and

(D) The technical qualifications of the schedule contractor(s).

(4) BPAs shall address the frequency of ordering, invoicing, discounts, requirements (*e.g.*, estimated quantities, work to be performed), delivery locations, and time.

(5) When establishing multiple-award BPAs, the ordering activity shall specify the procedures for placing orders under the BPAs in accordance with [8.405-3\(c\)\(2\)](#).

(6) Establishment of a multi-agency BPA against a Federal Supply Schedule contract is permitted if the multi-agency BPA identifies the participating agencies and their estimated requirements at the time the BPA is established.

(7) *Minimum documentation.* The ordering activity contracting officer shall include in the BPA file documentation the-

(i) Schedule contracts considered, noting the contractor to which the BPA was awarded;

(ii) Description of the supply or service purchased;

(iii) Price;

(iv) Required justification for a limited-source BPA (see [8.405-6](#)), if applicable;

(v) Determination for a single-award BPA exceeding \$100 million, if applicable (see (a)(3)(ii) of this section);

(vi) Documentation supporting the decision to establish multiple-award BPAs or a single-award BPA (see (a)(3)(iv));

(vii) Evidence of compliance with paragraph (b) of this section, for competitively awarded BPAs, if applicable; and

(viii) *Basis for the award decision.* This should include the evaluation methodology used in selecting the contractor, the rationale for any tradeoffs in making the selection, and a price reasonableness determination for services requiring a statement of work.

(b) *Competitive procedures for establishing a BPA.* This paragraph applies to the establishment of a BPA, in addition to applicable instructions in paragraph (a).

(1) *For supplies, and for services not requiring a statement of work.* The procedures of this paragraph apply when establishing a BPA for supplies and services that are listed in the schedule contract at a fixed price for the performance of a specific task, where a statement of work is not required (*e.g.*, installation, maintenance, and repair).

(i) *If the estimated value of the BPA does not exceed the simplified acquisition threshold.* (A) The ordering activity shall:

(1) Consider reasonably available information about the supply or service offered under MAS contracts by surveying at least three schedule contractors through the GSA Advantage! on-line shopping service, by reviewing the catalogs or pricelists of at least three schedule contractors, or by requesting quotations from at least three schedule contractors (see [8.405-5](#)); or

(2) Document the circumstances for restricting consideration to fewer than three schedule contractors based on one of the reasons at [8.405-6\(a\)](#).

(B) The ordering activity shall establish the BPA with the schedule contractor(s) that can provide the best value.

(ii) *If the estimated value of the BPA exceeds the simplified acquisition threshold.* The ordering activity contracting officer:

(A) Shall provide an RFQ that includes a description of the supplies to be delivered or the services to be performed and the basis upon which the selection will be made.

(B) (1) Shall post the RFQ on eBuy to afford all schedule contractors offering the required supplies or services under the appropriate multiple award schedule(s) an opportunity to submit a quote; or

(2) Shall provide the RFQ to as many schedule contractors as practicable, consistent with market research appropriate to the circumstances, to reasonably ensure that quotes will be received from at least three contractors that can fulfill the requirements. When fewer than three quotes are received from schedule contractors that can fulfill the requirements, the contracting officer shall prepare a written determination explaining that no additional contractors capable of fulfilling the requirements could be identified despite reasonable efforts to do so. The determination must clearly explain efforts made to obtain quotes from at least three schedule contractors.

(C) Shall ensure all quotes received are fairly considered and award is made in accordance with the basis for selection in the RFQ. After seeking price reductions (see [8.405-4](#)), establish the BPA with the schedule contractor(s) that provides the best value.

(D) The BPA must be established in accordance with paragraphs (b)(1)(ii)(B) and (C) of this section, unless the requirement is waived on the basis of a justification that is prepared and approved in accordance with [8.405-6](#).

(2) *For services requiring a statement of work.* This applies when establishing a BPA that requires services priced at hourly rates, as provided by the schedule contract. The applicable services will be identified in the Federal Supply Schedule publications and the contractor's pricelists.

(i) *Statements of Work (SOWs)*. The ordering activity shall develop a statement of work. All Statements of Work shall include a description of work to be performed; location of work; period of performance; deliverable schedule; applicable performance standards; and any special requirements (e.g., security clearances, travel, and special knowledge). To the maximum extent practicable, agency requirements shall be performance-based statements (see subpart 37.6).

(ii) *Type-of-order preference*. The ordering activity shall specify the order type (i.e., firm-fixed price, time-and-materials, or labor-hour) for the services identified in the statement of work. The contracting officer should establish firm-fixed priced orders to the maximum extent practicable. For time-and-materials and labor-hour orders, the contracting officer shall follow the procedures at 8.404(h).

(iii) *Request for quotation procedures*. The ordering activity must provide a RFQ, which includes the statement of work and evaluation criteria (e.g., experience and past performance), to schedule contractors that offer services that will meet the agency's needs. The RFQ may be posted to GSA's electronic RFQ system, e-Buy (see 8.402(d)).

(iv) *If the estimated value of the BPA does not exceed the simplified acquisition threshold*. The ordering activity shall provide the RFQ (including the statement of work and evaluation criteria) to at least three schedule contractors that offer services that will meet the agency's needs.

(v) *If estimated value of the BPA exceeds the simplified acquisition threshold*. The ordering activity contracting officer-

(A) Shall post the RFQ on eBuy to afford all schedule contractors offering the required supplies or services under the appropriate multiple-award schedule an opportunity to submit a quote; or

(B) Shall provide the RFQ, which includes the statement of work and evaluation criteria, to as many schedule contractors as practicable, consistent with market research appropriate to the circumstances, to reasonably ensure that quotes will be received from at least three contractors that can fulfill the requirements. When fewer than three quotes are received from schedule contractors that can fulfill the requirements, the contracting officer shall document the file. The contracting officer shall prepare a written determination explaining that no additional contractors capable of fulfilling the requirements could be identified despite reasonable efforts to do so. The determination must clearly explain efforts made to obtain quotes from at least three schedule contractors.

(vi) The ordering activity contracting officer shall ensure all quotes received are fairly considered and award is made in accordance with the basis for selection in the RFQ. The ordering activity is responsible for considering the level of effort and the mix of labor proposed to perform, and for determining that the proposed price is reasonable.

(vii) The BPA must be established in accordance with paragraph (b)(2)(iv) or (v), and with paragraph (b)(2)(vi) of this section, unless the requirement is waived on the basis of a justification that is prepared and approved in accordance with 8.405-6.

(viii) The ordering activity contracting officer shall establish the BPA with the schedule contractor(s) that represents the best value (see 8.404(d) and 8.405-4).

(3) After award, ordering activities should provide timely notification to unsuccessful offerors. If an unsuccessful offeror requests information on an award that was based on factors other than price alone, a brief explanation of the basis for the award decision shall be provided.

(c) *Ordering from BPAs*. The procedures in this paragraph (c) are not required for BPAs established on or before May 16, 2011. However, ordering activities are encouraged to use the procedures for such BPAs.

(1) *Single-award BPA*. If the ordering activity establishes a single-award BPA, authorized users may place the order directly under the established BPA when the need for the supply or service arises.

(2) *Multiple-award BPAs*. (i) Orders at or below the micro-purchase threshold. The ordering activity may place orders at or below the micro-purchase threshold with any BPA holder that can meet the agency needs. The ordering activity should attempt to distribute any such orders among the BPA holders.

(ii) Orders exceeding the micro-purchase threshold but not exceeding the simplified acquisition threshold. (A) The ordering activity must provide each multiple-award BPA holder a fair opportunity to be considered for each order exceeding the micro-purchase threshold, but not exceeding the simplified acquisition threshold unless one of the exceptions at 8.405-6(a)(1)(i) applies.

(B) The ordering activity need not contact each of the multiple-award BPA holders before placing an order if information is available to ensure that each BPA holder is provided a fair opportunity to be considered for each order.

(C) The ordering activity contracting officer shall document the circumstances when restricting consideration to less than all multiple-award BPA holders offering the required supplies and services.

(iii) Orders exceeding the simplified acquisition threshold. (A) The ordering activity shall place an order in accordance with paragraphs (c)(2)(iii)(A)(1), (2) and (3) of this paragraph, unless the requirement is waived on the basis of a justification that is prepared and approved in accordance with [8.405-6](#). The ordering activity shall-

(1) Provide an RFQ to all BPA holders offering the required supplies or services under the multiple-award BPAs, to include a description of the supplies to be delivered or the services to be performed and the basis upon which the selection will be made;

(2) Afford all BPA holders responding to the RFQ an opportunity to submit a quote; and

(3) Fairly consider all responses received and make award in accordance with the selection procedures.

(B) The ordering activity shall document evidence of compliance with these procedures and the basis for the award decision.

(3) *BPAs for hourly-rate services.* If the BPA is for hourly-rate services, the ordering activity shall develop a statement of work for each order covered by the BPA. Ordering activities should place these orders on a firm-fixed price basis to the maximum extent practicable. For time-and-materials and labor-hour orders, the contracting officer shall follow the procedures at [8.404\(h\)](#). All orders under the BPA shall specify a price for the performance of the tasks identified in the statement of work. The ordering activity is responsible for considering the level of effort and the mix of labor proposed to perform a specific task being ordered, and for determining that the total price is reasonable through appropriate analysis techniques, and documenting the file accordingly.

(d) *Duration of BPAs.* (1) Multiple-award BPAs generally should not exceed five years in length, but may do so to meet program requirements.

(2) A single-award BPA shall not exceed one year. It may have up to four one-year options. See paragraph (e) of this section for requirements associated with option exercise.

(3) Contractors may be awarded BPAs that extend beyond the current term of their GSA Schedule contract, so long as there are option periods in their GSA Schedule contract that, if exercised, will cover the BPA's period of performance.

(e) *Review of BPAs.* (1) The ordering activity contracting officer shall review the BPA and determine in writing, at least once a year (e.g., at option exercise), whether-

(i) The schedule contract, upon which the BPA was established, is still in effect;

(ii) The BPA still represents the best value (see [8.404\(d\)](#)); and

(iii) Estimated quantities/amounts have been exceeded and additional price reductions can be obtained.

(2) The determination shall be included in the BPA file documentation.

8.405-4 Price reductions.

Ordering activities may request a price reduction at any time before placing an order, establishing a BPA, or in conjunction with the annual BPA review. However, the ordering activity shall seek a price reduction when the order or BPA exceeds the simplified acquisition threshold. Schedule contractors are not required to pass on to all schedule users a price reduction extended only to an individual ordering activity for a specific order or BPA.

8.405-5 Small business.

(a) Although the preference programs of part [19](#) are not mandatory in this subpart, in accordance with section 1331 of Public Law 111-240 ([15 U.S.C. 644\(r\)](#))-

(1) Ordering activity contracting officers may, at their discretion-

(i) Set aside orders for any of the small business concerns identified in [19.000\(a\)\(3\)](#); and

(ii) Set aside BPAs for any of the small business concerns identified in [19.000\(a\)\(3\)](#).

(2) When setting aside orders and BPAs-

(i) Follow the ordering procedures for Federal Supply Schedules at [8.405-1](#), [8.405-2](#), and [8.405-3](#); and

(ii) The specific small business program eligibility requirements identified in part [19](#) apply.

(b) Orders placed under schedule contracts may be credited toward the ordering activity's small business goals. For purposes of reporting an order placed with a small business schedule contractor, an ordering agency may only take credit if the awardee meets a size standard that corresponds to the North American Industry Classification System code assigned to the order in accordance with [19.102\(b\)\(3\)](#). Ordering activities should rely on the small business representations made by schedule contractors at the contract level (but see [19.301-2\(b\)\(3\)](#) concerning rerepresentation for an order).

(c) Ordering activities may consider socio-economic status when identifying contractor(s) for consideration or competition for award of an order or BPA. At a minimum, ordering activities should consider, if available, at least one small business, veteran-owned small business, service disabled veteran-owned small business, HUBZone small business, women-owned

small business, or small disadvantaged business schedule contractor(s). GSA Advantage! and Schedules e-Library at <http://www.gsa.gov/fas> contain information on the small business representations of Schedule contractors.

(d) For orders exceeding the micro-purchase threshold, ordering activities should give preference to the items of small business concerns when two or more items at the same delivered price will satisfy the requirement.

8.405-6 Limiting sources.

Orders placed or BPAs established under Federal Supply Schedules are exempt from the requirements in [part 6](#). However, an ordering activity must justify its action when restricting consideration in accordance with paragraph (a) or (b) of this section—

(a) Orders or BPAs exceeding the micro-purchase threshold based on a limited sources justification.

(1) Circumstances justifying limiting the source. (i) For a proposed order or BPA with an estimated value exceeding the micro-purchase threshold not placed or established in accordance with the procedures in, [8.405-2](#), or [8.405-3](#), the only circumstances that may justify the action are—

(A) An urgent and compelling need exists, and following the procedures would result in unacceptable delays;

(B) Only one source is capable of providing the supplies or services required at the level of quality required because the supplies or services are unique or highly specialized; or

(C) In the interest of economy and efficiency, the new work is a logical follow-on to an original Federal Supply Schedule order provided that the original order was placed in accordance with the applicable Federal Supply Schedule ordering procedures. The original order or BPA must not have been previously issued under sole-source or limited-sources procedures.

(ii) See [8.405-6\(c\)](#) for the content of the justification for an order or BPA exceeding the simplified acquisition threshold.

(2) Posting. (i) Within 14 days after placing an order or establishing a BPA exceeding the simplified acquisition threshold that is supported by a limited-sources justification permitted under any of the circumstances under paragraph (a)(1) of this section, the ordering activity shall—

(A) Publish a notice in accordance with [5.301](#); and

(B) Post the justification—

(1) At the GPE <https://www.sam.gov>;

(2) On the Web site of the ordering activity agency, which may provide access to the justification by linking to the GPE; and

(3) For a minimum of 30 days.

(ii) In the case of an order or BPA permitted under paragraph (a)(1)(i)(A) of this section, the justification shall be posted within 30 days after award.

(iii) Contracting officers shall carefully screen all justifications for contractor proprietary data and remove all such data, and such references and citations as are necessary to protect the proprietary data, before making the justifications available for public inspection. Contracting officers shall also be guided by the exemptions to disclosure of information contained in the Freedom of Information Act ([5 U.S.C. 552](#)) and the prohibitions against disclosure in [24.202](#) in determining whether other data should be removed. Although the submitter notice process set out in Executive Order 12600 "Predisclosure Notification Procedures for Confidential Commercial Information" does not apply, if the justification appears to contain proprietary data, the contracting officer should provide the contractor that submitted the information an opportunity to review the justification for proprietary data before making the justification available for public inspection, redacted as necessary. This process must not prevent or delay the posting of the justification in accordance with the timeframes required in paragraphs (a)(2)(i) and (ii) of this section.

(iv) This posting requirement does not apply when disclosure would compromise the national security (*e.g.*, would result in disclosure of classified information) or create other security risks.

(b) *Items peculiar to one manufacturer.* An item peculiar to one manufacturer can be a particular brand name, product, or a feature of a product, peculiar to one manufacturer. A brand name item, whether available on one or more schedule contracts, is an item peculiar to one manufacturer.

(1) Brand name specifications shall not be used unless the particular brand name, product, or feature is essential to the Government's requirements, and market research indicates other companies' similar products, or products lacking the particular feature, do not meet, or cannot be modified to meet, the agency's needs.

(2) *Documentation.* (i) For proposed orders or BPAs with an estimated value exceeding the micro-purchase threshold, but not exceeding the simplified acquisition threshold, the ordering activity contracting officer shall document the basis for restricting consideration to an item peculiar to one manufacturer.

(ii) For proposed orders or BPAs with an estimated value exceeding the simplified acquisition threshold, see paragraph (c) of this section.

(iii) The documentation or justification must be completed and approved at the time the requirement for a brand-name item is determined. In addition, the justification for a brand-name item is required at the order level when a justification for the brand-name item was not completed for the BPA or does not adequately cover the requirements in the order.

(3) *Posting.* (i) The ordering activity shall post the following information along with the Request for Quotation (RFQ) to eBuy (<https://www.ebuy.gsa.gov>):

(A) For proposed orders or BPAs with an estimated value exceeding \$25,000, but not exceeding the simplified acquisition threshold, the documentation required by paragraph (b)(2)(i) of this section.

(B) For proposed orders or BPAs with an estimated value exceeding the simplified acquisition threshold, the justification required by paragraph (c) of this section.

(C) The documentation in paragraph (b)(2)(i) of this section and the justification in paragraph (c) of this section is subject to the screening requirement in paragraph (a)(2)(iii) of this section.

(ii) The posting requirement of paragraph (b)(3)(i) of this section does not apply when-

(A) Disclosure would compromise the national security (*e.g.*, would result in disclosure of classified information) or create other security risks. The fact that access to classified matter may be necessary to submit a proposal or perform the contract does not, in itself, justify use of this exception;

(B) The nature of the file (*e.g.*, size, format) does not make it cost-effective or practicable for contracting officers to provide access through eBuy;; or

(C) The agency's senior procurement executive makes a written determination that access through eBuy is not in the Government's interest.

(4) When applicable, the documentation and posting requirements in paragraphs (b)(2) and (3) of this section apply only to the portion of the order or BPA that requires a brand-name item. If the justification and approval is to cover only the portion of the acquisition which is brand-name, then it should so state; the approval level requirements will then only apply to that portion.

(c) An order or BPA with an estimated value exceeding the simplified acquisition threshold. (1) For a proposed order or BPA exceeding the simplified acquisition threshold, the requiring activity shall assist the ordering activity contracting officer in the preparation of the justification. The justification shall cite that the acquisition is conducted under the authority of the Multiple-Award Schedule Program (see [8.401](#)).

(2) At a minimum, each justification shall include the following information:

(i) Identification of the agency and the contracting activity, and specific identification of the document as a "Limited-Sources Justification."

(ii) Nature and/or description of the action being approved.

(iii) A description of the supplies or services required to meet the agency's needs (including the estimated value).

(iv) The authority and supporting rationale (see [8.405-6\(a\)\(1\)\(i\)](#) and [\(b\)\(1\)](#)) and, if applicable, a demonstration of the proposed contractor's unique qualifications to provide the required supply or service.

(v) A determination by the ordering activity contracting officer that the order represents the best value consistent with [8.404\(d\)](#).

(vi) A description of the market research conducted among schedule holders and the results or a statement of the reason market research was not conducted.

(vii) Any other facts supporting the justification.

(viii) A statement of the actions, if any, the agency may take to remove or overcome any barriers that led to the restricted consideration before any subsequent acquisition for the supplies or services is made.

(ix) The ordering activity contracting officer's certification that the justification is accurate and complete to the best of the contracting officer's knowledge and belief.

(x) Evidence that any supporting data that is the responsibility of technical or requirements personnel (*e.g.*, verifying the Government's minimum needs or requirements or other rationale for limited sources) and which form a basis for the justification have been certified as complete and accurate by the technical or requirements personnel.

(xi) For justifications under [8.405-6\(a\)\(1\)](#), a written determination by the approving official identifying the circumstance that applies.

(d) *Justification approvals.* (1) For a proposed order or BPA with an estimated value exceeding the simplified acquisition threshold, but not exceeding \$750,000, the ordering activity contracting officer's certification that the justification is accurate and complete to the best of the ordering activity contracting officer's knowledge and belief will serve as approval, unless a higher approval level is established in accordance with agency procedures.

(2) For a proposed order or BPA with an estimated value exceeding \$750,000, but not exceeding \$15 million, the justification must be approved by the advocate for competition of the activity placing the order, or by an official named in paragraph (d)(3) or (4) of this section. This authority is not delegable.

(3) For a proposed order or BPA with an estimated value exceeding \$15 million, but not exceeding \$75 million (or, for DoD, NASA, and the Coast Guard, not exceeding \$100 million), the justification must be approved by-

(i) The head of the procuring activity placing the order;

(ii) A designee who-

(A) If a member of the armed forces, is a general or flag officer; or

(B) If a civilian, is serving in a position in a grade above GS-15 under the General Schedule (or in a comparable or higher position under another schedule); or

(iii) An official named in paragraph (d)(4) of this section.

(4) For a proposed order or BPA with an estimated value exceeding \$75 million (or, for DoD, NASA, and the Coast Guard, over \$100 million), the justification must be approved by the senior procurement executive of the agency placing the order. This authority is not delegable, except in the case of the Under Secretary of Defense for Acquisition and Sustainment, acting as the senior procurement executive for the Department of Defense.

8.405-7 Payment.

Agencies may make payments for oral or written orders by any authorized means, including the Governmentwide commercial purchase card (but see [32.1108\(b\)\(2\)](#)).

8.406 Ordering activity responsibilities.

8.406-1 Order placement.

(a) Ordering activities may place orders orally, except for-

(1) Supplies and services not requiring a statement of work exceeding the simplified acquisition threshold;

(2) Services requiring a statement of work (SOW); and

(3) Orders containing brand-name specifications that exceed \$25,000.

(b) Ordering activities may use [Optional Form 347](#), an agency-prescribed form, or an established electronic communications format to order supplies or services from schedule contracts.

(c) The ordering activity shall place an order directly with the contractor in accordance with the terms and conditions of the price lists (see [8.402\(b\)](#)). Prior to placement of the order, the ordering activity shall ensure that the regulatory and statutory requirements of the requiring agency have been applied.

(d) Orders shall include the following information in addition to any information required by the schedule contract:

(1) Complete shipping and billing addresses.

(2) Contract number and date.

(3) Agency order number.

(4) F.o.b. delivery point; *i.e.*, origin or destination.

(5) Discount terms.

(6) Delivery time or period of performance.

(7) Special item number or national stock number.

(8) Line item or subline item.

(9) A statement of work for services, when required, or a brief, complete description of each item (when ordering by model number, features and options such as color, finish, and electrical characteristics, if available, must be specified).

(10) Quantity and any variation in quantity.

(11) Number of units.

(12) Unit price.

(13) Total price of order.

(14) Points of inspection and acceptance.

(15) Other pertinent data; *e.g.*, delivery instructions or receiving hours and size-of-truck limitation.

- (16) Marking requirements.
- (17) Level of preservation, packaging, and packing.

8.406-2 Inspection and acceptance.

- (a) Supplies. (1) Consignees shall inspect supplies at destination except when-
 - (i) The schedule contract indicates that mandatory source inspection is required by the schedule contracting agency;
or
 - (ii) A schedule item is covered by a product description, and the ordering activity determines that the schedule contracting agency's inspection assistance is needed (based on the ordering volume, the complexity of the supplies, or the past performance of the supplier).
- (2) When the schedule contracting agency performs the inspection, the ordering activity will provide two copies of the order specifying source inspection to the schedule contracting agency. The schedule contracting agency will notify the ordering activity of acceptance or rejection of the supplies.
- (3) Material inspected at source by the schedule contracting agency, and determined to conform with the product description of the schedule, shall not be reinspected for the same purpose. The consignee shall limit inspection to kind, count, and condition on receipt.
- (4) Unless otherwise provided in the schedule contract, acceptance is conclusive, except as regards latent defects, fraud, or such gross mistakes as amount to fraud.
- (b) *Services*. The ordering activity has the right to inspect all services in accordance with the contract requirements and as called for by the order. The ordering activity shall perform inspections and tests as specified in the order's quality assurance surveillance plan in a manner that will not unduly delay the work.

8.406-3 Remedies for nonconformance.

- (a) If a contractor delivers a supply or service, but it does not conform to the order requirements, the ordering activity shall take appropriate action in accordance with the inspection and acceptance clause of the contract, as supplemented by the order.
- (b) If the contractor fails to perform an order, or take appropriate corrective action, the ordering activity may terminate the order for cause or modify the order to establish a new delivery date (after obtaining consideration, as appropriate). Ordering activities shall follow the procedures at [8.406-4](#) when terminating an order for cause.

8.406-4 Termination for cause.

- (a) (1) An ordering activity contracting officer may terminate individual orders for cause. Termination for cause shall comply with FAR [12.403](#), and may include charging the contractor with excess costs resulting from repurchase.
- (2) The schedule contracting office shall be notified of all instances where an ordering activity contracting officer has terminated for cause an individual order to a Federal Supply Schedule contractor, or if fraud is suspected.
- (b) If the contractor asserts that the failure was excusable, the ordering activity contracting officer shall follow the procedures at [8.406-6](#), as appropriate.
- (c) If the contractor is charged excess costs, the following apply:
 - (1) Any repurchase shall be made at as low a price as reasonable, considering the quality required by the Government, delivery requirement, and administrative expenses. Copies of all repurchase orders, except the copy furnished to the contractor or any other commercial concern, shall include the notation:
Repurchase against the account of _____ [*insert contractor's name*] under Order _____ [*insert number*] under Contract _____ [*insert number*].
 - (2) When excess costs are anticipated, the ordering activity may withhold funds due the contractor as offset security. Ordering activities shall minimize excess costs to be charged against the contractor and collect or set-off any excess costs owed.
 - (3) If an ordering activity is unable to collect excess repurchase costs, it shall notify the schedule contracting office after final payment to the contractor.
 - (i) The notice shall include the following information about the terminated order:
 - (A) Name and address of the contractor.
 - (B) Schedule, contract, and order number.
 - (C) Line item number(s) and a brief description of the item(s).
 - (D) Cost of schedule items involved.
 - (E) Excess costs to be collected.

(F) Other pertinent data.

(ii) The notice shall also include the following information about the purchase contract:

(A) Name and address of the contractor.

(B) Item repurchase cost.

(C) Repurchase order number and date of payment.

(D) Contract number, if any.

(E) Other pertinent data.

(d) Only the schedule contracting officer may modify the contract to terminate for cause any, or all, supplies or services covered by the schedule contract. If the schedule contracting officer has terminated any supplies or services covered by the schedule contract, no further orders may be placed for those items. Orders placed prior to termination for cause shall be fulfilled by the contractor, unless terminated for the convenience of the Government by the ordering activity contracting officer.

(e) *Reporting.* An ordering activity contracting officer, in accordance with agency procedures, shall ensure that information related to termination for cause notices and any amendments are reported. In the event the termination for cause is subsequently converted to a termination for convenience, or is otherwise withdrawn, the contracting officer shall ensure that a notice of the conversion or withdrawal is reported. All reporting shall be in accordance with [42.1503\(h\)](#).

8.406-5 Termination for the Government's convenience.

(a) An ordering activity contracting officer may terminate individual orders for the Government's convenience.

Terminations for the Government's convenience shall comply with FAR [12.403](#).

(b) Before terminating orders for the Government's convenience, the ordering activity contracting officer shall endeavor to enter into a "no cost" settlement agreement with the contractor.

(c) Only the schedule contracting officer may modify the schedule contract to terminate any, or all, supplies or services covered by the schedule contract for the Government's convenience.

8.406-6 Disputes.

(a) Disputes pertaining to the performance of orders under a schedule contract. (1) Under the Disputes clause of the schedule contract, the ordering activity contracting officer may-

(i) Issue final decisions on disputes arising from performance of the order (but see paragraph (b) of this section); or

(ii) Refer the dispute to the schedule contracting officer.

(2) The ordering activity contracting officer shall notify the schedule contracting officer promptly of any final decision.

(b) *Disputes pertaining to the terms and conditions of schedule contracts.* The ordering activity contracting officer shall refer all disputes that relate to the contract terms and conditions to the schedule contracting officer for resolution under the Disputes clause of the contract and notify the schedule contractor of the referral.

(c) *Appeals.* Contractors may appeal final decisions to either the Board of Contract Appeals servicing the agency that issued the final decision or the U.S. Court of Federal Claims.

(d) *Alternative dispute resolution.* The contracting officer should use the alternative dispute resolution (ADR) procedures, to the maximum extent practicable (see [33.204](#) and [33.214](#)).

8.406-7 Contractor Performance Evaluation.

Ordering activities must prepare at least annually and at the time the work under the order is completed, an evaluation of contractor performance for each order that exceeds the simplified acquisition threshold in accordance with [42.1502\(c\)](#).

Subpart 8.5 - [Reserved]

This page intentionally left blank.

Subpart 8.6 - Acquisition from Federal Prison Industries, Inc.

8.601 General.

- (a) Federal Prison Industries, Inc. (FPI), also referred to as UNICOR, is a self-supporting, wholly owned Government corporation of the District of Columbia.
- (b) FPI provides training and employment for prisoners confined in Federal penal and correctional institutions through the sale of its supplies and services to Government agencies ([18 U.S.C. 4121-4128](#)).
- (c) FPI diversifies its supplies and services to minimize adverse impact on private industry.
- (d) Supplies manufactured and services performed by FPI are listed in the FPI Schedule, which can be accessed at <http://www.unicor.gov> or by submitting a written request to Federal Prison Industries, Inc., Department of Justice, Washington, DC 20534.
- (e) Agencies are encouraged to purchase FPI supplies and services to the maximum extent practicable.

8.602 Policy.

- (a) In accordance with [10 U.S.C. 3905](#) and Section 637 of Division H of the Consolidated Appropriations Act, 2005 (Pub. L. 108-447) ([18 U.S.C. 4124](#) note), and except as provided in paragraph (b) of this section, agencies shall-
 - (1) Before purchasing an item of supply listed in the FPI Schedule, conduct market research to determine whether the FPI item is comparable to supplies available from the private sector that best meet the Government's needs in terms of price, quality, and time of delivery. This is a unilateral determination made at the discretion of the contracting officer. The arbitration provisions of [18 U.S.C. 4124\(b\)](#) do not apply.
 - (2) Prepare a written determination that includes supporting rationale explaining the assessment of price, quality, and time of delivery, based on the results of market research comparing the FPI item to supplies available from the private sector.
 - (3) If the FPI item is comparable, purchase the item from FPI following the ordering procedures at <http://www.unicor.gov>, unless a waiver is obtained in accordance with [8.604](#); and
 - (4) If the FPI item is not comparable in one or more of the areas of price, quality, and time of delivery-
 - (i) Acquire the item using-
 - (A) Competitive procedures (e.g., the procedures in [6.102](#), the set-aside procedures in [subpart 19.5](#), or competition conducted in accordance with [part 13](#)); or
 - (B) The fair opportunity procedures in [16.505](#), if placing an order under a multiple award delivery-order contract;
 - (ii) Include FPI in the solicitation process and consider a timely offer from FPI for award in accordance with the item description or specifications, and evaluation factors in the solicitation-
 - (A) If the solicitation is available through the Governmentwide point of entry (Contract Opportunities at [SAM.gov](#)), it is not necessary to provide a separate copy of the solicitation to FPI;
 - (B) If the solicitation is not available through Contract Opportunities at [SAM.gov](#), provide a copy of the solicitation to FPI;
 - (iii) When using a multiple award schedule issued under the procedures in [subpart 8.4](#) or when using the fair opportunity procedures in [16.505](#)-
 - (A) Establish and communicate to FPI the item description or specifications, and evaluation factors that will be used as the basis for selecting a source, so that an offer from FPI can be evaluated on the same basis as the contract or schedule holder; and
 - (B) Consider a timely offer from FPI;
 - (iv) Award to the source offering the item determined by the agency to provide the best value to the Government; and
 - (v) When the FPI item is determined to provide the best value to the Government as a result of FPI's response to a competitive solicitation, follow the ordering procedures at <http://www.unicor.gov>.
 - (b) The procedures in paragraph (a) of this section do not apply if an exception in [8.605\(b\)](#) through (g) applies.
 - (c) In some cases where FPI and an AbilityOne participating nonprofit agency produce identical items (see [8.603](#)), FPI grants a waiver to permit the Government to purchase a portion of its requirement from the AbilityOne participating nonprofit agency. When this occurs, the portion of the requirement for which FPI has granted a waiver-
 - (1) Shall be purchased from the AbilityOne participating nonprofit agency using the procedures in [subpart 8.7](#); and
 - (2) Shall not be subject to the procedures in paragraph (a) of this section.
 - (d) Disputes regarding price, quality, character, or suitability of supplies produced by FPI, except for determinations under paragraph (a)(1) of this section, are subject to arbitration as specified in [18 U.S.C. 4124](#). The statute provides that the

arbitration shall be conducted by a board consisting of the Comptroller General of the United States, the Administrator of General Services, and the President, or their representatives. The decisions of the board are final and binding on all parties.

8.603 Purchase priorities.

FPI and nonprofit agencies participating in the AbilityOne Program under [41 U.S.C. chapter 85](#), Committee for Purchase from People Who Are Blind or Severely Disabled (see [subpart 8.7](#)) may produce identical supplies or services. When this occurs, ordering offices shall purchase supplies and services in the following priorities:

- (a) Supplies. (1) Federal Prison Industries, Inc. ([41 U.S.C. 8504](#)).
- (2) AbilityOne participating nonprofit agencies.
- (3) Commercial sources.
- (b) Services. (1) AbilityOne participating nonprofit agencies.
- (2) Federal Prison Industries, Inc., or commercial sources.

8.604 Waivers.

FPI may grant a waiver for purchase of supplies in the FPI Schedule from another source. FPI waivers ordinarily are of the following types:

- (a) General or blanket waivers issued when classes of supplies are not available from FPI.
- (b) Formal waivers issued in response to requests from offices desiring to acquire, from other sources, supplies listed in the FPI Schedule and not covered by a general waiver. Agencies shall process waiver requests in accordance with the procedures at <http://www.unicor.gov>.

8.605 Exceptions.

Purchase from FPI is not mandatory and a waiver is not required if-

- (a) (1) The contracting officer makes a determination that the FPI item of supply is not comparable to supplies available from the private sector that best meet the Government's needs in terms of price, quality, and time of delivery; and
- (2) The item is acquired in accordance with [8.602\(a\)\(4\)](#);
- (b) Public exigency requires immediate delivery or performance;
- (c) Suitable used or excess supplies are available;
- (d) The supplies are acquired and used outside the United States;
- (e) Acquiring listed items totaling \$3,500 or less;
- (f) Acquiring items that FPI offers exclusively on a competitive (non-mandatory) basis, as identified in the FPI Schedule;

or

- (g) Acquiring services.

8.606 Evaluating FPI performance.

Agencies shall evaluate FPI contract performance in accordance with [subpart 42.15](#). Performance evaluations do not negate the requirements of [8.602](#) and [8.604](#), but they may be used to support a waiver request in accordance with [8.604](#).

8.607 Performance as a subcontractor.

Agencies shall not require a contractor, or subcontractor at any tier, to use FPI as a subcontractor for performance of a contract by any means, including means such as-

- (a) A solicitation provision requiring a potential contractor to offer to make use of FPI supplies or services;
- (b) A contract specification requiring the contractor to use specific supplies or services (or classes of supplies or services) offered by FPI; or
- (c) Any contract modification directing the use of FPI supplies or services.

8.608 Protection of classified and sensitive information.

Agencies shall not enter into any contract with FPI that allows an inmate worker access to any-

- (a) Classified data;
- (b) Geographic data regarding the location of-
 - (1) Surface and subsurface infrastructure providing communications or water or electrical power distribution;
 - (2) Pipelines for the distribution of natural gas, bulk petroleum products, or other commodities; or
 - (3) Other utilities; or

(c) Personal or financial information about any individual private citizen, including information relating to such person's real property however described, without the prior consent of the individual.

Subpart 8.7 - Acquisition from Nonprofit Agencies Employing People Who Are Blind or Severely Disabled

8.700 Scope of subpart.

This subpart prescribes the policies and procedures for implementing—

- (a) [41 U.S.C. chapter 85](#), Committee for Purchase from People Who Are Blind or Severely Disabled; and
- (b) The rules of the Committee for Purchase from People Who Are Blind or Severely Disabled (41 CFR Chapter 51), which implements the AbilityOne program.

8.701 Definitions.

As used in this subpart—

Allocation means an action taken by a central nonprofit agency to designate the AbilityOne participating nonprofit agencies that will furnish definite quantities of supplies or perform specific services upon receipt of orders from ordering offices.

Central nonprofit agency means National Industries for the Blind (NIB), which has been designated to represent people who are blind; or NISH, which has been designated to represent AbilityOne participating nonprofit agencies serving people with severe disabilities other than blindness.

"Committee" means the Committee for Purchase From People Who Are Blind or Severely Disabled.

Government or "entity of the Government" means any entity of the legislative or judicial branch, any executive agency, military department, Government corporation, or independent establishment, the U.S. Postal Service, or any nonappropriated-fund instrumentality of the Armed Forces.

Ordering office means any activity in an entity of the Government that places orders for the purchase of supplies or services under the AbilityOne Program.

Procurement List means a list of supplies (including military resale commodities) and services that the Committee has determined are suitable for purchase by the Government under [41 U.S.C. chapter 85](#).

Nonprofit agency serving people who are blind or "nonprofit agency serving people with other severe disabilities" (referred to jointly as AbilityOne participating nonprofit agencies) means a qualified nonprofit agency employing people who are blind or have other severe disabilities approved by the Committee to furnish a commodity or a service to the Government under [41 U.S.C. chapter 85](#).

8.702 General.

The Committee is an independent Government activity with members appointed by the President of the United States. It is responsible for—

- (a) Determining those supplies and services to be purchased by all entities of the Government from AbilityOne participating nonprofit agencies;
- (b) Establishing prices for the supplies and services; and
- (c) Establishing rules and regulations to implement [41 U.S.C. chapter 85](#).

8.703 Procurement List.

The Committee maintains a Procurement List of all supplies and services required to be purchased from AbilityOne participating nonprofit agencies. The Procurement List may be accessed at: <http://www.abilityone.gov>. Questions concerning whether a supply item or service is on the Procurement List may be submitted at Internet e-mail address info@abilityone.gov or referred to the Committee offices at the following address and telephone number:

Committee for Purchase From People Who Are Blind or Severely Disabled, 1401 S. Clark Street, Suite 10800, Arlington, VA 22202-3259, (703) 603-7740.

Many items on the Procurement List are identified in the General Services Administration (GSA) Supply Catalog and GSA's Customer Service Center Catalogs with a black square and the words "NIB/NISH Mandatory Source," and in similar catalogs issued by the Defense Logistics Agency (DLA) and the Department of Veterans Affairs (VA). GSA, DLA, and VA are central supply agencies from which other Federal agencies are required to purchase certain supply items on the Procurement List.

8.704 Purchase priorities.

(a) [41 U.S.C. chapter 85](#) requires the Government to purchase supplies or services on the Procurement List, at prices established by the Committee, from AbilityOne participating nonprofit agencies if they are available within the period required. When identical supplies or services are on the Procurement List and the Schedule of Products issued by Federal Prison Industries, Inc., ordering offices shall purchase supplies and services in the following priorities:

(1) Supplies:

- (i) Federal Prison Industries, Inc. ([41 U.S.C. 8504](#)).
- (ii) AbilityOne participating nonprofit agencies.
- (iii) Commercial sources.

(2) Services:

- (i) AbilityOne participating nonprofit agencies.
- (ii) Federal Prison Industries, Inc., or commercial sources.

(b) No other provision of the FAR shall be construed as permitting an exception to the mandatory purchase of items on the Procurement List.

(c) The Procurement List identifies those supplies for which the ordering office must obtain a formal waiver ([8.604](#)) from Federal Prison Industries, Inc., before making any purchases from AbilityOne participating nonprofit agencies.

8.705 Procedures.**8.705-1 General.**

(a) Ordering offices shall obtain supplies and services on the Procurement List from the central nonprofit agency or its designated AbilityOne participating nonprofit agencies, except that supplies identified on the Procurement List as available from DLA, GSA, or VA supply distribution facilities shall be obtained through DLA, GSA, or VA procedures. If a distribution facility cannot provide the supplies, it shall inform the ordering office, which shall then order from the AbilityOne participating nonprofit agency designated by the Committee.

(b) Supply distribution facilities in DLA and GSA shall obtain supplies on the Procurement List from the central nonprofit agency identified or its designated AbilityOne participating nonprofit agency.

8.705-2 Direct-order process.

Central nonprofit agencies may authorize ordering offices to transmit orders for specific supplies or services directly to an AbilityOne participating nonprofit agency. The written authorization remains valid until it is revoked by the central nonprofit agency or the Committee. The central nonprofit agency shall specify the normal delivery or performance lead time required by the nonprofit agency. The ordering office shall reflect this lead time in its orders.

8.705-3 Allocation process.

(a) When the direct order process has not been authorized, the ordering office shall submit a written request for allocation (requesting the designation of the AbilityOne participating nonprofit agency to produce the supplies or perform the service) to the central nonprofit agency designated in the Procurement List. Ordering offices shall request allocations in sufficient time for a reply, for orders to be placed, and for the nonprofit agency to produce the supplies or provide the service within the required delivery or performance schedule.

(b) The ordering office's request to the central nonprofit agency for allocation shall include the following information:

- (1) For supplies-Item name, stock number, latest specification, quantity, unit price, date delivery is required, and destination to which delivery is to be made.
- (2) For services-Type and location of service required, latest specification, work to be performed, estimated volume, and required date or dates for completion.
- (3) Other requirements; e.g., packing, marking, as necessary.

(c) When an allocation is received, the ordering office shall promptly issue an order to the specified AbilityOne participating nonprofit agency or to the central nonprofit agency, as instructed by the allocation. If the issuance of an order is to be delayed for more than 15 days beyond receipt of the allocation, or canceled, the ordering office shall advise the central nonprofit agency immediately.

(d) Ordering offices may issue orders without limitation as to dollar amount and shall record them upon issuance as obligations. Each order shall include, as a minimum, the information contained in the request for allocation. Ordering offices

shall also include additional instructions necessary for performance under the order; *e.g.*, on the handling of Government-furnished property, reports required, and notification of shipment.

8.705-4 Compliance with orders.

(a) The central nonprofit agency shall inform the ordering office of changes in lead time experienced by its AbilityOne participating nonprofit agencies to minimize requests for extensions once the ordering office places an order.

(b) The ordering office shall grant a request by a central nonprofit agency or AbilityOne participating nonprofit agency for revision in the delivery or completion schedule, if feasible. If extension of the delivery or completion date is not feasible, the ordering office shall notify the appropriate central nonprofit agency and request that it reallocate the order, or grant a purchase exception authorizing acquisition from commercial sources.

(c) When an AbilityOne participating nonprofit agency fails to perform under the terms of an order, the ordering office shall make every effort to resolve the noncompliance with the nonprofit agency involved and to negotiate an adjustment before taking action to cancel the order. If the problem cannot be resolved with the nonprofit agency, the ordering office shall refer the matter for resolution first to the central nonprofit agency and then, if necessary, to the Committee.

(d) When, after complying with [8.705-4\(c\)](#), the ordering office determines that it must cancel an order, it shall notify the central nonprofit agency and, if practical, request a reallocation of the order. When the central nonprofit agency cannot reallocate the order, it shall grant a purchase exception permitting use of commercial sources, subject to approval by the Committee when the value of the purchase exception is \$25,000 or more.

8.706 Purchase exceptions.

(a) Ordering offices may acquire supplies or services on the Procurement List from commercial sources only if the acquisition is specifically authorized in a purchase exception granted by the designated central nonprofit agency.

(b) The central nonprofit agency shall promptly grant purchase exceptions when-

(1) The AbilityOne participating nonprofit agencies cannot provide the supplies or services within the time required, and commercial sources can provide them significantly sooner in the quantities required; or

(2) The quantity required cannot be produced or provided economically by the AbilityOne participating nonprofit agencies.

(c) The central nonprofit agency granting the exception shall specify the quantity and delivery or performance period covered by the exception.

(d) When a purchase exception is granted, the contracting officer shall-

(1) Initiate purchase action within 15 days following the date of the exception or any extension granted by the central nonprofit agency; and

(2) Provide a copy of the solicitation to the central nonprofit agency when it is issued.

(e) The Committee may also grant a purchase exception, under any circumstances it considers appropriate.

8.707 Prices.

(a) The prices of items on the Procurement List are fair market prices established by the Committee. All prices for supplies ordered under this subpart are f.o.b. origin.

(b) Prices for supplies are normally adjusted semiannually. Prices for services are normally adjusted annually.

(c) The Committee may request the agency responsible for acquiring the supplies or service to assist it in establishing or revising the fair market price. The Committee has the authority to establish prices without prior coordination with the responsible contracting office.

(d) Price changes shall normally apply to all orders received by the AbilityOne participating nonprofit agency on or after the effective date of the change. In special cases, after considering the views of the ordering office, the Committee may make price changes applicable to orders received by the AbilityOne participating nonprofit agency prior to the effective date of the change.

(e) If an ordering office desires packing, packaging, or marking of supplies other than the standard pack as provided on the Procurement List, any difference in costs shall be included as a separate item on the nonprofit agency's invoice. The ordering office shall reimburse the nonprofit agency for these costs.

(f) Ordering offices may make recommendations to the Committee at any time for price revisions for supplies and services on the Procurement List.

8.708 Shipping.

(a) Delivery is accomplished when a shipment is placed aboard the vehicle of the initial carrier. The time of delivery is the date shipment is released to and accepted by the initial carrier.

(b) Shipment is normally under Government bills of lading. However, for small orders, ordering offices may specify other shipment methods.

(c) When shipments are under Government bills of lading, the bills of lading may accompany orders or be otherwise furnished promptly. Failure of an ordering office to furnish bills of lading or to designate a method of transportation may result in an excusable delay in delivery.

(d) AbilityOne participating nonprofit agencies shall include transportation costs for small shipments paid by the nonprofit agencies as an item on the invoice. The ordering office shall reimburse the nonprofit agencies for these costs.

8.709 Payments.

The ordering office shall make payments for supplies or services on the Procurement List within 30 days after shipment or after receipt of a proper invoice or voucher.

8.710 Quality of merchandise.

Supplies and services provided by AbilityOne participating nonprofit agencies shall comply with the applicable Government specifications and standards cited in the order. When no specifications or standards exist-

(a) Supplies shall be of the highest quality and equal to similar items available on the commercial market; and

(b) Services shall conform to good commercial practices.

8.711 Quality complaints.

(a) When the quality of supplies or services received is unsatisfactory, the using activity shall take the following actions:

(1) For supplies received from DLA supply centers, GSA supply distribution facilities, or Department of Veterans Affairs distribution division, notify the supplying agency.

(2) For supplies or services received from AbilityOne participating nonprofit agencies, address complaints to the individual nonprofit agency involved, with a copy to the appropriate central nonprofit agency.

(b) When quality problems cannot be resolved by the AbilityOne participating nonprofit agency and the ordering office, the ordering office shall first contact the central nonprofit agency and then, if necessary, the Committee for resolution.

8.712 Specification changes.

(a) The contracting activity shall notify the AbilityOne participating nonprofit agency and appropriate central nonprofit agency of any change in specifications or descriptions. In the absence of such written notification, the AbilityOne participating nonprofit agency shall furnish the supplies or services under the specification or description cited in the order.

(b) The contracting activity shall provide 90-days advance notification to the Committee and the central nonprofit agency on actions that affect supplies on the Procurement List and shall permit them to comment before action is taken, particularly when it involves-

(1) Changes that require new national stock numbers or item designations;

(2) Deleting items from the supply system;

(3) Standardization; or

(4) Developing new items to replace items on the Procurement List.

(c) For services, the contracting activity shall notify the AbilityOne participating nonprofit agency and central nonprofit agency concerned at least 90 days prior to the date that any changes in the scope of work or other conditions will be required.

(d) When, in order to meet its emergency needs, a contracting activity is unable to give the 90-day notification required in paragraphs (b) and (c) of this section, the contracting activity shall, at the time it places the order or change notice, inform the AbilityOne participating nonprofit agency and the central nonprofit agency in writing of the reasons that it cannot meet the 90-day notification requirement.

8.713 Optional acquisition of supplies and services.

(a) Ordering offices may acquire supplies and services not included on the Procurement List from an AbilityOne participating nonprofit agency that is the low responsive, responsible offeror under a solicitation issued by other authorized acquisition methods.

(b) Ordering offices should forward solicitations to AbilityOne participating nonprofit agencies that may be qualified to provide the supplies or services required.

8.714 Communications with the central nonprofit agencies and the Committee.

(a) The addresses of the central nonprofit agencies are:

(1) National Industries for the Blind

1310 Braddock Place

Alexandria, VA 22314-1691

(703) 310-0500; and

(2) NISH

8401 Old Courthouse Road

Vienna, VA 22182

(571) 226-4660.

(b) Any matter requiring referral to the Committee shall be addressed to:

Executive Director of the Committee, 1401 S. Clark Street, Suite 10800, Arlington, VA 22202-3259.

8.715 Replacement commodities.

When a commodity on the Procurement List is replaced by another commodity which has not been previously acquired, and a qualified AbilityOne participating nonprofit agency can furnish the replacement commodity in accordance with the Government's quality standards and delivery schedules and at a fair market price, the replacement commodity is automatically on the Procurement List and shall be acquired from the AbilityOne participating nonprofit agency designated by the Committee. The commodity being replaced shall continue to be included on the Procurement List until there is no longer a requirement for that commodity.

8.716 Change-of-name and successor in interest procedures.

When the Committee recognizes a name change or a successor in interest for an AbilityOne participating nonprofit agency providing supplies or services on the Procurement List-

(a) The Committee will provide a notice of a change to the Procurement List to the cognizant contracting officers; and

(b) Upon receipt of a notice of a change to the Procurement List from the Committee, the contracting officer must-

(1) Prepare a [Standard Form \(SF\) 30](#), Amendment of Solicitation/Modification of Contract, incorporating a summary of the notice and attaching a list of contracts affected; and

(2) Distribute the [SF 30](#), including a copy to the Committee.

Subpart 8.8 - Acquisition of Printing and Related Supplies

8.800 Scope of subpart.

This subpart provides policy for the acquisition of Government printing and related supplies.

8.801 Definitions.

As used in this subpart-

Government printing means printing, binding, and blankbook work for the use of an executive department, independent agency, or establishment of the Government.

Related supplies means supplies that are used and equipment that is usable in printing and binding operations.

8.802 Policy.

(a) Government printing must be done by or through the Government Publishing Office (GPO) ([44 U.S.C. 501](#)), unless-

- (1) The GPO cannot provide the printing service ([44 U.S.C. 504](#));
- (2) The printing is done in field printing plants operated by an executive agency ([44 U.S.C. 501\(2\)](#));
- (3) The printing is acquired by an executive agency from allotments for contract field printing ([44 U.S.C. 501\(2\)](#)); or
- (4) The printing is specifically authorized by statute to be done other than by the GPO.

(b) The head of each agency shall designate a central printing authority; that central printing authority may serve as the liaison with the Congressional Joint Committee on Printing (JCP) and the Public Printer on matters related to printing. Contracting officers shall obtain approval from their designated central printing authority before contracting in any manner, whether directly or through contracts for other supplies or services, for the items defined in [8.801](#) and for composition, platemaking, presswork, binding, and micrographics (when used as a substitute for printing).

(c) (1) Further, [44 U.S.C. 1121](#) provides that the Public Printer may acquire and furnish paper and envelopes (excluding envelopes printed in the course of manufacture) in common use by two or more Government departments, establishments, or services within the District of Columbia, and provides for reimbursement of the Public Printer from available appropriations or funds. Paper and envelopes that are furnished by the Public Printer may not be acquired in any other manner.

(2) Paper and envelopes for use by Executive agencies outside the District of Columbia and stocked by GSA shall be requisitioned from GSA in accordance with the procedures listed in Federal Property Management Regulations (FPMR) 41 CFR part 101, subpart 101-26.3.

Subpart 8.9 - [Reserved]

This page intentionally left blank.

Subpart 8.10 - [Reserved]

This page intentionally left blank.

Subpart 8.11 - Leasing of Motor Vehicles

8.1100 Scope of subpart.

This subpart covers the procedures for the leasing, from commercial concerns, of motor vehicles that comply with Federal Motor Vehicle Safety Standards and applicable State motor vehicle safety regulations. It does not apply to motor vehicles leased outside the United States and its outlying areas.

8.1101 Definitions.

As used in this subpart-

Leasing means the acquisition of motor vehicles, other than by purchase from private or commercial sources, and includes the synonyms "hire" and "rent."

Motor vehicle means an item of equipment, mounted on wheels and designed for highway and/or land use, that-

- (1) Derives power from a self-contained power unit; or
- (2) Is designed to be towed by and used in conjunction with self-propelled equipment.

8.1102 Presolicitation requirements.

(a) Except as specified in [8.1102\(b\)](#), before preparing solicitations for leasing of motor vehicles, contracting officers shall obtain from the requiring activity a written certification that-

- (1) The vehicles requested are of maximum fuel efficiency and minimum body size, engine size, and equipment (if any) necessary to fulfill operational needs, and meet prescribed fuel economy standards;
- (2) The head of the requiring agency, or a designee, has certified that the requested passenger automobiles (sedans and station wagons) larger than Type IA, IB, or II (small, subcompact, or compact) are essential to the agency's mission;
- (3) Internal approvals have been received; and
- (4) The General Services Administration has advised that it cannot furnish the vehicles.

(b) With respect to requirements for leasing motor vehicles for a period of less than 60 days, the contracting officer need not obtain the certification specified in [8.1102\(a\)](#)-

- (1) If the requirement is for type I A, I B, or II vehicles, which are by definition fuel efficient; or
- (2) If the requirement is for passenger vehicles larger than I A, I B, or II, and the agency has established procedures for advance approval, on a case-by-case basis, of such requirements.

(c) Generally, solicitations shall not be limited to current year production models. However, with the prior approval of the head of the contracting office, solicitations may be limited to current models on the basis of overall economy.

8.1103 Contract requirements.

Contracting officers shall include the following items in each contract for leasing motor vehicles:

- (a) Scope of contract.
- (b) Method of computing payments.
- (c) A listing of the number and type of vehicles required, and the equipment and accessories to be provided with each vehicle.
- (d) Responsibilities of the contractor or the Government for furnishing gasoline, motor oil, antifreeze, and similar items.
- (e) Unless it is determined that it will be more economical for the Government to perform the work, a statement that the contractor shall perform all maintenance on the vehicles.
- (f) A statement as to the applicability of pertinent State and local laws and regulations, and the responsibility of each party for compliance with them.
- (g) Responsibilities of the contractor or the Government for emergency repairs and services.

8.1104 Contract clauses.

Insert the following clauses in solicitations and contracts for leasing of motor vehicles, unless the motor vehicles are leased in foreign countries:

- (a) The clause at [52.208-4](#), Vehicle Lease Payments.
- (b) The clause at [52.208-5](#), Condition of Leased Vehicles.
- (c) The clause at [52.208-6](#), Marking of Leased Vehicles.
- (d) A clause substantially the same as the clause at [52.208-7](#), Tagging of Leased Vehicles, for vehicles leased over 60 days (see subpart B of 41 CFR part 102-34).

(e) The provisions and clauses prescribed elsewhere in the FAR for solicitations and contracts for supplies when a fixed-price contract is contemplated, but excluding-

- (1) The clause at [52.211-16](#), Variation in Quantity;
- (2) The clause at [52.232-1](#), Payments;
- (3) The clause at [52.222-20](#), Contracts for Materials, Supplies, Articles, and Equipment; and
- (4) The clause at [52.246-16](#), Responsibility for Supplies.

**Subpart 9.4 - Debarment,
Suspension, and Ineligibility**

- 9.400 Scope of subpart.
- 9.401 Applicability.
- 9.402 Policy.
- 9.403 Definitions.
- 9.404 Exclusions in the System for Award Management.
- 9.405 Effect of listing.
- 9.405-1 Continuation of current contracts.
- 9.405-2 Restrictions on subcontracting.
- 9.406 Debarment.
- 9.406-1 General.
- 9.406-2 Causes for debarment.
- 9.406-3 Procedures.
- 9.406-4 Period of debarment.
- 9.406-5 Scope of debarment.
- 9.407 Suspension.
- 9.407-1 General.
- 9.407-2 Causes for suspension.
- 9.407-3 Procedures.
- 9.407-4 Period of suspension.
- 9.407-5 Scope of suspension.
- 9.408 [Reserved]
- 9.409 Contract clause.

**Subpart 9.5 - Organizational and
Consultant Conflicts of Interest**

- 9.500 Scope of subpart.
- 9.501 Definition.
- 9.502 Applicability.
- 9.503 Waiver.
- 9.504 Contracting officer responsibilities.
- 9.505 General rules.
- 9.505-1 Providing systems engineering and technical direction.
- 9.505-2 Preparing specifications or work statements.
- 9.505-3 Providing evaluation services.
- 9.505-4 Obtaining access to proprietary information.
- 9.506 Procedures.
- 9.507 Solicitation provisions and contract clause.
- 9.507-1 Solicitation provisions.
- 9.507-2 Contract clause.
- 9.508 Examples.

Subpart 9.6 - Contractor Team Arrangements

- 9.601 Definition.
- 9.602 General.
- 9.603 Policy.
- 9.604 Limitations.

**Subpart 9.7 - Defense Production Pools
and Research and Development Pools**

- 9.701 Definition.
- 9.702 Contracting with pools.
- 9.703 Contracting with individual pool members.

9.000 Scope of part.

This part prescribes policies, standards, and procedures pertaining to prospective contractors' responsibility; debarment, suspension, and ineligibility; qualified products; first article testing and approval; contractor team arrangements; defense production pools and research and development pools; and organizational conflicts of interest.

Subpart 9.1 - Responsible Prospective Contractors**9.100 Scope of subpart.**

This subpart prescribes policies, standards, and procedures for determining whether prospective contractors and subcontractors are responsible.

9.101 Definitions.

Administrative proceeding means a non-judicial process that is adjudicatory in nature in order to make a determination of fault or liability (e.g., Securities and Exchange Commission Administrative Proceedings, Civilian Board of Contract Appeals Proceedings, and Armed Services Board of Contract Appeals Proceedings). This includes administrative proceedings at the Federal and state level but only in connections with performance of a Federal contract or grant. It does not include agency actions such as contract audits, site visits, corrective plans, or inspection of deliverables.

Surveying activity, as used in this subpart, means the cognizant contract administration office or, if there is no such office, another organization designated by the agency to conduct preaward surveys.

9.102 Applicability.

- (a) This subpart applies to all proposed contracts with any prospective contractor that is located-
 - (1) In the United States or its outlying areas; or
 - (2) Elsewhere, unless application of the subpart would be inconsistent with the laws or customs where the contractor is located.
- (b) This subpart does not apply to proposed contracts with-
 - (1) Foreign, State, or local governments;
 - (2) Other U.S. Government agencies or their instrumentalities; or
 - (3) Agencies for people who are blind or severely disabled (see [subpart 8.7](#)).

9.103 Policy.

- (a) Purchases shall be made from, and contracts shall be awarded to, responsible prospective contractors only.
- (b) No purchase or award shall be made unless the contracting officer makes an affirmative determination of responsibility. In the absence of information clearly indicating that the prospective contractor is responsible, the contracting officer shall make a determination of nonresponsibility. If the prospective contractor is a small business concern, the contracting officer shall comply with [subpart 19.6](#), Certificates of Competency and Determinations of Responsibility. (If Section 8(a) of the Small Business Act ([15 U.S.C. 637](#)) applies, see [subpart 19.8](#).)
- (c) The award of a contract to a supplier based on lowest evaluated price alone can be false economy if there is subsequent default, late deliveries, or other unsatisfactory performance resulting in additional contractual or administrative costs. While it is important that Government purchases be made at the lowest price, this does not require an award to a supplier solely because that supplier submits the lowest offer. A prospective contractor must affirmatively demonstrate its responsibility, including, when necessary, the responsibility of its proposed subcontractors.

9.104 Standards.**9.104-1 General standards.**

To be determined responsible, a prospective contractor must-

- (a) Have adequate financial resources to perform the contract, or the ability to obtain them (see [9.104-3\(a\)](#));
- (b) Be able to comply with the required or proposed delivery or performance schedule, taking into consideration all existing commercial and governmental business commitments;
- (c) Have a satisfactory performance record (see [9.104-3 \(b\)](#) and [subpart 42.15](#)). A prospective contractor shall not be determined responsible or nonresponsible solely on the basis of a lack of relevant performance history, except as provided in [9.104-2](#);

- (d) Have a satisfactory record of integrity and business ethics (for example, see [subpart 42.15](#));
- (e) Have the necessary organization, experience, accounting and operational controls, and technical skills, or the ability to obtain them (including, as appropriate, such elements as production control procedures, property control systems, quality assurance measures, and safety programs applicable to materials to be produced or services to be performed by the prospective contractor and subcontractors). (See [9.104-3\(a\)](#).)
- (f) Have the necessary production, construction, and technical equipment and facilities, or the ability to obtain them (see [9.104-3\(a\)](#)); and
- (g) Be otherwise qualified and eligible to receive an award under applicable laws and regulations (see also inverted domestic corporation prohibition at [9.108](#)).

9.104-2 Special standards.

- (a) When it is necessary for a particular acquisition or class of acquisitions, the contracting officer shall develop, with the assistance of appropriate specialists, special standards of responsibility. Special standards may be particularly desirable when experience has demonstrated that unusual expertise or specialized facilities are needed for adequate contract performance. The special standards shall be set forth in the solicitation (and so identified) and shall apply to all offerors.
- (b) Contracting officers shall award contracts for subsistence only to those prospective contractors that meet the general standards in [9.104-1](#) and are approved in accordance with agency sanitation standards and procedures.

9.104-3 Application of standards.

- (a) *Ability to obtain resources.* Except to the extent that a prospective contractor has sufficient resources or proposes to perform the contract by subcontracting, the contracting officer shall require acceptable evidence of the prospective contractor's ability to obtain required resources (see [9.104-1\(a\)](#), (e), and (f)). Acceptable evidence normally consists of a commitment or explicit arrangement, that will be in existence at the time of contract award, to rent, purchase, or otherwise acquire the needed facilities, equipment, other resources, or personnel. Consideration of a prime contractor's compliance with limitations on subcontracting shall take into account the time period covered by the contract base period or quantities plus option periods or quantities, if such options are considered when evaluating offers for award.
- (b) *Satisfactory performance record.* A prospective contractor that is or recently has been seriously deficient in contract performance shall be presumed to be nonresponsible, unless the contracting officer determines that the circumstances were properly beyond the contractor's control, or that the contractor has taken appropriate corrective action. Past failure to apply sufficient tenacity and perseverance to perform acceptably is strong evidence of nonresponsibility. Failure to meet the quality requirements of the contract is a significant factor to consider in determining satisfactory performance. The contracting officer shall consider the number of contracts involved and the extent of deficient performance in each contract when making this determination. If the pending contract requires a subcontracting plan pursuant to [subpart 19.7](#), The Small Business Subcontracting Program, the contracting officer shall also consider the prospective contractor's compliance with subcontracting plans under recent contracts.
- (c) (1) *Affiliated concerns.* Affiliated concerns (see "Concern" in [19.001](#) and "Small business concern" in [2.101](#)) are normally considered separate entities in determining whether the concern that is to perform the contract meets the applicable standards for responsibility. However, the contracting officer shall consider the affiliate's past performance and integrity when they may adversely affect the prospective contractor's responsibility.
- (2) *Joint ventures.* For a prospective contractor that is a joint venture, the contracting officer shall consider the past performance of the joint venture. If the joint venture does not demonstrate past performance for award, the contracting officer shall consider the past performance of each party to the joint venture.
- (d) (1) *Small business concerns.* Upon making a determination of nonresponsibility with regard to a small business concern, the contracting officer shall refer the matter to the Small Business Administration, which will decide whether to issue a Certificate of Competency (see subpart [19.6](#)).
- (2) *Limitations on subcontracting.* A small business that is unable to comply with the limitations on subcontracting may be considered nonresponsible (see [52.219-3](#), Notice of HUBZone Set-Aside or Sole Source Award; [52.219-4](#), Notice of Price Evaluation Preference for HUBZone Small Business Concerns; [52.219-14](#), Limitations on Subcontracting; [52.219-27](#), Notice of Set-Aside for, or Sole-Source Award to, Service-Disabled Veteran-Owned Small Business (SDVOSB) Concerns Eligible Under the SDVOSB Program; [52.219-29](#), Notice of Set-Aside for, or Sole-Source Award to, Economically Disadvantaged Women-Owned Small Business Concerns; and [52.219-30](#), Notice of Set-Aside for, or Sole Source Award to, Women-Owned Small Business Concerns Eligible Under the Women-Owned Small Business Program). A small business that has not agreed to comply with the limitations on subcontracting may be considered nonresponsive.

9.104-4 Subcontractor responsibility.

(a) Generally, prospective prime contractors are responsible for determining the responsibility of their prospective subcontractors (but see [9.405](#) and [9.405-2](#) regarding debarred, ineligible, or suspended firms). Determinations of prospective subcontractor responsibility may affect the Government's determination of the prospective prime contractor's responsibility. A prospective contractor may be required to provide written evidence of a proposed subcontractor's responsibility.

(b) When it is in the Government's interest to do so, the contracting officer may directly determine a prospective subcontractor's responsibility (e.g., when the prospective contract involves medical supplies, urgent requirements, or substantial subcontracting). In this case, the same standards used to determine a prime contractor's responsibility shall be used by the Government to determine subcontractor responsibility.

9.104-5 Representation and certifications regarding responsibility matters.

(a) When an offeror provides an affirmative response in paragraph (a)(1) of the provision at [52.209-5](#), Certification Regarding Responsibility Matters, or paragraph (h) of provision [52.212-3](#), the contracting officer shall-

(1) Promptly, upon receipt of offers, request such additional information from the offeror as the offeror deems necessary in order to demonstrate the offeror's responsibility to the contracting officer (but see [9.405](#)); and

(2) Notify, prior to proceeding with award, in accordance with agency procedures (see [9.406-3\(a\)](#) and [9.407-3\(a\)](#)), the agency official responsible for initiating debarment or suspension action, where an offeror indicates the existence of an indictment, charge, conviction, or civil judgment, or Federal tax delinquency in an amount that exceeds \$10,000.

(b) The provision at [52.209-11](#), Representation by Corporations Regarding Delinquent Tax Liability or a Felony Conviction under any Federal Law, implements sections 744 and 745 of Division E of the Consolidated and Further Continuing Appropriations Act, 2015 (Pub. L. 113-235) (and similar provisions in subsequent appropriations acts). When an offeror provides an affirmative response in paragraph (b)(1) or (2) of the provision at [52.209-11](#) or paragraph (q)(2)(i) or (ii) of provision [52.212-3](#), the contracting officer shall-

(1) Promptly, upon receipt of offers, request such additional information from the offeror as the offeror deems necessary in order to demonstrate the offeror's responsibility to the contracting officer (but see [9.405](#));

(2) Notify, in accordance with agency procedures (see [9.406-3\(a\)](#) and [9.407-3\(a\)](#)), the agency official responsible for initiating debarment or suspension action; and

(3) Not award to the corporation unless an agency suspending and debarring official has considered suspension or debarment of the corporation and made a determination that suspension or debarment is not necessary to protect the interests of the Government.

(c) If the provision at [52.209-12](#), Certification Regarding Tax Matters, is applicable (see [9.104-7\(e\)](#)), then the contracting officer shall not award any contract in an amount greater than \$5.5 million, unless the offeror affirmatively certified in its offer, as required by paragraph (b)(1), (2), and (3) of the provision.

(d) Offerors who do not furnish the representation or certifications or such information as may be requested by the contracting officer shall be given an opportunity to remedy the deficiency. Failure to furnish the representation or certifications or such information may render the offeror nonresponsible.

9.104-6 Federal Awardee Performance and Integrity Information System.

(a) (1) Before awarding a contract in excess of the simplified acquisition threshold, the contracting officer shall review the performance and integrity information available in the Federal Awardee Performance and Integrity Information System (FAPIIS), (available at <https://www.cpars.gov>), including FAPIIS information from the System for Award Management (SAM) Exclusions and the Contractor Performance Assessment Reporting System (CPARS).

(2) In accordance with [41 U.S.C. 2313\(d\)\(3\)](#), FAPIIS also identifies-

(i) An affiliate that is an immediate owner or subsidiary of the offeror, if any (see [52.204-17](#), Ownership or Control of Offeror); and

(ii) All predecessors of the offeror that held a Federal contract or grant within the last three years (see [52.204-20](#), Predecessor of Offeror).

(b) (1) When making a responsibility determination, the contracting officer shall consider all the information available through FAPIIS with regard to the offeror and any immediate owner, predecessor, or subsidiary identified for that offeror in FAPIIS, as well as other past performance information on the offeror (see [subpart 42.15](#)).

(2) For evaluation of information available through FAPIIS relating to an affiliate of the offeror, see [9.104-3\(c\)](#).

(3) For source selection evaluations of past performance, see [15.305\(a\)\(2\)](#). Contracting officers shall use sound judgment in determining the weight and relevance of the information contained in FAPIIS and how it relates to the present acquisition.

(4) Since FAPIIS may contain information on any of the offeror's previous contracts and information covering a 5-year period, some of that information may not be relevant to a determination of present responsibility, *e.g.*, a prior administrative action such as debarment, suspension, voluntary exclusion, or administrative agreement, that has expired or otherwise been resolved, or information relating to contracts for completely different products or services.

(5) Because FAPIIS is a database that provides information about prime contractors, the contracting officer posts information required to be posted about a subcontractor, such as trafficking in persons violations, to the record of the prime contractor (see [42.1503\(h\)\(1\)\(v\)](#)). The prime contractor has the opportunity to post in FAPIIS any mitigating factors. The contracting officer shall consider any mitigating factors posted in FAPIIS by the prime contractor, such as degree of compliance by the prime contractor with the terms of FAR clause [52.222-50](#).

(c) If the contracting officer obtains relevant information from FAPIIS regarding criminal, civil, or administrative proceedings in connection with the award or performance of a Government contract; terminations for default or cause; determinations of nonresponsibility because the contractor does not have a satisfactory performance record or a satisfactory record of integrity and business ethics; or comparable information relating to a grant, the contracting officer shall, unless the contractor has already been debarred, suspended, or has agreed to a voluntary exclusion-

(1) Promptly request such additional information from the offeror as the offeror deems necessary in order to demonstrate the offeror's responsibility to the contracting officer (but see [9.405](#)); and

(2) Notify, prior to proceeding with award, in accordance with agency procedures (see [9.406-3\(a\)](#) and [9.407-3\(a\)](#)), the agency official responsible for initiating debarment or suspension action, if the information appears appropriate for the official's consideration.

(d) The contracting officer shall document the contract file for each contract in excess of the simplified acquisition threshold to indicate how the information in FAPIIS was considered in any responsibility determination, as well as the action that was taken as a result of the information. A contracting officer who makes a nonresponsibility determination is required to document that information in FAPIIS in accordance with [9.105-2\(b\)\(2\)](#).

9.104-7 Solicitation provisions and contract clauses.

(a) The contracting officer shall insert the provision at [52.209-5](#), Certification Regarding Responsibility Matters, in solicitations where the contract value is expected to exceed the simplified acquisition threshold.

(b) The contracting officer shall insert the provision at [52.209-7](#), Information Regarding Responsibility Matters, in solicitations where the resultant contract value is expected to exceed \$600,000.

(c) The contracting officer shall insert the clause at [52.209-9](#), Updates of Publicly Available Information Regarding Responsibility Matters-

(1) In solicitations where the resultant contract value is expected to exceed \$600,000; and

(2) In contracts in which the offeror checked "has" in paragraph (b) of the provision at [52.209-7](#).

(d) The contracting officer shall insert the provision [52.209-11](#), Representation by Corporations Regarding Delinquent Tax Liability or a Felony Conviction under any Federal Law, in all solicitations.

(e) For agencies receiving funds subject to section 523 of Division B of the Consolidated and Further Continuing Appropriations Act, 2015 (Pub. L. 113-235) and similar provisions in subsequent appropriations acts, the contracting officer shall insert the provision [52.209-12](#), Certification Regarding Tax Matters, in solicitations for which the resultant contract (including options) may have a value greater than \$5.5 million. Division B of the Consolidated and Continuing Further Appropriations Act, 2015 appropriates funds for the following agencies: the Department of Commerce, the Department of Justice, the National Aeronautics and Space Administration, the Office of Science and Technology Policy, the National Science Foundation, the Commission on Civil Rights, the Equal Employment Opportunity Commission, the U.S. International Trade Commission, the Legal Services Corporation, the Marine Mammal Commission, the Office of the United States Trade Representative, and the State Justice Institute.

9.105 Procedures.

9.105-1 Obtaining information.

(a) Before making a determination of responsibility, the contracting officer shall possess or obtain information sufficient to be satisfied that a prospective contractor currently meets the applicable standards in [9.104](#).

(b) (1) Generally, the contracting officer shall obtain information regarding the responsibility of prospective contractors, including requesting preaward surveys when necessary (see [9.106](#)), promptly after a bid opening or receipt of offers. However, in negotiated contracting, especially when research and development is involved, the contracting officer may obtain this information before issuing the request for proposals. Requests for information shall ordinarily be limited to information concerning-

(i) The low bidder; or

(ii) Those offerors in range for award.

(2) Preaward surveys shall be managed and conducted by the surveying activity.

(i) If the surveying activity is a contract administration office-

(A) That office shall advise the contracting officer on prospective contractors' financial competence and credit needs; and

(B) The administrative contracting officer shall obtain from the auditor any information required concerning the adequacy of prospective contractors' accounting systems and these systems' suitability for use in administering the proposed type of contract.

(ii) If the surveying activity is not a contract administration office, the contracting officer shall obtain from the auditor any information required concerning prospective contractors' financial competence and credit needs, the adequacy of their accounting systems, and these systems' suitability for use in administering the proposed type of contract.

(3) Information on financial resources and performance capability shall be obtained or updated on as current a basis as is feasible up to the date of award.

(c) In making the determination of responsibility, the contracting officer shall consider information available through FAPIIS (see [9.104-6](#)) with regard to the offeror and any immediate owner, predecessor, or subsidiary identified for that offeror in FAPIIS, including information that is linked to FAPIIS such as from SAM, and CPARS, as well as any other relevant past performance information on the offeror (see [9.104-1\(c\)](#) and [subpart 42.15](#)). In addition, the contracting officer should use the following sources of information to support such determinations:

(1) Records and experience data, including verifiable knowledge of personnel within the contracting office, audit offices, contract administration offices, and other contracting offices.

(2) The prospective contractor-including bid or proposal information (including the certification at [52.209-5](#) or [52.212-3\(h\)](#) (see [9.104-5](#))), questionnaire replies, financial data, information on production equipment, and personnel information.

(3) Commercial sources of supplier information of a type offered to buyers in the private sector.

(4) Preaward survey reports (see [9.106](#)).

(5) Other sources such as publications; suppliers, subcontractors, and customers of the prospective contractor; financial institutions; Government agencies; and business and trade associations.

(d) Contracting offices and cognizant contract administration offices that become aware of circumstances casting doubt on a contractor's ability to perform contracts successfully shall promptly exchange relevant information.

9.105-2 Determinations and documentation.

(a) Determinations. (1) The contracting officer's signing of a contract constitutes a determination that the prospective contractor is responsible with respect to that contract. When an offer on which an award would otherwise be made is rejected because the prospective contractor is found to be nonresponsible, the contracting officer shall make, sign, and place in the contract file a determination of nonresponsibility, which shall state the basis for the determination.

(2) If the contracting officer determines that a responsive small business lacks certain elements of responsibility, the contracting officer shall comply with the procedures in [subpart 19.6](#). When a Certificate of Competency is issued for a small business concern (see [subpart 19.6](#)), the contracting officer shall accept the Small Business Administration's decision to issue a Certificate of Competency and award the contract to the concern.

(b) *Support documentation.* (1) Documents and reports supporting a determination of responsibility or nonresponsibility, including any preaward survey reports, the use of FAPIIS information (see [9.104-6](#)), and any applicable Certificate of Competency, must be included in the contract file.

(2) (i) The contracting officer shall document the determination of nonresponsibility in FAPIIS (available at <https://www.cpars.gov>) if-

(A) The contract is valued at more than the simplified acquisition threshold;

(B) The determination of nonresponsibility is based on lack of satisfactory performance record or satisfactory record of integrity and business ethics; and

(C) The Small Business Administration does not issue a Certificate of Competency.

(ii) The contracting officer is responsible for the timely submission, within 3 working days, and sufficiency, and accuracy of the documentation regarding the nonresponsibility determination.

(iii) As required by section 3010 of the Supplemental Appropriations Act, 2010 (Pub. L. 111-212), all information posted in FAPIIS on or after April 15, 2011, except past performance reviews, will be publicly available. FAPIIS consists of two segments-

(A) The non-public segment, into which Government officials and contractors post information, which can only be viewed by-

(1) Government personnel and authorized users performing business on behalf of the Government; or

(2) An offeror or contractor, when viewing data on itself; and

(B) The publicly-available segment, to which all data in the non-public segment of FAPIIS is automatically transferred after a waiting period of 14 calendar days, except for-

(1) Past performance reviews required by subpart [42.15](#);

(2) Information that was entered prior to April 15, 2011; or

(3) Information that is withdrawn during the 14-calendar-day waiting period by the Government official who posted it in accordance with paragraph (b)(2)(iv) of this section.

(iv) The contracting officer, or any other Government official, shall not post any information in the non-public segment of FAPIIS that is covered by a disclosure exemption under the Freedom of Information Act. If the contractor asserts within 7 calendar days, to the Government official who posted the information, that some of the information posted to the non-public segment of FAPIIS is covered by a disclosure exemption under the Freedom of Information Act, the Government official who posted the information must within 7 calendar days remove the posting from FAPIIS and resolve the issue in accordance with agency Freedom of Information Act procedures, prior to reposting the releasable information.

9.105-3 Disclosure of preaward information.

(a) Except as provided in [subpart 24.2](#), Freedom of Information Act, information (including the preaward survey report) accumulated for purposes of determining the responsibility of a prospective contractor shall not be released or disclosed outside the Government.

(b) The contracting officer may discuss preaward survey information with the prospective contractor before determining responsibility. After award, the contracting officer or, if it is appropriate, the head of the surveying activity or a designee may discuss the findings of the preaward survey with the company surveyed.

(c) Preaward survey information may contain proprietary or source selection information and should be marked with the appropriate legend and protected accordingly (see [3.104-4](#)).

9.106 Preaward surveys.

9.106-1 Conditions for preaward surveys.

(a) A preaward survey is normally required only when the information on hand or readily available to the contracting officer, including information from commercial sources, is not sufficient to make a determination regarding responsibility. In addition, if the contemplated contract will have a fixed price at or below the simplified acquisition threshold or will involve the acquisition of commercial products or commercial services (see [part 12](#)), the contracting officer should not request a preaward survey unless circumstances justify its cost.

(b) When a cognizant contract administration office becomes aware of a prospective award to a contractor about which unfavorable information exists and no preaward survey has been requested, it shall promptly obtain and transmit details to the contracting officer.

(c) Before beginning a preaward survey, the surveying activity shall ascertain whether the prospective contractor is debarred, suspended, or ineligible (see [subpart 9.4](#)). If the prospective contractor is debarred, suspended, or ineligible, the surveying activity shall advise the contracting officer promptly and not proceed with the preaward survey unless specifically requested to do so by the contracting officer.

9.106-2 Requests for preaward surveys.

The contracting officer's request to the surveying activity (Preaward Survey of Prospective Contractor (General), [SF 1403](#)) shall-

(a) Identify additional factors about which information is needed;

- (b) Include the complete solicitation package (unless it has previously been furnished), and any information indicating prior unsatisfactory performance by the prospective contractor;
- (c) State whether the contracting office will participate in the survey;
- (d) Specify the date by which the report is required. This date should be consistent with the scope of the survey requested and normally shall allow at least 7 working days to conduct the survey; and
- (e) When appropriate, limit the scope of the survey.

9.106-3 Interagency preaward surveys.

When the contracting office and the surveying activity are in different agencies, the procedures of this section [9.106](#) and [subpart 42.1](#) shall be followed along with the regulations of the agency in which the surveying activity is located, except that reasonable special requests by the contracting office shall be accommodated (also see [subpart 17.5](#)).

9.106-4 Reports.

- (a) The surveying activity shall complete the applicable parts of [SF 1403](#), Preaward Survey of Prospective Contractor (General); [SF 1404](#), Preaward Survey of Prospective Contractor-Technical; [SF 1405](#), Preaward Survey of Prospective Contractor-Production; [SF 1406](#), Preaward Survey of Prospective Contractor-Quality Assurance; [SF 1407](#), Preaward Survey of Prospective Contractor-Financial Capability; and [SF 1408](#), Preaward Survey of Prospective Contractor-Accounting System; and provide a narrative discussion sufficient to support both the evaluation ratings and the recommendations.
- (b) When the contractor surveyed is a small business that has received preferential treatment on an ongoing contract under Section 8(a) of the Small Business Act (15 U.S.C. 637) or has received a Certificate of Competency during the last 12 months, the surveying activity shall consult the appropriate Small Business Administration field office before making an affirmative recommendation regarding the contractor's responsibility or nonresponsibility.
- (c) When a preaward survey discloses previous unsatisfactory performance, the surveying activity shall specify the extent to which the prospective contractor plans, or has taken, corrective action. Lack of evidence that past failure to meet contractual requirements was the prospective contractor's fault does not necessarily indicate satisfactory performance. The narrative shall report any persistent pattern of need for costly and burdensome Government assistance (e.g., engineering, inspection, or testing) provided in the Government's interest but not contractually required.
- (d) When the surveying activity possesses information that supports a recommendation of complete award without an on-site survey and no special areas for investigation have been requested, the surveying activity may provide a short-form preaward survey report. The short-form report shall consist solely of the Preaward Survey of Prospective Contractor (General), [SF 1403](#). Sections III and IV of this form shall be completed and block21 shall be checked to show that the report is a short-form preaward report.

9.107 Surveys of nonprofit agencies participating in the AbilityOne Program.

- (a) The Committee for Purchase From People Who Are Blind or Severely Disabled (Committee), as authorized by 41 U.S.C. chapter 85, determines what supplies and services Federal agencies are required to purchase from AbilityOne participating nonprofit agencies serving people who are blind or have other severe disabilities (see [subpart 8.7](#)). The Committee is required to find an AbilityOne participating nonprofit agency capable of furnishing the supplies or services before the nonprofit agency can be designated as a mandatory source under the AbilityOne Program. The Committee may request a contracting office to assist in assessing the capabilities of a nonprofit agency.
- (b) The contracting office, upon request from the Committee, shall request a capability survey from the activity responsible for performing preaward surveys, or notify the Committee that the AbilityOne participating nonprofit agency is capable, with supporting rationale, and that the survey is waived. The capability survey will focus on the technical and production capabilities and applicable preaward survey elements to furnish specific supplies or services being considered for addition to the Procurement List.
- (c) The contracting office shall use the [Standard Form 1403](#) to request a capability survey of organizations employing people who are blind or have other severe disabilities.
- (d) The contracting office shall furnish a copy of the completed survey, or notice that the AbilityOne participating nonprofit agency is capable and the survey is waived, to the Executive Director, Committee for Purchase From People Who Are Blind or Severely Disabled.

9.108 Prohibition on contracting with inverted domestic corporations.**9.108-1 Definitions.**

As used in this section-

Inverted domestic corporation means a foreign incorporated entity that meets the definition of an inverted domestic corporation under [6 U.S.C. 395\(b\)](#), applied in accordance with the rules and definitions of [6 U.S.C. 395\(c\)](#).

Subsidiary means an entity in which more than 50 percent of the entity is owned-

- (1) Directly by a parent corporation; or
- (2) Through another subsidiary of a parent corporation.

9.108-2 Prohibition.

(a) Section 745 of Division D of the Consolidated Appropriations Act, 2008 (Pub. L. 110-161) and its successor provisions in subsequent appropriations acts (and as extended in continuing resolutions) prohibit, on a Governmentwide basis, the use of appropriated (or otherwise made available) funds for contracts with either an inverted domestic corporation, or a subsidiary of such a corporation, except as provided in paragraph (b) of this section and in [9.108-4](#) Waiver.

(b) (1) Section 745 and its successor provisions include the following exception: This section shall not apply to any Federal Government contract entered into before the date of the enactment of this Act, or to any task order issued pursuant to such contract.

(2) To ensure appropriate application of the prohibition and this exception, contracting officers should consult with legal counsel if, during the performance of a contract, a contractor becomes an inverted domestic corporation or a subsidiary of one.

9.108-3 Representation by the offeror.

(a) In order to be eligible for contract award, an offeror must represent that it is neither an inverted domestic corporation, nor a subsidiary of an inverted domestic corporation. Any offeror that cannot so represent is ineligible for award of a contract, unless waived in accordance with the procedures at [9.108-4](#).

(b) The contracting officer may rely on an offeror's representation that it is not an inverted domestic corporation unless the contracting officer has reason to question the representation.

9.108-4 Waiver.

Any agency head may waive the prohibition in subsection [9.108-2](#) and the requirement of subsection [9.108-3](#) for a specific contract if the agency head determines in writing that the waiver is required in the interest of national security, documents the determination, and reports it to the Congress.

9.108-5 Solicitation provision and contract clause.

The contracting officer shall-

(a) Include the provision at [52.209-2](#), Prohibition on Contracting with Inverted Domestic Corporations-Representation, in each solicitation for the acquisition of products or services (including construction); and

(b) Include the clause at [52.209-10](#), Prohibition on Contracting with Inverted Domestic Corporations, in each solicitation and contract for the acquisition of products or services (including construction).

9.109 Prohibition on contracting with an entity involved in activities that violate arms control treaties or agreements with the United States.**9.109-1 Authority.**

This section implements [22 U.S.C. 2593e](#).

9.109-2 Prohibition.

Contracting officers shall not award, renew, or extend a contract for the procurement of products or services with an entity identified as excluded in the System for Award Management, specifically for this subpart, on the basis of involvement in activities that violate arms control treaties or agreements with the United States.

9.109-3 Exception.

The prohibition in [9.109-2](#) does not apply to contracts for the procurement of products or services along a major route of supply to a zone of active combat or major contingency operation, as specified in statute or by the cognizant Combatant Commander, in consultation with the Chief of Mission. As of May 10, 2018, countries along the major route of supply to support operations in Afghanistan are Afghanistan, Georgia, the Kyrgyz Republic, Pakistan, the Republic of Armenia, the Republic of Azerbaijan, the Republic of Kazakhstan, the Republic of Tajikistan, the Republic of Uzbekistan, and Turkmenistan.

9.109-4 Certification by the offeror.

(a) In order to be eligible for contract award, an offeror is required to—

(1) (i) Certify that it does not engage and has not engaged in any activity that contributed to or was a significant factor in the President's or Secretary of State's determination that a foreign country is in violation of its obligations undertaken in any arms control, nonproliferation, or disarmament agreement to which the United States is a party, or is not adhering to its arms control, nonproliferation, or disarmament commitments in which the United States is a participating state. The determinations are described in the most recent unclassified annual report provided to Congress pursuant to section 403 of the Arms Control and Disarmament Act ([22 U.S.C. 2593a](#)). The report is available at <https://www.state.gov/bureaus-offices/under-secretary-for-arms-control-and-international-security-affairs/bureau-of-arms-control-verification-and-compliance/>; and

(ii) Similarly certify with regard to any entity owned or controlled by the offeror; or

(2) Provide with its offer information that the President of the United States has—

(i) Waived application under [22 U.S.C. 2593e](#)(d) or (e); or

(ii) Determined under [22 U.S.C. 2593e](#)(g)(2) that the entity has ceased all activities for which measures were imposed under [22 U.S.C. 2593e](#)(b).

(b) If certifying in accordance with [52.209-13](#)(b)(1), the Offeror is required to submit the certification with the offer. It is not included in the annual representations and certifications in the System for Award Management.

(c) The contracting officer may rely on an offeror's certification unless the contracting officer has reason to question the certification.

(d) Upon the determination of a false certification under [52.209-13](#), an offeror will be subject to such remedies as suspension or debarment under subpart [9.4](#) shall be for a period of not less than 2 years, inclusive of any suspension period, if suspension precedes a debarment (see [9.406-4](#)(a)(1)(iii) and (a)(2)).

9.109-5 Solicitation provision.

Unless the exception at [9.109-3](#) applies, the contracting officer shall include the provision at [52.209-13](#), Violation of Arms Control Treaties or Agreements-Certification, in each solicitation for the acquisition of products or services (including construction) that exceeds the simplified acquisition threshold, other than solicitations for the acquisition of commercial products or commercial services.

9.110 Reserve Officer Training Corps and military recruiting on campus.**9.110-1 Definitions.**

As used in this section—

Covered agency means—

(1) The Department of Defense;

(2) Any department or agency for which regular appropriations are made in a Department of Labor, Health and Human Services, and Education, and Related Agencies Appropriations Act;

(3) The Department of Homeland Security;

(4) The National Nuclear Security Administration of the Department of Energy;

(5) The Department of Transportation; or

(6) The Central Intelligence Agency.

Institution of higher education means an institution that meets the requirements of [20 U.S.C. 1001](#) and includes all sub-elements of such an institution.

9.110-2 Authority

This section implements [10 U.S.C. 983](#).

9.110-3 Policy.

(a) Except as provided in paragraph (b) of this section, [10 U.S.C. 983](#) prohibits the covered agency from providing funds by contract to an institution of higher education if the Secretary of Defense determines that the institution has a policy or practice that prohibits or in effect prevents—

(1) The Secretary of a military department from maintaining, establishing, or operating a unit of the Senior Reserve Officer Training Corps (ROTC) at that institution;

(2) A student at that institution from enrolling in a unit of the Senior ROTC at another institution of higher education;

(3) The Secretary of a military department or the Secretary of Homeland Security from gaining access to campuses, or access to students (who are 17 years of age or older) on campuses, for purposes of military recruiting in a manner that is at least equal in quality and scope to the access to campuses and to students that is provided to any other employer; or

(4) Military recruiters from accessing certain information pertaining to students (who are 17 years of age or older) enrolled at that institution:

(i) Name, address, and telephone listings.

(ii) Date and place of birth, educational level, academic majors, degrees received, and the most recent educational institution enrolled in by the student.

(b) The prohibition in paragraph (a) of this section does not apply to an institution of higher education if the Secretary of Defense determines that—

(1) The institution has ceased the policy or practice described in paragraph (a) of this section; or

(2) The institution has a long-standing policy of pacifism based on historical religious affiliation.

9.110-4 Procedures.

If the Secretary of Defense determines, pursuant to the procedures at [32 CFR part 216](#), that an institution of higher education is ineligible to receive funds from a covered agency because of a policy or practice described in [9.110-3](#)—

(a) The Secretary of Defense will create an active exclusion record for the institution in the System for Award Management; and

(b) A covered agency shall not solicit offers from, award contracts to, or consent to subcontracts with the institution. The prohibition in this paragraph (b) does not apply to acquisitions at or below the simplified acquisition threshold or to acquisitions of commercial products and commercial services, including commercially available off-the-shelf items.

9.110-5 Contract clause.

The contracting officer shall insert the clause at [52.209-14](#), Reserve Officer Training Corps and Military Recruiting on Campus, in solicitations and contracts that are expected to exceed the simplified acquisition threshold, with institutions of higher education, when using funds from a covered agency. The clause is not prescribed for solicitations and contracts using [part 12](#) for the acquisition of commercial products and commercial services.

Subpart 9.2 - Qualifications Requirements

9.200 Scope of subpart.

This subpart implements [10 U.S.C. 3243](#) and [41 U.S.C.3311](#) and prescribes policies and procedures regarding qualification requirements and the acquisitions that are subject to such requirements.

9.201 Definitions.

As used in this subpart-

Qualified bidders list (QBL) means a list of bidders who have had their products examined and tested and who have satisfied all applicable qualification requirements for that product or have otherwise satisfied all applicable qualification requirements.

Qualified manufacturers list (QML) means a list of manufacturers who have had their products examined and tested and who have satisfied all applicable qualification requirements for that product.

9.202 Policy.

(a) (1) The head of the agency or designee shall, before establishing a qualification requirement, prepare a written justification-

(i) Stating the necessity for establishing the qualification requirement and specifying why the qualification requirement must be demonstrated before contract award;

(ii) Estimating the likely costs for testing and evaluation which will be incurred by the potential offeror to become qualified; and

(iii) Specifying all requirements that a potential offeror (or its product) must satisfy in order to become qualified. Only those requirements which are the least restrictive to meet the purposes necessitating the establishment of the qualification requirements shall be specified.

(2) Upon request to the contracting activity, potential offerors shall be provided-

(i) All requirements that they or their products must satisfy to become qualified; and

(ii) At their expense (but see [9.204\(a\)\(2\)](#) with regard to small businesses), a prompt opportunity to demonstrate their abilities to meet the standards specified for qualification using qualified personnel and facilities of the agency concerned, or of another agency obtained through interagency agreements or under contract, or other methods approved by the agency (including use of approved testing and evaluation services not provided under contract to the agency).

(3) If the services in paragraph (a)(2)(ii) of this section are provided by contract, the contractors selected to provide testing and evaluation services shall be-

(i) Those that are not expected to benefit from an absence of additional qualified sources; and

(ii) Required by their contracts to adhere to any restriction on technical data asserted by the potential offeror seeking qualification.

(4) A potential offeror seeking qualification shall be promptly informed as to whether qualification is attained and, in the event it is not, promptly furnished specific reasons why qualification was not attained.

(b) When justified under the circumstances, the agency activity responsible for establishing a qualification requirement shall submit to the advocate for competition for the procuring activity responsible for purchasing the item subject to the qualification requirement, a determination that it is unreasonable to specify the standards for qualification which a prospective offeror (or its product) must satisfy. After considering any comments of the advocate for competition reviewing the determination, the head of the procuring activity may waive the requirements of paragraph (a)(1)(ii) through (a)(4) of this section for up to 2 years with respect to the item subject to the qualification requirement. A copy of the waiver shall be furnished to the head of the agency or other official responsible for actions under paragraph (a)(1) of this section. The waiver authority provided in this paragraph does not apply with respect to qualification requirements contained in a QPL, QML, or QBL.

(c) If a potential offeror can demonstrate to the satisfaction of the contracting officer that the potential offeror (or its product) meets the standards established for qualification or can meet them before the date specified for award of the contract, a potential offeror may not be denied the opportunity to submit and have considered an offer for a contract solely because the potential offeror-

(1) Is not on a QPL, QML, or QBL maintained by the Department of Defense (DoD) or the National Aeronautics and Space Administration (NASA); or

(2) Has not been identified as meeting a qualification requirement established after October 19, 1984, by DoD or NASA; or

(3) Has not been identified as meeting a qualification requirement established by a civilian agency (not including NASA).

(d) The procedures in [subpart 19.6](#) for referring matters to the Small Business Administration are not mandatory on the contracting officer when the basis for a referral would involve a challenge by the offeror to either the validity of the qualification requirement or the offeror's compliance with such requirement.

(e) The contracting officer need not delay a proposed award in order to provide a potential offeror with an opportunity to demonstrate its ability to meet the standards specified for qualification. In addition, when approved by the head of an agency or designee, a procurement need not be delayed in order to comply with paragraph (a) of this section.

(f) Within 7 years following enforcement of a QPL, QML, or QBL by DoD or NASA, or within 7 years after any qualification requirement was originally established by a civilian agency other than NASA, the qualification requirement shall be examined and revalidated in accordance with the requirements of paragraph (a) of this section. For DoD and NASA, qualification requirements other than QPL's, QML's and QBL's shall be examined and revalidated within 7 years after establishment of the requirement under paragraph (a) of this section. Any periods for which a waiver under paragraph (b) of this section is in effect shall be excluded in computing the 7 years within which review and revalidation must occur.

9.203 QPL's, QML's, and QBL's.

(a) Qualification and listing in a QPL, QML, or QBL is the process by which products are obtained from manufacturers or distributors, examined and tested for compliance with specification requirements, or manufacturers or potential offerors, are provided an opportunity to demonstrate their abilities to meet the standards specified for qualification. The names of successful products, manufacturers, or potential offerors are included on lists evidencing their status. Generally, qualification is performed in advance and independently of any specific acquisition action. After qualification, the products, manufacturers, or potential offerors are included in a Federal or Military QPL, QML, or QBL. (See [9.202\(a\)\(2\)](#) with regard to any product, manufacturer, or potential offeror not yet included on an applicable list.)

(b) Specifications requiring a qualified product are included-

(1) In the GSA Index of Federal Specifications, Standards and Commercial Item Descriptions; and

(2) On the Department of Defense Acquisition Streamlining and Standardization Information System (ASSIST) website at <https://assist.dla.mil>.

(c) Instructions concerning qualification procedures are included in the following publications:

(1) Federal Standardization Manual, FSPM-0001.

(2) Department of Defense Manual 4120.24, Defense Standardization Program (DSP) Procedures, (www.esd.whs.mil/Directives/Issuances/dodm) as amended by Military Standards 961 and 962 (<https://assist.dla.mil>).

(d) The publications in paragraphs (b)(1) and (c)(1) of this section may be obtained from the address in [11.201\(d\)\(1\)](#).

9.204 Responsibilities for establishment of a qualification requirement.

The responsibilities of agency activities that establish qualification requirements include the following:

(a) Arranging publicity for the qualification requirements. If active competition on anticipated future qualification requirements is likely to be fewer than two manufacturers or the products of two manufacturers, the activity responsible for establishment of the qualification requirements must-

(1) Periodically furnish through the Governmentwide point of entry (GPE) a notice seeking additional sources or products for qualification unless the contracting officer determines that such publication would compromise the national security.

(2) Bear the cost of conducting the specified testing and evaluation (excluding the costs associated with producing the item or establishing the production, quality control, or other system to be tested and evaluated) for a small business concern or a product manufactured by a small business concern which has met the standards specified for qualification and which could reasonably be expected to compete for a contract for that requirement. However, such costs may be borne only if it is determined in accordance with agency procedures that such additional qualified sources or products are likely to result in cost savings from increased competition for future requirements sufficient to amortize the costs incurred by the agency within a reasonable period of time, considering the duration and dollar value of anticipated future requirements. A prospective contractor requesting the United States to bear testing and evaluation costs must certify as to its status as a small business concern under Section 3 of the Small Business Act in order to receive further consideration.

(b) Qualifying products that meet specification requirements.

- (c) Listing manufacturers and suppliers whose products are qualified in accordance with agency procedures.
- (d) Furnishing QPL's, QML's, or QBL's or the qualification requirements themselves to prospective offerors and the public upon request (see [9.202\(a\)\(2\)\(i\)](#)).
- (e) Clarifying, as necessary, qualification requirements.
- (f) In appropriate cases, when requested by the contracting officer, providing concurrence in a decision not to enforce a qualification requirement for a solicitation.
- (g) Withdrawing or omitting qualification of a listed product, manufacturer or offeror, as necessary.
- (h) Advising persons furnished any list of products, manufacturers or offerors meeting a qualification requirement and suppliers whose products are on any such list that-
 - (1) The list does not constitute endorsement of the product, manufacturer, or other source by the Government;
 - (2) The products or sources listed have been qualified under the latest applicable specification;
 - (3) The list may be amended without notice;
 - (4) The listing of a product or source does not release the supplier from compliance with the specification; and
 - (5) Use of the list for advertising or publicity is permitted. However, it must not be stated or implied that a particular product or source is the only product or source of that type qualified, or that the Government in any way recommends or endorses the products or the sources listed.
- (i) Reexamining a qualified product or manufacturer when-
 - (1) The manufacturer has modified its product, or changed the material or the processing sufficiently so that the validity of previous qualification is questionable;
 - (2) The requirements in the specification have been amended or revised sufficiently to affect the character of the product; or
 - (3) It is otherwise necessary to determine that the quality of the product is maintained in conformance with the specification.

9.205 Opportunity for qualification before award.

- (a) If an agency determines that a qualification requirement is necessary, the agency activity responsible for establishing the requirement must urge manufacturers and other potential sources to demonstrate their ability to meet the standards specified for qualification and, when possible, give sufficient time to arrange for qualification before award. The responsible agency activity must, before establishing any qualification requirement, furnish notice through the GPE. The notice must include-
 - (1) Intent to establish a qualification requirement;
 - (2) The specification number and name of the product;
 - (3) The name and address of the activity to which a request for the information and opportunity described in [9.202\(a\)](#) should be submitted;
 - (4) The anticipated date that the agency will begin awarding contracts subject to the qualification requirement;
 - (5) A precautionary notice that when a product is submitted for qualification testing, the applicant must furnish any specific information that may be requested of the manufacturer before testing will begin; and
 - (6) The approximate time period following submission of a product for qualification testing within which the applicant will be notified whether the product passed or failed the qualification testing (see [9.202\(a\)\(4\)](#)).
- (b) The activity responsible for establishing a qualification requirement must keep any list maintained of those already qualified open for inclusion of additional products, manufacturers, or other potential sources.

9.206 Acquisitions subject to qualification requirements.

9.206-1 General.

- (a) Agencies may not enforce any QPL, QML, or QBL without first complying with the requirements of [9.202\(a\)](#). However, qualification requirements themselves, whether or not previously embodied in a QPL, QML, or QBL, may be enforced without regard to [9.202\(a\)](#) if they are in either of the following categories:
 - (1) Any qualification requirement established by statute prior to October 30, 1984, for civilian agencies (not including NASA); or
 - (2) Any qualification requirement established by statute or administrative action prior to October 19, 1984, for DoD or NASA. Qualification requirements established after the above dates must comply with [9.202\(a\)](#) to be enforceable.

(b) Except when the agency head or designee determines that an emergency exists, whenever an agency elects, whether before or after award, not to enforce a qualification requirement which it established, the requirement may not thereafter be enforced unless the agency complies with [9.202\(a\)](#).

(c) If a qualification requirement applies, the contracting officer need consider only those offers identified as meeting the requirement or included on the applicable QPL, QML, or QBL, unless an offeror can satisfactorily demonstrate to the contracting officer that it or its product or its subcontractor or its product can meet the standards established for qualification before the date specified for award.

(d) If a product subject to a qualification requirement is to be acquired as a component of an end item, the contracting officer must ensure that all such components and their qualification requirements are properly identified in the solicitation since the product or source must meet the standards specified for qualification before award.

(e) In acquisitions subject to qualification requirements, the contracting officer shall take the following steps:

(1) Use presolicitation notices in appropriate cases to advise potential suppliers before issuing solicitations involving qualification requirements. The notices shall identify the specification containing the qualification requirement and establish an allowable time period, consistent with delivery requirements, for prospective offerors to demonstrate their abilities to meet the standards specified for qualification. The notice shall be publicized in accordance with [5.204](#). Whether or not a presolicitation notice is used, the general synopsizing requirements of [subpart 5.2](#) apply.

(2) Distribute solicitations to prospective contractors whether or not they have been identified as meeting applicable qualification requirements.

(3) When appropriate, request in accordance with agency procedures that a qualification requirement not be enforced in a particular acquisition and, if granted, so specify in the solicitation (see [9.206-1\(b\)](#)).

(4) Forward requests from potential suppliers for information on a qualification requirement to the agency activity responsible for establishing the requirement.

(5) Allow the maximum time, consistent with delivery requirements, between issuing the solicitation and the contract award. As a minimum, contracting officers shall comply with the time frames specified in [5.203](#) when applicable.

9.206-2 Contract clause.

The contracting officer shall insert the clause at [52.209-1](#), Qualification Requirements, in solicitations and contracts when the acquisition is subject to a qualification requirement.

9.206-3 Competition.

(a) *Presolicitation.* If a qualification requirement applies to an acquisition, the contracting officer shall review the applicable QPL, QML, or QBL or other identification of those sources which have met the requirement before issuing a solicitation to ascertain whether the number of sources is adequate for competition. (See [9.204\(a\)](#) for duties of the agency activity responsible for establishment of the qualification requirement.) If the number of sources is inadequate, the contracting officer shall request the agency activity which established the requirement to-

(1) Indicate the anticipated date on which any sources presently undergoing evaluation will have demonstrated their abilities to meet the qualification requirement so that the solicitation could be rescheduled to allow as many additional sources as possible to qualify; or

(2) Indicate whether a means other than the qualification requirement is feasible for testing or demonstrating quality assurance.

(b) *Post solicitation.* The contracting officer shall submit to the agency activity which established the qualification requirement the names and addresses of concerns which expressed interest in the acquisition but are not included on the applicable QPL, QML, or QBL or identified as meeting the qualification requirement. The activity will then assist interested concerns in meeting the standards specified for qualification (see [9.202\(a\)\(2\)](#) and (4)).

9.207 Changes in status regarding qualification requirements.

(a) The contracting officer shall promptly report to the agency activity which established the qualification requirement any conditions which may merit removal or omission from a QPL, QML, or QBL or affect whether a source should continue to be otherwise identified as meeting the requirement. These conditions exist when-

(1) Products or services are submitted for inspection or acceptance that do not meet the qualification requirement;

(2) Products or services were previously rejected and the defects were not corrected when submitted for inspection or acceptance;

- (3) A supplier fails to request reevaluation following change of location or ownership of the plant where the product which met the qualification requirement was manufactured (see the clause at [52.209-1](#), Qualification Requirements);
 - (4) A manufacturer of a product which met the qualification requirement has discontinued manufacture of the product;
 - (5) A source requests removal from a QPL, QML, or QBL;
 - (6) A condition of meeting the qualification requirement was violated; *e.g.*, advertising or publicity contrary to [9.204\(h\)](#) (5);
 - (7) A revised specification imposes a new qualification requirement;
 - (8) Manufacturing or design changes have been incorporated in the qualification requirement;
 - (9) The source is listed in the System for Award Management Exclusions (see [subpart 9.4](#)); or
 - (10) Performance of a contract subject to a qualification requirement is otherwise unsatisfactory.
- (b) After considering any of the above or other conditions reasonably related to whether a product or source continues to meet the standards specified for qualification, an agency may take appropriate action without advance notification. The agency shall, however, promptly notify the affected parties if a product or source is removed from a QPL, QML, or QBL, or will no longer be identified as meeting the standards specified for qualification. This notice shall contain specific information why the product or source no longer meets the qualification requirement.

This page intentionally left blank.

Subpart 9.3 - First Article Testing and Approval

9.301 Definition.

Approval, as used in this subpart, means the contracting officer's written notification to the contractor accepting the test results of the first article.

9.302 General.

First article testing and approval (hereafter referred to as testing and approval) ensures that the contractor can furnish a product that conforms to all contract requirements for acceptance. Before requiring testing and approval, the contracting officer shall consider the-

- (a) Impact on cost or time of delivery;
- (b) Risk to the Government of foregoing such test; and
- (c) Availability of other, less costly, methods of ensuring the desired quality.

9.303 Use.

Testing and approval may be appropriate when-

- (a) The contractor has not previously furnished the product to the Government;
- (b) The contractor previously furnished the product to the Government, but-
 - (1) There have been subsequent changes in processes or specifications;
 - (2) Production has been discontinued for an extended period of time; or
 - (3) The product acquired under a previous contract developed a problem during its life;
- (c) The product is described by a performance specification; or
- (d) It is essential to have an approved first article to serve as a manufacturing standard.

9.304 Exceptions.

Normally, testing and approval is not required in contracts for-

- (a) Research or development;
- (b) Products requiring qualification before award (e.g., when an applicable qualified products list exists (see [subpart 9.2](#)));
- (c) Products normally sold in the commercial market; or
- (d) Products covered by complete and detailed technical specifications, unless the requirements are so novel or exacting that it is questionable whether the products would meet the requirements without testing and approval.

9.305 Risk.

Before first article approval, the acquisition of materials or components, or commencement of production, is normally at the sole risk of the contractor. To minimize this risk, the contracting officer shall provide sufficient time in the delivery schedule for acquisition of materials and components, and for production after receipt of first article approval. When Government requirements preclude this action, the contracting officer may, before approval of the first article, authorize the contractor to acquire specific materials or components or commence production to the extent essential to meet the delivery schedule (see Alternate II of the clause at [52.209-3](#), First Article Approval-Contractor Testing, and Alternate II of the clause at [52.209-4](#), First Article Approval-Government Testing). Costs incurred based on this authorization are allocable to the contract for—

- (a) Progress payments; and
- (b) Termination settlements if the contract is terminated for the convenience of the Government.

9.306 Solicitation requirements.

Solicitations containing a testing and approval requirement shall-

- (a) Provide, in the circumstance where the contractor is to be responsible for the first article approval testing-
 - (1) The performance or other characteristics that the first article must meet for approval;
 - (2) The detailed technical requirements for the tests that must be performed for approval; and
 - (3) The necessary data that must be submitted to the Government in the first article approval test report;
- (b) Provide, in the circumstance where the Government is to be responsible for the first article approval testing-
 - (1) The performance or other characteristics that the first article must meet for approval; and
 - (2) The tests to which the first article will be subjected for approval;

- (c) Inform offerors that the requirement may be waived when supplies identical or similar to those called for have previously been delivered by the offeror and accepted by the Government (see [52.209-3](#)(h) and [52.209-4](#)(i));
- (d) Permit the submission of alternative offers, one including testing and approval and the other excluding testing and approval (if eligible under paragraph (c) of this section);
- (e) State clearly the first article's relationship to the contract quantity (see paragraph (e) of the clause at [52.209-3](#), First Article Approval-Contractor Testing, or [52.209-4](#), First Article Approval-Government Testing);
- (f) Contain a delivery schedule for the production quantity (see [11.403](#)). The delivery schedule may-
 - (1) Be the same whether or not testing and approval is waived; or
 - (2) Provide for earlier delivery when testing and approval is waived and the Government desires earlier delivery. In the latter case, any resulting difference in delivery schedules shall not be a factor in evaluation for award. The clause at [52.209-4](#), First Article Approval-Government Testing, shall contain the delivery schedule for the first article;
- (g) Provide for the submission of contract numbers, if any, to document the offeror's eligibility under paragraph (c) of this section;
- (h) State whether the approved first article will serve as a manufacturing standard;
- (i) Include, when the Government is responsible for first article testing, the Government's estimated testing costs as a factor for use in evaluating offers (when appropriate); and
- (j) Inform offerors that the prices for first articles and first article tests in relation to production quantities shall not be materially unbalanced (see [15.404-1](#)(g)) if first article test items or tests are to be separately priced.

9.307 Government administration procedures.

- (a) Before the contractor ships the first article, or the first article test report, to the Government laboratory or other activity responsible for approval at the address specified in the contract, the contract administration office shall provide that activity with as much advance notification as is feasible of the forthcoming shipment, and-
 - (1) Advise that activity of the contractual requirements for testing and approval, or evaluation, as appropriate;
 - (2) Call attention to the notice requirement in paragraph (b) of the clause at [52.209-3](#), First Article Approval-Contractor Testing, or [52.209-4](#), First Article Approval-Government Testing; and
 - (3) Request that the activity inform the contract administration office of the date when testing or evaluation will be completed.
- (b) The Government laboratory or other activity responsible for first article testing or evaluation shall inform the contracting office whether to approve, conditionally approve, or disapprove the first article. The contracting officer shall then notify the contractor of the action taken and furnish a copy of the notice to the contract administration office. The notice shall include the first article shipment number, when available, and the applicable line item number. Any changes in the drawings, designs, or specifications determined by the contracting officer to be necessary shall be made under the Changes clause, and not by the notice of approval, conditional approval, or disapproval furnished the contractor.

9.308 Contract clauses.

9.308-1 Testing performed by the contractor.

- (a) (1) The contracting officer shall insert the clause at [52.209-3](#), First Article Approval-Contractor Testing, in solicitations and contracts when a fixed-price contract is contemplated and it is intended that the contract require-
 - (i) First article approval; and
 - (ii) That the contractor be required to conduct the first article testing.
- (2) If it is intended that the contractor be required to produce the first article and the production quantity at the same facility, the contracting officer shall use the clause with its Alternate I.
- (3) If it is necessary to authorize the contractor to purchase material or to commence production before first article approval, the contracting officer shall use the clause with its Alternate II.
- (b) (1) The contracting officer shall insert a clause substantially the same as the clause at [52.209-3](#), First Article Approval—Contractor Testing, in solicitations and contracts when a cost-reimbursement contract is contemplated and it is intended that the contract require
 - (i) First article approval and
 - (ii) That the contractor be required to conduct the first article test.

(2) If it is intended that the contractor be required to produce the first article and the production quantity at the same facility, the contracting officer shall use a clause substantially the same as the clause at [52.209-3](#), First Article Approval—Contractor Testing, with its Alternate I.

(3) If it is necessary to authorize the contractor to purchase material or to commence production before first article approval, the contracting officer shall use a clause substantially the same as the clause at [52.209-3](#), First Article Approval—Contractor Testing, with its Alternate II.

9.308-2 Testing performed by the Government.

(a) (1) The contracting officer shall insert the clause at [52.209-4](#), First Article Approval-Government Testing, in solicitations and contracts when a fixed-price contract is contemplated and it is intended that the contract require first article approval and that the Government will be responsible for conducting the first article test.

(2) If it is intended that the contractor be required to produce the first article and the production quantity at the same facility, the contracting officer shall use the basic clause with its Alternate I.

(3) If it is necessary to authorize the contractor to purchase material or to commence production before first article approval, the contracting officer shall use the basic clause with its Alternate II.

(b) (1) The contracting officer shall insert a clause substantially the same as the clause at [52.209-4](#), First Article Approval-Government Testing, in solicitations and contracts when a cost-reimbursement contract is contemplated and it is intended that the contract require first article approval and that the Government be responsible for conducting the first article test.

(2) If it is intended that the contractor be required to produce the first article and the production quantity at the same facility, the contracting officer shall use a clause substantially the same as the clause at [52.209-4](#), First Article Approval-Government Testing, with its Alternate I.

(3) If it is necessary to authorize the contractor to purchase material or to commence production before first article approval, the contracting officer shall use a clause substantially the same as the clause at [52.209-4](#), First Article Approval-Government Testing, with its Alternate II.

Subpart 9.4 - Debarment, Suspension, and Ineligibility

9.400 Scope of subpart.

- (a) This subpart-
 - (1) Prescribes policies and procedures governing the debarment and suspension of contractors by agencies for the causes given in [9.406-2](#) and [9.407-2](#);
 - (2) Provides for the listing of contractors debarred, suspended, proposed for debarment, and declared ineligible (see the definition of "ineligible" in [2.101](#)); and
 - (3) Sets forth the consequences of this listing.
- (b) Although this subpart does cover the listing of ineligible contractors ([9.404](#)) and the effect of this listing ([9.405](#)), it does not prescribe policies and procedures governing declarations of ineligibility except for contractors that have been declared ineligible pursuant to [10 U.S.C. 983](#) (see [9.110](#), and [9.405-1\(b\)](#)).
- (c) For Federal Acquisition Supply Chain Security Act (FASCSA) orders, see subpart [4.23](#).

9.401 Applicability.

In accordance with Public Law 103-355, Section 2455 ([31 U.S.C.6101](#), note), and Executive Order 12689, any debarment, suspension or other Governmentwide exclusion initiated under the Nonprocurement Common Rule implementing Executive Order 12549 on or after August 25, 1995, shall be recognized by and effective for Executive Branch agencies as a debarment or suspension under this subpart. Similarly, any debarment, suspension, proposed debarment or other Governmentwide exclusion initiated on or after August 25, 1995, under this subpart shall also be recognized by and effective for those agencies and participants as an exclusion under the Nonprocurement Common Rule.

9.402 Policy.

- (a) Agencies shall solicit offers from, award contracts to, and consent to subcontracts with responsible contractors only. Debarment and suspension are discretionary actions that, taken in accordance with this subpart, are appropriate means to effectuate this policy.
- (b) The serious nature of debarment and suspension requires that these remedies be imposed only in the public interest for the Government's protection and not for purposes of punishment. Agencies shall impose debarment or suspension to protect the Government's interest and only for the causes and in accordance with the procedures in this subpart.
- (c) Agencies are encouraged to establish methods and procedures for coordinating their debarment or suspension actions.
- (d) When more than one agency has an interest in the debarment or suspension of a contractor, the Interagency Suspension and Debarment Committee, established under Executive Order 12549, and authorized by section 873 of the National Defense Authorization Act for Fiscal Year 2009 (Pub. L. 110-417) ([31 U.S.C.6101](#), note), shall resolve the lead agency issue and coordinate such resolution among all interested agencies prior to the initiation of any suspension, debarment, or related administrative action by any agency.
- (e) Agencies shall establish appropriate procedures to implement the policies and procedures of this subpart.

9.403 Definitions.

As used in this subpart—

Administrative agreement means an agreement between an agency suspending and debarring official and the contractor used to resolve a suspension or debarment proceeding, or a potential suspension or debarment proceeding.

Affiliates.—

- (1) Business concerns, organizations, or individuals are affiliates of each other if, directly or indirectly—
 - (i) Either one controls or has the power to control the other; or
 - (ii) A third party controls or has the power to control both.
 - (2) Indicia of control include, but are not limited to, interlocking management or ownership, identity of interests among family members, shared facilities and equipment, common use of employees, or a business entity organized following the debarment, suspension, or proposed debarment of a contractor which has the same or similar management, ownership, or principal employees as the contractor that was debarred, suspended, or proposed for debarment.
- Agency* means any executive department, military department or defense agency, or other agency or independent establishment of the executive branch.

Civil judgment means the disposition of a civil action by any court of competent jurisdiction, whether by verdict, decision, settlement, stipulation, other disposition that creates a civil liability for the complained of wrongful acts, or a final determination of liability under the Program Fraud Civil Remedies Act of 1986 ([31 U.S.C. 3801-3812](#)).

Conviction means—

(1) A judgment or any other determination of guilt of a criminal offense by any court of competent jurisdiction, whether entered upon a verdict or plea, including a plea of nolo contendere; or

(2) Any other resolution that is the functional equivalent of a judgment establishing a criminal offense by a court of competent jurisdiction, including probation before judgment and deferred prosecution. A disposition without the participation of the court is the functional equivalent of a judgment only if it includes an admission of guilt.

Contractor means any individual or other legal entity that—

(1) Directly or indirectly (*e.g.*, through an affiliate), submits offers for or is awarded, or reasonably may be expected to submit offers for or be awarded, a Government contract, including a contract for carriage under Government or commercial bills of lading, or a subcontract under a Government contract; or

(2) Conducts business, or reasonably may be expected to conduct business, with the Government as an agent or representative of another contractor.

Indictment means indictment for a criminal offense. An information or other filing by competent authority charging a criminal offense is given the same effect as an indictment.

Legal proceedings means any civil judicial proceeding to which the Government is a party or any criminal proceeding. The term includes appeals from such proceedings.

Nonprocurement Common Rule means the procedures used by Federal Executive Agencies to suspend, debar, or exclude individuals or entities from participation in nonprocurement transactions under Executive Order 12549. Examples of nonprocurement transactions are grants, cooperative agreements, scholarships, fellowships, contracts of assistance, loans, loan guarantees, subsidies, insurance, payments for specified use, and donation agreements. See [2 CFR part 180](#) and agency enacting regulations in [2 CFR subtitle B](#).

Pre-notice letter means a written correspondence issued to a contractor in a suspension or debarment matter, which does not immediately result in an exclusion or ineligibility. The letter is issued at the discretion of the suspending and debarring official. The letter is not a mandatory step in the suspension or debarment process.

Unfair trade practices means the commission of any or the following acts by a contractor—

(1) A violation of section 337 of the Tariff Act of 1930 ([19 U.S.C. 1337](#)) as determined by the International Trade Commission.

(2) A violation, as determined by the Secretary of Commerce, of any agreement of the group known as the "Coordination Committee" for purposes of the Export Administration Act of 1979 (50 U.S.C. App. 2401, et seq.) or any similar bilateral or multilateral export control agreement.

(3) A knowingly false statement regarding a material element of a certification concerning the foreign content of an item of supply, as determined by the Secretary of the Department or the head of the agency to which such certificate was furnished.

Voluntary exclusion means a contractor's written agreement to be excluded for a period under the terms of a settlement between the contractor and the suspending and debarring official of one or more agencies. A voluntary exclusion must have Governmentwide effect.

9.404 Exclusions in the System for Award Management.

(a) The General Services Administration (GSA)—

(1) Operates the web-based System for Award Management (SAM), which contains exclusion records; and

(2) Provides technical assistance to Federal agencies in the use of SAM.

(b) An exclusion record in SAM contains the—

(1) Names and addresses of the entities debarred, suspended, proposed for debarment, voluntarily excluded, declared ineligible, or excluded or disqualified under the nonprocurement common rule, with cross-references when more than one name is involved in a single action;

(2) Name of the agency or other authority taking the action;

(3) Cause for the action (see [9.406-2](#) and [9.407-2](#) for causes authorized under this subpart) or other statutory or regulatory authority;

(4) Effect of the action;

(5) Termination date for each listing;

- (6) Unique Entity Identifier;
- (7) Social Security Number (SSN), Employer Identification Number (EIN), or other Taxpayer Identification Number (TIN), if available; and
- (8) Name and telephone number of the agency point of contact for the action.
- (c) Each agency must—
 - (1) Identify the individual(s) responsible for entering and updating exclusions data in SAM and assign the appropriate roles;
 - (2) Remove the exclusion roles in SAM when the individual leaves the organization or changes functions;
 - (3) For each exclusion, including each voluntary exclusion, accomplished by the agency—
 - (i) Enter the information required by paragraph (b) of this section within 3 working days after the action becomes effective;
 - (ii) Determine whether it is legally permitted to enter the SSN, EIN, or other TIN, under agency authority to suspend or debar; and
 - (iii) Update the exclusion record in SAM, generally within 5 working days after modifying or rescinding an action;
 - (4) In accordance with internal retention procedures, maintain records relating to each debarment, suspension, proposed debarment, or voluntary exclusion taken or entered into by the agency;
 - (5) Establish procedures to ensure that the agency does not solicit offers from, award contracts to, or consent to subcontracts with contractors who have an active exclusion record in SAM, except as otherwise provided in this subpart;
 - (6) Direct inquiries concerning listed contractors and other entities to the agency or other authority that took the action; and
 - (7) Contact GSA for technical assistance with SAM, via the support e-mail address or on the technical support phone line.
- (d) SAM is available via <https://www.sam.gov>.

9.405 Effect of listing.

- (a) Contractors debarred, suspended, proposed for debarment, or voluntarily excluded, are excluded from receiving contracts, and agencies shall not solicit offers from, award contracts to, or consent to subcontracts with these contractors, unless the agency head determines that there is a compelling reason for such action (see [9.405-1\(a\)\(2\)](#), [9.405-2](#), [9.406-1\(d\)](#), [9.407-1\(d\)](#), and [26.505\(e\)](#)). Contractors debarred, suspended, proposed for debarment, or voluntarily excluded, are also excluded from conducting business with the Government as agents or representatives of other contractors.
- (b) Contractors and other entities that have an active exclusion record in SAM because they have been declared ineligible on the basis of statutory or other regulatory procedures are excluded from receiving contracts, and if applicable, subcontracts, under the conditions and for the period set forth in the statute or regulation. Agencies shall not solicit offers from, award contracts to, or consent to subcontracts with these contractors under those conditions and for that period.
- (c) Agencies shall not enter into, renew, or extend contracts with contractors that have been declared ineligible pursuant to [22 U.S.C. 2593e](#).
- (d) Contractors debarred, suspended, proposed for debarment, or voluntarily excluded, are excluded from acting as individual sureties (see [part 28](#)).
- (e) (1) After the opening of bids or receipt of proposals or quotes, the contracting officer shall review the exclusion records in SAM.
- (2) Bids received from any listed contractor in response to an invitation for bids shall be entered on the abstract of bids, and rejected unless the agency head determines in writing that there is a compelling reason to consider the bid.
- (3) Proposals, quotations, or offers received from any listed contractor shall not be evaluated for award or included in the competitive range, nor shall discussions be conducted with a listed offeror during a period of ineligibility, unless the agency head determines, in writing, that there is a compelling reason to do so. If the period of ineligibility expires or is terminated prior to award, the contracting officer may, but is not required to, consider such proposals, quotations, or offers.
- (4) Immediately prior to award, the contracting officer shall again review the exclusion records in SAM to ensure that no award is made to a listed contractor.

9.405-1 Continuation of current contracts.

- (a) *Contractors debarred, suspended, proposed for debarment, or voluntarily excluded*. (1) Notwithstanding the debarment, suspension, proposed debarment, or voluntary exclusion, of a contractor, agencies may continue contracts or subcontracts in existence at the time the contractor was debarred, suspended, proposed for debarment, or voluntarily

excluded, unless the agency head directs otherwise. A decision as to the type of termination action, if any, to be taken should be made only after review by agency contracting and technical personnel and by counsel to ensure the propriety of the proposed action.

(2) For contractors debarred, suspended, proposed for debarment, or voluntarily excluded, unless the agency head makes a written determination of the compelling reasons for doing so, ordering activities shall not—

(i) Place orders exceeding the guaranteed minimum under indefinite quantity contracts;

(ii) Place orders under Federal Supply Schedule contracts, blanket purchase agreements, or basic ordering agreements; or

(iii) Add new work, exercise options, or otherwise extend the duration of current contracts or orders.

(b) Ineligible contractors. A covered agency, as defined in [9.110-1](#), shall terminate existing contracts and shall not place new orders or award new contracts with contractors that have been declared ineligible pursuant to [10 U.S.C. 983](#) (see [9.110](#)), except for contracts at or below the simplified acquisition threshold or contracts for the acquisition of commercial products and commercial services.

9.405-2 Restrictions on subcontracting.

(a) When a contractor debarred, suspended, proposed for debarment, or voluntarily excluded, is proposed as a subcontractor for any subcontract subject to Government consent (see [subpart 44.2](#)), contracting officers shall not consent to subcontracts with such contractors unless the agency head states in writing the compelling reasons for this approval action. (See [9.405](#) concerning declarations of ineligibility affecting sub-contracting.)

(b) The Government suspends or debars contractors to protect the Government's interests. Contractors are prohibited from entering into any subcontract in excess of \$35,000, other than a subcontract for a commercially available off-the-shelf item, with a contractor that has been debarred, suspended, proposed for debarment, or voluntarily excluded, unless there is a compelling reason to do so. If a contractor intends to enter into a subcontract in excess of \$35,000, other than a subcontract for a commercially available off-the-shelf item, with a party that is debarred, suspended, proposed for debarment, or voluntarily excluded, as evidenced by the party's having an active exclusion record in SAM (see [9.404](#)), a corporate officer or designee of the contractor is required by operation of the clause at [52.209-6](#), Protecting the Government's Interest when Subcontracting with Contractors Debarred, Suspended, Proposed for Debarment, or Voluntarily Excluded, to notify the contracting officer, in writing, before entering into such subcontract. For contracts for the acquisition of commercial products, the notification requirement applies only for first-tier subcontracts. For all other contracts, the notification requirement applies to subcontracts at any tier. The notice must provide the following:

(1) The name of the subcontractor;

(2) The contractor's knowledge of the reasons for the subcontractor having an active exclusion record in SAM;

(3) The compelling reason(s) for doing business with the subcontractor notwithstanding its having an active exclusion record in SAM; and

(4) The systems and procedures the contractor has established to ensure that it is fully protecting the Government's interests when dealing with such subcontractor in view of the specific basis for the party's debarment, suspension, proposed debarment, or voluntary exclusion.

(c) The contractor's compliance with the requirements of [52.209-6](#) will be reviewed during Contractor Purchasing System Reviews (see [subpart 44.3](#)).

9.406 Debarment.

9.406-1 General.

(a) It is the suspending and debarring official's responsibility to determine whether debarment is in the Government's interest. The suspending and debarring official may, in the public interest, debar a contractor for any of the causes in [9.406-3](#). The existence of a cause for debarment, however, does not necessarily require that the contractor be debarred; the seriousness of the contractor's acts or omissions and any remedial measures, mitigating factors, or aggravating factors should be considered in making any debarment decision. Before arriving at any debarment decision, the suspending and debarring official should consider factors such as the following (some of the factors below could apply to individuals such as contractors that are individuals, and are so marked):

(1) Whether the contractor had effective standards of conduct and internal control systems in place at the time of the activity which constitutes cause for debarment or had adopted such procedures prior to any Government investigation of the activity cited as a cause for debarment.

(2) Whether the contractor (including an individual) brought the activity cited as a cause for debarment to the attention of the appropriate Government agency in a timely manner.

(3) Whether the contractor has fully investigated the circumstances surrounding the cause for debarment (or the individual cooperated with the investigation) and, if so, made the result of the investigation available to the suspending and debarring official.

(4) Whether the contractor (including an individual) cooperated fully with Government agencies during the investigation and any court or administrative action.

(5) Whether the contractor (including an individual) has paid or has agreed to pay all criminal, civil, and administrative liability for the improper activity, including any investigative or administrative costs incurred by the Government, and has made or agreed to make full restitution.

(6) Whether the contractor has taken appropriate disciplinary action against the individuals responsible for the activity which constitutes cause for debarment.

(7) Whether the contractor (including an individual) has implemented or agreed to implement remedial measures, including any identified by the Government.

(8) (i) Whether the contractor has instituted or agreed to institute new or revised review and control procedures, ethics training, or other relevant training programs.

(ii) For an individual, whether the individual has attended relevant remediation training.

(9) Whether the contractor (including an individual) has had adequate time to eliminate the circumstances that led to the cause for debarment.

(10) (i) Whether the contractor's management recognizes, accepts, and understands the seriousness of the misconduct giving rise to the cause for debarment and has implemented programs to prevent recurrence.

(ii) For an individual, whether the individual recognizes, accepts, and understands the seriousness of the misconduct giving rise to the cause for debarment and has adopted practices to prevent recurrence.

(11) Whether the contractor (including an individual) has a pattern or prior history of wrongdoing, the frequency of incidents and/or duration of the wrongdoing, and the actual or potential harm or impact that results, or may result, from the wrongdoing.

(12) Whether and to what extent the contractor (including an individual) planned, initiated, or carried out the wrongdoing, and the kind of positions within the contractor's organization held by the individual involved in the wrongdoing.

(13) Whether the wrongdoing was pervasive within the contractor's organization.

(14) Whether the individual or the contractor's principals tolerated the offense.

(15) Whether the contractor (including an individual) is or has been excluded or disqualified by an agency of the Federal Government or has not been allowed to participate in State or local contracts or assistance agreements on a basis of conduct similar to one or more of the causes for debarment specified in this subpart.

(16) Whether the contractor (including an individual) has entered into an administrative agreement with a Federal agency or a similar agreement with a State or local government that is not Governmentwide but is based on conduct similar to one or more of the causes for debarment specified in this subpart.

(17) Whether there are any other factors to consider for the contractor (including an individual) appropriate to the circumstances of a particular case.

(b) The existence or nonexistence of any aggravating or mitigating factors or remedial measures such as set forth in paragraph (a) of this section is not necessarily determinative of a contractor's present responsibility. Accordingly, if a cause for debarment exists, the contractor has the burden of demonstrating, to the satisfaction of the suspending and debarring official, its present responsibility and that debarment is not necessary.

(c) Debarment constitutes debarment of all divisions or other organizational elements of the contractor, unless the debarment decision is limited by its terms to specific divisions, organizational elements, or commodities. The suspending and debarring official may extend the debarment decision to include any affiliates of the contractor if they are—

(1) Specifically named; and

(2) Given written notice of the proposed debarment and an opportunity to respond (see [9.406-3\(c\)](#)).

(d) A contractor's debarment, or proposed debarment, shall be effective throughout the executive branch of the Government, unless the agency head or a designee (except see [26.505\(e\)](#)) states in writing the compelling reasons justifying continued business dealings between that agency and the contractor.

(e) (1) When the suspending and debarring official has authority to debar contractors from both contracts pursuant to the Federal Acquisition Regulation in this chapter and contracts for the purchase of Federal personal property pursuant to the

Federal Management Regulation (FMR) in 41 CFR part 102-38, that official shall consider simultaneously debarring the contractor from the award of acquisition contracts and from the purchase of Federal personal property.

(2) When debarring a contractor from the award of acquisition contracts and from the purchase of Federal personal property, the debarment notice shall so indicate and the appropriate FAR and FMR citations shall be included.

9.406-2 Causes for debarment.

The suspending and debarring official may debar-

- (a) A contractor for a conviction of or civil judgment for-
 - (1) Commission of fraud or a criminal offense in connection with-
 - (i) Obtaining;
 - (ii) Attempting to obtain; or
 - (iii) Performing a public contract or subcontract.
 - (2) Violation of Federal or State antitrust statutes relating to the submission of offers;
 - (3) Commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;
 - (4) Intentionally affixing a label bearing a "Made in America" inscription (or any inscription having the same meaning) to a product sold in or shipped to the United States or its outlying areas, when the product was not made in the United States or its outlying areas (see Section 202 of the Defense Production Act (Public Law 102-558)); or
 - (5) Commission of any other offense indicating a lack of business integrity or business honesty that seriously and directly affects the present responsibility of a Government contractor or subcontractor.
- (b) (1) A contractor, based upon a preponderance of the evidence, for any of the following-
 - (i) Violation of the terms of a Government contract or subcontract so serious as to justify debarment, such as-
 - (A) Willful failure to perform in accordance with the terms of one or more contracts; or
 - (B) A history of failure to perform, or of unsatisfactory performance of, one or more contracts.
 - (ii) Violations of [41 U.S.C. chapter 81](#), Drug-Free Workplace, as indicated by-
 - (A) Failure to comply with the requirements of the clause at [52.226-7](#), Drug-Free Workplace; or
 - (B) Such a number of contractor employees convicted of violations of criminal drug statutes occurring in the workplace as to indicate that the contractor has failed to make a good faith effort to provide a drug-free workplace (see [26.504](#)).
 - (iii) Intentionally affixing a label bearing a "Made in America" inscription (or any inscription having the same meaning) to a product sold in or shipped to the United States or its outlying areas, when the product was not made in the United States or its outlying areas (see Section 202 of the Defense Production Act (Public Law 102-558)).
 - (iv) Commission of an unfair trade practice as defined in [9.403](#) (see Section 201 of the Defense Production Act (Pub.L. 102-558)).
 - (v) Delinquent Federal taxes in an amount that exceeds \$10,000.
 - (A) Federal taxes are considered delinquent for purposes of this provision if both of the following criteria apply:
 - (1) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.
 - (2) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.
 - (B) Examples. (1) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.
 - (2) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(3) *The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159.* The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(4) *The taxpayer has filed for bankruptcy protection.* The taxpayer is not delinquent because enforced collection action is stayed under [11 U.S.C. 362](#) (the Bankruptcy Code).

(vi) Knowing failure by a principal, until 3 years after final payment on any Government contract awarded to the contractor, to timely disclose to the Government, in connection with the award, performance, or closeout of the contract or a subcontract thereunder, credible evidence of-

(A) Violation of Federal criminal law involving fraud, conflict of interest, bribery, or gratuity violations found in Title 18 of the United States Code;

(B) Violation of the civil False Claims Act ([31 U.S.C. 3729-3733](#)); or

(C) Significant overpayment(s) on the contract, other than overpayments resulting from contract financing payments as defined in [32.001](#).

(vii) Determination of a false certification under [52.209-13](#), Violation of Arms Control Treaties or Agreements-Certification.

(2) A contractor, based on a determination by the Secretary of Homeland Security or the Attorney General of the United States, that the contractor is not in compliance with Immigration and Nationality Act employment provisions (see Executive Order 12989, as amended by Executive Order 13286). Such determination is not reviewable in the debarment proceedings.

(c) A contractor or subcontractor based on any other cause of so serious or compelling a nature that it affects the present responsibility of the contractor or subcontractor.

9.406-3 Procedures.

(a) *Investigation and referral.* Agencies shall establish procedures for the prompt reporting, investigation, and referral to the suspending and debarring official of matters appropriate for that official's consideration.

(b) *Decision-making process.* (1) Agencies shall establish procedures governing the debarment decision-making process that are as informal as is practicable, consistent with principles of fundamental fairness. These procedures shall afford the contractor (and any specifically named affiliates) an opportunity to submit, in person, in writing, or through a representative, information and argument in opposition to the proposed debarment. If the suspending and debarring official extends the opportunity for the contractor to submit material in opposition, then the official should also give a deadline for submission of materials. The suspending and debarring official may use flexible procedures to allow a contractor to present matters in opposition in person or remotely through appropriate technology; if so, the suspending and debarring official should change the notice in paragraph (c)(3)(iv) of this section to include those flexible procedures.

(2) In actions not based upon a conviction or civil judgment, if it is found that the contractor's submission in opposition raises a genuine dispute over facts material to the proposed debarment, agencies shall also-

(i) Afford the contractor an opportunity to appear with counsel, submit documentary evidence, present witnesses, and confront any person the agency presents; and

(ii) Make a transcribed record of the proceedings and make it available at cost to the contractor upon request, unless the contractor and the agency, by mutual agreement, waive the requirement for a transcript.

(c) *Notice of proposal to debar.* A notice of proposed debarment shall be issued by the suspending and debarring official to the contractor and any specifically named affiliates.

(1) The written notice shall be sent—

(i) By U.S. mail or private delivery service to the last known street address, with delivery notification service;

(ii) By email to the point of contact email address in the contractor's SAM registration, if any, or to the last known email address as confirmed by the agency; or

(iii) By certified mail to the last known street address with return receipt requested.

(2) The notice shall be sent—

(i) To the contractor, the contractor's identified counsel for purposes of the administrative proceedings, or the contractor's agent for service of process; and

(ii) For each specifically named affiliate, to the affiliate itself, the affiliate's identified counsel for purposes of the administrative proceedings, or the affiliate's agent for service of process.

(3) The notice shall state—

(i) That debarment is being considered;

(ii) The reasons for the proposed debarment in terms sufficient to put the contractor on notice of the conduct or transaction(s) upon which it is based;

(iii) The cause(s) relied upon under [9.406-2](#) for proposing debarment;

(iv) That, within 30 days after receipt of the notice, the contractor may submit, in person, in writing, or through a representative, information and argument in opposition to the proposed debarment, including any additional specific information that raises a genuine dispute over the material facts;

(v) The agency's procedures governing debarment decision making;

(vi) The effect of the issuance of the notice of proposed debarment;

(vii) The potential effect of an actual debarment;

(viii) That in addition to any information and argument in opposition to a proposed debarment, the contractor must identify—

(A) Specific facts that contradict the statements contained in the notice of proposed debarment. Include any information about any of the factors listed in 9.406-1(a). A general denial is insufficient to raise a genuine dispute over facts material to the proposed debarment;

(B) All existing, proposed, or prior exclusions and all similar actions taken by Federal, State, or local agencies, including administrative agreements that affect only those agencies;

(C) All criminal and civil proceedings not included in the notice of proposed debarment that grew out of facts relevant to the cause(s) stated in the notice; and

(D) All of the contractor's affiliates; and

(ix) That if the contractor fails to disclose the information in paragraph (c)(3)(viii) of this section, or provides false information, the agency taking the action may seek further criminal, civil, or administrative action against the contractor, as appropriate.

(d) *Suspending and debarring official's decision.* (1) In actions based upon a conviction or civil judgment, or in which there is no genuine dispute over material facts, the suspending and debarring official shall make a decision on the basis of all the information in the administrative record, including any submission made by the contractor. If no suspension is in effect, the decision shall be made within 45 days from the date that the official administrative record is closed, unless the suspending and debarring official extends this period for good cause. The official record closes upon the expiration of the contractor's time to submit information and argument in opposition, including any extensions (see paragraph (b)(1) of this section).

(2) (i) In actions in which additional proceedings are necessary as to disputed material facts, written findings of fact shall be prepared. The suspending and debarring official shall base the decision on the facts as found, together with any information and argument submitted by the contractor and any other information in the administrative record.

(ii) The suspending and debarring official may refer matters involving disputed material facts to another official for findings of fact. The suspending and debarring official may reject any such findings, in whole or in part, only after specifically determining them to be arbitrary and capricious or clearly erroneous.

(iii) The suspending and debarring official's decision shall be made after the conclusion of the proceedings with respect to disputed facts.

(3) In any action in which the proposed debarment is not based upon a conviction or civil judgment, the cause for debarment must be established by a preponderance of the evidence.

(e) *Notice of suspending and debarring official's decision.* (1) If the suspending and debarring official decides to impose debarment, the contractor and any affiliates involved shall be given prompt notice using the procedures in paragraphs (c)(1) and (2) of this section—

(i) Referring to the notice of proposed debarment;

(ii) Specifying the reasons for debarment;

(iii) Stating the period of debarment, including effective dates; and

(iv) Advising that the debarment is effective throughout the executive branch of the Government unless the head of an agency or a designee makes the statement called for by [9.406-1\(d\)](#).

(2) If debarment is not imposed, the suspending and debarring official shall promptly notify the contractor and any affiliates involved, using the procedures in paragraphs (c)(1) and (2) of this section.

(f) *Administrative agreements.* (1) If the contractor enters into an administrative agreement with the Government in order to resolve a debarment or potential debarment proceeding, the suspending and debarring official shall access the website (available at <https://www.cpars.gov>, then select FAPIIS), enter the requested information, and upload documentation reflecting the administrative agreement.

(2) The suspending and debarring official is responsible for the timely and accurate submission of documentation reflecting the administrative agreement. The submission should be made within 3 working days.

(3) With regard to information that may be covered by a disclosure exemption under the Freedom of Information Act, the suspending and debarring official shall follow the procedures at [9.105-2\(b\)\(2\)\(iv\)](#).

(g) *Voluntary exclusions.* (1) If the contractor enters into a voluntary exclusion with the Government in order to resolve a debarment or potential debarment matter, the suspending and debarring official shall access the website (available at <https://www.sam.gov>) and enter the requested information into the exclusions section of SAM (see [9.404\(c\)\(3\)](#)).

(2) The suspending and debarring official is responsible for the timely and accurate submission of documentation reflecting the voluntary exclusion. The submission should be made within 3 working days.

(3) Regarding information that may be covered by a disclosure exemption under the Freedom of Information Act, the suspending and debarring official shall follow the procedures at [9.105-2\(b\)\(2\)\(iv\)](#).

(h) *Pre-notice letters.* Prior to initiating a proposed debarment, a pre-notice letter may be issued at the discretion of the agency suspending and debarring official. A pre-notice letter is not required to initiate debarment under this subpart. (See [9.403](#).)

9.406-4 Period of debarment.

(a) (1) Debarment shall be for a period commensurate with the seriousness of the cause(s). Generally, debarment should not exceed 3 years, except that-

(i) Debarment for violation of the provisions of [41 U.S.C. chapter 81](#), Drug-Free Workplace (see [26.505](#)) may be for a period not to exceed 5 years;

(ii) Debarments under [9.406-2\(b\)\(2\)](#) shall be for 1 year unless extended pursuant to paragraph (b) of this section; and

(iii) Debarments under [9.406-2\(b\)\(1\)\(vii\)](#) shall be for a period of not less than 2 years, inclusive of any suspension period, if suspension precedes a debarment (see paragraph (a)(2) of this section).

(2) If suspension precedes a debarment, the suspension period shall be considered in determining the debarment period.

(b) The suspending and debarring official may extend the debarment for an additional period, if that official determines that an extension is necessary to protect the Government's interest. However, a debarment may not be extended solely on the basis of the facts and circumstances upon which the initial debarment action was based. Debarments under [9.406-2\(b\)\(2\)](#) may be extended for additional periods of one year if the Secretary of Homeland Security or the Attorney General determines that the contractor continues to be in violation of the employment provisions of the Immigration and Nationality Act. If debarment for an additional period is determined to be necessary, the procedures of [9.406-3](#) shall be followed to extend the debarment.

(c) The suspending and debarring official may reduce the period or extent of debarment, upon the contractor's request, supported by documentation, for reasons such as-

- (1) Newly discovered material evidence;
- (2) Reversal of the conviction or civil judgment upon which the debarment was based;
- (3) Bona fide change in ownership or management;
- (4) Elimination of other causes for which the debarment was imposed; or
- (5) Other reasons the the suspending and debarring official deems appropriate.

9.406-5 Scope of debarment.

(a) The fraudulent, criminal, or other seriously improper conduct of any officer, director, shareholder, partner, employee, or other individual associated with a contractor may be imputed to the contractor when the conduct occurred in connection with the individual's performance of duties for or on behalf of the contractor, or with the contractor's knowledge, approval, or acquiescence. The contractor's acceptance of the benefits derived from the conduct shall be evidence of such knowledge, approval, or acquiescence.

(b) The fraudulent, criminal, or other seriously improper conduct of a contractor may be imputed to any officer, director, shareholder, partner, employee, or other individual associated with the contractor who participated in, knew of, or had reason to know of the contractor's conduct.

(c) The fraudulent, criminal, or other seriously improper conduct of one contractor participating in a joint venture or similar arrangement may be imputed to other participating contractors if the conduct occurred for or on behalf of the joint venture or similar arrangement, or with the knowledge, approval, or acquiescence of these contractors. Acceptance of the benefits derived from the conduct shall be evidence of such knowledge, approval, or acquiescence.

9.407 Suspension.**9.407-1 General.**

(a) The suspending and debarring official may, in the public interest, suspend a contractor for any of the causes in [9.407-2](#), using the procedures in [9.407-3](#).

(b) (1) Suspension is a serious action to be imposed on the basis of adequate evidence, pending the completion of an investigation or legal proceedings, when it has been determined that immediate action is necessary to protect the Government's interest. In deciding whether immediate action is necessary to protect the Government's interest, the suspending and debarring official has wide discretion. The suspending and debarring official may infer the necessity for immediate action to protect the Government's interest either from the nature of the circumstances giving rise to a cause for suspension or from potential business relationships or involvement with a program of the Federal Government. In assessing the adequacy of the evidence, agencies should consider how much information is available, how credible it is given the circumstances, whether or not important allegations are corroborated, and what inferences can reasonably be drawn as a result. This assessment should include an examination of basic documents such as contracts, inspection reports, and correspondence. An indictment or other official findings by Federal, State, or local bodies that determine factual and/or legal matters, constitutes adequate evidence for purposes of suspension actions.

(2) The existence of a cause for suspension does not necessarily require that the contractor be suspended. The suspending and debarring official should consider the seriousness of the contractor's acts or omissions and may, but is not required to, consider remedial measures, mitigating factors, or aggravating factors, such as those in [9.406-1\(a\)](#). A contractor has the burden of promptly presenting to the suspending and debarring official evidence of remedial measures or mitigating factors when it has reason to know that a cause for suspension exists. The existence or nonexistence of any remedial measures or aggravating or mitigating factors is not necessarily determinative of a contractor's present responsibility.

(c) Suspension constitutes suspension of all divisions or other organizational elements of the contractor, unless the suspension decision is limited by its terms to specific divisions, organizational elements, or commodities. The suspending and debarring official may extend the suspension decision to include any affiliates of the contractor if they are-

(1) Specifically named; and

(2) Given written notice of the suspension and an opportunity to respond (see [9.407-3\(c\)](#)).

(d) A contractor's suspension shall be effective throughout the executive branch of the Government, unless the agency head or a designee (except see [26.505\(e\)](#)) states in writing the compelling reasons justifying continued business dealings between that agency and the contractor.

(e) (1) When the suspending and debarring official has authority to suspend contractors from both contracts pursuant to the Federal Acquisition Regulation in this chapter and contracts for the purchase of Federal personal property pursuant to Federal Management Regulation (FMR) in 41 CFR part 102-38, that official shall consider simultaneously suspending the contractor from the award of acquisition contracts and from the purchase of Federal personal property.

(2) When suspending a contractor from the award of acquisition contracts and from the purchase of Federal personal property, the suspension notice shall so indicate and the appropriate FAR and FMR citations shall be included.

9.407-2 Causes for suspension.

(a) The suspending and debarring official may suspend a contractor suspected, upon adequate evidence, of-

(1) Commission of fraud or a criminal offense in connection with-

(i) Obtaining;

(ii) Attempting to obtain; or

(iii) Performing a public contract or subcontract.

(2) Violation of Federal or State antitrust statutes relating to the submission of offers;

(3) Commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(4) Violations of [41 U.S.C. chapter 81](#), Drug-Free Workplace, as indicated by-

(i) Failure to comply with the requirements of the clause at [52.226-7](#), Drug-Free Workplace; or

(ii) Such a number of contractor employees convicted of violations of criminal drug statutes occurring in the workplace as to indicate that the contractor has failed to make a good faith effort to provide a drug-free workplace (see [26.504](#));

(5) Intentionally affixing a label bearing a "Made in America" inscription (or any inscription having the same meaning) to a product sold in or shipped to the United States or its outlying areas, when the product was not made in the United States or its outlying areas (see Section 202 of the Defense Production Act (Public Law 102-558));

(6) Commission of an unfair trade practice as defined in [9.403](#) (see section 201 of the Defense Production Act (Pub.L. 102-558));

(7) Delinquent Federal taxes in an amount that exceeds \$10,000. See the criteria at [9.406-2\(b\)\(1\)\(v\)](#) for determination of when taxes are delinquent;

(8) Knowing failure by a principal, until 3 years after final payment on any Government contract awarded to the contractor, to timely disclose to the Government, in connection with the award, performance, or closeout of the contract or a subcontract thereunder, credible evidence of-

(i) Violation of Federal criminal law involving fraud, conflict of interest, bribery, or gratuity violations found in Title 18 of the United States Code;

(ii) Violation of the civil False Claims Act ([31 U.S.C. 3729-3733](#)); or

(iii) Significant overpayment(s) on the contract, other than overpayments resulting from contract financing payments as defined in [32.001](#); or

(9) Determination of a false certification under [52.209-13](#), Violation of Arms Control Treaties or Agreements-Certification.

(10) Commission of any other offense indicating a lack of business integrity or business honesty that seriously and directly affects the present responsibility of a Government contractor or subcontractor.

(b) Indictment for any of the causes in paragraph (a) of this section constitutes adequate evidence for suspension.

(c) The suspending and debarring official may upon adequate evidence also suspend a contractor for any other cause of so serious or compelling a nature that it affects the present responsibility of a Government contractor or subcontractor.

9.407-3 Procedures.

(a) *Investigation and referral.* Agencies shall establish procedures for the prompt reporting, investigation, and referral to the suspending and debarring official of matters appropriate for that official's consideration.

(b) *Decision-making process.* (1) Agencies shall establish procedures governing the suspension decision-making process that are as informal as is practicable, consistent with principles of fundamental fairness. These procedures shall afford the contractor (and any specifically named affiliates) an opportunity, following the imposition of suspension, to submit, in person, in writing, or through a representative, information and argument in opposition to the suspension. If the suspending and debarring official extends the opportunity for the contractor to submit material in opposition, then the official should also give a deadline for submission of materials. The suspending and debarring official may use the flexible procedures in [9.406-3\(b\)\(1\)](#); if so, the suspending and debarring official should change the notice in paragraph (c)(5) of this section to include those flexible procedures.

(2) In actions not based on an indictment, if it is found that the contractor's submission in opposition raises a genuine dispute over facts material to the suspension and if no determination has been made, on the basis of advice from the Department of Justice, a U.S. Attorney's office, State attorney general's office, or a State or local prosecutor's office, that substantial interests of the Government in pending or contemplated legal proceedings based on the same facts as the suspension would be prejudiced, agencies shall also-

(i) Afford the contractor an opportunity to appear with counsel, submit documentary evidence, present witnesses, and confront any person the agency presents; and

(ii) Make a transcribed record of the proceedings and make it available at cost to the contractor upon request, unless the contractor and the agency, by mutual agreement, waive the requirement for a transcript.

(c) *Notice of suspension.* When a contractor and any specifically named affiliates are suspended, they shall be immediately advised using the procedures in [9.406-3\(c\)\(1\)](#) and (2)—

(1) That they have been suspended and that the suspension is based on an indictment or other adequate evidence that the contractor has committed irregularities—

(i) Of a serious nature in business dealings with the Government; or

(ii) Seriously reflecting on the propriety of further Government dealings with the contractor—any such irregularities shall be described in terms sufficient to place the contractor on notice without disclosing the Government's evidence;

(2) That the suspension is for a temporary period pending the completion of an investigation and such legal proceedings as may ensue;

(3) Of the cause(s) relied upon under [9.407-2](#) for imposing suspension;

- (4) Of the effect of the suspension;
- (5) That, within 30 days after receipt of the notice, the contractor may submit, in person, in writing, or through a representative, information and argument in opposition to the suspension, including any additional specific information that raises a genuine dispute over the material facts;
- (6) That additional proceedings to determine disputed material facts will be conducted unless—
 - (i) The action is based on an indictment; or
 - (ii) A determination is made, on the basis of advice by the Department of Justice, a U.S. Attorney's office, State attorney general's office, or a State or local prosecutor's office, that the substantial interests of the Government in pending or contemplated legal proceedings based on the same facts as the suspension would be prejudiced;
- (7) That, in addition to any information and argument in opposition to a suspension, the contractor must identify—
 - (i) Specific facts that contradict the statements contained in the notice of suspension. Include any information about any of the factors listed in [9.406-1\(a\)](#). A general denial is insufficient to raise a genuine dispute over facts material to the suspension;
 - (ii) All existing, proposed, or prior exclusions and all similar actions taken by Federal, State, or local agencies, including administrative agreements that affect only those agencies;
 - (iii) All criminal and civil proceedings not included in the notice of suspension that grew out of facts relevant to the cause(s) stated in the notice; and
 - (iv) All of the contractor's affiliates; and
- (8) That if the contractor fails to disclose the information in paragraph (c)(7) of this section or provides false information, the agency taking the action may seek further criminal, civil, or administrative action against the contractor, as appropriate.
- (d) *Suspending and debarring official's decision.* (1) The suspending and debarring official's decision shall be based on all the information in the administrative record, including any submission made by the contractor, for actions—
 - (i) Based on an indictment;
 - (ii) In which the contractor's submission does not raise a genuine dispute over material facts; or
 - (iii) In which additional proceedings to determine disputed material facts have been denied on the basis of advice from the Department of Justice, a U.S. Attorney's office, State attorney general's office, or a State or local prosecutor's office.
- (2) (i) In actions in which additional proceedings are necessary as to disputed material facts, written findings of fact shall be prepared. The suspending and debarring official shall base the decision on the facts as found, together with any information and argument submitted by the contractor and any other information in the administrative record.
- (ii) The suspending and debarring official may refer matters involving disputed material facts to another official for findings of fact. The suspending and debarring official may reject any such findings, in whole or in part, only after specifically determining them to be arbitrary and capricious or clearly erroneous.
- (iii) The suspending and debarring official's decision shall be made after the conclusion of the proceedings with respect to disputed facts.
- (3) The suspending and debarring official may modify or terminate the suspension or leave it in force (for example, see [9.406-4\(c\)](#) for the reasons for reducing the period or extent of debarment). However, a decision to modify or terminate the suspension shall be without prejudice to the subsequent imposition of—
 - (i) Suspension by any other agency; or
 - (ii) Debarment by any agency.
- (4) Prompt written notice of the suspending and debarring official's decision shall be sent to the contractor and any affiliates involved, using the procedures in [9.406-3\(c\)\(1\)](#) and (2).
- (e) *Administrative agreement.* (1) If the contractor enters into an administrative agreement with the Government in order to resolve a suspension or potential suspension proceeding, the suspending and debarring official shall access the website (available at <https://www.cpars.gov>, then select FAPIIS), enter the requested information, and upload documentation reflecting the administrative agreement.
- (2) The suspending and debarring official is responsible for the timely and accurate submission of documentation reflecting the administrative agreement. The submission should be made within 3 working days.
- (3) With regard to information that may be covered by a disclosure exemption under the Freedom of Information Act, the suspending and debarring official shall follow the procedures at [9.105-2\(b\)\(2\)\(iv\)](#).
- (f) *Voluntary exclusion.* (1) If the contractor enters into a voluntary exclusion with the Government in order to resolve a suspension or potential suspension proceeding, the suspending and debarring official shall access the website (available at <https://www.sam.gov>) and enter the requested information into the exclusions section of SAM (see [9.404\(c\)\(3\)](#)).

(2) The suspending and debarring official is responsible for the timely and accurate submission of documentation reflecting the voluntary exclusion. The submission should be made within 3 working days.

(3) Regarding information that may be covered by a disclosure exemption under the Freedom of Information Act, the suspending and debarring official shall follow the procedures at [9.105-2\(b\)\(2\)\(iv\)](#).

(g) *Pre-notice letter*. Prior to initiating a suspension, a pre-notice letter may be issued at the discretion of the agency suspending and debarring official. A pre-notice letter is not required to initiate suspension under this subpart. (See [9.403](#).)

9.407-4 Period of suspension.

(a) Suspension shall be for a temporary period pending the completion of an investigation and any ensuing legal proceedings, unless sooner terminated by the suspending and debarring official or as provided in this section.

(b) If legal proceedings are not initiated within 12 months after the date of the suspension notice, the suspension shall be terminated unless an office of a U.S. Assistant Attorney General, U.S. Attorney, or other responsible prosecuting official requests its extension, in which case it may be extended for an additional 6 months. In no event may a suspension extend beyond 18 months, unless legal proceedings have been initiated within that period.

(c) The suspending and debarring official shall notify the Department of Justice or other responsible prosecuting official of the proposed termination of the suspension, at least 30 days before the 12-month period expires, to give that official an opportunity to request an extension on the Government's behalf.

9.407-5 Scope of suspension.

The scope of suspension shall be the same as that for debarment (see [9.406-5](#)), except that the procedures of [9.407-3](#) shall be used in imposing suspension.

9.408 [Reserved]

9.409 Contract clause.

The contracting officer shall insert the clause at [52.209-6](#), Protecting the Government's Interest when Subcontracting with Contractors Debarred, Suspended, Proposed for Debarment, or Voluntarily Excluded, in solicitations and contracts where the contract value exceeds \$35,000.

This page intentionally left blank.

Subpart 9.5 - Organizational and Consultant Conflicts of Interest

9.500 Scope of subpart.

This subpart-

- (a) Prescribes responsibilities, general rules, and procedures for identifying, evaluating, and resolving organizational conflicts of interest;
- (b) Provides examples to assist contracting officers in applying these rules and procedures to individual contracting situations; and
- (c) Implements section 8141 of the 1989 Department of Defense Appropriation Act, Pub.L.100-463, 102 Stat.2270-47 (1988).

9.501 Definition.

Marketing consultant, as used in this subpart, means any independent contractor who furnishes advice, information, direction, or assistance to an offeror or any other contractor in support of the preparation or submission of an offer for a Government contract by that offeror. An independent contractor is not a marketing consultant when rendering-

- (1) Services excluded in [subpart 37.2](#);
- (2) Routine engineering and technical services (such as installation, operation, or maintenance of systems, equipment, software, components, or facilities);
- (3) Routine legal, actuarial, auditing, and accounting services; and
- (4) Training services.

9.502 Applicability.

(a) This subpart applies to contracts with either profit or nonprofit organizations, including nonprofit organizations created largely or wholly with Government funds.

(b) The applicability of this subpart is not limited to any particular kind of acquisition. However, organizational conflicts of interest are more likely to occur in contracts involving-

- (1) Management support services;
- (2) Consultant or other professional services;
- (3) Contractor performance of or assistance in technical evaluations; or
- (4) Systems engineering and technical direction work performed by a contractor that does not have overall contractual responsibility for development or production.

(c) An organizational conflict of interest may result when factors create an actual or potential conflict of interest on an instant contract, or when the nature of the work to be performed on the instant contract creates an actual or potential conflict of interest on a future acquisition. In the latter case, some restrictions on future activities of the contractor may be required.

(d) Acquisitions subject to unique agency organizational conflict of interest statutes are excluded from the requirements of this subpart.

9.503 Waiver.

The agency head or a designee may waive any general rule or procedure of this subpart by determining that its application in a particular situation would not be in the Government's interest. Any request for waiver must be in writing, shall set forth the extent of the conflict, and requires approval by the agency head or a designee. Agency heads shall not delegate waiver authority below the level of head of a contracting activity.

9.504 Contracting officer responsibilities.

(a) Using the general rules, procedures, and examples in this subpart, contracting officers shall analyze planned acquisitions in order to-

- (1) Identify and evaluate potential organizational conflicts of interest as early in the acquisition process as possible; and
- (2) Avoid, neutralize, or mitigate significant potential conflicts before contract award.

(b) Contracting officers should obtain the advice of counsel and the assistance of appropriate technical specialists in evaluating potential conflicts and in developing any necessary solicitation provisions and contract clauses (see [9.506](#)).

(c) Before issuing a solicitation for a contract that may involve a significant potential conflict, the contracting officer shall recommend to the head of the contracting activity a course of action for resolving the conflict (see [9.506](#)).

(d) In fulfilling their responsibilities for identifying and resolving potential conflicts, contracting officers should avoid creating unnecessary delays, burdensome information requirements, and excessive documentation. The contracting officer's judgment need be formally documented only when a substantive issue concerning potential organizational conflict of interest exists.

(e) The contracting officer shall award the contract to the apparent successful offeror unless a conflict of interest is determined to exist that cannot be avoided or mitigated. Before determining to withhold award based on conflict of interest considerations, the contracting officer shall notify the contractor, provide the reasons therefor, and allow the contractor a reasonable opportunity to respond. If the contracting officer finds that it is in the best interest of the United States to award the contract notwithstanding a conflict of interest, a request for waiver shall be submitted in accordance with [9.503](#). The waiver request and decision shall be included in the contract file.

9.505 General rules.

The general rules in [9.505-1](#) through [9.505-4](#) prescribe limitations on contracting as the means of avoiding, neutralizing, or mitigating organizational conflicts of interest that might otherwise exist in the stated situations. Some illustrative examples are provided in [9.508](#). Conflicts may arise in situations not expressly covered in this section [9.505](#) or in the examples in [9.508](#). Each individual contracting situation should be examined on the basis of its particular facts and the nature of the proposed contract. The exercise of common sense, good judgment, and sound discretion is required in both the decision on whether a significant potential conflict exists and, if it does, the development of an appropriate means for resolving it. The two underlying principles are-

- (a) Preventing the existence of conflicting roles that might bias a contractor's judgment; and
- (b) Preventing unfair competitive advantage. In addition to the other situations described in this subpart, an unfair competitive advantage exists where a contractor competing for award of any Federal contract possesses-
 - (1) Proprietary information that was obtained from a Government official without proper authorization; or
 - (2) Source selection information (as defined in [2.101](#)) that is relevant to the contract but is not available to all competitors, and such information would assist that contractor in obtaining the contract.

9.505-1 Providing systems engineering and technical direction.

(a) A contractor that provides systems engineering and technical direction for a system but does not have overall contractual responsibility for its development, its integration, assembly, and checkout, or its production shall not-

- (1) Be awarded a contract to supply the system or any of its major components; or
- (2) Be a subcontractor or consultant to a supplier of the system or any of its major components.

(b) Systems engineering includes a combination of substantially all of the following activities: determining specifications, identifying and resolving interface problems, developing test requirements, evaluating test data, and supervising design. Technical direction includes a combination of substantially all of the following activities: developing work statements, determining parameters, directing other contractors' operations, and resolving technical controversies. In performing these activities, a contractor occupies a highly influential and responsible position in determining a system's basic concepts and supervising their execution by other contractors. Therefore this contractor should not be in a position to make decisions favoring its own products or capabilities.

9.505-2 Preparing specifications or work statements.

(a) (1) If a contractor prepares and furnishes complete specifications covering nondevelopmental items, to be used in a competitive acquisition, that contractor shall not be allowed to furnish these items, either as a prime contractor or as a subcontractor, for a reasonable period of time including, at least, the duration of the initial production contract. The restriction in this paragraph (a)(1) shall not apply to-

(i) Contractors that furnish at Government request specifications or data regarding a product they provide, even though the specifications or data may have been paid for separately or in the price of the product; or

(ii) Situations in which contractors, acting as industry representatives, help Government agencies prepare, refine, or coordinate specifications, regardless of source, provided this assistance is supervised and controlled by Government representatives.

(2) If a single contractor drafts complete specifications for nondevelopmental equipment, it should be eliminated for a reasonable time from competition for production based on the specifications. This should be done in order to avoid a situation in which the contractor could draft specifications favoring its own products or capabilities. In this way the Government can

be assured of getting unbiased advice as to the content of the specifications and can avoid allegations of favoritism in the award of production contracts.

(3) In development work, it is normal to select firms that have done the most advanced work in the field. These firms can be expected to design and develop around their own prior knowledge. Development contractors can frequently start production earlier and more knowledgeably than firms that did not participate in the development, and this can affect the time and quality of production, both of which are important to the Government. In many instances the Government may have financed the development. Thus, while the development contractor has a competitive advantage, it is an unavoidable one that is not considered unfair; hence no prohibition should be imposed.

(b) (1) If a contractor prepares, or assists in preparing, a work statement to be used in competitively acquiring a system or services-or provides material leading directly, predictably, and without delay to such a work statement-that contractor may not supply the system, major components of the system, or the services unless-

(i) It is the sole source;

(ii) It has participated in the development and design work; or

(iii) More than one contractor has been involved in preparing the work statement.

(2) Agencies should normally prepare their own work statements. When contractor assistance is necessary, the contractor might often be in a position to favor its own products or capabilities. To overcome the possibility of bias, contractors are prohibited from supplying a system or services acquired on the basis of work statements growing out of their services, unless excepted in paragraph (b)(1) of this section.

(3) For the reasons given in paragraph (a)(3) of this section, no prohibitions are imposed on development and design contractors.

9.505-3 Providing evaluation services.

Contracts for the evaluation of offers for products or services shall not be awarded to a contractor that will evaluate its own offers for products or services, or those of a competitor, without proper safeguards to ensure objectivity to protect the Government's interests.

9.505-4 Obtaining access to proprietary information.

(a) When a contractor requires proprietary information from others to perform a Government contract and can use the leverage of the contract to obtain it, the contractor may gain an unfair competitive advantage unless restrictions are imposed. These restrictions protect the information and encourage companies to provide it when necessary for contract performance. They are not intended to protect information-

(1) Furnished voluntarily without limitations on its use; or

(2) Available to the Government or contractor from other sources without restriction.

(b) A contractor that gains access to proprietary information of other companies in performing advisory and assistance services for the Government must agree with the other companies to protect their information from unauthorized use or disclosure for as long as it remains proprietary and refrain from using the information for any purpose other than that for which it was furnished. The contracting officer shall obtain copies of these agreements and ensure that they are properly executed.

(c) Contractors also obtain proprietary and source selection information by acquiring the services of marketing consultants which, if used in connection with an acquisition, may give the contractor an unfair competitive advantage. Contractors should make inquiries of marketing consultants to ensure that the marketing consultant has provided no unfair competitive advantage.

9.506 Procedures.

(a) If information concerning prospective contractors is necessary to identify and evaluate potential organizational conflicts of interest or to develop recommended actions, contracting officers first should seek the information from within the Government or from other readily available sources. Government sources include the files and the knowledge of personnel within the contracting office, other contracting offices, the cognizant contract administration and audit activities and offices concerned with contract financing. Non-Government sources include publications and commercial services, such as credit rating services, trade and financial journals, and business directories and registers.

(b) If the contracting officer decides that a particular acquisition involves a significant potential organizational conflict of interest, the contracting officer shall, before issuing the solicitation, submit for approval to the chief of the contracting office (unless a higher level official is designated by the agency)-

- (1) A written analysis, including a recommended course of action for avoiding, neutralizing, or mitigating the conflict, based on the general rules in [9.505](#) or on another basis not expressly stated in that section;
- (2) A draft solicitation provision (see [9.507-1](#)); and
- (3) If appropriate, a proposed contract clause (see [9.507-2](#)).
- (c) The approving official shall-
 - (1) Review the contracting officer's analysis and recommended course of action, including the draft provision and any proposed clause;
 - (2) Consider the benefits and detriments to the Government and prospective contractors; and
 - (3) Approve, modify, or reject the recommendations in writing.
- (d) The contracting officer shall-
 - (1) Include the approved provision(s) and any approved clause(s) in the solicitation or the contract, or both;
 - (2) Consider additional information provided by prospective contractors in response to the solicitation or during negotiations; and
 - (3) Before awarding the contract, resolve the conflict or the potential conflict in a manner consistent with the approval or other direction by the head of the contracting activity.
- (e) If, during the effective period of any restriction (see [9.507](#)), a contracting office transfers acquisition responsibility for the item or system involved, it shall notify the successor contracting office of the restriction, and send a copy of the contract under which the restriction was imposed.

9.507 Solicitation provisions and contract clause.

9.507-1 Solicitation provisions.

As indicated in the general rules in [9.505](#), significant potential organizational conflicts of interest are normally resolved by imposing some restraint, appropriate to the nature of the conflict, upon the contractor's eligibility for future contracts or subcontracts. Therefore, affected solicitations shall contain a provision that-

- (a) Invites offerors' attention to this subpart;
- (b) States the nature of the potential conflict as seen by the contracting officer;
- (c) States the nature of the proposed restraint upon future contractor activities; and
- (d) Depending on the nature of the acquisition, states whether or not the terms of any proposed clause and the application of this subpart to the contract are subject to negotiation.

9.507-2 Contract clause.

(a) If, as a condition of award, the contractor's eligibility for future prime contract or subcontract awards will be restricted or the contractor must agree to some other restraint, the solicitation shall contain a proposed clause that specifies both the nature and duration of the proposed restraint. The contracting officer shall include the clause in the contract, first negotiating the clause's final terms with the successful offeror, if it is appropriate to do so (see [9.506\(d\)](#)).

(b) The restraint imposed by a clause shall be limited to a fixed term of reasonable duration, sufficient to avoid the circumstance of unfair competitive advantage or potential bias. This period varies. It might end, for example, when the first production contract using the contractor's specifications or work statement is awarded, or it might extend through the entire life of a system for which the contractor has performed systems engineering and technical direction. In every case, the restriction shall specify termination by a specific date or upon the occurrence of an identifiable event.

9.508 Examples.

The examples in paragraphs (a) through (i) of this section illustrate situations in which questions concerning organizational conflicts of interest may arise. They are not all inclusive, but are intended to help the contracting officer apply the general rules in [9.505](#) to individual contract situations.

(a) Company A agrees to provide systems engineering and technical direction for the Navy on the powerplant for a group of submarines (*i.e.*, turbines, drive shafts, propellers, etc.). Company A should not be allowed to supply any powerplant components. Company A can, however, supply components of the submarine unrelated to the powerplant (*e.g.*, fire control, navigation, etc.). In this example, the system is the powerplant, not the submarine, and the ban on supplying components is limited to those for the system only.

(b) Company A is the systems engineering and technical direction contractor for system X. After some progress, but before completion, the system is canceled. Later, system Y is developed to achieve the same purposes as system X, but in

a fundamentally different fashion. Company B is the systems engineering and technical direction contractor for system Y. Company A may supply system Y or its components.

(c) Company A develops new electronic equipment and, as a result of this development, prepares specifications. Company A may supply the equipment.

(d) XYZ Tool Company and PQR Machinery Company, representing the American Tool Institute, work under Government supervision and control to refine specifications or to clarify the requirements of a specific acquisition. These companies may supply the item.

(e) Before an acquisition for information technology is conducted, Company A is awarded a contract to prepare data system specifications and equipment performance criteria to be used as the basis for the equipment competition. Since the specifications are the basis for selection of commercial hardware, a potential conflict of interest exists. Company A should be excluded from the initial follow-on information technology hardware acquisition.

(f) Company A receives a contract to define the detailed performance characteristics an agency will require for purchasing rocket fuels. Company A has not developed the particular fuels. When the definition contract is awarded, it is clear to both parties that the agency will use the performance characteristics arrived at to choose competitively a contractor to develop or produce the fuels. Company A may not be awarded this follow-on contract.

(g) Company A receives a contract to prepare a detailed plan for scientific and technical training of an agency's personnel. It suggests a curriculum that the agency endorses and incorporates in its request for proposals to institutions to establish and conduct the training. Company A may not be awarded a contract to conduct the training.

(h) Company A is selected to study the use of lasers in communications. The agency intends to ask that firms doing research in the field make proprietary information available to Company A. The contract must require Company A to-

(1) Enter into agreements with these firms to protect any proprietary information they provide; and

(2) Refrain from using the information in supplying lasers to the Government or for any purpose other than that for which it was intended.

(i) An agency that regulates an industry wishes to develop a system for evaluating and processing license applications. Contractor X helps develop the system and process the applications. Contractor X should be prohibited from acting as a consultant to any of the applicants during its period of performance and for a reasonable period thereafter.

Subpart 9.6 - Contractor Team Arrangements

9.601 Definition.

Contractor team arrangement, as used in this subpart, means an arrangement in which-

- (1) Two or more companies form a partnership or joint venture to act as a potential prime contractor; or
- (2) A potential prime contractor agrees with one or more other companies to have them act as its subcontractors under a specified Government contract or acquisition program.

9.602 General.

(a) Contractor team arrangements may be desirable from both a Government and industry standpoint in order to enable the companies involved to-

- (1) Complement each other's unique capabilities; and
- (2) Offer the Government the best combination of performance, cost, and delivery for the system or product being acquired.

(b) Contractor team arrangements may be particularly appropriate in complex research and development acquisitions, but may be used in other appropriate acquisitions, including production.

(c) The companies involved normally form a contractor team arrangement before submitting an offer. However, they may enter into an arrangement later in the acquisition process, including after contract award.

9.603 Policy.

The Government will recognize the integrity and validity of contractor team arrangements; *provided*, the arrangements are identified and company relationships are fully disclosed in an offer or, for arrangements entered into after submission of an offer, before the arrangement becomes effective. The Government will not normally require or encourage the dissolution of contractor team arrangements.

9.604 Limitations.

Nothing in this subpart authorizes contractor team arrangements in violation of antitrust statutes or limits the Government's rights to-

- (a) Require consent to subcontracts (see [subpart 44.2](#));
- (b) Determine, on the basis of the stated contractor team arrangement, the responsibility of the prime contractor (see [subpart 9.1](#));
- (c) Provide to the prime contractor data rights owned or controlled by the Government;
- (d) Pursue its policies on competitive contracting, subcontracting, and component breakout after initial production or at any other time; and
- (e) Hold the prime contractor fully responsible for contract performance, regardless of any team arrangement between the prime contractor and its subcontractors.

This page intentionally left blank.

Subpart 9.7 - Defense Production Pools and Research and Development Pools

9.701 Definition.

Pool, as used in this subpart, means a group of concerns (see [19.001](#)) that have-

- (1) Associated together in order to obtain and perform, jointly or in conjunction with each other, defense production or research and development contracts;
- (2) Entered into an agreement governing their organization, relationship, and procedures; and
- (3) Obtained approval of the agreement by either-
 - (i) The Small Business Administration (SBA) under section 9 or 11 of the Small Business Act ([15 U.S.C.638](#) or 640) (see 13 CFR125); or
 - (ii) A designated official under PartV of Executive Order10480, August 14,1953 (18 FR4939, August 20,1953) and section 708 of the Defense Production Act of1950 (50 U.S.C. App.2158).

9.702 Contracting with pools.

- (a) Except as specified in this subpart, a pool shall be treated the same as any other prospective or actual contractor.
- (b) The contracting officer shall not award a contract to a pool unless the offer leading to the contract is submitted by the pool in its own name or by an individual pool member expressly stating that the offer is on behalf of the pool.
- (c) Upon receipt of an offer submitted by a group representing that it is a pool, the contracting officer shall verify its approved status with the SBA District Office Director or other approving agency and document the contract file that the verification was made.
- (d) Pools approved by the SBA under the Small Business Act are entitled to the preferences and privileges accorded to small business concerns. Approval under the Defense Production Act does not confer these preferences and privileges.
- (e) Before awarding a contract to an unincorporated pool, the contracting officer shall require each pool member participating in the contract to furnish a certified copy of a power of attorney identifying the agent authorized to sign the offer or contract on that member's behalf. The contracting officer shall attach a copy of each power of attorney to each signed copy of the contract retained by the Government.

9.703 Contracting with individual pool members.

- (a) Pool members may submit individual offers, independent of the pool. However, the contracting officer shall not consider an independent offer by a pool member if that pool member participates in a competing offer submitted by the pool.
- (b) If a pool member submits an individual offer, independent of the pool, the contracting officer shall consider the pool agreement, along with other factors, in determining whether that pool member is a responsible prospective contractor under [subpart 9.1](#).

PART 10 - MARKET RESEARCH

Sec.

10.000 Scope of part.
10.001 Policy.

10.002 Procedures.
10.003 Contract clause.

This page intentionally left blank.

10.000 Scope of part.

This part prescribes policies and procedures for conducting market research to arrive at the most suitable approach to acquiring, distributing, and supporting supplies and services. This part implements the requirements of [41 U.S.C. 3306\(a\)\(1\)](#), [41 U.S.C. 3307](#), [10 U.S.C. 3453](#), and [6 U.S.C. 796](#).

10.001 Policy.

(a) Agencies shall—

- (1) Ensure that legitimate needs are identified and trade-offs evaluated to acquire items that meet those needs;
- (2) Conduct market research appropriate to the circumstances—
 - (i) Before developing new requirements documents for an acquisition by that agency;
 - (ii) Before soliciting offers for acquisitions with an estimated value in excess of the simplified acquisition threshold;
 - (iii) Before soliciting offers for acquisitions with an estimated value less than the simplified acquisition threshold when adequate information is not available and the circumstances justify its cost;
 - (iv) Before soliciting offers for acquisitions that could lead to consolidation or bundling ([15 U.S.C. 644\(e\)\(2\)\(A\)](#)) and [15 U.S.C. 657q](#));
 - (v) Before awarding a task or delivery order under an indefinite-delivery/indefinite-quantity (ID/IQ) contract (e.g., GWACs, MACs) for other than a commercial product or commercial service in excess of the simplified acquisition threshold ([10 U.S.C. 3453\(c\)](#)); and
 - (vi) On an ongoing basis, take advantage (to the maximum extent practicable) of commercially available market research methods in order to effectively identify the capabilities of small businesses and new entrants into Federal contracting that are available in the marketplace for meeting the requirements of the agency in furtherance of—
 - (A) A contingency operation or defense against or recovery from cyber, nuclear, biological, chemical, or radiological attack; and
 - (B) Disaster relief to include debris removal, distribution of supplies, reconstruction, and other disaster or emergency relief activities (See [26.205](#)); and
- (3) Use the results of market research to—
 - (i) Determine if sources capable of satisfying the agency's requirements exist;
 - (ii) Determine if commercial products or commercial services, or, to the extent commercial products suitable to meet the agency's needs are not available, nondevelopmental items are available that—
 - (A) Meet the agency's requirements;
 - (B) Could be modified to meet the agency's requirements; or
 - (C) Could meet the agency's requirements if those requirements were modified to a reasonable extent;
 - (iii) Determine the extent to which commercial products, or nondevelopmental items could be incorporated at the component level;
 - (iv) Determine the practices of firms engaged in producing, distributing, and supporting commercial products or commercial services, such as type of contract, terms for warranties, buyer financing, maintenance and packaging, and marking;
 - (v) Ensure maximum practicable use of sustainable products and services (as defined in [2.101](#)) in accordance with [subpart 23.1](#);
 - (vi) Determine whether consolidation is necessary and justified (see [7.107-2](#)) ([15 U.S.C. 657q](#));
 - (vii) Determine whether bundling is necessary and justified (see [7.107-3](#)) ([15 U.S.C. 644\(e\)\(2\)\(A\)](#));
 - (viii) Determine whether the acquisition should utilize any of the small business programs in accordance with [part 19](#); and
 - (ix) Assess the availability of supplies or services that meet all or part of the applicable information and communication technology accessibility standards at [36 CFR 1194.1](#) (see [subpart 39.2](#)).
- (b) When conducting market research, agencies should not request potential sources to submit more than the minimum information necessary.
- (c) If an agency contemplates consolidation or bundling, the agency—
 - (1) When performing market research, should consult with the agency small business specialist and the local Small Business Administration procurement center representative (PCR). If a PCR is not assigned, see [19.402\(a\)](#); and
 - (2) Shall notify any affected incumbent small business concerns of the Government's intention to bundle the requirement and how small business concerns may contact the appropriate Small Business Administration procurement center representative (see [7.107-5\(a\)](#)).

(d) See [10.003](#) for the requirement for a prime contractor to perform market research in contracts in excess of \$6 million, other than contracts for the acquisition of commercial products or commercial services (section 826 of Pub. L. 110-181).

10.002 Procedures.

(a) Acquisitions begin with a description of the Government's needs stated in terms sufficient to allow conduct of market research.

(b) Market research is then conducted to determine if commercial products, commercial services, or nondevelopmental items are available to meet the Government's needs or could be modified to meet the Government's needs.

(1) The extent of market research will vary, depending on such factors as urgency, estimated dollar value, complexity, and past experience. The contracting officer may use market research conducted within 18 months before the award of any task or delivery order if the information is still current, accurate, and relevant. Market research involves obtaining information specific to the product or service being acquired and should include-

(i) Whether the Government's needs can be met by-

(A) Products or services of a type customarily available in the commercial marketplace;

(B) Products or services of a type customarily available in the commercial marketplace with modifications; or

(C) Products or services used exclusively for governmental purposes;

(ii) Customary practices regarding customizing, modifying or tailoring of products or services to meet customer needs and associated costs;

(iii) Customary practices, including warranty, buyer financing, discounts, contract type considering the nature and risk associated with the requirement, etc., under which commercial sales of the products or services are made;

(iv) The requirements of any laws and regulations unique to the item being acquired;

(v) The availability of items that contain recovered materials and items that are energy efficient;

(vi) The distribution and support capabilities of potential suppliers, including alternative arrangements and cost estimates; and

(vii) Whether the Government's needs can be met by small business concerns that will likely submit a competitive offer at fair market prices (see [part 19](#)).

(2) Techniques for conducting market research may include any or all of the following:

(i) Contacting knowledgeable individuals in Government and industry regarding market capabilities to meet requirements.

(ii) Reviewing the results of recent market research undertaken to meet similar or identical requirements.

(iii) Publishing formal requests for information in appropriate technical or scientific journals or business publications.

(iv) Querying the Governmentwide database of contracts and other procurement instruments intended for use by multiple agencies available at <https://www.contractdirectory.gov/contractdirectory/> and other Government and commercial databases that provide information relevant to agency acquisitions.

(v) Participating in interactive, on-line communication among industry, acquisition personnel, and customers.

(vi) Obtaining source lists of similar items from other contracting activities or agencies, trade associations or other sources.

(vii) Reviewing catalogs and other generally available product literature published by manufacturers, distributors, and dealers or available on-line.

(viii) Conducting interchange meetings or holding presolicitation conferences to involve potential offerors early in the acquisition process.

(ix) Reviewing systems such as the System for Award Management, the Federal Procurement Data System, and the Small Business Administration's Dynamic Small Business Search.

(c) If market research indicates commercial products, commercial services, or nondevelopmental items might not be available to satisfy agency needs, agencies shall reevaluate the need in accordance with [10.001\(a\)\(3\)\(ii\)](#) and determine whether the need can be restated to permit commercial products, commercial services, or nondevelopmental items to satisfy the agency's needs.

(d) (1) If market research establishes that the Government's need may be met by a type of product or service customarily available in the commercial marketplace that would meet the definition of a commercial product or commercial service at [subpart 2.1](#), the contracting officer shall solicit and award any resultant contract using the policies and procedures in [part 12](#).

(2) If market research establishes that the Government's need cannot be met by a type of item or service customarily available in the marketplace, [part 12](#) shall not be used. When publication of the notice at [5.201](#) is required, the contracting officer shall include a notice to prospective offerors that the Government does not intend to use [part 12](#) for the acquisition.

(e) The head of the agency shall document the results of market research in a manner appropriate to the size and complexity of the acquisition.

10.003 Contract clause.

The contracting officer shall insert the clause at [52.210-1](#), Market Research, in solicitations and contracts over \$6 million, other than solicitations and contracts for the acquisition of commercial products or commercial services.

This page intentionally left blank.

11.000 Scope of part.

This part prescribes policies and procedures for describing agency needs.

11.001 Definitions.

As used in this part-

Reconditioned means restored to the original normal operating condition by readjustments and material replacement.

Remanufactured means factory rebuilt to original specifications.

11.002 Policy.

(a) In fulfilling requirements of [10 U.S.C. 3206\(a\)](#), [10 U.S.C. 3453](#), [41 U.S.C. 3306\(a\)](#), and [41 U.S.C. 3307](#), agencies shall-

(1) Specify needs using market research in a manner designed to-

(i) Promote full and open competition (see [part 6](#)), or maximum practicable competition when using simplified acquisition procedures, with due regard to the nature of the supplies or services to be acquired; and

(ii) Only include restrictive provisions or conditions to the extent necessary to satisfy the needs of the agency or as authorized by law.

(2) To the maximum extent practicable, ensure that acquisition officials-

(i) State requirements with respect to an acquisition of supplies or services in terms of-

(A) Functions to be performed;

(B) Performance required; or

(C) Essential physical characteristics;

(ii) Define requirements in terms that enable and encourage offerors to supply commercial products or commercial services or, to the extent that commercial products suitable to meet the agency's needs are not available, nondevelopmental items, in response to the agency solicitations;

(iii) Provide offerors of commercial products, commercial services, and nondevelopmental items an opportunity to compete in any acquisition to fill such requirements;

(iv) Require prime contractors and subcontractors at all tiers under the agency contracts to incorporate commercial products, commercial services, or nondevelopmental items as components of items supplied to the agency; and

(v) Modify requirements in appropriate cases to ensure that the requirements can be met by commercial products or commercial services or, to the extent that commercial products suitable to meet the agency's needs are not available, nondevelopmental items.

(b) The Metric Conversion Act of 1975, as amended by the Omnibus Trade and Competitiveness Act of 1988 ([15 U.S.C. 205a, et seq.](#)), designates the metric system of measurement as the preferred system of weights and measures for United States trade and commerce, and it requires that each agency use the metric system of measurement in its acquisitions, except to the extent that such use is impracticable or is likely to cause significant inefficiencies or loss of markets to United States firms. Requiring activities are responsible for establishing guidance implementing this policy in formulating their requirements for acquisitions.

(c) To the extent practicable and consistent with [subpart 9.5](#), potential offerors should be given an opportunity to comment on agency requirements or to recommend application and tailoring of requirements documents and alternative approaches. Requiring agencies should apply specifications, standards, and related documents initially for guidance only, making final decisions on the application and tailoring of these documents as a product of the design and development process. Requiring agencies should not dictate detailed design solutions prematurely (see [7.101](#) and [7.105\(a\)\(8\)](#)).

(d) (1) Agencies shall procure sustainable products and services (as defined in [2.101](#)) in accordance with subpart [23.1](#).

(2) Unless it is not practicable (see [23.104\(a\)](#)) or an exception or exemption applies (see [23.105](#) and [23.106](#), respectively), agencies shall incorporate the use of sustainable products and services when—

(i) Developing, reviewing, or revising Federal and military specifications, product descriptions (including commercial item descriptions) and standards;

(ii) Describing Government requirements for products and services; and

(iii) Developing source-selection factors.

(3) The Green Procurement Compilation (GPC) available at <https://sftool.gov/greenprocurement> provides a comprehensive list of sustainable products and services and other related sustainable acquisition guidance. Agencies should

(i) Consult the GPC when determining which purchasing programs apply to a specific product or service; and

(ii) Incorporate into agency requirements any required standards, specifications, or ecolabels identified in the GPC for a specific product or service.

(e) Some or all of the performance levels or performance specifications in a solicitation may be identified as targets rather than as fixed or minimum requirements.

(f) In accordance with section 508 of the Rehabilitation Act of 1973 ([29 U.S.C. 794d](#)), the contracting officer shall obtain from the requiring activity the requirement documents, which must identify—

(1) The needs of current and future users with disabilities to determine how—

(i) Users with disabilities will perform the functions supported by the information and communication technology (ICT);

(ii) The ICT will be developed, installed, configured and maintained to support users with disabilities;

(2) The applicable ICT accessibility standards (see [subpart 39.2](#)); and

(3) Any ICT accessibility standards that cannot be met due to an exception or an exemption for any component or portion of the product (see [7.105\(b\)\(5\)\(iv\)](#), [39.204](#), and [39.205](#)).

(g) Unless the agency Chief Information Officer waives the requirement, when acquiring information technology using Internet Protocol, the requirements documents must include reference to the appropriate technical capabilities defined in the USGv6 Profile (NIST Special Publication 500-267) and the corresponding declarations of conformance defined in the USGv6 Test Program. The applicability of IPv6 to agency networks, infrastructure, and applications specific to individual acquisitions will be in accordance with the agency's Enterprise Architecture (see OMB Memorandum M-05-22 dated August 2, 2005).

(h) Agencies shall not include in a solicitation a requirement that prohibits an offeror from permitting its employees to telecommute unless the contracting officer executes a written determination in accordance with FAR [7.108\(a\)](#).

Subpart 11.1 - Selecting and Developing Requirements Documents

11.101 Order of precedence for requirements documents.

(a) Agencies may select from existing requirements documents, modify or combine existing requirements documents, or create new requirements documents to meet agency needs, consistent with the following order of precedence:

(1) Documents mandated for use by law.

(2) Performance-oriented documents (*e.g.*, a PWS or SOO). (See [2.101](#).)

(3) Detailed design-oriented documents.

(4) Standards, specifications and related publications issued by the Government outside the Defense or Federal series for the non-repetitive acquisition of items.

(b) In accordance with OMB Circular A-119, "Federal Participation in the Development and Use of Voluntary Consensus Standards and in Conformity Assessment Activities," and Section 12(d) of the National Technology Transfer and Advancement Act of 1995, Pub. L. 104-113 ([15 U.S.C. 272](#) note), agencies must use voluntary consensus standards, when they exist, in lieu of Government-unique standards, except where inconsistent with law or otherwise impractical. The private sector manages and administers voluntary consensus standards. Such standards are not mandated by law (*e.g.*, industry standards such as ISO 9000, and IEEE 1680).

11.102 Standardization program.

Agencies shall select existing requirements documents or develop new requirements documents that meet the needs of the agency in accordance with the guidance contained in the Federal Standardization Manual, FSPM-0001; for DoD components, DoD Manual 4120.24, Defense Standardization Program (DSP) Procedures; and for IT standards and guidance, the Federal Information Processing Standards Publications (FIPS PUBS). The Federal Standardization Manual may be obtained from the General Services Administration (see address in [11.201\(d\)\(1\)](#)). DoD Manual 4120.24 may be obtained from DoD (<https://www.esd.whs.mil/Directives/Issuances/dodm> or see [11.201\(d\)\(2\)](#) or (3)). FIPS PUBS may be obtained from the Government Publishing Office (GPO), or the Department of Commerce's National Technical Information Service (NTIS) (see address in [11.201\(d\)\(4\)](#)).

11.103 Market acceptance.

(a) [41 U.S.C. 3307\(e\)](#) provides that, in accordance with agency procedures, the head of an agency may, under appropriate circumstances, require offerors to demonstrate that the items offered-

(1) Have either-

- (i) Achieved commercial market acceptance; or
 - (ii) Been satisfactorily supplied to an agency under current or recent contracts for the same or similar requirements;
- and
- (2) Otherwise meet the item description, specifications, or other criteria prescribed in the public notice and solicitation.
- (b) Appropriate circumstances may, for example, include situations where the agency's minimum need is for an item that has a demonstrated reliability, performance or product support record in a specified environment. Use of market acceptance is inappropriate when new or evolving items may meet the agency's needs.
- (c) In developing criteria for demonstrating that an item has achieved commercial market acceptance, the contracting officer shall ensure the criteria in the solicitation-
- (1) Reflect the minimum need of the agency and are reasonably related to the demonstration of an item's acceptability to meet the agency's minimum need;
 - (2) Relate to an item's performance and intended use, not an offeror's capability;
 - (3) Are supported by market research;
 - (4) Include consideration of items supplied satisfactorily under recent or current Government contracts, for the same or similar items; and
 - (5) Consider the entire relevant commercial market, including small business concerns.
- (d) Commercial market acceptance shall not be used as a sole criterion to evaluate whether an item meets the Government's requirements.
- (e) When commercial market acceptance is used, the contracting officer shall document the file to-
- (1) Describe the circumstances justifying the use of commercial market acceptance criteria; and
 - (2) Support the specific criteria being used.

11.104 Use of brand name or equal purchase descriptions.

- (a) While the use of performance specifications is preferred to encourage offerors to propose innovative solutions, the use of brand name or equal purchase descriptions may be advantageous under certain circumstances.
- (b) Brand name or equal purchase descriptions must include, in addition to the brand name, a general description of those salient physical, functional, or performance characteristics of the brand name item that an "equal" item must meet to be acceptable for award. Use brand name or equal descriptions when the salient characteristics are firm requirements.

11.105 Items peculiar to one manufacturer.

Agency requirements shall not be written so as to require a particular brand name, product, or a feature of a product, peculiar to one manufacturer, thereby precluding consideration of a product manufactured by another company, unless-

- (a) (1) The particular brand name, product, or feature is essential to the Government's requirements, and market research indicates other companies' similar products, or products lacking the particular feature, do not meet, or cannot be modified to meet, the agency's needs;
- (2) (i) The authority to contract without providing for full and open competition is supported by the required justifications and approvals (see [6.302-1](#)); or
- (ii) The basis for not providing for maximum practicable competition is documented in the file (see [13.106-1\(b\)](#)) or justified (see [13.501](#)) when the acquisition is awarded using simplified acquisition procedures.
- (3) The documentation or justification is posted for acquisitions over \$25,000. (See [5.102\(a\)\(6\)](#).)
- (b) For multiple award schedule orders, see [8.405-6](#).
- (c) For orders under indefinite-quantity contracts, see [16.505\(a\)\(4\)](#).

11.106 Purchase descriptions for service contracts.

In drafting purchase descriptions for service contracts, agency requiring activities shall ensure that inherently governmental functions (see [subpart 7.5](#)) are not assigned to a contractor. These purchase descriptions shall-

- (a) Reserve final determination for Government officials;
- (b) Require proper identification of contractor personnel who attend meetings, answer Government telephones, or work in situations where their actions could be construed as acts of Government officials unless, in the judgment of the agency, no harm can come from failing to identify themselves; and
- (c) Require suitable marking of all documents or reports produced by contractors.

11.107 Solicitation provision.

(a) Insert the provision at [52.211-6](#), Brand Name or Equal, when brand name or equal purchase descriptions are included in a solicitation.

(b) Insert the provision at [52.211-7](#), Alternatives to Government-Unique Standards, in solicitations that use Government-unique standards when the agency uses the transaction-based reporting method to report its use of voluntary consensus standards to the National Institute of Standards and Technology (see OMB Circular A-119, "Federal Participation in the Development and Use of Voluntary Consensus Standards and in Conformity Assessment Activities"). Use of the provision is optional for agencies that report their use of voluntary consensus standards to the National Institute of Standards and Technology using the categorical reporting method. Agencies that manage their specifications on a contract-by-contract basis use the transaction-based method of reporting. Agencies that manage their specifications centrally use the categorical method of reporting. Agency regulations regarding specification management describe which method is used.

Subpart 11.2 - Using and Maintaining Requirements Documents

11.201 Identification and availability of specifications.

(a) Solicitations citing requirements documents listed in the General Services Administration (GSA) Index of Federal Specifications, Standards and Commercial Item Descriptions, available on the DoD Acquisition Streamlining and Standardization Information System (ASSIST) website, or listed in other agency index shall identify each document's approval date and the dates of any applicable amendments and revisions. Do not use general identification references, such as "the issue in effect on the date of the solicitation." Contracting offices will not normally furnish these cited documents with the solicitation, except when—

(1) The requirements document must be furnished with the solicitation to enable prospective contractors to make a competent evaluation of the solicitation;

(2) In the judgment of the contracting officer, it would be impracticable for prospective contractors to obtain the documents in reasonable time to respond to the solicitation; or

(3) A prospective contractor requests a copy of a Government promulgated requirements document.

(b) Contracting offices shall clearly identify in the solicitation any pertinent documents not listed in the GSA Index of Federal Specifications, Standards and Commercial Item Descriptions or ASSIST. Such documents shall be furnished with the solicitation or specific instructions shall be furnished for obtaining or examining such documents.

(c) When documents refer to other documents, such references shall—

(1) Be restricted to documents, or appropriate portions of documents, that apply in the acquisition;

(2) Cite the extent of their applicability;

(3) Not conflict with other documents and provisions of the solicitation; and

(4) Identify all applicable first tier references.

(d) (1) The GSA Index of Federal Specifications, Standards and Commercial Item Descriptions, FPMR Part 101–29, may be viewed at the ASSIST website at <https://assist.dla.mil>.

(2) Most unclassified Defense specifications and standards may be downloaded from the ASSIST website at <https://assist.dla.mil>.

(3) Defense documents not available from the ASSIST website may be ordered from the Defense Standardization Program Office by—

(i) Using the ASSIST feedback module at <https://assist.dla.mil/feedback>; or

(ii) Contacting the Defense Standardization Program Office by telephone at 571–767–6888 or email at assisthelp@dlamail.

(4) The FIPS PUBS may be obtained from—

<http://www.itl.nist.gov/fipspubs/>, or purchased from the—

Superintendent of Documents, U.S. Government Publishing Office, Washington, DC 20402, Telephone (202) 512-1800, Facsimile (202) 512-2250; or

National Technical Information Service (NTIS), 5285 Port Royal Road, Springfield, VA 22161, Telephone (703) 605-6000, Facsimile (703) 605-6900, Email: orders@ntis.gov.

(e) Agencies may purchase some nongovernment standards, including voluntary consensus standards, from the National Technical Information Service's Fedworld Information Network. Agencies may also obtain nongovernment standards from the standards developing organization responsible for the preparation, publication, or maintenance of the standard, or from an authorized document reseller. The National Institute of Standards and Technology can assist agencies in identifying sources for, and content of, nongovernment standards. DoD activities may obtain from the Defense Standardization Program Office those nongovernment standards, including voluntary consensus standards, adopted for use by defense activities.

11.202 Maintenance of standardization documents.

(a) Recommendations for changes to standardization documents listed in the GSA Index of Federal Specifications, Standards and Commercial Item Descriptions should be submitted to the—

General Services Administration Federal Supply Service Office of Acquisition Washington, DC 20406.

Agencies shall submit recommendations for changes to standardization documents available at the ASSIST website to the cognizant preparing activity.

(b) When an agency cites an existing standardization document but modifies it to meet its needs, the agency shall follow the guidance in Federal Standardization Manual and, for Defense components, DoD Manual 4120.24, Defense Standardization Program (DSP) Procedures.

11.203 Customer satisfaction.

Acquisition organizations shall communicate with customers to determine how well the requirements document reflects the customer's needs and to obtain suggestions for corrective actions. Whenever practicable, the agency may provide affected industry an opportunity to comment on the requirements documents.

11.204 Solicitation provisions.

(a) The contracting officer shall insert the provision at [52.211-1](#), Availability of Specifications Listed in the GSA Index of Federal Specifications, Standards and Commercial Item Descriptions, FPMR Part 101-29, in solicitations that cite specifications listed in the Index that are not furnished with the solicitation.

(b) The contracting officer shall insert the provision at [52.211-2](#), Availability of Defense Specifications, Standards, and Data Item Descriptions in the Acquisition Streamlining and Standardization Information System (ASSIST) website, in solicitations that cite specifications available in ASSIST that are not furnished with the solicitation.

(c) The contracting officer shall insert a provision substantially the same as the provision at [52.211-3](#), Availability of Specifications Not Listed in the GSA Index of Federal Specifications, Standards and Commercial Item Descriptions, in solicitations that cite specifications that are not listed in the Index and are not furnished with the solicitation, but may be obtained from a designated source.

(d) The contracting officer shall insert a provision substantially the same as the provision at [52.211-4](#), Availability for Examination of Specifications Not Listed in the GSA Index of Federal Specifications, Standards and Commercial Item Descriptions, in solicitations that cite specifications that are not listed in the Index and are available for examination at a specified location.

Subpart 11.3 - Acceptable Material

11.301 Policy.

(a) Agencies must not require virgin material or supplies composed of or manufactured using virgin material unless compelled by law or regulation or unless virgin material is vital for safety or meeting performance requirements of the contract.

(b) (1) When acquiring products other than commercial products as defined in [2.101](#), agencies must require offerors to identify used, reconditioned, or remanufactured supplies; or unused former Government surplus property proposed for use under the contract. These supplies or property may not be used in contract performance unless authorized by the contracting officer.

(2) When acquiring commercial products, the contracting officer must consider the customary practices in the industry for the product being acquired. The contracting officer may require offerors to provide information on used, reconditioned, or remanufactured supplies, or unused former Government surplus property proposed for use under the contract. The request for the information must be included in the solicitation, and to the maximum extent practicable must be limited to information or standards consistent with normal commercial practices.

(c) (1) When the contracting officer needs additional information to determine whether supplies meet minimum recovered material or biobased standards stated in the solicitation, the contracting officer may require offerors to submit additional information on the recycled or biobased content or related standards. The request for the information must be included in the solicitation. When acquiring commercial products, limit the information to the maximum extent practicable to that available under normal commercial practices.

(2) For biobased products, agencies may not require, as a condition of purchase of such products, the vendor or manufacturer to provide more data than would typically be provided by other business entities offering products for sale to the agency, other than data confirming the biobased content of a product (see 7 CFR 3201.8).

11.302 Contract clause.

Insert the clause at [52.211-5](#), Material Requirements, in solicitations and contracts for supplies that are not commercial products.

This page intentionally left blank.

Subpart 11.4 - Delivery or Performance Schedules

11.401 General.

(a) The time of delivery or performance is an essential contract element and shall be clearly stated in solicitations. Contracting officers shall ensure that delivery or performance schedules are realistic and meet the requirements of the acquisition. Schedules that are unnecessarily short or difficult to attain-

- (1) Tend to restrict competition,
- (2) Are inconsistent with small business policies, and
- (3) May result in higher contract prices.

(b) Solicitations shall, except when clearly unnecessary, inform bidders or offerors of the basis on which their bids or proposals will be evaluated with respect to time of delivery or performance.

(c) If timely delivery or performance is unusually important to the Government, liquidated damages clauses may be used (see [subpart 11.5](#)).

11.402 Factors to consider in establishing schedules.

(a) *Supplies or services.* When establishing a contract delivery or performance schedule, consideration shall be given to applicable factors such as the-

- (1) Urgency of need;
- (2) Industry practices;
- (3) Market conditions;
- (4) Transportation time;
- (5) Production time;
- (6) Capabilities of small business concerns;
- (7) Administrative time for obtaining and evaluating offers and for awarding contracts;
- (8) Time for contractors to comply with any conditions precedent to contract performance; and
- (9) Time for the Government to perform its obligations under the contract; *e.g.*, furnishing Government property.

(b) *Construction.* When scheduling the time for completion of a construction contract, the contracting officer shall consider applicable factors such as the-

- (1) Nature and complexity of the project;
- (2) Construction seasons involved;
- (3) Required completion date;
- (4) Availability of materials and equipment;
- (5) Capacity of the contractor to perform; and
- (6) Use of multiple completion dates. (In any given contract, separate completion dates may be established for separable items of work. When multiple completion dates are used, requests for extension of time must be evaluated with respect to each item, and the affected completion dates modified when appropriate.)

11.403 Supplies or services.

(a) The contracting officer may express contract delivery or performance schedules in terms of-

- (1) Specific calendar dates;
- (2) Specific periods from the date of the contract; *i.e.*, from the date of award or acceptance by the Government, or from the date shown as the effective date of the contract;
- (3) Specific periods from the date of receipt by the contractor of the notice of award or acceptance by the Government (including notice by receipt of contract document executed by the Government); or
- (4) Specific time for delivery after receipt by the contractor of each individual order issued under the contract, as in indefinite delivery type contracts and GSA schedules.

(b) The time specified for contract performance should not be curtailed to the prejudice of the contractor because of delay by the Government in giving notice of award.

(c) If the delivery schedule is based on the date of the contract, the contracting officer shall mail or otherwise furnish to the contractor the contract, notice of award, acceptance of proposal, or other contract document not later than the date of the contract.

(d) If the delivery schedule is based on the date the contractor receives the notice of award, or if the delivery schedule is expressed in terms of specific calendar dates on the assumption that the notice of award will be received by a specified

date, the contracting officer shall send the contract, notice of award, acceptance of proposal, or other contract document by certified mail, return receipt requested, or by any other method that will provide evidence of the date of receipt.

(e) In invitations for bids, if the delivery schedule is based on the date of the contract, and a bid offers delivery based on the date the contractor receives the contract or notice of award, the contracting officer shall evaluate the bid by adding 5 calendar days (as representing the normal time for arrival through ordinary mail). If the contract or notice of award will be transmitted electronically, (1) the solicitation shall so state; and (2) the contracting officer shall evaluate delivery schedule based on the date of contract receipt or notice of award, by adding one working day. (The term "working day" excludes weekends and U.S. Federal holidays.) If the offered delivery date computed with mailing or transmittal time is later than the delivery date required by the invitation for bids, the bid shall be considered nonresponsive and rejected. If award is made, the delivery date will be the number of days offered in the bid after the contractor actually receives the notice of award.

11.404 Contract clauses.

(a) Supplies or services. (1) The contracting officer may use a time of delivery clause to set forth a required delivery schedule and to allow an offeror to propose an alternative delivery schedule. The clauses and their alternates may be used in solicitations and contracts for other than construction and architect-engineering substantially as shown, or they may be changed or new clauses written.

(2) The contracting officer may insert in solicitations and contracts other than those for construction and architect-engineering, a clause substantially the same as the clause at [52.211-8](#), Time of Delivery, if the Government requires delivery by a particular time and the delivery schedule is to be based on the date of the contract. If the delivery schedule is expressed in terms of specific calendar dates or specific periods and is based on an assumed date of award, the contracting officer may use the clause with its Alternate I. If the delivery schedule is expressed in terms of specific calendar dates or specific periods and is based on an assumed date the contractor will receive notice of award, the contracting officer may use the clause with its Alternate II. If the delivery schedule is to be based on the actual date the contractor receives a written notice of award, the contracting officer may use the clause with its Alternate III.

(3) The contracting officer may insert in solicitations and contracts other than those for construction and architect-engineering, a clause substantially the same as the clause at [52.211-9](#), Desired and Required Time of Delivery, if the Government desires delivery by a certain time but requires delivery by a specified later time, and the delivery schedule is to be based on the date of the contract. If the delivery schedule is expressed in terms of specific calendar dates or specific periods and is based on an assumed date of award, the contracting officer may use the clause with its Alternate I. If the delivery schedule is expressed in terms of specific calendar dates or specific periods and is based on an assumed date the contractor will receive notice of award, the contracting officer may use the clause with its Alternate II. If the delivery schedule is to be based on the actual date the contractor receives a written notice of award, the contracting officer may use the clause with its Alternate III.

(b) *Construction*. The contracting officer shall insert the clause at [52.211-10](#), Commencement, Prosecution, and Completion of Work, in solicitations and contracts when a fixed-price construction contract is contemplated. The clause may be changed to accommodate the issuance of orders under indefinite-delivery contracts. If the completion date is expressed as a specific calendar date, computed on the basis of the contractor receiving the notice to proceed by a certain day, the contracting officer may use the clause with its Alternate I.

Subpart 11.5 - Liquidated Damages

11.500 Scope.

(a) This subpart prescribes policies and procedures for using liquidated damages clauses in solicitations and contracts for supplies, services, research and development, and construction.

(b) This subpart does not apply to liquidated damages-

- (1) For subcontracting plans (see [19.705-7](#));
- (2) Related to the Contract Work Hours and Safety Standards statute (see [subpart 22.3](#)); or
- (3) Related to paid sick leave for Federal contractors (see [subpart 22.21](#)).

11.501 Policy.

(a) The contracting officer must consider the potential impact on pricing, competition, and contract administration before using a liquidated damages clause. Use liquidated damages clauses only when-

(1) The time of delivery or timely performance is so important that the Government may reasonably expect to suffer damage if the delivery or performance is delinquent; and

(2) The extent or amount of such damage would be difficult or impossible to estimate accurately or prove.

(b) Liquidated damages are not punitive and are not negative performance incentives (see [16.402-2](#)). Liquidated damages are used to compensate the Government for probable damages. Therefore, the liquidated damages rate must be a reasonable forecast of just compensation for the harm that is caused by late delivery or untimely performance of the particular contract. Use a maximum amount or a maximum period for assessing liquidated damages if these limits reflect the maximum probable damage to the Government. Also, the contracting officer may use more than one liquidated damages rate when the contracting officer expects the probable damage to the Government to change over the contract period of performance.

(c) The contracting officer must take all reasonable steps to mitigate liquidated damages. If the contract contains a liquidated damages clause and the contracting officer is considering terminating the contract for default, the contracting officer should seek expeditiously to obtain performance by the contractor or terminate the contract and repurchase (see [subpart 49.4](#)). Prompt contracting officer action will prevent excessive loss to defaulting contractors and protect the interests of the Government.

(d) The head of the agency may reduce or waive the amount of liquidated damages assessed under a contract, if the Commissioner, Financial Management Service, or designee approves (see Treasury Order 145-10).

11.502 Procedures.

(a) Include the applicable liquidated damages clause and liquidated damages rates in solicitations when the contract will contain liquidated damages provisions.

(b) Construction contracts with liquidated damages provisions must describe the rate(s) of liquidated damages assessed per day of delay. The rate(s) should include the estimated daily cost of Government inspection and superintendence. The rate(s) should also include an amount for other expected expenses associated with delayed completion such as-

- (1) Renting substitute property; or
- (2) Paying additional allowance for living quarters.

11.503 Contract clauses.

(a) Use the clause at [52.211-11](#), Liquidated Damages-Supplies, Services, or Research and Development, in fixed-price solicitations and contracts for supplies, services, or research and development when the contracting officer determines that liquidated damages are appropriate (see [11.501\(a\)](#)).

(b) Use the clause at [52.211-12](#), Liquidated Damages-Construction, in solicitations and contracts for construction, other than cost-plus-fixed-fee, when the contracting officer determines that liquidated damages are appropriate (see [11.501\(a\)](#)). If the contract specifies more than one completion date for separate parts or stages of the work, revise paragraph (a) of the clause to state the amount of liquidated damages for delay of each separate part or stage of the work.

(c) Use the clause at [52.211-13](#), Time Extensions, in solicitations and contracts for construction that use the clause at [52.211-12](#), Liquidated Damages-Construction, when that clause has been revised as provided in paragraph (b) of this section.

This page intentionally left blank.

Subpart 11.6 - Priorities and Allocations

11.600 Scope of subpart.

This subpart implements the Defense Priorities and Allocations System (DPAS), a Department of Commerce regulation in support of approved national defense, emergency preparedness, and energy programs (see 15 CFR part 700).

11.601 Definitions.

As used in this subpart-

Approved program means a program determined as necessary or appropriate for priorities and allocations support to promote the national defense by the Secretary of Defense, the Secretary of Energy, or the Secretary of Homeland Security, under the authority of the Defense Production Act, the Stafford Act, and Executive Order 12919, or the Selective Service Act and related statutes and Executive Order 12742.

Delegate Agency means a Government agency authorized by delegation from the Department of Commerce to place priority ratings on contracts or orders needed to support approved programs.

National defense means programs for military and energy production or construction, military assistance to any foreign nation, stockpiling, space, and any directly related activity. Such term includes emergency preparedness activities conducted pursuant to title VI of The Robert T. Stafford Disaster Relief and Emergency Assistance Act ([42 U.S.C. 5195 et seq.](#)) and critical infrastructure protection and restoration. (50 U.S.C. App. § 2152).

Rated order means a prime contract, a subcontract, or a purchase order in support of an approved program issued in accordance with the provisions of the DPAS regulation (15 CFR part 700).

11.602 General.

(a) Under Title I of the Defense Production Act of 1950 (50 U.S.C. App.2061, *et seq.*), the President is authorized to require preferential acceptance and performance of contracts and orders supporting certain approved national defense and energy programs and to allocate materials, services, and facilities in such a manner as to promote these approved programs.

(b) The President delegated the priorities and allocations authorities of the Defense Production Act in Executive Order 12919. As part of that delegation, the President designated the Secretary of Commerce to administer the DPAS. For more information, check the DPAS website at: <https://www.bis.doc.gov/index.php/other-areas/strategic-industries-and-economic-security-sies/defense-priorities-a-allocations-system-program-dpas>.

11.603 Procedures.

(a) There are two levels of priority for rated orders established by the DPAS, identified by the rating symbols "DO" and "DX". All DO rated orders have equal priority with each other and take preference over unrated orders. All DX rated orders have equal priority with each other and take preference over DO rated and unrated orders (see 15 CFR 700.11). The DPAS regulation contains provisions concerning the elements of a rated order (see 15 CFR 700.12); acceptance and rejection of rated orders (see 15 CFR 700.13); preferential scheduling (see 15 CFR 700.14); extension of priority ratings (flowdown) (see 15 CFR 700.15); changes or cancellations of priority ratings and rated orders (see 15 CFR 700.16); use of rated orders (see 15 CFR 700.17); and limitations on placing rated orders (see 15 CFR 700.18).

(b) The Delegate Agencies have been given authority by the Department of Commerce to place rated orders in support of approved programs (see Schedule I of the DPAS). Other U.S. Government agencies, Canada, and foreign nations may apply for priority rating authority.

(c) Rated orders shall be placed in accordance with the provisions of the DPAS.

(d) Agency heads shall ensure compliance with the DPAS by contracting activities within their agencies.

(e) Agency heads shall provide contracting activities with specific guidance on the issuance of rated orders in support of approved agency programs, including the general limitations and jurisdictional limitations on placing rated orders (see 15 CFR 700.18 and Executive Order 12919).

(f) Contracting officers shall follow agency procedural instructions concerning the use of rated orders in support of approved agency programs.

(g) Contracting officers, contractors, or subcontractors at any tier, that experience difficulty placing rated orders, obtaining timely delivery under rated orders, locating a contractor or supplier to fill a rated order, ensuring that rated orders receive preferential treatment by contractors or suppliers, or require rating authority for items not automatically ratable under the DPAS, should promptly seek special priorities assistance in accordance with agency procedures (see 15 CFR 700.50-700.55 and 700.80).

(h) The Department of Commerce may take specific official actions (Ratings Authorizations, Directives, Letters of Understanding, Administrative Subpoenas, Demands for Information, and Inspection Authorizations) to implement or enforce the provisions of the DPAS (see 15 CFR 700.60-700.71).

(i) Contracting officers shall report promptly any violations of the DPAS in accordance with agency procedures to the Office of Strategic Industries and Economic Security, U.S. Department of Commerce, Room 3876, Washington, DC 20230, Ref: DPAS; telephone: (202) 482-3634 or fax: (202) 482-5650.

11.604 Solicitation provision and contract clause.

(a) Contracting officers shall insert the provision at [52.211-14](#), Notice of Priority Rating for National Defense, Emergency Preparedness, and Energy Program Use, in solicitations when the contract to be awarded will be a rated order.

(b) Contracting officers shall insert the clause at [52.211-15](#), Defense Priority and Allocation Requirements, in contracts that are rated orders.

Subpart 11.7 - Variation in Quantity

11.701 Supply contracts.

(a) A fixed-price supply contract may authorize Government acceptance of a variation in the quantity of items called for if the variation is caused by conditions of loading, shipping, or packing, or by allowances in manufacturing processes. Any permissible variation shall be stated as a percentage and it may be an increase, a decrease, or a combination of both; however, contracts for subsistence items may use other applicable terms of variation in quantity.

(b) There should be no standard or usual variation percentage. The overrun or underrun permitted in each contract should be based upon the normal commercial practices of a particular industry for a particular item, and the permitted percentage should be no larger than is necessary to afford a contractor reasonable protection. The permissible variation shall not exceed plus or minus 10 percent unless a different limitation is established in agency regulations. Consideration shall be given to the quantity to which the percentage variation applies. For example, when delivery will be made to multiple destinations and it is desired that the quantity variation apply to the item quantity for each destination, this requirement must be stated in the contract.

(c) Contractors are responsible for delivery of the specified quantity of items in a fixed-price contract, within allowable variations, if any. If a contractor delivers a quantity of items in excess of the contract requirements plus any allowable variation in quantity, particularly small dollar value overshipments, it results in unnecessary administrative costs to the Government in determining disposition of the excess quantity. Accordingly, the contract may include the clause at [52.211-17](#), Delivery of Excess Quantities, to provide that-

- (1) Excess quantities of items totaling up to \$250 in value may be retained without compensating the contractor; and
- (2) Excess quantities of items totaling over \$250 in value may, at the Government's option, be either returned at the contractor's expense or retained and paid for at the contract unit price.

11.702 Construction contracts.

Construction contracts may authorize a variation in estimated quantities of unit-priced items. When the variation between the estimated quantity and the actual quantity of a unit-priced item is more than plus or minus 15 percent, an equitable adjustment in the contract price shall be made upon the demand of either the Government or the contractor. The contractor may request an extension of time if the quantity variation is such as to cause an increase in the time necessary for completion. The contracting officer must receive the request in writing within 10 days from the beginning of the period of delay. However, the contracting officer may extend this time limit before the date of final settlement of the contract. The contracting officer shall ascertain the facts and make any adjustment for extending the completion date that the findings justify.

11.703 Contract clauses.

(a) The contracting officer shall insert the clause at [52.211-16](#), Variation in Quantity, in solicitations and contracts, if authorizing a variation in quantity in fixed-price contracts for supplies or for services that involve the furnishing of supplies.

(b) The contracting officer may insert the clause at [52.211-17](#), Delivery of Excess Quantities, in solicitations and contracts when a fixed-price supply contract is contemplated.

(c) The contracting officer shall insert the clause at [52.211-18](#), Variation in Estimated Quantity, in solicitations and contracts when a fixed-price construction contract is contemplated that authorizes a variation in the estimated quantity of unit-priced items.

This page intentionally left blank.

Subpart 11.8 - Testing

11.801 Preaward in-use evaluation.

Supplies may be evaluated under comparable in-use conditions without a further test plan, provided offerors are so advised in the solicitation. The results of such tests or demonstrations may be used to rate the proposal, to determine technical acceptability, or otherwise to evaluate the proposal (see [15.305](#)).

This page intentionally left blank.

PART 12 - ACQUISITION OF COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES

Sec.

12.000 Scope of part.
12.001 Definition.

Subpart 12.4 - Unique Requirements Regarding Terms and Conditions for Commercial Products and Commercial Services

**Subpart 12.1 - Acquisition of Commercial
Products and Commercial Services**
12.101 Policy.
12.102 Applicability.
12.103 Commercially available off-the-shelf (COTS)
items.

12.401 General.
12.402 Acceptance.
12.403 Termination.
12.404 Warranties.

**Subpart 12.2 - Special Requirements
for the Acquisition of Commercial
Products and Commercial Services**
12.201 General.
12.202 Market research and description of agency
need.
12.203 Procedures for solicitation, evaluation, and
award.
12.204 Solicitation/contract form.
12.205 Offers.
12.206 Use of past performance.
12.207 Contract type.
12.208 Contract quality assurance.
12.209 Determination of price reasonableness.
12.210 Contract financing.
12.211 Technical data.
12.212 Computer software.
12.213 Other commercial practices.
12.214 Cost Accounting Standards.
12.215 Notification of overpayment.
12.216 Unenforceability of unauthorized obligations.

Subpart 12.5 - Applicability of Certain Laws to the Acquisition of Commercial Products, Commercial Services and Commercially Available Off-the-Shelf Items

12.500 Scope of subpart.
12.501 Applicability.
12.502 Procedures.
12.503 Applicability of certain laws to Executive
agency contracts for the acquisition of
commercial products and commercial
services.
12.504 Applicability of certain laws to subcontracts
for the acquisition of commercial products
and commercial services.
12.505 Applicability of certain laws to contracts for
the acquisition of COTS items.

Subpart 12.6 - Streamlined Procedures for Evaluation and Solicitation for Commercial Products and Commercial Services

12.601 General.
12.602 Streamlined evaluation of offers.
12.603 Streamlined solicitation for commercial
products or commercial services.

**Subpart 12.3 - Solicitation
Provisions and Contract Clauses
for the Acquisition of Commercial
Products and Commercial Services**
12.300 Scope of subpart.
12.301 Solicitation provisions and contract clauses
for the acquisition of commercial products
and commercial services.
12.302 Tailoring of provisions and clauses for the
acquisition of commercial products and
commercial services.
12.303 Contract format.

This page intentionally left blank.

12.000 Scope of part.

This part prescribes policies and procedures unique to the acquisition of commercial products, including commercial components, and commercial services. It implements the Federal Government's preference for the acquisition of commercial products and commercial services contained in [41 U.S.C. 1906](#), 1907, and 3307 and [10 U.S.C. 3451-3453](#) by establishing acquisition policies more closely resembling those of the commercial marketplace and encouraging the acquisition of commercial products and commercial services.

12.001 Definition.

Subcontract, as used in this part, includes, but is not limited to, a transfer of commercial products or commercial services between divisions, subsidiaries, or affiliates of a contractor or subcontractor.

Subpart 12.1 - Acquisition of Commercial Products and Commercial Services**12.101 Policy.**

The head of the agency shall—

- (a) Conduct market research to determine whether commercial products, commercial services, or nondevelopmental items are available that could meet the agency's requirements;
- (b) Acquire commercial products, commercial services, or nondevelopmental items when they are available to meet the needs of the agency; and
- (c) Require prime contractors and subcontractors at all tiers to incorporate, to the maximum extent practicable, commercial products, commercial services, or nondevelopmental items as components of items supplied to the agency.

12.102 Applicability.

- (a) This part shall be used for the acquisition of supplies or services that meet the definitions of "commercial product" or "commercial service" at [2.101](#).
- (b) Contracting officers shall use the policies in this part in conjunction with the policies and procedures for solicitation, evaluation and award prescribed in [part 13](#), Simplified Acquisition Procedures; [part 14](#), Sealed Bidding; or [part 15](#), Contracting by Negotiation, as appropriate for the particular acquisition.
- (c) Contracts for the acquisition of commercial products or commercial services are subject to the policies in other parts of the FAR. When a policy in another part of the FAR is inconsistent with a policy in this part, this [part 12](#) shall take precedence for the acquisition of commercial products or commercial services.
- (d) The definition of commercial product uses the phrase "purposes other than governmental purposes". These purposes are those that are not unique to a government.
- (e) This part shall not apply to the acquisition of commercial products or commercial services—
 - (1) At or below the micro-purchase threshold;
 - (2) Using the [Standard Form 44](#) (see [13.306](#));
 - (3) Using the imprest fund (see [13.305](#));
 - (4) Using the Governmentwide commercial purchase card as a method of purchase rather than only as a method of payment; or
 - (5) Directly from another Federal agency.
- (f) (1) Contracting officers may treat any acquisition of supplies or services that, as determined by the head of the agency, are to be used to facilitate defense against or recovery from cyber, nuclear, biological, chemical, or radiological attack, as an acquisition of commercial products or commercial services.
 - (2) A contract in an amount greater than \$20 million that is awarded on a sole source basis for a product or service treated as a commercial product or commercial service under paragraph (f)(1) of this section but does not meet the definition of a commercial product or commercial service as defined at FAR [2.101](#) shall not be exempt from—
 - (i) Cost accounting standards (see [subpart 30.2](#)); or
 - (ii) Certified cost or pricing data requirements (see [15.403](#)).

12.103 Commercially available off-the-shelf (COTS) items.

Commercially available off-the-shelf (COTS) items are defined in [2.101](#). Unless indicated otherwise, all of the policies that apply to commercial products also apply to COTS items. Section [12.505](#) lists the laws that are not applicable to COTS (in addition to [12.503](#) and [12.504](#)).

This page intentionally left blank.

Subpart 12.2 - Special Requirements for the Acquisition of Commercial Products and Commercial Services

12.201 General.

This subpart identifies special requirements for the acquisition of commercial products and commercial services intended to more closely resemble those customarily used in the commercial marketplace, as well as other considerations necessary for proper planning, solicitation, evaluation, and award of contracts for commercial products and commercial services.

12.202 Market research and description of agency need.

(a) Market research (see [10.001](#)) is an essential element of building an effective strategy for the acquisition of commercial products and commercial services and establishes the foundation for the agency description of need (see [part 11](#)), the solicitation, and resulting contract.

(b) The description of agency need must contain sufficient detail for potential offerors of commercial products or commercial services to know which commercial products or commercial services may be suitable. Generally, for acquisitions in excess of the simplified acquisition threshold, an agency's statement of need for a commercial product or commercial service will describe the type of commercial product or commercial service to be acquired and explain how the agency intends to use the product or service in terms of function to be performed, performance requirement or essential physical characteristics. Describing the agency's needs in these terms allows offerors to propose methods that will best meet the needs of the Government.

(c) Follow the procedures in [subpart 11.2](#) regarding the identification and availability of specifications, standards and commercial item descriptions.

(d) Requirements documents shall identify the applicable information and communication technology accessibility standards at 36 CFR 1194.1 (see [11.002\(f\)](#) and [subpart 39.2](#)).

(e) When acquiring information technology using Internet Protocol, agencies must include the appropriate Internet Protocol compliance requirements in accordance with [11.002\(g\)](#).

12.203 Procedures for solicitation, evaluation, and award.

(a) Contracting officers shall use the policies unique to the acquisition of commercial products and commercial services prescribed in this part in conjunction with the policies and procedures for solicitation, evaluation and award prescribed in [part 13](#), Simplified Acquisition Procedures; [part 14](#) Sealed Bidding; or [part 15](#), Contracting by Negotiation, as appropriate for the particular acquisition. The contracting officer may use the streamlined procedure for soliciting offers for commercial product or commercial service prescribed in [12.603](#). For acquisitions of commercial products or commercial services exceeding the simplified acquisition threshold but not exceeding \$7.5 million (\$15 million for acquisitions as described in [13.500\(c\)](#)), including options, contracting activities may use any of the simplified procedures authorized by [subpart 13.5](#).

(b) Contracting officers shall ensure the criteria at [15.101-2\(c\)](#) are met when using the lowest price technically acceptable source selection process.

12.204 Solicitation/contract form.

(a) (1) The contracting officer shall use the [Standard Form 1449](#), Solicitation/Contract/Order for Commercial Products and Commercial Services, if—

- (i) The acquisition is expected to exceed the simplified acquisition threshold;
- (ii) A paper solicitation or contract is being issued; and
- (iii) Procedures at [12.603](#) are not being used.

(2) Use of the [SF 1449](#) is nonmandatory but encouraged for commercial acquisitions not exceeding the simplified acquisition threshold.

(b) Consistent with the requirements at [5.203\(a\)](#) and (h), the contracting officer may allow fewer than 15 days before issuance of the solicitation.

12.205 Offers.

(a) Where technical information is necessary for evaluation of offers, agencies should, as part of market research, review existing literature generally available in the industry to determine its adequacy for purposes of evaluation. If adequate, contracting officers shall request existing product or service literature from offerors of commercial products or commercial services in lieu of unique technical proposals.

(b) Contracting officers should allow offerors to propose multiple offers that will meet a Government need in response to solicitations for commercial products or commercial services. The contracting officer shall evaluate each offer separately.

(c) Consistent with the requirements at [5.203\(b\)](#), the contracting officer may allow fewer than 30 days response time for receipt of offers for commercial products or commercial services, unless the acquisition is covered by the World Trade Organization Government Procurement Agreement or a Free Trade Agreement (see [5.203\(h\)](#)).

12.206 Use of past performance.

Past performance should be an important element of every evaluation and contract award for commercial products and commercial services. Contracting officers should consider past performance data from a wide variety of sources both inside and outside the Federal Government in accordance with the policies and procedures contained in [subpart 9.1](#), [13.106](#), or [subpart 15.3](#), as applicable.

12.207 Contract type.

(a) Except as provided in paragraph (b) of this section, agencies shall use firm-fixed-price contracts or fixed-price contracts with economic price adjustment for the acquisition of commercial products or commercial services.

(b) (1) A time-and-materials contract or labor-hour contract (see [subpart 16.6](#)) may be used for the acquisition of commercial services when-

(i) The service is acquired under a contract awarded using-

(A) Competitive procedures (e.g., the procedures in [6.102](#), the set-aside procedures in [subpart 19.5](#), or competition conducted in accordance with [part 13](#));

(B) The procedures for other than full and open competition in [6.3](#) provided the agency receives offers that satisfy the Government's expressed requirement from two or more responsible offerors; or

(C) The fair opportunity procedures in [16.505](#) (including discretionary small business set-asides under [16.505\(b\)\(2\)\(i\)\(F\)](#)), if placing an order under a multiple-award delivery-order contract; and

(ii) The contracting officer-

(A) Executes a determination and findings (D&F) for the contract, in accordance with paragraph (b)(2) of this section (but see paragraph (c) of this section for indefinite-delivery contracts), that no other contract type authorized by this subpart is suitable;

(B) Includes a ceiling price in the contract or order that the contractor exceeds at its own risk; and

(C) Prior to increasing the ceiling price of a time-and-materials or labor-hour contract or order, shall-

(1) Conduct an analysis of pricing and other relevant factors to determine if the action is in the best interest of the Government;

(2) Document the decision in the contract or order file; and

(3) When making a change that modifies the general scope of-

(i) A contract, follow the procedures at [6.303](#);

(ii) An order issued under the Federal Supply Schedules, follow the procedures at [8.405-6](#); or

(iii) An order issued under multiple award task and delivery order contracts, follow the procedures at [16.505\(b\)\(2\)](#).

(2) Each D&F required by paragraph (b)(1)(ii)(A) of this section shall contain sufficient facts and rationale to justify that no other contract type authorized by this subpart is suitable. At a minimum, the D&F shall-

(i) Include a description of the market research conducted (see [10.002\(e\)](#));

(ii) Establish that it is not possible at the time of placing the contract or order to accurately estimate the extent or duration of the work or to anticipate costs with any reasonable degree of confidence;

(iii) Establish that the requirement has been structured to maximize the use of firm-fixed-price or fixed-price with economic price adjustment contracts (e.g., by limiting the value or length of the time-and-material/labor-hour contract or order; establishing fixed prices for portions of the requirement) on future acquisitions for the same or similar requirements; and

(iv) Describe actions planned to maximize the use of firm-fixed-price or fixed-price with economic price adjustment contracts on future acquisitions for the same requirements.

(3) See [16.601\(d\)\(1\)](#) for additional approval required for contracts expected to extend beyond three years.

(4) See [8.404\(h\)](#) for the requirement for determination and findings when using Federal Supply Schedules.

(c) (1) Indefinite-delivery contracts (see [subpart 16.5](#)) may be used when-

(i) The prices are established based on a firm-fixed-price or fixed-price with economic price adjustment; or

(ii) Rates are established for commercial services acquired on a time-and-materials or labor-hour basis.

(2) When an indefinite-delivery contract is awarded with services priced on a time-and-materials or labor-hour basis, contracting officers shall, to the maximum extent practicable, also structure the contract to allow issuance of orders on a firm-fixed-price or fixed-price with economic price adjustment basis. For such contracts, the contracting officer shall execute the D&F required by paragraph (b)(2) of this section, for each order placed on a time-and-materials or labor-hour basis. Placement of orders shall be in accordance with [subpart 8.4](#) or [16.5](#), as applicable.

(3) If an indefinite-delivery contract only allows for the issuance of orders on a time-and-materials or labor-hour basis, the D&F required by paragraph (b)(2) of this section shall be executed to support the basic contract and shall also explain why providing for an alternative firm-fixed-price or fixed-price with economic price adjustment pricing structure is not practicable. The D&F for this contract shall be approved one level above the contracting officer. Placement of orders shall be in accordance with [subpart 16.5](#).

(d) The contract types authorized by this subpart may be used in conjunction with an award fee and performance or delivery incentives when the award fee or incentive is based solely on factors other than cost (see [16.202-1](#) and [16.203-1](#)).

(e) Use of any contract type other than those authorized by this subpart to acquire commercial products or commercial services is prohibited.

12.208 Contract quality assurance.

Contracts for commercial products shall rely on contractors' existing quality assurance systems as a substitute for Government inspection and testing before tender for acceptance unless customary market practices for the commercial product being acquired include in-process inspection. Any in-process inspection by the Government shall be conducted in a manner consistent with commercial practice. The Government shall rely on the contractor to accomplish all inspection and testing needed to ensure that commercial services acquired conform to contract requirements before they are tendered to the Government.

12.209 Determination of price reasonableness.

While the contracting officer must establish price reasonableness in accordance with [13.106-3](#), [14.408-2](#), or [subpart 15.4](#), as applicable, the contracting officer should be aware of customary commercial products and commercial services and conditions when pricing commercial products and commercial services. Commercial product and commercial service prices are affected by factors that include, but are not limited to, speed of delivery, length and extent of warranty, limitations of seller's liability, quantities ordered, length of the performance period, and specific performance requirements. The contracting officer must ensure that contract terms, conditions, and prices are commensurate with the Government's need.

12.210 Contract financing.

Customary market practice for some commercial products and commercial services may include buyer contract financing. The contracting officer may offer Government financing in accordance with the policies and procedures in [part 32](#).

12.211 Technical data.

Except as provided by agency-specific statutes, the Government shall acquire only the technical data and the rights in that data customarily provided to the public with a commercial product or process. The contracting officer shall presume that data delivered under a contract for commercial products was developed exclusively at private expense. When a contract for commercial products requires the delivery of technical data, the contracting officer shall include appropriate provisions and clauses delineating the rights in the technical data in addenda to the solicitation and contract (see [part 27](#) or agency FAR supplements).

12.212 Computer software.

(a) Commercial computer software or commercial computer software documentation shall be acquired under licenses customarily provided to the public to the extent such licenses are consistent with Federal law and otherwise satisfy the Government's needs. Generally, offerors and contractors shall not be required to-

(1) Furnish technical information related to commercial computer software or commercial computer software documentation that is not customarily provided to the public; or

(2) Relinquish to, or otherwise provide, the Government rights to use, modify, reproduce, release, perform, display, or disclose commercial computer software or commercial computer software documentation except as mutually agreed to by the parties.

(b) With regard to commercial computer software and commercial computer software documentation, the Government shall have only those rights specified in the license contained in any addendum to the contract. For additional guidance regarding the use and negotiation of license agreements for commercial computer software, see [27.405-3](#).

12.213 Other commercial practices.

It is a common practice in the commercial marketplace for both the buyer and seller to propose terms and conditions written from their particular perspectives. The terms and conditions prescribed in this part seek to balance the interests of both the buyer and seller. These terms and conditions are generally appropriate for use in a wide range of acquisitions. However, market research may indicate other commercial practices that are appropriate for the acquisition of the particular item. These practices should be considered for incorporation into the solicitation and contract if the contracting officer determines them appropriate in concluding a business arrangement satisfactory to both parties and not otherwise precluded by law or Executive order.

12.214 Cost Accounting Standards.

Cost Accounting Standards (CAS) do not apply to contracts and subcontracts for the acquisition of commercial products or commercial services when these contracts and subcontracts are firm-fixed-price or fixed-price with economic price adjustment (provided that the price adjustment is not based on actual costs incurred). See [30.201-1](#) for CAS applicability to fixed-price with economic price adjustment contracts and subcontracts for commercial products or commercial services when the price adjustment is based on actual costs incurred. When CAS applies, the contracting officer shall insert the appropriate provisions and clauses as prescribed in [30.201](#).

12.215 Notification of overpayment.

If the contractor notifies the contracting officer of a duplicate payment or that the Government has otherwise overpaid, the contracting officer shall follow the procedures at [32.604](#).

12.216 Unenforceability of unauthorized obligations.

Many supplies or services are acquired subject to supplier license agreements. These are particularly common in information technology acquisitions, but they may apply to any supply or service. For example, computer software and services delivered through the internet (web services) are often subject to license agreements, referred to as End User License Agreements (EULA), Terms of Service (TOS), or other similar legal instruments or agreements. Many of these agreements contain indemnification clauses that are inconsistent with Federal law and unenforceable, but which could create a violation of the Anti-Deficiency Act ([31 U.S.C. 1341](#)) if agreed to by the Government. Paragraph (u) of the clause at [52.212-4](#) prevents any such violations.

Subpart 12.3 - Solicitation Provisions and Contract Clauses for the Acquisition of Commercial Products and Commercial Services

12.300 Scope of subpart.

This subpart establishes provisions and clauses to be used when acquiring commercial products and commercial services.

12.301 Solicitation provisions and contract clauses for the acquisition of commercial products and commercial services.

(a) In accordance with 41 U.S.C. 3307, contracts for the acquisition of commercial products or commercial services shall, to the maximum extent practicable, include only those clauses—

(1) Required to implement provisions of law or executive orders applicable to the acquisition of commercial products or commercial services; or

(2) Determined to be consistent with customary commercial practice.

(b) Insert the following provisions in solicitations for the acquisition of commercial products or commercial services, and clauses in solicitations and contracts for the acquisition of commercial products or commercial services:

(1) *The provision at [52.212-1](#), Instructions to Offerors-Commercial Products and Commercial Services.* This provision provides a single, streamlined set of instructions to be used when soliciting offers for commercial products or commercial services and is incorporated in the solicitation by reference (see Block 27 a, [SF 1449](#)). The contracting officer may tailor these instructions or provide additional instructions tailored to the specific acquisition in accordance with [12.302](#).

(2) *The provision at [52.212-3](#), Offeror Representations and Certifications-Commercial Products and Commercial Services.* This provision provides a single, consolidated list of representations and certifications for the acquisition of commercial products or commercial services and is attached to the solicitation for offerors to complete. This provision may not be tailored except in accordance with [subpart 1.4](#). Use the provision with its Alternate I in solicitations issued by DoD, NASA, or the Coast Guard.

(3) *The clause at [52.212-4](#), Contract Terms and Conditions-Commercial Products and Commercial Services.* This clause includes terms and conditions which are, to the maximum extent practicable, consistent with customary commercial practices and is incorporated in the solicitation and contract by reference (see Block 27, [SF 1449](#)). Use this clause with its Alternate I when a time-and-materials or labor-hour contract will be awarded. The contracting officer may tailor this clause in accordance with [12.302](#).

(4) *The clause at [52.212-5](#), Contract Terms and Conditions Required to Implement Statutes or Executive Orders-Commercial Products and Commercial Services.* This clause incorporates by reference only those clauses required to implement provisions of law or Executive orders applicable to the acquisition of commercial products or commercial services. The contracting officer shall attach this clause to the solicitation and contract and, using the appropriate clause prescriptions, indicate which, if any, of the additional clauses cited in [52.212-5\(b\)](#) or (c) are applicable to the specific acquisition. Some of the clauses require fill-in; the fill-in language should be inserted as directed by [52.104\(d\)](#). When cost information is obtained pursuant to [part 15](#) to establish the reasonableness of prices for commercial products or commercial services, the contracting officer shall insert the clauses prescribed for this purpose in an addendum to the solicitation and contract. This clause may not be tailored.

(i) Use the clause with its Alternate I when the head of the agency has waived the examination of records by the Comptroller General in accordance with [25.1001](#).

(ii) (A) If the acquisition will use funds appropriated or otherwise made available by the American Recovery and Reinvestment Act of 2009 (Pub. L. 111-5), the contracting officer shall use the clause with its Alternate II.

(B) (1) In the case of a bilateral contract modification that will use funds appropriated or otherwise made available by the American Recovery and Reinvestment Act of 2009, the contracting officer shall specify applicability of Alternate II to that modification.

(2) In the case of a task- or delivery-order contract in which not all orders will use funds appropriated or otherwise made available by the American Recovery and Reinvestment Act of 2009, the contracting officer shall specify the task or delivery orders to which Alternate II applies.

(C) The contracting officer may not use Alternate I when Alternate II applies.

(c) When the use of evaluation factors is appropriate, the contracting officer may—

(1) Insert the provision at [52.212-2](#), Evaluation-Commercial Products and Commercial Services, in solicitations for commercial products or commercial services (see [12.602](#)); or

(2) Include a similar provision containing all evaluation factors required by [13.106](#), [subpart 14.2](#) or [subpart 15.3](#), as an addendum (see [12.302\(d\)](#)).

(d) Other required provisions and clauses. Notwithstanding prescriptions contained elsewhere in the FAR, when acquiring commercial products or commercial services, contracting officers shall be required to use only those provisions and clauses prescribed in this part. The provisions and clauses prescribed in this part shall be revised, as necessary, to reflect the applicability of statutes and executive orders to the acquisition of commercial products or commercial services.

(1) Insert the provision at [52.204-7](#), System for Award Management, as prescribed in [4.1105\(a\)](#).

(2) Insert the clause at [52.204-13](#), System for Award Management Maintenance, as prescribed in [4.1105\(b\)](#).

(3) Insert the provision at [52.204-16](#), Commercial and Government Entity Code Reporting, as prescribed in [4.1804\(a\)](#).

(4) Insert the clause at [52.204-18](#), Commercial and Government Entity Code Maintenance, as prescribed in [4.1804\(c\)](#).

(5) Insert the clause at [52.204-21](#), Basic Safeguarding of Covered Contractor Information Systems, in solicitations and contracts (except for acquisitions of COTS items), as prescribed in [4.1903](#).

(6) Insert the provision at [52.204-24](#), Representation Regarding Certain Telecommunications and Video Surveillance Services or Equipment, as prescribed in [4.2105\(a\)](#).

(7) Insert the provision at [52.207-6](#), Solicitation of Offers from Small Business Concerns and Small Business Teaming Arrangements or Joint Ventures (Multiple-Award Contracts), as prescribed at [7.107-6](#).

(8) Insert the provision at [52.209-7](#), Information Regarding Responsibility Matters, as prescribed in [9.104-7\(b\)](#).

(9) Insert the provision at [52.209-12](#), Certification Regarding Tax Matters, as prescribed at [9.104-7\(e\)](#).

(10) Insert the provision at [52.222-56](#), Certification Regarding Trafficking in Persons Compliance Plan, in solicitations as prescribed at [22.1705\(b\)](#).

(11) Insert the clause at [52.225-19](#), Contractor Personnel in a Designated Operational Area or Supporting a Diplomatic or Consular Mission outside the United States, as prescribed in [25.301-4](#).

(12) Insert the provision at [52.229-11](#), Tax on Certain Foreign Procurements—Notice and Representation, in solicitations as prescribed in [29.402-3\(a\)](#). The representation in the provision at [52.229-11](#) is not in the System for Award Management.

(13) Insert the clause at [52.229-13](#), Taxes—Foreign Contracts in Afghanistan, as prescribed in [29.402-4\(a\)](#).

(14) Insert the clause at [52.229-14](#), Taxes—Foreign Contracts in Afghanistan (North Atlantic Treaty Organization Status of Forces Agreement), as prescribed in [29.402-4\(b\)](#).

(e) *Discretionary use of FAR provisions and clauses.* The contracting officer may include in solicitations and contracts by addendum other FAR provisions and clauses when their use is consistent with the limitations contained in [12.302](#). For example:

(1) The contracting officer may use the provision at [52.201-1](#), Acquisition 360: Voluntary Survey, as prescribed in [1.102-3\(b\)](#).

(2) The contracting officer may include appropriate clauses when an indefinite-delivery type of contract will be used. The clauses prescribed at [16.506](#) may be used for this purpose.

(3) The contracting officer may include appropriate provisions and clauses when the use of options is in the Government's interest. The provisions and clauses prescribed in [17.208](#) may be used for this purpose. If the provision at [52.212-2](#) is used, paragraph (b) provides for the evaluation of options.

(4) The contracting officer may use the provisions and clauses contained in [part 23](#) regarding the use of products containing recovered materials and biobased products when appropriate for the item being acquired.

(5) When setting aside under the Stafford Act ([subpart 26.2](#)), include the provision at [52.226-3](#), Disaster or Emergency Area Representation, in the solicitation. The representation in this provision is not in the System for Award Management.

(f) Agencies may supplement the provisions and clauses prescribed in this part (to require use of additional provisions and clauses) only as necessary to reflect agency unique statutes applicable to the acquisition of commercial products or commercial services or as may be approved by the agency senior procurement executive, or the individual responsible for representing the agency on the FAR Council, without power of delegation.

12.302 Tailoring of provisions and clauses for the acquisition of commercial products and commercial services.

(a) *General.* The provisions and clauses established in this subpart are intended to address, to the maximum extent practicable, commercial market practices for a wide range of potential Government acquisitions of commercial products and commercial services. However, because of the broad range of commercial products and commercial services acquired by the Government, variations in commercial practices, and the relative volume of the Government's acquisitions in the specific market, contracting officers may, within the limitations of this subpart, and after conducting appropriate market research,

tailor the provision at [52.212-1](#), Instructions to Offerors-Commercial Products and Commercial Services, and the clause at [52.212-4](#), Contract Terms and Conditions-Commercial Products and Commercial Services, to adapt to the market conditions for each acquisition.

(b) *Tailoring 52.212-4, Contract Terms and Conditions-Commercial Products and Commercial Services.* The following paragraphs of the clause at [52.212-4](#), Contract Terms and Conditions-Commercial Products and Commercial Services, implement statutory requirements and shall not be tailored—

- (1) Assignments;
- (2) Disputes;
- (3) Payment (except as provided in [subpart 32.11](#));
- (4) Invoice;
- (5) Other compliances;
- (6) Compliance with laws unique to Government contracts; and
- (7) Unauthorized obligations.

(c) *Tailoring inconsistent with customary commercial practice.* The contracting officer shall not tailor any clause or otherwise include any additional terms or conditions in a solicitation or contract for commercial products or commercial services in a manner that is inconsistent with customary commercial practice for the item being acquired unless a waiver is approved in accordance with agency procedures. The request for waiver must describe the customary commercial practice found in the marketplace, support the need to include a term or condition that is inconsistent with that practice and include a determination that use of the customary commercial practice is inconsistent with the needs of the Government. A waiver may be requested for an individual or class of contracts for that specific item.

(d) Tailoring shall be by addenda to the solicitation and contract. The contracting officer shall indicate in Block27 a of the [SF1449](#) if addenda are attached. These addenda may include, for example, a continuation of the schedule of supplies/services to be acquired from blocks 18 through 21 of the [SF1449](#); a continuation of the description of the supplies/services being acquired; further elaboration of any other item(s) on the [SF1449](#); any other terms or conditions necessary for the performance of the proposed contract (such as options, ordering procedures for indefinite-delivery type contracts, warranties, contract financing arrangements, etc.).

12.303 Contract format.

Solicitations and contracts for the acquisition of commercial products or commercial services prepared using this [part 12](#) shall be assembled, to the maximum extent practicable, using the following format:

- (a) [Standard Form \(SF\) 1449](#);
- (b) Continuation of any block from [SF 1449](#), such as-
 - (1) Block 10 if an incentive subcontracting clause is used (the contracting officer shall indicate the applicable percentage);
 - (2) Block18 B for remittance address;
 - (3) Block19 for line item numbers;
 - (4) Block20 for schedule of supplies/services; or
 - (5) Block25 for accounting data;
- (c) Contract clauses-
 - (1) [52.212-4](#), Contract Terms and Conditions-Commercial Products and Commercial Services, by reference (see [SF 1449](#) block27 a);
 - (2) Any addendum to [52.212-4](#); and
 - (3) [52.212-5](#), Contract Terms and Conditions Required to Implement Statutes or Executive Orders-Commercial Products and Commercial Services.
- (d) Any contract documents, exhibits or attachments; and
- (e) Solicitation provisions-
 - (1) [52.212-1](#), Instructions to Offerors-Commercial Products and Commercial Services, by reference (see [SF 1449](#), Block27 a);
 - (2) Any addendum to [52.212-1](#);
 - (3) [52.212-2](#), Evaluation-Commercial Products and Commercial Services, or other description of evaluation factors for award, if used; and
 - (4) [52.212-3](#), Offeror Representations and Certifications-Commercial Products and Commercial Services.

This page intentionally left blank.

Subpart 12.4 - Unique Requirements Regarding Terms and Conditions for Commercial Products and Commercial Services

12.401 General.

This subpart provides-

- (a) Guidance regarding tailoring of the paragraphs in the clause at [52.212-4](#), Contract Terms and Conditions-Commercial Products and Commercial Services, when the paragraphs do not reflect the customary practice for a particular market; and
- (b) Guidance on the administration of contracts for commercial products or commercial services in those areas where the terms and conditions in [52.212-4](#) differ substantially from those contained elsewhere in the FAR.

12.402 Acceptance.

(a) The acceptance paragraph in [52.212-4](#) is based upon the assumption that the Government will rely on the contractor's assurances that the commercial product or commercial service tendered for acceptance conforms to the contract requirements. The Government inspection of commercial products or commercial services will not prejudice its other rights under the acceptance paragraph. Additionally, although the paragraph does not address the issue of rejection, the Government always has the right to refuse acceptance of nonconforming items. This paragraph is generally appropriate when the Government is acquiring noncomplex commercial products and commercial services.

(b) Other acceptance procedures may be more appropriate for the acquisition of complex commercial products or commercial services, or commercial products or commercial services used in critical applications. In such cases, the contracting officer shall include alternative inspection procedure(s) in an addendum and ensure these procedures and the postaward remedies adequately protect the interests of the Government. The contracting officer must carefully examine the terms and conditions of any express warranty with regard to the effect it may have on the Government's available postaward remedies (see [12.404](#)).

(c) The acquisition of commercial products or commercial services under other circumstances such as on an "as is" basis may also require acceptance procedures different from those contained in [52.212-4](#). The contracting officer should consider the effect the specific circumstances will have on the acceptance paragraph as well as other paragraphs of the clause.

12.403 Termination.

(a) *General.* The clause at [52.212-4](#) permits the Government to terminate a contract for commercial products or commercial services either for the convenience of the Government or for cause. However, the paragraphs in [52.212-4](#) entitled "Termination for the Government's Convenience" and "Termination for Cause" contain concepts which differ from those contained in the termination clauses prescribed in [part 49](#). Consequently, the requirements of [part 49](#) do not apply when terminating contracts for commercial products or commercial services and contracting officers shall follow the procedures in this section. Contracting officers may continue to use [part 49](#) as guidance to the extent that [part 49](#) does not conflict with this section and the language of the termination paragraphs in [52.212-4](#).

(b) *Policy.* The contracting officer should exercise the Government's right to terminate a contract for commercial products or commercial services either for convenience or for cause only when such a termination would be in the best interests of the Government. The contracting officer should consult with counsel prior to terminating for cause.

(c) Termination for cause. (1) The paragraph in [52.212-4](#) entitled "Excusable Delay" requires contractors notify the contracting officer as soon as possible after commencement of any excusable delay. In most situations, this requirement should eliminate the need for a show cause notice prior to terminating a contract. The contracting officer shall send a cure notice prior to terminating a contract for a reason other than late delivery.

(2) The Government's rights after a termination for cause shall include all the remedies available to any buyer in the marketplace. The Government's preferred remedy will be to acquire similar items from another contractor and to charge the defaulted contractor with any excess procurement costs together with any incidental or consequential damages incurred because of the termination.

(3) When a termination for cause is appropriate, the contracting officer shall send the contractor a written notification regarding the termination. At a minimum, this notification shall-

- (i) Indicate the contract is terminated for cause;
- (ii) Specify the reasons for the termination;
- (iii) Indicate which remedies the Government intends to seek or provide a date by which the Government will inform the contractor of the remedy; and

(iv) State that the notice constitutes a final decision of the contracting officer and that the contractor has the right to appeal under the Disputes clause (see [33.211](#)).

(4) The contracting officer, in accordance with agency procedures, shall ensure that information related to termination for cause notices and any amendments are reported. In the event the termination for cause is subsequently converted to a termination for convenience, or is otherwise withdrawn, the contracting officer shall ensure that a notice of the conversion or withdrawal is reported. All reporting shall be in accordance with [42.1503\(h\)](#).

(d) Termination for the Government's convenience. (1) When the contracting officer terminates a contract for commercial products or commercial services for the Government's convenience, the contractor shall be paid-

(i) (A) The percentage of the contract price reflecting the percentage of the work performed prior to the notice of the termination for fixed-price or fixed-price with economic price adjustment contracts; or

(B) An amount for direct labor hours (as defined in the Schedule of the contract) determined by multiplying the number of direct labor hours expended before the effective date of termination by the hourly rate(s) in the Schedule; and

(ii) Any charges the contractor can demonstrate directly resulted from the termination. The contractor may demonstrate such charges using its standard record keeping system and is not required to comply with the cost accounting standards or the contract cost principles in [part 31](#). The Government does not have any right to audit the contractor's records solely because of the termination for convenience.

(2) Generally, the parties should mutually agree upon the requirements of the termination proposal. The parties must balance the Government's need to obtain sufficient documentation to support payment to the contractor against the goal of having a simple and expeditious settlement.

12.404 Warranties.

(a) *Implied warranties.* The Government's post award rights contained in [52.212-4](#) are the implied warranty of merchantability, the implied warranty of fitness for particular purpose and the remedies contained in the acceptance paragraph.

(1) The implied warranty of merchantability provides that an item is reasonably fit for the ordinary purposes for which such items are used. The items must be of at least average, fair or medium-grade quality and must be comparable in quality to those that will pass without objection in the trade or market for items of the same description.

(2) The implied warranty of fitness for a particular purpose provides that an item is fit for use for the particular purpose for which the Government will use the items. The Government can rely upon an implied warranty of fitness for particular purpose when-

(i) The seller knows the particular purpose for which the Government intends to use the item; and

(ii) The Government relied upon the contractor's skill and judgment that the item would be appropriate for that particular purpose.

(3) Contracting officers should consult with legal counsel prior to asserting any claim for a breach of an implied warranty.

(b) *Express warranties.* [41 U.S.C. 3307\(e\)\(5\)\(B\)](#) requires contracting officers to take advantage of commercial warranties. To the maximum extent practicable, solicitations for commercial products shall require offerors to offer the Government at least the same warranty terms, including offers of extended warranties, offered to the general public in customary commercial practice. Solicitations may specify minimum warranty terms, such as minimum duration, appropriate for the Government's intended use of the item.

(1) Any express warranty the Government intends to rely upon must meet the needs of the Government. The contracting officer should analyze any commercial warranty to determine if-

(i) The warranty is adequate to protect the needs of the Government, *e.g.*, items covered by the warranty and length of warranty;

(ii) The terms allow the Government effective postaward administration of the warranty to include the identification of warranted items, procedures for the return of warranted items to the contractor for repair or replacement, and collection of product performance information; and

(iii) The warranty is cost-effective.

(2) In some markets, it may be customary commercial practice for contractors to exclude or limit the implied warranties contained in [52.212-4](#) in the provisions of an express warranty. In such cases, the contracting officer shall ensure that the express warranty provides for the repair or replacement of defective items discovered within a reasonable period of time after acceptance.

(3) Express warranties shall be included in the contract by addendum (see [12.302](#)).

Subpart 12.5 - Applicability of Certain Laws to the Acquisition of Commercial Products, Commercial Services and Commercially Available Off-the-Shelf Items

12.500 Scope of subpart.

- (a) As required by [41 U.S.C. 1906](#) and [1907](#), this subpart lists provisions of law that are not applicable to-
- (1) Contracts for the acquisition of commercial products or commercial services;
 - (2) Subcontracts, at any tier, for the acquisition of commercial products or commercial services; and
 - (3) Contracts and subcontracts, at any tier, for the acquisition of commercially available off-the-shelf (COTS) items.
- (b) This subpart also lists provisions of law that have been amended to eliminate or modify their applicability to either contracts or subcontracts for the acquisition of commercial products or commercial services.

12.501 Applicability.

- (a) This subpart applies to any contract or subcontract at any tier for the acquisition of commercial products or commercial services.
- (b) Nothing in this subpart shall be construed to authorize the waiver of any provision of law with respect to any subcontract if the prime contractor is reselling or distributing commercial products or commercial services of another contractor without adding value. This limitation is intended to preclude establishment of unusual contractual arrangements solely for the purpose of Government sales.
- (c) For purposes of this subpart, contractors awarded subcontracts under [subpart 19.8](#), Contracting with the Small Business Administration (the 8(a) Program), shall be considered prime contractors.

12.502 Procedures.

- (a) The FAR prescription for the provision or clause for each of the laws listed in [12.503](#) has been revised in the appropriate part to reflect its proper application to prime contracts for the acquisition of commercial products or commercial services.
- (b) For subcontracts for the acquisition of commercial products or commercial services, the clauses at [52.212-5](#), Contract Terms and Conditions Required to Implement Statutes or Executive Orders—Commercial Products and Commercial Services, and [52.244-6](#), Subcontracts for Commercial Products and Commercial Services, reflect the applicability of the laws listed in [12.504](#) by identifying the only provisions and clauses that are required to be included in a subcontract at any tier for the acquisition of commercial products or commercial services.
- (c) The FAR prescription for the provision or clause for each of the laws listed in [12.505](#) has been revised in the appropriate part to reflect its proper application to contracts and subcontracts for the acquisition of COTS items.

12.503 Applicability of certain laws to Executive agency contracts for the acquisition of commercial products and commercial services.

- (a) The following laws are not applicable to Executive agency contracts for the acquisition of commercial products or commercial services:
- (1) [10 U.S.C. 983](#), Institutions of Higher Education that Prevent ROTC Access or Military Recruiting on Campus: Denial of Grants and Contracts from Department of Defense, Department of Education, and Certain Other Departments and Agencies (see [9.110](#)).
 - (2) [31 U.S.C. 1354\(a\)](#), Limitation on Use of Appropriated Funds for Contracts with Entities Not Meeting Veterans' Employment Reporting Requirements (see [22.1302](#)).
 - (3) [41 U.S.C. 1708\(e\)\(3\)](#), Minimum Response Time for Offers (see [5.203](#)).
 - (4) [41 U.S.C. 2303\(b\)](#), Policy on Personal Conflicts of Interest by Contractor Employees (see [subpart 3.11](#)).
 - (5) [41 U.S.C. 3901\(b\)](#) and [10 U.S.C. 3321\(b\)](#), Contingent Fees (see [3.404](#)).
 - (6) [41 U.S.C. 4706\(d\)\(1\)](#) and [10 U.S.C. 3841\(d\)\(1\)](#), GAO Access to Contractor Employees, section 871 of Public Law 110-417 (see [52.214-26](#) and [52.212-2](#)).
 - (7) [41 U.S.C. chapter 65](#), Contracts for Materials, Supplies, Articles, and Equipment Exceeding \$10,000 (see subpart 22.6).
 - (8) [41 U.S.C. chapter 81](#), Drug-Free Workplace (see [26.501](#)).
 - (9) Section 806(a)(3) of Public Law 102-190, as amended by sections 2091 and 8105 of Public Law 103-355 ([10 U.S.C. 4601 note](#) prec.), Payment Protections for Subcontractors and Suppliers (see [28.106-6](#)).
 - (10) [15 U.S.C. 644\(w\)](#), Solicitation Notice Regarding Administration of Change Orders for Construction (see [36.211](#)).

(b) Certain requirements of the following laws are not applicable to executive agency contracts for the acquisition of commercial products and commercial services:

- (1) [22 U.S.C. 2593e](#), Requirement for a certification under Measures Against Persons Involved in Activities that Violate Arms Control Treaties or Agreements with the United States (see [9.109](#)).
- (2) [40 U.S.C. chapter 37](#), Requirement for a certificate and clause under the Contract Work Hours and Safety Standards statute (see [22.305](#)).
- (3) [41 U.S.C. 8703](#) and [8703](#), Requirement for a clause and certain other requirements related to kickbacks (see [3.502](#)).
- (4) [49 U.S.C. 40118](#), Requirement for a clause under provisions of the Government-financed air transportation statute, commonly referred to as the Fly America Act, except that [49 U.S.C. 40118\(g\)](#) is applicable to the acquisition of commercial services (see [47.405](#)).

(c) The applicability of the following laws have been modified in regard to Executive agency contracts for the acquisition of commercial products and commercial services:

- (1) [41 U.S.C. 4704](#) and [10 U.S.C. 4655](#), Prohibition on Limiting Subcontractor Direct Sales to the United States (see [3.503](#)).
- (2) [41 U.S.C. chapter 35](#), and [10 U.S.C. chapter 271](#), Truthful Cost or Pricing Data (see [15.403](#)).
- (3) [41 U.S.C. chapter 15](#), Cost Accounting Standards (48 CFR Chapter 99) (see [12.214](#)).

12.504 Applicability of certain laws to subcontracts for the acquisition of commercial products and commercial services.

(a) The following laws are not applicable to subcontracts at any tier for the acquisition of commercial products or commercial services at any tier:

- (1) [10 U.S.C. 2631](#), Transportation of Supplies by Sea (except for the types of subcontracts listed at [47.504\(d\)](#)).
- (2) [15 U.S.C. 644\(d\)](#), Requirements relative to labor surplus areas under the Small Business Act (see [subpart 19.2](#)).
- (3) [Reserved]
- (4) [41 U.S.C. chapter 65](#), Contracts for Materials, Supplies, Articles, and Equipment Exceeding \$10,000 (see [subpart 22.6](#)).
- (5) [41 U.S.C. 4703](#), Validation of Proprietary Data restrictions (see [subpart 27.4](#)).
- (6) [41 U.S.C. 3901\(b\)](#) and [10 U.S.C. 3321\(b\)](#), Contingent Fees (see [subpart 3.4](#)).
- (7) [41 U.S.C. 4706\(d\)](#) and [10 U.S.C. 3841\(d\)](#), Examination of Records of Contractor, when a subcontractor is not required to provide certified cost or pricing data (see [15.209\(b\)](#)), unless using funds appropriated or otherwise made available by the American Recovery and Reinvestment Act of 2009 (Pub. L. 111-5).
- (8) [41 U.S.C. 1708\(e\)\(3\)](#), Minimum Response Time for Offers (see [subpart 5.2](#)).
- (9) [41 U.S.C. 2302](#), Rights in Technical Data (see [subpart 27.4](#)).
- (10) [41 U.S.C. chapter 81](#), Drug-Free Workplace Act (see [subpart 26.5](#)).
- (11) 46 U.S.C. App. 1241(b), Transportation in American Vessels of Government Personnel and Certain Cargo (see [subpart 47.5](#)) (except for the types of subcontracts listed at [47.504\(d\)](#)).
- (12) [49 U.S.C. 40118](#), Fly American provisions (see [subpart 47.4](#)).
- (13) Section 806(a)(3) of Pub. L. 102-190, as amended by Sections 2091 and 8105 of Pub. L. 103-355 ([10 U.S.C. 4601 note](#) prec.), Payment Protections for Subcontractors and Suppliers (see [28.106-6](#)).

(b) The requirements for a certificate and clause under the Contract Work Hours and Safety Standards statute, [40 U.S.C. 37](#), (see [subpart 22.3](#)) are not applicable to subcontracts at any tier for the acquisition of commercial products or commercial services or commercial components.

(c) The applicability of the following laws has been modified in regard to subcontracts at any tier for the acquisition of commercial products or commercial services:

- (1) [41 U.S.C. 4704](#) and [10 U.S.C. 4655](#), Prohibition on Limiting Subcontractor Direct Sales to the United States (see [subpart 3.5](#)).
- (2) [41 U.S.C. chapter 35](#), and [10 U.S.C. chapter 271](#), Truthful Cost or Pricing Data (see [subpart 15.4](#)).
- (3) [41 U.S.C. chapter 15](#), Cost Accounting Standards (48 CFR Chapter 99) (see [12.214](#)).

12.505 Applicability of certain laws to contracts for the acquisition of COTS items.

COTS items are a subset of commercial products. Therefore, any laws listed in sections [12.503](#) and [12.504](#) are also inapplicable or modified in their applicability to contracts or subcontracts for the acquisition of COTS items. In addition, the following laws are not applicable to contracts for the acquisition of COTS items:

- (a) (1) The portion of [41 U.S.C. 8302](#), American Materials Required for Public Use, paragraph (a)(1) that reads “substantially all from articles, materials, or supplies mined, produced, or manufactured in the United States,” Buy American—Supplies, domestic content test, except as provided in [25.101\(a\)\(2\)\(ii\)](#) (see [52.225-1](#) and [52.225-3](#)).
- (2) The portion of [41 U.S.C. 8303](#), Contracts for Public Works, paragraph (a)(2) that reads “substantially all from articles, materials, or supplies mined, produced, or manufactured in the United States,” Buy American—Construction Materials, domestic content test, except as provided in [25.201\(b\)\(2\)\(ii\)](#) (see [52.225-9](#) and [52.225-11](#)).
- (b) [42 U.S.C. 69](#) 62(c)(3)(A), Certification and Estimate of Percentage of Recovered Material.
- (c) Compliance Plan and Certification Requirement, section 1703 of the National Defense Authorization Act for Fiscal Year 2013 (Pub. L. 112-239), Title XVII, Ending trafficking in Government Contracting (see [52.222-50\(h\)](#) and [52.222-56](#)).

This page intentionally left blank.

Subpart 12.6 - Streamlined Procedures for Evaluation and Solicitation for Commercial Products and Commercial Services

12.601 General.

- (a) This subpart provides optional procedures for—
 - (1) Streamlined evaluation of offers for commercial products or commercial services; and
 - (2) Streamlined solicitation of offers for commercial products or commercial services for use where appropriate.
- (b) These procedures are intended to simplify the process of preparing and issuing solicitations and evaluating offers for commercial products or commercial services consistent with customary commercial practices.

12.602 Streamlined evaluation of offers.

- (a) When evaluation factors are used, the contracting officer may insert a provision substantially the same as the provision at [52.212-2](#), Evaluation-Commercial Products and Commercial Services, in solicitations for commercial products or commercial services or comply with the procedures in [13.106](#) if the acquisition is being made using simplified acquisition procedures. When the provision at [52.212-2](#) is used, paragraph (a) of the provision shall be tailored to the specific acquisition to describe the evaluation factors and relative importance of those factors. However, when using the simplified acquisition procedures in [part 13](#), contracting officers are not required to describe the relative importance of evaluation factors.
- (b) Offers shall be evaluated in accordance with the criteria contained in the solicitation. For many commercial products or commercial services, the criteria need not be more detailed than technical (capability of the item offered to meet the agency need), price, and past performance. Technical capability may be evaluated by how well the proposed products or services meet the Government requirement instead of predetermined subfactors. Solicitations for commercial products or commercial services do not have to contain subfactors for technical capability when the solicitation adequately describes the intended use of the commercial product or commercial service. A technical evaluation would normally include examination of such things as product or service literature, product samples (if requested), technical features, and warranty provisions. Past performance shall be evaluated in accordance with the procedures in section [13.106](#) or [subpart 15.3](#), as applicable. The contracting officer shall ensure the instructions provided in the provision at [52.212-1](#), Instructions to Offerors—Commercial Products and Commercial Services, and the evaluation criteria provided in the provision at [52.212-2](#), Evaluation—Commercial Products and Commercial Services, are in agreement.
- (c) Select the offer that is most advantageous to the Government based on the factors contained in the solicitation. Fully document the rationale for selection of the successful offeror including discussion of any trade-offs considered.

12.603 Streamlined solicitation for commercial products or commercial services.

- (a) When a written solicitation will be issued, the contracting officer may use the following procedure to reduce the time required to solicit and award contracts for the acquisition of commercial products or commercial services. This procedure combines the synopsis required by [5.203](#) and the issuance of the solicitation into a single document.
- (b) When using the combined synopsis/solicitation procedure, the [SF1449](#) is not used for issuing the solicitation.
- (c) To use these procedures, the contracting officer shall—
 - (1) Prepare the synopsis as described at [5.207](#).
 - (2) In the Description, include the following additional information:
 - (i) The following statement:

This is a combined synopsis/solicitation for commercial products or commercial services prepared in accordance with the format in [subpart 12.6](#), as supplemented with additional information included in this notice. This announcement constitutes the only solicitation; proposals are being requested and a written solicitation will not be issued.
 - (ii) The solicitation number and a statement that the solicitation is issued as an invitation to bid (IFB), request for quotation (RFQ) or request for proposal (RFP).
 - (iii) A statement that the solicitation document and incorporated provisions and clauses are those in effect through Federal Acquisition Circular ____.
 - (iv) A notice regarding any set-aside and the associated NAICS code and small business size standard.
 - (v) A list of line item number(s) and items, quantities, and units of measure (including option(s), if applicable).
 - (vi) Description of requirements for the items to be acquired.
 - (vii) Date(s) and place(s) of delivery and acceptance and FOB point.
 - (viii) A statement that the provision at [52.212-1](#), Instructions to Offerors-Commercial Products and Commercial Services, applies to this acquisition and a statement regarding any addenda to the provision.

(ix) A statement regarding the applicability of the provision at [52.212-2](#), Evaluation-Commercial Products and Commercial Services, if used, and the specific evaluation criteria to be included in paragraph (a) of that provision. If this provision is not used, describe the evaluation procedures to be used.

(x) A statement advising offerors to include a completed copy of the provision at [52.212-3](#), Offeror Representations and Certifications-Commercial Products and Commercial Services, with its offer.

(xi) A statement that the clause at [52.212-4](#), Contract Terms and Conditions-Commercial Products and Commercial Services, applies to this acquisition and a statement regarding any addenda to the clause.

(xii) A statement that the clause at [52.212-5](#), Contract Terms and Conditions Required To Implement Statutes or Executive Orders-Commercial Products and Commercial Services, applies to this acquisition and a statement regarding which, if any, of the additional FAR clauses cited in the clause are applicable to the acquisition.

(xiii) A statement regarding any additional contract requirement(s) or terms and conditions (such as contract financing arrangements or warranty requirements) determined by the contracting officer to be necessary for this acquisition and consistent with customary commercial practices.

(xiv) A statement regarding the Defense Priorities and Allocations System (DPAS) and assigned rating, if applicable.

(xv) The date, time and place offers are due.

(xvi) The name and telephone number of the individual to contact for information regarding the solicitation.

(3) Allow response time for receipt of offers as follows:

(i) Because the synopsis and solicitation are contained in a single document, it is not necessary to publicize a separate synopsis 15 days before the issuance of the solicitation.

(ii) When using the combined synopsis and solicitation, contracting officers must establish a response time in accordance with [5.203\(b\)](#) (but see [5.203\(h\)](#)).

(4) Publicize amendments to solicitations in the same manner as the initial synopsis and solicitation.

PART 13 - SIMPLIFIED ACQUISITION PROCEDURES

Sec.

- 13.000 Scope of part.
- 13.001 Definitions.
- 13.002 Purpose.
- 13.003 Policy.
- 13.004 Legal effect of quotations.
- 13.005 List of laws inapplicable to contracts and subcontracts at or below the simplified acquisition threshold.
- 13.006 Inapplicable provisions and clauses.

Subpart 13.1 - Procedures

- 13.101 General.
- 13.102 Source list.
- 13.103 Use of standing price quotations.
- 13.104 Promoting competition.
- 13.105 Synopsis and posting requirements.
- 13.106 Soliciting competition, evaluation of quotations or offers, award and documentation.
- 13.106-1 Soliciting competition.
- 13.106-2 Evaluation of quotations or offers.
- 13.106-3 Award and documentation.

Subpart 13.2 - Actions At or Below the Micro-Purchase Threshold

- 13.201 General.
- 13.202 Unenforceability of unauthorized obligations in micro-purchases.
- 13.203 Purchase guidelines.

Subpart 13.3 - Simplified Acquisition Methods

- 13.301 Governmentwide commercial purchase card.
- 13.302 Purchase orders.
- 13.302-1 General.
- 13.302-2 Unpriced purchase orders.
- 13.302-3 Obtaining contractor acceptance and modifying purchase orders.
- 13.302-4 Termination or cancellation of purchase orders.
- 13.302-5 Clauses.
- 13.303 Blanket purchase agreements (BPAs).
- 13.303-1 General.
- 13.303-2 Establishment of BPAs.
- 13.303-3 Preparation of BPAs.
- 13.303-4 Clauses.
- 13.303-5 Purchases under BPAs.
- 13.303-6 Review procedures.
- 13.303-7 Completion of BPAs.
- 13.303-8 Optional clause.
- 13.304 [Reserved]
- 13.305 Imprest funds and third party drafts.
- 13.305-1 General.
- 13.305-2 Agency responsibilities.
- 13.305-3 Conditions for use.
- 13.305-4 Procedures.
- 13.306 SF 44, Purchase Order-Invoice-Voucher.

Subpart 13.4 - Fast Payment Procedure

- 13.401 General.
- 13.402 Conditions for use.
- 13.403 Preparation and execution of orders.
- 13.404 Contract clause.

Subpart 13.5 - Simplified Procedures for Certain Commercial Products and Commercial Services

- 13.500 General.
- 13.501 Special documentation requirements.

This page intentionally left blank.

13.000 Scope of part.

This part prescribes policies and procedures for the acquisition of supplies and services, including construction, research and development, commercial products, and commercial services, the aggregate amount of which does not exceed the simplified acquisition threshold (see [2.101](#)). [subpart 13.5](#) provides special authority for acquisitions of commercial products and commercial services exceeding the simplified acquisition threshold but not exceeding \$7.5 million (\$15 million for acquisitions as described in [13.500](#) (c)), including options. See [part 12](#) for policies applicable to the acquisition of commercial products and commercial services exceeding the micro-purchase threshold. See [36.602-5](#) for simplified procedures to be used when acquiring architect-engineer services.

13.001 Definitions.

As used in this part-

Authorized individual means a person who has been granted authority, in accordance with agency procedures, to acquire supplies and services in accordance with this part.

Governmentwide commercial purchase card means a purchase card, similar in nature to a commercial credit card, issued to authorized agency personnel to use to acquire and to pay for supplies and services.

Imprest fund means a cash fund of a fixed amount established by an advance of funds, without charge to an appropriation, from an agency finance or disbursing officer to a duly appointed cashier, for disbursement as needed from time to time in making payment in cash for relatively small amounts.

Third party draft means an agency bank draft, similar to a check, that is used to acquire and to pay for supplies and services. (See Treasury Financial Management Manual, Section 3040.70.)

13.002 Purpose.

The purpose of this part is to prescribe simplified acquisition procedures in order to-

- (a) Reduce administrative costs;
- (b) Improve opportunities for small, small disadvantaged, women-owned, veteran-owned, HUBZone, and service-disabled veteran-owned small business concerns to obtain a fair proportion of Government contracts;
- (c) Promote efficiency and economy in contracting; and
- (d) Avoid unnecessary burdens for agencies and contractors.

13.003 Policy.

(a) Agencies shall use simplified acquisition procedures to the maximum extent practicable for all purchases of supplies or services not exceeding the simplified acquisition threshold (including purchases at or below the micro-purchase threshold). This policy does not apply if an agency can meet its requirement using-

- (1) Required sources of supply under [part 8](#) (e.g., Federal Prison Industries, Committee for Purchase from People Who are Blind or Severely Disabled, and Federal Supply Schedule contracts);
- (2) Existing indefinite delivery/indefinite quantity contracts; or
- (3) Other established contracts.

(b) (1) Acquisitions of supplies or services that have an anticipated dollar value above the micro-purchase threshold, but at or below the simplified acquisition threshold, shall be set aside for small business concerns (see [19.000](#), [19.203](#), and [subpart 19.5](#)).

(2) The contracting officer may make an award to a small business concern under the-

- (i) 8(a) Program (see [subpart 19.8](#));
- (ii) Historically Underutilized Business Zone (HUBZone) Program (but see [19.1305](#));
- (iii) Service-Disabled Veteran-Owned Small Business (SDVOSB) Program (see [subpart 19.14](#)); or
- (iv) Women-Owned Small Business (WOSB) Program (see [subpart 19.15](#)).

(3) The following contracting officer's decisions for acquisitions at or below the simplified acquisition threshold are not subject to review under [subpart 19.4](#):

- (i) A decision not to make an award under the 8(a) Program.
- (ii) A decision not to set aside an acquisition for HUBZone small business concerns, service-disabled veteran-owned small business concerns, or EDWOSB concerns and WOSB concerns eligible under the WOSB Program.

(4) Each written solicitation under a set-aside shall contain the appropriate provisions prescribed by [part 19](#). If the solicitation is oral, however, information substantially identical to that in the provision shall be given to potential quoters.

(c) (1) The contracting officer shall not use simplified acquisition procedures to acquire supplies and services if the anticipated award will exceed-

(i) The simplified acquisition threshold; or

(ii) \$7.5 million (\$15 million for acquisitions as described in [13.500\(c\)](#)), including options, for acquisitions of commercial products or commercial services using subpart [13.5](#).

(2) Do not break down requirements aggregating more than the simplified acquisition threshold (or for commercial products and commercial services, the threshold in subpart [13.5](#)) or the micro-purchase threshold into several purchases that are less than the applicable threshold merely to-

(i) Permit use of simplified acquisition procedures; or

(ii) Avoid any requirement that applies to purchases exceeding the micro-purchase threshold.

(d) An agency that has specific statutory authority to acquire personal services (see [37.104](#)) may use simplified acquisition procedures to acquire those services.

(e) Agencies shall use the Governmentwide commercial purchase card and electronic purchasing techniques to the maximum extent practicable in conducting simplified acquisitions (but see [32.1108\(b\)\(2\)](#)).

(f) Agencies shall maximize the use of electronic commerce when practicable and cost-effective (see [subpart 4.5](#)). Drawings and lengthy specifications can be provided off-line in hard copy or through other appropriate means.

(g) Authorized individuals shall make purchases in the simplified manner that is most suitable, efficient, and economical based on the circumstances of each acquisition. For acquisitions not expected to exceed-

(1) The simplified acquisition threshold when acquiring other than commercial products or commercial services, use any appropriate combination of the procedures in [parts 13, 14, 15, 35, or 36](#), including the use of [Standard Form 1442](#), Solicitation, Offer, and Award (Construction, Alteration, or Repair), for construction contracts (see [36.701\(a\)](#)); or

(2) \$7.5 million (\$15 million for acquisitions as described in [13.500\(c\)](#)), for commercial products or commercial services, use any appropriate combination of the procedures in [parts 12, 13, 14, and 15](#) (see paragraph (d) of this section).

(h) In addition to other considerations, contracting officers shall-

(1) Promote competition to the maximum extent practicable (see [13.104](#));

(2) Establish deadlines for the submission of responses to solicitations that afford suppliers a reasonable opportunity to respond (see [5.203](#));

(3) Consider all quotations or offers that are timely received. For evaluation of quotations or offers received electronically, see [13.106-2\(b\)\(4\)](#); and

(4) Use innovative approaches, to the maximum extent practicable, in awarding contracts using simplified acquisition procedures.

13.004 Legal effect of quotations.

(a) A quotation is not an offer and, consequently, cannot be accepted by the Government to form a binding contract. Therefore, issuance by the Government of an order in response to a supplier's quotation does not establish a contract. The order is an offer by the Government to the supplier to buy certain supplies or services upon specified terms and conditions. A contract is established when the supplier accepts the offer.

(b) When appropriate, the contracting officer may ask the supplier to indicate acceptance of an order by notification to the Government, preferably in writing, as defined at [2.101](#). In other circumstances, the supplier may indicate acceptance by furnishing the supplies or services ordered or by proceeding with the work to the point where substantial performance has occurred.

(c) If the Government issues an order resulting from a quotation, the Government may (by written notice to the supplier, at any time before acceptance occurs) withdraw, amend, or cancel its offer. (See [13.302-4](#) for procedures on termination or cancellation of purchase orders.)

13.005 List of laws inapplicable to contracts and subcontracts at or below the simplified acquisition threshold.

(a) The following laws are inapplicable to all contracts and subcontracts (if otherwise applicable to subcontracts) at or below the simplified acquisition threshold pursuant to [41 U.S.C. 1905](#):

(1) [10 U.S.C. 983](#), Institutions of Higher Education that Prevent ROTC Access or Military Recruiting on Campus: Denial of Grants and Contracts from Department of Defense, Department of Education, and Certain Other Departments and Agencies (see [9.110](#)).

(2) [10 U.S.C. 3321\(b\)](#) and [41 U.S.C. 3901\(b\)](#) (contract clause regarding contingent fees).

(3) [10 U.S.C. 3841](#) and [41 U.S.C. 4706](#) (authority to examine books and records of (contractors)).

- (4) [10 U.S.C. 4655](#) and [41 U.S.C. 4704](#) (prohibition on limiting subcontractors direct sales to the United States).
- (5) [22 U.S.C. 2593e](#) Measures Against Persons Involved in Activities that Violate Arms Control Treaties or Agreements with the United States. (The requirement at [22 U.S.C. 2593e\(c\)\(3\)\(B\)](#) to provide a certification does not apply.)
- (6) [31 U.S.C. 1354\(a\)](#) Limitation on Use of Appropriated Funds for Contracts with Entities Not Meeting Veterans' Employment Reporting Requirements (see [22.1302](#)).
- (7) [41 U.S.C. 8102\(a\)\(1\)](#) (Drug-Free Workplace), except for individuals.
- (b) The Federal Acquisition Regulatory Council (FAR Council) will include any law enacted after October 13, 1994, that sets forth policies, procedures, requirements, or restrictions for the acquisition of property or services, on the list set forth in paragraph (a) of this section. The FAR Council may make exceptions when it determines in writing that it is in the best interest of the Government that the enactment should apply to contracts or subcontracts not greater than the simplified acquisition threshold.
- (c) The provisions of paragraph (b) of this section do not apply to laws that-
 - (1) Provide for criminal or civil penalties; or
 - (2) Specifically state that notwithstanding the language of [41 U.S.C. 1905](#), the enactment will be applicable to contracts or subcontracts in amounts not greater than the simplified acquisition threshold.
- (d) Any individual may petition the Administrator, Office of Federal Procurement Policy (OFPP), to include any applicable provision of law not included on the list set forth in paragraph (a) of this section unless the FAR Council has already determined in writing that the law is applicable. The Administrator, OFPP, will include the law on the list in paragraph (a) of this section unless the FAR Council makes a determination that it is applicable within 60 days of receiving the petition.

13.006 Inapplicable provisions and clauses.

While certain statutes still apply, pursuant to Public Law 103-355, the following provisions and clauses are inapplicable to contracts and subcontracts at or below the simplified acquisition threshold:

- (a) [52.203-5](#), Covenant Against Contingent Fees.
- (b) [52.203-6](#), Restrictions on Subcontractor Sales to the Government.
- (c) [52.203-7](#), Anti-Kickback Procedures.
- (d) [52.215-2](#), Audits and Records-Negotiation, except as used with its Alternate I, when using funds appropriated or otherwise made available by the American Recovery and Reinvestment Act of 2009 (Pub. L. 111-5).
- (e) [52.222-4](#), Contract Work Hours and Safety Standards-Overtime Compensation.
- (f) [52.226-7](#), Drug-Free Workplace, except for individuals.
- (g) [52.223-9](#), Estimate of Percentage of Recovered Material Content for EPA-Designated Items.

Subpart 13.1 - Procedures

13.101 General.

- (a) In making purchases, contracting officers shall-
 - (1) Comply with the policy in [7.202](#) relating to economic purchase quantities, when practicable;
 - (2) Satisfy the procedures described in [subpart 19.6](#) with respect to Certificates of Competency before rejecting a quotation, oral or written, from a small business concern determined to be nonresponsible (see [subpart 9.1](#)); and
 - (3) Provide for the inspection of supplies or services as prescribed in [46.404](#).
- (b) In making purchases, contracting officers should-
 - (1) Include related items (such as small hardware items or spare parts for vehicles) in one solicitation and make award on an "all-or-none" or "multiple award" basis provided suppliers are so advised when quotations or offers are requested;
 - (2) Incorporate provisions and clauses by reference in solicitations and in awards under requests for quotations, provided the requirements in [52.102](#) are satisfied;
 - (3) Make maximum effort to obtain trade and prompt payment discounts (see [14.408-3](#)). Prompt payment discounts shall not be considered in the evaluation of quotations; and
 - (4) Use bulk funding to the maximum extent practicable. Bulk funding is a system whereby the contracting officer receives authorization from a fiscal and accounting officer to obligate funds on purchase documents against a specified lump sum of funds reserved for the purpose for a specified period of time rather than obtaining individual obligational authority on each purchase document. Bulk funding is particularly appropriate if numerous purchases using the same type of funds are to be made during a given period.

13.102 Source list.

(a) Contracting officers should use the System for Award Management (see subpart 4.11) via <https://www.sam.gov> as their primary sources of vendor information. Offices maintaining additional vendor source files or listings should identify the status of each source (when the status is made known to the contracting office) in the following categories:

- (1) Small business.
- (2) Small disadvantaged business.
- (3) Women-owned small business concern, including economically disadvantaged women-owned small business concerns and women-owned small business concerns eligible under the Women-owned Small Business (WOSB) Program.
- (4) HUBZone small business.
- (5) Service-disabled veteran-owned small business.
- (6) Veteran-owned small business.

(b) The status information may be used as the basis to ensure that small business concerns are provided the maximum practicable opportunities to respond to solicitations issued using simplified acquisition procedures.

13.103 Use of standing price quotations.

Authorized individuals do not have to obtain individual quotations for each purchase. Standing price quotations may be used if-

- (a) The pricing information is current; and
- (b) The Government obtains the benefit of maximum discounts before award.

13.104 Promoting competition.

The contracting officer must promote competition to the maximum extent practicable to obtain supplies and services from the source whose offer is the most advantageous to the Government, considering the administrative cost of the purchase.

- (a) The contracting officer must not-
 - (1) Solicit quotations based on personal preference; or
 - (2) Restrict solicitation to suppliers of well-known and widely distributed makes or brands.
- (b) If using simplified acquisition procedures and not providing access to the notice of proposed contract action and solicitation information through the Governmentwide point of entry (GPE), maximum practicable competition ordinarily can be obtained by soliciting quotations or offers from sources within the local trade area. Unless the contract action requires synopsis pursuant to 5.101 and an exception under 5.202 is not applicable, consider solicitation of at least three sources to promote competition to the maximum extent practicable. Whenever practicable, request quotations or offers from two sources not included in the previous solicitation.
- (c) When conducting a reverse auction, see [subpart 17.8](#).

13.105 Synopsis and posting requirements.

- (a) The contracting officer must comply with the public display and synopsis requirements of 5.101 and 5.203 unless an exception in 5.202 applies.
- (b) When acquiring commercial products or commercial services, or supplies or services procured in accordance with 12.102(f)(1), the contracting officer may use a combined synopsis and solicitation. In these cases, a separate solicitation is not required. The contracting officer must include enough information to permit suppliers to develop quotations or offers.
- (c) See 5.102(a)(6) for the requirement to post a brand name justification or documentation required by 13.106-1(b) or 13.501.
- (d) When publicizing contract actions funded in whole or in part by the American Recovery and Reinvestment Act of 2009 (Pub. L. 111-5):
 - (1) Notices of proposed contract actions shall follow the procedures in 5.704 for posting orders.
 - (2) Award notices shall follow the procedures in 5.705.

13.106 Soliciting competition, evaluation of quotations or offers, award and documentation.**13.106-1 Soliciting competition.**

(a) *Considerations.* In soliciting competition, the contracting officer shall consider the guidance in 13.104 and the following before requesting quotations or offers:

- (1) (i) The nature of the article or service to be purchased and whether it is highly competitive and readily available in several makes or brands, or is relatively noncompetitive.
- (ii) An electronic commerce method that employs widespread electronic public notice is not available; and
- (iii) The urgency of the proposed purchase.
- (iv) The dollar value of the proposed purchase.
- (v) Past experience concerning specific dealers' prices.
- (2) (i) When soliciting quotations or offers, the contracting officer shall notify potential quoters or offerors of the basis on which award will be made (price alone or price and other factors, *e.g.*, past performance and quality).
- (ii) Contracting officers are encouraged to use best value.
- (iii) Solicitations are not required to state the relative importance assigned to each evaluation factor and subfactor, nor are they required to include subfactors.
- (iv) In accordance with [10 U.S.C. 3206\(c\)](#), for DoD, NASA, and the Coast Guard—
 - (A) The contracting officer may choose not to include price or cost as an evaluation factor for award when a solicitation—
 - (1) Has an estimated value above the simplified acquisition threshold;
 - (2) Will result in multiple-award contracts (see subpart [16.5](#)) that are for the same or similar services; and
 - (3) States that the Government intends to make an award to each and all qualifying offerors (see 2.101).
 - (B) If the contracting officer chooses not to include price or cost as an evaluation factor for the contract award, in accordance with paragraph (a)(2)(iv)(A) of this section, the contracting officer shall consider price or cost as one of the factors in the selection decision for each order placed under the contract.
 - (C) The exception in paragraph (a)(2)(iv)(A) of this section shall not apply to solicitations for multiple-award contracts that provide for sole source orders pursuant to section 8(a) of the Small Business Act ([15 U.S.C. 637\(a\)](#)).
 - (v) Except for DoD, contracting officers shall ensure the criteria at [15.101-2\(c\)\(1\)-\(5\)](#) are met when using the lowest price technically acceptable source selection process.
 - (vi) Except for DoD, avoid using the lowest price technically acceptable source selection process to acquire certain supplies and services in accordance with [15.101-2\(d\)](#).
- (b) Soliciting from a single source. (1) For purchases not exceeding the simplified acquisition threshold. (i) Contracting officers may solicit from one source if the contracting officer determines that the circumstances of the contract action deem only one source reasonably available (*e.g.*, urgency, exclusive licensing agreements, brand-name or industrial mobilization).
- (ii) Where a single source is identified to provide a portion of a purchase because that portion of the purchase specifies a particular brand-name item, the documentation in paragraph (b)(1)(i) of this section only applies to the portion of the purchase requiring the brand-name item. The documentation should state it is covering only the portion of the acquisition which is brand-name.
- (2) *For purchases exceeding the simplified acquisition threshold.* The requirements at [13.501\(a\)](#) apply to sole-source (including brand-name) acquisitions of commercial products and commercial services conducted pursuant to subpart [13.5](#).
- (3) See [5.102\(a\)\(6\)](#) for the requirement to post the brand-name justification or documentation.
- (c) Soliciting orally. (1) The contracting officer shall solicit quotations orally to the maximum extent practicable, if-
 - (i) The acquisition does not exceed the simplified acquisition threshold;
 - (ii) Oral solicitation is more efficient than soliciting through available electronic commerce alternatives; and
 - (iii) Notice is not required under [5.101](#).
- (2) However, an oral solicitation may not be practicable for contract actions exceeding \$25,000 unless covered by an exception in [5.202](#).
- (d) *Written solicitations.* If obtaining electronic or oral quotations is uneconomical or impracticable, the contracting officer should issue paper solicitations for contract actions likely to exceed \$25,000. The contracting officer shall issue a written solicitation for construction requirements exceeding \$2,000.
- (e) *Use of options.* Options may be included in solicitations, provided the requirements of subpart [17.2](#) are met and the aggregate value of the acquisition and all options does not exceed the dollar threshold for use of simplified acquisition procedures.
- (f) *Inquiries.* An agency should respond to inquiries received through any medium (including electronic commerce) if doing so would not interfere with the efficient conduct of the acquisition.

13.106-2 Evaluation of quotations or offers.

- (a) General. (1) The contracting officer shall evaluate quotations or offers-

- (i) In an impartial manner; and
- (ii) Inclusive of transportation charges from the shipping point of the supplier to the delivery destination.
- (2) Quotations or offers shall be evaluated on the basis established in the solicitation.
- (3) All quotations or offers shall be considered (see paragraph (b) of this subsection).
- (b) Evaluation procedures. (1) The contracting officer has broad discretion in fashioning suitable evaluation procedures. The procedures prescribed in [parts 14](#) and [15](#) are not mandatory. At the contracting officer's discretion, one or more, but not necessarily all, of the evaluation procedures in [part 14](#) or [15](#) may be used.
- (2) If telecommuting is not prohibited, agencies shall not unfavorably evaluate an offer because it includes telecommuting unless the contracting officer executes a written determination in accordance with FAR [7.108\(b\)](#).
- (3) If using price and other factors, ensure that quotations or offers can be evaluated in an efficient and minimally burdensome fashion. Formal evaluation plans and establishing a competitive range, conducting discussions, and scoring quotations or offers are not required. Contracting offices may conduct comparative evaluations of offers. Evaluation of other factors, such as past performance-
 - (i) Does not require the creation or existence of a formal data base; and
 - (ii) May be based on one or more of the following:
 - (A) The contracting officer's knowledge of and previous experience with the supply or service being acquired;
 - (B) Customer surveys, and past performance questionnaire replies;
 - (C) The Contractor Performance Assessment Reporting System (CPARS) at <https://www.cpars.gov>; or
 - (D) Any other reasonable basis.
- (4) For acquisitions conducted using a method that permits electronic response to the solicitation, the contracting officer may-
 - (i) After preliminary consideration of all quotations or offers, identify from all quotations or offers received one that is suitable to the user, such as the lowest priced brand name product, and quickly screen all lower priced quotations or offers based on readily discernible value indicators, such as past performance, warranty conditions, and maintenance availability; or
 - (ii) Where an evaluation is based only on price and past performance, make an award based on whether the lowest priced of the quotations or offers having the highest past performance rating possible represents the best value when compared to any lower priced quotation or offer.

13.106-3 Award and documentation.

- (a) *Basis for award.* Before making award, the contracting officer must determine that the proposed price is fair and reasonable.
 - (1) Whenever possible, base price reasonableness on competitive quotations or offers.
 - (2) If only one response is received, include a statement of price reasonableness in the contract file. The contracting officer may base the statement on-
 - (i) Market research;
 - (ii) Comparison of the proposed price with prices found reasonable on previous purchases;
 - (iii) Current price lists, catalogs, or advertisements. However, inclusion of a price in a price list, catalog, or advertisement does not, in and of itself, establish fairness and reasonableness of the price;
 - (iv) A comparison with similar items in a related industry;
 - (v) The contracting officer's personal knowledge of the item being purchased;
 - (vi) Comparison to an independent Government estimate; or
 - (vii) Any other reasonable basis.
 - (3) Occasionally an item can be obtained only from a supplier that quotes a minimum order price or quantity that either unreasonably exceeds stated quantity requirements or results in an unreasonable price for the quantity required. In these instances, the contracting officer should inform the requiring activity of all facts regarding the quotation or offer and ask it to confirm or alter its requirement. The file shall be documented to support the final action taken.
- (b) *File documentation and retention.* Keep documentation to a minimum. Purchasing offices shall retain data supporting purchases (paper or electronic) to the minimum extent and duration necessary for management review purposes (see [subpart 4.8](#)). The following illustrate the extent to which quotation or offer information should be recorded:
 - (1) *Oral solicitations.* The contracting office should establish and maintain records of oral price quotations in order to reflect clearly the propriety of placing the order at the price paid with the supplier concerned. In most cases, this will consist merely of showing the names of the suppliers contacted and the prices and other terms and conditions quoted by each.

(2) *Written solicitations* (see [2.101](#)). For acquisitions not exceeding the simplified acquisition threshold, limit written records of solicitations or offers to notes or abstracts to show prices, delivery, references to printed price lists used, the supplier or suppliers contacted, and other pertinent data.

(3) *Special situations*. Include additional statements, when applicable—

(i) Explaining the absence of competition (see [13.106-1](#) for brand name purchases) if only one source is solicited and the acquisition does not exceed the simplified acquisition threshold (does not apply to an acquisition of utility services available from only one source);

(ii) Supporting the award decision if other than price-related factors were considered in selecting the supplier; and

(iii) Except for DoD, when using lowest price technically acceptable source selection process, justifying the use of such process.

(c) *Notification*. For acquisitions that do not exceed the simplified acquisition threshold and for which automatic notification is not provided through an electronic commerce method that employs widespread electronic public notice, notification to unsuccessful suppliers shall be given only if requested or required by [5.301](#).

(d) *Request for information*. If a supplier requests information on an award that was based on factors other than price alone, a brief explanation of the basis for the contract award decision shall be provided (see [15.503](#)(b)(2)).

(e) *Taxpayer Identification Number*. If an oral solicitation is used, the contracting officer shall ensure that the copy of the award document sent to the payment office is annotated with the contractor's Taxpayer Identification Number (TIN) and type of organization (see [4.203](#)), unless this information will be obtained from some other source (*e.g.*, centralized database). The contracting officer shall disclose to the contractor that the TIN may be used by the Government to collect and report on any delinquent amounts arising out of the contractor's relationship with the Government ([31 U.S.C. 7701\(c\)\(3\)](#)).

This page intentionally left blank.

Subpart 13.2 - Actions At or Below the Micro-Purchase Threshold

13.201 General.

- (a) Agency heads are encouraged to delegate micro-purchase authority (see [1.603-3](#)).
- (b) The Governmentwide commercial purchase card shall be the preferred method to purchase and to pay for micro-purchases (see [2.101](#)).
- (c) Purchases at or below the micro-purchase threshold may be conducted using any of the methods described in subpart [13.3](#), provided the purchaser is authorized and trained, pursuant to agency procedures, to use those methods.
- (d) Micro-purchases do not require provisions or clauses, except as provided at [13.202](#) and [32.1110](#). This paragraph takes precedence over any other FAR requirement to the contrary, but does not prohibit the use of any clause.
- (e) The requirements in part 8 apply to purchases at or below the micro-purchase threshold.
- (f) The procurement requirements in [23.1](#) apply to purchases at or below the micro-purchase threshold.
- (g) (1) For acquisitions of supplies or services that, as determined by the head of the agency, are to be used to support a contingency operation; to facilitate defense against or recovery from cyber, nuclear, biological, chemical, or radiological attack; to support a request from the Secretary of State or the Administrator of the United States Agency for International Development to facilitate provision of international disaster assistance pursuant to [22 U.S.C. 2292](#) et seq; or to support response to an emergency or major disaster ([42 U.S.C. 5122](#)), the micro-purchase threshold is—
 - (i) \$20,000 in the case of any contract to be awarded and performed, or purchase to be made, inside the United States; and
 - (ii) \$35,000 in the case of any contract to be awarded and performed, or purchase to be made, outside the United States.
- (2) Purchases using this authority must have a clear and direct relationship to the support of a contingency operation; or the defense against or recovery from cyber, nuclear, biological, chemical, or radiological attack; international disaster assistance; or an emergency or major disaster.
- (h) When using the Governmentwide commercial purchase card as a method of payment, purchases at or below the micro-purchase threshold are exempt from verification in the System for Award Management as to whether the contractor has a delinquent debt subject to collection under the Treasury Offset Program (TOP).
- (i) Do not purchase any hardware, software, or services developed or provided by Kaspersky Lab that the Government will use on or after October 1, 2018. (See [4.2002](#)).
- (j) (1) On or after August 13, 2019, do not procure or obtain, or extend or renew a contract to procure or obtain, any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, unless an exception applies or a waiver is granted. (See subpart [4.21](#).)
- (2) On or after August 13, 2020, agencies are prohibited from entering into a contract, or extending or renewing a contract, with an entity that uses any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, unless an exception applies or a waiver is granted (see subpart [4.21](#)). This prohibition applies to the use of covered telecommunications equipment or services, regardless of whether that use is in performance of work under a Federal contract.
- (k) The prohibition in [subpart 4.22](#) on use of a covered application (“TikTok”) applies to purchases at or below the micro-purchase threshold where the performance of the contract may require the presence or use of a covered application, (e.g., where social media advertising services might be part of the procurement), unless an exception is granted in accordance with Office of Management and Budget Memorandum M-23-13 (see [4.2202](#)).
- (l) Do not procure or obtain, or extend or renew a contract to procure or obtain, any covered article, or any products or services produced or provided by a source, including contractor use of covered articles or sources, if prohibited from doing so by an applicable Federal Acquisition Supply Chain Security Act (FASCSA) order issued by the Director of National Intelligence, Secretary of Defense, or Secretary of Homeland Security (see [4.2303](#)).
- (m) The prohibitions on unmanned aircraft systems (e.g., drones) in [40.202](#) apply to purchases at or below the micro-purchase threshold.

13.202 Unenforceability of unauthorized obligations in micro-purchases.

Many supplies or services are acquired subject to supplier license agreements. These are particularly common in information technology acquisitions, but they may apply to any supply or service. For example, computer software and services delivered through the internet (web services) are often subject to license agreements, referred to as End User License

Agreements (EULA), Terms of Service (TOS), or other similar legal instruments or agreements. Many of these agreements contain indemnification clauses that are inconsistent with Federal law and unenforceable, but which could create a violation of the Anti-Deficiency Act ([31 U.S.C. 1341](#)) if agreed to by the Government. The clause at [52.232-39](#), Unenforceability of Unauthorized Obligations, automatically applies to any micro-purchase, including those made with the Governmentwide purchase card. This clause prevents such violations of the Anti-Deficiency Act ([31 U.S.C. 1341](#)).

13.203 Purchase guidelines.

(a) Solicitation, evaluation of quotations, and award. (1) To the extent practicable, micro-purchases shall be distributed equitably among qualified suppliers.

(2) Micro-purchases may be awarded without soliciting competitive quotations if the contracting officer or individual appointed in accordance with [1.603-3\(b\)](#) considers the price to be reasonable.

(3) The administrative cost of verifying the reasonableness of the price for purchases may more than offset potential savings from detecting instances of overpricing. Therefore, action to verify price reasonableness need only be taken if-

(i) The contracting officer or individual appointed in accordance with [1.603-3\(b\)](#) suspects or has information to indicate that the price may not be reasonable (*e.g.*, comparison to the previous price paid or personal knowledge of the supply or service); or

(ii) Purchasing a supply or service for which no comparable pricing information is readily available (*e.g.*, a supply or service that is not the same as, or is not similar to, other supplies or services that have recently been purchased on a competitive basis).

(b) *Documentation*. If competitive quotations were solicited and award was made to other than the low quoter, documentation to support the purchase may be limited to identification of the solicited concerns and an explanation for the award decision.

Subpart 13.3 - Simplified Acquisition Methods

13.301 Governmentwide commercial purchase card.

(a) Except as provided in [32.1108\(b\)\(2\)](#), the Governmentwide commercial purchase card is authorized for use in making and/or paying for purchases of supplies, services, or construction. The Governmentwide commercial purchase card may be used by contracting officers and other individuals designated in accordance with [1.603-3](#). The card may be used only for purchases that are otherwise authorized by law or regulation.

(b) Agencies using the Governmentwide commercial purchase card shall establish procedures for use and control of the card that comply with the Treasury Financial Manual for Guidance of Departments and Agencies (TFM 4-4500) and that are consistent with the terms and conditions of the current GSA credit card contract. Agency procedures should not limit the use of the Governmentwide commercial purchase card to micro-purchases. Agency procedures should encourage use of the card in greater dollar amounts by contracting officers to place orders and to pay for purchases against contracts established under [part 8](#) procedures, when authorized; and to place orders and/or make payment under other contractual instruments, when agreed to by the contractor. See [32.1110\(d\)](#) for instructions for use of the appropriate clause when payment under a written contract will be made through use of the card.

(c) The Governmentwide commercial purchase card may be used to-

- (1) Make micro-purchases;
- (2) Place a task or delivery order (if authorized in the basic contract, basic ordering agreement, or blanket purchase agreement); or
- (3) Make payments, when the contractor agrees to accept payment by the card (but see [32.1108\(b\)\(2\)](#)).

13.302 Purchase orders.

13.302-1 General.

(a) Except as provided under the unpriced purchase order method (see [13.302-2](#)), purchase orders generally are issued on a fixed-price basis. See [12.207](#) for acquisition of commercial products and commercial services.

(b) Purchase orders shall-

- (1) Specify the quantity of supplies or scope of services ordered;
- (2) Contain a determinable date by which delivery of the supplies or performance of the services is required;
- (3) Provide for inspection as prescribed in [part 46](#). Generally, inspection and acceptance should be at destination. Source inspection should be specified only if required by [part 46](#). When inspection and acceptance will be performed at destination, advance copies of the purchase order or equivalent notice shall be furnished to the consignee(s) for material receipt purposes. Receiving reports shall be accomplished immediately upon receipt and acceptance of supplies;
- (4) Specify f.o.b. destination for supplies to be delivered within the United States, except Alaska or Hawaii, unless there are valid reasons to the contrary; and
- (5) Include any trade and prompt payment discounts that are offered, consistent with the applicable principles at [14.408-3](#).

(c) The contracting officer's signature on purchase orders shall be in accordance with [4.101](#) and the definitions at [2.101](#). Facsimile and electronic signature may be used in the production of purchase orders by automated methods.

(d) Limit the distribution of copies of purchase orders and related forms to the minimum deemed essential for administration and transmission of contractual information.

(e) In accordance with [31 U.S.C.3332](#), electronic funds transfer (EFT) is required for payments except as provided in [32.1110](#). See [subpart 32.11](#) for instructions for use of the appropriate clause in purchase orders. When obtaining oral quotes, the contracting officer shall inform the quoter of the EFT clause that will be in any resulting purchase order.

13.302-2 Unpriced purchase orders.

(a) An unpriced purchase order is an order for supplies or services, the price of which is not established at the time of issuance of the order.

(b) An unpriced purchase order may be used only when-

- (1) It is impractical to obtain pricing in advance of issuance of the purchase order; and
- (2) The purchase is for-
 - (i) Repairs to equipment requiring disassembly to determine the nature and extent of repairs;
 - (ii) Material available from only one source and for which cost cannot readily be established; or

(iii) Supplies or services for which prices are known to be competitive, but exact prices are not known (*e.g.*, miscellaneous repair parts, maintenance agreements).

(c) Unpriced purchase orders may be issued on paper or electronically. A realistic monetary limitation, either for each line item or for the total order, shall be placed on each unpriced purchase order. The monetary limitation shall be an obligation subject to adjustment when the firm price is established. The contracting officer shall follow up on each order to ensure timely pricing. The contracting officer or the contracting officer's designated representative shall review the invoice price and, if reasonable (see [13.106-3\(a\)](#)), process the invoice for payment.

13.302-3 Obtaining contractor acceptance and modifying purchase orders.

(a) When it is desired to consummate a binding contract between the parties before the contractor undertakes performance, the contracting officer shall require written (see [2.101](#)) acceptance of the purchase order by the contractor.

(b) Each purchase order modification shall identify the order it modifies and shall contain an appropriate modification number.

(c) A contractor's written acceptance of a purchase order modification may be required only if-

(1) Determined by the contracting officer to be necessary to ensure the contractor's compliance with the purchase order as revised; or

(2) Required by agency regulations.

13.302-4 Termination or cancellation of purchase orders.

(a) If a purchase order that has been accepted in writing by the contractor is to be terminated, the contracting officer shall process the termination in accordance with-

(1) [12.403](#) and [52.212-4\(l\)](#) or (m) for commercial products and commercial services; or

(2) [part 49](#) or [52.213-4](#) for other than commercial products or commercial services.

(b) If a purchase order that has not been accepted in writing by the contractor is to be canceled, the contracting officer shall notify the contractor in writing that the purchase order has been canceled, request the contractor's written acceptance of the cancellation, and proceed as follows:

(1) If the contractor accepts the cancellation and does not claim that costs were incurred as a result of beginning performance under the purchase order, no further action is required (*i.e.*, the purchase order shall be considered canceled).

(2) If the contractor does not accept the cancellation or claims that costs were incurred as a result of beginning performance under the purchase order, the contracting officer shall process the action as a termination prescribed in paragraph (a) of this subsection.

13.302-5 Clauses.

(a) Each purchase order (and each purchase order modification (see [13.302-3](#))) shall incorporate all clauses prescribed for the particular acquisition.

(b) The contracting officer shall insert the clause at [52.213-2](#), Invoices, in purchase orders that authorize advance payments (see [31 U.S.C. 3324\(d\)\(2\)](#)) for subscriptions or other charges for newspapers, magazines, periodicals, or other publications (*i.e.*, any publication printed, microfilmed, photocopied, or magnetically or otherwise recorded for auditory or visual usage).

(c) The contracting officer shall insert the clause at [52.213-3](#), Notice to Supplier, in unpriced purchase orders.

(d) (1) The contracting officer may use the clause at [52.213-4](#), Terms and Conditions-Simplified Acquisitions (Other Than Commercial Products and Commercial Services);, in simplified acquisitions exceeding the micro-purchase threshold that are for other than commercial products or commercial services (see [12.301](#)).

(2) The clause-

(i) Is a compilation of the most commonly used clauses that apply to simplified acquisitions; and

(ii) May be modified to fit the individual acquisition to add other needed clauses, or those clauses may be added separately. Modifications (*i.e.*, additions, deletions, or substitutions) must not create a void or internal contradiction in the clause. For example, do not add an inspection and acceptance or termination for convenience requirement unless the existing requirement is deleted. Also, do not delete a paragraph without providing for an appropriate substitute.

(3) (i) When an acquisition for supplies for use within the United States cannot be set aside for small business concerns and trade agreements apply (see [subpart 25.4](#)), substitute the clause at [52.225-3](#), Buy American-Free Trade Agreements-Israeli Trade Act, used with the appropriate Alternate (see [25.1101\(b\)\(1\)](#)), instead of the clause at [52.225-1](#), Buy American-Supplies.

(ii) When acquiring supplies for use outside the United States, delete clause [52.225-1](#) from the clause list at [52.213-4\(b\)](#).

(4) When the senior procurement executive allows for application of an alternate domestic content test for the contract in accordance with [25.101\(d\)](#), so that the initial domestic content threshold will apply to the entire period of performance, the contracting officer shall fill in the [52.213-4\(b\)\(1\)\(xviii\)\(B\)](#) for [52.225-1](#) Alternate I as follows: For contracts that the contracting officer estimates will be awarded in calendar year 2022 or 2023, the contracting officer shall insert "60" in paragraph (1)(ii)(A) of the definition of domestic end product. For contracts that the contracting officer estimates will be awarded in calendar year 2024, 2025, 2026, 2027, or 2028, the contracting officer shall insert "65". For contracts that the contracting officer estimates will be awarded after calendar year 2028 the contracting officer shall insert "75".

13.303 Blanket purchase agreements (BPAs).

13.303-1 General.

(a) A blanket purchase agreement (BPA) is a simplified method of filling anticipated repetitive needs for supplies or services by establishing "charge accounts" with qualified sources of supply (see [subpart 16.7](#) for additional coverage of agreements).

(b) BPAs should be established for use by an organization responsible for providing supplies for its own operations or for other offices, installations, projects, or functions. Such organizations, for example, may be organized supply points, separate independent or detached field parties, or one-person posts or activities.

(c) The use of BPAs does not exempt an agency from the responsibility for keeping obligations and expenditures within available funds.

13.303-2 Establishment of BPAs.

(a) The following are circumstances under which contracting officers may establish BPAs:

(1) There is a wide variety of items in a broad class of supplies or services that are generally purchased, but the exact items, quantities, and delivery requirements are not known in advance and may vary considerably.

(2) There is a need to provide commercial sources of supply for one or more offices or projects in a given area that do not have or need authority to purchase otherwise.

(3) The use of this procedure would avoid the writing of numerous purchase orders.

(4) There is no existing requirements contract for the same supply or service that the contracting activity is required to use.

(b) After determining a BPA would be advantageous, contracting officers shall-

(1) Establish the parameters to limit purchases to individual items or commodity groups or classes, or permit the supplier to furnish unlimited supplies or services; and

(2) Consider suppliers whose past performance has shown them to be dependable, who offer quality supplies or services at consistently lower prices, and who have provided numerous purchases at or below the simplified acquisition threshold.

(c) BPAs may be established with-

(1) More than one supplier for supplies or services of the same type to provide maximum practicable competition;

(2) A single firm from which numerous individual purchases at or below the simplified acquisition threshold will likely be made in a given period; or

(3) Federal Supply Schedule contractors, if not inconsistent with the terms of the applicable schedule contract.

(d) BPAs should be prepared without a purchase requisition and only after contacting suppliers to make the necessary arrangements for-

(1) Securing maximum discounts;

(2) Documenting individual purchase transactions;

(3) Periodic billings; and

(4) Incorporating other necessary details.

13.303-3 Preparation of BPAs.

Prepare BPAs on the forms specified in [13.307](#). Do not cite accounting and appropriation data (see [13.303-5\(e\)\(4\)](#)).

(a) The following terms and conditions are mandatory:

(1) *Description of agreement.* A statement that the supplier shall furnish supplies or services, described in general terms, if and when requested by the contracting officer (or the authorized representative of the contracting officer) during a specified period and within a stipulated aggregate amount, if any.

(2) *Extent of obligation.* A statement that the Government is obligated only to the extent of authorized purchases actually made under the BPA.

(3) *Purchase limitation.* A statement that specifies the dollar limitation for each individual purchase under the BPA (see [13.303-5\(b\)](#)).

(4) *Individuals authorized to purchase under the BPA.* A statement that a list of individuals authorized to purchase under the BPA, identified either by title of position or by name of individual, organizational component, and the dollar limitation per purchase for each position title or individual shall be furnished to the supplier by the contracting officer.

(5) *Delivery tickets.* A requirement that all shipments under the agreement, except those for newspapers, magazines, or other periodicals, shall be accompanied by delivery tickets or sales slips that shall contain the following minimum information:

(i) Name of supplier.

(ii) BPA number.

(iii) Date of purchase.

(iv) Purchase number.

(v) Itemized list of supplies or services furnished.

(vi) Quantity, unit price, and extension of each item, less applicable discounts (unit prices and extensions need not be shown when incompatible with the use of automated systems, provided that the invoice is itemized to show this information).

(vii) Date of delivery or shipment.

(6) *Invoices.* One of the following statements shall be included (except that the statement in paragraph (a)(6)(iii) of this subsection should not be used if the accumulation of the individual invoices by the Government materially increases the administrative costs of this purchase method):

(i) A summary invoice shall be submitted at least monthly or upon expiration of this BPA, whichever occurs first, for all deliveries made during a billing period, identifying the delivery tickets covered therein, stating their total dollar value, and supported by receipt copies of the delivery tickets.

(ii) An itemized invoice shall be submitted at least monthly or upon expiration of this BPA, whichever occurs first, for all deliveries made during a billing period and for which payment has not been received. These invoices need not be supported by copies of delivery tickets.

(iii) When billing procedures provide for an individual invoice for each delivery, these invoices shall be accumulated, provided that-

(A) A consolidated payment will be made for each specified period; and

(B) The period of any discounts will commence on the final date of the billing period or on the date of receipt of invoices for all deliveries accepted during the billing period, whichever is later.

(iv) An invoice for subscriptions or other charges for newspapers, magazines, or other periodicals shall show the starting and ending dates and shall state either that ordered subscriptions have been placed in effect or will be placed in effect upon receipt of payment.

(b) If the fast payment procedure is used, include the requirements stated in [13.403](#).

13.303-4 Clauses.

(a) The contracting officer shall insert in each BPA the clauses prescribed elsewhere in this part that are required for or applicable to the particular BPA.

(b) Unless a clause prescription specifies otherwise (e.g., see [22.305\(a\)](#), [22.605\(a\)\(5\)](#), or [22.1006](#)), if the prescription includes a dollar threshold, the amount to be compared to that threshold is that of any particular order under the BPA.

13.303-5 Purchases under BPAs.

(a) Use a BPA only for purchases that are otherwise authorized by law or regulation.

(b) Individual purchases shall not exceed the simplified acquisition threshold. However, agency regulations may establish a higher threshold consistent with the following:

(1) The simplified acquisition threshold and the \$7.5 million limitation for individual purchases (\$15 million for purchases entered into under the authority of [12.102\(f\)\(1\)](#)) do not apply to BPAs established in accordance with [13.303-2\(c\)](#) (3).

(2) The limitation for individual purchases for commercial products and commercial services acquisitions conducted under [subpart 13.5](#) is \$7.5 million (\$15 million for acquisitions as described in [13.500\(c\)](#)).

(c) The existence of a BPA does not justify purchasing from only one source or avoiding small business set-asides. The requirements of [13.003\(b\)](#) and [subpart 19.5](#) also apply to each order.

(d) If, for a particular purchase greater than the micro-purchase threshold, there is an insufficient number of BPAs to ensure maximum practicable competition, the contracting officer shall-

(1) Solicit quotations from other sources (see [13.105](#)) and make the purchase as appropriate; and

(2) Establish additional BPAs to facilitate future purchases if-

(i) Recurring requirements for the same or similar supplies or services seem likely;

(ii) Qualified sources are willing to accept BPAs; and

(iii) It is otherwise practical to do so.

(e) Limit documentation of purchases to essential information and forms as follows:

(1) Purchases generally should be made electronically, or orally when it is not considered economical or practical to use electronic methods.

(2) A paper purchase document may be issued if necessary to ensure that the supplier and the purchaser agree concerning the transaction.

(3) Unless a paper document is issued, record essential elements (e.g., date, supplier, supplies or services, price, delivery date) on the purchase requisition, in an informal memorandum, or on a form developed locally for the purpose.

(4) Cite the pertinent purchase requisitions and the accounting and appropriation data.

(5) When delivery is made or the services are performed, the supplier's sales document, delivery document, or invoice may (if it reflects the essential elements) be used for the purpose of recording receipt and acceptance of the supplies or services. However, if the purchase is assigned to another activity for administration, the authorized Government representative shall document receipt and acceptance of supplies or services by signing and dating the agency specified form after verification and after notation of any exceptions.

13.303-6 Review procedures.

(a) The contracting officer placing orders under a BPA, or the designated representative of the contracting officer, shall review a sufficient random sample of the BPA files at least annually to ensure that authorized procedures are being followed.

(b) The contracting officer that entered into the BPA shall-

(1) Ensure that each BPA is reviewed at least annually and, if necessary, updated at that time; and

(2) Maintain awareness of changes in market conditions, sources of supply, and other pertinent factors that may warrant making new arrangements with different suppliers or modifying existing arrangements.

(c) If an office other than the purchasing office that established a BPA is authorized to make purchases under that BPA, the agency that has jurisdiction over the office authorized to make the purchases shall ensure that the procedures in paragraph (a) of this subsection are being followed.

13.303-7 Completion of BPAs.

An individual BPA is considered complete when the purchases under it equal its total dollar limitation, if any, or when its stated time period expires.

13.303-8 Optional clause.

The clause at [52.213-4](#), Terms and Conditions-Simplified Acquisitions (Other Than Commercial Products and Commercial Services;), may be used in BPAs established under this section.

13.304 [Reserved]

13.305 Imprest funds and third party drafts.

13.305-1 General.

Imprest funds and third party drafts may be used to acquire and to pay for supplies or services. Policies and regulations concerning the establishment of and accounting for imprest funds and third party drafts, including the responsibilities of designated cashiers and alternates, are contained in Part IV of the Treasury Financial Manual for Guidance of Departments and Agencies, Title 7 of the GAO Policy and Procedures Manual for Guidance of Federal Agencies, and the agency

implementing regulations. Agencies also shall be guided by the Manual of Procedures and Instructions for Cashiers, issued by the Financial Management Service, Department of the Treasury.

13.305-2 Agency responsibilities.

Each agency using imprest funds and third party drafts shall-

- (a) Periodically review and determine whether there is a continuing need for each fund or third party draft account established, and that amounts of those funds or accounts are not in excess of actual needs;
- (b) Take prompt action to have imprest funds or third party draft accounts adjusted to a level commensurate with demonstrated needs whenever circumstances warrant such action; and
- (c) Develop and issue appropriate implementing regulations. These regulations shall include (but are not limited to) procedures covering-
 - (1) Designation of personnel authorized to make purchases using imprest funds or third party drafts; and
 - (2) Documentation of purchases using imprest funds or third party drafts, including documentation of-
 - (i) Receipt and acceptance of supplies and services by the Government;
 - (ii) Receipt of cash or third party draft payments by the suppliers; and
 - (iii) Cash advances and reimbursements.

13.305-3 Conditions for use.

Imprest funds or third party drafts may be used for purchases when-

- (a) The imprest fund transaction does not exceed \$500 or such other limits as have been approved by the agency head;
- (b) The third party draft transaction does not exceed \$2,500, unless authorized at a higher level in accordance with Treasury restrictions;
- (c) The use of imprest funds or third party drafts is considered to be advantageous to the Government; and
- (d) The use of imprest funds or third party drafts for the transaction otherwise complies with any additional conditions established by agencies and with the policies and regulations referenced in [13.305-1](#).

13.305-4 Procedures.

- (a) Each purchase using imprest funds or third party drafts shall be based upon an authorized purchase requisition, contracting officer verification statement, or other agency approved method of ensuring that adequate funds are available for the purchase.
- (b) Normally, purchases should be placed orally and without soliciting competition if prices are considered reasonable.
- (c) Since there is, for all practical purposes, simultaneous placement of the order and delivery of the items, clauses are not required for purchases using imprest funds or third party drafts.
- (d) Forms prescribed at [13.307](#)(e) may be used if a written order is considered necessary (e.g., if required by the supplier for discount, tax exemption, or other reasons). If a purchase order is used, endorse it "Payment to be made from Imprest Fund" (or "Payment to be made from Third Party Draft," as appropriate).
- (e) The individual authorized to make purchases using imprest funds or third party drafts shall-
 - (1) Furnish to the imprest fund or third party draft cashier a copy of the document required under paragraph (a) of this subsection annotated to reflect-
 - (i) That an imprest fund or third party draft purchase has been made;
 - (ii) The unit prices and extensions; and
 - (iii) The supplier's name and address; and
 - (2) Require the supplier to include with delivery of the supplies an invoice, packing slip, or other sales instrument giving-
 - (i) The supplier's name and address;
 - (ii) List and quantity of items supplied;
 - (iii) Unit prices and extensions; and
 - (iv) Cash discount, if any.

13.306 SF 44, Purchase Order-Invoice-Voucher.

The [SF 44](#), Purchase Order-Invoice-Voucher, is a multipurpose pocket-size purchase order form designed primarily for on-the-spot, over-the-counter purchases of supplies and nonpersonal services while away from the purchasing office or at isolated activities. It also can be used as a receiving report, invoice, and public voucher.

- (a) This form may be used if all of the following conditions are satisfied:
 - (1) The amount of the purchase is at or below the micro-purchase threshold, except for purchases made under unusual and compelling urgency or in support of contingency operations. Agencies may establish higher dollar limitations for specific activities or items.
 - (2) The supplies or services are immediately available.
 - (3) One delivery and one payment will be made.
 - (4) Its use is determined to be more economical and efficient than use of other simplified acquisition procedures.
- (b) General procedural instructions governing the form's use are printed on the form and on the inside front cover of each book of forms.
- (c) Since there is, for all practical purposes, simultaneous placement of the order and delivery of the items, clauses are not required for purchases using this form.
- (d) Agencies shall provide adequate safeguards regarding the control of forms and accounting for purchases.

13.307 Forms.

- (a) *Commercial products and commercial services.* For use of the [SF 1449](#), Solicitation/Contract/Order for Commercial Products and Commercial Services, see [12.204](#).
- (b) *Other than commercial products and commercial services.* (1) Except when quotations are solicited electronically or orally, the [SF 1449](#); [SF 18](#), Request for Quotations; or an agency form/automated format may be used. Each agency request for quotations form/automated format should conform with the [SF 18](#) or [SF 1449](#) to the maximum extent practicable.
 - (2) Both [SF 1449](#) and [OF 347](#), Order for Supplies or Services, are multipurpose forms used for negotiated purchases of supplies or services, delivery or task orders, inspection and receiving reports, and invoices. An agency form/automated format also may be used.
- (c) *Forms used for both commercial and other than commercial products and commercial services.* (1) [OF 336](#), Continuation Sheet, or an agency form/automated format may be used when additional space is needed.
 - (2) [OF 348](#), Order for Supplies or Services Schedule-Continuation, or an agency form/automated format may be used for negotiated purchases when additional space is needed. Agencies may print on these forms the clauses considered to be generally suitable for purchases.
 - (3) [SF 30](#), Amendment of Solicitation/Modification of Contract, or a purchase order form may be used to modify a purchase order, unless an agency form/automated format is prescribed in agency regulations.
- (d) [SF 44](#), Purchase Order-Invoice-Voucher, is a multipurpose pocket-size purchase order form that may be used as outlined in [13.306](#).
- (e) [SF 1165](#), Receipt for Cash-Subvoucher, or an agency purchase order form may be used for purchases using imprest funds or third party drafts.

This page intentionally left blank.

Subpart 13.4 - Fast Payment Procedure

13.401 General.

(a) The fast payment procedure allows payment under limited conditions to a contractor prior to the Government's verification that supplies have been received and accepted. The procedure provides for payment for supplies based on the contractor's submission of an invoice that constitutes a certification that the contractor-

- (1) Has delivered the supplies to a post office, common carrier, or point of first receipt by the Government; and
- (2) Shall replace, repair, or correct supplies not received at destination, damaged in transit, or not conforming to purchase agreements.

(b) The contracting officer shall be primarily responsible for determining the amount of debts resulting from failure of contractors to properly replace, repair, or correct supplies lost, damaged, or not conforming to purchase requirements (see [32.602](#) and [32.603](#)).

13.402 Conditions for use.

If the conditions in paragraphs (a) through (f) of this section are present, the fast payment procedure may be used, provided that use of the procedure is consistent with the other conditions of the purchase. The conditions for use of the fast payment procedure are as follows:

(a) Individual purchasing instruments do not exceed \$35,000, except that executive agencies may permit higher dollar limitations for specified activities or items on a case-by-case basis.

(b) Deliveries of supplies are to occur at locations where there is both a geographical separation and a lack of adequate communications facilities between Government receiving and disbursing activities that will make it impractical to make timely payment based on evidence of Government acceptance.

(c) Title to the supplies passes to the Government-

- (1) Upon delivery to a post office or common carrier for mailing or shipment to destination; or
- (2) Upon receipt by the Government if the shipment is by means other than Postal Service or common carrier.

(d) The supplier agrees to replace, repair, or correct supplies not received at destination, damaged in transit, or not conforming to purchase requirements.

(e) The purchasing instrument is a firm-fixed-price contract, a purchase order, or a delivery order for supplies.

(f) A system is in place to ensure-

- (1) Documentation of evidence of contractor performance under fast payment purchases;
- (2) Timely feedback to the contracting officer in case of contractor deficiencies; and
- (3) Identification of suppliers that have a current history of abusing the fast payment procedure (also see [subpart 9.1](#)).

13.403 Preparation and execution of orders.

Priced or unpriced contracts, purchase orders, or BPAs using the fast payment procedure shall include the following:

- (a) A requirement that the supplies be shipped transportation or postage prepaid.
- (b) A requirement that invoices be submitted directly to the finance or other office designated in the order, or in the case of unpriced purchase orders, to the contracting officer (see [13.302-2\(c\)](#)).

(c) The following statement on the consignee's copy:

Consignee's Notification to Purchasing Activity of Nonreceipt, Damage, or Nonconformance

The consignee shall notify the purchasing office promptly after the specified date of delivery of supplies not received, damaged in transit, or not conforming to specifications of the purchase order. Unless extenuating circumstances exist, the notification should be made not later than 60 days after the specified date of delivery.

13.404 Contract clause.

The contracting officer shall insert the clause at [52.213-1](#), Fast Payment Procedure, in solicitations and contracts when the conditions in [13.402](#) are applicable and it is intended that the fast payment procedure be used in the contract (in the case of BPAs, the contracting officer may elect to insert the clause either in the BPA or in orders under the BPA).

This page intentionally left blank.

Subpart 13.5 - Simplified Procedures for Certain Commercial Products and Commercial Services

13.500 General.

(a) This subpart authorizes the use of simplified procedures for the acquisition of supplies and services in amounts greater than the simplified acquisition threshold but not exceeding \$7.5 million (\$15 million for acquisitions as described in [13.500\(c\)](#)), including options, if the contracting officer reasonably expects, based on the nature of the supplies or services sought, and on market research, that offers will include only commercial products or commercial services. Contracting officers may use any simplified acquisition procedure in this part, subject to any specific dollar limitation applicable to the particular procedure. The purpose of these simplified procedures is to vest contracting officers with additional procedural discretion and flexibility, so that commercial acquisitions in this dollar range may be solicited, offered, evaluated, and awarded in a simplified manner that maximizes efficiency and economy and minimizes burden and administrative costs for both the Government and industry ([10 U.S.C. 3205-3208](#) and chapter 241 and [41 U.S.C. 3305](#), 3306, and chapter 37, Awarding of Contracts).

(b) When acquiring commercial products or commercial services using the procedures in this part, the requirements of [part 12](#) apply subject to the order of precedence provided at [12.102\(c\)](#). This includes use of the provisions and clauses in [subpart 12.3](#).

(c) Under [41 U.S.C. 1903](#), the simplified acquisition procedures authorized in this subpart may be used for acquisitions that do not exceed \$15 million when-

(1) The acquisition is for commercial products or commercial services that, as determined by the head of the agency, are to be used in support of a contingency operation; to facilitate the defense against or recovery from cyber, nuclear, biological, chemical, or radiological attack; to support a request from the Secretary of State or the Administrator of the United States Agency for International Development to facilitate provision of international disaster assistance; or to support response to an emergency or major disaster, or

(2) The acquisition will be treated as an acquisition of commercial products or commercial services in accordance with [12.102\(f\)\(1\)](#).

13.501 Special documentation requirements.

(a) Sole source (including brand name) acquisitions. (1) Acquisitions conducted under simplified acquisition procedures are exempt from the requirements in [part 6](#). However, contracting officers must-

(i) Conduct sole source acquisitions, as defined in [2.101](#), (including brand name) under this subpart only if the need to do so is justified in writing and approved at the levels specified in paragraph (a)(2) of this section;

(ii) Prepare sole source (including brand name) justifications using the format at [6.303-2](#), modified to reflect that the procedures in FAR [subpart 13.5](#) were used in accordance with [41 U.S.C. 1901](#) or the authority of [41 U.S.C. 1903](#);

(iii) Make publicly available the justifications (excluding brand name) required by [6.305\(a\)](#) within 14 days after contract award or in the case of unusual and compelling urgency within 30 days after contract award, in accordance with [6.305](#) procedures at paragraphs (b), (d), (e), and (f); and

(iv) Make publicly available brand name justifications with the solicitation, in accordance with [5.102\(a\)\(6\)](#).

(2) Justifications and approvals are required under this subpart for sole-source (including brand-name) acquisitions or portions of an acquisition requiring a brand-name. If the justification is to cover only the portion of the acquisition which is brand-name, then it should so state; the approval level requirements will then only apply to that portion.

(i) For a proposed contract exceeding the simplified acquisition threshold, but not exceeding \$750,000, the contracting officer's certification that the justification is accurate and complete to the best of the contracting officer's knowledge and belief will serve as approval, unless a higher approval level is established in accordance with agency procedures.

(ii) For a proposed contract exceeding \$750,000 or the thresholds in paragraph (1) of the definition of simplified acquisition threshold in [2.101](#), but not exceeding \$15 million, the advocate for competition for the procuring activity, designated pursuant to [6.501](#); or an official described in [6.304\(a\)\(3\)](#) or (a)(4) must approve the justification and approval. This authority is not delegable.

(iii) For a proposed contract exceeding \$15 million but not exceeding \$75 million or, for DoD, NASA, and the Coast Guard, not exceeding \$100 million, the head of the procuring activity or the official described in [6.304\(a\)\(3\)](#) or (a)(4) must approve the justification and approval. This authority is not delegable.

(iv) For a proposed contract exceeding \$75 million or, for DoD, NASA, and the Coast Guard, \$100 million, the official described in [6.304](#)(a)(4) must approve the justification and approval. This authority is not delegable except as provided in [6.304](#)(a)(4).

(b) *Contract file documentation.* The contract file must include-

- (1) A brief written description of the procedures used in awarding the contract, including the fact that the procedures in FAR [subpart 13.5](#) were used;
 - (2) The number of offers received;
 - (3) An explanation, tailored to the size and complexity of the acquisition, of the basis for the contract award decision;
- and
- (4) Any justification approved under paragraph (a) of this section.

This page intentionally left blank.

14.000 Scope of part.

This part prescribes-

- (a) The basic requirements of contracting for supplies and services (including construction) by sealed bidding;
- (b) The information to be included in the solicitation (invitation for bids);
- (c) Procedures concerning the submission of bids;
- (d) Requirements for opening and evaluating bids and awarding contracts; and
- (e) Procedures for two-step sealed bidding.

Subpart 14.1 - Use of Sealed Bidding**14.101 Elements of sealed bidding.**

Sealed bidding is a method of contracting that employs competitive bids, public opening of bids, and awards. The following steps are involved:

- (a) *Preparation of invitations for bids.* Invitations must describe the requirements of the Government clearly, accurately, and completely. Unnecessarily restrictive specifications or requirements that might unduly limit the number of bidders are prohibited. The invitation includes all documents (whether attached or incorporated by reference) furnished prospective bidders for the purpose of bidding.
- (b) *Publicizing the invitation for bids.* Invitations must be publicized through distribution to prospective bidders, posting in public places, and such other means as may be appropriate. Publicizing must occur a sufficient time before public opening of bids to enable prospective bidders to prepare and submit bids.
- (c) *Submission of bids.* Bidders must submit sealed bids to be opened at the time and place stated in the solicitation for the public opening of bids.
- (d) *Evaluation of bids.* Bids shall be evaluated without discussions.
- (e) *Contract award.* After bids are publicly opened, an award will be made with reasonable promptness to that responsible bidder whose bid, conforming to the invitation for bids, will be most advantageous to the Government, considering only price and the price-related factors included in the invitation.

14.102 [Reserved]**14.103 Policy.****14.103-1 General.**

- (a) Sealed bidding shall be used whenever the conditions in [6.401](#)(a) are met. This requirement applies to any proposed contract action under [part 6](#).
- (b) Sealed bidding may be used for classified acquisitions if its use does not violate agency security requirements.
- (c) The policy for pricing modifications of sealed bid contract appears in [15.403-4](#)(a)(1)(iii).

14.103-2 Limitations.

No awards shall be made as a result of sealed bidding unless-

- (a) Bids have been solicited as required by [subpart 14.2](#);
- (b) Bids have been submitted as required by [subpart 14.3](#);
- (c) The requirements of [1.602-1](#)(b) and [part 6](#) have been met; and
- (d) An award is made to the responsible bidder (see [9.1](#)) whose bid is responsive to the terms of the invitation for bids and is most advantageous to the Government, considering only price and the price related factors included in the invitation, as provided in [subpart 14.4](#).

14.104 Types of contracts.

Firm-fixed-price contracts shall be used when the method of contracting is sealed bidding, except that fixed-price contracts with economic price adjustment clauses may be used if authorized in accordance with [16.203](#) when some flexibility is necessary and feasible. Such clauses must afford all bidders an equal opportunity to bid.

14.105 Solicitations for informational or planning purposes.

(See [15.201](#)(e).)

This page intentionally left blank.

Subpart 14.2 - Solicitation of Bids

14.201 Preparation of invitations for bids.

14.201-1 Uniform contract format.

(a) Contracting officers shall prepare invitations for bids and contracts using the uniform contract format outlined in Table 14-1 to the maximum practicable extent. The use of the format facilitates preparation of the solicitation and contract as well as reference to, and use of, those documents by bidders and contractors. It need not be used for acquisition of the following:

- (1) Construction (see [part 36](#)).
- (2) Shipbuilding (including design, construction, and conversion), ship overhaul, and ship repair.
- (3) Subsistence items.
- (4) Supplies or services requiring special contract forms prescribed elsewhere in this regulation that are inconsistent with the uniform contract format.
- (5) Firm-fixed-price or fixed-price with economic price adjustment acquisitions that use the simplified contract format (see [14.201-9](#)).

(b) Information suitable for inclusion in invitations for bids under the uniform contract format shall also be included in invitations for bids not subject to that format if applicable.

(c) Solicitations to which the uniform contract format applies shall include Parts I, II, III, and IV. If any section of the uniform contract format does not apply, the contracting officer should so mark that section in the solicitation. Upon award, the contracting officer shall not physically include Part IV in the resulting contract, but shall retain it in the contract file. (See [14.201\(c\)](#).) Award by acceptance of a bid on the award portion of [Standard Form 33](#), Solicitation, Offer and Award ([SF 33](#)), [Standard Form 26](#), Award/Contract ([SF 26](#)), or [Standard Form 1447](#), Solicitation/Contract ([SF 1447](#)), incorporates Section K, Representations, certifications, and other statements of bidders, in the resultant contract even though not physically attached. The representations and certifications shall be incorporated by reference in the contract by using [52.204-19](#) (see [4.1202\(b\)](#)) or for acquisitions of commercial products and commercial services see [52.212-4\(v\)](#).

14.201-2 Part I—The Schedule.

The contracting officer shall prepare the Schedule as follows:

(a) *Section A, Solicitation/contract form.* (1) Prepare the invitation for bids on [SF 33](#), unless otherwise permitted by this regulation. The [SF 33](#) is the first page of the solicitation and includes Section A of the uniform contract format. When the [SF 1447](#) is used as the solicitation document, the information in subdivisions (a)(2)(i) and (a)(2)(iv) of this subsection shall be inserted in block9 of the [SF 1447](#).

(2) When the [SF 33](#) or [SF 1447](#) is not used, include the following on the first page of the invitation for bids:

(i) Name, address, and location of issuing activity, including room and building where bids must be submitted.

(ii) Invitation for bids number.

(iii) Date of issuance.

(iv) Time specified for receipt of bids.

(v) Number of pages.

(vi) Requisition or other purchase authority.

(vii) Requirement for bidder to provide its name and complete address, including street, city, county, state, and ZIP code.

(viii) A statement that bidders should include in the bid the address to which payment should be mailed, if that address is different from that of the bidder.

(b) *Section B, Supplies or services and prices.* Include a brief description of the supplies or services; *e.g.*, line item number, national stock number/part number if applicable, title or name identifying the supplies or services, and quantities (see [part 11](#)). The [SF 33](#) and the [SF 1447](#) may be supplemented as necessary by the OptionalForm336 ([OF 336](#)), Continuation Sheet.

(c) *Section C, Description/specifications.* Include any description or specifications needed in addition to Section B to permit full and open competition (see [part 11](#)).

(d) *Section D, Packaging and marking.* Provide packaging, packing, preservation, and marking requirements, if any.

(e) *Section E, Inspection and acceptance.* Include inspection, acceptance, quality assurance, and reliability requirements (see [part 46](#), Quality Assurance).

(f) *Section F, Deliveries or performance.* Specify the requirements for time, place, and method of delivery or performance (see [subpart 11.4](#), Delivery or Performance Schedules).

(g) *Section G, Contract administration data.* Include any required accounting and appropriation data and any required contract administration information or instructions other than those on the solicitation form.

(h) *Section H, Special contract requirements.* Include a clear statement of any special contract requirements that are not included in Section I, Contract clauses, or in other sections of the uniform contract format.

14.201-3 PartII-Contract clauses.

Section I, Contract clauses. The contracting officer shall include in this section the clauses required by law or by this regulation and any additional clauses expected to apply to any resulting contract, if these clauses are not required to be included in any other section of the uniform contract format.

14.201-4 PartIII-Documents, exhibits, and other attachments.

Section J, List of documents, exhibits, and other attachments. The contracting officer shall list the title, date, and number of pages for each attached document.

14.201-5 PartIV-Representations and instructions.

The contracting officer shall prepare the representations and instructions as follows:

(a) *Section K, Representations, certifications, and other statements of bidders.* Include in this section those solicitation provisions that require representations, certifications, or the submission of other information by bidders.

(b) *Section L, Instructions, conditions, and notices to bidders.* Insert in this section solicitation provisions and other information and instructions not required elsewhere to guide bidders. Invitations shall include the time and place for bid

openings, and shall advise bidders that bids will be evaluated without discussions (see [52.214-10](#) and, for construction contracts, [52.214-19](#)).

(c) *Section M, Evaluation factors for award.* Identify the price related factors other than the bid price that will be considered in evaluating bids and awarding the contract. See [14.201-8](#).

14.201-6 Solicitation provisions.

(a) The provisions prescribed in this subsection apply to preparation and submission of bids in general. See other FAR parts for provisions and clauses related to specific acquisition requirements.

(b) Insert in all invitations for bids the provisions at-

- (1) [52.214-3](#), Amendments to Invitations For Bids; and
- (2) [52.214-4](#), False Statements in Bids.

(c) Insert the following provisions in invitations for bids:

- (1) [52.214-5](#), Submission of Bids.
- (2) [52.214-6](#), Explanation to Prospective Bidders.
- (3) [52.214-7](#), Late Submissions, Modifications, and Withdrawals of Bids.

(d) [Reserved]

(e) Insert in all invitations for bids, except those for construction, the provisions at [52.214-10](#), Contract Award-Sealed Bidding.

(f) Insert in invitations for bids to which the uniform contract format applies, the provision at [52.214-12](#), Preparation of Bids.

(g) [Reserved]

(h) Insert the provision at [52.214-14](#), Place of Performance-Sealed Bidding, in invitations for bids except those in which the place of performance is specified by the government.

(i) Insert the provision at [52.214-15](#), Period for Acceptance of Bids, in invitations for bids (IFB's) that are not issued on [SF 33](#) or [SF 1447](#) except IFB's-

- (1) For construction work; or
- (2) In which the government specifies a minimum acceptance period.

(j) Insert the provision at [52.214-16](#), Minimum Bid Acceptance Period, in invitations for bids, except for construction, if the contracting officer determines that a minimum acceptance period must be specified.

(k) [Reserved]

(l) Insert the provision at [52.214-18](#), Preparation of Bids-Construction, in invitations for bids for construction work.

(m) Insert the provision at [52.214-19](#), Contract Award-Sealed Bidding-Construction, in all invitations for bids for construction work.

(n) [Reserved]

(o) (1) Insert the provision at [52.214-20](#), Bid Samples, in invitations for bids if bid samples are required.

(2) If it appears that the conditions in [14.202-4\(e\)\(1\)](#) will apply and the contracting officer anticipates granting waivers and-

(i) If the nature of the required product does not necessitate limiting the grant of a waiver to a product produced at the same plant in which the product previously acquired or tested was produced, use the provision with its Alternate I; or

(ii) If the nature of the required product necessitates limiting the grant of a waiver to a product produced at the same plant in which the product previously acquired or tested was produced, use the provision with its Alternate II.

(3) See [14.202-4\(e\)\(2\)](#) regarding waiving the requirement for all bidders.

(p) (1) Insert the provision at [52.214-21](#), Descriptive Literature, in invitations for bids if-

- (i) Descriptive literature is required to evaluate the technical acceptability of an offered product; and
- (ii) The required information will not be readily available unless it is submitted by bidders.

(2) Use the basic clause with its Alternate I if the possibility exists that the contracting officer may waive the requirement for furnishing descriptive literature for a bidder offering a previously supplied product that meets specification requirements of the current solicitation.

(3) See [14.202-5\(d\)\(2\)](#) regarding waiving the requirement for all bidders.

(q) Insert the provision at [52.214-22](#), Evaluation of Bids for Multiple Awards, in invitations for bids if the contracting officer determines that multiple awards might be made if doing so is economically advantageous to the government.

(r) Insert the provision at [52.214-23](#), Late Submissions, Modifications, Revisions, and Withdrawals of Technical Proposals Under Two-Step Sealed Bidding, in solicitations for technical proposals in step one of two-step sealed bidding.

(s) Insert the provision at [52.214-24](#), Multiple Technical Proposals, in solicitations for technical proposals in step one of two-step sealed bidding if the contracting officer permits the submission of multiple technical proposals.

(t) Insert the provision at [52.214-25](#), Step Two of Two-Step Sealed Bidding, in invitations for bids issued under step two of two-step sealed bidding.

(u) [Reserved]

(v) Insert the provision at [52.214-31](#), Facsimile Bids, in solicitations if facsimile bids are authorized (see [14.202-7](#)).

(w) Insert the provision at [52.214-34](#), Submission of Offers in the English Language, in solicitations that include any of the clauses prescribed in [25.1101](#) or [25.1102](#). It may be included in other solicitations when the contracting officer decides that it is necessary.

(x) Insert the provision at [52.214-35](#), Submission of Offers in U.S. Currency, in solicitations that include any of the clauses prescribed in [25.1101](#) or [25.1102](#), unless the contracting officer includes the clause at [52.225-17](#), Evaluation of Foreign Currency Offers, as prescribed in [25.1103](#)(d). It may be included in other solicitations when the contracting officer decides that it is necessary.

14.201-7 Contract clauses.

(a) When contracting by sealed bidding, the contracting officer shall insert the clause at [52.214-26](#), Audit and Records-Sealed Bidding, in solicitations and contracts as follows:

(1) Use the basic clause if- (i) The acquisition will not use funds appropriated or otherwise made available by the American Recovery and Reinvestment Act of 2009 (Pub. L. 111-5); and

(ii) The contract amount is expected to exceed the threshold at [15.403-4](#)(a)(1) for submission of certified cost or pricing data.

(2) (i) If the acquisition will use funds appropriated or otherwise made available by the American Recovery and Reinvestment Act of 2009, use the clause with its Alternate I in all solicitations and contracts.

(ii) (A) In the case of a bilateral contract modification that will use funds appropriated or otherwise made available by the American Recovery and Reinvestment Act of 2009, the contracting officer shall specify applicability of Alternate I to that modification.

(B) In the case of a task- or delivery-order contract in which not all orders will use funds appropriated or otherwise made available by the American Recovery and Reinvestment Act of 2009, the contracting officer shall specify the task or delivery orders to which Alternate I applies.

(b) (1) When contracting by sealed bidding, the contracting officer shall insert the clause at [52.214-27](#), Price Reduction for Defective Certified Cost or Pricing Data-Modifications-Sealed Bidding, in solicitations and contracts if the contract amount is expected to exceed the threshold for submission of certified cost or pricing data at [15.403-4](#)(a)(1).

(2) In exceptional cases, the head of the contracting activity may waive the requirement for inclusion of the clause in a contract with a foreign government or agency of that government. The authorizations for the waiver and the reasons for granting it shall be in writing.

(c) (1) When contracting by sealed bidding, the contracting officer shall—

(i) Insert the clause at [52.214-28](#), Subcontractor Certified Cost or Pricing Data—Modifications—Sealed Bidding, in solicitations and contracts if the contract amount is expected to exceed the threshold for submission of certified cost or pricing data at [15.403-4](#)(a)(1); or

(ii) Upon request of a contractor in connection with a prime contract entered into before July 1, 2018, the contracting officer shall modify the contract without requiring consideration to replace clause [52.214-28](#), Subcontractor Certified Cost or Pricing Data—Modifications—Sealed Bidding, with its Alternate I.

(2) In exceptional cases, the head of the contracting activity may waive the requirement for inclusion of the clause in a contract with a foreign government or agency of that government. The authorizations for the waiver and the reasons for granting it shall be in writing.

(d) When contracting by sealed bidding the contracting officer shall insert the clause at [52.214-29](#), Order of Precedence-Sealed Bidding, in solicitations and contracts to which the uniform contract format applies.

14.201-8 Price related factors.

The factors set forth in paragraphs (a) through (e) of this subsection may be applicable in evaluation of bids for award and shall be included in the solicitation when applicable. (See [14.201-5](#)(c).)

(a) Foreseeable costs or delays to the Government resulting from such factors as differences in inspection, locations of supplies, and transportation. If bids are on an f.o.b. origin basis (see [47.303](#) and [47.305](#)), transportation costs to the designated points shall be considered in determining the lowest cost to the Government.

(b) Changes made, or requested by the bidder, in any of the provisions of the invitation for bids, if the change does not constitute a ground for rejection under [14.404](#).

(c) Advantages or disadvantages to the Government that might result from making more than one award (see [14.201-6\(q\)](#)). The contracting officer shall assume, for the purpose of making multiple awards, that \$500 would be the administrative cost to the Government for issuing and administering each contract awarded under a solicitation. Individual awards shall be for the items or combinations of items that result in the lowest aggregate cost to the Government, including the assumed administrative costs.

(d) Federal, state, and local taxes (see [part 29](#)).

(e) Origin of supplies, and, if foreign, the application of the Buy American statute or any other prohibition on foreign purchases (see [part 25](#)).

14.201-9 Simplified contract format.

Policy. For firm-fixed-price or fixed-price with economic price adjustment acquisitions of supplies and services, the contracting officer may use the simplified contract format in lieu of the uniform contract format (see [14.201-1](#)). The contracting officer has flexibility in preparation and organization of the simplified contract format. However, the following format should be used to the maximum practical extent:

(a) *Solicitation/contract form.* [Standard Form \(SF\) 1447](#), Solicitation/Contract, shall be used as the first page of the solicitation.

(b) *Contract schedule.* Include the following for each line item:

- (1) Line item number.
- (2) Description of supplies or services, or data sufficient to identify the requirement.
- (3) Quantity and unit of issue.
- (4) Unit price and amount.
- (5) Packaging and marking requirements.
- (6) Inspection and acceptance, quality assurance, and reliability requirements.
- (7) Place of delivery, performance and delivery dates, period of performance, and f.o.b. point.
- (8) Other item-peculiar information as necessary (e.g., individual fund citations).

(c) *Clauses.* Include the clauses required by this regulation. Additional clauses shall be incorporated only when considered absolutely necessary to the particular acquisition.

(d) *List of documents and attachments.* Include if necessary.

(e) Representations and instructions- (1) *Representations and certifications.* Insert those solicitation provisions that require representations, certifications, or the submission of other information by offerors.

(2) *Instructions, conditions, and notices.* Include the solicitation provisions required by [14.201-6](#). Include any other information/instructions necessary to guide offerors.

(3) *Evaluation factors for award.* Insert all evaluation factors and any significant subfactors for award.

(4) Upon award, the contracting officer need not physically include the provisions in paragraphs (e)(1), (2), and (3) of this subsection in the resulting contract, but shall retain them in the contract file. Award by acceptance of a bid on the award portion of [SF 1447](#) incorporates the representations, certifications, and other statements of bidders in the resultant contract even though not physically attached.

14.202 General rules for solicitation of bids.

14.202-1 Bidding time.

(a) *Policy.* A reasonable time for prospective bidders to prepare and submit bids shall be allowed in all invitations, consistent with the needs of the Government. (For construction contracts, see [36.213-3\(a\)](#).) A bidding time (i.e., the time between issuance of the solicitation and opening of bids) of at least 30 calendar days shall be provided, when synopsis is required by [subpart 5.2](#).

(b) *Factors to be considered.* Because of unduly limited bidding time, some potential sources may be precluded from bidding and others may be forced to include amounts for contingencies that, with additional time, could be eliminated. To

avoid unduly restricting competition or paying higher-than-necessary prices, consideration shall be given to such factors as the following in establishing a reasonable bidding time:

- (1) Degree of urgency;
- (2) Complexity of requirement;
- (3) Anticipated extent of subcontracting;
- (4) Whether use was made of presolicitation notices;
- (5) Geographic distribution of bidders; and
- (6) Normal transmittal time for both invitations and bids.

14.202-2 [Reserved]

14.202-3 Bid envelopes.

(a) Postage or envelopes bearing "Postage and Fees Paid" indicia shall not be distributed with the invitation for bids or otherwise supplied to prospective bidders.

(b) To provide for ready identification and proper handling of bids, [Optional Form 17](#), Offer Label, may be furnished with each bid set. The form may be obtained from the General Services Administration (see [53.107](#)).

14.202-4 Bid samples.

(a) Policy. (1) Bidders shall not be required to furnish bid samples unless there are characteristics of the product that cannot be described adequately in the specification or purchase description.

(2) Bid samples will be used only to determine the responsiveness of the bid and will not be used to determine a bidder's ability to produce the required items.

(3) Bid samples may be examined for any required characteristic, whether or not such characteristic is adequately described in the specification, if listed in accordance with paragraph (d)(1)(ii) of this section.

(4) Bids will be rejected as nonresponsive if the sample fails to conform to each of the characteristics listed in the invitation.

(b) *When to use.* The use of bid samples would be appropriate for products that must be suitable from the standpoint of balance, facility of use, general "feel," color, pattern, or other characteristics that cannot be described adequately in the specification. However, when more than a minor portion of the characteristics of the product cannot be adequately described in the specification, products should be acquired by two-step sealed bidding or negotiation, as appropriate.

(c) *Justification.* The reasons why acceptable products cannot be acquired without the submission of bid samples shall be set forth in the contract file, except where the submission is required by the formal specifications (Federal, Military, or other) applicable to the acquisition.

(d) Requirements for samples in invitations for bids. (1) Invitations for bids shall-

(i) State the number and, if appropriate, the size of the samples to be submitted and otherwise fully describe the samples required; and

(ii) List all the characteristics for which the samples will be examined.

(2) If bid samples are required, see [14.201-6\(o\)](#).

(e) Waiver of requirement for bid samples. (1) The requirement for furnishing bid samples may be waived when a bidder offers a product previously or currently being contracted for or tested by the Government and found to comply with specification requirements conforming in every material respect with those in the current invitation for bids. When the requirement may be waived, see [14.201-6\(o\)\(2\)](#).

(2) Where samples required by a Federal, Military, or other formal specification are not considered necessary and a waiver of the sample requirements of the specification has been authorized, a statement shall be included in the invitation that notwithstanding the requirements of the specification, samples will not be required.

(f) *Unsolicited samples.* Bid samples furnished with a bid that are not required by the invitation generally will not be considered as qualifying the bid and will be disregarded. However, the bid sample will not be disregarded if it is clear from the bid or accompanying papers that the bidder's intention was to qualify the bid. (See [14.404-2\(d\)](#) if the qualification does not conform to the solicitation.)

(g) Handling bid samples. (1) Samples that are not destroyed in testing shall be returned to bidders at their request and expense, unless otherwise specified in the invitation.

(2) Disposition instructions shall be requested from bidders and samples disposed of accordingly.

(3) Samples ordinarily will be returned collect to the address from which received if disposition instructions are not received within 30 days. Small items may be returned by mail, postage prepaid.

(4) Samples that are to be retained for inspection purposes in connection with deliveries shall be transmitted to the inspecting activity concerned, with instructions to retain the sample until completion of the contract or until disposition instructions are furnished.

(5) Where samples are consumed or their usefulness is impaired by tests, they will be disposed of as scrap unless the bidder requests their return.

14.202-5 Descriptive literature.

(a) *Policy.* Contracting officers must not require bidders to furnish descriptive literature unless it is needed before award to determine whether the products offered meet the specification and to establish exactly what the bidder proposes to furnish.

(b) *Justification.* The contracting officer must document in the contract file the reasons why product acceptability cannot be determined without the submission of descriptive literature, except when the contract specifications require submission.

(c) Requirements of invitation for bids. (1) The invitation must clearly state-

- (i) What descriptive literature the bidders must furnish;
- (ii) The purpose for requiring the literature;
- (iii) The extent of its consideration in the evaluation of bids; and
- (iv) The rules that will apply if a bidder fails to furnish the literature before bid opening or if the literature provided does not comply with the requirements of the invitation.

(2) If bidders must furnish descriptive literature, see [14.201-6\(p\)](#).

(d) Waiver of requirement for descriptive literature. (1) The contracting officer may waive the requirement for descriptive literature if-

(i) The bidder states in the bid that the product being offered is the same as a product previously or currently being furnished to the contracting activity; and

(ii) The contracting officer determines that the product offered by the bidder complies with the specification requirements of the current invitation for bids. When the contracting officer waives the requirement, see [14.201-6\(p\)\(2\)](#).

(2) When descriptive literature is not necessary and a waiver of literature requirements of a specification has been authorized, the contracting officer must include a statement in the invitation that, despite the requirements of the specifications, descriptive literature will not be required.

(3) If the solicitation provides for a waiver, a bidder may submit a bid on the basis of either the descriptive literature furnished with the bid or a previously furnished product. If the bid is submitted on one basis, the bidder may not have it considered on the other basis after bids are opened.

(e) *Unsolicited descriptive literature.* If descriptive literature is furnished when it is not required by the invitation for bids, the procedures set forth in [14.202-4\(f\)](#) must be followed.

14.202-6 Final review of invitations for bids.

Each invitation for bids shall be thoroughly reviewed before issuance to detect and correct discrepancies or ambiguities that could limit competition or result in the receipt of nonresponsive bids. Contracting officers are responsible for the reviews.

14.202-7 Facsimile bids.

(a) Unless prohibited or otherwise restricted by agency procedures, contracting officers may authorize facsimile bids (see [14.201-6\(v\)](#)). In determining whether or not to authorize facsimile bids, the contracting officer shall consider factors such as-

- (1) Anticipated bid size and volume;
- (2) Urgency of the requirement;
- (3) Frequency of price changes;
- (4) Availability, reliability, speed, and capacity of the receiving facsimile equipment; and
- (5) Adequacy of administrative procedures and controls for receiving, identifying, recording, and safeguarding facsimile bids, and ensuring their timely delivery to the bids opening location.

(b) If facsimile bids are authorized, contracting officers may, after the date set for bid opening, request the apparently successful offeror to provide the complete, original signed bid.

14.202-8 Electronic bids.

In accordance with [subpart 4.5](#), contracting officers may authorize use of electronic commerce for submission of bids. If electronic bids are authorized, the solicitation shall specify the electronic commerce method(s) that bidders may use.

14.203 Methods of soliciting bids.**14.203-1 Transmittal to prospective bidders.**

Invitations for bids or presolicitation notices must be provided in accordance with [5.102](#). When a contracting office is located in the United States, any solicitation sent to a prospective bidder located outside the United States shall be sent by electronic data interchange or air mail if security classification permits.

14.203-2 Dissemination of information concerning invitations for bids.

Procedures concerning display of invitations for bids in a public place, information releases to newspapers and trade journals, paid advertisements, and synopsis through the Governmentwide point of entry (GPE) are set forth in [5.101](#) and [subpart 5.2](#).

14.203-3 Master solicitation.

The master solicitation is provided to potential sources who are requested to retain it for continued and repetitive use. Individual solicitations must reference the date of the current master solicitation and identify any changes. The contracting officer must-

- (a) Make available copies of the master solicitation on request; and
- (b) Provide the cognizant contract administration activity a current copy of the master solicitation.

14.204 Records of invitations for bids and records of bids.

(a) Each contracting office shall retain a record of each invitation that it issues and each abstract or record of bids. Contracting officers shall review and utilize the information available in connection with subsequent acquisitions of the same or similar items.

(b) The file for each invitation shall show the distribution that was made and the date the invitation was issued. The names and addresses of prospective bidders who requested the invitation and were not included on the original solicitation list shall be added to the list and made a part of the record.

14.205 Presolicitation notices.

In lieu of initially forwarding complete bid sets, the contracting officer may send presolicitation notices to concerns. The notice shall-

- (a) Specify the final date for receipt of requests for a complete bid set;
- (b) Briefly describe the requirement and furnish other essential information to enable concerns to determine whether they have an interest in the invitation; and
- (c) Normally not include drawings, plans, and specifications. The return date of the notice must be sufficiently in advance of the mailing date of the invitation for bids to permit an accurate estimate of the number of bid sets required. Bid sets shall be sent to concerns that request them in response to the notice.

14.206 [Reserved]**14.207 Pre-bid conference.**

A pre-bid conference may be used, generally in a complex acquisition, as a means of briefing prospective bidders and explaining complicated specifications and requirements to them as early as possible after the invitation has been issued and before the bids are opened. It shall never be used as a substitute for amending a defective or ambiguous invitation. The conference shall be conducted in accordance with the procedure prescribed in [15.201](#).

14.208 Amendment of invitation for bids.

(a) If it becomes necessary to make changes in quantity, specifications, delivery schedules, opening dates, etc., or to correct a defective or ambiguous invitation, such changes shall be accomplished by amendment of the invitation for bids using [Standard Form 30](#), Amendment of Solicitation/ Modification of Contract. The fact that a change was mentioned at a

pre-bid conference does not relieve the necessity for issuing an amendment. Amendments shall be sent, before the time for bid opening, to everyone to whom invitations have been furnished and shall be displayed in the bid room.

(b) Before amending an invitation for bids, the contracting officer shall consider the period of time remaining until bid opening and the need to extend this period.

(c) Any information given to a prospective bidder concerning an invitation for bids shall be furnished promptly to all other prospective bidders as an amendment to the invitation (1) if such information is necessary for bidders to submit bids or (2) if the lack of such information would be prejudicial to uninformed bidders. The information shall be furnished even though a pre-bid conference is held. No award shall be made on the invitation unless such amendment has been issued in sufficient time to permit all prospective bidders to consider such information in submitting or modifying their bids.

14.209 Cancellation of invitations before opening.

(a) The cancellation of an invitation for bids usually involves a loss of time, effort, and money spent by the Government and bidders. Invitations should not be cancelled unless cancellation is clearly in the public interest; *e.g.*,

(1) Where there is no longer a requirement for the supplies or services; or

(2) Where amendments to the invitation would be of such magnitude that a new invitation is desirable.

(b) When an invitation issued other than electronically is cancelled, bids that have been received shall be returned unopened to the bidders and notice of cancellation shall be sent to all prospective bidders to whom invitations were issued. When an invitation issued electronically is cancelled, a general notice of cancellation shall be posted electronically, the bids received shall not be viewed, and the bids shall be purged from primary and backup data storage systems.

(c) The notice of cancellation shall-(1) identify the invitation for bids by number and short title or subject matter, (2) briefly explain the reason the invitation is being cancelled, and (3) where appropriate, assure prospective bidders that they will be given an opportunity to bid on any resolicitation of bids or any future requirements for the type of supplies or services involved. Cancellations shall be recorded in accordance with [14.403\(d\)](#).

14.210 Qualified products.

(See [subpart 9.2](#).)

14.211 Release of acquisition information.

(a) *Before solicitation.* Information concerning proposed acquisitions shall not be released outside the Government before solicitation except for presolicitation notices in accordance with [14.205](#) or [36.213-2](#), or long-range acquisition estimates in accordance with [5.404](#), or synopses in accordance with [5.201](#). Within the Government, such information shall be restricted to those having a legitimate interest. Releases of information shall be made (1) to all prospective bidders, and (2) as nearly as possible at the same time, so that one prospective bidder shall not be given unfair advantage over another. See [3.104](#) regarding requirements for proprietary and source selection information including access to and disclosure thereof.

(b) *After solicitation.* Discussions with prospective bidders regarding a solicitation shall be conducted and technical or other information shall be transmitted only by the contracting officer or superiors having contractual authority or by others specifically authorized. Such personnel shall not furnish any information to a prospective bidder that alone or together with other information may afford an advantage over others. However, general information that would not be prejudicial to other prospective bidders may be furnished upon request; *e.g.*, explanation of a particular contract clause or a particular condition of the schedule in the invitation for bids, and more specific information or clarifications may be furnished by amending the solicitation (see [14.208](#)).

14.212 Economic purchase quantities (supplies).

Contracting officers shall comply with the economic purchase quantity planning requirements for supplies in [subpart 7.2](#). See [7.203](#) for instructions regarding use of the provision at [52.207-4](#), Economic Purchase Quantity-Supplies, and [7.204](#) for guidance on handling responses to that provision.

This page intentionally left blank.

Subpart 14.3 - Submission of Bids

14.301 Responsiveness of bids.

(a) To be considered for award, a bid must comply in all material respects with the invitation for bids. Such compliance enables bidders to stand on an equal footing and maintain the integrity of the sealed bidding system.

(b) Facsimile bids shall not be considered unless permitted by the solicitation (see [14.202-7](#)).

(c) Bids should be filled out, executed, and submitted in accordance with the instructions in the invitation. If a bidder uses its own bid form or a letter to submit a bid, the bid may be considered only if-

(1) The bidder accepts all the terms and conditions of the invitation; and

(2) Award on the bid would result in a binding contract with terms and conditions that do not vary from the terms and conditions of the invitation.

(d) Bids submitted by electronic commerce shall be considered only if the electronic commerce method was specifically stipulated or permitted by the solicitation.

14.302 Bid submission.

Bids shall be submitted so that they will be received in the office designated in the invitation for bids not later than the exact time set for opening of bids.

14.303 Modification or withdrawal of bids.

(a) Bids may be modified or withdrawn by any method authorized by the solicitation, if notice is received in the office designated in the solicitation not later than the exact time set for opening of bids. If the solicitation authorizes facsimile bids, bids may be modified or withdrawn via facsimile received at any time before the exact time set for receipt of bids, subject to the conditions specified in the provision prescribed in [14.201-6\(v\)](#). Modifications received by facsimile shall be sealed in an envelope by a proper official.

(1) The official shall-

(i) Write on the envelope-

(A) The date and time of receipt and by whom; and

(B) The number of invitation for bids; and

(ii) Sign the envelope.

(2) No information contained in the envelope shall be disclosed before the time set for bid opening.

(b) A bid may be withdrawn in person by a bidder or its authorized representative if, before the exact time set for opening of bids, the identity of the persons requesting withdrawal is established and that person signs a receipt for the bid.

(c) Upon withdrawal of an electronically transmitted bid, the data received shall not be viewed and shall be purged from primary and backup data storage systems.

14.304 Submission, modification, and withdrawal of bids.

(a) Bidders are responsible for submitting bids, and any modifications or withdrawals, so as to reach the Government office designated in the invitation for bid (IFB) by the time specified in the IFB. They may use any transmission method authorized by the IFB (i.e., regular mail, electronic commerce, or facsimile). If no time is specified in the IFB, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that bids are due.

(b) (1) Any bid, modification, or withdrawal of a bid received at the Government office designated in the IFB after the exact time specified for receipt of bids is "late" and will not be considered unless it is received before award is made, the contracting officer determines that accepting the late bid would not unduly delay the acquisition; and-

(i) If it was transmitted through an electronic commerce method authorized by the IFB, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. on a working day prior to the date specified for receipt of bids; or

(ii) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of bids and was under the Government's control prior to the time set for receipt of bids.

(2) However, a late modification of an otherwise successful bid, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(c) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the bid wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(d) If an emergency or unanticipated event interrupts normal Government processes so that bids cannot be received at the Government office designated for receipt of bids by the exact time specified in the IFB, and urgent Government requirements preclude amendment of the bid opening date, the time specified for receipt of bids will be deemed to be extended to the same time of day specified in the IFB on the first work day on which normal Government processes resume.

(e) Bids may be withdrawn by written notice received at any time before the exact time set for receipt of bids. If the IFB authorizes facsimile bids, bids may be withdrawn via facsimile received at any time before the exact time set for receipt of bids, subject to the conditions specified in the provision at [52.214-31](#), Facsimile Bids. A bid may be withdrawn in person by a bidder or its authorized representative if, before the exact time set for receipt of bids, the identity of the person requesting withdrawal is established and the person signs a receipt for the bid. Upon withdrawal of an electronically transmitted bid, the data received must not be viewed and, where practicable, must be purged from primary and backup data storage systems.

(f) The contracting officer must promptly notify any bidder if its bid, modification, or withdrawal was received late, and must inform the bidder whether its bid will be considered, unless contract award is imminent and the notices prescribed in [14.409](#) would suffice.

(g) Late bids and modifications that are not considered must be held unopened, unless opened for identification, until after award and then retained with other unsuccessful bids. However, any bid bond or guarantee must be returned.

(h) If available, the following must be included in the contract files for each late bid, modification, or withdrawal:

- (1) The date and hour of receipt.
- (2) A statement, with supporting rationale, regarding whether the bid was considered for award.
- (3) The envelope, wrapper, or other evidence of the date of receipt.

Subpart 14.4 - Opening of Bids and Award of Contract

14.400 Scope of subpart.

This subpart contains procedures for the receipt, handling, opening, and disposition of bids including mistakes in bids, and subsequent award of contracts.

14.401 Receipt and safeguarding of bids.

(a) All bids (including modifications) received before the time set for the opening of bids shall be kept secure. Except as provided in paragraph (b) of this section, the bids shall not be opened or viewed, and shall remain in a locked bid box, a safe, or in a secured, restricted-access electronic bid box. If an invitation for bids is cancelled, bids shall be returned to the bidders. Necessary precautions shall be taken to ensure the security of the bid box or safe. Before bid opening, information concerning the identity and number of bids received shall be made available only to Government employees. Such disclosure shall be only on a "need to know" basis. When bid samples are submitted, they shall be handled with sufficient care to prevent disclosure of characteristics before bid opening.

(b) Envelopes marked as bids but not identifying the bidder or the solicitation may be opened solely for the purpose of identification, and then only by an official designated for this purpose. If a sealed bid is opened by mistake (*e.g.*, because it is not marked as being a bid), the envelope shall be signed by the opener, whose position shall also be written thereon, and delivered to the designated official. This official shall immediately write on the envelope (1) an explanation of the opening, (2) the date and time opened, and (3) the invitation for bids number, and shall sign the envelope. The official shall then immediately reseal the envelope.

14.402 Opening of bids.

14.402-1 Unclassified bids.

(a) The bid opening officer shall decide when the time set for opening bids has arrived and shall inform those present of that decision. The officer shall then (1) personally and publicly open all bids received before that time, (2) if practical, read the bids aloud to the persons present, and (3) have the bids recorded. The original of each bid shall be carefully safeguarded, particularly until the abstract of bids required by [14.403](#) has been made and its accuracy verified.

(b) Performance of the procedure in paragraph (a) of this section may be delegated to an assistant, but the bid opening officer remains fully responsible for the actions of the assistant.

(c) Examination of bids by interested persons shall be permitted if it does not interfere unduly with the conduct of Government business. Original bids shall not be allowed to pass out of the hands of a Government official unless a duplicate bid is not available for public inspection. The original bid may be examined by the public only under the immediate supervision of a Government official and under conditions that preclude possibility of a substitution, addition, deletion, or alteration in the bid.

14.402-2 Classified bids.

The general public may not attend bid openings for classified acquisitions. A bidder or its representative may attend and record the results if the individual has the appropriate security clearance. The contracting officer also may make the bids available at a later time to properly cleared individuals who represent bidders. No public record shall be made of bids or bid prices received in response to classified invitations for bids.

14.402-3 Postponement of openings.

(a) A bid opening may be postponed even after the time scheduled for bid opening (but otherwise in accordance with [14.208](#)) when-

(1) The contracting officer has reason to believe that the bids of an important segment of bidders have been delayed in the mails, or in the communications system specified for transmission of bids, for causes beyond their control and without their fault or negligence (*e.g.*, flood, fire, accident, weather conditions, strikes, or Government equipment blackout or malfunction when bids are due); or

(2) Emergency or unanticipated events interrupt normal governmental processes so that the conduct of bid opening as scheduled is impractical.

(b) At the time of a determination to postpone a bid opening under paragraph (a)(1) of this section, an announcement of the determination shall be publicly posted. If practical before issuance of a formal amendment of the invitation, the determination shall be otherwise communicated to prospective bidders who are likely to attend the scheduled bid opening.

(c) In the case of paragraph (a)(2) of this section, and when urgent Government requirements preclude amendment of the solicitation as prescribed in [14.208](#), the time specified for opening of bids will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume. In such cases, the time of actual bid opening shall be deemed to be the time set for bid opening for the purpose of determining "late bids" under [14.304](#). A note should be made on the abstract of bids or otherwise added to the file explaining the circumstances of the postponement.

14.403 Recording of bids.

(a) [Standard Form 1409](#), Abstract of Offers, or [Optional Form 1419](#), Abstract of Offers-Construction (or automated equivalent), shall be completed and certified as to its accuracy by the bid opening officer as soon after bid opening as practicable. Where bid items are too numerous to warrant complete recording of all bids, abstract entries for individual bids may be limited to item numbers and bid prices. In preparing these forms, the extra columns and [SF 1410](#), Abstract of Offers-Continuation, and [OF 1419A](#), Abstract of Offer-Construction, Continuation Sheet, may be used to label and record such information as the contracting activity deems necessary.

(b) Abstracts of offers for unclassified acquisitions shall be available for public inspection. Such abstracts shall not contain information regarding failure to meet minimum standards of responsibility, apparent collusion of bidders, or other notations properly exempt from disclosure to the public in accordance with agency regulations implementing [subpart 24.2](#).

(c) The forms identified in paragraph (a) of this section need not be used by the Defense Energy Support Center for acquisitions of coal or petroleum products or by the Defense Supply Center Philadelphia for perishable subsistence items.

(d) If an invitation for bids is canceled before the time set for bid opening, this fact shall be recorded together with a statement of the number of bids invited and the number of bids received.

14.404 Rejection of bids.

14.404-1 Cancellation of invitations after opening.

(a) (1) Preservation of the integrity of the competitive bid system dictates that, after bids have been opened, award must be made to that responsible bidder who submitted the lowest responsive bid, unless there is a compelling reason to reject all bids and cancel the invitation.

(2) Every effort shall be made to anticipate changes in a requirement before the date of opening and to notify all prospective bidders of any resulting modification or cancellation. This will permit bidders to change their bids and prevent unnecessary exposure of bid prices.

(3) As a general rule, after the opening of bids, an invitation should not be cancelled and resolicited due solely to increased requirements for the items being acquired. Award should be made on the initial invitation for bids and the additional quantity should be treated as a new acquisition.

(b) When it is determined before award but after opening that the requirements of [11.201](#) (relating to the availability and identification of specifications) have not been met, the invitation shall be cancelled.

(c) Invitations may be cancelled and all bids rejected before award but after opening when, consistent with subparagraph (a)(1) of this section, the agency head determines in writing that-

- (1) Inadequate or ambiguous specifications were cited in the invitation;
- (2) Specifications have been revised;
- (3) The supplies or services being contracted for are no longer required;
- (4) The invitation did not provide for consideration of all factors of cost to the Government, such as cost of transporting Government-furnished property to bidders' plants;
- (5) Bids received indicate that the needs of the Government can be satisfied by a less expensive article differing from that for which the bids were invited;
- (6) All otherwise acceptable bids received are at unreasonable prices, or only one bid is received and the contracting officer cannot determine the reasonableness of the bid price;
- (7) The bids were not independently arrived at in open competition, were collusive, or were submitted in bad faith (see [subpart 3.3](#) for reports to be made to the Department of Justice);
- (8) No responsive bid has been received from a responsible bidder;

(9) A cost comparison as prescribed in OMB Circular A-76 and [subpart 7.3](#) shows that performance by the Government is more economical; or

(10) For other reasons, cancellation is clearly in the public's interest.

(d) Should administrative difficulties be encountered after bid opening that may delay award beyond bidders' acceptance periods, the several lowest bidders whose bids have not expired (irrespective of the acceptance period specified in the bid) should be requested, before expiration of their bids, to extend in writing the bid acceptance period (with consent of sureties, if any) in order to avoid the need for resoliciting.

(e) Under some circumstances, completion of the acquisition after cancellation of the invitation for bids may be appropriate.

(1) If the invitation for bids has been cancelled for the reasons specified in subparagraphs(c)(6), (7), or (8) of this subsection, and the agency head has authorized, in the determination in paragraph (c) of this subsection, the completion of the acquisition through negotiation, the contracting officer shall proceed in accordance with paragraph (f) of this subsection.

(2) If the invitation for bids has been cancelled for the reasons specified in subparagraphs(c)(1), (2), (4), (5), or (10) of this subsection, or for the reasons in subparagraphs(c)(6), (7), or (8) of this subsection and completion through negotiation is not authorized under subparagraph (e)(1) of this subsection, the contracting officer shall proceed with a new acquisition.

(f) When the agency head has determined, in accordance with paragraph (e)(1) of this subsection, that an invitation for bids should be canceled and that use of negotiation is in the Government's interest, the contracting officer may negotiate (in accordance with [part 15](#), as appropriate) and make award without issuing a new solicitation provided-

(1) Each responsible bidder in the sealed bid acquisition has been given notice that negotiations will be conducted and has been given an opportunity to participate in negotiations; and

(2) The award is made to the responsible bidder offering the lowest negotiated price.

14.404-2 Rejection of individual bids.

(a) Any bid that fails to conform to the essential requirements of the invitation for bids shall be rejected.

(b) Any bid that does not conform to the applicable specifications shall be rejected unless the invitation authorized the submission of alternate bids and the supplies offered as alternates meet the requirements specified in the invitation.

(c) Any bid that fails to conform to the delivery schedule or permissible alternates stated in the invitation shall be rejected.

(d) A bid shall be rejected when the bidder imposes conditions that would modify requirements of the invitation or limit the bidder's liability to the Government, since to allow the bidder to impose such conditions would be prejudicial to other bidders. For example, bids shall be rejected in which the bidder-

(1) Protects against future changes in conditions, such as increased costs, if total possible costs to the Government cannot be determined;

(2) Fails to state a price and indicates that price shall be "price in effect at time of delivery;"

(3) States a price but qualifies it as being subject to "price in effect at time of delivery;"

(4) When not authorized by the invitation, conditions or qualifies a bid by stipulating that it is to be considered only if, before date of award, the bidder receives (or does not receive) award under a separate solicitation;

(5) Requires that the Government is to determine that the bidder's product meets applicable Government specifications; or

(6) Limits rights of the Government under any contract clause.

(e) A low bidder may be requested to delete objectionable conditions from a bid provided the conditions do not go to the substance, as distinguished from the form, of the bid, or work an injustice on other bidders. A condition goes to the substance of a bid where it affects price, quantity, quality, or delivery of the items offered.

(f) Any bid may be rejected if the contracting officer determines in writing that it is unreasonable as to price.

Unreasonableness of price includes not only the total price of the bid, but the prices for individual line items as well.

(g) Any bid may be rejected if the prices for any line items or subline items are materially unbalanced (see [15.404-1\(g\)](#)).

(h) Bids received from any person or concern that is suspended, debarred, proposed for debarment or declared ineligible as of the bid opening date shall be rejected unless a compelling reason determination is made (see [subpart 9.4](#)).

(i) Low bids received from concerns determined to be not responsible pursuant to [subpart 9.1](#) shall be rejected (but if a bidder is a small business concern, see 19.6 with respect to certificates of competency).

(j) When a bid guarantee is required and a bidder fails to furnish the guarantee in accordance with the requirements of the invitation for bids, the bid shall be rejected, except as otherwise provided in [28.101-4](#).

(k) The originals of all rejected bids, and any written findings with respect to such rejections, shall be preserved with the papers relating to the acquisition.

(l) After submitting a bid, if all of a bidder's assets or that part related to the bid are transferred during the period between the bid opening and the award, the transferee may not be able to take over the bid. Accordingly, the contracting officer shall reject the bid unless the transfer is effected by merger, operation of law, or other means not barred by [41 U.S.C. 6305](#) or [31 U.S.C. 3727](#).

14.404-3 Notice to bidders of rejection of all bids.

When it is determined necessary to reject all bids, the contracting officer shall notify each bidder that all bids have been rejected and shall state the reason for such action.

14.404-4 Restrictions on disclosure of descriptive literature.

When a bid is accompanied by descriptive literature (as defined in [2.101](#)), and the bidder imposes a restriction that prevents the public disclosure of such literature, the restriction may render the bid nonresponsive. The restriction renders the bid nonresponsive if it prohibits the disclosure of sufficient information to permit competing bidders to know the essential nature and type of the products offered or those elements of the bid that relate to quantity, price, and delivery terms. The provisions of this paragraph do not apply to unsolicited descriptive literature submitted by a bidder if such literature does not qualify the bid (see [14.202-5\(e\)](#)).

14.404-5 All or none qualifications.

Unless the solicitation provides otherwise, a bid may be responsive notwithstanding that the bidder specifies that award will be accepted only on all, or a specified group, of the items. Bidders shall not be permitted to withdraw or modify "all or none" qualifications after bid opening since such qualifications are substantive and affect the rights of other bidders.

14.405 Minor informalities or irregularities in bids.

A minor informality or irregularity is one that is merely a matter of form and not of substance. It also pertains to some immaterial defect in a bid or variation of a bid from the exact requirements of the invitation that can be corrected or waived without being prejudicial to other bidders. The defect or variation is immaterial when the effect on price, quantity, quality, or delivery is negligible when contrasted with the total cost or scope of the supplies or services being acquired. The contracting officer either shall give the bidder an opportunity to cure any deficiency resulting from a minor informality or irregularity in a bid or waive the deficiency, whichever is to the advantage of the Government. Examples of minor informalities or irregularities include failure of a bidder to-

- (a) Return the number of copies of signed bids required by the invitation;
- (b) Furnish required information concerning the number of its employees;
- (c) Sign its bid, but only if-

(1) The unsigned bid is accompanied by other material indicating the bidder's intention to be bound by the unsigned bid (such as the submission of a bid guarantee or a letter signed by the bidder, with the bid, referring to and clearly identifying the bid itself); or

(2) The firm submitting a bid has formally adopted or authorized, before the date set for opening of bids, the execution of documents by typewritten, printed, or stamped signature and submits evidence of such authorization and the bid carries such a signature;

- (d) Acknowledge receipt of an amendment to an invitation for bids, but only if-

(1) The bid received clearly indicates that the bidder received the amendment, such as where the amendment added another item to the invitation and the bidder submitted a bid on the item; or

(2) The amendment involves only a matter of form or has either no effect or merely a negligible effect on price, quantity, quality, or delivery of the item bid upon; and

(e) Execute the representations with respect to Equal Opportunity and Affirmative Action Programs, as set forth in the clauses at [52.222-22](#), Previous Contracts and Compliance Reports, and [52.222-25](#), Affirmative Action Compliance.

14.406 Receipt of an unreadable electronic bid.

If a bid received at the Government facility by electronic data interchange is unreadable to the degree that conformance to the essential requirements of the invitation for bids cannot be ascertained, the contracting officer immediately shall notify the bidder that the bid will be rejected unless the bidder provides clear and convincing evidence-

- (a) Of the content of the bid as originally submitted; and

(b) That the unreadable condition of the bid was caused by Government software or hardware error, malfunction, or other Government mishandling.

14.407 Mistakes in bids.

14.407-1 General.

After the opening of bids, contracting officers shall examine all bids for mistakes. In cases of apparent mistakes and in cases where the contracting officer has reason to believe that a mistake may have been made, the contracting officer shall request from the bidder a verification of the bid, calling attention to the suspected mistake. If the bidder alleges a mistake, the matter shall be processed in accordance with this section [14.407](#). Such actions shall be taken before award.

14.407-2 Apparent clerical mistakes.

(a) Any clerical mistake, apparent on its face in the bid, may be corrected by the contracting officer before award. The contracting officer first shall obtain from the bidder a verification of the bid intended. Examples of apparent mistakes are-

- (1) Obvious misplacement of a decimal point;
- (2) Obviously incorrect discounts (for example, 1 percent 10 days, 2 percent 20 days, 5 percent 30 days);
- (3) Obvious reversal of the price f.o.b. destination and price f.o.b. origin; and
- (4) Obvious mistake in designation of unit.

(b) Correction of the bid shall be effected by attaching the verification to the original bid and a copy of the verification to the duplicate bid. Correction shall not be made on the face of the bid; however, it shall be reflected in the award document.

(c) Correction of bids submitted by electronic data interchange shall be effected by including in the electronic solicitation file the original bid, the verification request, and the bid verification.

14.407-3 Other mistakes disclosed before award.

In order to minimize delays in contract awards, administrative determinations may be made as described in this [14.407-3](#) in connection with mistakes in bids alleged after opening of bids and before award. The authority to permit correction of bids is limited to bids that, as submitted, are responsive to the invitation and may not be used to permit correction of bids to make them responsive. This authority is in addition to that in [14.407-2](#) or that may be otherwise available.

(a) If a bidder requests permission to correct a mistake and clear and convincing evidence establishes both the existence of the mistake and the bid actually intended, the agency head may make a determination permitting the bidder to correct the mistake; provided, that if this correction would result in displacing one or more lower bids, such a determination shall not be made unless the existence of the mistake and the bid actually intended are ascertainable substantially from the invitation and the bid itself.

(b) If-

- (1) A bidder requests permission to withdraw a bid rather than correct it;
- (2) The evidence is clear and convincing both as to the existence of a mistake and as to the bid actually intended; and
- (3) The bid, both as uncorrected and as corrected, is the lowest received, the agency head may make a determination to correct the bid and not permit its withdrawal.

(c) If, under paragraph (a) or (b) of this subsection, (1) the evidence of a mistake is clear and convincing only as to the mistake but not as to the intended bid, or (2) the evidence reasonably supports the existence of a mistake but is not clear and convincing, an official above the contracting officer, unless otherwise provided by agency procedures, may make a determination permitting the bidder to withdraw the bid.

(d) If the evidence does not warrant a determination under paragraph (a), (b), or (c) of this section, the agency head may make a determination that the bid be neither withdrawn nor corrected.

(e) Heads of agencies may delegate their authority to make the determinations under paragraphs (a), (b), (c), and (d) of this [14.407-3](#) to a central authority, or a limited number of authorities as necessary, in their agencies, without power of redelegation.

(f) Each proposed determination shall have the concurrence of legal counsel within the agency concerned before issuance.

(g) Suspected or alleged mistakes in bids shall be processed as follows. A mere statement by the administrative officials that they are satisfied that an error was made is insufficient.

(1) The contracting officer shall immediately request the bidder to verify the bid. Action taken to verify bids must be sufficient to reasonably assure the contracting officer that the bid as confirmed is without error, or to elicit the allegation of

a mistake by the bidder. To assure that the bidder will be put on notice of a mistake suspected by the contracting officer, the bidder should be advised as appropriate-

- (i) That its bid is so much lower than the other bids or the Government's estimate as to indicate a possibility of error;
- (ii) Of important or unusual characteristics of the specifications;
- (iii) Of changes in requirements from previous purchases of a similar item; or
- (iv) Of any other information, proper for disclosure, that leads the contracting officer to believe that there is a mistake in bid.

(2) If the bid is verified, the contracting officer shall consider the bid as originally submitted. If the time for acceptance of bids is likely to expire before a decision can be made, the contracting officer shall request all bidders whose bids may become eligible for award to extend the time for acceptance of their bids in accordance with [14.404-1\(d\)](#). If the bidder whose bid is believed erroneous does not (or cannot) grant an extension of time, the bid shall be considered as originally submitted (but see paragraph (g)(5) of this section). If the bidder alleges a mistake, the contracting officer shall advise the bidder to make a written request to withdraw or modify the bid. The request must be supported by statements (sworn statements, if possible) and shall include all pertinent evidence such as the bidder's file copy of the bid, the original worksheets and other data used in preparing the bid, subcontractors' quotations, if any, published price lists, and any other evidence that establishes the existence of the error, the manner in which it occurred, and the bid actually intended.

(3) When the bidder furnishes evidence supporting an alleged mistake, the contracting officer shall refer the case to the appropriate authority (see paragraph (e) of this section) together with the following data:

- (i) A signed copy of the bid involved.
- (ii) A copy of the invitation for bids and any specifications or drawings relevant to the alleged mistake.
- (iii) An abstract or record of the bids received.
- (iv) The written request by the bidder to withdraw or modify the bid, together with the bidder's written statement and supporting evidence.

(v) A written statement by the contracting officer setting forth-

- (A) A description of the supplies or services involved;
- (B) The expiration date of the bid in question and of the other bids submitted;
- (C) Specific information as to how and when the mistake was alleged;
- (D) A summary of the evidence submitted by the bidder;
- (E) In the event only one bid was received, a quotation of the most recent contract price for the supplies or

services involved or, in the absence of a recent comparable contract, the contracting officer's estimate of a fair price for the supplies or services;

(F) Any additional pertinent evidence; and

(G) A recommendation that either the bid be considered for award in the form submitted, or the bidder be authorized to withdraw or modify the bid.

(4) Where the bidder fails or refuses to furnish evidence in support of a suspected or alleged mistake, the contracting officer shall consider the bid as submitted unless (i) the amount of the bid is so far out of line with the amounts of other bids received, or with the amount estimated by the agency or determined by the contracting officer to be reasonable, or (ii) there are other indications of error so clear, as to reasonably justify the conclusion that acceptance of the bid would be unfair to the bidder or to other bona fide bidders. Attempts made to obtain the information required and the action taken with respect to the bid shall be fully documented.

(h) Each agency shall maintain records of all determinations made in accordance with this subsection [14.407-3](#), the facts involved, and the action taken in each case. Copies of all such determinations shall be included in the file.

(i) Nothing contained in this subsection [14.407-3](#) prevents an agency from submitting doubtful cases to the Comptroller General for advance decision.

14.407-4 Mistakes after award.

If a contractor's discovery and request for correction of a mistake in bid is not made until after the award, it shall be processed under the procedures of [subpart 33.2](#) and the following:

(a) When a mistake in a contractor's bid is not discovered until after award, the mistake may be corrected by contract modification if correcting the mistake would be favorable to the Government without changing the essential requirements of the specifications.

(b) In addition to the cases contemplated in paragraph (a) of this section or as otherwise authorized by law, agencies are authorized to make a determination-

- (1) To rescind a contract;
- (2) To reform a contract-
 - (i) To delete the items involved in the mistake; or
 - (ii) To increase the price if the contract price, as corrected, does not exceed that of the next lowest acceptable bid under the original invitation for bids; or
- (3) That no change shall be made in the contract as awarded, if the evidence does not warrant a determination under subparagraph (b)(1) or (2) of this section.
- (c) Determinations under paragraph (b)(1) and (2) of this section may be made only on the basis of clear and convincing evidence that a mistake in bid was made. In addition, it must be clear that the mistake was-
 - (1) Mutual; or
 - (2) If unilaterally made by the contractor, so apparent as to have charged the contracting officer with notice of the probability of the mistake.
- (d) Each proposed determination shall be coordinated with legal counsel in accordance with agency procedures.
- (e) Mistakes alleged or disclosed after award shall be processed as follows:
 - (1) The contracting officer shall request the contractor to support the alleged mistake by submission of written statements and pertinent evidence, such as-
 - (i) The contractor's file copy of the bid,
 - (ii) The contractor's original worksheets and other data used in preparing the bid,
 - (iii) Subcontractors' and suppliers' quotations, if any,
 - (iv) Published price lists, and
 - (v) Any other evidence that will serve to establish the mistake, the manner in which the mistake occurred, and the bid actually intended.
 - (2) The case file concerning an alleged mistake shall contain the following:
 - (i) All evidence furnished by the contractor in support of the alleged mistake.
 - (ii) A signed statement by the contracting officer-
 - (A) Describing the supplies or services involved;
 - (B) Specifying how and when the mistake was alleged or disclosed;
 - (C) Summarizing the evidence submitted by the contractor and any additional evidence considered pertinent;
 - (D) Quoting, in cases where only one bid was received, the most recent contract price for the supplies or services involved, or in the absence of a recent comparable contract, the contracting officer's estimate of a fair price for the supplies or services and the basis for the estimate;
 - (E) Setting forth the contracting officer's opinion whether a bona fide mistake was made and whether the contracting officer was, or should have been, on constructive notice of the mistake before the award, together with the reasons for, or data in support of, such opinion;
 - (F) Setting forth the course of action with respect to the alleged mistake that the contracting officer considers proper on the basis of the evidence, and if other than a change in contract price is recommended, the manner by which the supplies or services will otherwise be acquired; and
 - (G) Disclosing the status of performance and payments under the contract, including contemplated performance and payments.
 - (iii) A signed copy of the bid involved.
 - (iv) A copy of the invitation for bids and any specifications or drawings relevant to the alleged mistake.
 - (v) An abstract of written record of the bids received.
 - (vi) A written request by the contractor to reform or rescind the contract, and copies of all other relevant correspondence between the contracting officer and the contractor concerning the alleged mistake.
 - (vii) A copy of the contract and any related change orders or supplemental agreements.
- (f) Each agency shall include in the contract file a record of-
 - (1) All determinations made in accordance with this [14.407-4](#);
 - (2) The facts involved; and
 - (3) The action taken in each case.

14.408 Award.**14.408-1 General.**

(a) The contracting officer shall make a contract award (1) by written or electronic notice, (2) within the time for acceptance specified in the bid or an extension (see [14.404-1\(d\)](#)), and (3) to that responsible bidder whose bid, conforming to the invitation, will be most advantageous to the Government, considering only price and the price-related factors (see [14.201-8](#)) included in the invitation. Award shall not be made until all required approvals have been obtained and the award otherwise conforms with [14.103-2](#).

(b) If less than three bids have been received, the contracting officer shall examine the situation to ascertain the reasons for the small number of responses. Award shall be made notwithstanding the limited number of bids. However, the contracting officer shall initiate, if appropriate, corrective action to increase competition in future solicitations for the same or similar items, and include a notation of such action in the records of the invitation for bids (see [14.204](#)).

(c) (1) Award shall be made by mailing or otherwise furnishing a properly executed award document to the successful bidder.

(2) When a notice of award is issued, it shall be followed as soon as possible by the formal award.

(3) When more than one award results from any single invitation for bids, separate award documents shall be suitably numbered and executed.

(4) When an award is made to a bidder for less than all of the items that may be awarded to that bidder and additional items are being withheld for subsequent award, the award shall state that the Government may make subsequent awards on those additional items within the bid acceptance period.

(5) All provisions of the invitation for bids, including any acceptable additions or changes made by a bidder in the bid, shall be clearly and accurately set forth (either expressly or by reference) in the award document. The award is an acceptance of the bid, and the bid and the award constitute the contract.

(d) (1) Award is generally made by using the Award portion of [Standard Form \(SF\) 33](#), Solicitation, Offer, and Award, or [SF 1447](#), Solicitation/Contract (see [53.214](#)). If an offer from a [SF 33](#) leads to further changes, the resulting contract shall be prepared as a bilateral document on [SF 26](#), Award/Contract.

(2) Use of the Award portion of [SF 33](#), [SF 26](#), or [SF 1447](#), does not preclude the additional use of informal documents, including electronic transmissions, as notices of awards.

14.408-2 Responsible bidder-reasonableness of price.

(a) The contracting officer shall determine that a prospective contractor is responsible (see [subpart 9.1](#)) and that the prices offered are reasonable before awarding the contract. The price analysis techniques in [15.404-1\(b\)](#) may be used as guidelines. In each case the determination shall be made in the light of all prevailing circumstances. Particular care must be taken in cases where only a single bid is received.

(b) The price analysis shall consider whether bids are materially unbalanced (see [15.404-1\(g\)](#)).

14.408-3 Prompt payment discounts.

(a) Prompt payment discounts shall not be considered in the evaluation of bids. However, any discount offered will form a part of the award, and will be taken by the payment center if payment is made within the discount period specified by the bidder. As an alternative to indicating a discount in conjunction with the offer, bidders may prefer to offer discounts on individual invoices.

(b) See [32.111\(b\)\(1\)](#), which prescribes the contract clause at [52.232-8](#), Discounts for Prompt Payment.

14.408-4 Economic price adjustment.

(a) Bidder proposes economic price adjustment. (1) When a solicitation does not contain an economic price adjustment clause but a bidder proposes one with a ceiling that the price will not exceed, the bid shall be evaluated on the basis of the maximum possible economic price adjustment of the quoted base price.

(2) If the bid is eligible for award, the contracting officer shall request the bidder to agree to the inclusion in the award of an approved economic price adjustment clause (see [16.203](#)) that is subject to the same ceiling. If the bidder will not agree to an approved clause, the award may be made on the basis of the bid as originally submitted.

(3) Bids that contain economic price adjustments with no ceiling shall be rejected unless a clear basis for evaluation exists.

(b) Government proposes economic price adjustment. (1) When an invitation contains an economic price adjustment clause and no bidder takes exception to the provisions, bids shall be evaluated on the basis of the quoted prices without the allowable economic price adjustment being added.

(2) When a bidder increases the maximum percentage of economic price adjustment stipulated in the invitation or limits the downward economic price adjustment provisions of the invitation, the bid shall be rejected as nonresponsive.

(3) When a bid indicates deletion of the economic price adjustment clause, the bid shall be rejected as nonresponsive since the downward economic price adjustment provisions are thereby limited.

(4) When a bidder decreases the maximum percentage of economic price adjustment stipulated in the invitation, the bid shall be evaluated at the base price on an equal basis with bids that do not reduce the stipulated ceiling. However, after evaluation, if the bidder offering the lower ceiling is in a position to receive the award, the award shall reflect the lower ceiling.

14.408-5 [Reserved]

14.408-6 Equal low bids.

(a) Contracts shall be awarded in the following order of priority when two or more low bids are equal in all respects:

- (1) Small business concerns that are also labor surplus area concerns.
- (2) Other small business concerns.
- (3) Other business concerns.

(b) If two or more bidders still remain equally eligible after application of paragraph (a) of this section, award shall be made by a drawing by lot limited to those bidders. If time permits, the bidders involved shall be given an opportunity to attend the drawing. The drawing shall be witnessed by at least three persons, and the contract file shall contain the names and addresses of the witnesses and the person supervising the drawing.

(c) When an award is to be made by using the priorities under this [14.408-6](#), the contracting officer shall include a written agreement in the contract that the contractor will perform, or cause to be performed, the contract in accordance with the circumstances justifying the priority used to break the tie or select bids for a drawing by lot.

14.408-7 Documentation of award.

(a) The contracting officer shall document compliance with [14.103-2](#) in the contract file.

(b) The documentation shall either state that the accepted bid was the lowest bid received, or list all lower bids with reasons for their rejection in sufficient detail to justify the award.

(c) When an award is made after receipt of equal low bids, the documentation shall describe how the tie was broken.

14.408-8 Protests against award.

(See [subpart 33.1](#), Protests.)

14.409 Information to bidders.

14.409-1 Award of unclassified contracts.

(a) (1) The contracting officer shall as a minimum (subject to any restrictions in [subpart 9.4](#))-

(i) Notify each unsuccessful bidder in writing or electronically within threedays after contract award, that its bid was not accepted. "Day," for purposes of the notification process, means calendar day, except that the period will run until a day which is not a Saturday, Sunday, or legal holiday;

(ii) Extend appreciation for the interest the unsuccessful bidder has shown in submitting a bid; and

(iii) When award is made to other than a low bidder, state the reason for rejection in the notice to each of the unsuccessful low bidders.

(2) For acquisitions covered by the World Trade Organization Government Procurement Agreement or a Free Trade Agreement (see [25.408\(a\)\(5\)](#)), agencies must include in notices given unsuccessful bidders from World Trade Organization Government Procurement Agreement or Free Trade Agreement countries-

(i) The dollar amount of the successful bid; and

(ii) The name and address of the successful bidder.

(b) Information included in paragraph (a)(2) of this subsection shall be provided to any unsuccessful bidder upon request except when multiple awards have been made and furnishing information on the successful bids would require so much work

as to interfere with normal operations of the contracting office. In such circumstances, only information concerning location of the abstract of offers need be given.

(c) When a request is received concerning an unclassified invitation from an inquirer who is neither a bidder nor a representative of a bidder, the contracting officer should make every effort to furnish the names of successful bidders and, if requested, the prices at which awards were made. However, when such requests require so much work as to interfere with the normal operations of the contracting office, the inquirer will be advised where a copy of the abstract of offers may be seen.

(d) Requests for records shall be governed by agency regulations implementing [subpart 24.2](#).

14.409-2 Award of classified contracts.

In addition to [14.409-1](#), if classified information was furnished or created in connection with the solicitation, the contracting officer shall advise the unsuccessful bidders, including any who did not bid, to take disposition action in accordance with agency procedures. The name of the successful bidder and the contract price will be furnished to unsuccessful bidders only upon request. Information regarding a classified award shall not be furnished by telephone.

Subpart 14.5 - Two-Step Sealed Bidding

14.501 General.

Two-step sealed bidding is a combination of competitive procedures designed to obtain the benefits of sealed bidding when adequate specifications are not available. An objective is to permit the development of a sufficiently descriptive and not unduly restrictive statement of the Government's requirements, including an adequate technical data package, so that subsequent acquisitions may be made by conventional sealed bidding. This method is especially useful in acquisitions requiring technical proposals, particularly those for complex items. It is conducted in two steps:

(a) Step one consists of the request for, submission, evaluation, and (if necessary) discussion of a technical proposal. No pricing is involved. The objective is to determine the acceptability of the supplies or services offered. As used in this context, the word "technical" has a broad connotation and includes, among other things, the engineering approach, special manufacturing processes, and special testing techniques. It is the proper step for clarification of questions relating to technical requirements. Conformity to the technical requirements is resolved in this step, but not responsibility as defined in [9.1](#).

(b) Step two involves the submission of sealed priced bids by those who submitted acceptable technical proposals in step one. Bids submitted in step two are evaluated and the awards made in accordance with [subparts 14.3](#) and [14.4](#).

14.502 Conditions for use.

(a) Unless other factors require the use of sealed bidding, two-step sealed bidding may be used in preference to negotiation when all of the following conditions are present:

(1) Available specifications or purchase descriptions are not definite or complete or may be too restrictive without technical evaluation, and any necessary discussion, of the technical aspects of the requirement to ensure mutual understanding between each source and the Government.

(2) Definite criteria exist for evaluating technical proposals

(3) More than one technically qualified source is expected to be available.

(4) Sufficient time will be available for use of the two-step method.

(5) A firm-fixed-price contract or a fixed-price contract with economic price adjustment will be used.

(b) None of the following precludes the use of two-step sealed bidding:

(1) Multi-year contracting.

(2) Government property to be made available to the successful bidder.

(3) A total small business set-aside (see [19.502-2](#)).

(4) The use of a set-aside or price evaluation preference for HUBZone small business concerns (see [subpart 19.13](#)).

(5) The use of a set-aside for service-disabled veteran-owned small business concerns (see [subpart 19.14](#)).

(6) The use of a set-aside for economically disadvantaged women-owned small business concerns and women-owned small business concerns eligible under the Women-Owned Small Business Program (see [subpart 19.15](#)).

(7) A first or subsequent production quantity is being acquired under a performance specification.

14.503 Procedures.

14.503-1 Step one.

(a) Requests for technical proposals shall be synopsized in accordance with [part 5](#). The request must include, as a minimum, the following:

(1) A description of the supplies or services required.

(2) A statement of intent to use the two-step method.

(3) The requirements of the technical proposal.

(4) The evaluation criteria, to include all factors and any significant subfactors.

(5) A statement that the technical proposals shall not include prices or pricing information.

(6) The date, or date and hour, by which the proposal must be received (see [14.201-6\(r\)](#)).

(7) A statement that-

(i) In the second step, only bids based upon technical proposals determined to be acceptable, either initially or as a result of discussions, will be considered for awards, and

(ii) Each bid in the second step must be based on the bidder's own technical proposals.

(8) A statement that-

(i) Offerors should submit proposals that are acceptable without additional explanation or information,

(ii) The Government may make a final determination regarding a proposal's acceptability solely on the basis of the proposal as submitted; and

(iii) The Government may proceed with the second step without requesting further information from any offeror; however, the Government may request additional information from offerors of proposals that it considers reasonably susceptible of being made acceptable, and may discuss proposals with their offerors.

(9) A statement that a notice of unacceptability will be forwarded to the offeror upon completion of the proposal evaluation and final determination of unacceptability.

(10) A statement either that only one technical proposal may be submitted by each offeror or that multiple technical proposals may be submitted. When specifications permit different technical approaches, it is generally in the Government's interest to authorize multiple proposals. If multiple proposals are authorized, see [14.201-6\(s\)](#).

(b) Information on delivery or performance requirements may be of assistance to bidders in determining whether or not to submit a proposal and may be included in the request. The request shall also indicate that the information is not binding on the Government and that the actual delivery or performance requirements will be contained in the invitation issued under step two.

(c) Upon receipt, the contracting officer shall-

(1) Safeguard proposals against disclosure to unauthorized persons;

(2) Accept and handle data marked in accordance with [15.609](#) as provided in that section; and

(3) Remove any reference to price or cost.

(d) The contracting officer shall establish a time period for evaluating technical proposals. The period may vary with the complexity and number of proposals involved. However, the evaluation should be completed quickly.

(e) (1) Evaluations shall be based on the criteria in the request for proposals but not consideration of responsibility as defined in [9.1](#). Proposals, shall be categorized as-

(i) Acceptable;

(ii) Reasonably susceptible of being made acceptable; or

(iii) Unacceptable.

(2) Any proposal which modifies, or fails to conform to the essential requirements or specifications of, the request for technical proposals shall be considered nonresponsive and categorized as unacceptable.

(f) (1) The contracting officer may proceed directly with step two if there are sufficient acceptable proposals to ensure adequate price competition under step two, and if further time, effort and delay to make additional proposals acceptable and thereby increase competition would not be in the Government's interest. If this is not the case, the contracting officer shall request bidders whose proposals may be made acceptable to submit additional clarifying or supplementing information. The contracting officer shall identify the nature of the deficiencies in the proposal or the nature of the additional information required. The contracting officer may also arrange discussions for this purpose. No proposal shall be discussed with any offeror other than the submitter.

(2) In initiating requests for additional information, the contracting officer shall fix an appropriate time for bidders to conclude discussions, if any, submit all additional information, and incorporate such additional information as part of their proposals submitted. Such time may be extended in the discretion of the contracting officer. If the additional information incorporated as part of a proposal within the final time fixed by the contracting officer establishes that the proposal is acceptable, it shall be so categorized. Otherwise, it shall be categorized as unacceptable.

(g) When a technical proposal is found unacceptable (either initially or after clarification), the contracting officer shall promptly notify the offeror of the basis of the determination and that a revision of the proposal will not be considered. Upon written request, the contracting officer shall debrief unsuccessful offerors (see [15.505](#) and [15.506](#)).

(h) Late technical proposals are governed by [15.208\(b\)](#), (c), and (f).

(i) If it is necessary to discontinue two-step sealed bidding, the contracting officer shall include a statement of the facts and circumstances in the contract file. Each offeror shall be notified in writing. When step one results in no acceptable technical proposal or only one acceptable technical proposal, the acquisition may be continued by negotiation.

14.503-2 Step two.

(a) Sealed bidding procedures shall be followed except that invitations for bids shall-

(1) Be issued only to those offerors submitting acceptable technical proposals in step one;

(2) Include the provision prescribed in [14.201-6\(t\)](#);

(3) Prominently state that the bidder shall comply with the specifications and the bidder's technical proposal; and

-
- (4) Not be synopsisized through the Governmentwide point of entry (GPE) as an acquisition opportunity nor publicly posted (see [5.101](#)(a)).
- (b) The names of firms that submitted acceptable proposals in step one will be listed through the GPE for the benefit of prospective subcontractors (see [5.207](#)).

This page intentionally left blank.

15.401	Definitions.		
15.402	Pricing policy.		

Subpart 15.6 - Unsolicited Proposals

- 15.600 Scope of subpart.
- 15.601 Definitions.
- 15.602 Policy.
- 15.603 General.
- 15.604 Agency points of contact.
- 15.605 Content of unsolicited proposals.
- 15.606 Agency procedures.
- 15.606-1 Receipt and initial review.
- 15.606-2 Evaluation.
- 15.607 Criteria for acceptance and negotiation of an unsolicited proposal.
- 15.608 Prohibitions.
- 15.609 Limited use of data.

15.000 Scope of part.

This part prescribes policies and procedures governing competitive and noncompetitive negotiated acquisitions. A contract awarded using other than sealed bidding procedures is a negotiated contract (see [14.101](#)).

15.001 Definitions.

As used in this part-

Deficiency is a material failure of a proposal to meet a Government requirement or a combination of significant weaknesses in a proposal that increases the risk of unsuccessful contract performance to an unacceptable level.

Proposal modification is a change made to a proposal before the solicitation closing date and time, or made in response to an amendment, or made to correct a mistake at any time before award.

Proposal revision is a change to a proposal made after the solicitation closing date, at the request of or as allowed by a contracting officer, as the result of negotiations.

Weakness means a flaw in the proposal that increases the risk of unsuccessful contract performance. A "significant weakness" in the proposal is a flaw that appreciably increases the risk of unsuccessful contract performance.

15.002 Types of negotiated acquisition.

(a) *Sole source acquisitions*. When contracting in a sole source environment, the request for proposals (RFP) should be tailored to remove unnecessary information and requirements; e.g., evaluation criteria and voluminous proposal preparation instructions.

(b) *Competitive acquisitions*. When contracting in a competitive environment, the procedures of this part are intended to minimize the complexity of the solicitation, the evaluation, and the source selection decision, while maintaining a process designed to foster an impartial and comprehensive evaluation of offerors' proposals, leading to selection of the proposal representing the best value to the Government (see [2.101](#)).

Subpart 15.1 - Source Selection Processes and Techniques

15.100 Scope of subpart.

This subpart describes some of the acquisition processes and techniques that may be used to design competitive acquisition strategies suitable for the specific circumstances of the acquisition.

15.101 Best value continuum.

An agency can obtain best value in negotiated acquisitions by using any one or a combination of source selection approaches. In different types of acquisitions, the relative importance of cost or price may vary. For example, in acquisitions where the requirement is clearly definable and the risk of unsuccessful contract performance is minimal, cost or price may play a dominant role in source selection. The less definitive the requirement, the more development work required, or the greater the performance risk, the more technical or past performance considerations may play a dominant role in source selection.

15.101-1 Tradeoff process.

(a) A tradeoff process is appropriate when it may be in the best interest of the Government to consider award to other than the lowest priced offeror or other than the highest technically rated offeror.

(b) When using a tradeoff process, the following apply:

(1) All evaluation factors and significant subfactors that will affect contract award and their relative importance shall be clearly stated in the solicitation; and

(2) The solicitation shall state whether all evaluation factors other than cost or price, when combined, are significantly more important than, approximately equal to, or significantly less important than cost or price.

(c) This process permits tradeoffs among cost or price and non-cost factors and allows the Government to accept other than the lowest priced proposal. The perceived benefits of the higher priced proposal shall merit the additional cost, and the rationale for tradeoffs must be documented in the file in accordance with [15.406](#).

15.101-2 Lowest price technically acceptable source selection process.

(a) The lowest price technically acceptable source selection process is appropriate when best value is expected to result from selection of the technically acceptable proposal with the lowest evaluated price.

(b) When using the lowest price technically acceptable process, the following apply:

(1) The evaluation factors and significant subfactors that establish the requirements of acceptability shall be set forth in the solicitation. Solicitations shall specify that award will be made on the basis of the lowest evaluated price of proposals meeting or exceeding the acceptability standards for non-cost factors. If the contracting officer documents the file pursuant to [15.304\(c\)\(3\)\(iii\)](#), past performance need not be an evaluation factor in lowest price technically acceptable source selections. If the contracting officer elects to consider past performance as an evaluation factor, it shall be evaluated in accordance with [15.305](#). However, the comparative assessment in [15.305\(a\)\(2\)\(i\)](#) does not apply. If the contracting officer determines that a small business' past performance is not acceptable, the matter shall be referred to the Small Business Administration for a Certificate of Competency determination, in accordance with the procedures contained in [subpart 19.6](#) and [15 U.S.C. 637\(b\)\(7\)](#).

(2) Tradeoffs are not permitted.

(3) Proposals are evaluated for acceptability but not ranked using the non-cost/price factors.

(4) Exchanges may occur (see [15.306](#)).

(c) Except for DoD, in accordance with section 880 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232, [41 U.S.C. 3701](#) Note), the lowest price technically acceptable source selection process shall only be used when—

(1) The agency can comprehensively and clearly describe the minimum requirements in terms of performance objectives, measures, and standards that will be used to determine the acceptability of offers;

(2) The agency would realize no, or minimal, value from a proposal that exceeds the minimum technical or performance requirements;

(3) The agency believes the technical proposals will require no, or minimal, subjective judgment by the source selection authority as to the desirability of one offeror's proposal versus a competing proposal;

(4) The agency has a high degree of confidence that reviewing the technical proposals of all offerors would not result in the identification of characteristics that could provide value or benefit to the agency;

(5) The agency determined that the lowest price reflects the total cost, including operation and support, of the product(s) or service(s) being acquired; and

(6) The contracting officer documents the contract file describing the circumstances that justify the use of the lowest price technically acceptable source selection process.

(d) Except for DoD, in accordance with section 880 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232, [41 U.S.C. 3701](#) Note), contracting officers shall avoid, to the maximum extent practicable, using the lowest price technically acceptable source selection process in the case of a procurement that is predominantly for the acquisition of—

(1) Information technology services, cybersecurity services, systems engineering and technical assistance services, advanced electronic testing, audit or audit readiness services, health care services and records, telecommunications devices and services, or other knowledge-based professional services;

(2) Personal protective equipment; or

(3) Knowledge-based training or logistics services in contingency operations or other operations outside the United States, including in Afghanistan or Iraq.

15.101-3 Tiered evaluation of small business offers.

An agency shall not create a tiered (or "cascading") evaluation of offers, as described in [13 CFR 125.2](#), for multiple-award contracts unless an agency has statutory authority.

15.102 Oral presentations.

(a) Oral presentations by offerors as requested by the Government may substitute for, or augment, written information. Use of oral presentations as a substitute for portions of a proposal can be effective in streamlining the source selection process. Oral presentations may occur at any time in the acquisition process, and are subject to the same restrictions as written information, regarding timing (see [15.208](#)) and content (see [15.306](#)). Oral presentations provide an opportunity for dialogue among the parties. Pre-recorded videotaped presentations that lack real-time interactive dialogue are not considered oral presentations for the purposes of this section, although they may be included in offeror submissions, when appropriate.

(b) The solicitation may require each offeror to submit part of its proposal through oral presentations. However, representations and certifications shall be submitted as required in the FAR provisions at [52.204-8\(d\)](#) or [52.212-3\(b\)](#), and a signed offer sheet (including any exceptions to the Government's terms and conditions) shall be submitted in writing.

(c) Information pertaining to areas such as an offeror's capability, past performance, work plans or approaches, staffing resources, transition plans, or sample tasks (or other types of tests) may be suitable for oral presentations. In deciding what information to obtain through an oral presentation, consider the following:

- (1) The Government's ability to adequately evaluate the information;
- (2) The need to incorporate any information into the resultant contract;
- (3) The impact on the efficiency of the acquisition; and

(4) The impact (including cost) on small businesses. In considering the costs of oral presentations, contracting officers should also consider alternatives to on-site oral presentations (*e.g.*, teleconferencing, video teleconferencing).

(d) When oral presentations are required, the solicitation shall provide offerors with sufficient information to prepare them. Accordingly, the solicitation may describe-

- (1) The types of information to be presented orally and the associated evaluation factors that will be used;
- (2) The qualifications for personnel that will be required to provide the oral presentation(s);
- (3) The requirements for, and any limitations and/or prohibitions on, the use of written material or other media to supplement the oral presentations;
- (4) The location, date, and time for the oral presentations;
- (5) The restrictions governing the time permitted for each oral presentation; and
- (6) The scope and content of exchanges that may occur between the Government's participants and the offeror's

representatives as part of the oral presentations, including whether or not discussions (see [15.306\(d\)](#)) will be permitted during oral presentations.

(e) The contracting officer shall maintain a record of oral presentations to document what the Government relied upon in making the source selection decision. The method and level of detail of the record (*e.g.*, videotaping, audio tape recording, written record, Government notes, copies of offeror briefing slides or presentation notes) shall be at the discretion of the source selection authority. A copy of the record placed in the file may be provided to the offeror.

(f) When an oral presentation includes information that the parties intend to include in the contract as material terms or conditions, the information shall be put in writing. Incorporation by reference of oral statements is not permitted.

(g) If, during an oral presentation, the Government conducts discussions (see [15.306\(d\)](#)), the Government must comply with [15.306](#) and [15.307](#).

This page intentionally left blank.

Subpart 15.2 - Solicitation and Receipt of Proposals and Information

15.200 Scope of subpart.

This subpart prescribes policies and procedures for-

- (a) Exchanging information with industry prior to receipt of proposals;
- (b) Preparing and issuing requests for proposals (RFPs) and requests for information (RFIs); and
- (c) Receiving proposals and information.

15.201 Exchanges with industry before receipt of proposals.

(a) Exchanges of information among all interested parties, from the earliest identification of a requirement through receipt of proposals, are encouraged. Any exchange of information must be consistent with procurement integrity requirements (see [3.104](#)). Interested parties include potential offerors, end users, Government acquisition and supporting personnel, and others involved in the conduct or outcome of the acquisition.

(b) The purpose of exchanging information is to improve the understanding of Government requirements and industry capabilities, thereby allowing potential offerors to judge whether or how they can satisfy the Government's requirements, and enhancing the Government's ability to obtain quality supplies and services, including construction, at reasonable prices, and increase efficiency in proposal preparation, proposal evaluation, negotiation, and contract award.

(c) Agencies are encouraged to promote early exchanges of information about future acquisitions. An early exchange of information among industry and the program manager, contracting officer, and other participants in the acquisition process can identify and resolve concerns regarding the acquisition strategy, including proposed contract type, terms and conditions, and acquisition planning schedules; the feasibility of the requirement, including performance requirements, statements of work, and data requirements; the suitability of the proposal instructions and evaluation criteria, including the approach for assessing past performance information; the availability of reference documents; and any other industry concerns or questions. Some techniques to promote early exchanges of information are-

- (1) Industry or small business conferences;
- (2) Public hearings;
- (3) Market research, as described in [part 10](#);
- (4) One-on-one meetings with potential offerors (any that are substantially involved with potential contract terms and conditions should include the contracting officer; also see paragraph (f) of this section regarding restrictions on disclosure of information);
- (5) Presolicitation notices;
- (6) Draft RFPs;
- (7) RFIs;
- (8) Presolicitation or preproposal conferences; and
- (9) Site visits.

(d) The special notices of procurement matters at [5.205\(c\)](#), or electronic notices, may be used to publicize the Government's requirement or solicit information from industry.

(e) RFIs may be used when the Government does not presently intend to award a contract, but wants to obtain price, delivery, other market information, or capabilities for planning purposes. Responses to these notices are not offers and cannot be accepted by the Government to form a binding contract. There is no required format for RFIs.

(f) General information about agency mission needs and future requirements may be disclosed at any time. After release of the solicitation, the contracting officer must be the focal point of any exchange with potential offerors. When specific information about a proposed acquisition that would be necessary for the preparation of proposals is disclosed to one or more potential offerors, that information must be made available to the public as soon as practicable, but no later than the next general release of information, in order to avoid creating an unfair competitive advantage. Information provided to a potential offeror in response to its request must not be disclosed if doing so would reveal the potential offeror's confidential business strategy, and is protected under [3.104](#) or [subpart 24.2](#). When conducting a presolicitation or preproposal conference, materials distributed at the conference should be made available to all potential offerors, upon request.

15.202 Advisory multi-step process.

(a) The agency may publish a presolicitation notice (see [5.204](#)) that provides a general description of the scope or purpose of the acquisition and invites potential offerors to submit information that allows the Government to advise the offerors about their potential to be viable competitors. The presolicitation notice should identify the information that must be submitted

and the criteria that will be used in making the initial evaluation. Information sought may be limited to a statement of qualifications and other appropriate information (*e.g.*, proposed technical concept, past performance, and limited pricing information). At a minimum, the notice shall contain sufficient information to permit a potential offeror to make an informed decision about whether to participate in the acquisition. This process should not be used for multi-step acquisitions where it would result in offerors being required to submit identical information in response to the notice and in response to the initial step of the acquisition.

(b) The agency shall evaluate all responses in accordance with the criteria stated in the notice, and shall advise each respondent in writing either that it will be invited to participate in the resultant acquisition or, based on the information submitted, that it is unlikely to be a viable competitor. The agency shall advise respondents considered not to be viable competitors of the general basis for that opinion. The agency shall inform all respondents that, notwithstanding the advice provided by the Government in response to their submissions, they may participate in the resultant acquisition.

15.203 Requests for proposals.

(a) Requests for proposals (RFPs) are used in negotiated acquisitions to communicate Government requirements to prospective contractors and to solicit proposals. RFPs for competitive acquisitions shall, at a minimum, describe the-

(1) Government's requirement;

(2) Anticipated terms and conditions that will apply to the contract. The solicitation may authorize offerors to propose alternative terms and conditions. If the solicitation permits offerors to submit one or more additional proposals with alternative line items (see [52.204-22](#) or [52.212-1\(e\)](#)), the evaluation approach should consider the potential impact of the alternative line items on other terms and conditions or the requirement (*e.g.*, place of performance or payment and funding requirements) (see [15.206](#));

(3) Information required to be in the offeror's proposal; and

(4) Factors and significant subfactors that will be used to evaluate the proposal and their relative importance.

(b) An RFP may be issued for OMB Circular A-76 studies. See [subpart 7.3](#) for additional information regarding cost comparisons between Government and contractor performance.

(c) Electronic commerce may be used to issue RFPs and to receive proposals, modifications, and revisions. In this case, the RFP shall specify the electronic commerce method(s) that offerors may use (see [subpart 4.5](#)).

(d) Contracting officers may issue RFPs and/or authorize receipt of proposals, modifications, or revisions by facsimile.

(1) In deciding whether or not to use facsimiles, the contracting officer should consider factors such as-

(i) Anticipated proposal size and volume;

(ii) Urgency of the requirement;

(iii) Availability and suitability of electronic commerce methods; and

(iv) Adequacy of administrative procedures and controls for receiving, identifying, recording, and safeguarding facsimile proposals, and ensuring their timely delivery to the designated proposal delivery location.

(2) If facsimile proposals are authorized, contracting officers may request offeror(s) to provide the complete, original signed proposal at a later date.

(e) Letter RFPs may be used in sole source acquisitions and other appropriate circumstances. Use of a letter RFP does not relieve the contracting officer from complying with other FAR requirements. Letter RFPs should be as complete as possible and, at a minimum, should contain the following:

(1) RFP number and date;

(2) Name, address (including electronic address and facsimile address, if appropriate), and telephone number of the contracting officer;

(3) Type of contract contemplated;

(4) Quantity, description, and required delivery dates for the item;

(5) Applicable certifications and representations;

(6) Anticipated contract terms and conditions;

(7) Instructions to offerors and evaluation criteria for other than sole source actions;

(8) Proposal due date and time; and

(9) Other relevant information; *e.g.*, incentives, variations in delivery schedule, cost proposal support, and data requirements.

(f) Oral RFPs are authorized when processing a written solicitation would delay the acquisition of supplies or services to the detriment of the Government and a notice is not required under [5.202](#) (*e.g.*, perishable items and support of contingency

operations or other emergency situations). Use of an oral RFP does not relieve the contracting officer from complying with other FAR requirements.

- (1) The contract files supporting oral solicitations should include-
 - (i) A description of the requirement;
 - (ii) Rationale for use of an oral solicitation;
 - (iii) Sources solicited, including the date, time, name of individuals contacted, and prices offered; and
 - (iv) The solicitation number provided to the prospective offerors.

(2) The information furnished to potential offerors under oral solicitations should include appropriate items from paragraph (e) of this section.

15.204 Contract format.

The use of a uniform contract format facilitates preparation of the solicitation and contract as well as reference to, and use of, those documents by offerors, contractors, and contract administrators. The uniform contract format need not be used for the following:

- (a) Construction and architect-engineer contracts (see [part 36](#)).
- (b) Subsistence contracts.
- (c) Supplies or services contracts requiring special contract formats prescribed elsewhere in this regulation that are inconsistent with the uniform format.
- (d) Letter requests for proposals (see [15.203\(e\)](#)).
- (e) Contracts exempted by the agency head or designee.

15.204-1 Uniform contract format.

(a) Contracting officers shall prepare solicitations and resulting contracts using the uniform contract format outlined in Table 15-1 of this subsection.

(b) Solicitations using the uniform contract format shall include Parts I, II, III, and IV (see [15.204-2](#) through [15.204-5](#)). Upon award, contracting officers shall not physically include Part IV in the resulting contract, but shall retain it in the contract file. (See [4.1201\(c\)](#).) The representations and certifications are incorporated by reference in the contract by using [52.204-19](#) (see [4.1202\(b\)](#)) or for acquisitions of commercial products and commercial services see [52.212-4\(v\)](#).

L	Instructions, conditions, and notices to offerors or respondents
M	Evaluation factors for award

15.204-2 Part I-The Schedule.

The contracting officer shall prepare the contract Schedule as follows:

- (a) Section A, Solicitation/contract form. (1) [Optional Form \(OF\) 308](#), Solicitation and Offer-Negotiated Acquisition, or [Standard Form \(SF\) 33](#), Solicitation, Offer and Award, may be used to prepare RFPs.
- (2) When other than [OF 308](#) or [SF 33](#) is used, include the following information on the first page of the solicitation:
 - (i) Name, address, and location of issuing activity, including room and building where proposals or information must be submitted.
 - (ii) Solicitation number.
 - (iii) Date of issuance.
 - (iv) Closing date and time.
 - (v) Number of pages.
 - (vi) Requisition or other purchase authority.
 - (vii) Brief description of item or service.
 - (viii) Requirement for the offeror to provide its name and complete address, including street, city, county, state, and ZIP code, and electronic address (including facsimile address), if appropriate.
 - (ix) Offer expiration date.
- (b) *Section B, Supplies or services and prices/costs.* Include a brief description of the supplies or services; *e.g.*, item number, national stock number/part number if applicable, nouns, nomenclature, and quantities. (This includes incidental deliverables such as manuals and reports.)
- (c) *Section C, Description/specifications/statement of work.* Include any description or specifications needed in addition to Section B (see [part 11](#), Describing Agency Needs).
- (d) *Section D, Packaging and marking.* Provide packaging, packing, preservation, and marking requirements, if any.
- (e) *Section E, Inspection and acceptance.* Include inspection, acceptance, quality assurance, and reliability requirements (see [part 46](#), Quality Assurance).
- (f) *Section F, Deliveries or performance.* Specify the requirements for time, place, and method of delivery or performance (see [subpart 11.4](#), Delivery or Performance Schedules, and [47.301-1](#)).
- (g) *Section G, Contract administration data.* Include any required accounting and appropriation data and any required contract administration information or instructions other than those on the solicitation form. Include a statement that the offeror should include the payment address in the proposal, if it is different from that shown for the offeror.
- (h) *Section H, Special contract requirements.* Include a clear statement of any special contract requirements that are not included in Section I, Contract clauses, or in other sections of the uniform contract format.

15.204-3 Part II-Contract Clauses.

Section I, Contract clauses. The contracting officer shall include in this section the clauses required by law or by this regulation and any additional clauses expected to be included in any resulting contract, if these clauses are not required in any other section of the uniform contract format. An index may be inserted if this section's format is particularly complex.

15.204-4 Part III-List of Documents, Exhibits, and Other Attachments.

Section J, List of attachments. The contracting officer shall list the title, date, and number of pages for each attached document, exhibit, and other attachment. Cross-references to material in other sections may be inserted, as appropriate.

15.204-5 Part IV-Representations and Instructions.

The contracting officer shall prepare the representations and instructions as follows:

- (a) *Section K, Representations, certifications, and other statements of offerors.* Include in this section those solicitation provisions that require representations, certifications, or the submission of other information by offerors.

(b) *Section L, Instructions, conditions, and notices to offerors or respondents.* Insert in this section solicitation provisions and other information and instructions not required elsewhere to guide offerors or respondents in preparing proposals or responses to requests for information. Prospective offerors or respondents may be instructed to submit proposals or information in a specific format or severable parts to facilitate evaluation. The instructions may specify further organization of proposal or response parts, such as-

- (1) Administrative;
- (2) Management;
- (3) Technical;
- (4) Past performance; and
- (5) Certified cost or pricing data (see [15.408 Solicitation provisions and contract clauses](#), of [15.408](#)) or data other than certified cost or pricing data.

(c) *Section M, Evaluation factors for award.* Identify all significant factors and any significant subfactors that will be considered in awarding the contract and their relative importance (see [15.304\(d\)](#)). The contracting officer shall insert one of the phrases in [15.304\(e\)](#).

15.205 Issuing solicitations.

(a) The contracting officer shall issue solicitations to potential sources in accordance with the policies and procedures in [5.102](#), [19.202-4](#), and [part 6](#).

(b) A master solicitation, as described in [14.203-3](#), may also be used for negotiated acquisitions.

15.206 Amending the solicitation.

(a) When, either before or after receipt of proposals, the Government changes its requirements or terms and conditions, the contracting officer shall amend the solicitation.

(b) Amendments issued before the established time and date for receipt of proposals shall be issued to all parties receiving the solicitation.

(c) Amendments issued after the established time and date for receipt of proposals shall be issued to all offerors that have not been eliminated from the competition.

(d) If a proposal of interest to the Government involves a departure from the stated requirements, the contracting officer shall amend the solicitation, provided this can be done without revealing to the other offerors the alternate solution proposed or any other information that is entitled to protection (see [15.207\(b\)](#) and [15.306\(e\)](#)).

(e) If, in the judgment of the contracting officer, based on market research or otherwise, an amendment proposed for issuance after offers have been received is so substantial as to exceed what prospective offerors reasonably could have anticipated, so that additional sources likely would have submitted offers had the substance of the amendment been known to them, the contracting officer shall cancel the original solicitation and issue a new one, regardless of the stage of the acquisition.

(f) Oral notices may be used when time is of the essence. The contracting officer shall document the contract file and formalize the notice with an amendment (see [subpart 4.5](#), Electronic Commerce in Contracting).

(g) At a minimum, the following information should be included in each amendment:

- (1) Name and address of issuing activity.
- (2) Solicitation number and date.
- (3) Amendment number and date.
- (4) Number of pages.
- (5) Description of the change being made.
- (6) Government point of contact and phone number (and electronic or facsimile address, if appropriate).
- (7) Revision to solicitation closing date, if applicable.

15.207 Handling proposals and information.

(a) Upon receipt at the location specified in the solicitation, proposals and information received in response to a request for information (RFI) shall be marked with the date and time of receipt and shall be transmitted to the designated officials.

(b) Proposals shall be safeguarded from unauthorized disclosure throughout the source selection process. (See [3.104](#) regarding the disclosure of source selection information ([41 U.S.C. chapter 21](#), Restrictions on Obtaining and Disclosing Certain Information). Information received in response to an RFI shall be safeguarded adequately from unauthorized disclosure.

(c) If any portion of a proposal received by the contracting officer electronically or by facsimile is unreadable, the contracting officer immediately shall notify the offeror and permit the offeror to resubmit the unreadable portion of the proposal. The method and time for resubmission shall be prescribed by the contracting officer after consultation with the offeror, and documented in the file. The resubmission shall be considered as if it were received at the date and time of the original unreadable submission for the purpose of determining timeliness under [15.208\(a\)](#), provided the offeror complies with the time and format requirements for resubmission prescribed by the contracting officer.

15.208 Submission, modification, revision, and withdrawal of proposals.

(a) Offerors are responsible for submitting proposals, and any revisions, and modifications, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. Offerors may use any transmission method authorized by the solicitation (*i.e.*, regular mail, electronic commerce, or facsimile). If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that proposals are due.

(b) (1) Any proposal, modification, or revision, that is received at the designated Government office after the exact time specified for receipt of proposals is "late" and will not be considered unless it is received before award is made, the contracting officer determines that accepting the late proposal would not unduly delay the acquisition; and-

(i) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of proposals; or

(ii) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of proposals and was under the Government's control prior to the time set for receipt of proposals; or

(iii) It was the only proposal received.

(2) However, a late modification of an otherwise successful proposal, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(c) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the proposal wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(d) If an emergency or unanticipated event interrupts normal Government processes so that proposals cannot be received at the Government office designated for receipt of proposals by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation closing date, the time specified for receipt of proposals will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(e) Proposals may be withdrawn by written notice at any time before award. Oral proposals in response to oral solicitations may be withdrawn orally. The contracting officer must document the contract file when oral withdrawals are made. One copy of withdrawn proposals should be retained in the contract file (see [4.803\(a\)\(10\)](#)). Extra copies of the withdrawn proposals may be destroyed or returned to the offeror at the offeror's request. Where practicable, electronically transmitted proposals that are withdrawn must be purged from primary and backup data storage systems after a copy is made for the file. Extremely bulky proposals must only be returned at the offeror's request and expense.

(f) The contracting officer must promptly notify any offeror if its proposal, modification, or revision was received late, and must inform the offeror whether its proposal will be considered, unless contract award is imminent and the notice prescribed in [15.503\(b\)](#) would suffice.

(g) Late proposals and modifications that are not considered must be held unopened, unless opened for identification, until after award and then retained with other unsuccessful proposals.

(h) If available, the following must be included in the contracting office files for each late proposal, modification, revision, or withdrawal:

(1) The date and hour of receipt.

(2) A statement regarding whether the proposal was considered for award, with supporting rationale.

(3) The envelope, wrapper, or other evidence of date of receipt.

15.209 Solicitation provisions and contract clauses.

When contracting by negotiation-

(a) The contracting officer shall insert the provision at [52.215-1](#), Instructions to Offerors-Competitive Acquisition, in all competitive solicitations where the Government intends to award a contract without discussions.

(1) If the Government intends to make award after discussions with offerors within the competitive range, the contracting officer shall use the basic provision with its Alternate I.

(2) If the Government would be willing to accept alternate proposals, the contracting officer shall alter the basic clause to add a new paragraph (c)(9) substantially the same as Alternate II.

(b) (1) Except as provided in paragraph (b)(2) of this section, the contracting officer shall insert the clause at [52.215-2](#), Audit and Records-Negotiation ([10 U.S.C. 3841](#), [41 U.S.C. 4706](#), and Audit Requirements in the OMB Uniform Guidance at 2 CFR part 200, subpart F), in solicitations and contracts except those for-

(i) Acquisitions not exceeding the simplified acquisition threshold;

(ii) The acquisition of utility services at rates not exceeding those established to apply uniformly to the general public, plus any applicable reasonable connection charge; or

(iii) The acquisition of commercial products or commercial services exempted under [15.403-1](#).

(2) (i) When using funds appropriated or otherwise made available by the American Recovery and Reinvestment Act of 2009 (Pub. L. 111-5)-

(A) The exceptions in paragraphs (b)(1)(i) through (b)(1)(iii) are not applicable; and

(B) Use the clause with its Alternate I.

(ii) (A) In the case of a bilateral contract modification that will use funds appropriated or otherwise made available by the American Recovery and Reinvestment Act of 2009, the contracting officer shall specify applicability of Alternate I to that modification.

(B) In the case of a task- or delivery-order contract in which not all orders will use funds appropriated or otherwise made available by the American Recovery and Reinvestment Act of 2009, the contracting officer shall specify the task or delivery orders to which Alternate I applies.

(3) For cost-reimbursement contracts with State and local Governments, educational institutions, and other nonprofit organizations, the contracting officer shall use the clause with its Alternate II.

(4) When the head of the agency has waived the examination of records by the Comptroller General in accordance with [25.1001](#), use the clause with its Alternate III.

(c) When issuing a solicitation for information or planning purposes, the contracting officer shall insert the provision at [52.215-3](#), Request for Information or Solicitation for Planning Purposes, and clearly mark on the face of the solicitation that it is for information or planning purposes.

(d) [Reserved]

(e) The contracting officer shall insert the provision at [52.215-5](#), Facsimile Proposals, in solicitations if facsimile proposals are authorized (see [15.203\(d\)](#)).

(f) The contracting officer shall insert the provision at [52.215-6](#), Place of Performance, in solicitations unless the place of performance is specified by the Government.

(g) [Reserved]

(h) The contracting officer shall insert the clause at [52.215-8](#), Order of Precedence-Uniform Contract Format, in solicitations and contracts using the format at [15.204](#).

15.210 Forms.

Prescribed forms are not required to prepare solicitations described in this part. The following forms may be used at the discretion of the contracting officer:

(a) [Standard Form 33](#), Solicitation, Offer and Award, and [Optional Form 308](#), Solicitation and Offer-Negotiated Acquisition, may be used to issue RFPs and RFIs.

(b) [Standard Form 30](#), Amendment of Solicitation/ Modification of Contract, and [Optional Form 309](#), Amendment of Solicitation, may be used to amend solicitations of negotiated contracts.

(c) [Optional Form 17](#), Offer Label, may be furnished with each request for proposal.

This page intentionally left blank.

Subpart 15.3 - Source Selection

15.300 Scope of subpart.

This subpart prescribes policies and procedures for selection of a source or sources in competitive negotiated acquisitions.

15.301 [Reserved]

15.302 Source selection objective.

The objective of source selection is to select the proposal that represents the best value.

15.303 Responsibilities.

(a) Agency heads are responsible for source selection. The contracting officer is designated as the source selection authority, unless the agency head appoints another individual for a particular acquisition or group of acquisitions.

(b) The source selection authority shall-

(1) Establish an evaluation team, tailored for the particular acquisition, that includes appropriate contracting, legal, logistics, technical, and other expertise to ensure a comprehensive evaluation of offers;

(2) Approve the source selection strategy or acquisition plan, if applicable, before solicitation release;

(3) Ensure consistency among the solicitation requirements, notices to offerors, proposal preparation instructions, evaluation factors and subfactors, solicitation provisions or contract clauses, and data requirements;

(4) Ensure that proposals are evaluated based solely on the factors and subfactors contained in the solicitation ([10 U.S.C. 3303\(c\)](#) and [41 U.S.C. 3703\(c\)](#));

(5) Consider the recommendations of advisory boards or panels (if any); and

(6) Select the source or sources whose proposal is the best value to the Government ([10 U.S.C. 3303\(c\)](#) and [41 U.S.C. 3703\(c\)](#)).

(c) The contracting officer shall-

(1) After release of a solicitation, serve as the focal point for inquiries from actual or prospective offerors;

(2) After receipt of proposals, control exchanges with offerors in accordance with [15.306](#); and

(3) Award the contract(s).

15.304 Evaluation factors and significant subfactors.

(a) The award decision is based on evaluation factors and significant subfactors that are tailored to the acquisition.

(b) Evaluation factors and significant subfactors must-

(1) Represent the key areas of importance and emphasis to be considered in the source selection decision; and

(2) Support meaningful comparison and discrimination between and among competing proposals.

(c) The evaluation factors and significant subfactors that apply to an acquisition and their relative importance, are within the broad discretion of agency acquisition officials, subject to the following requirements:

(1) (i) Price or cost to the Government shall be evaluated in every source selection ([10 U.S.C. 3206\(c\)\(1\)\(B\)](#) and [41 U.S.C. 3306\(c\)\(1\)\(B\)](#)) (also see part 36 for architect-engineer contracts), subject to the exception listed in paragraph (c)(1)(ii) (A) of this section for use by DoD, NASA, and the Coast Guard.

(ii) In accordance with [10 U.S.C. 3206\(c\)](#), for DoD, NASA, and the Coast Guard—

(A) The contracting officer may choose not to include price or cost as an evaluation factor for award when a solicitation—

(1) Has an estimated value above the simplified acquisition threshold;

(2) Will result in multiple-award contracts (see subpart [16.5](#)) that are for the same or similar services; and

(3) States that the Government intends to make an award to each and all qualifying offerors (see 2.101).

(B) If the contracting officer chooses not to include price or cost as an evaluation factor for the contract award, in accordance with paragraph (c)(1)(ii)(A) of this section, the contracting officer shall consider price or cost as one of the factors in the selection decision for each order placed under the contract.

(C) The exception in paragraph (c)(1)(ii)(A) of this section shall not apply to solicitations for multiple-award contracts that provide for sole source orders pursuant to section 8(a) of the Small Business Act ([15 U.S.C. 637\(a\)](#)).

(2) The quality of the product or service shall be addressed in every source selection through consideration of one or more non-cost evaluation factors such as past performance, compliance with solicitation requirements, technical excellence,

management capability, personnel qualifications, and prior experience ([10 U.S.C. 3206\(c\)\(1\)\(A\)](#) and [41 U.S.C. 3306\(c\)\(1\)\(A\)](#)); and

(3) (i) Past performance, except as set forth in paragraph (c)(3)(iii) of this section, shall be evaluated in all source selections for negotiated competitive acquisitions expected to exceed the simplified acquisition threshold.

(ii) For solicitations that are not set aside for small business concerns, involving consolidation or bundling, that offer a significant opportunity for subcontracting, the contracting officer shall include a factor to evaluate past performance indicating the extent to which the offeror attained applicable goals for small business participation under contracts that required subcontracting plans ([15 U.S.C. 637\(d\)\(4\)\(G\)\(ii\)](#)).

(iii) Past performance need not be evaluated if the contracting officer documents the reason past performance is not an appropriate evaluation factor for the acquisition.

(4) For solicitations, that are not set aside for small business concerns, involving consolidation or bundling, that offer a significant opportunity for subcontracting, the contracting officer shall include proposed small business subcontracting participation in the subcontracting plan as an evaluation factor ([15 U.S.C. 637\(d\)\(4\)\(G\)\(i\)](#)).

(5) If telecommuting is not prohibited, agencies shall not unfavorably evaluate an offer that includes telecommuting unless the contracting officer executes a written determination in accordance with FAR [7.108\(b\)](#).

(d) All factors and significant subfactors that will affect contract award and their relative importance shall be stated clearly in the solicitation ([10 U.S.C. 3206\(b\)\(1\)](#) and [41 U.S.C. 3306\(b\)\(1\)](#)) (see [15.204-5\(c\)](#)). The rating method need not be disclosed in the solicitation. The general approach for evaluating past performance information shall be described.

(e) Unless the exception at paragraph (c)(1)(ii)(A) of this section applies, the solicitation shall also state, at a minimum, whether all evaluation factors other than cost or price, when combined, are—

- (1) Significantly more important than cost or price;
- (2) Approximately equal to cost or price; or
- (3) Significantly less important than cost or price ([10 U.S.C. 3206\(c\)\(1\)\(C\)](#) and [41 U.S.C. 3306\(c\)\(1\)\(C\)](#)).

15.305 Proposal evaluation.

(a) Proposal evaluation is an assessment of the proposal and the offeror's ability to perform the prospective contract successfully. An agency shall evaluate competitive proposals and then assess their relative qualities solely on the factors and subfactors specified in the solicitation. Evaluations may be conducted using any rating method or combination of methods, including color or adjectival ratings, numerical weights, and ordinal rankings. The relative strengths, deficiencies, significant weaknesses, and risks supporting proposal evaluation shall be documented in the contract file.

(1) *Cost or price evaluation.* Normally, competition establishes price reasonableness. Therefore, when contracting on a firm-fixed-price or fixed-price with economic price adjustment basis, comparison of the proposed prices will usually satisfy the requirement to perform a price analysis, and a cost analysis need not be performed. In limited situations, a cost analysis may be appropriate to establish reasonableness of the otherwise successful offeror's price (see [15.403-1\(c\)\(1\)\(i\)\(C\)](#)). When contracting on a cost-reimbursement basis, evaluations shall include a cost realism analysis to determine what the Government should realistically expect to pay for the proposed effort, the offeror's understanding of the work, and the offeror's ability to perform the contract. Cost realism analyses may also be used on fixed-price incentive contracts or, in exceptional cases, on other competitive fixed-price-type contracts (see [15.404-1\(d\)\(3\)](#)). (See [37.115](#) for uncompensated overtime evaluation.) The contracting officer shall document the cost or price evaluation.

(2) Past performance evaluation. (i) Past performance information is one indicator of an offeror's ability to perform the contract successfully. The currency and relevance of the information, source of the information, context of the data, and general trends in contractor's performance shall be considered. This comparative assessment of past performance information is separate from the responsibility determination required under [subpart 9.1](#).

(ii) The solicitation shall describe the approach for evaluating past performance, including evaluating offerors with no relevant performance history, and shall provide offerors an opportunity to identify past or current contracts (including Federal, State, and local government and private) for efforts similar to the Government requirement. The solicitation shall also authorize offerors to provide information on problems encountered on the identified contracts and the offeror's corrective actions. The Government shall consider this information, as well as information obtained from any other sources, when evaluating the offeror's past performance. The source selection authority shall determine the relevance of similar past performance information.

(iii) The evaluation should take into account past performance information regarding predecessor companies, key personnel who have relevant experience, or subcontractors that will perform major or critical aspects of the requirement when such information is relevant to the instant acquisition.

(iv) In the case of an offeror without a record of relevant past performance or for whom information on past performance is not available, the offeror may not be evaluated favorably or unfavorably on past performance.

(v) The evaluation should include the past performance of offerors in complying with subcontracting plan goals for small disadvantaged business (SDB) concerns (see [subpart 19.7](#)).

(vi) For offerors that are joint ventures, the evaluation shall take into account past performance of the joint venture. If the joint venture does not demonstrate past performance for award, the contracting officer shall consider the past performance of each party to the joint venture.

(3) *Technical evaluation.* When tradeoffs are performed (see [15.101-1](#)), the source selection records shall include-

(i) An assessment of each offeror's ability to accomplish the technical requirements; and

(ii) A summary, matrix, or quantitative ranking, along with appropriate supporting narrative, of each technical proposal using the evaluation factors.

(4) *Cost information.* Cost information may be provided to members of the technical evaluation team in accordance with agency procedures.

(5) *Small business subcontracting evaluation.* Solicitations must be structured to give offers from small business concerns the highest rating for the evaluation factors in [15.304\(c\)\(3\)\(ii\)](#) and (c)(4).

(b) The source selection authority may reject all proposals received in response to a solicitation, if doing so is in the best interest of the Government.

(c) For restrictions on the use of support contractor personnel in proposal evaluation, see [37.203\(d\)](#).

15.306 Exchanges with offerors after receipt of proposals.

(a) Clarifications and award without discussions. (1) Clarifications are limited exchanges, between the Government and offerors, that may occur when award without discussions is contemplated.

(2) If award will be made without conducting discussions, offerors may be given the opportunity to clarify certain aspects of proposals (e.g., the relevance of an offeror's past performance information and adverse past performance information to which the offeror has not previously had an opportunity to respond) or to resolve minor or clerical errors.

(3) Award may be made without discussions if the solicitation states that the Government intends to evaluate proposals and make award without discussions. If the solicitation contains such a notice and the Government determines it is necessary to conduct discussions, the rationale for doing so shall be documented in the contract file (see the provision at [52.215-1](#)) ([10 U.S.C. 3303\(a\)\(2\)](#) and [41 U.S.C. 3703\(a\)\(2\)](#)).

(b) *Communications with offerors before establishment of the competitive range.* Communications are exchanges, between the Government and offerors, after receipt of proposals, leading to establishment of the competitive range. If a competitive range is to be established, these communications-

(1) Shall be limited to the offerors described in paragraphs (b)(1)(i) and (b)(1)(ii) of this section and-

(i) Shall be held with offerors whose past performance information is the determining factor preventing them from being placed within the competitive range. Such communications shall address adverse past performance information to which an offeror has not had a prior opportunity to respond; and

(ii) May only be held with those offerors (other than offerors under paragraph (b)(1)(i) of this section) whose exclusion from, or inclusion in, the competitive range is uncertain;

(2) May be conducted to enhance Government understanding of proposals; allow reasonable interpretation of the proposal; or facilitate the Government's evaluation process. Such communications shall not be used to cure proposal deficiencies or material omissions, materially alter the technical or cost elements of the proposal, and/or otherwise revise the proposal. Such communications may be considered in rating proposals for the purpose of establishing the competitive range;

(3) Are for the purpose of addressing issues that must be explored to determine whether a proposal should be placed in the competitive range. Such communications shall not provide an opportunity for the offeror to revise its proposal, but may address-

(i) Ambiguities in the proposal or other concerns (e.g., perceived deficiencies, weaknesses, errors, omissions, or mistakes (see [14.407](#))); and

(ii) Information relating to relevant past performance; and

(4) Shall address adverse past performance information to which the offeror has not previously had an opportunity to comment.

(c) Competitive range. (1) Agencies shall evaluate all proposals in accordance with [15.305\(a\)](#), and, if discussions are to be conducted, establish the competitive range. Based on the ratings of each proposal against all evaluation criteria, the

contracting officer shall establish a competitive range comprised of all of the most highly rated proposals, unless the range is further reduced for purposes of efficiency pursuant to paragraph (c)(2) of this section.

(2) After evaluating all proposals in accordance with [15.305\(a\)](#) and paragraph (c)(1) of this section, the contracting officer may determine that the number of most highly rated proposals that might otherwise be included in the competitive range exceeds the number at which an efficient competition can be conducted. Provided the solicitation notifies offerors that the competitive range can be limited for purposes of efficiency (see [52.215-1\(f\)\(4\)](#)), the contracting officer may limit the number of proposals in the competitive range to the greatest number that will permit an efficient competition among the most highly rated proposals ([10 U.S.C. 3303](#) and [41 U.S.C. 3703](#)).

(3) If the contracting officer, after complying with paragraph (d)(3) of this section, decides that an offeror's proposal should no longer be included in the competitive range, the proposal shall be eliminated from consideration for award. Written notice of this decision shall be provided to unsuccessful offerors in accordance with [15.503](#).

(4) Offerors excluded or otherwise eliminated from the competitive range may request a debriefing (see [15.505](#) and [15.506](#)).

(d) *Exchanges with offerors after establishment of the competitive range.* Negotiations are exchanges, in either a competitive or sole source environment, between the Government and offerors, that are undertaken with the intent of allowing the offeror to revise its proposal. These negotiations may include bargaining. Bargaining includes persuasion, alteration of assumptions and positions, give-and-take, and may apply to price, schedule, technical requirements, type of contract, or other terms of a proposed contract. When negotiations are conducted in a competitive acquisition, they take place after establishment of the competitive range and are called discussions.

(1) Discussions are tailored to each offeror's proposal, and must be conducted by the contracting officer with each offeror within the competitive range.

(2) The primary objective of discussions is to maximize the Government's ability to obtain best value, based on the requirement and the evaluation factors set forth in the solicitation.

(3) At a minimum, the contracting officer must, subject to paragraphs (d)(5) and (e) of this section and [15.307\(a\)](#), indicate to, or discuss with, each offeror still being considered for award, deficiencies, significant weaknesses, and adverse past performance information to which the offeror has not yet had an opportunity to respond. The contracting officer also is encouraged to discuss other aspects of the offeror's proposal that could, in the opinion of the contracting officer, be altered or explained to enhance materially the proposal's potential for award. However, the contracting officer is not required to discuss every area where the proposal could be improved. The scope and extent of discussions are a matter of contracting officer judgment.

(4) In discussing other aspects of the proposal, the Government may, in situations where the solicitation stated that evaluation credit would be given for technical solutions exceeding any mandatory minimums, negotiate with offerors for increased performance beyond any mandatory minimums, and the Government may suggest to offerors that have exceeded any mandatory minimums (in ways that are not integral to the design), that their proposals would be more competitive if the excesses were removed and the offered price decreased.

(5) If, after discussions have begun, an offeror originally in the competitive range is no longer considered to be among the most highly rated offerors being considered for award, that offeror may be eliminated from the competitive range whether or not all material aspects of the proposal have been discussed, or whether or not the offeror has been afforded an opportunity to submit a proposal revision (see [15.307\(a\)](#) and [15.503\(a\)\(1\)](#)).

(e) *Limits on exchanges.* Government personnel involved in the acquisition shall not engage in conduct that-

(1) Favors one offeror over another;

(2) Reveals an offeror's technical solution, including—

(i) Unique technology;

(ii) Innovative and unique uses of commercial products or commercial services; or

(iii) Any information that would compromise an offeror's intellectual property to another offeror;

(3) Reveals an offeror's price without that offeror's permission. However, the contracting officer may inform an offeror that its price is considered by the Government to be too high, or too low, and reveal the results of the analysis supporting that conclusion. It is also permissible, at the Government's discretion, to indicate to all offerors the cost or price that the Government's price analysis, market research, and other reviews have identified as reasonable ([41 U.S.C. 2102](#) and [2107](#)). When using reverse auction procedures (see subpart 17.8), it is also permissible to reveal to all offerors the offered price(s), without revealing any offeror's identity;

(4) Reveals the names of individuals providing reference information about an offeror's past performance; or

(5) Knowingly furnishes source selection information in violation of [3.104](#) and [41 U.S.C. 2102](#) and 2107).

15.307 Proposal revisions.

(a) If an offeror's proposal is eliminated or otherwise removed from the competitive range, no further revisions to that offeror's proposal shall be accepted or considered.

(b) The contracting officer may request or allow proposal revisions to clarify and document understandings reached during negotiations. At the conclusion of discussions, each offeror still in the competitive range shall be given an opportunity to submit a final proposal revision. The contracting officer is required to establish a common cut-off date only for receipt of final proposal revisions. Requests for final proposal revisions shall advise offerors that the final proposal revisions shall be in writing and that the Government intends to make award without obtaining further revisions.

15.308 Source selection decision.

The source selection authority's (SSA) decision shall be based on a comparative assessment of proposals against all source selection criteria in the solicitation. While the SSA may use reports and analyses prepared by others, the source selection decision shall represent the SSA's independent judgment. The source selection decision shall be documented, and the documentation shall include the rationale for any business judgments and tradeoffs made or relied on by the SSA, including benefits associated with additional costs. Although the rationale for the selection decision must be documented, that documentation need not quantify the tradeoffs that led to the decision.

This page intentionally left blank.

Subpart 15.4 - Contract Pricing

15.400 Scope of subpart.

This subpart prescribes the cost and price negotiation policies and procedures for pricing negotiated prime contracts (including subcontracts) and contract modifications, including modifications to contracts awarded by sealed bidding.

15.401 Definitions.

As used in this subpart-

Price means cost plus any fee or profit applicable to the contract type.

Subcontract (except as used in [15.407-2](#)) also includes a transfer of commercial products or commercial services between divisions, subsidiaries, or affiliates of a contractor or a subcontractor ([10 U.S.C. 3701\(2\)](#) and [41 U.S.C. 3501\(a\)\(3\)](#)).

15.402 Pricing policy.

Contracting officers shall-

(a) Purchase supplies and services from responsible sources at fair and reasonable prices. In establishing the reasonableness of the offered prices, the contracting officer-

(1) Shall obtain certified cost or pricing data when required by [15.403-4](#), along with data other than certified cost or pricing data as necessary to establish a fair and reasonable price; or

(2) When certified cost or pricing data are not required by [15.403-4](#), shall obtain data other than certified cost or pricing data as necessary to establish a fair and reasonable price, generally using the following order of preference in determining the type of data required:

(i) No additional data from the offeror, if the price is based on adequate price competition, except as provided by [15.403-3\(b\)](#).

(ii) Data other than certified cost or pricing data such as-

(A) Data related to prices (*e.g.*, established catalog or market prices, sales to non-governmental and governmental entities), relying first on data available within the Government; second, on data obtained from sources other than the offeror; and, if necessary, on data obtained from the offeror. When obtaining data from the offeror is necessary, unless an exception under [15.403-1\(b\)\(1\)](#) or (2) applies, such data submitted by the offeror shall include, at a minimum, appropriate data on the prices at which the same or similar items have been sold previously, adequate for evaluating the reasonableness of the price.

(B) Cost data to the extent necessary for the contracting officer to determine a fair and reasonable price.

(3) Obtain the type and quantity of data necessary to establish a fair and reasonable price, but not more data than is necessary. Requesting unnecessary data can lead to increased proposal preparation costs, generally extend acquisition lead time, and consume additional contractor and Government resources. Use techniques such as, but not limited to, price analysis, cost analysis, and/or cost realism analysis to establish a fair and reasonable price. If a fair and reasonable price cannot be established by the contracting officer from the analyses of the data obtained or submitted to date, the contracting officer shall require the submission of additional data sufficient for the contracting officer to support the determination of the fair and reasonable price.

(b) Price each contract separately and independently and not-

(1) Use proposed price reductions under other contracts as an evaluation factor; or

(2) Consider losses or profits realized or anticipated under other contracts.

(c) Not include in a contract price any amount for a specified contingency to the extent that the contract provides for a price adjustment based upon the occurrence of that contingency.

15.403 Obtaining certified cost or pricing data.

15.403-1 Prohibition on obtaining certified cost or pricing data (10 U.S.C. chapter 271 and 41 U.S.C. CHAPTER 35).

(a) Certified cost or pricing data shall not be obtained for acquisitions at or below the simplified acquisition threshold.

(b) *Exceptions to certified cost or pricing data requirements.* The contracting officer shall not require certified cost or pricing data to support any action (contracts, subcontracts, or modifications) (but may require data other than certified cost or pricing data as defined in FAR [2.101](#) to support a determination of a fair and reasonable price or cost realism)—

(1) When the contracting officer determines that prices agreed upon are based on adequate price competition (see standards in paragraph (c)(1) of this subsection);

(2) When the contracting officer determines that prices agreed upon are based on prices set by law or regulation (see standards in paragraph (c)(2) of this subsection);

(3) When a commercial product or commercial service is being acquired (see standards in paragraph (c)(3) of this subsection);

(4) When a waiver has been granted (see standards in paragraph (c)(4) of this subsection); or

(5) When modifying a contract or subcontract for commercial products or commercial services (see standards in paragraph (c)(3) of this section).

(c) Standards for exceptions from certified cost or pricing data requirements—

(1) *Adequate price competition.* (i) A price is based on adequate price competition when—

(A) Two or more responsible offerors, competing independently, submit priced offers that satisfy the Government's expressed requirement;

(B) Award will be made to the offeror whose proposal represents the best value (see [2.101](#)) where price is a substantial factor in source selection; and

(C) There is no finding that the price of the otherwise successful offeror is unreasonable. Any finding that the price is unreasonable must be supported by a statement of the facts and approved at a level above the contracting officer.

(ii) For agencies other than DoD, NASA, and the Coast Guard, a price is also based on adequate price competition when—

(A) There was a reasonable expectation, based on market research or other assessment, that two or more responsible offerors, competing independently, would submit priced offers in response to the solicitation's expressed requirement, even though only one offer is received from a responsible offeror and if—

(1) Based on the offer received, the contracting officer can reasonably conclude that the offer was submitted with the expectation of competition, e.g., circumstances indicate that—

(i) The offeror believed that at least one other offeror was capable of submitting a meaningful offer; and

(ii) The offeror had no reason to believe that other potential offerors did not intend to submit an offer; and

(2) The determination that the proposed price is based on adequate price competition and is reasonable has been approved at a level above the contracting officer; or

(B) Price analysis clearly demonstrates that the proposed price is reasonable in comparison with current or recent prices for the same or similar items, adjusted to reflect changes in market conditions, economic conditions, quantities, or terms and conditions under contracts that resulted from adequate price competition.

(2) *Prices set by law or regulation.* Pronouncements in the form of periodic rulings, reviews, or similar actions of a governmental body, or embodied in the laws, are sufficient to set a price.

(3) *Commercial products and commercial services.* (i) Any acquisition that the contracting officer determines meets the commercial product or commercial service definition in [2.101](#), or any modification, as defined in paragraph (3)(i) of the commercial product definition, that does not change a commercial product to other than commercial, is exempt from the requirement for certified cost or pricing data. If the contracting officer determines that a product or service claimed to be commercial is not, and that no other exception or waiver applies (e.g., the acquisition is not based on adequate price competition; the acquisition is not based on prices set by law or regulation; and the acquisition exceeds the threshold for the submission of certified cost or pricing data at [15.403-4\(a\)\(1\)](#)) the contracting officer shall require submission of certified cost or pricing data.

(ii) In accordance with section [41 U.S.C. 3501](#):

(A) When purchasing services that are not offered and sold competitively in substantial quantities in the commercial marketplace, but are of a type offered and sold competitively in substantial quantities in the commercial marketplace, they may be considered commercial services (thus meeting the purpose of [41 U.S.C. chapter 35](#) and [10 U.S.C. chapter 271](#) for truth in negotiations) only if the contracting officer determines in writing that the offeror has submitted sufficient information to evaluate, through price analysis, the reasonableness of the price of such services.

(B) In order to make this determination, the contracting officer may request the offeror to submit prices paid for the same or similar commercial services under comparable terms and conditions by both Government and commercial customers; and

(C) If the contracting officer determines that the information described in paragraph (c)(3)(ii)(B) of this section is not sufficient to determine the reasonableness of price, other relevant information regarding the basis for price or cost, including information on labor costs, material costs and overhead rates may be requested.

(iii) The following requirements apply to minor modifications defined in paragraph (3)(ii) of the definition of a commercial product at [2.101](#) that do not change the commercial product to other than commercial:

(A) For acquisitions funded by any agency other than DoD, NASA, or Coast Guard, such modifications of a commercial product are exempt from the requirement for submission of certified cost or pricing data.

(B) For acquisitions funded by DoD, NASA, or Coast Guard, such modifications of a commercial product are exempt from the requirement for submission of certified cost or pricing data provided the total price of all such modifications under a particular contract action does not exceed the greater of the threshold for obtaining certified cost or pricing data in [15.403-4](#) or 5 percent of the total price of the contract at the time of contract award.

(C) For acquisitions funded by DoD, NASA, or Coast Guard such modifications of a commercial product are not exempt from the requirement for submission of certified cost or pricing data on the basis of the exemption provided for at [15.403-1\(c\)\(3\)](#) if the total price of all such modifications under a particular contract action exceeds the greater of the threshold for obtaining certified cost or pricing data in [15.403-4](#) or 5 percent of the total price of the contract at the time of contract award.

(iv) Any acquisition for other than commercial products or services treated as commercial products or commercial services at [12.102\(f\)\(1\)](#), except sole source contracts greater than \$20 million, is exempt from the requirements for certified cost or pricing data ([41 U.S.C. 1903](#)).

(4) *Waivers.* The head of the contracting activity (HCA) may, without power of delegation, waive the requirement for submission of certified cost or pricing data in exceptional cases. The authorization for the waiver and the supporting rationale shall be in writing. The HCA may consider waiving the requirement if the price can be determined to be fair and reasonable without submission of certified cost or pricing data. For example, if certified cost or pricing data were furnished on previous production buys and the contracting officer determines such data are sufficient, when combined with updated data, a waiver may be granted. If the HCA has waived the requirement for submission of certified cost or pricing data, the contractor or higher-tier subcontractor to whom the waiver relates shall be considered as having been required to provide certified cost or pricing data. Consequently, award of any lower-tier subcontract expected to exceed the certified cost or pricing data threshold requires the submission of certified cost or pricing data unless-

(i) An exception otherwise applies to the subcontract; or

(ii) The waiver specifically includes the subcontract and the rationale supporting the waiver for that subcontract.

15.403-2 Other circumstances where certified cost or pricing data are not required.

(a) The exercise of an option at the price established at contract award or initial negotiation does not require submission of certified cost or pricing data.

(b) Certified cost or pricing data are not required for proposals used solely for overrun funding or interim billing price adjustments.

15.403-3 Requiring data other than certified cost or pricing data.

(a) (1) In those acquisitions that do not require certified cost or pricing data, the contracting officer shall—

(i) Obtain whatever data are available from Government or other secondary sources and use that data in determining a fair and reasonable price;

(ii) Require submission of data other than certified cost or pricing data, as defined in [2.101](#), from the offeror to the extent necessary to determine a fair and reasonable price ([10 U.S.C. 3705\(a\)](#) and [41 U.S.C. 3505\(a\)](#)) if the contracting officer determines that adequate data from sources other than the offeror are not available. This includes requiring data from an offeror to support a cost realism analysis;

(iii) Consider whether cost data are necessary to determine a fair and reasonable price when there is not adequate price competition;

(iv) Require that the data submitted by the offeror include, at a minimum, appropriate data on the prices at which the same item or similar items have previously been sold, adequate for determining the reasonableness of the price unless an exception under [15.403-1\(b\)\(1\)](#) or (2) applies; and

(v) Consider the guidance in section [3.3](#), chapter 3, volume I, of the Contract Pricing Reference Guide cited at [15.404-1\(a\)\(7\)](#) to determine the data an offeror shall be required to submit.

(2) The contractor's format for submitting the data should be used (see [15.403-5\(b\)\(2\)](#)).

(3) The contracting officer shall ensure that data used to support price negotiations are sufficiently current to permit negotiation of a fair and reasonable price. Requests for updated offeror data should be limited to data that affect the adequacy of the proposal for negotiations, such as changes in price lists.

(4) As specified in section 808 of the Strom Thurmond National Defense Authorization Act for Fiscal Year 1999 (Pub. L. 105-261), an offeror who does not comply with a requirement to submit data for a contract or subcontract in accordance

with paragraph (a)(1) of this subsection is ineligible for award unless the HCA determines that it is in the best interest of the Government to make the award to that offeror, based on consideration of the following:

- (i) The effort made to obtain the data.
- (ii) The need for the item or service.
- (iii) Increased cost or significant harm to the Government if award is not made.

(b) Adequate price competition. When adequate price competition exists (see [15.403-1\(c\)\(1\)](#)), generally no additional data are necessary to determine the reasonableness of price. However, if there are unusual circumstances where it is concluded that additional data are necessary to determine the reasonableness of price, the contracting officer shall, to the maximum extent practicable, obtain the additional data from sources other than the offeror. In addition, the contracting officer should request data to determine the cost realism of competing offers or to evaluate competing approaches.

(c) *Commercial products and commercial services.* (1) At a minimum, the contracting officer must use price analysis to determine whether the price is fair and reasonable whenever the contracting officer acquires a commercial product or commercial service (see [15.404-1\(b\)](#)). The fact that a price is included in a catalog does not, in and of itself, make it fair and reasonable. If the contracting officer cannot determine whether an offered price is fair and reasonable, even after obtaining additional data from sources other than the offeror, then the contracting officer shall require the offeror to submit data other than certified cost or pricing data to support further analysis (see [15.404-1](#)). This data may include history of sales to non-governmental and governmental entities, cost data, or any other information the contracting officer requires to determine the price is fair and reasonable. Unless an exception under [15.403-1\(b\)\(1\)](#) or (2) applies, the contracting officer shall require that the data submitted by the offeror include, at a minimum, appropriate data on the prices at which the same item or similar items have previously been sold, adequate for determining the reasonableness of the price.

(2) *Limitations relating to commercial products or commercial services* [10 U.S.C. 3705\(b\)](#) and [41 U.S.C. 3505\(b\)](#)). (i) The contracting officer shall limit requests for sales data relating to commercial products or commercial services to data for the same or similar items during a relevant time period.

(ii) The contracting officer shall, to the maximum extent practicable, limit the scope of the request for data relating to commercial products or commercial services to include only data that are in the form regularly maintained by the offeror as part of its commercial operations.

(iii) The Government shall not disclose outside the Government data obtained relating to commercial products or commercial services that is exempt from disclosure under [24.202\(a\)](#) or the Freedom of Information Act ([5 U.S.C. 552\(b\)](#)).

(3) For services that are not offered and sold competitively in substantial quantities in the commercial marketplace, but are of a type offered and sold competitively in substantial quantities in the commercial marketplace, see [15.403-1\(c\)\(3\)\(ii\)](#).

15.403-4 Requiring certified cost or pricing data (10 U.S.C. chapter 271 and 41 U.S.C. chapter 35).

(a) (1) The contracting officer shall obtain certified cost or pricing data only if the contracting officer concludes that none of the exceptions in [15.403-1\(b\)](#) applies. However, if the contracting officer has reason to believe exceptional circumstances exist and has sufficient data available to determine a fair and reasonable price, then the contracting officer should consider requesting a waiver under the exception at [15.403-1\(b\)\(4\)](#). The threshold for obtaining certified cost or pricing data is \$750,000 for prime contracts awarded before July 1, 2018, and \$2 million for prime contracts awarded on or after July 1, 2018. When a clause refers to this threshold, and if the threshold is adjusted for inflation pursuant to [1.109\(a\)](#), then pursuant to [1.109\(d\)](#) the changed threshold applies throughout the remaining term of the contract, unless there is a subsequent threshold adjustment. Unless an exception applies, certified cost or pricing data are required before accomplishing any of the following actions expected to exceed the current threshold or, in the case of existing contracts, the threshold specified in the contract:

- (i) The award of any negotiated contract (except for undefinitized actions such as letter contracts).
- (ii) The award of a subcontract at any tier, if the contractor and each higher-tier subcontractor were required to furnish certified cost or pricing data (but see waivers at [15.403-1\(c\)\(4\)](#)).

(iii) The modification of any sealed bid or negotiated contract (whether or not certified cost or pricing data were initially required) or any subcontract covered by paragraph (a)(1)(ii) of this subsection. Price adjustment amounts must consider both increases and decreases (e.g., a \$500,000 modification resulting from a reduction of \$1,500,000 and an increase of \$1,000,000 is a \$2,500,000 pricing adjustment exceeding the \$2,000,000 threshold). This requirement does not apply when unrelated and separately priced changes for which certified cost or pricing data would not otherwise be required are included for administrative convenience in the same modification. Negotiated final pricing actions (such as termination settlements and total final price agreements for fixed-price incentive and redeterminable contracts) are contract modifications requiring certified cost or pricing data if-

(A) The total final price agreement for such settlements or agreements exceeds the pertinent threshold set forth at paragraph (a)(1) of this subsection; or

(B) The partial termination settlement plus the estimate to complete the continued portion of the contract exceeds the pertinent threshold set forth at paragraph (a)(1) of this subsection (see [49.105\(c\)\(15\)](#)).

(2) Unless prohibited because an exception at [15.403-1\(b\)](#) applies, the head of the contracting activity, without power of delegation, may authorize the contracting officer to obtain certified cost or pricing data for pricing actions below the pertinent threshold in paragraph (a)(1) of this subsection, provided the action exceeds the simplified acquisition threshold. The head of the contracting activity shall justify the requirement for certified cost or pricing data. The documentation shall include a written finding that certified cost or pricing data are necessary to determine whether the price is fair and reasonable and the facts supporting that finding.

(3) Upon the request of a contractor that was required to submit certified cost or pricing data in connection with a prime contract entered into before July 1, 2018, the contracting officer shall modify the contract, without requiring consideration, to reflect a \$2 million threshold for obtaining certified cost or pricing data on subcontracts entered on and after July 1, 2018. See [15.408](#).

(b) When certified cost or pricing data are required, the contracting officer shall require the contractor or prospective contractor to submit to the contracting officer (and to have any subcontractor or prospective subcontractor submit to the prime contractor or appropriate subcontractor tier) the following in support of any proposal:

(1) The certified cost or pricing data and data other than certified cost or pricing data required by the contracting officer to determine that the price is fair and reasonable.

(2) A Certificate of Current Cost or Pricing Data, in the format specified in [15.406-2](#), certifying that to the best of its knowledge and belief, the cost or pricing data were accurate, complete, and current as of the date of agreement on price or, if applicable, an earlier date agreed upon between the parties that is as close as practicable to the date of agreement on price.

(c) If certified cost or pricing data are requested and submitted by an offeror, but an exception is later found to apply, the data must not be considered certified cost or pricing data as defined in [2.101](#) and must not be certified in accordance with [15.406-2](#).

(d) The requirements of this subsection also apply to contracts entered into by an agency on behalf of a foreign government.

15.403-5 Instructions for submission of certified cost or pricing data and data other than certified cost or pricing data.

(a) Taking into consideration the policy at [15.402](#), the contracting officer shall specify in the solicitation (see [15.408\(l\)](#) and (m))-

(1) Whether certified cost or pricing data are required;

(2) That, in lieu of submitting certified cost or pricing data, the offeror may submit a request for exception from the requirement to submit certified cost or pricing data;

(3) Any requirement for data other than certified cost or pricing data; and

(4) The requirement for necessary preaward or postaward access to offeror's records.

(b) (1) *Format for submission of certified cost or pricing data.* When certification is required, the contracting officer may require submission of certified cost or pricing data in the format indicated in [15.408 Solicitation provisions and contract clauses](#), of [15.408](#), specify an alternative format, or permit submission in the contractor's format (See [15.408\(l\)\(1\)](#)), unless the data are required to be submitted on one of the termination forms specified in [subpart 49.6](#).

(2) *Format for submission of data other than certified cost or pricing data.* When required by the contracting officer, data other than certified cost or pricing data may be submitted in the offeror's own format unless the contracting officer decides that use of a specific format is essential for evaluating and determining that the price is fair and reasonable and the format has been described in the solicitation.

(3) *Format for submission of data supporting forward pricing rate agreements.* Data supporting forward pricing rate agreements or final indirect cost proposals shall be submitted in a form acceptable to the contracting officer.

15.404 Proposal analysis.

15.404-1 Proposal analysis techniques.

(a) *General.* The objective of proposal analysis is to ensure that the final agreed-to price is fair and reasonable.

(1) The contracting officer is responsible for evaluating the reasonableness of the offered prices. The analytical techniques and procedures described in this subsection may be used, singly or in combination with others, to ensure that the

final price is fair and reasonable. The complexity and circumstances of each acquisition should determine the level of detail of the analysis required.

(2) Price analysis shall be used when certified cost or pricing data are not required (see paragraph (b) of this subsection and [15.404-3](#)).

(3) Cost analysis shall be used to evaluate the reasonableness of individual cost elements when certified cost or pricing data are required. Price analysis should be used to verify that the overall price offered is fair and reasonable.

(4) Cost analysis may also be used to evaluate data other than certified cost or pricing data to determine cost reasonableness or cost realism when a fair and reasonable price cannot be determined through price analysis alone.

(5) The contracting officer may request the advice and assistance of other experts to ensure that an appropriate analysis is performed.

(6) Recommendations or conclusions regarding the Government's review or analysis of an offeror's or contractor's proposal shall not be disclosed to the offeror or contractor without the concurrence of the contracting officer. Any discrepancy or mistake of fact (such as duplications, omissions, and errors in computation) contained in the certified cost or pricing data or data other than certified cost or pricing data submitted in support of a proposal shall be brought to the contracting officer's attention for appropriate action.

(7) The Air Force Institute of Technology (AFIT) and the Federal Acquisition Institute (FAI) jointly prepared a five-volume set of Contract Pricing Reference Guides to guide pricing and negotiation personnel. The five guides are: I Price Analysis, II Quantitative Techniques for Contract Pricing, III Cost Analysis, IV Advanced Issues in Contract Pricing, and V Federal Contract Negotiation Techniques. These references provide detailed discussion and examples applying pricing policies to pricing problems. They are to be used for instruction and professional guidance. However, they are not directive and should be considered informational only. They are available via the internet at http://www.acq.osd.mil/dpap/cpic/cp/contract_pricing_reference_guides.html.

(b) *Price analysis.* (1) Price analysis is the process of examining and evaluating a proposed price without evaluating its separate cost elements and proposed profit. Unless an exception from the requirement to obtain certified cost or pricing data applies under [15.403-1](#)(b)(1) or (b)(2), at a minimum, the contracting officer shall obtain appropriate data, without certification, on the prices at which the same or similar items have previously been sold and determine if the data is adequate for evaluating the reasonableness of the price. Price analysis may include evaluating data other than certified cost or pricing data obtained from the offeror or contractor when there is no other means for determining a fair and reasonable price. Contracting officers shall obtain data other than certified cost or pricing data from the offeror or contractor for all acquisitions (including commercial acquisitions), if that is the contracting officer's only means to determine the price to be fair and reasonable.

(2) The Government may use various price analysis techniques and procedures to ensure a fair and reasonable price. Examples of such techniques include, but are not limited to, the following:

(i) Comparison of proposed prices received in response to the solicitation. Normally, adequate price competition establishes a fair and reasonable price (see [15.403-1](#)(c)(1)).

(ii) Comparison of the proposed prices to historical prices paid, whether by the Government or other than the Government, for the same or similar items. This method may be used for commercial products or commercial services including those "of a type" or when requiring minor modifications for commercial products.

(A) The prior price must be a valid basis for comparison. If there has been a significant time lapse between the last acquisition and the present one, if the terms and conditions of the acquisition are significantly different, or if the reasonableness of the prior price is uncertain, then the prior price may not be a valid basis for comparison.

(B) The prior price must be adjusted to account for materially differing terms and conditions, quantities and market and economic factors. For similar items, the contracting officer must also adjust the prior price to account for material differences between the similar item and the item being procured.

(C) Expert technical advice should be obtained when analyzing similar items, or commercial products or commercial services that are "of a type", or requiring minor modifications for commercial products, to ascertain the magnitude of changes required and to assist in pricing the required changes

(iii) Use of parametric estimating methods/application of rough yardsticks (such as dollars per pound or per horsepower, or other units) to highlight significant inconsistencies that warrant additional pricing inquiry.

(iv) Comparison with competitive published price lists, published market prices of commodities, similar indexes, and discount or rebate arrangements.

(v) Comparison of proposed prices with independent Government cost estimates.

(vi) Comparison of proposed prices with prices obtained through market research for the same or similar items.

(vii) Analysis of data other than certified cost or pricing data (as defined at [2.101](#)) provided by the offeror.

(3) The first two techniques at [15.404-1\(b\)\(2\)](#) are the preferred techniques. However, if the contracting officer determines that information on competitive proposed prices or previous contract prices is not available or is insufficient to determine that the price is fair and reasonable, the contracting officer may use any of the remaining techniques as appropriate to the circumstances applicable to the acquisition.

(4) Value analysis can give insight into the relative worth of a product and the Government may use it in conjunction with the price analysis techniques listed in paragraph (b)(2) of this section.

(c) Cost analysis. (1) Cost analysis is the review and evaluation of any separate cost elements and profit or fee in an offeror's or contractor's proposal, as needed to determine a fair and reasonable price or to determine cost realism, and the application of judgment to determine how well the proposed costs represent what the cost of the contract should be, assuming reasonable economy and efficiency.

(2) The Government may use various cost analysis techniques and procedures to ensure a fair and reasonable price, given the circumstances of the acquisition. Such techniques and procedures include the following:

(i) Verification of cost data or pricing data and evaluation of cost elements, including-

(A) The necessity for, and reasonableness of, proposed costs, including allowances for contingencies;

(B) Projection of the offeror's cost trends, on the basis of current and historical cost or pricing data;

(C) Reasonableness of estimates generated by appropriately calibrated and validated parametric models or cost-estimating relationships; and

(D) The application of audited or negotiated indirect cost rates, labor rates, and cost of money or other factors.

(ii) Evaluating the effect of the offeror's current practices on future costs. In conducting this evaluation, the contracting officer shall ensure that the effects of inefficient or uneconomical past practices are not projected into the future. In pricing production of recently developed complex equipment, the contracting officer should perform a trend analysis of basic labor and materials, even in periods of relative price stability.

(iii) Comparison of costs proposed by the offeror for individual cost elements with-

(A) Actual costs previously incurred by the same offeror;

(B) Previous cost estimates from the offeror or from other offerors for the same or similar items;

(C) Other cost estimates received in response to the Government's request;

(D) Independent Government cost estimates by technical personnel; and

(E) Forecasts of planned expenditures.

(iv) Verification that the offeror's cost submissions are in accordance with the contract cost principles and procedures in [part 31](#) and, when applicable, the requirements and procedures in [48 CFR chapter 99](#), Cost Accounting Standards.

(v) Review to determine whether any cost data or pricing data, necessary to make the offeror's proposal suitable for negotiation, have not been either submitted or identified in writing by the offeror. If there are such data, the contracting officer shall attempt to obtain and use them in the negotiations or make satisfactory allowance for the incomplete data.

(vi) Analysis of the results of any make-or-buy program reviews, in evaluating subcontract costs (see [15.407-2](#)).

(d) Cost realism analysis. (1) Cost realism analysis is the process of independently reviewing and evaluating specific elements of each offeror's proposed cost estimate to determine whether the estimated proposed cost elements are realistic for the work to be performed; reflect a clear understanding of the requirements; and are consistent with the unique methods of performance and materials described in the offeror's technical proposal.

(2) Cost realism analyses shall be performed on cost-reimbursement contracts to determine the probable cost of performance for each offeror.

(i) The probable cost may differ from the proposed cost and should reflect the Government's best estimate of the cost of any contract that is most likely to result from the offeror's proposal. The probable cost shall be used for purposes of evaluation to determine the best value.

(ii) The probable cost is determined by adjusting each offeror's proposed cost, and fee when appropriate, to reflect any additions or reductions in cost elements to realistic levels based on the results of the cost realism analysis.

(3) Cost realism analyses may also be used on competitive fixed-price incentive contracts or, in exceptional cases, on other competitive fixed-price-type contracts when new requirements may not be fully understood by competing offerors, there are quality concerns, or past experience indicates that contractors' proposed costs have resulted in quality or service shortfalls. Results of the analysis may be used in performance risk assessments and responsibility determinations. However, proposals shall be evaluated using the criteria in the solicitation, and the offered prices shall not be adjusted as a result of the analysis.

(e) Technical analysis. (1) The contracting officer should request that personnel having specialized knowledge, skills, experience, or capability in engineering, science, or management perform a technical analysis of the proposed types and quantities of materials, labor, processes, special tooling, equipment or real property, the reasonableness of scrap and spoilage, and other associated factors set forth in the proposal(s) in order to determine the need for and reasonableness of the proposed resources, assuming reasonable economy and efficiency.

(2) At a minimum, the technical analysis should examine the types and quantities of material proposed and the need for the types and quantities of labor hours and the labor mix. Any other data that may be pertinent to an assessment of the offeror's ability to accomplish the technical requirements or to the cost or price analysis of the service or product being proposed should also be included in the analysis.

(3) The contracting officer should request technical assistance in evaluating pricing related to items that are "similar to" items being purchased, or commercial products or commercial services that are "of a type", or requiring minor modifications for commercial products, to ascertain the magnitude of changes required and to assist in pricing the required changes.

(f) Unit prices. (1) Except when pricing an item on the basis of adequate price competition or catalog or market price, unit prices shall reflect the intrinsic value of an item or service and shall be in proportion to an item's base cost (e.g., manufacturing or acquisition costs). Any method of distributing costs to line items that distorts the unit prices shall not be used. For example, distributing costs equally among line items is not acceptable except when there is little or no variation in base cost.

(2) Except for the acquisition of commercial products, contracting officers shall require that offerors identify in their proposals those items of supply that they will not manufacture or to which they will not contribute significant value, unless adequate price competition is expected ([10 U.S.C. 3703\(a\)\(1\)\(A\)](#) and [41 U.S.C. 3503\(a\)\(1\)\(A\)](#)). Such information shall be used to determine whether the intrinsic value of an item has been distorted through application of overhead and whether such items should be considered for breakout. The contracting officer should require such information in all other negotiated contracts when appropriate.

(g) Unbalanced pricing. (1) Unbalanced pricing may increase performance risk and could result in payment of unreasonably high prices. Unbalanced pricing exists when, despite an acceptable total evaluated price, the price of one or more line items is significantly over or understated as indicated by the application of cost or price analysis techniques. The greatest risks associated with unbalanced pricing occur when-

(i) Startup work, mobilization, first articles, or first article testing are separate line items;

(ii) Base quantities and option quantities are separate line items; or

(iii) The evaluated price is the aggregate of estimated quantities to be ordered under separate line items of an indefinite-delivery contract.

(2) All offers with separately priced line items or subline items shall be analyzed to determine if the prices are unbalanced. If cost or price analysis techniques indicate that an offer is unbalanced, the contracting officer shall-

(i) Consider the risks to the Government associated with the unbalanced pricing in determining the competitive range and in making the source selection decision; and

(ii) Consider whether award of the contract will result in paying unreasonably high prices for contract performance.

(3) An offer may be rejected if the contracting officer determines that the lack of balance poses an unacceptable risk to the Government.

(h) Review and justification of pass-through contracts. (1) The requirements of this paragraph (h) are applicable to all agencies. The requirements apply by law to the Department of Defense, the Department of State, and the United States Agency for International Development, per section 802 of the National Defense Authorization Act (NDAA) for Fiscal Year 2013. The requirements apply as a matter of policy to other Federal agencies.

(2) Except as provided in paragraph (h)(3) of this section, when an offeror for a contract or a task or delivery order informs the contracting officer pursuant to [52.215-22](#) that it intends to award subcontracts for more than 70 percent of the total cost of work to be performed under the contract, task or delivery order, the contracting officer shall-

(i) Consider the availability of alternative contract vehicles and the feasibility of contracting directly with a subcontractor or subcontractors that will perform the bulk of the work. If such alternative approaches are selected, any resulting solicitations shall be issued in accordance with the competition requirements under FAR [part 6](#);

(ii) Make a written determination that the contracting approach selected is in the best interest of the Government; and

(iii) Document the basis for such determination.

(3) Contract actions awarded pursuant to [subparts 19.5, 19.8, 19.13, 19.14, or 19.15](#) are exempt from the requirements of this paragraph (h) (see section 1615 of the National Defense Authorization Act for Fiscal Year 2014 (Pub. L. 113-66)).

15.404-2 Data to support proposal analysis.

(a) Field pricing assistance. (1) The contracting officer should request field pricing assistance when the information available at the buying activity is inadequate to determine a fair and reasonable price. The contracting officer shall tailor requests to reflect the minimum essential supplementary information needed to conduct a technical or cost or pricing analysis.

(2) The contracting officer shall tailor the type of information and level of detail requested in accordance with the specialized resources available at the buying activity and the magnitude and complexity of the required analysis. Field pricing assistance is generally available to provide-

- (i) Technical, audit, and special reports associated with the cost elements of a proposal, including subcontracts;
- (ii) Information on related pricing practices and history;
- (iii) Information to help contracting officers determine commerciality and a fair and reasonable price, including-
 - (A) Verifying sales history to source documents;
 - (B) Identifying special terms and conditions;
 - (C) Identifying customarily granted or offered discounts for the item;
 - (D) Verifying the item to an existing catalog or price list;
 - (E) Verifying historical data for a product or service previously not determined commercial that the offeror is now trying to qualify as a commercial product or commercial service; and
 - (F) Identifying general market conditions affecting determinations of commerciality and a fair and reasonable price.

(iv) Information relative to the business, technical, production, or other capabilities and practices of an offeror.

(3) When field pricing assistance is requested, contracting officers are encouraged to team with appropriate field experts throughout the acquisition process, including negotiations. Early communication with these experts will assist in determining the extent of assistance required, the specific areas for which assistance is needed, a realistic review schedule, and the information necessary to perform the review.

(4) When requesting field pricing assistance on a contractor's request for equitable adjustment, the contracting officer shall provide the information listed in [43.204\(b\)\(5\)](#).

(5) Field pricing information and other reports may include proprietary or source selection information (see [2.101](#)). This information must be appropriately identified and protected accordingly.

(b) Reporting field pricing information. (1) Depending upon the extent and complexity of the field pricing review, results, including supporting rationale, may be reported directly to the contracting officer orally, in writing, or by any other method acceptable to the contracting officer.

(i) Whenever circumstances permit, the contracting officer and field pricing experts are encouraged to use telephonic and/or electronic means to request and transmit pricing information.

(ii) When it is necessary to have written technical and audit reports, the contracting officer shall request that the audit agency concurrently forward the audit report to the requesting contracting officer and the administrative contracting officer (ACO). The completed field pricing assistance results may reference audit information, but need not reconcile the audit recommendations and technical recommendations. A copy of the information submitted to the contracting officer by field pricing personnel shall be provided to the audit agency.

(2) Audit and field pricing information, whether written or reported telephonically or electronically, shall be made a part of the official contract file (see [4.803\(a\)\(19\)](#)).

(c) Audit assistance for prime contracts or subcontracts. (1) The contracting officer should contact the cognizant audit office directly, particularly when an audit is the only field pricing support required. The audit office shall send the audit report, or otherwise transmit the audit recommendations, directly to the contracting officer.

(i) The auditor shall not reveal the audit conclusions or recommendations to the offeror/contractor without obtaining the concurrence of the contracting officer. However, the auditor may discuss statements of facts with the contractor.

(ii) The contracting officer should be notified immediately of any information disclosed to the auditor after submission of a report that may significantly affect the audit findings and, if necessary, a supplemental audit report shall be issued.

(2) The contracting officer shall not request a separate preaward audit of indirect costs unless the information already available from an existing audit, completed within the preceding 12 months, is considered inadequate for determining the reasonableness of the proposed indirect costs ([41 U.S.C. 4706](#) and [10 U.S.C. 3841](#)).

(3) The auditor is responsible for the scope and depth of the audit. Copies of updated information that will significantly affect the audit should be provided to the auditor by the contracting officer.

(4) General access to the offeror's books and financial records is limited to the auditor. This limitation does not preclude the contracting officer or the ACO, or their representatives, from requesting that the offeror provide or make available any data or records necessary to analyze the offeror's proposal.

(d) *Deficient proposals.* The ACO or the auditor, as appropriate, shall notify the contracting officer immediately if the data provided for review is so deficient as to preclude review or audit, or if the contractor or offeror has denied access to any records considered essential to conduct a satisfactory review or audit. Oral notifications shall be confirmed promptly in writing, including a description of deficient or denied data or records. The contracting officer immediately shall take appropriate action to obtain the required data. Should the offeror/contractor again refuse to provide adequate data, or provide access to necessary data, the contracting officer shall withhold the award or price adjustment and refer the contract action to a higher authority, providing details of the attempts made to resolve the matter and a statement of the practicability of obtaining the supplies or services from another source.

15.404-3 Subcontract pricing considerations.

(a) The contracting officer is responsible for the determination of a fair and reasonable price for the prime contract, including subcontracting costs. The contracting officer should consider whether a contractor or subcontractor has an approved purchasing system, has performed cost or price analysis of proposed subcontractor prices, or has negotiated the subcontract prices before negotiation of the prime contract, in determining the reasonableness of the prime contract price. This does not relieve the contracting officer from the responsibility to analyze the contractor's submission, including subcontractor's certified cost or pricing data.

(b) The prime contractor or subcontractor shall-

(1) Conduct appropriate cost or price analyses to establish the reasonableness of proposed subcontract prices;

(2) Include the results of these analyses in the price proposal; and

(3) When required by paragraph (c) of this subsection, submit subcontractor certified cost or pricing data to the Government as part of its own certified cost or pricing data.

(c) Any contractor or subcontractor that is required to submit certified cost or pricing data also shall obtain and analyze certified cost or pricing data before awarding any subcontract, purchase order, or modification expected to exceed the certified cost or pricing data threshold, unless an exception in [15.403-1\(b\)](#) applies to that action.

(1) The contractor shall submit, or cause to be submitted by the subcontractor(s), certified cost or pricing data to the Government for subcontracts that are the lower of either-

(i) \$15 million or more; or

(ii) Both more than the pertinent certified cost or pricing data threshold and more than 10 percent of the prime contractor's proposed price, unless the contracting officer believes such submission is unnecessary.

(2) The contracting officer should require the contractor or subcontractor to submit to the Government (or cause submission of) subcontractor certified cost or pricing data below the thresholds in paragraph (c)(1) of this subsection and data other than certified cost or pricing data that the contracting officer considers necessary for adequately pricing the prime contract.

(3) Subcontractor certified cost or pricing data shall be submitted in the format provided in [15.408 Solicitation provisions and contract clauses](#), of [15.408](#) or the alternate format specified in the solicitation.

(4) Subcontractor certified cost or pricing data shall be current, accurate, and complete as of the date of price agreement, or, if applicable, an earlier date agreed upon by the parties and specified on the contractor's Certificate of Current Cost or Pricing Data. The contractor shall update subcontractor's data, as appropriate, during source selection and negotiations.

(5) If there is more than one prospective subcontractor for any given work, the contractor need only submit to the Government certified cost or pricing data for the prospective subcontractor most likely to receive the award.

15.404-4 Profit.

(a) *General.* This subsection prescribes policies for establishing the profit or fee portion of the Government prenegotiation objective in price negotiations based on cost analysis.

(1) Profit or fee prenegotiation objectives do not necessarily represent net income to contractors. Rather, they represent that element of the potential total remuneration that contractors may receive for contract performance over and above allowable costs. This potential remuneration element and the Government's estimate of allowable costs to be incurred in contract performance together equal the Government's total prenegotiation objective. Just as actual costs may vary from

estimated costs, the contractor's actual realized profit or fee may vary from negotiated profit or fee, because of such factors as efficiency of performance, incurrence of costs the Government does not recognize as allowable, and the contract type.

(2) It is in the Government's interest to offer contractors opportunities for financial rewards sufficient to stimulate efficient contract performance, attract the best capabilities of qualified large and small business concerns to Government contracts, and maintain a viable industrial base.

(3) Both the Government and contractors should be concerned with profit as a motivator of efficient and effective contract performance. Negotiations aimed merely at reducing prices by reducing profit, without proper recognition of the function of profit, are not in the Government's interest. Negotiation of extremely low profits, use of historical averages, or automatic application of predetermined percentages to total estimated costs do not provide proper motivation for optimum contract performance.

(b) Policy. (1) Structured approaches (see paragraph (d) of this subsection) for determining profit or fee prenegotiation objectives provide a discipline for ensuring that all relevant factors are considered. Subject to the authorities in [1.301\(c\)](#), agencies making noncompetitive contract awards over \$100,000 totaling \$50 million or more a year-

(i) Shall use a structured approach for determining the profit or fee objective in those acquisitions that require cost analysis; and

(ii) May prescribe specific exemptions for situations in which mandatory use of a structured approach would be clearly inappropriate.

(2) Agencies may use another agency's structured approach.

(c) Contracting officer responsibilities. (1) When the price negotiation is not based on cost analysis, contracting officers are not required to analyze profit.

(2) When the price negotiation is based on cost analysis, contracting officers in agencies that have a structured approach shall use it to analyze profit. When not using a structured approach, contracting officers shall comply with paragraph (d)(1) of this subsection in developing profit or fee prenegotiation objectives.

(3) Contracting officers shall use the Government prenegotiation cost objective amounts as the basis for calculating the profit or fee prenegotiation objective. Before applying profit or fee factors, the contracting officer shall exclude from the pre-negotiation cost objective amounts the purchase cost of contractor-acquired property that is categorized as equipment, as defined in FAR [45.101](#), and where such equipment is to be charged directly to the contract. Before applying profit or fee factors, the contracting officer shall exclude any facilities capital cost of money included in the cost objective amounts. If the prospective contractor fails to identify or propose facilities capital cost of money in a proposal for a contract that will be subject to the cost principles for contracts with commercial organizations (see [subpart 31.2](#)), facilities capital cost of money will not be an allowable cost in any resulting contract (see [15.408\(i\)](#)).

(4) (i) The contracting officer shall not negotiate a price or fee that exceeds the following statutory limitations, imposed by [10 U.S.C. 3322\(b\)](#) and [41 U.S.C. 3905](#):

(A) For experimental, developmental, or research work performed under a cost-plus-fixed-fee contract, the fee shall not exceed 15 percent of the contract's estimated cost, excluding fee.

(B) For architect-engineer services for public works or utilities, the contract price or the estimated cost and fee for production and delivery of designs, plans, drawings, and specifications shall not exceed 6 percent of the estimated cost of construction of the public work or utility, excluding fees.

(C) For other cost-plus-fixed-fee contracts, the fee shall not exceed 10 percent of the contract's estimated cost, excluding fee.

(ii) The contracting officer's signature on the price negotiation memorandum or other documentation supporting determination of fair and reasonable price documents the contracting officer's determination that the statutory price or fee limitations have not been exceeded.

(5) The contracting officer shall not require any prospective contractor to submit breakouts or supporting rationale for its profit or fee objective but may consider it, if it is submitted voluntarily.

(6) If a change or modification calls for essentially the same type and mix of work as the basic contract and is of relatively small dollar value compared to the total contract value, the contracting officer may use the basic contract's profit or fee rate as the prenegotiation objective for that change or modification.

(d) Profit-analysis factors- (1) *Common factors*. Unless it is clearly inappropriate or not applicable, each factor outlined in paragraphs (d)(1)(i) through (vi) of this subsection shall be considered by agencies in developing their structured approaches and by contracting officers in analyzing profit, whether or not using a structured approach.

(i) *Contractor effort*. This factor measures the complexity of the work and the resources required of the prospective contractor for contract performance. Greater profit opportunity should be provided under contracts requiring a high degree

of professional and managerial skill and to prospective contractors whose skills, facilities, and technical assets can be expected to lead to efficient and economical contract performance. The subfactors in paragraphs (d)(1)(i)(A) through (D) of this subsection shall be considered in determining contractor effort, but they may be modified in specific situations to accommodate differences in the categories used by prospective contractors for listing costs-

(A) *Material acquisition*. This subfactor measures the managerial and technical effort needed to obtain the required purchased parts and material, subcontracted items, and special tooling. Considerations include the complexity of the items required, the number of purchase orders and subcontracts to be awarded and administered, whether established sources are available or new or second sources must be developed, and whether material will be obtained through routine purchase orders or through complex subcontracts requiring detailed specifications. Profit consideration should correspond to the managerial and technical effort involved.

(B) *Conversion direct labor*. This subfactor measures the contribution of direct engineering, manufacturing, and other labor to converting the raw materials, data, and subcontracted items into the contract items. Considerations include the diversity of engineering, scientific, and manufacturing labor skills required and the amount and quality of supervision and coordination needed to perform the contract task.

(C) *Conversion-related indirect costs*. This subfactor measures how much the indirect costs contribute to contract performance. The labor elements in the allocable indirect costs should be given the profit consideration they would receive if treated as direct labor. The other elements of indirect costs should be evaluated to determine whether they merit only limited profit consideration because of their routine nature, or are elements that contribute significantly to the proposed contract.

(D) *General management*. This subfactor measures the prospective contractor's other indirect costs and general and administrative (G&A) expense, their composition, and how much they contribute to contract performance. Considerations include how labor in the overhead pools would be treated if it were direct labor, whether elements within the pools are routine expenses or instead are elements that contribute significantly to the proposed contract, and whether the elements require routine as opposed to unusual managerial effort and attention.

(ii) Contract cost risk. (A) This factor measures the degree of cost responsibility and associated risk that the prospective contractor will assume as a result of the contract type contemplated and considering the reliability of the cost estimate in relation to the complexity and duration of the contract task. Determination of contract type should be closely related to the risks involved in timely, cost-effective, and efficient performance. This factor should compensate contractors proportionately for assuming greater cost risks.

(B) The contractor assumes the greatest cost risk in a closely priced firm-fixed-price contract under which it agrees to perform a complex undertaking on time and at a predetermined price. Some firm-fixed-price contracts may entail substantially less cost risk than others because, for example, the contract task is less complex or many of the contractor's costs are known at the time of price agreement, in which case the risk factor should be reduced accordingly. The contractor assumes the least cost risk in a cost-plus-fixed-fee level-of-effort contract, under which it is reimbursed those costs determined to be allocable and allowable, plus the fixed fee.

(C) In evaluating assumption of cost risk, contracting officers shall, except in unusual circumstances, treat time-and-materials, labor-hour, and firm-fixed-price, level-of-effort term contracts as cost-plus-fixed-fee contracts.

(iii) *Federal socioeconomic programs*. This factor measures the degree of support given by the prospective contractor to Federal socioeconomic programs, such as those involving small business concerns, small business concerns owned and controlled by socially and economically disadvantaged individuals, women-owned small business concerns, veteran-owned, HUBZone, service-disabled veteran-owned small business concerns, sheltered workshops for workers with disabilities, and energy conservation. Greater profit opportunity should be provided contractors that have displayed unusual initiative in these programs.

(iv) *Capital investments*. This factor takes into account the contribution of contractor investments to efficient and economical contract performance.

(v) *Cost-control and other past accomplishments*. This factor allows additional profit opportunities to a prospective contractor that has previously demonstrated its ability to perform similar tasks effectively and economically. In addition, consideration should be given to measures taken by the prospective contractor that result in productivity improvements, and other cost-reduction accomplishments that will benefit the Government in follow-on contracts.

(vi) *Independent development*. Under this factor, the contractor may be provided additional profit opportunities in recognition of independent development efforts relevant to the contract end item without Government assistance. The contracting officer should consider whether the development cost was recovered directly or indirectly from Government sources.

(2) *Additional factors.* In order to foster achievement of program objectives, each agency may include additional factors in its structured approach or take them into account in the profit analysis of individual contract actions.

15.405 Price negotiation.

(a) The purpose of performing cost or price analysis is to develop a negotiation position that permits the contracting officer and the offeror an opportunity to reach agreement on a fair and reasonable price. A fair and reasonable price does not require that agreement be reached on every element of cost, nor is it mandatory that the agreed price be within the contracting officer's initial negotiation position. Taking into consideration the advisory recommendations, reports of contributing specialists, and the current status of the contractor's purchasing system, the contracting officer is responsible for exercising the requisite judgment needed to reach a negotiated settlement with the offeror and is solely responsible for the final price agreement. However, when significant audit or other specialist recommendations are not adopted, the contracting officer should provide rationale that supports the negotiation result in the price negotiation documentation.

(b) The contracting officer's primary concern is the overall price the Government will actually pay. The contracting officer's objective is to negotiate a contract of a type and with a price providing the contractor the greatest incentive for efficient and economical performance. The negotiation of a contract type and a price are related and should be considered together with the issues of risk and uncertainty to the contractor and the Government. Therefore, the contracting officer should not become preoccupied with any single element and should balance the contract type, cost, and profit or fee negotiated to achieve a total result—a price that is fair and reasonable to both the Government and the contractor.

(c) The Government's cost objective and proposed pricing arrangement directly affect the profit or fee objective. Because profit or fee is only one of several interrelated variables, the contracting officer shall not agree on profit or fee without concurrent agreement on cost and type of contract.

(d) If, however, the contractor insists on a price or demands a profit or fee that the contracting officer considers unreasonable, and the contracting officer has taken all authorized actions (including determining the feasibility of developing an alternative source) without success, the contracting officer shall refer the contract action to a level above the contracting officer. Disposition of the action should be documented.

15.406 Documentation.

15.406-1 Prenegotiation objectives.

(a) The prenegotiation objectives establish the Government's initial negotiation position. They assist in the contracting officer's determination of fair and reasonable price. They should be based on the results of the contracting officer's analysis of the offeror's proposal, taking into consideration all pertinent information including field pricing assistance, audit reports and technical analysis, fact-finding results, independent Government cost estimates and price histories.

(b) The contracting officer shall establish prenegotiation objectives before the negotiation of any pricing action. The scope and depth of the analysis supporting the objectives should be directly related to the dollar value, importance, and complexity of the pricing action. When cost analysis is required, the contracting officer shall document the pertinent issues to be negotiated, the cost objectives, and a profit or fee objective.

15.406-2 Certificate of Current Cost or Pricing Data.

(a) When certified cost or pricing data are required, the contracting officer shall require the contractor to execute a Certificate of Current Cost or Pricing Data, using the format in this paragraph, and must include the executed certificate in the contract file.

CERTIFICATE OF CURRENT COST OR PRICING DATA

This is to certify that, to the best of my knowledge and belief, the cost or pricing data (as defined in section [2.101](#) of the Federal Acquisition Regulation (FAR) and required under FAR subsection [15.403-4](#)) submitted, either actually or by specific identification in writing, to the Contracting Officer or to the Contracting Officer's representative in support of _____* are accurate, complete, and current as of _____.**. This certification includes the cost or pricing data supporting any advance agreements and forward pricing rate agreements between the offeror and the Government that are part of the proposal.

Firm _____

Signature _____

Name _____

Title _____

Date of execution*** _____

* Identify the proposal, request for price adjustment, or other submission involved, giving the appropriate identifying number (*e.g.*, RFP No.).

** Insert the day, month, and year when price negotiations were concluded and price agreement was reached or, if applicable, an earlier date agreed upon between the parties that is as close as practicable to the date of agreement on price.

***Insert the day, month, and year of signing, which should be as close as practicable to the date when the price negotiations were concluded and the contract price was agreed to.

(End of certificate)

(b) The certificate does not constitute a representation as to the accuracy of the contractor's judgment on the estimate of future costs or projections. It applies to the data upon which the judgment or estimate was based. This distinction between fact and judgment should be clearly understood. If the contractor had information reasonably available at the time of agreement showing that the negotiated price was not based on accurate, complete, and current data, the contractor's responsibility is not limited by any lack of personal knowledge of the information on the part of its negotiators.

(c) The contracting officer and contractor are encouraged to reach a prior agreement on criteria for establishing closing or cutoff dates when appropriate in order to minimize delays associated with proposal updates. Closing or cutoff dates should be included as part of the data submitted with the proposal and, before agreement on price, data should be updated by the contractor to the latest closing or cutoff dates for which the data are available. Use of cutoff dates coinciding with reports is acceptable, as certain data may not be reasonably available before normal periodic closing dates (*e.g.*, actual indirect costs). Data within the contractor's or a subcontractor's organization on matters significant to contractor management and to the Government will be treated as reasonably available. What is significant depends upon the circumstances of each acquisition.

(d) Possession of a Certificate of Current Cost or Pricing Data is not a substitute for examining and analyzing the contractor's proposal.

(e) If certified cost or pricing data are requested by the Government and submitted by an offeror, but an exception is later found to apply, the data shall not be considered certified cost or pricing data and shall not be certified in accordance with this subsection.

15.406-3 Documenting the negotiation.

(a) The contracting officer shall document in the contract file the principal elements of the negotiated agreement. The documentation (*e.g.*, price negotiation memorandum (PNM)) shall include the following:

- (1) The purpose of the negotiation.
- (2) A description of the acquisition, including appropriate identifying numbers (*e.g.*, RFP No.).
- (3) The name, position, and organization of each person representing the contractor and the Government in the negotiation.
- (4) The current status of any contractor systems (*e.g.*, purchasing, estimating, accounting, and compensation) to the extent they affected and were considered in the negotiation.
- (5) If certified cost or pricing data were not required in the case of any price negotiation exceeding the certified cost or pricing data threshold, the exception used and the basis for it.
- (6) If certified cost or pricing data were required, the extent to which the contracting officer-
 - (i) Relied on the certified cost or pricing data submitted and used them in negotiating the price;
 - (ii) Recognized as inaccurate, incomplete, or noncurrent any certified cost or pricing data submitted; the action taken by the contracting officer and the contractor as a result; and the effect of the defective data on the price negotiated; or
 - (iii) Determined that an exception applied after the data were submitted and, therefore, considered not to be certified cost or pricing data.
- (7) A summary of the contractor's proposal, any field pricing assistance recommendations, including the reasons for any pertinent variances from them, the Government's negotiation objective, and the negotiated position. Where the determination of a fair and reasonable price is based on cost analysis, the summary shall address each major cost element. When determination of a fair and reasonable price is based on price analysis, the summary shall include the source and type of data used to support the determination.

(8) The most significant facts or considerations controlling the establishment of the prenegotiation objectives and the negotiated agreement including an explanation of any significant differences between the two positions.

(9) To the extent such direction has a significant effect on the action, a discussion and quantification of the impact of direction given by Congress, other agencies, and higher-level officials (*i.e.*, officials who would not normally exercise authority during the award and review process for the instant contract action).

(10) The basis for the profit or fee prenegotiation objective and the profit or fee negotiated.

(11) Documentation of fair and reasonable pricing.

(b) Whenever field pricing assistance has been obtained, the contracting officer shall forward a copy of the negotiation documentation to the office(s) providing assistance. When appropriate, information on how advisory field support can be made more effective should be provided separately.

15.407 Special cost or pricing areas.

15.407-1 Defective certified cost or pricing data.

(a) If, before agreement on price, the contracting officer learns that any certified cost or pricing data submitted are inaccurate, incomplete, or noncurrent, the contracting officer shall immediately bring the matter to the attention of the prospective contractor, whether the defective data increase or decrease the contract price. The contracting officer shall consider any new data submitted to correct the deficiency, or consider the inaccuracy, incompleteness, or noncurrency of the data when negotiating the contract price. The price negotiation memorandum shall reflect the adjustments made to the data or the corrected data used to negotiate the contract price.

(b) (1) If, after award, certified cost or pricing data are found to be inaccurate, incomplete, or noncurrent as of the date of final agreement on price or an earlier date agreed upon by the parties given on the contractor's or subcontractor's Certificate of Current Cost or Pricing Data, the Government is entitled to a price adjustment, including profit or fee, of any significant amount by which the price was increased because of the defective data. This entitlement is ensured by including in the contract one of the clauses prescribed in [15.408\(b\)](#) and (c) and is set forth in the clauses at [52.215-10](#), Price Reduction for Defective Certified Cost or Pricing Data, and [52.215-11](#), Price Reduction for Defective Certified Cost or Pricing Data-Modifications. The clauses give the Government the right to a price adjustment for defects in certified cost or pricing data submitted by the contractor, a prospective subcontractor, or an actual subcontractor.

(2) In arriving at a price adjustment, the contracting officer shall consider the time by which the certified cost or pricing data became reasonably available to the contractor, and the extent to which the Government relied upon the defective data.

(3) The clauses referred to in paragraph (b)(1) of this subsection recognize that the Government's right to a price adjustment is not affected by any of the following circumstances:

(i) The contractor or subcontractor was a sole source supplier or otherwise was in a superior bargaining position;

(ii) The contracting officer should have known that the certified cost or pricing data in issue were defective even though the contractor or subcontractor took no affirmative action to bring the character of the data to the attention of the contracting officer;

(iii) The contract was based on an agreement about the total cost of the contract and there was no agreement about the cost of each item procured under such contract; or

(iv) Certified cost or pricing data were required; however, the contractor or subcontractor did not submit a Certificate of Current Cost or Pricing Data relating to the contract.

(4) Subject to paragraphs (b)(5) and (6) of this subsection, the contracting officer shall allow an offset for any understated certified cost or pricing data submitted in support of price negotiations, up to the amount of the Government's claim for overstated pricing data arising out of the same pricing action (*e.g.*, the initial pricing of the same contract or the pricing of the same change order).

(5) An offset shall be allowed only in an amount supported by the facts and if the contractor-

(i) Certifies to the contracting officer that, to the best of the contractor's knowledge and belief, the contractor is entitled to the offset in the amount requested; and

(ii) Proves that the certified cost or pricing data were available before the "as of" date specified on the Certificate of Current Cost or Pricing Data but were not submitted. Such offsets need not be in the same cost groupings (*e.g.*, material, direct labor, or indirect costs).

(6) An offset shall not be allowed if-

(i) The understated data were known by the contractor to be understated before the "as of" date specified on the Certificate of Current Cost or Pricing Data; or

(ii) The Government proves that the facts demonstrate that the price would not have increased in the amount to be offset even if the available data had been submitted before the "as of" date specified on the Certificate of Current Cost or Pricing Data.

(7) (i) In addition to the price adjustment, the Government is entitled to recovery of any overpayment plus interest on the overpayments. The Government is also entitled to penalty amounts on certain of these overpayments. Overpayment occurs only when payment is made for supplies or services accepted by the Government. Overpayments do not result from amounts paid for contract financing, as defined in [32.001](#).

(ii) In calculating the interest amount due, the contracting officer shall-

(A) Determine the defective pricing amounts that have been overpaid to the contractor;

(B) Consider the date of each overpayment (the date of overpayment for this interest calculation shall be the date payment was made for the related completed and accepted contract items; or for subcontract defective pricing, the date payment was made to the prime contractor, based on prime contract progress billings or deliveries, which included payments for a completed and accepted subcontract item); and

(C) Apply the underpayment interest rate(s) in effect for each quarter from the time of overpayment to the time of repayment, utilizing rate(s) prescribed by the Secretary of the Treasury under [26 U.S.C. 6621\(a\)\(2\)](#).

(iii) In arriving at the amount due for penalties on contracts where the submission of defective certified cost or pricing data was a knowing submission, the contracting officer shall obtain an amount equal to the amount of overpayment made. Before taking any contractual actions concerning penalties, the contracting officer shall obtain the advice of counsel.

(iv) In the demand letter, the contracting officer shall separately include-

(A) The repayment amount;

(B) The penalty amount (if any);

(C) The interest amount through a specified date; and

(D) A statement that interest will continue to accrue until repayment is made.

(c) If, after award, the contracting officer learns or suspects that the data furnished were not accurate, complete, and current, or were not adequately verified by the contractor as of the time of negotiation, the contracting officer shall request an audit to evaluate the accuracy, completeness, and currency of the data. The Government may evaluate the profit-cost relationships only if the audit reveals that the data certified by the contractor were defective. The contracting officer shall not reprice the contract solely because the profit was greater than forecast or because a contingency specified in the submission failed to materialize.

(d) For each advisory audit received based on a postaward review that indicates defective pricing, the contracting officer shall make a determination as to whether or not the data submitted were defective and relied upon. Before making such a determination, the contracting officer should give the contractor an opportunity to support the accuracy, completeness, and currency of the data in question. The contracting officer shall prepare a memorandum documenting both the determination and any corrective action taken as a result. The contracting officer shall send one copy of this memorandum to the auditor and, if the contract has been assigned for administration, one copy to the administrative contracting officer (ACO). A copy of the memorandum or other notice of the contracting officer's determination shall be provided to the contractor. When the contracting officer determines that the contractor submitted defective cost or pricing data, the contracting officer, in accordance with agency procedures, shall ensure that information relating to the contracting officer's final determination is reported in accordance with [42.1503\(h\)](#). Agencies shall ensure updated information that changes a contracting officer's prior final determination is reported into the FAPIIS module of Contractor Performance Assessment Reporting System (CPARS) in the event of a—

(1) Contracting officer's decision in accordance with the Contract Disputes statute;

(2) Board of Contract Appeals decision; or

(3) Court decision.

(e) If both the contractor and subcontractor submitted, and the contractor certified, or should have certified, cost or pricing data, the Government has the right, under the clauses at [52.215-10](#), Price Reduction for Defective Certified Cost or Pricing Data, and [52.215-11](#), Price Reduction for Defective Certified Cost or Pricing Data-Modifications, to reduce the prime contract price if it was significantly increased because a subcontractor submitted defective data. This right applies whether these data supported subcontract cost estimates or supported firm agreements between subcontractor and contractor.

(f) If Government audit discloses defective subcontractor certified cost or pricing data, the information necessary to support a reduction in prime contract and subcontract prices may be available only from the Government. To the extent necessary to secure a prime contract price reduction, the contracting officer should make this information available to the prime contractor or appropriate subcontractors, upon request. If release of the information would compromise Government

security or disclose trade secrets or confidential business information, the contracting officer shall release it only under conditions that will protect it from improper disclosure. Information made available under this paragraph shall be limited to that used as the basis for the prime contract price reduction. In order to afford an opportunity for corrective action, the contracting officer should give the prime contractor reasonable advance notice before determining to reduce the prime contract price.

(1) When a prime contractor includes defective subcontract data in arriving at the price but later awards the subcontract to a lower priced subcontractor (or does not subcontract for the work), any adjustment in the prime contract price due to defective subcontract data is limited to the difference (plus applicable indirect cost and profit markups) between the subcontract price used for pricing the prime contract, and either the actual subcontract price or the actual cost to the contractor, if not subcontracted, provided the data on which the actual subcontract price is based are not themselves defective.

(2) Under cost-reimbursement contracts and under all fixed-price contracts except firm-fixed-price contracts and fixed-price contracts with economic price adjustment, payments to subcontractors that are higher than they would be had there been no defective subcontractor certified cost or pricing data shall be the basis for disallowance or nonrecognition of costs under the clauses prescribed in [15.408\(b\)](#) and (c). The Government has a continuing and direct financial interest in such payments that is unaffected by the initial agreement on prime contract price.

15.407-2 Make-or-buy programs.

(a) *General.* The prime contractor is responsible for managing contract performance, including planning, placing, and administering subcontracts as necessary to ensure the lowest overall cost and technical risk to the Government. When make-or-buy programs are required, the Government may reserve the right to review and agree on the contractor's make-or-buy program when necessary to ensure negotiation of reasonable contract prices, satisfactory performance, or implementation of socioeconomic policies. Consent to subcontracts and review of contractors' purchasing systems are separate actions covered in [part 44](#).

(b) *Definition.* "Make item," as used in this subsection, means an item or work effort to be produced or performed by the prime contractor or its affiliates, subsidiaries, or divisions.

(c) Acquisitions requiring make-or-buy programs. (1) Contracting officers may require prospective contractors to submit make-or-buy program plans for negotiated acquisitions requiring certified cost or pricing data whose estimated value is \$15 million or more, except when the proposed contract is for research or development and, if prototypes or hardware are involved, no significant follow-on production is anticipated.

(2) Contracting officers may require prospective contractors to submit make-or-buy programs for negotiated acquisitions whose estimated value is under \$15 million only if the contracting officer-

- (i) Determines that the information is necessary; and
- (ii) Documents the reasons in the contract file.

(d) *Solicitation requirements.* When prospective contractors are required to submit proposed make-or-buy programs, the solicitation shall include-

- (1) A statement that the program and required supporting information must accompany the offer; and
- (2) A description of factors to be used in evaluating the proposed program, such as capability, capacity, availability of small, small disadvantaged, women-owned, veteran-owned, HUBZone, and service-disabled veteran-owned small business concerns for subcontracting, establishment of new facilities in or near labor surplus areas, delivery or performance schedules, control of technical and schedule interfaces, proprietary processes, technical superiority or exclusiveness, and technical risks involved.

(e) *Program requirements.* To support a make-or-buy program, the following information shall be supplied by the contractor in its proposal:

(1) *Items and work included.* The information required from a contractor in a make-or-buy program shall be confined to those major items or work efforts that normally would require company management review of the make-or-buy decision because they are complex, costly, needed in large quantities, or require additional equipment or real property to produce. Raw materials, commercial products, commercial services (see [2.101](#)), and off-the-shelf items (see [46.101](#)) shall not be included, unless their potential impact on contract cost or schedule is critical. Normally, make-or-buy programs should not include items or work efforts estimated to cost less than 1 percent of the total estimated contract price or any minimum dollar amount set by the agency.

(2) The offeror's program should include or be supported by the following information:

- (i) A description of each major item or work effort.
- (ii) Categorization of each major item or work effort as "must make," "must buy," or "can either make or buy."

(iii) For each item or work effort categorized as "can either make or buy," a proposal either to "make" or to "buy."

(iv) Reasons for categorizing items and work efforts as "must make" or "must buy," and proposing to "make" or to "buy" those categorized as "can either make or buy." The reasons must include the consideration given to the evaluation factors described in the solicitation and must be in sufficient detail to permit the contracting officer to evaluate the categorization or proposal.

(v) Designation of the plant or division proposed to make each item or perform each work effort, and a statement as to whether the existing or proposed new facility is in or near a labor surplus area.

(vi) Identification of proposed subcontractors, if known, and their location and size status (also see [subpart 19.7](#) for subcontracting plan requirements).

(vii) Any recommendations to defer make-or-buy decisions when categorization of some items or work efforts is impracticable at the time of submission.

(viii) Any other information the contracting officer requires in order to evaluate the program.

(f) *Evaluation, negotiation, and agreement.* Contracting officers shall evaluate and negotiate proposed make-or-buy programs as soon as practicable after their receipt and before contract award.

(1) When the program is to be incorporated in the contract and the design status of the product being acquired does not permit accurate precontract identification of major items or work efforts, the contracting officer shall notify the prospective contractor in writing that these items or efforts, when identifiable, shall be added under the clause at [52.215-9](#), Changes or Additions to Make-or-Buy Program.

(2) Contracting officers normally shall not agree to proposed "make items" when the products or services are not regularly manufactured or provided by the contractor and are available-quality, quantity, delivery, and other essential factors considered-from another firm at equal or lower prices, or when they are regularly manufactured or provided by the contractor, but are available-quality, quantity, delivery, and other essential factors considered-from another firm at lower prices. However, the contracting officer may agree to these as "make items" if an overall lower Governmentwide cost would result or it is otherwise in the best interest of the Government. If this situation occurs in any fixed-price incentive or cost-plus-incentive-fee contract, the contracting officer shall specify these items in the contract and state that they are subject to paragraph (d) of the clause at [52.215-9](#), Changes or Additions to Make-or-Buy Program (see [15.408\(a\)](#)). If the contractor proposes to reverse the categorization of such items during contract performance, the contract price shall be subject to equitable reduction.

(g) *Incorporating make-or-buy programs in contracts.* The contracting officer may incorporate the make-or-buy program in negotiated contracts for-

(1) Major systems (see [part 34](#)) or their subsystems or components, regardless of contract type; or

(2) Other supplies and services if-

(i) The contract is a cost-reimbursable contract, or a cost-sharing contract in which the contractor's share of the cost is less than 25 percent; and

(ii) The contracting officer determines that technical or cost risks justify Government review and approval of changes or additions to the make-or-buy program.

15.407-3 Forward pricing rate agreements.

(a) When certified cost or pricing data are required, offerors are required to describe any forward pricing rate agreements (FPRAs) in each specific pricing proposal to which the rates apply and to identify the latest cost or pricing data already submitted in accordance with the FPRA. All data submitted in connection with the FPRA, updated as necessary, form a part of the total data that the offeror certifies to be accurate, complete, and current at the time of agreement on price for an initial contract or for a contract modification. (See the Certificate of Current Cost or Pricing Data at [15.406-2](#).)

(b) Contracting officers will use FPRA rates as bases for pricing all contracts, modifications, and other contractual actions to be performed during the period covered by the agreement. Conditions that may affect the agreement's validity shall be reported promptly to the ACO. If the ACO determines that a changed condition invalidates the agreement, the ACO shall notify all interested parties of the extent of its effect and status of efforts to establish a revised FPRA.

(c) Contracting officers shall not require certification at the time of agreement for data supplied in support of FPRA's or other advance agreements. When a forward pricing rate agreement or other advance agreement is used to price a contract action that requires a certificate, the certificate supporting that contract action shall cover the data supplied to support the FPRA or other advance agreement, and all other data supporting the action.

15.407-4 Should-cost review.

(a) General. (1) Should-cost reviews are a specialized form of cost analysis. Should-cost reviews differ from traditional evaluation methods because they do not assume that a contractor's historical costs reflect efficient and economical operation. Instead, these reviews evaluate the economy and efficiency of the contractor's existing work force, methods, materials, equipment, real property, operating systems, and management. These reviews are accomplished by a multi-functional team of Government contracting, contract administration, pricing, audit, and engineering representatives. The objective of should-cost reviews is to promote both short and long-range improvements in the contractor's economy and efficiency in order to reduce the cost of performance of Government contracts. In addition, by providing rationale for any recommendations and quantifying their impact on cost, the Government will be better able to develop realistic objectives for negotiation.

(2) There are two types of should-cost reviews-program should-cost review (see paragraph (b) of this subsection) and overhead should-cost review (see paragraph (c) of this subsection). These should-cost reviews may be performed together or independently. The scope of a should-cost review can range from a large-scale review examining the contractor's entire operation (including plant-wide overhead and selected major subcontractors) to a small-scale tailored review examining specific portions of a contractor's operation.

(b) Program should-cost review. (1) A program should-cost review is used to evaluate significant elements of direct costs, such as material and labor, and associated indirect costs, usually associated with the production of major systems. When a program should-cost review is conducted relative to a contractor proposal, a separate audit report on the proposal is required.

(2) A program should-cost review should be considered, particularly in the case of a major system acquisition (see [part 34](#)), when-

- (i) Some initial production has already taken place;
- (ii) The contract will be awarded on a sole source basis;
- (iii) There are future year production requirements for substantial quantities of like items;
- (iv) The items being acquired have a history of increasing costs;
- (v) The work is sufficiently defined to permit an effective analysis and major changes are unlikely;
- (vi) Sufficient time is available to plan and adequately conduct the should-cost review; and
- (vii) Personnel with the required skills are available or can be assigned for the duration of the should-cost review.

(3) The contracting officer should decide which elements of the contractor's operation have the greatest potential for cost savings and assign the available personnel resources accordingly. The expertise of on-site Government personnel should be used, when appropriate. While the particular elements to be analyzed are a function of the contract work task, elements such as manufacturing, pricing and accounting, management and organization, and subcontract and vendor management are normally reviewed in a should-cost review.

(4) In acquisitions for which a program should-cost review is conducted, a separate program should-cost review team report, prepared in accordance with agency procedures, is required. The contracting officer shall consider the findings and recommendations contained in the program should-cost review team report when negotiating the contract price. After completing the negotiation, the contracting officer shall provide the ACO a report of any identified uneconomical or inefficient practices, together with a report of correction or disposition agreements reached with the contractor. The contracting officer shall establish a follow-up plan to monitor the correction of the uneconomical or inefficient practices.

(5) When a program should-cost review is planned, the contracting officer should state this fact in the acquisition plan or acquisition plan updates (see [subpart 7.1](#)) and in the solicitation.

(c) Overhead should-cost review. (1) An overhead should-cost review is used to evaluate indirect costs, such as fringe benefits, shipping and receiving, real property, and equipment, depreciation, plant maintenance and security, taxes, and general and administrative activities. It is normally used to evaluate and negotiate an FPRA with the contractor. When an overhead should-cost review is conducted, a separate audit report is required.

(2) The following factors should be considered when selecting contractor sites for overhead should-cost reviews:

- (i) Dollar amount of Government business.
- (ii) Level of Government participation.
- (iii) Level of noncompetitive Government contracts.
- (iv) Volume of proposal activity.
- (v) Major system or program.
- (vi) Corporate reorganizations, mergers, acquisitions, or takeovers.
- (vii) Other conditions (e.g., changes in accounting systems, management, or business activity).

(3) The objective of the overhead should-cost review is to evaluate significant indirect cost elements in-depth, and identify and recommend corrective actions regarding inefficient and uneconomical practices. If it is conducted in conjunction

with a program should-cost review, a separate overhead should-cost review report is not required. However, the findings and recommendations of the overhead should-cost team, or any separate overhead should-cost review report, shall be provided to the ACO. The ACO should use this information to form the basis for the Government position in negotiating an FPRA with the contractor. The ACO shall establish a follow-up plan to monitor the correction of the uneconomical or inefficient practices.

15.407-5 Estimating systems.

(a) Using an acceptable estimating system for proposal preparation benefits both the Government and the contractor by increasing the accuracy and reliability of individual proposals. Cognizant audit activities, when it is appropriate to do so, shall establish and manage regular programs for reviewing selected contractors' estimating systems or methods, in order to reduce the scope of reviews to be performed on individual proposals, expedite the negotiation process, and increase the reliability of proposals. The results of estimating system reviews shall be documented in survey reports.

(b) The auditor shall send a copy of the estimating system survey report and a copy of the official notice of corrective action required to each contracting office and contract administration office having substantial business with that contractor. Significant deficiencies not corrected by the contractor shall be a consideration in subsequent proposal analyses and negotiations.

15.408 Solicitation provisions and contract clauses.

(a) *Changes or Additions to Make-or-Buy Program.* The contracting officer shall insert the clause at 52.215-9, Changes or Additions to Make-or-Buy Program, in solicitations and contracts when it is contemplated that a make-or-buy program will be incorporated in the contract. If a less economical "make" or "buy" categorization is selected for one or more items of significant value, the contracting officer shall use the clause with-

- (1) Its Alternate I, if a fixed-price incentive contract is contemplated; or
- (2) Its Alternate II, if a cost-plus-incentive-fee contract is contemplated.

(b) *Price Reduction for Defective Certified Cost or Pricing Data.* The contracting officer shall, when contracting by negotiation, insert the clause at [52.215-10](#), Price Reduction for Defective Certified Cost or Pricing Data, in solicitations and contracts when it is contemplated that certified cost or pricing data will be required from the contractor or any subcontractor (see [15.403-4](#)).

(c) *Price Reduction for Defective Certified Cost or Pricing Data-Modifications.* The contracting officer shall, when contracting by negotiation, insert the clause at [52.215-11](#), Price Reduction for Defective Certified Cost or Pricing Data—Modifications, in solicitations and contracts when it is contemplated that certified cost or pricing data will be required from the contractor or any subcontractor (see [15.403-4](#)) for the pricing of contract modifications, and the clause prescribed in paragraph (b) of this section has not been included.

(d) *Subcontractor Certified Cost or Pricing Data.* The contracting officer shall—

(1) Insert the clause at [52.215-12](#), Subcontractor Certified Cost or Pricing Data, in solicitations and contracts when the clause prescribed in paragraph (b) of this section is included; or

(2) Upon the request of a contractor that was required to submit certified cost or pricing data in connection with a prime contract entered into before July 1, 2018, the contracting officer shall modify the contract without requiring consideration, to replace clause [52.215-12](#), Subcontractor Certified Cost or Pricing Data, with its Alternate I.

(e) *Subcontractor Certified Cost or Pricing Data-Modifications.* The contracting officer shall—

(1) Insert the clause at [52.215-13](#), Subcontractor Certified Cost or Pricing Data—Modifications, in solicitations and contracts when the clause prescribed in paragraph (c) of this section is included; or

(2) Upon the request of a contractor that was required to submit certified cost or pricing data in connection with a prime contract entered into before July 1, 2018, the contracting officer shall modify the contract without requiring consideration, to replace clause [52.215-13](#), Subcontractor Certified Cost or Pricing Data—Modifications, with its Alternate I.

(f) *Integrity of Unit Prices.* (1) The contracting officer shall insert the clause at [52.215-14](#), Integrity of Unit Prices, in solicitations and contracts except for-

- (i) Acquisitions at or below the simplified acquisition threshold;
- (ii) Construction or architect-engineer services under part 36;
- (iii) Utility services under part 41;
- (iv) Service contracts where supplies are not required;
- (v) Acquisitions of commercial products and commercial services; and
- (vi) Contracts for petroleum products.

(2) The contracting officer shall insert the clause with its Alternate I when contracting without adequate price competition or when prescribed by agency regulations.

(g) *Pension Adjustments and Asset Reversions*. The contracting officer shall insert the clause at [52.215-15](#), Pension Adjustments and Asset Reversions, in solicitations and contracts for which it is anticipated that certified cost or pricing data will be required or for which any preaward or postaward cost determinations will be subject to part 31.

(h) *Facilities Capital Cost of Money*. The contracting officer shall insert the provision at [52.215-16](#), Facilities Capital Cost of Money, in solicitations expected to result in contracts that are subject to the cost principles for contracts with commercial organizations (see subpart [31.2](#)).

(i) *Waiver of Facilities Capital Cost of Money*. If the prospective contractor does not propose facilities capital cost of money in its offer, the contracting officer shall insert the clause at [52.215-17](#), Waiver of Facilities Capital Cost of Money, in the resulting contract.

(j) *Reversion or Adjustment of Plans for Postretirement Benefits (PRB) Other Than Pensions*. The contracting officer shall insert the clause at [52.215-18](#), Reversion or Adjustment of Plans for Postretirement Benefits (PRB) Other Than Pensions, in solicitations and contracts for which it is anticipated that certified cost or pricing data will be required or for which any preaward or postaward cost determinations will be subject to part 31.

(k) *Notification of Ownership Changes*. The contracting officer shall insert the clause at [52.215-19](#), Notification of Ownership Changes, in solicitations and contracts for which it is contemplated that certified cost or pricing data will be required or for which any preaward or postaward cost determination will be subject to subpart [31.2](#).

(l) *Requirements for Certified Cost or Pricing Data and Data Other Than Certified Cost or Pricing Data*. Considering the hierarchy at [15.402](#), the contracting officer shall insert the provision at [52.215-20](#), Requirements for Certified Cost or Pricing Data and Data Other Than Certified Cost or Pricing Data, in solicitations if it is reasonably certain that certified cost or pricing data or data other than certified cost or pricing data will be required. This provision also provides instructions to offerors on how to request an exception from the requirement to submit certified cost or pricing data. The contracting officer shall-

(1) Use the provision with its Alternate I to specify a format for certified cost or pricing data other than the format required by Table 15-2 of this section;

(2) Use the provision with its Alternate II if copies of the proposal are to be sent to the ACO and contract auditor;

(3) Use the provision with its Alternate III if submission via electronic media is required; and

(4) Replace the basic provision with its Alternate IV if certified cost or pricing data are not expected to be required because an exception may apply, but data other than certified cost or pricing data will be required as described in [15.403-3](#).

(m) *Requirements for Certified Cost or Pricing Data and Data Other Than Certified Cost or Pricing Data-Modifications*. Considering the hierarchy at [15.402](#), the contracting officer shall insert the clause at [52.215-21](#), Requirements for Certified Cost or Pricing Data and Data Other Than Certified Cost or Pricing Data-Modifications, in solicitations and contracts if it is reasonably certain that certified cost or pricing data or data other than certified cost or pricing data will be required for modifications. This clause also provides instructions to contractors on how to request an exception from the requirement to submit certified cost or pricing data. The contracting officer shall-

(1) Use the clause with its Alternate I to specify a format for certified cost or pricing data other than the format required by Table 15-2 of this section;

(2) Use the clause with its Alternate II if copies of the proposal are to be sent to the ACO and contract auditor;

(3) Use the clause with its Alternate III if submission via electronic media is required; and

(4) Replace the basic clause with its Alternate IV if certified cost or pricing data are not expected to be required because an exception may apply, but data other than certified cost or pricing data will be required as described in [15.403-3](#).

(n) *Limitations on Pass-Through Charges*. (1) The contracting officer shall insert the provision at [52.215-22](#), Limitations on Pass-Through Charges-Identification of Subcontract Effort, in solicitations containing the clause at [52.215-23](#).

(2) (i) Except as provided in paragraph (n)(2)(ii), the contracting officer shall insert the clause [52.215-23](#), Limitations on Pass-Through Charges, in solicitations and contracts including task or delivery orders as follows:

(A) For civilian agencies, insert the clause when-

(1) The total estimated contract or order value exceeds the simplified acquisition threshold as defined in section [2.101](#) and

(2) The contemplated contract type is expected to be a cost-reimbursement type contract as defined in subpart [16.3](#); or

(B) For DoD, insert the clause when-

- [15.403-4](#); and
- (1) The total estimated contract or order value exceeds the threshold for obtaining cost or pricing data in [15.403-4](#); and
 - (2) The contemplated contract type is expected to be any contract type except-
 - (i) A firm-fixed-price contract awarded on the basis of adequate price competition;
 - (ii) A fixed-price contract with economic price adjustment awarded on the basis of adequate price competition;
 - (iii) A firm-fixed-price contract for the acquisition of a commercial product or commercial service;
 - (iv) A fixed-price contract with economic price adjustment, for the acquisition of a commercial product or commercial service;
 - (v) A fixed-price incentive contract awarded on the basis of adequate price competition; or
 - (vi) A fixed-price incentive contract for the acquisition of a commercial product or commercial service.
 - (ii) The clause may be used when the total estimated contract or order value is below the thresholds identified in [15.408\(n\)\(2\)\(i\)](#) and for any contract type, when the contracting officer determines that inclusion of the clause is appropriate.
 - (iii) Use the clause [52.215-23](#) with its Alternate I when the contracting officer determines that the prospective contractor has demonstrated that its functions provide added value to the contracting effort and there are no excessive pass-through charges.

**Table 15-2—Instructions for Submitting Cost/Price
Proposals When Certified Cost or Pricing Data Are Required**

This document provides instructions for preparing a contract pricing proposal when certified cost or pricing data are required.

Note 1. There is a clear distinction between submitting certified cost or pricing data and merely making available books, records, and other documents without identification. The requirement for submission of certified cost or pricing data is met when all accurate certified cost or pricing data reasonably available to the offeror have been submitted, either actually or by specific identification, to the Contracting Officer or an authorized representative. As later data come into your possession, it should be submitted promptly to the Contracting Officer in a manner that clearly shows how the data relate to the offeror's price proposal. The requirement for submission of certified cost or pricing data continues up to the time of agreement on price, or an earlier date agreed upon between the parties if applicable.

Note 2. By submitting your proposal, you grant the Contracting Officer or an authorized representative the right to examine records that formed the basis for the pricing proposal. That examination can take place at any time before award. It may include those books, records, documents, and other types of factual data (regardless of form or whether the data are specifically referenced or included in the proposal as the basis for pricing) that will permit an adequate evaluation of the proposed price.

I. General Instructions

A. You must provide the following information on the first page of your pricing proposal:

- (1) Solicitation, contract, and/or modification number;
- (2) Name and address of offeror;
- (3) Name and telephone number of point of contact;
- (4) Name of contract administration office (if available);
- (5) Type of contract action (that is, new contract, change order, price revision/redetermination, letter contract, unpriced order, or other);
- (6) Proposed cost; profit or fee; and total;
- (7) Whether you will require the use of Government property in the performance of the contract, and, if so, what property;

(8) Whether your organization is subject to cost accounting standards; whether your organization has submitted a CASB Disclosure Statement, and if it has been determined adequate; whether you have been notified that you are or may be in noncompliance with your Disclosure Statement or CAS (other than a noncompliance that the cognizant Federal agency official has determined to have an immaterial cost impact), and, if yes, an explanation; whether any aspect of this proposal is inconsistent with your disclosed practices or applicable CAS, and, if so, an explanation; and whether the proposal is consistent with your established estimating and accounting principles and procedures and FAR part 31, Cost Principles, and, if not, an explanation;

(9) The following statement: This proposal reflects our estimates and/or actual costs as of this date and conforms with the instructions in FAR [15.403-5\(b\)\(1\)](#) and Table 15-2. By submitting this proposal, we grant the Contracting Officer and authorized representative(s) the right to examine, at any time before award, those records, which include books, documents, accounting procedures and practices, and other data, regardless of type and form or whether such supporting information is specifically referenced or included in the proposal as the basis for pricing, that will permit an adequate evaluation of the proposed price.

(10) Date of submission; and

(11) Name, title, and signature of authorized representative.

B. In submitting your proposal, you must include an index, appropriately referenced, of all the certified cost or pricing data and information accompanying or identified in the proposal. In addition, you must annotate any future additions and/or revisions, up to the date of agreement on price, or an earlier date agreed upon by the parties, on a supplemental index.

C. As part of the specific information required, you must submit, with your proposal-

(1) Certified cost or pricing data (as defined at FAR [2.101](#)). You must clearly identify on your cover sheet that certified cost or pricing data are included as part of the proposal.

(2) Information reasonably required to explain your estimating process, including-

(i) The judgmental factors applied and the mathematical or other methods used in the estimate, including those used in projecting from known data; and

(ii) The nature and amount of any contingencies included in the proposed price.

D. You must show the relationship between line item prices and the total contract price. You must attach cost-element breakdowns for each proposed line item, using the appropriate format prescribed in the "Formats for Submission of Line Item Summaries" section of this table. You must furnish supporting breakdowns for each cost element, consistent with your cost accounting system.

E. When more than one line item is proposed, you must also provide summary total amounts covering all line items for each element of cost.

F. Whenever you have incurred costs for work performed before submission of a proposal, you must identify those costs in your cost/price proposal.

G. If you have reached an agreement with Government representatives on use of forward pricing rates/factors, identify the agreement, include a copy, and describe its nature.

H. As soon as practicable after final agreement on price or an earlier date agreed to by the parties, but before the award resulting from the proposal, you must, under the conditions stated in FAR [15.406-2](#), submit a Certificate of Current Cost or Pricing Data.

II. Cost Elements

Depending on your system, you must provide breakdowns for the following basic cost elements, as applicable:

A. *Materials and services.* Provide a consolidated priced summary of individual material quantities included in the various tasks, orders, or line items being proposed and the basis for pricing (vendor quotes, invoice prices, etc.). Include raw materials, parts, components, assemblies, and services to be produced or performed by others. For all items proposed, identify the item and show the source, quantity, and price. Conduct price analyses of all subcontractor proposals. Conduct cost analyses for all subcontracts when certified cost or pricing data are submitted by the subcontractor. Include these analyses as part of your own certified cost or pricing data submissions for subcontracts expected to exceed the appropriate threshold in FAR [15.403-4](#). Submit the subcontractor certified cost or pricing data and data other than certified cost or pricing data as part of your own certified cost or pricing data as required in paragraph IIA(2) of this table. These requirements also apply to all subcontractors if required to submit certified cost or pricing data.

(1) *Adequate Price Competition.* Provide data showing the degree of competition and the basis for establishing the source and reasonableness of price for those acquisitions (such as subcontracts, purchase orders, material order, etc.) exceeding, or expected to exceed, the appropriate threshold set forth at FAR [15.403-4](#) priced on the basis of adequate price competition. For interorganizational transfers priced at other than the cost of comparable competitive commercial work of the division, subsidiary, or affiliate of the contractor, explain the pricing method (see FAR [31.205-26\(e\)](#)).

(2) *All Other.* Obtain certified cost or pricing data from prospective sources for those acquisitions (such as subcontracts, purchase orders, material order, etc.) exceeding the threshold set forth in FAR [15.403-4](#) and not otherwise exempt, in accordance with FAR [15.403-1\(b\)](#) (i.e., adequate price competition, commercial products or commercial services, prices set by law or regulation or waiver). Also provide data showing the basis for establishing source and reasonableness of price. In addition, provide a summary of your cost analysis and a copy of certified cost or pricing data submitted by the prospective source in support of each subcontract, or purchase order that is the lower of either \$15 million or more, or both more than the pertinent certified cost or pricing data threshold and more than 10 percent of the prime contractor's proposed price. Also submit any information reasonably required to explain your estimating process (including the judgmental factors applied and the mathematical or other methods used in the estimate, including those used in projecting from known data, and the nature and amount of any contingencies included in the price). The Contracting Officer may require you to submit cost or pricing data in support of proposals in lower amounts. Subcontractor certified cost or pricing data must be accurate, complete and current as of the date of final price agreement, or an earlier date agreed upon by the parties, given on the prime contractor's Certificate of Current Cost or Pricing Data. The prime contractor is responsible for updating a prospective subcontractor's data. For standard commercial products fabricated by the offeror that are generally stocked in inventory, provide a separate cost breakdown, if priced based on cost. For interorganizational transfers priced at cost, provide a separate breakdown of cost elements. Analyze the certified cost or pricing data and submit the results of your analysis of the prospective source's proposal. When submission of a prospective source's certified cost or pricing data is required as described in this paragraph, it must be included as part of your own certified cost or pricing data. You must also submit any data other than certified cost or pricing data obtained from a subcontractor, either actually or by specific identification, along with the results of any analysis performed on that data.

B. *Direct Labor.* Provide a time-phased (e.g., monthly, quarterly, etc.) breakdown of labor hours, rates, and cost by appropriate category, and furnish bases for estimates.

C. *Indirect Costs.* Indicate how you have computed and applied your indirect costs, including cost breakdowns. Show trends and budgetary data to provide a basis for evaluating the reasonableness of proposed rates. Indicate the rates used and provide an appropriate explanation.

D. *Other Costs.* List all other costs not otherwise included in the categories described above (e.g., special tooling, travel, computer and consultant services, preservation, packaging and packing, spoilage and rework, and Federal excise tax on finished articles) and provide bases for pricing.

E. *Royalties.* If royalties exceed \$1,500, you must provide the following information on a separate page for each separate royalty or license fee:

- (1) Name and address of licensor.
- (2) Date of license agreement.
- (3) Patent numbers.

- (4) Patent application serial numbers, or other basis on which the royalty is payable.
- (5) Brief description (including any part or model numbers of each contract item or component on which the royalty is payable)
- (6) Percentage or dollar rate of royalty per unit.
- (7) Unit price of contract item.
- (8) Number of units.
- (9) Total dollar amount of royalties.
- (10) If specifically requested by the Contracting Officer, a copy of the current license agreement and identification of applicable claims of specific patents (see FAR [27.202](#) and [31.205-37](#)).

F. Facilities Capital Cost of Money. When you elect to claim facilities capital cost of money as an allowable cost, you must submit FormCASB-CMF and show the calculation of the proposed amount (see FAR [31.205-10](#)).

III. Formats for Submission of Line Item Summaries

A. New Contracts (including letter contracts).

COST ELEMENTS	PROPOSED CONTRACT ESTIMATE- TOTAL COST	PROPOSED CONTRACT ESTIMATE- UNIT COST	REFERENCE
(1)	(2)	(3)	(4)

Column

Instruction

- (1) Enter appropriate cost elements.
- (2) Enter those necessary and reasonable costs that, in your judgment, will properly be incurred in efficient contract performance. When any of the costs in this column have already been incurred (*e.g.*, under a letter contract), describe them on an attached supporting page. When preproduction or startup costs are significant, or when specifically requested to do so by the Contracting Officer, provide a full identification and explanation of them.
- (3) Optional, unless required by the Contracting Officer.
- (4) Identify the attachment in which the information supporting the specific cost element may be found.

(Attach separate pages as necessary.)

B. Change Orders, Modifications, and Claims.

COST ELEMENTS	ESTIMATED COST OF ALL WORK DELETED	COST OF DELETED WORK ALREADY PERFORMED	NET COST TO BE DELETED	COST OF WORK ADDED	NET COST OF CHANGE	REFERENCE
(1)	(2)	(3)	(4)	(5)	(6)	(7)

Column

Instruction

- (1) Enter appropriate cost elements.

- (2) Include the current estimates of what the cost would have been to complete the deleted work not yet performed (not the original proposal estimates), and the cost of deleted work already performed.
- (3) Include the incurred cost of deleted work already performed, using actuals incurred if possible, or, if actuals are not available, estimates from your accounting records. Attach a detailed inventory of work, materials, parts, components, and hardware already purchased, manufactured, or performed and deleted by the change, indicating the cost and proposed disposition of each line item. Also, if you desire to retain these items or any portion of them, indicate the amount offered for them.
- (4) Enter the net cost to be deleted, which is the estimated cost of all deleted work less the cost of deleted work already performed. Column(2) minus Column(3) equals Column(4).
- (5) Enter your estimate for cost of work added by the change. When nonrecurring costs are significant, or when specifically requested to do so by the Contracting Officer, provide a full identification and explanation of them. When any of the costs in this column have already been incurred, describe them on an attached supporting schedule.
- (6) Enter the net cost of change, which is the cost of work added, less the net cost to be deleted. Column(5) minus Column(4) equals Column(6). When this result is negative, place the amount in parentheses.
- (7) Identify the attachment in which the information supporting the specific cost element may be found.

(Attach separate pages as necessary.)

C. Price Revision/Redetermination.

CUTOFF DATE	NUMBER OF UNITS COMPLETED	NUMBER OF UNITS TO BE COMPLETED	CONTRACT AMOUNT	REDETERMINATION PROPOSAL AMOUNT	DIFFERENCE			
(1)	(2)	(3)	(4)	(5)	(6)			

COST ELEMENTS	INCURRED COST- PREPRODUCTION	INCURRED COST- COMPLETED UNITS	INCURRED COST-WORK IN PROGRESS	TOTAL INCURRED COST	ESTIMATED COST TO COMPLETE	ESTIMATED TOTAL COST	REFERENCE
(7)	(8)	(9)	(10)	(11)	(12)	(13)	(14)

(Use as applicable)

<u>Column</u>	<u>Instruction</u>
(1)	Enter the cutoff date required by the contract, if applicable.
(2)	Enter the number of units completed during the period for which experienced costs of production are being submitted.
(3)	Enter the number of units remaining to be completed under the contract.
(4)	Enter the cumulative contract amount.
(5)	Enter your redetermination proposal amount.

- (6) Enter the difference between the contract amount and the redetermination proposal amount. When this result is negative, place the amount in parentheses. Column (4) minus Column (5) equals Column (6).
- (7) Enter appropriate cost elements. When residual inventory exists, the final costs established under fixed-price-incentive and fixed-price-redeterminable arrangements should be net of the fair market value of such inventory. In support of subcontract costs, submit a listing of all subcontracts subject to repricing action, annotated as to their status.
- (8) Enter all costs incurred under the contract before starting production and other nonrecurring costs (usually referred to as startup costs) from your books and records as of the cutoff date. These include such costs as preproduction engineering, special plant rearrangement, training program, and any identifiable nonrecurring costs such as initial rework, spoilage, pilot runs, etc. In the event the amounts are not segregated in or otherwise available from your records, enter in this column your best estimates. Explain the basis for each estimate and how the costs are charged on your accounting records (*e.g.*, included in production costs as direct engineering labor, charged to manufacturing overhead). Also show how the costs would be allocated to the units at their various stages of contract completion.
- (9) Enter in Column (9) the production costs from your books and records (exclusive of preproduction costs reported in Column (8)) of the units completed as of the cutoff date.
- (10) Enter in Column (10) the costs of work in process as determined from your records or inventories at the cutoff date. When the amounts for work in process are not available in your records but reliable estimates for them can be made, enter the estimated amounts in Column (10) and enter in column (9) the differences between the total incurred costs (exclusive of preproduction costs) as of the cutoff date and these estimates. Explain the basis for the estimates, including identification of any provision for experienced or anticipated allowances, such as shrinkage, rework, design changes, etc. Furnish experienced unit or lot costs (or labor hours) from inception of contract to the cutoff date, improvement curves, and any other available production cost history pertaining to the item(s) to which your proposal relates.
- (11) Enter total incurred costs (Total of Columns (8), (9), and (10)).
- (12) Enter those necessary and reasonable costs that in your judgment will properly be incurred in completing the remaining work to be performed under the contract with respect to the item(s) to which your proposal relates.
- (13) Enter total estimated cost (Total of Columns (11) and (12)).
- (14) Identify the attachment in which the information supporting the specific cost element may be found.

(Attach separate pages as necessary.)

This page intentionally left blank.

Subpart 15.5 - Preaward, Award, and Postaward Notifications, Protests, and Mistakes

15.501 Definition.

Day, as used in this subpart, has the meaning set forth at [33.101](#).

15.502 Applicability.

This subpart applies to competitive proposals, as described in [6.102\(b\)](#), and a combination of competitive procedures, as described in [6.102\(c\)](#). The procedures in [15.504](#), [15.506](#), [15.507](#), [15.508](#), and [15.509](#), with reasonable modification, should be followed for sole source acquisitions and acquisitions described in [6.102\(d\)\(1\)](#) and (2).

15.503 Notifications to unsuccessful offerors.

(a) Preaward notices- (1) *Preaward notices of exclusion from competitive range*. The contracting officer shall notify offerors promptly in writing when their proposals are excluded from the competitive range or otherwise eliminated from the competition. The notice shall state the basis for the determination and that a proposal revision will not be considered.

(2) Preaward notices for small business programs. (i) In addition to the notice in paragraph (a)(1) of this section, the contracting officer shall notify each offeror in writing prior to award and upon completion of negotiations and determinations of responsibility-

- (A) When using a small business set-aside (see [subpart 19.5](#));
- (B) When using the HUBZone procedures in [19.1305](#) or [19.1307](#);
- (C) When using the service-disabled veteran-owned small business procedures in [19.1405](#); or
- (D) When using the Women-Owned Small Business Program procedures in [19.1505](#).

(ii) The notice shall state-

- (A) The name and address of the apparently successful offeror;
- (B) That the Government will not consider subsequent revisions of the offeror's proposal; and
- (C) That no response is required unless a basis exists to challenge the size status or small business status of the apparently successful offeror (e.g., small business concern, small disadvantaged business concern, HUBZone small business concern, service-disabled veteran-owned small business concern, economically disadvantaged women-owned small business concern, or women-owned small business concern eligible under the Women-Owned Small Business Program).

(iii) The notice is not required when the contracting officer determines in writing that the urgency of the requirement necessitates award without delay or when the contract is entered into under the 8(a) program (see [19.805-2](#)).

(b) Postaward notices. (1) Within 3 days after the date of contract award, the contracting officer shall provide written notification to each offeror whose proposal was in the competitive range but was not selected for award ([10 U.S.C. 3304](#) and [41 U.S.C. 3704](#)) or had not been previously notified under paragraph (a) of this section. The notice shall include-

- (i) The number of offerors solicited;
- (ii) The number of proposals received;
- (iii) The name and address of each offeror receiving an award;
- (iv) The items, quantities, and any stated unit prices of each award. If the number of items or other factors makes listing any stated unit prices impracticable at that time, only the total contract price need be furnished in the notice. However, the items, quantities, and any stated unit prices of each award shall be made publicly available, upon request; and
- (v) In general terms, the reason(s) the offeror's proposal was not accepted, unless the price information in paragraph (b)(1)(iv) of this section readily reveals the reason. In no event shall an offeror's cost breakdown, profit, overhead rates, trade secrets, manufacturing processes and techniques, or other confidential business information be disclosed to any other offeror.

(2) Upon request, the contracting officer shall furnish the information described in paragraph (b)(1) of this section to unsuccessful offerors in solicitations using simplified acquisition procedures in [part 13](#).

(3) Upon request, the contracting officer shall provide the information in paragraph (b)(1) of this section to unsuccessful offerors that received a preaward notice of exclusion from the competitive range.

15.504 Award to successful offeror.

The contracting officer shall award a contract to the successful offeror by furnishing the executed contract or other notice of the award to that offeror.

(a) If the award document includes information that is different than the latest signed proposal, as amended by the offeror's written correspondence, both the offeror and the contracting officer shall sign the contract award.

(b) When an award is made to an offeror for less than all of the items that may be awarded and additional items are being withheld for subsequent award, each notice shall state that the Government may make subsequent awards on those additional items within the proposal acceptance period.

(c) If the Optional Form (OF) 307, Contract Award, [Standard Form \(SF\) 26](#), Award/Contract, or [SF 33](#), Solicitation, Offer and Award, is not used to award the contract, the first page of the award document shall contain the Government's acceptance statement from Block 15 of that form, exclusive of the Item 3 reference language, and shall contain the contracting officer's name, signature, and date. In addition, if the award document includes information that is different than the signed proposal, as amended by the offeror's written correspondence, the first page shall include the contractor's agreement statement from Block 14 of the OF 307 and the signature of the contractor's authorized representative.

15.505 Preaward debriefing of offerors.

Offerors excluded from the competitive range or otherwise excluded from the competition before award may request a debriefing before award ([10 U.S.C. 3305](#) and [41 U.S.C. 3705](#)).

(a) (1) The offeror may request a preaward debriefing by submitting a written request for debriefing to the contracting officer within 3 days after receipt of the notice of exclusion from the competition.

(2) At the offeror's request, this debriefing may be delayed until after award. If the debriefing is delayed until after award, it shall include all information normally provided in a postaward debriefing (see [15.506\(d\)](#)). Debriefings delayed pursuant to this paragraph could affect the timeliness of any protest filed subsequent to the debriefing.

(3) If the offeror does not submit a timely request, the offeror need not be given either a preaward or a postaward debriefing. Offerors are entitled to no more than one debriefing for each proposal.

(b) The contracting officer shall make every effort to debrief the unsuccessful offeror as soon as practicable, but may refuse the request for a debriefing if, for compelling reasons, it is not in the best interests of the Government to conduct a debriefing at that time. The rationale for delaying the debriefing shall be documented in the contract file. If the contracting officer delays the debriefing, it shall be provided no later than the time postaward debriefings are provided under [15.506](#). In that event, the contracting officer shall include the information at [15.506\(d\)](#) in the debriefing.

(c) Debriefings may be done orally, in writing, or by any other method acceptable to the contracting officer.

(d) The contracting officer should normally chair any debriefing session held. Individuals who conducted the evaluations shall provide support.

(e) At a minimum, preaward debriefings shall include-

(1) The agency's evaluation of significant elements in the offeror's proposal;

(2) A summary of the rationale for eliminating the offeror from the competition; and

(3) Reasonable responses to relevant questions about whether source selection procedures contained in the solicitation, applicable regulations, and other applicable authorities were followed in the process of eliminating the offeror from the competition.

(f) Preaward debriefings shall not disclose-

(1) The number of offerors;

(2) The identity of other offerors;

(3) The content of other offerors' proposals;

(4) The ranking of other offerors;

(5) The evaluation of other offerors; or

(6) Any of the information prohibited in [15.506\(e\)](#).

(g) An official summary of the debriefing shall be included in the contract file.

15.506 Postaward debriefing of offerors.

(a) (1) An offeror, upon its written request received by the agency within 3 days after the date on which that offeror has received notification of contract award in accordance with [15.503\(b\)](#), shall be debriefed and furnished the basis for the selection decision and contract award.

(2) To the maximum extent practicable, the debriefing should occur within 5 days after receipt of the written request. Offerors that requested a postaward debriefing in lieu of a preaward debriefing, or whose debriefing was delayed for compelling reasons beyond contract award, also should be debriefed within this time period.

(3) An offeror that was notified of exclusion from the competition (see [15.505\(a\)](#)), but failed to submit a timely request, is not entitled to a debriefing.

(4) (i) Untimely debriefing requests may be accommodated.

(ii) Government accommodation of a request for delayed debriefing pursuant to [15.505\(a\)\(2\)](#), or any untimely debriefing request, does not automatically extend the deadlines for filing protests. Debriefings delayed pursuant to [15.505\(a\)\(2\)](#) could affect the timeliness of any protest filed subsequent to the debriefing.

(b) Debriefings of successful and unsuccessful offerors may be done orally, in writing, or by any other method acceptable to the contracting officer.

(c) The contracting officer should normally chair any debriefing session held. Individuals who conducted the evaluations shall provide support.

(d) At a minimum, the debriefing information shall include-

- (1) The Government's evaluation of the significant weaknesses or deficiencies in the offeror's proposal, if applicable;
- (2) The overall evaluated cost or price (including unit prices) and technical rating, if applicable, of the successful offeror and the debriefed offeror, and past performance information on the debriefed offeror;
- (3) The overall ranking of all offerors, when any ranking was developed by the agency during the source selection;
- (4) A summary of the rationale for award;
- (5) For acquisitions of commercial products, the make and model of the product to be delivered by the successful offeror; and

(6) Reasonable responses to relevant questions about whether source selection procedures contained in the solicitation, applicable regulations, and other applicable authorities were followed.

(e) The debriefing shall not include point-by-point comparisons of the debriefed offeror's proposal with those of other offerors. Moreover, the debriefing shall not reveal any information prohibited from disclosure by [24.202](#) or exempt from release under the Freedom of Information Act ([5 U.S.C. 552](#)) including-

- (1) Trade secrets;
- (2) Privileged or confidential manufacturing processes and techniques;
- (3) Commercial and financial information that is privileged or confidential, including cost breakdowns, profit, indirect cost rates, and similar information; and
- (4) The names of individuals providing reference information about an offeror's past performance.

(f) An official summary of the debriefing shall be included in the contract file.

15.507 Protests against award.

(a) Protests against award in negotiated acquisitions shall be handled in accordance with [part 33](#). Use of agency protest procedures that incorporate the alternative dispute resolution provisions of Executive Order 12979 is encouraged for both preaward and postaward protests.

(b) If a protest causes the agency, within 1 year of contract award, to-

- (1) Issue a new solicitation on the protested contract award, the contracting officer shall provide the information in paragraph (c) of this section to all prospective offerors for the new solicitation; or
- (2) Issue a new request for revised proposals on the protested contract award, the contracting officer shall provide the information in paragraph (c) of this section to offerors that were in the competitive range and are requested to submit revised proposals.

(c) The following information will be provided to appropriate parties:

- (1) Information provided to unsuccessful offerors in any debriefings conducted on the original award regarding the successful offeror's proposal; and
- (2) Other nonproprietary information that would have been provided to the original offerors.

15.508 Discovery of mistakes.

Mistakes in a contractor's proposal that are disclosed after award shall be processed substantially in accordance with the procedures for mistakes in bids at [14.407-4](#).

15.509 Forms.

Optional Form (OF) 307, Contract Award, [Standard Form \(SF\) 26](#), Award/Contract, or [SF 33](#), Solicitation, Offer and Award, may be used to award negotiated contracts in which the signature of both parties on a single document is appropriate. Note however, if using the [SF 26](#) for a negotiated procurement, block 18 is not to be used. If these forms are not used, the award document shall incorporate the agreement and award language from the OF 307.

This page intentionally left blank.

Subpart 15.6 - Unsolicited Proposals

15.600 Scope of subpart.

This subpart sets forth policies and procedures concerning the submission, receipt, evaluation, and acceptance or rejection of unsolicited proposals.

15.601 Definitions.

As used in this subpart-

Advertising material means material designed to acquaint the Government with a prospective contractor's present products, services, or potential capabilities, or designed to stimulate the Government's interest in buying such products or services.

Commercial product or commercial service offer means an offer of a commercial product or commercial service that the vendor wishes to see introduced in the Government's supply system as an alternate or a replacement for an existing supply item. This term does not include innovative or unique configurations or uses of commercial products or commercial services that are being offered for further development and that may be submitted as an unsolicited proposal.

Contribution means a concept, suggestion, or idea presented to the Government for its use with no indication that the source intends to devote any further effort to it on the Government's behalf.

15.602 Policy.

It is the policy of the Government to encourage the submission of new and innovative ideas in response to Broad Agency Announcements, Small Business Innovation Research topics, Small Business Technology Transfer Research topics, Program Research and Development Announcements, or any other Government-initiated solicitation or program. When the new and innovative ideas do not fall under topic areas publicized under those programs or techniques, the ideas may be submitted as unsolicited proposals.

15.603 General.

(a) Unsolicited proposals allow unique and innovative ideas or approaches that have been developed outside the Government to be made available to Government agencies for use in accomplishment of their missions. Unsolicited proposals are offered with the intent that the Government will enter into a contract with the offeror for research and development or other efforts supporting the Government mission, and often represent a substantial investment of time and effort by the offeror.

(b) Advertising material, commercial product or commercial service offers, or contributions, as defined in [15.601](#), or routine correspondence on technical issues, are not unsolicited proposals.

(c) A valid unsolicited proposal must-

- (1) Be innovative and unique;
- (2) Be independently originated and developed by the offeror;
- (3) Be prepared without Government supervision, endorsement, direction, or direct Government involvement;
- (4) Include sufficient detail to permit a determination that Government support could be worthwhile and the proposed work could benefit the agency's research and development or other mission responsibilities;
- (5) Not be an advance proposal for a known agency requirement that can be acquired by competitive methods; and
- (6) Not address a previously published agency requirement.

(d) Unsolicited proposals in response to a publicized general statement of agency needs are considered to be independently originated.

(e) Agencies must evaluate unsolicited proposals for energy savings performance contracts in accordance with the procedures in 10 CFR436.33(b).

15.604 Agency points of contact.

(a) Preliminary contact with agency technical or other appropriate personnel before preparing a detailed unsolicited proposal or submitting proprietary information to the Government may save considerable time and effort for both parties (see [15.201](#)). Agencies must make available to potential offerors of unsolicited proposals at least the following information:

- (1) Definition (see [2.101](#)) and content (see [15.605](#)) of an unsolicited proposal acceptable for formal evaluation.
- (2) Requirements concerning responsible prospective contractors (see [subpart 9.1](#)), and organizational conflicts of interest (see [subpart 9.5](#)).

(3) Guidance on preferred methods for submitting ideas/concepts to the Government, such as any agency: upcoming solicitations; Broad Agency Announcements; Small Business Innovation Research programs; Small Business Technology Transfer Research programs; Program Research and Development Announcements; or grant programs.

(4) Agency points of contact for information regarding advertising, contributions, and other types of transactions similar to unsolicited proposals.

(5) Information sources on agency objectives and areas of potential interest.

(6) Procedures for submission and evaluation of unsolicited proposals.

(7) Instructions for identifying and marking proprietary information so that it is protected and restrictive legends conform to [15.609](#).

(b) Only the cognizant contracting officer has the authority to bind the Government regarding unsolicited proposals.

15.605 Content of unsolicited proposals.

Unsolicited proposals should contain the following information to permit consideration in an objective and timely manner:

(a) Basic information including-

(1) Offeror's name and address and type of organization; *e.g.*, profit, nonprofit, educational, small business;

(2) Names and telephone numbers of technical and business personnel to be contacted for evaluation or negotiation purposes;

(3) Identification of proprietary data to be used only for evaluation purposes;

(4) Names of other Federal, State, or local agencies or parties receiving the proposal or funding the proposed effort;

(5) Date of submission; and

(6) Signature of a person authorized to represent and contractually obligate the offeror.

(b) Technical information including-

(1) Concise title and abstract (approximately 200 words) of the proposed effort;

(2) A reasonably complete discussion stating the objectives of the effort or activity, the method of approach and extent of effort to be employed, the nature and extent of the anticipated results, and the manner in which the work will help to support accomplishment of the agency's mission;

(3) Names and biographical information on the offeror's key personnel who would be involved, including alternates; and

(4) Type of support needed from the agency; *e.g.*, Government property or personnel resources.

(c) Supporting information including-

(1) Proposed price or total estimated cost for the effort in sufficient detail for meaningful evaluation;

(2) Period of time for which the proposal is valid (a 6-month minimum is suggested);

(3) Type of contract preferred;

(4) Proposed duration of effort;

(5) Brief description of the organization, previous experience, relevant past performance, and facilities to be used;

(6) Other statements, if applicable, about organizational conflicts of interest, security clearances, and environmental impacts; and

(7) The names and telephone numbers of agency technical or other agency points of contact already contacted regarding the proposal.

15.606 Agency procedures.

(a) Agencies shall establish procedures for controlling the receipt, evaluation, and timely disposition of unsolicited proposals consistent with the requirements of this subpart. The procedures shall include controls on the reproduction and disposition of proposal material, particularly data identified by the offeror as subject to duplication, use, or disclosure restrictions.

(b) Agencies shall establish agency points of contact (see [15.604](#)) to coordinate the receipt and handling of unsolicited proposals.

15.606-1 Receipt and initial review.

(a) Before initiating a comprehensive evaluation, the agency contact point shall determine if the proposal-

(1) Is a valid unsolicited proposal, meeting the requirements of [15.603\(c\)](#);

(2) Is suitable for submission in response to an existing agency requirement (see [15.602](#));

(3) Is related to the agency mission;

- (4) Contains sufficient technical information and cost-related or price-related information for evaluation;
 - (5) Has overall scientific, technical, or socioeconomic merit;
 - (6) Has been approved by a responsible official or other representative authorized to obligate the offeror contractually;
- and

(7) Complies with the marking requirements of [15.609](#).

(b) If the proposal meets these requirements, the contact point shall promptly acknowledge receipt and process the proposal.

(c) If a proposal is rejected because the proposal does not meet the requirements of paragraph (a) of this subsection, the agency contact point shall promptly inform the offeror of the reasons for rejection in writing and of the proposed disposition of the unsolicited proposal.

15.606-2 Evaluation.

(a) Comprehensive evaluations shall be coordinated by the agency contact point, who shall attach or imprint on each unsolicited proposal, circulated for evaluation, the legend required by [15.609](#)(d). When performing a comprehensive evaluation of an unsolicited proposal, evaluators shall consider the following factors, in addition to any others appropriate for the particular proposal:

- (1) Unique, innovative, and meritorious methods, approaches, or concepts demonstrated by the proposal;
 - (2) Overall scientific, technical, or socioeconomic merits of the proposal;
 - (3) Potential contribution of the effort to the agency's specific mission;
 - (4) The offeror's capabilities, related experience, facilities, techniques, or unique combinations of these that are integral factors for achieving the proposal objectives;
 - (5) The qualifications, capabilities, and experience of the proposed principal investigator, team leader, or key personnel critical to achieving the proposal objectives; and
 - (6) The realism of the proposed cost.
- (b) The evaluators shall notify the agency point of contact of their recommendations when the evaluation is completed.

15.607 Criteria for acceptance and negotiation of an unsolicited proposal.

(a) A favorable comprehensive evaluation of an unsolicited proposal does not, in itself, justify awarding a contract without providing for full and open competition. The agency point of contact shall return an unsolicited proposal to the offeror, citing reasons, when its substance-

- (1) Is available to the Government without restriction from another source;
- (2) Closely resembles a pending competitive acquisition requirement;
- (3) Does not relate to the activity's mission; or
- (4) Does not demonstrate an innovative and unique method, approach, or concept, or is otherwise not deemed a meritorious proposal.

(b) The contracting officer may commence negotiations on a sole source basis only when-

- (1) An unsolicited proposal has received a favorable comprehensive evaluation;
- (2) A justification and approval has been obtained (see [6.302-1](#)(a)(2)(i) for research proposals or other appropriate provisions of [subpart 6.3](#), and [6.303-2](#)(c));
- (3) The agency technical office sponsoring the contract furnishes the necessary funds; and
- (4) The contracting officer has complied with the synopsis requirements of [subpart 5.2](#).

15.608 Prohibitions.

(a) Government personnel shall not use any data, concept, idea, or other part of an unsolicited proposal as the basis, or part of the basis, for a solicitation or in negotiations with any other firm unless the offeror is notified of and agrees to the intended use. However, this prohibition does not preclude using any data, concept, or idea in the proposal that also is available from another source without restriction.

(b) Government personnel shall not disclose restrictively marked information (see [3.104](#) and [15.609](#)) included in an unsolicited proposal. The disclosure of such information concerning trade secrets, processes, operations, style of work, apparatus, and other matters, except as authorized by law, may result in criminal penalties under [18 U.S.C. 1905](#).

15.609 Limited use of data.

(a) An unsolicited proposal may include data that the offeror does not want disclosed to the public for any purpose or used by the Government except for evaluation purposes. If the offeror wishes to restrict the data, the title page must be marked with the following legend:

Use and Disclosure of Data

This proposal includes data that shall not be disclosed outside the Government and shall not be duplicated, used, or disclosed in whole or in part for any purpose other than to evaluate this proposal. However, if a contract is awarded to this offeror as a result of or in connection with the submission of these data, the Government shall have the right to duplicate, use, or disclose the data to the extent provided in the resulting contract. This restriction does not limit the Government's right to use information contained in these data if they are obtained from another source without restriction. The data subject to this restriction are contained in Sheets [*insert numbers or other identification of sheets*].

(b) The offeror shall also mark each sheet of data it wishes to restrict with the following legend: Use or disclosure of data contained on this sheet is subject to the restriction on the title page of this proposal.

(c) The agency point of contact shall return to the offeror any unsolicited proposal marked with a legend different from that provided in paragraph (a) of this section. The return letter will state that the proposal cannot be considered because it is impracticable for the Government to comply with the legend and that the agency will consider the proposal if it is resubmitted with the proper legend.

(d) The agency point of contact shall place a cover sheet on the proposal or clearly mark it as follows, unless the offeror clearly states in writing that no restrictions are imposed on the disclosure or use of the data contained in the proposal:

Unsolicited Proposal-Use of Data Limited

All Government personnel must exercise extreme care to ensure that the information in this proposal is not disclosed to an individual who has not been authorized access to such data in accordance with FAR [3.104](#), and is not duplicated, used, or disclosed in whole or in part for any purpose other than evaluation of the proposal, without the written permission of the offeror. If a contract is awarded on the basis of this proposal, the terms of the contract shall control disclosure and use. This notice does not limit the Government's right to use information contained in the proposal if it is obtainable from another source without restriction. This is a Government notice, and shall not by itself be construed to impose any liability upon the Government or Government personnel for disclosure or use of data contained in this proposal.

(e) Use the notice in paragraph (d) of this section solely as a manner of handling unsolicited proposals that will be compatible with this subpart. However, do not use this notice to justify withholding of a record, or to improperly deny the public access to a record, where an obligation is imposed by the Freedom of Information Act ([5 U.S.C. 552](#)). An offeror should identify trade secrets, commercial or financial information, and privileged or confidential information to the Government (see paragraph (a) of this section).

(f) When an agency receives an unsolicited proposal without any restrictive legend from an educational or nonprofit organization or institution, and an evaluation outside the Government is necessary, the agency point of contact shall-

- (1) Attach a cover sheet clearly marked with the legend in paragraph (d) of this section;
- (2) Change the beginning of this legend to read "All Government and non-Government personnel * * *"; and
- (3) Require any non-Government evaluator to agree in writing that data in the proposal will not be disclosed to others outside the Government.

(g) If the proposal is received with the restrictive legend (see paragraph (a) of this section), the modified cover sheet shall also be used and permission shall be obtained from the offeror before release of the proposal for evaluation by non-Government personnel.

(h) When an agency receives an unsolicited proposal with or without a restrictive legend from other than an educational or nonprofit organization or institution, and evaluation by Government personnel outside the agency or by experts outside of the Government is necessary, written permission must be obtained from the offeror before release of the proposal for evaluation. The agency point of contact shall-

- (1) Clearly mark the cover sheet with the legend in paragraph (d) or as modified in paragraph (f) of this section; and
- (2) Obtain a written agreement from any non-Government evaluator stating that data in the proposal will not be disclosed to persons outside the Government.

PART 16 - TYPES OF CONTRACTS*Sec.*

16.000 Scope of part.
 16.001 Definitions.

Subpart 16.1 - Selecting Contract Types

16.101 General.
 16.102 Policies.
 16.103 Negotiating contract type.
 16.104 Factors in selecting contract types.
 16.105 Solicitation provision.

Subpart 16.2 - Fixed-Price Contracts

16.201 General.
 16.202 Firm-fixed-price contracts.
 16.202-1 Description.
 16.202-2 Application.
 16.203 Fixed-price contracts with economic price adjustment.
 16.203-1 Description.
 16.203-2 Application.
 16.203-3 Limitations.
 16.203-4 Contract clauses.
 16.204 Fixed-price incentive contracts.
 16.205 Fixed-price contracts with prospective price redetermination.
 16.205-1 Description.
 16.205-2 Application.
 16.205-3 Limitations.
 16.205-4 Contract clause.
 16.206 Fixed-ceiling-price contracts with retroactive price redetermination.
 16.206-1 Description.
 16.206-2 Application.
 16.206-3 Limitations.
 16.206-4 Contract clause.
 16.207 Firm-fixed-price, level-of-effort term contracts.
 16.207-1 Description.
 16.207-2 Application.
 16.207-3 Limitations.

Subpart 16.3 - Cost-Reimbursement Contracts

16.301 General.
 16.301-1 Description.
 16.301-2 Application.
 16.301-3 Limitations.
 16.302 Cost contracts.
 16.303 Cost-sharing contracts.
 16.304 Cost-plus-incentive-fee contracts.
 16.305 Cost-plus-award-fee contracts.
 16.306 Cost-plus-fixed-fee contracts.
 16.307 Contract clauses.

Subpart 16.4 - Incentive Contracts

16.401 General.
 16.402 Application of predetermined, formula-type incentives.
 16.402-1 Cost incentives.
 16.402-2 Performance incentives.
 16.402-3 Delivery incentives.
 16.402-4 Structuring multiple-incentive contracts.
 16.403 Fixed-price incentive contracts.
 16.403-1 Fixed-price incentive (firm target) contracts.
 16.403-2 Fixed-price incentive (successive targets) contracts.
 16.404 Fixed-price contracts with award fees.
 16.405 Cost-reimbursement incentive contracts.
 16.405-1 Cost-plus-incentive-fee contracts.
 16.405-2 Cost-plus-award-fee contracts.
 16.406 Contract clauses.

Subpart 16.5 - Indefinite-Delivery Contracts

16.500 Scope of subpart.
 16.501 [Reserved]
 16.501-1 Definitions.
 16.501-2 General.
 16.502 Definite-quantity contracts.
 16.503 Requirements contracts.
 16.504 Indefinite-quantity contracts.
 16.505 Ordering.
 16.506 Solicitation provisions and contract clauses.

Subpart 16.6 - Time-and-Materials, Labor-Hour, and Letter Contracts

16.600 Scope.
 16.601 Time-and-materials contracts.
 16.602 Labor-hour contracts.
 16.603 Letter contracts.
 16.603-1 Description.
 16.603-2 Application.
 16.603-3 Limitations.
 16.603-4 Contract clauses.

Subpart 16.7 - Agreements

16.701 Scope.
 16.702 Basic agreements.
 16.703 Basic ordering agreements.

This page intentionally left blank.

16.000 Scope of part.

This part describes types of contracts that may be used in acquisitions. It prescribes policies and procedures and provides guidance for selecting a contract type appropriate to the circumstances of the acquisition.

16.001 Definitions.

As used in this part-

Award-Fee Board means the team of individuals identified in the award-fee plan who have been designated to assist the Fee-Determining Official in making award-fee determinations.

Established price means a price that—

(1) Is an established catalog or market price for a commercial product sold in substantial quantities to the general public; and

(2) Is the net price after applying any standard trade discounts offered by the contractor.

Fee-Determining Official (FDO) means the designated Agency official(s) who reviews the recommendations of the Award-Fee Board in determining the amount of award fee to be earned by the contractor for each evaluation period.

Rollover of unearned award fee means the process of transferring unearned award fee, which the contractor had an opportunity to earn, from one evaluation period to a subsequent evaluation period, thus allowing the contractor an additional opportunity to earn that previously unearned award fee.

Subpart 16.1 - Selecting Contract Types

16.101 General.

(a) A wide selection of contract types is available to the Government and contractors in order to provide needed flexibility in acquiring the large variety and volume of supplies and services required by agencies. Contract types vary according to-

(1) The degree and timing of the responsibility assumed by the contractor for the costs of performance; and

(2) The amount and nature of the profit incentive offered to the contractor for achieving or exceeding specified standards or goals.

(b) The contract types are grouped into two broad categories: fixed-price contracts (see [subpart 16.2](#)) and cost-reimbursement contracts (see [subpart 16.3](#)). The specific contract types range from firm-fixed-price, in which the contractor has full responsibility for the performance costs and resulting profit (or loss), to cost-plus-fixed-fee, in which the contractor has minimal responsibility for the performance costs and the negotiated fee (profit) is fixed. In between are the various incentive contracts (see [subpart 16.4](#)), in which the contractor's responsibility for the performance costs and the profit or fee incentives offered are tailored to the uncertainties involved in contract performance.

16.102 Policies.

(a) Contracts resulting from sealed bidding shall be firm-fixed-price contracts or fixed-price contracts with economic price adjustment.

(b) Contracts negotiated under [part 15](#) may be of any type or combination of types that will promote the Government's interest, except as restricted in this part (see [10 U.S.C. 3321\(a\)](#) and [41 U.S.C. 3901](#)). Contract types not described in this regulation shall not be used, except as a deviation under [subpart 1.4](#).

(c) The cost-plus-a-percentage-of-cost system of contracting shall not be used (see [10 U.S.C. 3322\(a\)](#) and [41 U.S.C. 3905\(a\)](#)). Prime contracts (including letter contracts) other than firm-fixed-price contracts shall, by an appropriate clause, prohibit cost-plus-a-percentage-of-cost subcontracts (see clauses prescribed in [subpart 44.2](#) for cost-reimbursement contracts and [subparts 16.2](#) and [16.4](#) for fixed-price contracts).

(d) No contract may be awarded before the execution of any determination and findings (D&F's) required by this part. Minimum requirements for the content of D&F's required by this part are specified in [1.704](#).

16.103 Negotiating contract type.

(a) Selecting the contract type is generally a matter for negotiation and requires the exercise of sound judgment. Negotiating the contract type and negotiating prices are closely related and should be considered together. The objective is to negotiate a contract type and price (or estimated cost and fee) that will result in reasonable contractor risk and provide the contractor with the greatest incentive for efficient and economical performance.

(b) A firm-fixed-price contract, which best utilizes the basic profit motive of business enterprise, shall be used when the risk involved is minimal or can be predicted with an acceptable degree of certainty. However, when a reasonable basis for

firm pricing does not exist, other contract types should be considered, and negotiations should be directed toward selecting a contract type (or combination of types) that will appropriately tie profit to contractor performance.

(c) In the course of an acquisition program, a series of contracts, or a single long-term contract, changing circumstances may make a different contract type appropriate in later periods than that used at the outset. In particular, contracting officers should avoid protracted use of a cost-reimbursement or time-and-materials contract after experience provides a basis for firmer pricing.

(d) (1) Each contract file shall include documentation to show why the particular contract type was selected. This shall be documented in the acquisition plan, or in the contract file if a written acquisition plan is not required by agency procedures.

(i) Explain why the contract type selected must be used to meet the agency need.

(ii) Discuss the Government's additional risks and the burden to manage the contract type selected (*e.g.*, when a cost-reimbursement contract is selected, the Government incurs additional cost risks, and the Government has the additional burden of managing the contractor's costs). For such instances, acquisition personnel shall discuss –

(A) How the Government identified the additional risks (*e.g.*, pre-award survey, or past performance information);

(B) The nature of the additional risks (*e.g.*, inadequate contractor's accounting system, weaknesses in contractor's internal control, non-compliance with Cost Accounting Standards, or lack of or inadequate earned value management system); and

(C) How the Government will manage and mitigate the risks.

(iii) Discuss the Government resources necessary to properly plan for, award, and administer the contract type selected (*e.g.*, resources needed and the additional risks to the Government if adequate resources are not provided).

(iv) For other than a firm-fixed price contract, at a minimum the documentation should include –

(A) An analysis of why the use of other than a firm-fixed-price contract (*e.g.*, cost reimbursement, time and materials, labor hour) is appropriate;

(B) Rationale that detail the particular facts and circumstances (*e.g.*, complexity of the requirements, uncertain duration of the work, contractor's technical capability and financial responsibility, or adequacy of the contractor's accounting system), and associated reasoning essential to support the contract type selection;

(C) An assessment regarding the adequacy of Government resources that are necessary to properly plan for, award, and administer other than firm-fixed-price contracts; and

(D) A discussion of the actions planned to minimize the use of other than firm-fixed-price contracts on future acquisitions for the same requirement and to transition to firm-fixed-price contracts to the maximum extent practicable.

(v) A discussion of why a level-of-effort, price redetermination, or fee provision was included.

(2) Exceptions to the requirements at (d)(1) of this section are –

(i) Fixed-price acquisitions made under simplified acquisition procedures;

(ii) Contracts on a firm-fixed-price basis other than those for major systems or research and development; and

(iii) Awards on the set-aside portion of sealed bid partial set-asides for small business.

16.104 Factors in selecting contract types.

There are many factors that the contracting officer should consider in selecting and negotiating the contract type. They include the following:

(a) *Price competition.* Normally, effective price competition results in realistic pricing, and a fixed-price contract is ordinarily in the Government's interest.

(b) *Price analysis.* Price analysis, with or without competition, may provide a basis for selecting the contract type. The degree to which price analysis can provide a realistic pricing standard should be carefully considered. (See [15.404-1\(b\)](#).)

(c) *Cost analysis.* In the absence of effective price competition and if price analysis is not sufficient, the cost estimates of the offeror and the Government provide the bases for negotiating contract pricing arrangements. It is essential that the uncertainties involved in performance and their possible impact upon costs be identified and evaluated, so that a contract type that places a reasonable degree of cost responsibility upon the contractor can be negotiated.

(d) *Type and complexity of the requirement.* Complex requirements, particularly those unique to the Government, usually result in greater risk assumption by the Government. This is especially true for complex research and development contracts, when performance uncertainties or the likelihood of changes makes it difficult to estimate performance costs in advance. As a requirement recurs or as quantity production begins, the cost risk should shift to the contractor, and a fixed-price contract should be considered.

- (e) *Combining contract types*. If the entire contract cannot be firm-fixed-price, the contracting officer shall consider whether or not a portion of the contract can be established on a firm-fixed-price basis.
- (f) *Urgency of the requirement*. If urgency is a primary factor, the Government may choose to assume a greater proportion of risk or it may offer incentives tailored to performance outcomes to ensure timely contract performance.
- (g) *Period of performance or length of production run*. In times of economic uncertainty, contracts extending over a relatively long period may require economic price adjustment or price redetermination clauses.
- (h) *Contractor's technical capability and financial responsibility*.
- (i) *Adequacy of the contractor's accounting system*. Before agreeing on a contract type other than firm-fixed-price, the contracting officer shall ensure that the contractor's accounting system will permit timely development of all necessary cost data in the form required by the proposed contract type. This factor may be critical—
- (1) When the contract type requires price revision while performance is in progress; or
 - (2) When a cost-reimbursement contract is being considered and all current or past experience with the contractor has been on a fixed-price basis. See [42.302\(a\)\(12\)](#).
- (j) *Concurrent contracts*. If performance under the proposed contract involves concurrent operations under other contracts, the impact of those contracts, including their pricing arrangements, should be considered.
- (k) *Extent and nature of proposed subcontracting*. If the contractor proposes extensive subcontracting, a contract type reflecting the actual risks to the prime contractor should be selected.
- (l) *Acquisition history*. Contractor risk usually decreases as the requirement is repetitively acquired. Also, product descriptions or descriptions of services to be performed can be defined more clearly.

16.105 Solicitation provision.

The contracting officer shall complete and insert the provision at [52.216-1](#), Type of Contract, in a solicitation unless it is for-

- (a) A fixed-price acquisition made under simplified acquisition procedures; or
- (b) Information or planning purposes.

This page intentionally left blank.

Subpart 16.2 - Fixed-Price Contracts

16.201 General.

(a) Fixed-price types of contracts provide for a firm price or, in appropriate cases, an adjustable price. Fixed-price contracts providing for an adjustable price may include a ceiling price, a target price (including target cost), or both. Unless otherwise specified in the contract, the ceiling price or target price is subject to adjustment only by operation of contract clauses providing for equitable adjustment or other revision of the contract price under stated circumstances. The contracting officer shall use firm-fixed-price or fixed-price with economic price adjustment contracts when acquiring commercial products and commercial services, except as provided in [12.207\(b\)](#).

(b) Time-and-materials contracts and labor-hour contracts are not fixed-price contracts.

16.202 Firm-fixed-price contracts.

16.202-1 Description.

A firm-fixed-price contract provides for a price that is not subject to any adjustment on the basis of the contractor's cost experience in performing the contract. This contract type places upon the contractor maximum risk and full responsibility for all costs and resulting profit or loss. It provides maximum incentive for the contractor to control costs and perform effectively and imposes a minimum administrative burden upon the contracting parties. The contracting officer may use a firm-fixed-price contract in conjunction with an award-fee incentive (see [16.404](#)) and performance or delivery incentives (see [16.402-2](#) and [16.402-3](#)) when the award fee or incentive is based solely on factors other than cost. The contract type remains firm-fixed-price when used with these incentives.

16.202-2 Application.

A firm-fixed-price contract is suitable for acquiring commercial products or commercial services (see [parts 2](#) and [12](#)) or for acquiring other supplies or services on the basis of reasonably definite functional or detailed specifications (see [part 11](#)) when the contracting officer can establish fair and reasonable prices at the outset, such as when-

- (a) There is adequate price competition;
- (b) There are reasonable price comparisons with prior purchases of the same or similar supplies or services made on a competitive basis or supported by valid certified cost or pricing data;
- (c) Available cost or pricing information permits realistic estimates of the probable costs of performance; or
- (d) Performance uncertainties can be identified and reasonable estimates of their cost impact can be made, and the contractor is willing to accept a firm fixed price representing assumption of the risks involved.

16.203 Fixed-price contracts with economic price adjustment.

16.203-1 Description.

(a) A fixed-price contract with economic price adjustment provides for upward and downward revision of the stated contract price upon the occurrence of specified contingencies. Economic price adjustments are of three general types:

- (1) *Adjustments based on established prices.* These price adjustments are based on increases or decreases from an agreed-upon level in published or otherwise established prices of specific items or the contract end items.
- (2) *Adjustments based on actual costs of labor or material.* These price adjustments are based on increases or decreases in specified costs of labor or material that the contractor actually experiences during contract performance.
- (3) *Adjustments based on cost indexes of labor or material.* These price adjustments are based on increases or decreases in labor or material cost standards or indexes that are specifically identified in the contract.

(b) The contracting officer may use a fixed-price contract with economic price adjustment in conjunction with an award-fee incentive (see [16.404](#)) and performance or delivery incentives (see [16.402-2](#) and [16.402-3](#)) when the award fee or incentive is based solely on factors other than cost. The contract type remains fixed-price with economic price adjustment when used with these incentives.

16.203-2 Application.

A fixed-price contract with economic price adjustment may be used when (i) there is serious doubt concerning the stability of market or labor conditions that will exist during an extended period of contract performance, and (ii) contingencies that would otherwise be included in the contract price can be identified and covered separately in the contract. Price adjustments

based on established prices should normally be restricted to industry-wide contingencies. Price adjustments based on labor and material costs should be limited to contingencies beyond the contractor's control. For use of economic price adjustment in sealed bid contracts, see [14.408-4](#).

(a) In establishing the base level from which adjustment will be made, the contracting officer shall ensure that contingency allowances are not duplicated by inclusion in both the base price and the adjustment requested by the contractor under economic price adjustment clause.

(b) In contracts that do not require submission of certified cost or pricing data, the contracting officer shall obtain adequate data to establish the base level from which adjustment will be made and may require verification of data submitted.

16.203-3 Limitations.

A fixed-price contract with economic price adjustment shall not be used unless the contracting officer determines that it is necessary either to protect the contractor and the Government against significant fluctuations in labor or material costs or to provide for contract price adjustment in the event of changes in the contractor's established prices.

16.203-4 Contract clauses.

(a) Adjustment based on established prices-standard supplies. (1) The contracting officer shall, when contracting by negotiation, insert the clause at [52.216-2](#), Economic Price Adjustment-Standard Supplies, or an agency-prescribed clause as authorized in paragraph (a)(2) of this subsection, in solicitations and contracts when all of the following conditions apply:

(i) A fixed-price contract is contemplated.

(ii) The requirement is for standard supplies that have an established catalog or market price.

(iii) The contracting officer has made the determination specified in [16.203-3](#).

(2) If all the conditions in paragraph (a)(1) of this subsection apply and the contracting officer determines that the use of the clause at [52.216-2](#) is inappropriate, the contracting officer may use an agency-prescribed clause instead of the clause at [52.216-2](#).

(3) If the negotiated unit price reflects a net price after applying a trade discount from a catalog or list price, the contracting officer shall document in the contract file both the catalog or list price and the discount. (This does not apply to prompt payment or cash discounts.)

(4) The contracting officer may modify the clause by increasing the 10 percent limit on aggregate increases specified in [52.216-2\(c\)\(1\)](#), upon approval by the chief of the contracting office.

(b) Adjustment based on established prices-semistandard supplies. (1) The contracting officer shall, when contracting by negotiation, insert the clause at [52.216-3](#), Economic Price Adjustment-Semistandard Supplies, or an agency-prescribed clause as authorized in paragraph (b)(2) of this section, in solicitations and contracts when all of the following conditions apply:

(i) A fixed-price contract is contemplated.

(ii) The requirement is for semistandard supplies for which the prices can be reasonably related to the prices of nearly equivalent standard supplies that have an established catalog or market price.

(iii) The contracting officer has made the determination specified in [16.203-3](#).

(2) If all conditions in paragraph (b)(1) of this subsection apply and the contracting officer determines that the use of the clause at [52.216-3](#) is inappropriate, the contracting officer may use an agency-prescribed clause instead of the clause at [52.216-3](#).

(3) If the negotiated unit price reflects a net price after applying a trade discount from a catalog or list price, the contracting officer shall document in the contract file both the catalog or list price and the discount. (This does not apply to prompt payment or cash discounts.)

(4) Before entering into the contract, the contracting officer and contractor must agree in writing on the identity of the standard supplies and the corresponding line items to which the clause applies.

(5) If the supplies are standard, except for preservation, packaging, and packing requirements, the clause prescribed in [16.203-4\(a\)](#) shall be used rather than this clause.

(6) The contracting officer may modify the clause by increasing the 10 percent limit on aggregate increases specified in [52.216-3\(c\)\(1\)](#), upon approval by the chief of the contracting office.

(c) Adjustments based on actual cost of labor or material. (1) The contracting officer shall, when contracting by negotiation, insert a clause that is substantially the same as the clause at [52.216-4](#), Economic Price Adjustment -Labor and Material, or an agency-prescribed clause as authorized in subparagraph (c)(2) of this section, in solicitations and contracts when all of the following conditions apply:

(i) A fixed-price contract is contemplated.

- (ii) There is no major element of design engineering or development work involved.
- (iii) One or more identifiable labor or material cost factors are subject to change.
- (iv) The contracting officer has made the determination specified in [16.203-3](#).
- (2) If all conditions in paragraph (c)(1) of this section apply and the contracting officer determines that the use of the clause at [52.216-4](#) is inappropriate, the contracting officer may use an agency-prescribed clause instead of the clause at [52.216-4](#).
- (3) The contracting officer shall describe in detail in the contract Schedule-
 - (i) The types of labor and materials subject to adjustment under the clause;
 - (ii) The labor rates, including fringe benefits (if any) and unit prices of materials that may be increased or decreased; and
 - (iii) The quantities of the specified labor and materials allocable to each unit to be delivered under the contract.
- (4) In negotiating adjustments under the clause, the contracting officer shall-
 - (i) Consider work in process and materials on hand at the time of changes in labor rates, including fringe benefits (if any) or material prices;
 - (ii) Not include in adjustments any indirect cost (except fringe benefits as defined in [31.205-6\(m\)](#)) or profit; and
 - (iii) Consider only those fringe benefits specified in the contract Schedule.
- (5) The contracting officer may modify the clause by increasing the 10 percent limit on aggregate increases specified in [52.216-4\(c\)\(4\)](#), upon approval by the chief of the contracting office.
- (d) *Adjustments based on cost indexes of labor or material.* The contracting officer should consider using an economic price adjustment clause based on cost indexes of labor or material under the circumstances and subject to approval as described in paragraphs (d)(1) and (d)(2) of this section.
 - (1) A clause providing adjustment based on cost indexes of labor or materials may be appropriate when-
 - (i) The contract involves an extended period of performance with significant costs to be incurred beyond 1 year after performance begins;
 - (ii) The contract amount subject to adjustment is substantial; and
 - (iii) The economic variables for labor and materials are too unstable to permit a reasonable division of risk between the Government and the contractor, without this type of clause.
 - (2) Any clause using this method shall be prepared and approved under agency procedures. Because of the variations in circumstances and clause wording that may arise, no standard clause is prescribed.

16.204 Fixed-price incentive contracts.

A fixed-price incentive contract is a fixed-price contract that provides for adjusting profit and establishing the final contract price by a formula based on the relationship of final negotiated total cost to total target cost. Fixed-price incentive contracts are covered in [subpart 16.4](#), Incentive Contracts. See [16.403](#) for more complete descriptions, application, and limitations for these contracts. Prescribed clauses are found at [16.406](#).

16.205 Fixed-price contracts with prospective price redetermination.

16.205-1 Description.

A fixed-price contract with prospective price redetermination provides for-

- (a) A firm fixed price for an initial period of contract deliveries or performance; and
- (b) Prospective redetermination, at a stated time or times during performance, of the price for subsequent periods of performance.

16.205-2 Application.

A fixed-price contract with prospective price redetermination may be used in acquisitions of quantity production or services for which it is possible to negotiate a fair and reasonable firm fixed price for an initial period, but not for subsequent periods of contract performance.

- (a) The initial period should be the longest period for which it is possible to negotiate a fair and reasonable firm fixed price. Each subsequent pricing period should be at least 12 months.
- (b) The contract may provide for a ceiling price based on evaluation of the uncertainties involved in performance and their possible cost impact. This ceiling price should provide for assumption of a reasonable proportion of the risk by the contractor

and, once established, may be adjusted only by operation of contract clauses providing for equitable adjustment or other revision of the contract price under stated circumstances.

16.205-3 Limitations.

This contract type shall not be used unless-

(a) Negotiations have established that-

(1) The conditions for use of a firm-fixed-price contract are not present (see [16.202-2](#)); and

(2) A fixed-price incentive contract would not be more appropriate;

(b) The contractor's accounting system is adequate for price redetermination;

(c) The prospective pricing periods can be made to conform with operation of the contractor's accounting system; and

(d) There is reasonable assurance that price redetermination actions will take place promptly at the specified times.

16.205-4 Contract clause.

The contracting officer shall, when contracting by negotiation, insert the clause at [52.216-5](#), Price Redetermination-Prospective, in solicitations and contracts when a fixed-price contract is contemplated and the conditions specified in [16.205-2](#) and [16.205-3](#)(a) through (d) apply.

16.206 Fixed-ceiling-price contracts with retroactive price redetermination.**16.206-1 Description.**

A fixed-ceiling-price contract with retroactive price redetermination provides for-

(a) A fixed ceiling price; and

(b) Retroactive price redetermination within the ceiling after completion of the contract.

16.206-2 Application.

A fixed-ceiling-price contract with retroactive price redetermination is appropriate for research and development contracts estimated at the simplified acquisition threshold or less when it is established at the outset that a fair and reasonable firm fixed price cannot be negotiated and that the amount involved and short performance period make the use of any other fixed-price contract type impracticable.

(a) A ceiling price shall be negotiated for the contract at a level that reflects a reasonable sharing of risk by the contractor. The established ceiling price may be adjusted only if required by the operation of contract clauses providing for equitable adjustment or other revision of the contract price under stated circumstances.

(b) The contract should be awarded only after negotiation of a billing price that is as fair and reasonable as the circumstances permit.

(c) Since this contract type provides the contractor no cost control incentive except the ceiling price, the contracting officer should make clear to the contractor during discussion before award that the contractor's management effectiveness and ingenuity will be considered in retroactively redetermining the price.

16.206-3 Limitations.

This contract type shall not be used unless-

(a) The contract is for research and development and the estimated cost is the simplified acquisition threshold or less;

(b) The contractor's accounting system is adequate for price redetermination;

(c) There is reasonable assurance that the price redetermination will take place promptly at the specified time; and

(d) The head of the contracting activity (or a higher-level official, if required by agency procedures) approves its use in writing.

16.206-4 Contract clause.

The contracting officer shall, when contracting by negotiation, insert the clause at [52.216-6](#), Price Redetermination-Retroactive, in solicitations and contracts when a fixed-price contract is contemplated and the conditions in [16.206-2](#) and [16.206-3](#)(a) through (d) apply.

16.207 Firm-fixed-price, level-of-effort term contracts.**16.207-1 Description.**

A firm-fixed-price, level-of-effort term contract requires-

- (a) The contractor to provide a specified level of effort, over a stated period of time, on work that can be stated only in general terms; and
- (b) The Government to pay the contractor a fixed dollar amount.

16.207-2 Application.

A firm-fixed-price, level-of-effort term contract is suitable for investigation or study in a specific research and development area. The product of the contract is usually a report showing the results achieved through application of the required level of effort. However, payment is based on the effort expended rather than on the results achieved.

16.207-3 Limitations.

This contract type may be used only when-

- (a) The work required cannot otherwise be clearly defined;
 - (b) The required level of effort is identified and agreed upon in advance;
 - (c) There is reasonable assurance that the intended result cannot be achieved by expending less than the stipulated effort;
- and
- (d) The contract price is the simplified acquisition threshold or less, unless approved by the chief of the contracting office.

Subpart 16.3 - Cost-Reimbursement Contracts

16.301 General.

16.301-1 Description.

Cost-reimbursement types of contracts provide for payment of allowable incurred costs, to the extent prescribed in the contract. These contracts establish an estimate of total cost for the purpose of obligating funds and establishing a ceiling that the contractor may not exceed (except at its own risk) without the approval of the contracting officer.

16.301-2 Application.

(a) The contracting officer shall use cost-reimbursement contracts only when-

(1) Circumstances do not allow the agency to define its requirements sufficiently to allow for a fixed-price type contract (see [7.105](#)); or

(2) Uncertainties involved in contract performance do not permit costs to be estimated with sufficient accuracy to use any type of fixed-price contract.

(b) The contracting officer shall document the rationale for selecting the contract type in the written acquisition plan and ensure that the plan is approved and signed at least one level above the contracting officer (see [7.103\(j\)](#) and [7.105](#)).

16.301-3 Limitations.

(a) A cost-reimbursement contract may be used only when

(1) The factors in [16.104](#) have been considered;

(2) A written acquisition plan has been approved and signed at least one level above the contracting officer;

(3) The contractor's accounting system is adequate for determining costs applicable to the contract or order; and

(4) Prior to award of the contract or order, adequate Government resources are available to award and manage a contract other than firm-fixed-priced (see [7.104\(e\)](#)). This includes appropriate Government surveillance during performance in accordance with [1.602-2](#), to provide reasonable assurance that efficient methods and effective cost controls are used.

(b) The use of cost-reimbursement contracts is prohibited for the acquisition of commercial products and commercial services (see [parts 2](#) and [12](#)).

16.302 Cost contracts.

(a) *Description.* A cost contract is a cost-reimbursement contract in which the contractor receives no fee.

(b) *Application.* A cost contract may be appropriate for research and development work, particularly with nonprofit educational institutions or other nonprofit organizations.

(c) *Limitations.* See [16.301-3](#).

16.303 Cost-sharing contracts.

(a) *Description.* A cost-sharing contract is a cost-reimbursement contract in which the contractor receives no fee and is reimbursed only for an agreed-upon portion of its allowable costs.

(b) *Application.* A cost-sharing contract may be used when the contractor agrees to absorb a portion of the costs, in the expectation of substantial compensating benefits.

(c) *Limitations.* See [16.301-3](#).

16.304 Cost-plus-incentive-fee contracts.

A cost-plus-incentive-fee contract is a cost-reimbursement contract that provides for an initially negotiated fee to be adjusted later by a formula based on the relationship of total allowable costs to total target costs. Cost-plus-incentive-fee contracts are covered in [subpart 16.4](#), Incentive Contracts. See [16.405-1](#) for a more complete description and discussion of application of these contracts. See [16.301-3](#) for limitations.

16.305 Cost-plus-award-fee contracts.

A cost-plus-award-fee contract is a cost-reimbursement contract that provides for a fee consisting of (a) a base amount (which may be zero) fixed at inception of the contract and (b) an award amount, based upon a judgmental evaluation by the Government, sufficient to provide motivation for excellence in contract performance. cost-plus-award-fee contracts are

covered in [subpart 16.4](#), Incentive Contracts. See [16.401\(e\)](#) for a more complete description and discussion of the application of these contracts. See [16.301-3](#) and [16.401\(e\)\(5\)](#) for limitations.

16.306 Cost-plus-fixed-fee contracts.

(a) *Description.* A cost-plus-fixed-fee contract is a cost-reimbursement contract that provides for payment to the contractor of a negotiated fee that is fixed at the inception of the contract. The fixed fee does not vary with actual cost, but may be adjusted as a result of changes in the work to be performed under the contract. This contract type permits contracting for efforts that might otherwise present too great a risk to contractors, but it provides the contractor only a minimum incentive to control costs.

(b) *Application.* (1) A cost-plus-fixed-fee contract is suitable for use when the conditions of [16.301-2](#) are present and, for example-

(i) The contract is for the performance of research or preliminary exploration or study, and the level of effort required is unknown; or

(ii) The contract is for development and test, and using a cost-plus-incentive-fee contract is not practical.

(2) A cost-plus-fixed-fee contract normally should not be used in development of major systems (see [part 34](#)) once preliminary exploration, studies, and risk reduction have indicated a high degree of probability that the development is achievable and the Government has established reasonably firm performance objectives and schedules.

(c) *Limitations.* No cost-plus-fixed-fee contract shall be awarded unless the contracting officer complies with all limitations in [15.404-4\(c\)\(4\)\(i\)](#) and [16.301-3](#).

(d) *Completion and term forms.* A cost-plus-fixed-fee contract may take one of two basic forms-completion or term.

(1) The completion form describes the scope of work by stating a definite goal or target and specifying an end product. This form of contract normally requires the contractor to complete and deliver the specified end product (e.g., a final report of research accomplishing the goal or target) within the estimated cost, if possible, as a condition for payment of the entire fixed fee. However, in the event the work cannot be completed within the estimated cost, the Government may require more effort without increase in fee, provided the Government increases the estimated cost.

(2) The term form describes the scope of work in general terms and obligates the contractor to devote a specified level of effort for a stated time period. Under this form, if the performance is considered satisfactory by the Government, the fixed fee is payable at the expiration of the agreed-upon period, upon contractor statement that the level of effort specified in the contract has been expended in performing the contract work. Renewal for further periods of performance is a new acquisition that involves new cost and fee arrangements.

(3) Because of the differences in obligation assumed by the contractor, the completion form is preferred over the term form whenever the work, or specific milestones for the work, can be defined well enough to permit development of estimates within which the contractor can be expected to complete the work.

(4) The term form shall not be used unless the contractor is obligated by the contract to provide a specific level of effort within a definite time period.

16.307 Contract clauses.

(a) (1) The contracting officer shall insert the clause at [52.216-7](#), Allowable Cost and Payment, in solicitations and contracts when a cost-reimbursement contract or a time-and-materials contract (other than a contract for a commercial product or commercial service) is contemplated. If the contract is a time-and-materials contract, the clause at [52.216-7](#) applies in conjunction with the clause at [52.232-7](#), but only to the portion of the contract that provides for reimbursement of materials (as defined in the clause at [52.232-7](#)) at actual cost. Further, the clause at [52.216-7](#) does not apply to labor-hour contracts.

(2) If the contract is a construction contract and contains the clause at [52.232-7](#), Prompt Payment for Construction Contracts, the contracting officer shall use the clause at [52.216-7](#) with its Alternate I.

(3) If the contract is with an educational institution, the contracting officer shall use the clause at [52.216-7](#) with its Alternate II.

(4) If the contract is with a State or local government, the contracting officer shall use the clause at [52.216-7](#) with its Alternate III.

(5) If the contract is with a nonprofit organization other than an educational institution, a State or local government, or a nonprofit organization exempted under the OMB Uniform Guidance at 2 CFR part 200, appendix VIII, the contracting officer shall use the clause at [52.216-7](#) with its Alternate IV.

(b) The contracting officer shall insert the clause at [52.216-8](#), Fixed Fee, in solicitations and contracts when a cost-plus-fixed-fee contract (other than a construction contract) is contemplated.

(c) The contracting officer shall insert the clause at [52.216-9](#), Fixed-Fee-Construction, in solicitations and contracts when a cost-plus-fixed-fee construction contract is contemplated.

(d) The contracting officer shall insert the clause at [52.216-10](#), Incentive Fee, in solicitations and contracts when a cost-plus-incentive-fee contract is contemplated.

(e) (1) The contracting officer shall insert the clause at [52.216-11](#), Cost Contract-No Fee, in solicitations and contracts when a cost-reimbursement contract is contemplated that provides no fee and is not a cost-sharing contract.

(2) If a cost-reimbursement research and development contract with an educational institution or a nonprofit organization that provides no fee or other payment above cost and is not a cost-sharing contract is contemplated, and if the contracting officer determines that withholding of a portion of allowable costs is not required, the contracting officer shall use the clause with its Alternate I.

(f) (1) The contracting officer shall insert the clause at [52.216-12](#), Cost-Sharing Contract-No Fee, in solicitations and contracts when a cost-sharing contract is contemplated.

(2) If a cost-sharing research and development contract with an educational institution or a nonprofit organization is contemplated, and if the contracting officer determines that withholding of a portion of allowable costs is not required, the contracting officer shall use the clause with its Alternate I.

(g) The contracting officer shall insert the clause at [52.216-15](#), Predetermined Indirect Cost Rates, in solicitations and contracts when a cost-reimbursement research and development contract with an educational institution (see [42.705-3\(b\)](#)) is contemplated and predetermined indirect cost rates are to be used.

This page intentionally left blank.

Subpart 16.4 - Incentive Contracts

16.401 General.

(a) Incentive contracts as described in this subpart are appropriate when a firm-fixed-price contract is not appropriate and the required supplies or services can be acquired at lower costs and, in certain instances, with improved delivery or technical performance, by relating the amount of profit or fee payable under the contract to the contractor's performance. Incentive contracts are designed to obtain specific acquisition objectives by-

- (1) Establishing reasonable and attainable targets that are clearly communicated to the contractor; and
- (2) Including appropriate incentive arrangements designed to-
 - (i) motivate contractor efforts that might not otherwise be emphasized; and
 - (ii) discourage contractor inefficiency and waste.

(b) When predetermined, formula-type incentives on technical performance or delivery are included, increases in profit or fee are provided only for achievement that surpasses the targets, and decreases are provided for to the extent that such targets are not met. The incentive increases or decreases are applied to performance targets rather than minimum performance requirements.

(c) The two basic categories of incentive contracts are fixed-price incentive contracts (see [16.403](#) and [16.404](#)) and cost-reimbursement incentive contracts (see [16.405](#)). Since it is usually to the Government's advantage for the contractor to assume substantial cost responsibility and an appropriate share of the cost risk, fixed-price incentive contracts are preferred when contract costs and performance requirements are reasonably certain. Cost-reimbursement incentive contracts are subject to the overall limitations in [16.301](#) that apply to all cost-reimbursement contracts.

(d) A determination and finding, signed by the head of the contracting activity, shall be completed for all incentive- and award-fee contracts justifying that the use of this type of contract is in the best interest of the Government. This determination shall be documented in the contract file and, for award-fee contracts, shall address all of the suitability items in [16.401\(e\)\(1\)](#).

(e) Award-fee contracts are a type of incentive contract.

(1) *Application*. An award-fee contract is suitable for use when-

- (i) The work to be performed is such that it is neither feasible nor effective to devise predetermined objective incentive targets applicable to cost, schedule, and technical performance;
- (ii) The likelihood of meeting acquisition objectives will be enhanced by using a contract that effectively motivates the contractor toward exceptional performance and provides the Government with the flexibility to evaluate both actual performance and the conditions under which it was achieved; and
- (iii) Any additional administrative effort and cost required to monitor and evaluate performance are justified by the expected benefits as documented by a risk and cost benefit analysis to be included in the Determination and Findings referenced in [16.401\(e\)\(5\)\(iii\)](#).

(2) *Award-fee amount*. The amount of award fee earned shall be commensurate with the contractor's overall cost, schedule, and technical performance as measured against contract requirements in accordance with the criteria stated in the award-fee plan. Award fee shall not be earned if the contractor's overall cost, schedule, and technical performance in the aggregate is below satisfactory. The basis for all award-fee determinations shall be documented in the contract file to include, at a minimum, a determination that overall cost, schedule and technical performance in the aggregate is or is not at a satisfactory level. This determination and the methodology for determining the award fee are unilateral decisions made solely at the discretion of the Government.

(3) *Award-fee plan*. All contracts providing for award fees shall be supported by an award-fee plan that establishes the procedures for evaluating award fee and an Award-Fee Board for conducting the award-fee evaluation. Award-fee plans shall-

- (i) Be approved by the FDO unless otherwise authorized by agency procedures;
- (ii) Identify the award-fee evaluation criteria and how they are linked to acquisition objectives which shall be defined in terms of contract cost, schedule, and technical performance. Criteria should motivate the contractor to enhance performance in the areas rated, but not at the expense of at least minimum acceptable performance in all other areas;
- (iii) Describe how the contractor's performance will be measured against the award-fee evaluation criteria;
- (iv) Utilize the adjectival rating and associated description as well as the award-fee pool earned percentages shown below in Table 16-1. Contracting officers may supplement the adjectival rating description. The method used to determine the adjectival rating must be documented in the award-fee plan;

Table 16-1

Award-Fee Adjectival Rating	Award-Fee Pool Available To Be Earned	Description
Excellent	91%-100%	Contractor has exceeded almost all of the significant award-fee criteria and has met overall cost, schedule, and technical performance requirements of the contract in the aggregate as defined and measured against the criteria in the award-fee plan for the award-fee evaluation period.
Very Good	76%-90%	Contractor has exceeded many of the significant award-fee criteria and has met overall cost, schedule, and technical performance requirements of the contract in the aggregate as defined and measured against the criteria in the award-fee plan for the award-fee evaluation period.
Good	51%-75%	Contractor has exceeded some of the significant award-fee criteria and has met overall cost, schedule, and technical performance requirements of the contract in the aggregate as defined and measured against the criteria in the award-fee plan for the award-fee evaluation period.
Satisfactory	No Greater Than 50%	Contractor has met overall cost, schedule, and technical performance requirements of the contract in the aggregate as defined and measured against the criteria in the award-fee plan for the award-fee evaluation period.
Unsatisfactory	0%	Contractor has failed to meet overall cost, schedule, and technical performance requirements of the contract in the aggregate as defined and measured against the criteria in the award-fee plan for the award-fee evaluation period.

(v) Prohibit earning any award fee when a contractor's overall cost, schedule, and technical performance in the aggregate is below satisfactory;

(vi) Provide for evaluation period(s) to be conducted at stated intervals during the contract period of performance so that the contractor will periodically be informed of the quality of its performance and the areas in which improvement is expected (*e.g.* six months, nine months, twelve months, or at specific milestones); and

(vii) Define the total award-fee pool amount and how this amount is allocated across each evaluation period.

(4) *Rollover of unearned award fee.* The use of rollover of unearned award fee is prohibited.

(5) *Limitations.* No award-fee contract shall be awarded unless-

(i) All of the limitations in [16.301-3](#), that are applicable to cost-reimbursement contracts only, are complied with;

(ii) An award-fee plan is completed in accordance with the requirements in [16.401\(e\)\(3\)](#); and

(iii) A determination and finding is completed in accordance with [16.401\(d\)](#) addressing all of the suitability items in [16.401\(e\)\(1\)](#).

(f) *Incentive- and Award-Fee Data Collection and Analysis.* Each agency shall collect relevant data on award fee and incentive fees paid to contractors and include performance measures to evaluate such data on a regular basis to determine effectiveness of award and incentive fees as a tool for improving contractor performance and achieving desired program outcomes. This information should be considered as part of the acquisition planning process (see [7.105](#)) in determining the appropriate type of contract to be utilized for future acquisitions.

(g) *Incentive- and Award-Fee Best Practices.* Each agency head shall provide mechanisms for sharing proven incentive strategies for the acquisition of different types of products and services among contracting and program management officials.

16.402 Application of predetermined, formula-type incentives.

16.402-1 Cost incentives.

(a) Most incentive contracts include only cost incentives, which take the form of a profit or fee adjustment formula and are intended to motivate the contractor to effectively manage costs. No incentive contract may provide for other incentives without also providing a cost incentive (or constraint).

(b) Except for award-fee contracts (see [16.404](#) and [16.401\(e\)](#)), incentive contracts include a target cost, a target profit or fee, and a profit or fee adjustment formula that (within the constraints of a price ceiling or minimum and maximum fee) provides that-

- (1) Actual cost that meets the target will result in the target profit or fee;
- (2) Actual cost that exceeds the target will result in downward adjustment of target profit or fee; and
- (3) Actual cost that is below the target will result in upward adjustment of target profit or fee.

16.402-2 Performance incentives.

(a) Performance incentives may be considered in connection with specific product characteristics (*e.g.*, a missile range, an aircraft speed, an engine thrust, or a vehicle maneuverability) or other specific elements of the contractor's performance. These incentives should be designed to relate profit or fee to results achieved by the contractor, compared with specified targets.

(b) To the maximum extent practicable, positive and negative performance incentives shall be considered in connection with service contracts for performance of objectively measurable tasks when quality of performance is critical and incentives are likely to motivate the contractor.

(c) Technical performance incentives may be particularly appropriate in major systems contracts, both in development (when performance objectives are known and the fabrication of prototypes for test and evaluation is required) and in production (if improved performance is attainable and highly desirable to the Government).

(d) Technical performance incentives may involve a variety of specific characteristics that contribute to the overall performance of the end item. Accordingly, the incentives on individual technical characteristics must be balanced so that no one of them is exaggerated to the detriment of the overall performance of the end item.

(e) Performance tests and/or assessments of work performance are generally essential in order to determine the degree of attainment of performance targets. Therefore, the contract must be as specific as possible in establishing test criteria (such as testing conditions, instrumentation precision, and data interpretation) and performance standards (such as the quality levels of services to be provided).

(f) Because performance incentives present complex problems in contract administration, the contracting officer should negotiate them in full coordination with Government engineering and pricing specialists.

(g) It is essential that the Government and contractor agree explicitly on the effect that contract changes (*e.g.*, pursuant to the Changes clause) will have on performance incentives.

(h) The contracting officer must exercise care, in establishing performance criteria, to recognize that the contractor should not be rewarded or penalized for attainments of Government-furnished components.

16.402-3 Delivery incentives.

(a) Delivery incentives should be considered when improvement from a required delivery schedule is a significant Government objective. It is important to determine the Government's primary objectives in a given contract (*e.g.*, earliest possible delivery or earliest quantity production).

(b) Incentive arrangements on delivery should specify the application of the reward-penalty structure in the event of Government-caused delays or other delays beyond the control, and without the fault or negligence, of the contractor or subcontractor.

16.402-4 Structuring multiple-incentive contracts.

A properly structured multiple-incentive arrangement should-

(a) Motivate the contractor to strive for outstanding results in all incentive areas; and

(b) Compel trade-off decisions among the incentive areas, consistent with the Government's overall objectives for the acquisition. Because of the interdependency of the Government's cost, the technical performance, and the delivery goals, a contract that emphasizes only one of the goals may jeopardize control over the others. Because outstanding results may not be attainable for each of the incentive areas, all multiple-incentive contracts must include a cost incentive (or constraint) that operates to preclude rewarding a contractor for superior technical performance or delivery results when the cost of those results outweighs their value to the Government.

16.403 Fixed-price incentive contracts.

(a) *Description.* A fixed-price incentive contract is a fixed-price contract that provides for adjusting profit and establishing the final contract price by application of a formula based on the relationship of total final negotiated cost to total target cost.

The final price is subject to a price ceiling, negotiated at the outset. The two forms of fixed-price incentive contracts, firm target and successive targets, are further described in [16.403-1](#) and [16.403-2](#) below.

(b) *Application.* A fixed-price incentive contract is appropriate when-

(1) A firm-fixed-price contract is not suitable;

(2) The nature of the supplies or services being acquired and other circumstances of the acquisition are such that the contractor's assumption of a degree of cost responsibility will provide a positive profit incentive for effective cost control and performance; and

(3) If the contract also includes incentives on technical performance and/or delivery, the performance requirements provide a reasonable opportunity for the incentives to have a meaningful impact on the contractor's management of the work.

(c) *Billing prices.* In fixed-price incentive contracts, billing prices are established as an interim basis for payment. These billing prices may be adjusted, within the ceiling limits, upon request of either party to the contract, when it becomes apparent that final negotiated cost will be substantially different from the target cost.

16.403-1 Fixed-price incentive (firm target) contracts.

(a) *Description.* A fixed-price incentive (firm target) contract specifies a target cost, a target profit, a price ceiling (but not a profit ceiling or floor), and a profit adjustment formula. These elements are all negotiated at the outset. The price ceiling is the maximum that may be paid to the contractor, except for any adjustment under other contract clauses. When the contractor completes performance, the parties negotiate the final cost, and the final price is established by applying the formula. When the final cost is less than the target cost, application of the formula results in a final profit greater than the target profit; conversely, when final cost is more than target cost, application of the formula results in a final profit less than the target profit, or even a net loss. If the final negotiated cost exceeds the price ceiling, the contractor absorbs the difference as a loss. Because the profit varies inversely with the cost, this contract type provides a positive, calculable profit incentive for the contractor to control costs.

(b) *Application.* A fixed-price incentive (firm target) contract is appropriate when the parties can negotiate at the outset a firm target cost, target profit, and profit adjustment formula that will provide a fair and reasonable incentive and a ceiling that provides for the contractor to assume an appropriate share of the risk. When the contractor assumes a considerable or major share of the cost responsibility under the adjustment formula, the target profit should reflect this responsibility.

(c) *Limitations.* This contract type may be used only when-

(1) The contractor's accounting system is adequate for providing data to support negotiation of final cost and incentive price revision; and

(2) Adequate cost or pricing information for establishing reasonable firm targets is available at the time of initial contract negotiation.

(d) *Contract schedule.* The contracting officer shall specify in the contract schedule the target cost, target profit, and target price for each item subject to incentive price revision.

16.403-2 Fixed-price incentive (successive targets) contracts.

(a) *Description.* (1) A fixed-price incentive (successive targets) contract specifies the following elements, all of which are negotiated at the outset:

(i) An initial target cost.

(ii) An initial target profit.

(iii) An initial profit adjustment formula to be used for establishing the firm target profit, including a ceiling and floor for the firm target profit. (This formula normally provides for a lesser degree of contractor cost responsibility than would a formula for establishing final profit and price.)

(iv) The production point at which the firm target cost and firm target profit will be negotiated (usually before delivery or shop completion of the first item).

(v) A ceiling price that is the maximum that may be paid to the contractor, except for any adjustment under other contract clauses providing for equitable adjustment or other revision of the contract price under stated circumstances.

(2) When the production point specified in the contract is reached, the parties negotiate the firm target cost, giving consideration to cost experience under the contract and other pertinent factors. The firm target profit is established by the formula. At this point, the parties have two alternatives, as follows:

(i) They may negotiate a firm fixed price, using the firm target cost plus the firm target profit as a guide.

(ii) If negotiation of a firm fixed price is inappropriate, they may negotiate a formula for establishing the final price using the firm target cost and firm target profit. The final cost is then negotiated at completion, and the final profit is established by formula, as under the fixed-price incentive (firm target) contract (see [16.403-1](#) above).

(b) *Application.* A fixed-price incentive (successive targets) contract is appropriate when-

(1) Available cost or pricing information is not sufficient to permit the negotiation of a realistic firm target cost and profit before award;

(2) Sufficient information is available to permit negotiation of initial targets; and

(3) There is reasonable assurance that additional reliable information will be available at an early point in the contract performance so as to permit negotiation of either (i) a firm fixed price or (ii) firm targets and a formula for establishing final profit and price that will provide a fair and reasonable incentive. This additional information is not limited to experience under the contract, itself, but may be drawn from other contracts for the same or similar items.

(c) *Limitations.* This contract type may be used only when-

(1) The contractor's accounting system is adequate for providing data for negotiating firm targets and a realistic profit adjustment formula, as well as later negotiation of final costs; and

(2) Cost or pricing information adequate for establishing a reasonable firm target cost is reasonably expected to be available at an early point in contract performance.

(d) *Contract schedule.* The contracting officer shall specify in the contract schedule the initial target cost, initial target profit, and initial target price for each item subject to incentive price revision.

16.404 Fixed-price contracts with award fees.

Award-fee provisions may be used in fixed-price contracts when the Government wishes to motivate a contractor and other incentives cannot be used because contractor performance cannot be measured objectively. Such contracts shall establish a fixed price (including normal profit) for the effort. This price will be paid for satisfactory contract performance. Award fee earned (if any) will be paid in addition to that fixed price. See [16.401\(e\)](#) for the requirements relative to utilizing this contract type.

16.405 Cost-reimbursement incentive contracts.

See [16.301](#) for requirements applicable to all cost-reimbursement contracts, for use in conjunction with the following subsections.

16.405-1 Cost-plus-incentive-fee contracts.

(a) *Description.* The cost-plus-incentive-fee contract is a cost-reimbursement contract that provides for the initially negotiated fee to be adjusted later by a formula based on the relationship of total allowable costs to total target costs. This contract type specifies a target cost, a target fee, minimum and maximum fees, and a fee adjustment formula. After contract performance, the fee payable to the contractor is determined in accordance with the formula. The formula provides, within limits, for increases in fee above target fee when total allowable costs are less than target costs, and decreases in fee below target fee when total allowable costs exceed target costs. This increase or decrease is intended to provide an incentive for the contractor to manage the contract effectively. When total allowable cost is greater than or less than the range of costs within which the fee-adjustment formula operates, the contractor is paid total allowable costs, plus the minimum or maximum fee.

(b) *Application.* (1) A cost-plus-incentive-fee contract is appropriate for services or development and test programs when-

(i) A cost-reimbursement contract is necessary (see [16.301-2](#)); and

(ii) A target cost and a fee adjustment formula can be negotiated that are likely to motivate the contractor to manage effectively.

(2) The contract may include technical performance incentives when it is highly probable that the required development of a major system is feasible and the Government has established its performance objectives, at least in general terms. This approach also may apply to other acquisitions, if the use of both cost and technical performance incentives is desirable and administratively practical.

(3) The fee adjustment formula should provide an incentive that will be effective over the full range of reasonably foreseeable variations from target cost. If a high maximum fee is negotiated, the contract shall also provide for a low minimum fee that may be a zero fee or, in rare cases, a negative fee.

(c) *Limitations.* No cost-plus-incentive-fee contract shall be awarded unless all limitations in [16.301-3](#) are complied with.

16.405-2 Cost-plus-award-fee contracts.

A cost-plus-award-fee contract is a cost-reimbursement contract that provides for a fee consisting of (1) a base amount fixed at inception of the contract, if applicable and at the discretion of the contracting officer, and (2) an award amount that the contractor may earn in whole or in part during performance and that is sufficient to provide motivation for excellence in the areas of cost, schedule, and technical performance. See [16.401\(e\)](#) for the requirements relative to utilizing this contract type.

16.406 Contract clauses.

(a) Insert the clause at [52.216-16](#), Incentive Price Revision-Firm Target, in solicitations and contracts when a fixed-price incentive (firm target) contract is contemplated. If the contract calls for supplies or services to be ordered under a provisioning document or Government option and the prices are to be subject to the incentive price revision under the clause, the contracting officer shall use the clause with its Alternate I.

(b) Insert the clause at [52.216-17](#), Incentive Price Revision-Successive Targets, in solicitations and contracts when a fixed-price incentive (successive targets) contract is contemplated. If the contract calls for supplies or services to be ordered under a provisioning document or Government option and the prices are to be subject to incentive price revision under the clause, the contracting officer shall use the clause with its Alternate I.

(c) The clause at [52.216-7](#), Allowable Cost and Payment, is prescribed in [16.307\(a\)](#) for insertion in solicitations and contracts when a cost-plus-incentive-fee contract or a cost-plus-award-fee contract is contemplated.

(d) The clause at [52.216-10](#), Incentive Fee, is prescribed in [16.307\(d\)](#) for insertion in solicitations and contracts when a cost-plus-incentive-fee contract is contemplated.

(e) Insert an appropriate award-fee clause in solicitations and contracts when an award-fee contract is contemplated, provided that the clause-

- (1) Is prescribed by or approved under agency acquisition regulations;
- (2) Is compatible with the clause at [52.216-7](#), Allowable Cost and Payment; and
- (3) Expressly provides that the award amount and the award-fee determination methodology are unilateral decisions made solely at the discretion of the Government.

Subpart 16.5 - Indefinite-Delivery Contracts

16.500 Scope of subpart.

(a) This subpart prescribes policies and procedures for making awards of indefinite-delivery contracts and establishes a preference for making multiple awards of indefinite-quantity contracts.

(b) This subpart does not limit the use of other than competitive procedures authorized by [part 6](#).

(c) Nothing in this subpart restricts the authority of the General Services Administration (GSA) to enter into schedule, multiple award, or task or delivery order contracts under any other provision of law. Therefore, GSA regulations and the coverage for the Federal Supply Schedule program in [subpart 8.4](#) and [part 38](#) take precedence over this subpart.

(d) The statutory multiple award preference implemented by this subpart does not apply to architect-engineer contracts subject to the procedures in [subpart 36.6](#). However, agencies are not precluded from making multiple awards for architect-engineer services using the procedures in this subpart, provided the selection of contractors and placement of orders are consistent with [subpart 36.6](#).

(e) See [subpart 19.5](#) for procedures to set aside part or parts of multiple-award contracts for small businesses; to reserve one or more awards for small business on multiple-award contracts; and to set aside orders for small businesses under multiple-award contracts.

16.501 [Reserved]

16.501-1 Definitions.

As used in this subpart-

Delivery-order contract means a contract for supplies that does not procure or specify a firm quantity of supplies (other than a minimum or maximum quantity) and that provides for the issuance of orders for the delivery of supplies during the period of the contract.

Task-order contract means a contract for services that does not procure or specify a firm quantity of services (other than a minimum or maximum quantity) and that provides for the issuance of orders for the performance of tasks during the period of the contract.

16.501-2 General.

(a) There are three types of indefinite-delivery contracts: definite-quantity contracts, requirements contracts, and indefinite-quantity contracts. The appropriate type of indefinite-delivery contract may be used to acquire supplies and/or services when the exact times and/or exact quantities of future deliveries are not known at the time of contract award. Pursuant to [10 U.S.C. 3401](#) and [41 U.S.C. 4101](#), requirements contracts and indefinite-quantity contracts are also known as delivery-order contracts or task-order contracts.

(b) The various types of indefinite-delivery contracts offer the following advantages:

(1) All three types permit-

- (i) Government stocks to be maintained at minimum levels; and
- (ii) Direct shipment to users.

(2) Indefinite-quantity contracts and requirements contracts also permit-

- (i) Flexibility in both quantities and delivery scheduling; and
- (ii) Ordering of supplies or services after requirements materialize.

(3) Indefinite-quantity contracts limit the Government's obligation to the minimum quantity specified in the contract.

(4) Requirements contracts may permit faster deliveries when production lead time is involved, because contractors are usually willing to maintain limited stocks when the Government will obtain all of its actual purchase requirements from the contractor.

(c) Indefinite-delivery contracts may provide for any appropriate cost or pricing arrangement under [part 16](#). Cost or pricing arrangements that provide for an estimated quantity of supplies or services (e.g., estimated number of labor hours) must comply with the appropriate procedures of this subpart.

16.502 Definite-quantity contracts.

(a) *Description*. A definite-quantity contract provides for delivery of a definite quantity of specific supplies or services for a fixed period, with deliveries or performance to be scheduled at designated locations upon order.

(b) *Application*. A definite-quantity contract may be used when it can be determined in advance that-

- (1) A definite quantity of supplies or services will be required during the contract period; and
- (2) The supplies or services are regularly available or will be available after a short lead time.

16.503 Requirements contracts.

(a) *Description.* A requirements contract provides for filling all actual purchase requirements of designated Government activities for supplies or services during a specified contract period (from one contractor), with deliveries or performance to be scheduled by placing orders with the contractor.

(1) For the information of offerors and contractors, the contracting officer shall state a realistic estimated total quantity in the solicitation and resulting contract. This estimate is not a representation to an offeror or contractor that the estimated quantity will be required or ordered, or that conditions affecting requirements will be stable or normal. The contracting officer may obtain the estimate from records of previous requirements and consumption, or by other means, and should base the estimate on the most current information available.

(2) The contract shall state, if feasible, the maximum limit of the contractor's obligation to deliver and the Government's obligation to order. The contract may also specify maximum or minimum quantities that the Government may order under each individual order and the maximum that it may order during a specified period of time.

(b) *Application.* (1) A requirements contract may be appropriate for acquiring any supplies or services when the Government anticipates recurring requirements but cannot predetermine the precise quantities of supplies or services that designated Government activities will need during a definite period.

(2) No requirements contract in an amount estimated to exceed \$100 million (including all options) may be awarded to a single source unless a determination is executed in accordance with [16.504\(c\)\(1\)\(ii\)\(D\)](#).

(c) *Government property furnished for repair.* When a requirements contract is used to acquire work (e.g., repair, modification, or overhaul) on existing items of Government property, the contracting officer shall specify in the Schedule that failure of the Government to furnish such items in the amounts or quantities described in the Schedule as "estimated" or "maximum" will not entitle the contractor to any equitable adjustment in price under the Government Property clause of the contract.

(d) Limitations on use of requirements contracts for advisory and assistance services. (1) Except as provided in paragraph (d)(2) of this section, no solicitation for a requirements contract for advisory and assistance services in excess of three years and \$15 million (including all options) may be issued unless the contracting officer or other official designated by the head of the agency determines in writing that the services required are so unique or highly specialized that it is not practicable to make multiple awards using the procedures in [16.504](#).

(2) The limitation in paragraph (d)(1) of this section is not applicable to an acquisition of supplies or services that includes the acquisition of advisory and assistance services, if the contracting officer or other official designated by the head of the agency determines that the advisory and assistance services are necessarily incident to, and not a significant component of, the contract.

16.504 Indefinite-quantity contracts.

(a) *Description.* An indefinite-quantity contract provides for an indefinite quantity, within stated limits, of supplies or services during a fixed period. The Government places orders for individual requirements. Quantity limits may be stated as number of units or as dollar values.

(1) The contract must require the Government to order and the contractor to furnish at least a stated minimum quantity of supplies or services. In addition, if ordered, the contractor must furnish any additional quantities, not to exceed the stated maximum. The contracting officer should establish a reasonable maximum quantity based on market research, trends on recent contracts for similar supplies or services, survey of potential users, or any other rational basis.

(2) To ensure that the contract is binding, the minimum quantity must be more than a nominal quantity, but it should not exceed the amount that the Government is fairly certain to order.

(3) The contract may also specify maximum or minimum quantities that the Government may order under each task or delivery order and the maximum that it may order during a specific period of time.

(4) A solicitation and contract for an indefinite quantity must-

(i) Specify the period of the contract, including the number of options and the period for which the Government may extend the contract under each option;

(ii) Specify the total minimum and maximum quantity of supplies or services the Government will acquire under the contract;

(iii) Include a statement of work, specifications, or other description, that reasonably describes the general scope, nature, complexity, and purpose of the supplies or services the Government will acquire under the contract in a manner that will enable a prospective offeror to decide whether to submit an offer;

(iv) State the procedures that the Government will use in issuing orders, including the ordering media, and, if multiple awards may be made, state the procedures and selection criteria that the Government will use to provide awardees a fair opportunity to be considered for each order (see [16.505\(b\)\(1\)](#));

(v) Include a description of the activities authorized to issue orders; and

(vi) Include authorization for placing oral orders, if appropriate, provided that the Government has established procedures for obligating funds and that oral orders are confirmed in writing.

(b) *Application.* Contracting officers may use an indefinite-quantity contract when the Government cannot predetermine, above a specified minimum, the precise quantities of supplies or services that the Government will require during the contract period, and it is inadvisable for the Government to commit itself for more than a minimum quantity. The contracting officer should use an indefinite-quantity contract only when a recurring need is anticipated.

(c) Multiple award preference- (1) Planning the acquisition. (i) Except for indefinite-quantity contracts for advisory and assistance services as provided in paragraph (c)(2) of this section, the contracting officer must, to the maximum extent practicable, give preference to making multiple awards of indefinite-quantity contracts under a single solicitation for the same or similar supplies or services to two or more sources.

(ii) (A) The contracting officer must determine whether multiple awards are appropriate as part of acquisition planning. The contracting officer must avoid situations in which awardees specialize exclusively in one or a few areas within the statement of work, thus creating the likelihood that orders in those areas will be awarded on a sole-source basis; however, each awardee need not be capable of performing every requirement as well as any other awardee under the contracts. The contracting officer should consider the following when determining the number of contracts to be awarded:

(1) The scope and complexity of the contract requirement.

(2) The expected duration and frequency of task or delivery orders.

(3) The mix of resources a contractor must have to perform expected task or delivery order requirements.

(4) The ability to maintain competition among the awardees throughout the contracts' period of performance.

(B) The contracting officer must not use the multiple award approach if-

(1) Only one contractor is capable of providing performance at the level of quality required because the supplies or services are unique or highly specialized;

(2) Based on the contracting officer's knowledge of the market, more favorable terms and conditions, including pricing, will be provided if a single award is made;

(3) The expected cost of administration of multiple contracts outweighs the expected benefits of making multiple awards;

(4) The projected task orders are so integrally related that only a single contractor can reasonably perform the work;

(5) The total estimated value of the contract is at or below the simplified acquisition threshold; or

(6) Multiple awards would not be in the best interests of the Government.

(C) The contracting officer must document the decision whether or not to use multiple awards in the acquisition plan or contract file. The contracting officer may determine that a class of acquisitions is not appropriate for multiple awards (see subpart [1.7](#)).

(D) (1) No task or delivery order contract in an amount estimated to exceed \$100 million (including all options) may be awarded to a single source unless the head of the agency determines in writing that-

(i) The task or delivery orders expected under the contract are so integrally related that only a single source can reasonably perform the work;

(ii) The contract provides only for firm-fixed price (see [16.202](#)) task or delivery orders for-

(A) Products for which unit prices are established in the contract; or

(B) Services for which prices are established in the contract for the specific tasks to be performed;

(iii) Only one source is qualified and capable of performing the work at a reasonable price to the Government; or

(iv) It is necessary in the public interest to award the contract to a single source due to exceptional circumstances.

(2) The head of the agency must notify Congress within 30 days after any determination under paragraph (c) (1)(ii)(D)(I)(iv) of this section.

(3) The requirement for a determination for a single-award contract greater than \$100 million-

(i) Is in addition to any applicable requirements of subpart [6.3](#); and

(ii) Is not applicable for architect-engineer services awarded pursuant to subpart [36.6](#).

(2) Contracts for advisory and assistance services. (i) Except as provided in paragraph (c)(2)(ii) of this section, if an indefinite-quantity contract for advisory and assistance services exceeds 3 years and \$15 million, including all options, the contracting officer must make multiple awards unless-

(A) The contracting officer or other official designated by the head of the agency determines in writing, as part of acquisition planning, that multiple awards are not practicable. The contracting officer or other official must determine that only one contractor can reasonably perform the work because either the scope of work is unique or highly specialized or the tasks so integrally related;

(B) The contracting officer or other official designated by the head of the agency determines in writing, after the evaluation of offers, that only one offeror is capable of providing the services required at the level of quality required; or

(C) Only one offer is received.

(ii) The requirements of paragraph (c)(2)(i) of this section do not apply if the contracting officer or other official designated by the head of the agency determines that the advisory and assistance services are incidental and not a significant component of the contract.

16.505 Ordering.

(a) *General.* (1) In general, the contracting officer does not synopsise orders under indefinite-delivery contracts; except see [16.505\(a\)\(4\)](#) and (11), and [16.505\(b\)\(2\)\(ii\)\(D\)](#).

(2) Individual orders shall clearly describe all services to be performed or supplies to be delivered so the full cost or price for the performance of the work can be established when the order is placed. Orders shall be within the scope, issued within the period of performance, and be within the maximum value of the contract.

(3) Performance-based acquisition methods must be used to the maximum extent practicable, if the contract or order is for services (see [37.102\(a\)](#) and subpart [37.6](#)).

(4) The following requirements apply when procuring items peculiar to one manufacturer:

(i) The contracting officer must justify restricting consideration to an item peculiar to one manufacturer (e.g., a particular brand-name, product, or a feature of a product that is peculiar to one manufacturer). A brand-name item, even if available on more than one contract, is an item peculiar to one manufacturer. Brand-name specifications shall not be used unless the particular brand-name, product, or feature is essential to the Government's requirements and market research indicates other companies' similar products, or products lacking the particular feature, do not meet, or cannot be modified to meet, the agency's needs.

(ii) Requirements for use of items peculiar to one manufacturer shall be justified and approved using the format(s) and requirements from paragraphs (b)(2)(ii)(A), (B), and (C) of this section, modified to show the brand-name justification. A justification is required unless a justification covering the requirements in the order was previously approved for the contract in accordance with [6.302-1\(c\)](#) or unless the base contract is a single-award contract awarded under full and open competition. Justifications for the use of brand-name specifications must be completed and approved at the time the requirement for a brand-name is determined.

(iii) (A) For an order in excess of \$30,000, the contracting officer shall—

(1) Post the justification and supporting documentation on the agency website used (if any) to solicit offers for orders under the contract; or

(2) Provide the justification and supporting documentation along with the solicitation to all contract awardees.

(B) The justifications for brand-name acquisitions may apply to the portion of the acquisition requiring the brand-name item. If the justification is to cover only the portion of the acquisition which is brand-name, then it should so state; the approval level requirements will then only apply to that portion.

(C) The requirements in paragraph (a)(4)(iii)(A) of this section do not apply when disclosure would compromise the national security (e.g., would result in disclosure of classified information) or create other security risks.

(D) The justification is subject to the screening requirement in paragraph (b)(2)(ii)(D)(4) of this section.

(5) When acquiring information technology and related services, consider the use of modular contracting to reduce program risk (see [39.103\(a\)](#)).

(6) Orders may be placed by using any medium specified in the contract.

(7) Orders placed under indefinite-delivery contracts must contain the following information:

(i) Date of order.

- (ii) Contract number and order number.
 - (iii) For supplies and services, line item number, subline item number (if applicable), description, quantity, and unit price or estimated cost and fee (as applicable). The corresponding line item number and subline item number from the base contract shall also be included.
 - (iv) Delivery or performance schedule.
 - (v) Place of delivery or performance (including consignee).
 - (vi) Any packaging, packing, and shipping instructions.
 - (vii) Accounting and appropriation data.
 - (viii) Method of payment and payment office, if not specified in the contract (see [32.1110\(e\)](#)).
 - (ix) North American Industry Classification System code (see [19.102\(b\)\(3\)](#)).
- (8) Orders placed under a task-order contract or delivery-order contract awarded by another agency (*i.e.*, a Governmentwide acquisition contract, or multi-agency contract)—
- (i) Are not exempt from the development of acquisition plans (see subpart [7.1](#)), and an information technology acquisition strategy (see part 39);
 - (ii) May not be used to circumvent conditions and limitations imposed on the use of funds (*e.g.*, [31 U.S.C. 1501\(a\)\(1\)](#)); and
 - (iii) Shall comply with all FAR requirements for a consolidated or bundled contract when the order meets the definition at [2.101](#) of "consolidation" or "bundling".
- (9) In accordance with section 1427(b) of Public Law 108-136 ([40 U.S.C. 1103](#) note), orders placed under multi-agency contracts for services that substantially or to a dominant extent specify performance of architect-engineer services, as defined in [2.101](#), shall—
- (i) Be awarded using the procedures at subpart [36.6](#); and
 - (ii) Require the direct supervision of a professional architect or engineer licensed, registered or certified in the State, Federal District, or outlying area, in which the services are to be performed.
- (10) (i) No protest under subpart [33.1](#) is authorized in connection with the issuance or proposed issuance of an order under a task-order contract or delivery-order contract, except—
- (A) A protest on the grounds that the order increases the scope, period, or maximum value of the contract; or
 - (B) (1) For agencies other than DoD, NASA, and the Coast Guard, a protest of an order valued in excess of \$10 million ([41 U.S.C. 4106\(f\)](#)); or
 - (2) For DoD, NASA, or the Coast Guard, a protest of an order valued in excess of \$25 million ([10 U.S.C. 3406\(f\)](#)).
- (ii) Protests of orders in excess of the thresholds stated in [16.505\(a\)\(10\)\(i\)\(B\)](#) may only be filed with the Government Accountability Office, in accordance with the procedures at [33.104](#).
- (iii) For protests of small business size status for set-aside orders, see 19.302.
- (11) Publicize orders funded in whole or in part by the American Recovery and Reinvestment Act of 2009 (Pub. L. 111-5) as follows:
- (i) Notices of proposed orders shall follow the procedures in [5.704](#) for posting orders.
 - (ii) Award notices for orders shall follow the procedures in [5.705](#).
- (12) When using the Governmentwide commercial purchase card as a method of payment, orders at or below the micro-purchase threshold are exempt from verification in the System for Award Management as to whether the contractor has a delinquent debt subject to collection under the Treasury Offset Program (TOP).
- (b) *Orders under multiple-award contracts—*
- (1) *Fair opportunity.* (i) The contracting officer must provide each awardee a fair opportunity to be considered for each order exceeding the micro-purchase threshold issued under multiple delivery-order contracts or multiple task-order contracts, except—
 - (A) As provided for in paragraph (b)(2) of this section; or
 - (B) Orders issued under [19.504\(c\)\(1\)\(ii\)](#).
 - (ii) The contracting officer may exercise broad discretion in developing appropriate order placement procedures. The contracting officer should keep submission requirements to a minimum. Contracting officers may use streamlined procedures, including oral presentations. If the order does not exceed the simplified acquisition threshold, the contracting officer need not contact each of the multiple awardees under the contract before selecting an order awardee if the contracting officer has information available to ensure that each awardee is provided a fair opportunity to be considered for each order.

The competition requirements in part 6 and the policies in subpart [15.3](#) do not apply to the ordering process. However, the contracting officer shall—

- (A) Develop placement procedures that will provide each awardee a fair opportunity to be considered for each order and that reflect the requirement and other aspects of the contracting environment;
- (B) Not use any method (such as allocation or designation of any preferred awardee) that would not result in fair consideration being given to all awardees prior to placing each order;
- (C) Tailor the procedures to each acquisition;
- (D) Include the procedures in the solicitation and the contract;
- (E) Consider price or cost under each order as one of the factors in the selection decision;
- (F) Except for DoD, ensure the criteria at [15.101-2\(c\)\(1\)-\(5\)](#) are met when using the lowest price technically acceptable source selection process; and
- (G) Except for DoD, avoid using the lowest price technically acceptable source selection process to acquire certain supplies and services in accordance with [15.101-2\(d\)](#).

(iii) Orders exceeding the simplified acquisition threshold. (A) Each order exceeding the simplified acquisition threshold shall be placed on a competitive basis in accordance with paragraph (b)(1)(iii)(B) of this section, unless supported by a written determination that one of the circumstances described at [16.505\(b\)\(2\)\(i\)](#) applies to the order and the requirement is waived on the basis of a justification that is prepared in accordance with [16.505\(b\)\(2\)\(ii\)\(B\)](#);

(B) The contracting officer shall—

(1) Provide a fair notice of the intent to make a purchase, including a clear description of the supplies to be delivered or the services to be performed and the basis upon which the selection will be made to all contractors offering the required supplies or services under the multiple-award contract; and

(2) Afford all contractors responding to the notice a fair opportunity to submit an offer and have that offer fairly considered.

(iv) *Orders exceeding \$6 million.* For task or delivery orders in excess of \$6 million, the requirement to provide all awardees a fair opportunity to be considered for each order shall include, at a minimum—

- (A) A notice of the task or delivery order that includes a clear statement of the agency's requirements;
- (B) A reasonable response period;
- (C) Disclosure of the significant factors and subfactors, including cost or price, that the agency expects to consider in evaluating proposals, and their relative importance;
- (D) Where award is made on a best value basis, a written statement documenting the basis for award and the relative importance of quality and price or cost factors; and
- (E) An opportunity for a postaward debriefing in accordance with paragraph (b)(6) of this section.

(v) The contracting officer should consider the following when developing the procedures:

- (A) (1) Past performance on earlier orders under the contract, including quality, timeliness and cost control.
- (2) Potential impact on other orders placed with the contractor.
- (3) Minimum order requirements.
- (4) The amount of time contractors need to make informed business decisions on whether to respond to potential orders.

(5) Whether contractors could be encouraged to respond to potential orders by outreach efforts to promote exchanges of information, such as—

- (i) Seeking comments from two or more contractors on draft statements of work;
- (ii) Using a multiphased approach when effort required to respond to a potential order may be resource intensive (e.g., requirements are complex or need continued development), where all contractors are initially considered on price considerations (e.g., rough estimates), and other considerations as appropriate (e.g., proposed conceptual approach, past performance). The contractors most likely to submit the highest value solutions are then selected for one-on-one sessions with the Government to increase their understanding of the requirements, provide suggestions for refining requirements, and discuss risk reduction measures.

(B) Formal evaluation plans or scoring of quotes or offers are not required.

(2) *Exceptions to the fair opportunity process.* (i) The contracting officer shall give every awardee a fair opportunity to be considered for a delivery order or task order exceeding the micro-purchase threshold unless one of the following statutory exceptions applies:

(A) The agency need for the supplies or services is so urgent that providing a fair opportunity would result in unacceptable delays.

(B) Only one awardee is capable of providing the supplies or services required at the level of quality required because the supplies or services ordered are unique or highly specialized.

(C) The order must be issued on a sole-source basis in the interest of economy and efficiency because it is a logical follow-on to an order already issued under the contract, provided that all awardees were given a fair opportunity to be considered for the original order.

(D) It is necessary to place an order to satisfy a minimum guarantee.

(E) For orders exceeding the simplified acquisition threshold, a statute expressly authorizes or requires that the purchase be made from a specified source.

(F) In accordance with section 1331 of Public Law 111-240 ([15 U.S.C. 644\(r\)](#)), contracting officers may, at their discretion, set aside orders for any of the small business concerns identified in [19.000\(a\)\(3\)](#). When setting aside orders for small business concerns, the specific small business program eligibility requirements identified in [part 19](#) apply.

(G) For DoD, NASA, and the Coast Guard, the order satisfies one of the exceptions permitting the use of other than full and open competition listed in [6.302 \(10 U.S.C. 3406\(c\)\(5\)\)](#). The public interest exception shall not be used unless Congress is notified in accordance with [10 U.S.C. 3204\(a\)\(7\)](#).

(ii) The justification for an exception to fair opportunity shall be in writing as specified in paragraph (b)(2)(ii)(A) or (B) of this section. No justification is needed for the exception described in paragraph (b)(2)(i)(F) of this section.

(A) *Orders exceeding the micro-purchase threshold, but not exceeding the simplified acquisition threshold.*
The contracting officer shall document the basis for using an exception to the fair opportunity process. If the contracting officer uses the logical follow-on exception, the rationale shall describe why the relationship between the initial order and the follow-on is logical (*e.g.*, in terms of scope, period of performance, or value).

(B) Orders exceeding the simplified acquisition threshold. As a minimum, each justification shall include the following information and be approved in accordance with paragraph (b)(2)(ii)(C) of this section:

(1) Identification of the agency and the contracting activity, and specific identification of the document as a "Justification for an Exception to Fair Opportunity."

(2) Nature and/or description of the action being approved.

(3) A description of the supplies or services required to meet the agency's needs (including the estimated value).

(4) Identification of the exception to fair opportunity (see [16.505\(b\)\(2\)](#)) and the supporting rationale, including a demonstration that the proposed contractor's unique qualifications or the nature of the acquisition requires use of the exception cited. If the contracting officer uses the logical follow-on exception, the rationale shall describe why the relationship between the initial order and the follow-on is logical (*e.g.*, in terms of scope, period of performance, or value).

(5) A determination by the contracting officer that the anticipated cost to the Government will be fair and reasonable.

(6) Any other facts supporting the justification.

(7) A statement of the actions, if any, the agency may take to remove or overcome any barriers that led to the exception to fair opportunity before any subsequent acquisition for the supplies or services is made.

(8) The contracting officer's certification that the justification is accurate and complete to the best of the contracting officer's knowledge and belief.

(9) Evidence that any supporting data that is the responsibility of technical or requirements personnel (*e.g.*, verifying the Government's minimum needs or requirements or other rationale for an exception to fair opportunity) and which form a basis for the justification have been certified as complete and accurate by the technical or requirements personnel.

(10) A written determination by the approving official that one of the circumstances in paragraphs (b)(2)(i)(A) through (E) and (G) of this section applies to the order.

(C) Approval. (1) For proposed orders exceeding the simplified acquisition threshold, but not exceeding \$750,000, the ordering activity contracting officer's certification that the justification is accurate and complete to the best of the ordering activity contracting officer's knowledge and belief will serve as approval, unless a higher approval level is established in accordance with agency procedures.

(2) For a proposed order exceeding \$750,000, but not exceeding \$15 million, the justification must be approved by the advocate for competition of the activity placing the order, or by an official named in paragraph (b)(2)(ii)(C)(3) or (4) of this section. This authority is not delegable.

(3) For a proposed order exceeding \$15 million, but not exceeding \$75 million (or, for DoD, NASA, and the Coast Guard, not exceeding \$100 million), the justification must be approved by—

- (i) The head of the procuring activity placing the order;
- (ii) A designee who—
 - (A) If a member of the armed forces, is a general or flag officer;
 - (B) If a civilian, is serving in a position in a grade above GS-15 under the General Schedule (or in a comparable or higher position under another schedule); or
- (iii) An official named in paragraph (b)(2)(ii)(C)(4) of this section.
- (4) For a proposed order exceeding \$75 million (or, for DoD, NASA, and the Coast Guard, over \$100 million), the justification must be approved by the senior procurement executive of the agency placing the order. This authority is not delegable, except in the case of the Under Secretary of Defense for Acquisition and Sustainment, acting as the senior procurement executive for the Department of Defense.
- (D) Posting. (1) Except as provided in paragraph (b)(2)(ii)(D)(5) of this section, within 14 days after placing an order exceeding the simplified acquisition threshold that does not provide for fair opportunity in accordance with [16.505\(b\)](#), the contract officer shall—
 - (i) Publish a notice in accordance with [5.301](#); and
 - (ii) Make publicly available the justification required at of this section.
- (2) The justification shall be made publicly available—
 - (i) At the GPE <https://www.sam.gov>;
 - (ii) On the Web site of the agency, which may provide access to the justifications by linking to the GPE;
- and
 - (iii) Must remain posted for a minimum of 30 days.
- (3) In the case of an order permitted under paragraph (b)(2)(i)(A) of this section, the justification shall be posted within 30 days after award of the order.
- (4) Contracting officers shall carefully screen all justifications for contractor proprietary data and remove all such data, and such references and citations as are necessary to protect the proprietary data, before making the justifications available for public inspection. Contracting officers shall also be guided by the exemptions to disclosure of information contained in the Freedom of Information Act ([5 U.S.C. 552](#)) and the prohibitions against disclosure in [24.202](#) in determining whether other data should be removed. Although the submitter notice process set out in Executive Order 12600 "Predisclosure Notification Procedures for Confidential Commercial Information" does not apply, if the justification appears to contain proprietary data, the contracting officer should provide the contractor that submitted the information an opportunity to review the justification for proprietary data before making the justification available for public inspection, redacted as necessary. This process must not prevent or delay the posting of the justification in accordance with the timeframes required in paragraphs (b)(2)(ii)(D)(1) and (3) of this section.
- (5) The posting requirement of this section does not apply—
 - (i) When disclosure would compromise the national security (e.g., would result in disclosure of classified information) or create other security risks; or
 - (ii) To a small business set-aside under paragraph (b)(2)(i)(F)
- (3) *Pricing orders.* If the contract did not establish the price for the supply or service, the contracting officer must establish prices for each order using the policies and methods in subpart [15.4](#).
- (4) *Cost reimbursement orders.* For additional requirements for cost-reimbursement orders, see [16.301-3](#).
- (5) *Time-and-materials or labor-hour orders.* For additional requirements for time-and-materials or labor-hour orders, see [16.601\(e\)](#).
- (6) *Postaward Notices and debriefing of awardees for orders exceeding \$6 million.* The contracting officer shall notify unsuccessful awardees when the total price of a task or delivery order exceeds \$6 million.
 - (i) The procedures at [15.503\(b\)\(1\)](#) shall be followed when providing postaward notification to unsuccessful awardees.
 - (ii) The procedures at [15.506](#) shall be followed when providing postaward debriefing to unsuccessful awardees.
 - (iii) A summary of the debriefing shall be included in the task or delivery order file.
- (7) *Decision documentation for orders.* (i) The contracting officer shall document in the contract file the rationale for placement and price of each order, including the basis for award and the rationale for any tradeoffs among cost or price and non-cost considerations in making the award decision. This documentation need not quantify the tradeoffs that led to the decision.
 - (ii) The contract file shall also identify the basis for using an exception to the fair opportunity process (see paragraph (b)(2) of this section).

(iii) Except for DoD, the contracting officer shall document in the contract file a justification for use of the lowest price technically acceptable source selection process, when applicable.

(8) *Task-order and delivery-order ombudsman.* The head of the agency shall designate a task-order and delivery-order ombudsman. The ombudsman must review complaints from contractors and ensure they are afforded a fair opportunity to be considered, consistent with the procedures in the contract. The ombudsman must be a senior agency official who is independent of the contracting officer and may be the agency's advocate for competition.

(9) *Small business.* The contracting officer should rely on the small business representations at the contract level (but see [19.301-2\(b\)\(3\)](#) for order rerepresentations).

(c) Limitation on ordering period for task-order contracts for advisory and assistance services. (1) Except as provided for in paragraphs (c)(2) and (3) of this section, the ordering period of a task-order contract for advisory and assistance services, including all options or modifications, normally may not exceed 5 years.

(2) The 5-year limitation does not apply when—

(i) A longer ordering period is specifically authorized by a statute; or

(ii) The contract is for an acquisition of supplies or services that includes the acquisition of advisory and assistance services and the contracting officer, or other official designated by the head of the agency, determines that the advisory and assistance services are incidental and not a significant component of the contract.

(3) The contracting officer may extend the contract on a sole-source basis only once for a period not to exceed 6 months if the contracting officer, or other official designated by the head of the agency, determines that—

(i) The award of a follow-on contract is delayed by circumstances that were not reasonably foreseeable at the time the initial contract was entered into; and

(ii) The extension is necessary to ensure continuity of services, pending the award of the follow-on contract.

16.506 Solicitation provisions and contract clauses.

(a) Insert the clause at [52.216-18](#), Ordering, in solicitations and contracts when a definite-quantity contract, a requirements contract, or an indefinite-quantity contract is contemplated.

(b) Insert a clause substantially the same as the clause at [52.216-19](#), Order Limitations, in solicitations and contracts when a definite-quantity contract, a requirements contract, or an indefinite-quantity contract is contemplated.

(c) Insert the clause at [52.216-20](#), Definite Quantity, in solicitations and contracts when a definite-quantity contract is contemplated.

(d) (1) Insert the clause at [52.216-21](#), Requirements, in solicitations and contracts when a requirements contract is contemplated.

(2) If the contract is for nonpersonal services and related supplies and covers estimated requirements that exceed a specific Government activity's internal capability to produce or perform, use the clause with its Alternate I.

(3) If the contract includes subsistence for both Government use and resale in the same Schedule, and similar products may be acquired on a brand-name basis, use the clause with its Alternate II (but see paragraph (d)(5) of this section).

(4) If the contract involves a partial small business set-aside, use the clause with its Alternate III (but see paragraph (d)(5) of this section).

(5) If the contract-

(i) Includes subsistence for Government use and resale in the same schedule and similar products may be acquired on a brand-name basis; and

(ii) Involves a partial small business set-aside, use the clause with its Alternate IV.

(e) Insert the clause at [52.216-22](#), Indefinite Quantity, in solicitations and contracts when an indefinite-quantity contract is contemplated.

(f) Insert the provision at [52.216-27](#), Single or Multiple Awards, in solicitations for indefinite-quantity contracts that may result in multiple contract awards. Modify the provision to specify the estimated number of awards. Do not use this provision for advisory and assistance services contracts that exceed 3 years and \$15 million (including all options).

(g) Insert the provision at [52.216-28](#), Multiple Awards for Advisory and Assistance Services, in solicitations for task-order contracts for advisory and assistance services that exceed 3 years and \$15 million (including all options), unless a determination has been made under [16.504\(c\)\(2\)\(i\)\(A\)](#). Modify the provision to specify the estimated number of awards.

(h) See [10.001\(d\)](#) for insertion of the clause at [52.210-1](#), Market Research, when the contract is over \$6 million for the procurement of items other than commercial products or commercial services.

(i) See [7.107-6](#) for use of [52.207-6](#), Solicitation of Offers from Small Business Concerns and Small Business Teaming Arrangement or Joint Ventures (Multiple-Award Contracts) in solicitations for multiple-award contracts above the substantial bundling threshold of the agency.

(j) Insert the clause at [52.216-32](#), Task-Order and Delivery-Order Ombudsman, in solicitations and contracts when a multiple-award indefinite-delivery indefinite-quantity contract is contemplated. Use the clause with its Alternate I when the contract will be available for use by multiple agencies (e.g., Governmentwide acquisition contracts or multi-agency contracts). When placing orders under the multiple-award contract available for use by multiple agencies, the ordering activity's contracting officer shall complete paragraph (d)(2) and include Alternate I in the notice of intent to place an order, and in the resulting order.

Subpart 16.6 - Time-and-Materials, Labor-Hour, and Letter Contracts

16.600 Scope.

Time-and-materials contracts and labor-hour contracts are not fixed-price contracts.

16.601 Time-and-materials contracts.

(a) Definitions for the purposes of Time-and-Materials Contracts.

Direct materials means those materials that enter directly into the end product, or that are used or consumed directly in connection with the furnishing of the end product or service.

Hourly rate means the rate(s) prescribed in the contract for payment for labor that meets the labor category qualifications of a labor category specified in the contract that are-

- (1) Performed by the contractor;
- (2) Performed by the subcontractors; or
- (3) Transferred between divisions, subsidiaries, or affiliates of the contractor under a common control.

Materials means-

- (1) Direct materials, including supplies transferred between divisions, subsidiaries, or affiliates of the contractor under a common control;
- (2) Subcontracts for supplies and incidental services for which there is not a labor category specified in the contract;
- (3) Other direct costs (e.g., incidental services for which there is not a labor category specified in the contract, travel, computer usage charges, etc.); and
- (4) Applicable indirect costs.

(b) *Description*. A time-and-materials contract provides for acquiring supplies or services on the basis of-

(1) Direct labor hours at specified fixed hourly rates that include wages, overhead, general and administrative expenses, and profit; and

(2) Actual cost for materials (except as provided for in [31.205-26](#)(e) and (f)).

(c) *Application*. A time-and-materials contract may be used only when it is not possible at the time of placing the contract to estimate accurately the extent or duration of the work or to anticipate costs with any reasonable degree of confidence. See [12.207](#)(b) for the use of time-and-material contracts for certain commercial services.

(1) *Government surveillance*. A time-and-materials contract provides no positive profit incentive to the contractor for cost control or labor efficiency. Therefore, appropriate Government surveillance of contractor performance is required to give reasonable assurance that efficient methods and effective cost controls are being used.

(2) *Fixed hourly rates*. (i) The contract shall specify separate fixed hourly rates that include wages, overhead, general and administrative expenses, and profit for each category of labor (see [16.601](#)(f)(1)).

(ii) For acquisitions of other than commercial products or commercial services awarded without adequate price competition (see [15.403-1](#)(c)(1)), the contract shall specify separate fixed hourly rates that include wages, overhead, general and administrative expenses, and profit for each category of labor to be performed by-

- (A) The contractor;
- (B) Each subcontractor; and
- (C) Each division, subsidiary, or affiliate of the contractor under a common control.

(iii) For contract actions that are not awarded using competitive procedures, unless exempt under paragraph (c)(2) (iv) of this section, the fixed hourly rates for services transferred between divisions, subsidiaries, or affiliates of the contractor under a common control-

- (A) Shall not include profit for the transferring organization; but
- (B) May include profit for the prime contractor.

(iv) For contract actions that are not awarded using competitive procedures, the fixed hourly rates for services that meet the definition of "commercial service" that are transferred between divisions, subsidiaries, or affiliates of the contractor under a common control may be the established catalog or market rate when-

(A) It is the established practice of the transferring organization to price interorganizational transfers at other than cost for commercial work of the contractor or any division, subsidiary or affiliate of the contractor under a common control; and

(B) The contracting officer has not determined the price to be unreasonable.

(3) *Material handling costs.* When included as part of material costs, material handling costs shall include only costs clearly excluded from the labor-hour rate. Material handling costs may include all appropriate indirect costs allocated to direct materials in accordance with the contractor's usual accounting procedures consistent with [part 31](#).

(d) *Limitations.* A time-and-materials contract or order may be used only if-

(1) The contracting officer prepares a determination and findings that no other contract type is suitable. The determination and finding shall be-

(i) Signed by the contracting officer prior to the execution of the base period or any option periods of the contracts; and

(ii) Approved by the head of the contracting activity prior to the execution of the base period when the base period plus any option periods exceeds three years; and

(2) The contract or order includes a ceiling price that the contractor exceeds at its own risk. Also see [12.207](#) (b) for further limitations on use of time-and-materials or labor-hour contracts for acquisition of commercial products and commercial services.

(e) Post award requirements. Prior to an increase in the ceiling price of a time-and-materials or labor-hour contract or order, the contracting officer shall-

(1) Conduct an analysis of pricing and other relevant factors to determine if the action is in the best interest of the Government;

(2) Document the decision in the contract or order file; and

(3) When making a change that modifies the general scope of-

(i) A contract, follow the procedures at [6.303](#);

(ii) An order issued under the Federal Supply Schedules, follow the procedures at [8.405-6](#); or

(iii) An order issued under multiple award task and delivery order contracts, follow the procedures at [16.505\(b\)\(2\)](#).

(f) *Solicitation provisions.* (1) The contracting officer shall insert the provision at [52.216-29](#), Time-and-Materials/Labor-Hour Proposal Requirements—Other Than Commercial Acquisition With Adequate Price Competition, in solicitations contemplating use of a time-and-materials or labor-hour type of contract for the acquisition of other than commercial products or commercial services, if the price is expected to be based on adequate price competition. If authorized by agency procedures, the contracting officer may amend the provision to make mandatory one of the three approaches in paragraph (c) of the provision, and/or to require the identification of all subcontractors, divisions, subsidiaries, or affiliates included in a blended labor rate.

(2) The contracting officer shall insert the provision at [52.216-30](#), Time-and-Materials/Labor-Hour Proposal Requirements—Other Than Commercial Acquisition Without Adequate Price Competition, in solicitations for the acquisition of other than commercial products or commercial services contemplating use of a time-and-materials or labor-hour type of contract if the price is not expected to be based on adequate price competition.

(3) The contracting officer shall insert the provision at [52.216-31](#), Time-and-Materials/Labor-Hour Proposal Requirements—Commercial Acquisition, in solicitations contemplating use of a commercial time-and-materials or labor-hour contract.

16.602 Labor-hour contracts.

Description. A labor-hour contract is a variation of the time-and-materials contract, differing only in that materials are not supplied by the contractor. See [12.207\(b\)](#), [16.601\(c\)](#), and [16.601\(d\)](#) for application and limitations, for time-and-materials contracts that also apply to labor-hour contracts. See [12.207\(b\)](#) for the use of labor-hour contracts for certain commercial services.

16.603 Letter contracts.

16.603-1 Description.

A letter contract is a written preliminary contractual instrument that authorizes the contractor to begin immediately manufacturing supplies or performing services.

16.603-2 Application.

(a) A letter contract may be used when (1) the Government's interests demand that the contractor be given a binding commitment so that work can start immediately and (2) negotiating a definitive contract is not possible in sufficient time to meet the requirement. However, a letter contract should be as complete and definite as feasible under the circumstances.

(b) When a letter contract award is based on price competition, the contracting officer shall include an overall price ceiling in the letter contract.

(c) Each letter contract shall, as required by the clause at [52.216-25](#), Contract Definitization, contain a negotiated definitization schedule including (1) dates for submission of the contractor's price proposal, required certified cost or pricing data and data other than certified cost or pricing data; and, if required, make-or-buy and subcontracting plans, (2) a date for the start of negotiations, and (3) a target date for definitization, which shall be the earliest practicable date for definitization. The schedule will provide for definitization of the contract within 180 days after the date of the letter contract or before completion of 40 percent of the work to be performed, whichever occurs first. However, the contracting officer may, in extreme cases and according to agency procedures, authorize an additional period. If, after exhausting all reasonable efforts, the contracting officer and the contractor cannot negotiate a definitive contract because of failure to reach agreement as to price or fee, the clause at [52.216-25](#) requires the contractor to proceed with the work and provides that the contracting officer may, with the approval of the head of the contracting activity, determine a reasonable price or fee in accordance with [subpart 15.4](#) and [part 31](#), subject to appeal as provided in the Disputes clause.

(d) The maximum liability of the Government inserted in the clause at [52.216-24](#), Limitation of Government Liability, shall be the estimated amount necessary to cover the contractor's requirements for funds before definitization. However, it shall not exceed 50 percent of the estimated cost of the definitive contract unless approved in advance by the official that authorized the letter contract.

(e) The contracting officer shall assign a priority rating to the letter contract if it is appropriate under [11.604](#).

16.603-3 Limitations.

A letter contract may be used only after the head of the contracting activity or a designee determines in writing that no other contract is suitable. Letter contracts shall not-

(a) Commit the Government to a definitive contract in excess of the funds available at the time the letter contract is executed;

(b) Be entered into without competition when competition is required by [part 6](#); or

(c) Be amended to satisfy a new requirement unless that requirement is inseparable from the existing letter contract. Any such amendment is subject to the same requirements and limitations as a new letter contract.

16.603-4 Contract clauses.

(a) The contracting officer shall include in each letter contract the clauses required by this regulation for the type of definitive contract contemplated and any additional clauses known to be appropriate for it.

(b) In addition, the contracting officer shall insert the following clauses in solicitations and contracts when a letter contract is contemplated:

(1) The clause at [52.216-23](#), Execution and Commencement of Work, except that this clause may be omitted from letter contracts awarded on [SF 26](#);

(2) The clause at [52.216-24](#), Limitation of Government Liability, with dollar amounts completed in a manner consistent with [16.603-2\(d\)](#); and

(3) The clause at [52.216-25](#), Contract Definitization, with its paragraph (b) completed in a manner consistent with [16.603-2\(c\)](#). If at the time of entering into the letter contract, the contracting officer knows that the definitive contract will be based on adequate price competition or will otherwise meet the criteria of [15.403-1](#) for not requiring submission of certified cost or pricing data, the words "and certified cost or pricing data in accordance with FAR [15.408](#), [Table 15-1](#) supporting its proposal" may be deleted from paragraph (a) of the clause. If the letter contract is being awarded on the basis of price competition, the contracting officer shall use the clause with its Alternate I.

(c) The contracting officer shall also insert the clause at [52.216-26](#), Payments of Allowable Costs Before Definitization, in solicitations and contracts if a cost-reimbursement definitive contract is contemplated, unless the acquisition involves conversion, alteration, or repair of ships.

This page intentionally left blank.

Subpart 16.7 - Agreements

16.701 Scope.

This subpart prescribes policies and procedures for establishing and using basic agreements and basic ordering agreements. (See [13.303](#) for blanket purchase agreements (BPA's) and see [35.015\(b\)](#) for additional coverage of basic agreements with educational institutions and nonprofit organizations.)

16.702 Basic agreements.

(a) *Description.* A basic agreement is a written instrument of understanding, negotiated between an agency or contracting activity and a contractor, that (1) contains contract clauses applying to future contracts between the parties during its term and (2) contemplates separate future contracts that will incorporate by reference or attachment the required and applicable clauses agreed upon in the basic agreement. A basic agreement is not a contract.

(b) *Application.* A basic agreement should be used when a substantial number of separate contracts may be awarded to a contractor during a particular period and significant recurring negotiating problems have been experienced with the contractor. Basic agreements may be used with negotiated fixed-price or cost-reimbursement contracts.

(1) Basic agreements shall contain-

(i) Clauses required for negotiated contracts by statute, executive order, and this regulation; and

(ii) Other clauses prescribed in this regulation or agency acquisition regulations that the parties agree to include in each contract as applicable.

(2) Each basic agreement shall provide for discontinuing its future applicability upon 30 days' written notice by either party.

(3) Each basic agreement shall be reviewed annually before the anniversary of its effective date and revised as necessary to conform to the requirements of this regulation. Basic agreements may need to be revised before the annual review due to mandatory statutory requirements. A basic agreement may be changed only by modifying the agreement itself and not by a contract incorporating the agreement.

(4) Discontinuing or modifying a basic agreement shall not affect any prior contract incorporating the basic agreement.

(5) Contracting officers of one agency should obtain and use existing basic agreements of another agency to the maximum practical extent.

(c) *Limitations.* A basic agreement shall not-

(1) Cite appropriations or obligate funds;

(2) State or imply any agreement by the Government to place future contracts or orders with the contractor; or

(3) Be used in any manner to restrict competition.

(d) *Contracts incorporating basic agreements.* (1) Each contract incorporating a basic agreement shall include a scope of work and price, delivery, and other appropriate terms that apply to the particular contract. The basic agreement shall be incorporated into the contract by specific reference (including reference to each amendment) or by attachment.

(2) The contracting officer shall include clauses pertaining to subjects not covered by the basic agreement, but applicable to the contract being negotiated, in the same manner as if there were no basic agreement.

(3) If an existing contract is modified to effect new acquisition, the modification shall incorporate the most recent basic agreement, which shall apply only to work added by the modification, except that this action is not mandatory if the contract or modification includes all clauses required by statute, executive order, and this regulation as of the date of the modification. However, if it is in the Government's interest and the contractor agrees, the modification may incorporate the most recent basic agreement for application to the entire contract as of the date of the modification.

16.703 Basic ordering agreements.

(a) *Description.* A basic ordering agreement is a written instrument of understanding, negotiated between an agency, contracting activity, or contracting office and a contractor, that contains (1) terms and clauses applying to future contracts (orders) between the parties during its term, (2) a description, as specific as practicable, of supplies or services to be provided, and (3) methods for pricing, issuing, and delivering future orders under the basic ordering agreement. A basic ordering agreement is not a contract.

(b) *Application.* A basic ordering agreement may be used to expedite contracting for uncertain requirements for supplies or services when specific items, quantities, and prices are not known at the time the agreement is executed, but a substantial number of requirements for the type of supplies or services covered by the agreement are anticipated to be purchased from the contractor. Under proper circumstances, the use of these procedures can result in economies in ordering parts for

equipment support by reducing administrative lead-time, inventory investment, and inventory obsolescence due to design changes.

(c) *Limitations.* A basic ordering agreement shall not state or imply any agreement by the Government to place future contracts or orders with the contractor or be used in any manner to restrict competition.

(1) Each basic ordering agreement shall-

- (i) Describe the method for determining prices to be paid to the contractor for the supplies or services;
- (ii) Include delivery terms and conditions or specify how they will be determined;
- (iii) List one or more Government activities authorized to issue orders under the agreement;
- (iv) Specify the point at which each order becomes a binding contract (*e.g.*, issuance of the order, acceptance of the order in a specified manner, or failure to reject the order within a specified number of days);
- (v) Provide that failure to reach agreement on price for any order issued before its price is established (see paragraph (d)(3) of this section) is a dispute under the Disputes clause included in the basic ordering agreement; and

(vi) If fast payment procedures will apply to orders, include the special data required by [13.403](#).

(2) Each basic ordering agreement shall be reviewed annually before the anniversary of its effective date and revised as necessary to conform to the requirements of this regulation. Basic ordering agreements may need to be revised before the annual review due to mandatory statutory requirements. A basic ordering agreement shall be changed only by modifying the agreement itself and not by individual orders issued under it. Modifying a basic ordering agreement shall not retroactively affect orders previously issued under it.

(d) *Orders.* A contracting officer representing any Government activity listed in a basic ordering agreement may issue orders for required supplies or services covered by that agreement.

(1) Before issuing an order under a basic ordering agreement, the contracting officer shall-

(i) Obtain competition in accordance with [part 6](#);

(ii) If the order is being placed after competition, ensure that use of the basic ordering agreement is not prejudicial to other offerors; and

(iii) Sign or obtain any applicable justifications and approvals, and any determination and findings, and comply with other requirements in accordance with [1.602-1\(b\)](#), as if the order were a contract awarded independently of a basic ordering agreement.

(2) Contracting officers shall-

(i) Issue orders under basic ordering agreements on [Optional Form \(OF\) 347](#), Order for Supplies or Services, or on any other appropriate contractual instrument;

(ii) Incorporate by reference the provisions of the basic ordering agreement;

(iii) If applicable, cite the authority under [6.302](#) in each order; and

(iv) Comply with [5.203](#) when synopsis is required by [5.201](#).

(3) The contracting officer shall neither make any final commitment nor authorize the contractor to begin work on an order under a basic ordering agreement until prices have been established, unless the order establishes a ceiling price limiting the Government's obligation and either-

(i) The basic ordering agreement provides adequate procedures for timely pricing of the order early in its performance period; or

(ii) The need for the supplies or services is compelling and unusually urgent (*i.e.*, when the Government would be seriously injured, financially or otherwise, if the requirement is not met sooner than would be possible if prices were established before the work began). The contracting officer shall proceed with pricing as soon as practical. In no event shall an entire order be priced retroactively.

PART 17 - SPECIAL CONTRACTING METHODS

Sec.

17.000 Scope of part.

Subpart 17.1 - Multi-year Contracting

17.101 Authority.
 17.102 Applicability.
 17.103 Definitions.
 17.104 General.
 17.105 Policy.
 17.105-1 Uses.
 17.105-2 Objectives.
 17.106 Procedures.
 17.106-1 General.
 17.106-2 Solicitations.
 17.106-3 Special procedures applicable to DoD, NASA, and the Coast Guard.
 17.107 Options.
 17.108 Congressional notification.
 17.109 Contract clauses.

Subpart 17.2 - Options

17.200 Scope of subpart.
 17.201 [Reserved]
 17.202 Use of options.
 17.203 Solicitations.
 17.204 Contracts.
 17.205 Documentation.
 17.206 Evaluation.
 17.207 Exercise of options.
 17.208 Solicitation provisions and contract clauses.

Subpart 17.3 - [Reserved]

Subpart 17.4 - Leader Company Contracting

17.401 General.
 17.402 Limitations.
 17.403 Procedures.

Subpart 17.5 - Interagency Acquisitions

17.500 Scope of subpart.
 17.501 General.
 17.502 Procedures.
 17.502-1 General.
 17.502-2 The Economy Act.
 17.503 Ordering procedures.
 17.504 Reporting requirements.

Subpart 17.6 - Management and Operating Contracts

17.600 Scope of subpart.
 17.601 Definition.
 17.602 Policy.
 17.603 Limitations.
 17.604 Identifying management and operating contracts.
 17.605 Award, renewal, and extension.

Subpart 17.7 - Interagency Acquisitions: Acquisitions by Nondefense Agencies on Behalf of the Department of Defense

17.700 Scope of subpart.
 17.701 Definitions.
 17.702 Applicability.
 17.703 Policy.

Subpart 17.8 - Reverse Auctions

17.800 Scope of subpart.
 17.801 Definitions.
 17.802 Policy.
 17.803 Applicability.
 17.804 Procedures.
 17.805 Solicitation provision and contract clauses.

This page intentionally left blank.

17.000 Scope of part.

This part prescribes policies and procedures for the acquisition of supplies and services through special contracting methods, including-

- (a) Multi-year contracting;
- (b) Options;
- (c) Leader company contracting; and
- (d) The use of reverse auctions to obtain competitive pricing.

Subpart 17.1 - Multi-year Contracting**17.101 Authority.**

This subpart implements [41 U.S.C. 3903](#) and [10 U.S.C. 3501](#) and provides policy and procedures for the use of multi-year contracting.

17.102 Applicability.

For DoD, NASA, and the Coast Guard, the authorities cited in [17.101](#) do not apply to contracts for the purchase of supplies to which [40 U.S.C. 759](#) applies (information resource management supply contracts).

17.103 Definitions.

As used in this subpart-

Cancellation means the cancellation (within a contractually specified time) of the total requirements of all remaining program years. Cancellation results when the contracting officer-

- (1) Notifies the contractor of nonavailability of funds for contract performance for any subsequent program year; or
- (2) Fails to notify the contractor that funds are available for performance of the succeeding program year requirement.

Cancellation ceiling means the maximum cancellation charge that the contractor can receive in the event of cancellation.

Cancellation charge means the amount of unrecovered costs which would have been recouped through amortization over the full term of the contract, including the term canceled.

Multi-year contract means a contract for the purchase of supplies or services for more than 1, but not more than 5, program years. A multi-year contract may provide that performance under the contract during the second and subsequent years of the contract is contingent upon the appropriation of funds, and (if it does so provide) may provide for a cancellation payment to be made to the contractor if appropriations are not made. The key distinguishing difference between multi-year contracts and multiple year contracts is that multi-year contracts, defined in the statutes cited at [17.101](#), buy more than 1 year's requirement (of a product or service) without establishing and having to exercise an option for each program year after the first.

Nonrecurring costs means those costs which are generally incurred on a one-time basis and include such costs as plant or equipment relocation, plant rearrangement, special tooling and special test equipment, preproduction engineering, initial spoilage and rework, and specialized work force training.

Recurring costs means costs that vary with the quantity being produced, such as labor and materials.

17.104 General.

(a) Multi-year contracting is a special contracting method to acquire known requirements in quantities and total cost not over planned requirements for up to 5 years unless otherwise authorized by statute, even though the total funds ultimately to be obligated may not be available at the time of contract award. This method may be used in sealed bidding or contracting by negotiation.

(b) Multi-year contracting is a flexible contracting method applicable to a wide range of acquisitions. The extent to which cancellation terms are used in multi-year contracts will depend on the unique circumstances of each contract. Accordingly, for multi-year contracts, the agency head may authorize modification of the requirements of this subpart and the clause at [52.217-2](#), Cancellation Under Multi-year Contracts.

(c) Agency funding of multiyear contracts shall conform to the policies in OMB Circular A-11 (Preparation, Submission, and Execution of the Budget) and other applicable guidance regarding the funding of multiyear contracts. As provided by that guidance, the funds obligated for multi-year contracts must be sufficient to cover any potential cancellation and/or termination costs; and multi-year contracts for the acquisition of fixed assets should be fully funded or funded in stages that are economically or programmatically viable.

(d) The termination for convenience procedure may apply to any Government contract, including multiyear contracts. As contrasted with cancellation, termination can be effected at any time during the life of the contract (cancellation is effected between fiscal years) and can be for the total quantity or partial quantity (where as cancellation must be for all subsequent fiscal years' quantities).

17.105 Policy.

17.105-1 Uses.

(a) Except for DoD, NASA, and the Coast Guard, the contracting officer may enter into a multi-year contract if the head of the contracting activity determines that-

(1) The need for the supplies or services is reasonably firm and continuing over the period of the contract; and

(2) A multi-year contract will serve the best interests of the United States by encouraging full and open competition or promoting economy in administration, performance, and operation of the agency's programs.

(b) For DoD, NASA, and the Coast Guard, the head of the agency may enter into a multi-year contract for supplies if-

(1) The use of such a contract will result in significant savings of the total estimated costs of carrying out the program through annual contracts;

(2) The minimum need to be purchased is expected to remain substantially unchanged during the contemplated contract period in terms of production rate, procurement rate, and total quantities;

(3) There is a stable design for the supplies to be acquired, and the technical risks associated with such supplies are not excessive;

(4) There is a reasonable expectation that, throughout the contemplated contract period, the head of the agency will request funding for the contract at a level to avoid contract cancellation; and

(5) The estimates of both the cost of the contract and the cost avoidance through the use of a multi-year contract are realistic.

(c) The multi-year contracting method may be used for the acquisition of supplies or services.

(d) If funds are not appropriated to support the succeeding years' requirements, the agency must cancel the contract.

17.105-2 Objectives.

Use of multi-year contracting is encouraged to take advantage of one or more of the following:

(a) Lower costs.

(b) Enhancement of standardization.

(c) Reduction of administrative burden in the placement and administration of contracts.

(d) Substantial continuity of production or performance, thus avoiding annual startup costs, preproduction testing costs, make-ready expenses, and phaseout costs.

(e) Stabilization of contractor work forces.

(f) Avoidance of the need for establishing quality control techniques and procedures for a new contractor each year.

(g) Broadening the competitive base with opportunity for participation by firms not otherwise willing or able to compete for lesser quantities, particularly in cases involving high startup costs.

(h) Providing incentives to contractors to improve productivity through investment in capital facilities, equipment, and advanced technology.

17.106 Procedures.

17.106-1 General.

(a) *Method of contracting.* The nature of the requirement should govern the selection of the method of contracting, since the multi-year procedure is compatible with sealed bidding, including two-step sealed bidding, and negotiation.

(b) *Type of contract.* Given the longer performance period associated with multi-year acquisition, consideration in pricing fixed-priced contracts should be given to the use of economic price adjustment terms and profit objectives commensurate with contractor risk and financing arrangements.

(c) Cancellation procedures. (1) All program years except the first are subject to cancellation. For each program year subject to cancellation, the contracting officer shall establish a cancellation ceiling. Ceilings must exclude amounts for requirements included in prior program years. The contracting officer shall reduce the cancellation ceiling for each program year in direct proportion to the remaining requirements subject to cancellation. For example, consider that the total

nonrecurring costs (see [15.408](#), [Table 15-1](#), III. Formats for Submission of Line Item Summaries C(8)) are estimated at 10 percent of the total multi-year price, and the percentages for each of the program year requirements for 5 years are (i)30 in the first year, (ii)30 in the second, (iii)20 in the third, (iv)10 in the fourth, and (v)10 in the fifth. The cancellation percentages, after deducting 3 percent for the first program year, would be 7, 4, 2, and 1 percent of the total price applicable to the second, third, fourth, and fifth program years, respectively.

(2) In determining cancellation ceilings, the contracting officer must estimate reasonable preproduction or startup, labor learning, and other nonrecurring costs to be incurred by an "average" prime contractor or subcontractor, which would be applicable to, and which normally would be amortized over, the items or services to be furnished under the multi-year requirements. Nonrecurring costs include such costs, where applicable, as plant or equipment relocation or rearrangement, special tooling and special test equipment, preproduction engineering, initial rework, initial spoilage, pilot runs, allocable portions of the costs of facilities to be acquired or established for the conduct of the work, costs incurred for the assembly, training, and transportation to and from the job site of a specialized work force, and unrealized labor learning. They shall not include any costs of labor or materials, or other expenses (except as indicated above), which might be incurred for performance of subsequent program year requirements. The total estimate of the above costs must then be compared with the best estimate of the contract cost to arrive at a reasonable percentage or dollar figure. To perform this calculation, the contracting officer should obtain in-house engineering cost estimates identifying the detailed recurring and nonrecurring costs, and the effect of labor learning.

(3) The contracting officer shall establish cancellation dates for each program year's requirements regarding production lead time and the date by which funding for these requirements can reasonably be established. The contracting officer shall include these dates in the schedule, as appropriate.

(d) *Cancellation ceilings.* Cancellation ceilings and dates may be revised after issuing the solicitation if necessary. In sealed bidding, the contracting officer shall change the ceiling by amending the solicitation before bid opening. In two-step sealed bidding, discussions conducted during the first step may indicate the need for revised ceilings and dates which may be incorporated in step two. In a negotiated acquisition, negotiations with offerors may provide information requiring a change in cancellation ceilings and dates before final negotiation and contract award.

(e) *Payment of cancellation charges.* If cancellation occurs, the Government's liability will be determined by the terms of the applicable contract.

(f) *Presolicitation or pre-bid conferences.* To ensure that all interested sources of supply are thoroughly aware of how multi-year contracting is accomplished, use of presolicitation or pre-bid conferences may be advisable.

(g) *Payment limit.* The contracting officer shall limit the Government's payment obligation to an amount available for contract performance. The contracting officer shall insert the amount for the first program year in the contract upon award and modify it for successive program years upon availability of funds.

(h) *Termination payment.* If the contract is terminated for the convenience of the Government in whole, including requirements subject to cancellation, the Government's obligation shall not exceed the amount specified in the Schedule as available for contract performance, plus the cancellation ceiling.

17.106-2 Solicitations.

Solicitations for multi-year contracts shall reflect all the factors to be considered for evaluation, specifically including the following:

- (a) The requirements, by item of supply or service, for the-
 - (1) First program year; and
 - (2) Multi-year contract including the requirements for each program year.
- (b) Criteria for comparing the lowest evaluated submission on the first program year requirements to the lowest evaluated submission on the multi-year requirements.
- (c) A provision that, if the Government determines before award that only the first program year requirements are needed, the Government's evaluation of the price or estimated cost and fee shall consider only the first year.
- (d) A provision specifying a separate cancellation ceiling (on a percentage or dollar basis) and dates applicable to each program year subject to a cancellation (see [17.106-1](#)(c) and (d)).
- (e) A statement that award will not be made on less than the first program year requirements.
- (f) The Government's administrative costs of annual contracting may be used as a factor in the evaluation only if they can be reasonably established and are stated in the solicitation.
- (g) The cancellation ceiling shall not be an evaluation factor.

17.106-3 Special procedures applicable to DoD, NASA, and the Coast Guard.

(a) *Participation by subcontractors, suppliers, and vendors.* In order to broaden the defense industrial base, to the maximum extent practicable-

(1) Multi-year contracting shall be used in such a manner as to seek, retain, and promote the use under such contracts of companies that are subcontractors, suppliers, and vendors; and

(2) Upon accrual of any payment or other benefit under such a multi-year contract to any subcontractor, supplier, or vendor company participating in such contract, such payment or benefit shall be delivered to such company in the most expeditious manner practicable.

(b) *Protection of existing authority.* To the extent practicable, multi-year contracting shall not be carried out in a manner to preclude or curtail the existing ability of the Department or agency to provide for termination of a prime contract, the performance of which is deficient with respect to cost, quality, or schedule.

(c) *Cancellation or termination for insufficient funding.* In the event funds are not made available for the continuation of a multi-year contract awarded using the procedures in this section, the contract shall be canceled or terminated.

(d) Contracts awarded under the multi-year procedure shall be firm-fixed-price, fixed-price with economic price adjustment, or fixed-price incentive.

(e) *Recurring costs in cancellation ceiling.* The inclusion of recurring costs in cancellation ceilings is an exception to normal contract financing arrangements and requires approval by the agency head.

(f) *Annual and multi-year proposals.* Obtaining both annual and multi-year offers provides reduced lead time for making an annual award in the event that the multi-year award is not in the Government's interest. Obtaining both also provides a basis for the computation of savings and other benefits. However, the preparation and evaluation of dual offers may increase administrative costs and workload for both offerors and the Government, especially for large or complex acquisitions. The head of a contracting activity may authorize the use of a solicitation requesting only multi-year prices, provided it is found that such a solicitation is in the Government's interest, and that dual proposals are not necessary to meet the objectives in [17.105-2](#).

(g) *Level unit prices.* Multi-year contract procedures provide for the amortization of certain costs over the entire contract quantity resulting in identical (level) unit prices (except when the economic price adjustment terms apply) for all items or services under the multi-year contract. If level unit pricing is not in the Government's interest, the head of a contracting activity may approve the use of variable unit prices, provided that for competitive proposals there is a valid method of evaluation.

17.107 Options.

Benefits may accrue by including options in a multi-year contract. In that event, contracting officers must follow the requirements of [subpart 17.2](#). Options should not include charges for plant and equipment already amortized, or other nonrecurring charges which were included in the basic contract.

17.108 Congressional notification.

(a) Except for DoD, NASA, and the Coast Guard, a multi-year contract which includes a cancellation ceiling in excess of \$15 million may not be awarded until the head of the agency gives written notification of the proposed contract and of the proposed cancellation ceiling for that contract to the committees on appropriations of the House of Representatives and Senate and the appropriate oversight committees of the House and Senate for the agency in question. Information on such committees may not be readily available to contracting officers. Accordingly, agencies should provide such information through its internal regulations. The contract may not be awarded until the thirty-first day after the date of notification.

(b) For DoD, NASA, and the Coast Guard, a multi-year contract which includes a cancellation ceiling in excess of \$150 million may not be awarded until the head of the agency gives written notification of the proposed contract and of the proposed cancellation ceiling for that contract to the committees on armed services and appropriations of the House of Representatives and Senate. The contract may not be awarded until the thirty-first day after the date of notification.

17.109 Contract clauses.

(a) The contracting officer shall insert the clause at [52.217-2](#), Cancellation Under Multi-year Contracts, in solicitations and contracts when a multi-year contract is contemplated.

(b) *Economic price adjustment clauses.* Economic price adjustment clauses are adaptable to multi-year contracting needs. When the period of production is likely to warrant a labor and material costs contingency in the contract price, the contracting

officer should normally use an economic price adjustment clause (see [16.203](#)). When contracting for services, the contracting officer-

- (1) Shall add the clause at [52.222-43](#), Fair Labor Standards Act and Service Contract Labor Standards- Price Adjustment (Multiple Year and Option Contracts), when the contract includes the clause at [52.222-41](#), Service Contract Labor Standards;
- (2) May modify the clause at [52.222-43](#) in overseas contracts when laws, regulations, or international agreements require contractors to pay higher wage rates; or
- (3) May use an economic price adjustment clause authorized by [16.203](#), when potential fluctuations require coverage and are not included in cost contingencies provided for by the clause at [52.222-43](#).

This page intentionally left blank.

Subpart 17.2 - Options

17.200 Scope of subpart.

This subpart prescribes policies and procedures for the use of option solicitation provisions and contract clauses. Except as provided in agency regulations, this subpart does not apply to contracts for (a) services involving the construction, alteration, or repair (including dredging, excavating, and painting) of buildings, bridges, roads, or other kinds of real property; (b) architect-engineer services; and (c) research and development services. However, it does not preclude the use of options in those contracts.

17.201 [Reserved]

17.202 Use of options.

(a) Subject to the limitations of paragraphs (b) and (c) of this section, for both sealed bidding and contracting by negotiation, the contracting officer may include options in contracts when it is in the Government's interest. When using sealed bidding, the contracting officer shall make a written determination that there is a reasonable likelihood that the options will be exercised before including the provision at [52.217-5](#), Evaluation of Options, in the solicitation. (See [17.207](#)(f) with regard to the exercise of options.)

(b) Inclusion of an option is normally not in the Government's interest when, in the judgment of the contracting officer-

(1) The foreseeable requirements involve-

(i) Minimum economic quantities (*i.e.*, quantities large enough to permit the recovery of startup costs and the production of the required supplies at a reasonable price); and

(ii) Delivery requirements far enough into the future to permit competitive acquisition, production, and delivery.

(2) An indefinite quantity or requirements contract would be more appropriate than a contract with options. However, this does not preclude the use of an indefinite quantity contract or requirements contract with options.

(c) The contracting officer shall not employ options if-

(1) The contractor will incur undue risks; *e.g.*, the price or availability of necessary materials or labor is not reasonably foreseeable;

(2) Market prices for the supplies or services involved are likely to change substantially; or

(3) The option represents known firm requirements for which funds are available unless-

(i) The basic quantity is a learning or testing quantity; and

(ii) Competition for the option is impracticable once the initial contract is awarded.

(d) In recognition of-

(1) The Government's need in certain service contracts for continuity of operations; and

(2) The potential cost of disrupted support, options may be included in service contracts if there is an anticipated need for a similar service beyond the first contract period.

17.203 Solicitations.

(a) Solicitations shall include appropriate option provisions and clauses when resulting contracts will provide for the exercise of options (see [17.208](#)).

(b) Solicitations containing option provisions shall state the basis of evaluation, either exclusive or inclusive of the option and, when appropriate, shall inform offerors that it is anticipated that the Government may exercise the option at time of award.

(c) Solicitations normally should allow option quantities to be offered without limitation as to price, and there shall be no limitation as to price if the option quantity is to be considered in the evaluation for award (see [17.206](#)).

(d) Solicitations that allow the offer of options at unit prices which differ from the unit prices for the basic requirement shall state that offerors may offer varying prices for options, depending on the quantities actually ordered and the dates when ordered.

(e) If it is anticipated that the Government may exercise an option at the time of award and if the condition specified in paragraph (d) of this section applies, solicitations shall specify the price at which the Government will evaluate the option (highest option price offered or option price for specified requirements).

(f) Solicitations may, in unusual circumstances, require that options be offered at prices no higher than those for the initial requirement; *e.g.*, when-

(1) The option cannot be evaluated under [17.206](#); or;

- (2) Future competition for the option is impracticable.
- (g) Solicitations that require the offering of an option at prices no higher than those for the initial requirement shall-
 - (1) Specify that the Government will accept an offer containing an option price higher than the base price only if the acceptance does not prejudice any other offeror; and
 - (2) Limit option quantities for additional supplies to not more than 50 percent of the initial quantity of the same line item. In unusual circumstances, an authorized person at a level above the contracting officer may approve a greater percentage of quantity.
- (h) Include the value of options in determining if the acquisition will exceed the World Trade Organization Government Procurement Agreement or Free Trade Agreement thresholds.

17.204 Contracts.

- (a) The contract shall specify limits on the purchase of additional supplies or services, or the overall duration of the term of the contract, including any extension.
- (b) The contract shall state the period within which the option may be exercised.
- (c) The period shall be set so as to provide the contractor adequate lead time to ensure continuous production.
- (d) The period may extend beyond the contract completion date for service contracts. This is necessary for situations when exercise of the option would result in the obligation of funds that are not available in the fiscal year in which the contract would otherwise be completed.
- (e) Unless otherwise approved in accordance with agency procedures, the total of the basic and option periods shall not exceed 5 years in the case of services, and the total of the basic and option quantities shall not exceed the requirement for 5 years in the case of supplies. These limitations do not apply to information technology contracts. However, statutes applicable to various classes of contracts, for example, the Service Contract Labor Standards statute (see [22.1002-1](#)), may place additional restrictions on the length of contracts.
- (f) Contracts may express options for increased quantities of supplies or services in terms of-
 - (1) Percentage of specific line items,
 - (2) Increase in specific line items; or
 - (3) Additional numbered line items identified as the option.
- (g) Contracts may express extensions of the term of the contract as an amended completion date or as additional time for performance; *e.g.*, days, weeks, or months.

17.205 Documentation.

- (a) The contracting officer shall justify in writing the quantities or the term under option, the notification period for exercising the option, and any limitation on option price under [17.203\(g\)](#); and shall include the justification document in the contract file.
- (b) Any justifications and approvals and any determination and findings required by [part 6](#) shall specify both the basic requirement and the increase permitted by the option.

17.206 Evaluation.

- (a) In awarding the basic contract, the contracting officer shall, except as provided in paragraph (b) of this section, evaluate offers for any option quantities or periods contained in a solicitation when it has been determined prior to soliciting offers that the Government is likely to exercise the options. (See [17.208](#).)
- (b) The contracting officer need not evaluate offers for any option quantities when it is determined that evaluation would not be in the best interests of the Government and this determination is approved at a level above the contracting officer. An example of a circumstance that may support a determination not to evaluate offers for option quantities is when there is a reasonable certainty that funds will be unavailable to permit exercise of the option.

17.207 Exercise of options.

- (a) When exercising an option, the contracting officer shall provide written notice to the contractor within the time period specified in the contract.
- (b) When the contract provides for economic price adjustment and the contractor requests a revision of the price, the contracting officer shall determine the effect of the adjustment on prices under the option before the option is exercised.
- (c) The contracting officer may exercise options only after determining that-
 - (1) Funds are available;

- (2) The requirement covered by the option fulfills an existing Government need;
 - (3) The exercise of the option is the most advantageous method of fulfilling the Government's need, price and other factors (see paragraphs (d) and (e) of this section) considered;
 - (4) The option was synopsisized in accordance with [part 5](#) unless exempted by [5.202\(a\)\(11\)](#) or other appropriate exemptions in [5.202](#);
 - (5) The contractor does not have an active exclusion record in the System for Award Management (see FAR [9.405-1](#));
 - (6) The contractor's past performance evaluations on other contract actions have been considered; and
 - (7) The contractor's performance on this contract has been acceptable, e.g., received satisfactory ratings.
- (d) The contracting officer, after considering price and other factors, shall make the determination on the basis of one of the following:
- (1) A new solicitation fails to produce a better price or a more advantageous offer than that offered by the option. If it is anticipated that the best price available is the option price or that this is the more advantageous offer, the contracting officer should not use this method of testing the market.
 - (2) An informal analysis of prices or an examination of the market indicates that the option price is better than prices available in the market or that the option is the more advantageous offer.
 - (3) The time between the award of the contract containing the option and the exercise of the option is so short that it indicates the option price is the lowest price obtainable or the more advantageous offer. The contracting officer shall take into consideration such factors as market stability and comparison of the time since award with the usual duration of contracts for such supplies or services.
- (e) The determination of other factors under paragraph (c)(3) of this section-
- (1) Should take into account the Government's need for continuity of operations and potential costs of disrupting operations; and
 - (2) May consider the effect on small business.
- (f) Before exercising an option, the contracting officer shall make a written determination for the contract file that exercise is in accordance with the terms of the option, the requirements of this section, and [part 6](#). To satisfy requirements of [part 6](#) regarding full and open competition, the option must have been evaluated as part of the initial competition and be exercisable at an amount specified in or reasonably determinable from the terms of the basic contract, e.g.-
- (1) A specific dollar amount;
 - (2) An amount to be determined by applying provisions (or a formula) provided in the basic contract, but not including renegotiation of the price for work in a fixed-price type contract;
 - (3) In the case of a cost-type contract, if-
 - (i) The option contains a fixed or maximum fee; or
 - (ii) The fixed or maximum fee amount is determinable by applying a formula contained in the basic contract (but see [16.102\(c\)](#));
 - (4) A specific price that is subject to an economic price adjustment provision; or
 - (5) A specific price that is subject to change as the result of changes to prevailing labor rates provided by the Secretary of Labor.
- (g) The contract modification or other written document which notifies the contractor of the exercise of the option shall cite the option clause as authority.

17.208 Solicitation provisions and contract clauses.

- (a) Insert a provision substantially the same as the provision at [52.217-3](#), Evaluation Exclusive of Options, in solicitations when the solicitation includes an option clause and does not include one of the provisions prescribed in paragraph (b) or (c) of this section.
- (b) Insert a provision substantially the same as the provision at [52.217-4](#), Evaluation of Options Exercised at Time of Contract Award, in solicitations when the solicitation includes an option clause, the contracting officer has determined that there is a reasonable likelihood that the option will be exercised, and the option may be exercised at the time of contract award.
- (c) Insert a provision substantially the same as the provision at [52.217-5](#), Evaluation of Options, in solicitations when-
 - (1) The solicitation contains an option clause;
 - (2) An option is not to be exercised at the time of contract award;
 - (3) A firm-fixed-price contract, a fixed-price contract with economic price adjustment, or other type of contract approved under agency procedures is contemplated; and

(4) The contracting officer has determined that there is a reasonable likelihood that the option will be exercised. For sealed bids, the determination shall be in writing.

(d) Insert a clause substantially the same as the clause at [52.217-6](#), Option for Increased Quantity, in solicitations and contracts, other than those for services, when the inclusion of an option is appropriate (see [17.200](#) and [17.202](#)) and the option quantity is expressed as a percentage of the basic contract quantity or as an additional quantity of a specific line item.

(e) Insert a clause substantially the same as the clause at [52.217-7](#), Option for Increased Quantity-Separately Priced Line Item, in solicitations and contracts, other than those for services, when the inclusion of an option is appropriate (see [17.200](#) and [17.202](#)) and the option quantity is identified as a separately priced line item having the same nomenclature as a corresponding line item.

(f) Insert a clause substantially the same as the clause at [52.217-8](#), Option to Extend Services, in solicitations and contracts for services when the inclusion of an option is appropriate. (See [17.200](#), [17.202](#), and [37.111](#).)

(g) Insert a clause substantially the same as the clause at [52.217-9](#), Option to Extend the Term of the Contract, in solicitations and contracts when the inclusion of an option is appropriate (see [17.200](#) and [17.202](#)) and it is necessary to include in the contract any or all of the following:

(1) A requirement that the Government must give the contractor a preliminary written notice of its intent to extend the contract.

(2) A statement that an extension of the contract includes an extension of the option.

(3) A specified limitation on the total duration of the contract.

Subpart 17.3 - [Reserved]

This page intentionally left blank.

Subpart 17.4 - Leader Company Contracting

17.401 General.

Leader company contracting is an extraordinary acquisition technique that is limited to special circumstances and utilized only when its use is in accordance with agency procedures. A developer or sole producer of a product or system is designated under this acquisition technique to be the leader company, and to furnish assistance and know-how under an approved contract to one or more designated follower companies, so they can become a source of supply. The objectives of this technique are one or more of the following:

- (a) Reduce delivery time.
- (b) Achieve geographic dispersion of suppliers.
- (c) Maximize the use of scarce tooling or special equipment.
- (d) Achieve economies in production.
- (e) Ensure uniformity and reliability in equipment, compatibility or standardization of components, and interchangeability of parts.
- (f) Eliminate problems in the use of proprietary data that cannot be resolved by more satisfactory solutions.
- (g) Facilitate the transition from development to production and to subsequent competitive acquisition of end items or major components.

17.402 Limitations.

- (a) Leader company contracting is to be used only when-
 - (1) The leader company has the necessary production know-how and is able to furnish required assistance to the follower(s);
 - (2) No other source can meet the Government's requirements without the assistance of a leader company;
 - (3) The assistance required of the leader company is limited to that which is essential to enable the follower(s) to produce the items; and
 - (4) Its use is authorized in accordance with agency procedures.
- (b) When leader company contracting is used, the Government shall reserve the right to approve subcontracts between the leader company and the follower(s).

17.403 Procedures.

- (a) The contracting officer may award a prime contract to a-
 - (1) Leader company, obligating it to subcontract a designated portion of the required end items to a specified follower company and to assist it to produce the required end items;
 - (2) Leader company, for the required assistance to a follower company, and a prime contract to the follower for production of the items; or
 - (3) Follower company, obligating it to subcontract with a designated leader company for the required assistance.
- (b) The contracting officer shall ensure that any contract awarded under this arrangement contains a firm agreement regarding disclosure, if any, of contractor trade secrets, technical designs or concepts, and specific data, or software, of a proprietary nature.

This page intentionally left blank.

Subpart 17.5 - Interagency Acquisitions

17.500 Scope of subpart.

(a) This subpart prescribes policies and procedures applicable to all interagency acquisitions under any authority, except as provided for in paragraph (c) of this section. In addition to complying with the interagency acquisition policy and procedures in this subpart, nondefense agencies acquiring supplies and services on behalf of the Department of Defense shall also comply with the policy and procedures at [subpart 17.7](#).

(b) This subpart applies to interagency acquisitions, see [2.101](#) for definition, when-

(1) An agency needing supplies or services obtains them using another agency's contract; or

(2) An agency uses another agency to provide acquisition assistance, such as awarding and administering a contract, a task order, or delivery order.

(c) This subpart does not apply to-

(1) Interagency reimbursable work performed by Federal employees (other than acquisition assistance), or interagency activities where contracting is incidental to the purpose of the transaction; or

(2) Orders of \$600,000 or less issued against Federal Supply Schedules.

17.501 General.

(a) Interagency acquisitions are commonly conducted through indefinite-delivery contracts, such as task- and delivery-order contracts. The indefinite-delivery contracts used most frequently to support interagency acquisitions are Federal Supply Schedules (FSS), Governmentwide acquisition contracts (GWACs), and multi-agency contracts (MACs).

(b) An agency shall not use an interagency acquisition to circumvent conditions and limitations imposed on the use of funds.

(c) An interagency acquisition is not exempt from the requirements of subpart [7.3](#), Contractor Versus Government Performance.

(d) An agency shall not use an interagency acquisition to make acquisitions conflicting with any other agency's authority or responsibility (for example, that of the Administrator of General Services under [title 40, United States Code](#), "Public Buildings, Property and Works" and 41 U.S.C. division C of subtitle I, Procurement.)

17.502 Procedures.

17.502-1 General.

(a) *Written agreement on responsibility for management and administration*—. (1) *Assisted acquisitions*. (i) Prior to the issuance of a solicitation, the servicing agency and the requesting agency shall both sign a written interagency agreement that establishes the general terms and conditions governing the relationship between the parties, including roles and responsibilities for acquisition planning, contract execution, and administration and management of the contract(s) or order(s). The requesting agency shall provide to the servicing agency any unique terms, conditions, and applicable agency-specific statutes, regulations, directives, and other applicable requirements for incorporation into the order or contract. In the event there are no agency unique requirements beyond the FAR, the requesting agency shall so inform the servicing agency contracting officer in writing. For acquisitions on behalf of the Department of Defense, also see [subpart 17.7](#). For patent rights, see [27.304-2](#). In preparing interagency agreements to support assisted acquisitions, agencies should review the Office of Federal Procurement Policy (OFPP) guidance, Interagency Acquisitions, available at https://www.whitehouse.gov/wp-content/uploads/legacy_drupal_files/omb/assets/OMB/procurement/interagency_acq/iac_revised.pdf.

(ii) Each agency's file shall include the interagency agreement between the requesting and servicing agency, and shall include sufficient documentation to ensure an adequate audit consistent with [4.801\(b\)](#).

(2) *Direct acquisitions*. The requesting agency administers the order; therefore, no written agreement with the servicing agency is required.

(b) *Business-case analysis requirements for multi-agency contracts and governmentwide acquisition contracts*. In order to establish a multi-agency or governmentwide acquisition contract, a business-case analysis must be prepared by the servicing agency and approved in accordance with the OFPP business case guidance, available at https://www.whitehouse.gov/wp-content/uploads/legacy_drupal_files/omb/procurement/memo/development-review-and-approval-of-business-cases-for-certain-interagency-and-agency-specific-acquisitions-memo.pdf. The business-case analysis shall—

(1) Consider strategies for the effective participation of small businesses during acquisition planning (see [7.103\(u\)](#));

- (2) Detail the administration of such contract, including an analysis of all direct and indirect costs to the Government of awarding and administering such contract;
- (3) Describe the impact such contract will have on the ability of the Government to leverage its purchasing power, *e.g.*, will it have a negative effect because it dilutes other existing contracts;
- (4) Include an analysis concluding that there is a need for establishing the multi-agency contract; and
- (5) Document roles and responsibilities in the administration of the contract.

17.502-2 The Economy Act.

(a) The Economy Act ([31 U.S.C. 1535](#)) authorizes agencies to enter into agreements to obtain supplies or services from another agency. The FAR applies when one agency uses another agency's contract to obtain supplies or services. If the interagency business transaction does not result in a contract or an order, then the FAR does not apply. The Economy Act also provides authority for placement of orders between major organizational units within an agency; procedures for such intra-agency transactions are addressed in agency regulations.

(b) The Economy Act applies when more specific statutory authority does not exist. Examples of more specific authority are [40 U.S.C. 501](#) for the Federal Supply Schedules (subpart [8.4](#)), and *40 U.S.C. 11302(e)* for Governmentwide acquisition contracts (GWACs).

(c) Requirements for determinations and findings. (1) Each Economy Act order to obtain supplies or services by interagency acquisition shall be supported by a determination and findings (D&F). The D&F shall-

- (i) State that use of an interagency acquisition is in the best interest of the Government;
- (ii) State that the supplies or services cannot be obtained as conveniently or economically by contracting directly with a private source; and
- (iii) Include a statement that at least one of the following circumstances applies:

(A) The acquisition will appropriately be made under an existing contract of the servicing agency, entered into before placement of the order, to meet the requirements of the servicing agency for the same or similar supplies or services.

(B) The servicing agency has the capability or expertise to enter into a contract for such supplies or services that is not available within the requesting agency.

(C) The servicing agency is specifically authorized by law or regulation to purchase such supplies or services on behalf of other agencies.

(2) The D&F shall be approved by a contracting officer of the requesting agency with authority to contract for the supplies or services to be ordered, or by another official designated by the agency head, except that, if the servicing agency is not covered by the FAR, approval of the D&F may not be delegated below the senior procurement executive of the requesting agency.

(3) The requesting agency shall furnish a copy of the D&F to the servicing agency with the request for order.

(d) Payment. (1) The servicing agency may ask the requesting agency, in writing, for advance payment for all or part of the estimated cost of furnishing the supplies or services. Adjustment on the basis of actual costs shall be made as agreed to by the agencies.

(2) If approved by the servicing agency, payment for actual costs may be made by the requesting agency after the supplies or services have been furnished.

(3) Bills rendered or requests for advance payment shall not be subject to audit or certification in advance of payment.

(4) In no event shall the servicing agency require, or the requesting agency pay, any fee or charge in excess of the actual cost (or estimated cost if the actual cost is not known) of entering into and administering the contract or other agreement under which the order is filled.

17.503 Ordering procedures.

(a) Before placing an order for supplies or services with another Government agency, the requesting agency shall follow the procedures in [17.502-1](#) and, if under the Economy Act, also [17.502-2](#).

(b) The order may be placed on any form or document that is acceptable to both agencies. The order should include-

- (1) A description of the supplies or services required;
- (2) Delivery requirements;
- (3) A funds citation;
- (4) A payment provision (see [17.502-2\(d\)](#) for Economy Act orders); and
- (5) Acquisition authority as may be appropriate (see [17.503\(d\)](#)).

(c) The requesting and servicing agencies should agree to procedures for the resolution of disagreements that may arise under interagency acquisitions, including, in appropriate circumstances, the use of a third-party forum. If a third party is proposed, consent of the third party should be obtained in writing.

(d) When an interagency acquisition requires the servicing agency to award a contract, the following procedures also apply:

(1) If a justification and approval or a D&F (other than the requesting agency's D&F required in [17.502-2\(c\)](#)) is required by law or regulation, the servicing agency shall execute and issue the justification and approval or D&F. The requesting agency shall furnish the servicing agency any information needed to make the justification and approval or D&F.

(2) The requesting agency shall also be responsible for furnishing other assistance that may be necessary, such as providing information or special contract terms needed to comply with any condition or limitation applicable to the funds of the requesting agency.

(3) The servicing agency is responsible for compliance with all other legal or regulatory requirements applicable to the contract, including-

(i) Having adequate statutory authority for the contractual action; and

(ii) Complying fully with the competition requirements of [part 6](#) (see [6.002](#)). However, if the servicing agency is not subject to the Federal Acquisition Regulation, the requesting agency shall verify that contracts utilized to meet its requirements contain provisions protecting the Government from inappropriate charges (for example, provisions mandated for FAR agencies by [part 31](#)), and that adequate contract administration will be provided.

(e) Nonsponsoring Federal agencies may use a Federally Funded Research and Development Center (FFRDC) only if the terms of the FFRDC's sponsoring agreement permit work from other than a sponsoring agency. Work placed with the FFRDC is subject to the acceptance by the sponsor and must fall within the purpose, mission, general scope of effort, or special competency of the FFRDC. (See [35.017](#); see also [6.302](#) for procedures to follow where using other than full and open competition.) The nonsponsoring agency shall provide to the sponsoring agency necessary documentation that the requested work would not place the FFRDC in direct competition with domestic private industry.

17.504 Reporting requirements.

(a) The senior procurement executive for each executive agency shall submit to the Director of OMB an annual report on interagency acquisitions, as directed by OMB.

(b) The contracting officer for the servicing agency shall ensure that service contractor reporting requirements are met in accordance with [subpart 4.17](#), Service Contracts Inventory.

This page intentionally left blank.

Subpart 17.6 - Management and Operating Contracts

17.600 Scope of subpart.

This subpart prescribes policies and procedures for management and operating contracts for the Department of Energy and any other agency having requisite statutory authority.

17.601 Definition.

Management and operating contract means an agreement under which the Government contracts for the operation, maintenance, or support, on its behalf, of a Government-owned or -controlled research, development, special production, or testing establishment wholly or principally devoted to one or more major programs of the contracting Federal agency.

17.602 Policy.

(a) Heads of agencies, with requisite statutory authority, may determine in writing to authorize contracting officers to enter into or renew any management and operating contract in accordance with the agency's statutory authority, or [41 U.S.C. chapter 33](#), and the agency's regulations governing such contracts. This authority shall not be delegated. Every contract so authorized shall show its authorization upon its face.

(b) Agencies may authorize management and operating contracts only in a manner consistent with the guidance of this subpart and only if they are consistent with the situations described in [17.604](#).

(c) Within 2 years of the effective date of this regulation, agencies shall review their current contractual arrangements in the light of the guidance of this subpart, in order to-

- (1) Identify, modify as necessary, and authorize management and operating contracts; and
- (2) Modify as necessary or terminate contracts not so identified and authorized, except that any contract with less than 4 years remaining as of the effective date of this regulation need not be terminated, nor need it be identified, modified, or authorized unless it is renewed or its terms are substantially renegotiated.

17.603 Limitations.

(a) Management and operating contracts shall not be authorized for-

- (1) Functions involving the direction, supervision, or control of Government personnel, except for supervision incidental to training;
- (2) Functions involving the exercise of police or regulatory powers in the name of the Government, other than guard or plant protection services;
- (3) Functions of determining basic Government policies;
- (4) Day-to-day staff or management functions of the agency or of any of its elements; or
- (5) Functions that can more properly be accomplished in accordance with [subpart 45.3](#), Authorizing the Use and Rental of Government Property.

(b) Since issuance of an authorization under [17.602\(a\)](#) is deemed sufficient proof of compliance with paragraph (a) immediately above, nothing in paragraph (a) immediately above shall affect the validity or legality of such an authorization.

(c) For use of project labor agreements, see subpart [22.5](#).

17.604 Identifying management and operating contracts.

A management and operating contract is characterized both by its purpose (see [17.601](#)) and by the special relationship it creates between Government and contractor. The following criteria can generally be applied in identifying management and operating contracts:

- (a) Government-owned or -controlled facilities must be utilized; for instance-
 - (1) In the interest of national defense or mobilization readiness;
 - (2) To perform the agency's mission adequately; or
 - (3) Because private enterprise is unable or unwilling to use its own facilities for the work.
- (b) Because of the nature of the work, or because it is to be performed in Government facilities, the Government must maintain a special, close relationship with the contractor and the contractor's personnel in various important areas (e.g., safety, security, cost control, site conditions).
- (c) The conduct of the work is wholly or at least substantially separate from the contractor's other business, if any.
- (d) The work is closely related to the agency's mission and is of a long-term or continuing nature, and there is a need-
 - (1) To ensure its continuity; and

- (2) For special protection covering the orderly transition of personnel and work in the event of a change in contractors.

17.605 Award, renewal, and extension.

(a) Effective work performance under management and operating contracts usually involves high levels of expertise and continuity of operations and personnel. Because of program requirements and the unusual (sometimes unique) nature of the work performed under management and operating contracts, the Government is often limited in its ability to effect competition or to replace a contractor. Therefore contracting officers should take extraordinary steps before award to assure themselves that the prospective contractor's technical and managerial capacity are sufficient, that organizational conflicts of interest are adequately covered, and that the contract will grant the Government broad and continuing rights to involve itself, if necessary, in technical and managerial decisionmaking concerning performance.

(b) The contracting officer shall review each management and operating contract, following agency procedures, at appropriate intervals and at least once every 5 years. The review should determine whether meaningful improvement in performance or cost might reasonably be achieved. Any extension or renewal of an operating and management contract must be authorized at a level within the agency no lower than the level at which the original contract was authorized in accordance with [17.602\(a\)](#).

(c) Replacement of an incumbent contractor is usually based largely upon expectation of meaningful improvement in performance or cost. Therefore, when reviewing contractor performance, contracting officers should consider-

- (1) The incumbent contractor's overall performance, including, specifically, technical, administrative, and cost performance;
- (2) The potential impact of a change in contractors on program needs, including safety, national defense, and mobilization considerations; and
- (3) Whether it is likely that qualified offerors will compete for the contract.

Subpart 17.7 - Interagency Acquisitions: Acquisitions by Nondefense Agencies on Behalf of the Department of Defense

17.700 Scope of subpart.

(a) Compliance with this subpart is in addition to the policies and procedures for interagency acquisitions set forth in [subpart 17.5](#). This subpart prescribes policies and procedures specific to acquisitions of supplies and services by nondefense agencies on behalf of the Department of Defense (DoD).

(b) This subpart implements Pub. L. 110-181, section 801, as amended ([10 U.S.C. 3201 note](#) prec.).

17.701 Definitions.

As used in this subpart-

Department of Defense (DoD) acquisition official means-

(1) A DoD contracting officer; or

(2) Any other DoD official authorized to approve a direct acquisition or an assisted acquisition on behalf of DoD.

Nondefense agency means any department or agency of the Federal Government other than the Department of Defense.

Nondefense agency that is an element of the intelligence community means the agencies identified in [50 U.S.C. 3003\(4\)](#) which include the-

Office of the Director of National Intelligence;

Central Intelligence Agency;

Intelligence elements of the Federal Bureau of Investigation, Department of Energy, and Drug Enforcement Agency;

Bureau of Intelligence and Research of the Department of State;

Office of Intelligence and Analysis of the Department of the Treasury;

The Office of Intelligence and Analysis of the Department of Homeland Security and the Office of Intelligence of the Coast Guard; and

Such other elements of any department or agency as have been designated by the President, or designated jointly by the Director of National Intelligence and the head of the department or agency concerned, as an element of the intelligence community.

17.702 Applicability.

This subpart applies to all acquisitions made by nondefense agencies on behalf of DoD. It does not apply to contracts entered into by a nondefense agency that is an element of the intelligence community for the performance of a joint program conducted to meet the needs of DoD and the nondefense agency.

17.703 Policy.

(a) A DoD acquisition official may request a nondefense agency to conduct an acquisition on behalf of DoD in excess of the simplified acquisition threshold only if the head of the nondefense agency conducting the acquisition on DoD's behalf has certified that the agency will comply with applicable procurement requirements for that fiscal year except when waived in accordance with paragraph (e) of this section.

(b) A nondefense agency is compliant with applicable procurement requirements if the procurement policies, procedures, and internal controls of the nondefense agency applicable to the procurement of supplies and services on behalf of DoD, and the manner in which they are administered, are adequate to ensure the compliance of the nondefense department or agency with-

(1) The Federal Acquisition Regulation and other laws and regulations that apply to procurements of supplies and services by Federal agencies; and

(2) Laws and regulations that apply to procurements of supplies and services made by DoD through other Federal agencies, including DoD financial management regulations, the Defense Federal Acquisition Regulation Supplement (DFARS), DoD class deviations, and the DFARS Procedures, Guidance, and Information (PGI). (The DFARS, DoD class deviations, and PGI are accessible at: <http://www.acq.osd.mil/dpap/dars>).

(c) Within 30 days of the beginning of each fiscal year, submit nondefense agency certifications of compliance to Principal Director, Defense Pricing and Contracting at:

Department of Defense

Office of the Under Secretary of Defense (Acquisition and Sustainment)

Defense Pricing and Contracting

Contract Policy
Room 3B938
3060 Defense Pentagon,
Washington D.C. 20301-3060.

(d) The DoD acquisition official, as defined at [17.701](#), shall provide to the servicing nondefense agency contracting officer any DoD-unique terms, conditions, other related statutes, regulations, directives, and other applicable requirements for incorporation into the order or contract. In the event there are no DoD-unique requirements beyond the FAR, the DoD acquisition official shall so inform the servicing nondefense agency contracting officer in writing. Nondefense agency contracting officers are responsible for ensuring support provided in response to DoD's request complies with paragraph (b) of this section.

(e) *Waiver*. The limitation in paragraph (a) of this section shall not apply to the acquisition of supplies and services on behalf of DoD by a nondefense agency during any fiscal year for which the Under Secretary of Defense for Acquisition and Sustainment has determined in writing that it is necessary in the interest of DoD to acquire supplies and services through the nondefense agency during the fiscal year. The written determination shall identify the acquisition categories to which the waiver applies.

(f) Nondefense agency certifications, waivers, and additional information are available at http://www.acq.osd.mil/dpap/cpic/cp/interagency_acquisition.html.

Subpart 17.8 - Reverse Auctions

17.800 Scope of subpart.

This subpart prescribes policies and procedures for conducting reverse auctions and utilizing reverse auction service providers.

17.801 Definitions.

As used in this subpart—

Government data means any information, document, media, or machine-readable material regardless of physical form or characteristics, that is created or obtained by the Government, in the course of official Government business.

Government-related data means any information, document, media, or machine-readable material regardless of physical form or characteristics that is created or obtained by a contractor through the storage, processing, or communication of Government data. This does not include a contractor's business records (*e.g.*, financial records, legal records, etc.) or data such as operating procedures, software coding, or algorithms that are not uniquely applied to the Government data.

Reverse auction service provider means a commercial or Government entity that provides a means for conducting reverse auctions when acquiring supplies or services to be used by the Government.

17.802 Policy.

(a) The use of reverse auctions may be appropriate when market research indicates that—

- (1) A competitive marketplace exists for the supplies and/or services being acquired;
- (2) Multiple offerors can satisfy the agency's requirement; and
- (3) The nature of the supplies and/or services being acquired (*e.g.*, clearly defined specifications, less complex requirements) encourages an iterative bidding process (*i.e.*, multiple offerors participate and at least one offeror submits more than one offer during the reverse auction).

(b) The reverse auction process is used to obtain pricing for an acquisition. When using the reverse auction process, contracting officers are still required to follow the acquisition policies and procedures (*e.g.*, those prescribed in subpart 8.4 or 16.5, or part 13 or 15), as appropriate for the particular acquisition.

(c) (1) A service platform for conducting reverse auctions may be provided by a commercial or Government entity.

(2) While some reverse auction service providers are paid directly by the Government for reverse auction services, other providers may incorporate a fee structure that uses an indirect payment method. When using an indirect payment method, the reverse auction service provider adds a fee(s) to the price of the successful offer that is provided to the Government at the close of an auction. The Government then pays the successful offeror the total price of the offer, which includes the fee(s) added by the reverse auction service provider. The reverse auction service provider then collects its fee(s) from the successful offeror.

(3) When acquiring reverse auction services from a commercial reverse auction service provider, agencies shall—

- (i) Use competitive procedures, unless an exception applies;
- (ii) Detail the provider's fee structure in the resultant contract or agreement for reverse auction services; and
- (iii) Make the details of the contract or agreement for reverse auction services, including the provider's fee structure, available to contracting officers for consideration when determining whether to use a reverse auction service provider, in accordance with [17.804\(a\)](#).

(4) When acquiring reverse auction services, the contracting officer shall ensure the following information is provided in the solicitation and contract:

- (i) Descriptions of Government data and Government-related data.
- (ii) Data ownership, licensing, delivery, and disposition instructions specific to the relevant types of Government data and Government-related data (*e.g.*, DD Form 1423, Contract Data Requirements List; work statement task; line item). Disposition instructions shall provide for the transition of data in commercially available, or open and non-proprietary format and for permanent records, in accordance with disposition guidance issued by the National Archives and Records Administration.

(d) Contracting officers shall only use the services of a reverse auction service provider that—

- (1) Does not assert or imply that it can or will obtain a Government contract for participants of a reverse auction;
- (2) Allows entities to register, at no cost, as potential offerors for reverse auctions conducted on behalf of the Government on the provider's reverse auction platform;

(3) Allows each entity, as part of the registration process, the opportunity to execute a proprietary data protection agreement with the provider; provided that the terms in the agreement do not affect the terms and conditions of a Government solicitation or contract;

(4) Protects from unauthorized use or disclosure and does not release outside of the Government—

(i) All contractor bid or proposal information (see [3.104-1](#)) and source selection information associated with providing reverse auction services to the Government;

(ii) All information similarly generated to support the issuance of a task order or delivery order or order under a blanket purchase agreement; and

(iii) Information identified by an offeror as restricted from duplication, use, or disclosure—in whole or in part—for any purpose other than to evaluate the reverse auction participant's price or proposal;

(5) Allows offerors to see the successive lowest price(s) offered in the auction without revealing an offeror's identity;

(6) At the close of each auction—

(i) Provides the Government with the successful offer, along with information that separately identifies the offeror's price and the price for each provider fee or charge included in the total price; and

(ii) Provides the Government with all information and documentation received from offerors in response to the reverse auction.

(7) Does not participate as an offeror in any reverse auction which the provider is hosting on behalf of the Government. This prohibition includes participation in a reverse auction by any entity with which the provider has a relationship that raises an actual or potential conflict of interest; and

(8) Asserts no rights or license in the data gathered or generated during a reverse auction.

(e) Only a contracting officer shall—

(1) Exclude an offeror from participating in an auction;

(2) Determine the awardee(s) of any reverse auction; or

(3) Determine that the offeror is a responsible prospective contractor (see [9.103](#), [9.104-1](#), and [9.405\(d\)](#)).

17.803 Applicability.

Reverse auction processes shall not be used for—

(a) Design-build construction contracts (see [36.104](#));

(b) Procurements for architect-engineer services subject to [40 U.S.C. chapter 11](#) (see 36.601);

(c) Procurements using sealed bidding procedures (see part 14); or

(d) Acquisition of personal protective equipment, in accordance with—

(1) Sections 813 and 814 of the National Defense Authorization Act (NDAA) for Fiscal Year (FY) 2017 ([Pub. L. 114-328](#));

(2) Section 882 of the NDAA for FY 2018 ([Pub. L. 115-91](#)); and

(3) Section 880 of the John S. McCain NDAA for FY 2019 ([Pub. L. 115-232](#), [41 U.S.C. 3701 note](#)).

17.804 Procedures.

(a) When considering the use of a reverse auction service provider, the contracting officer shall—

(1) Conduct market research for available sources of reverse auction services (e.g., existing agency contracts or agreements, commercial service providers, or Government service providers);

(2) Evaluate the fee structure for each reverse auction service provider; and

(3) Document the contract file that the use of a reverse auction service provider is cost effective.

(b) When conducting a reverse auction, the contracting officer shall—

(1) Not disclose the identity of the offeror(s) except for the awardee's identity subsequent to an award resulting from the auction (see [3.104-4\(a\)](#) and (e)(1));

(2) Allow offerors the opportunity to continually revise their prices downward during the reverse auction until the close of the auction; and

(3) Allow an offeror to withdraw an offer from further consideration prior to the close of an auction.

(c) When using the services of a reverse auction service provider, contracting officers shall—

(1) Include contact information, including contracting officer name and email address, in the synopsis and solicitation that will allow offerors to contact the contracting officer directly with any questions;

(2) Upon receipt of a successful offer, verify that any provider fees or charges included in the price are in accordance with the provider's fee structure, as evaluated in accordance with paragraph (a)(2) of this section; and

(3) Include in the contract file any information and/or documentation received by the reverse auction service provider from offerors responding to the reverse auction.

(d) If only one offeror participates in an auction, the contracting officer may—

- (1) Cancel the auction and document the contract file with evidence of the participation of only one offeror; or
- (2) Accept the offer, only if the price is determined to be fair and reasonable (see [13.106-3\(a\)\(2\)](#) and [15.404-1](#)).

17.805 Solicitation provision and contract clauses.

(a) The contracting officer shall insert the provision at [52.217-10](#), Reverse Auction, in solicitations when using a reverse auction to award a contract or blanket purchase agreement.

(b) The contracting officer shall insert the clause at [52.217-11](#), Reverse Auction—Orders, in solicitations and contracts for a multiple-award contract or blanket purchase agreement, when a reverse auction may be used to place orders under the basic contract or blanket purchase agreement.

(c) The contracting officer shall insert the clause at [52.217-12](#), Reverse Auction Services, in all solicitations and contracts for the purchase of reverse auction services.

This page intentionally left blank.

18.115	HUBZone sole source awards.	18.205	Resources.
18.116	Service-disabled Veteran-owned Small Business (SDVOSB) sole source awards.		

This page intentionally left blank.

18.000 Scope of part.

(a) This part identifies acquisition flexibilities that are available for emergency acquisitions. These flexibilities are specific techniques or procedures that may be used to streamline the standard acquisition process. This part includes-

(1) Generally available flexibilities; and

(2) Emergency acquisition flexibilities that are available only under prescribed circumstances.

(b) The acquisition flexibilities in this part are not exempt from the requirements and limitations set forth in FAR [part 3](#), Improper Business Practices and Personal Conflicts of Interest.

(c) Additional flexibilities may be authorized in an executive agency supplement to the FAR.

18.001 Definition.

Emergency acquisition flexibilities, as used in this part, means flexibilities provided with respect to any acquisition of supplies or services by or for an executive agency that, as determined by the head of an executive agency, may be used-

(a) In support of a contingency operation as defined in [2.101](#);

(b) To facilitate the defense against or recovery from cyber, nuclear, biological, chemical, or radiological attack against the United States;

(c) In support of a request from the Secretary of State or the Administrator of the United States Agency for International Development to facilitate the provision of international disaster assistance; or

(d) When the President issues an emergency declaration, or a major disaster declaration.

Subpart 18.1 - Available Acquisition Flexibilities

18.101 General.

The FAR includes many acquisition flexibilities that are available to the contracting officer when certain conditions are met. These acquisition flexibilities do not require an emergency declaration or designation of contingency operation.

18.102 System for Award Management.

(a) In accordance with [4.1102](#), contractors are not required to be registered in the System for Award Management (SAM) at the time of submission of offers or quotations for—

(1) Contracts awarded without providing for full and open competition due to unusual and compelling urgency (see [6.302-2](#)); or

(2) Contracts awarded by a contracting officer—

(i) Deployed in the course of military operations;

(ii) Located outside the United States and its outlying areas, for work to be performed in support of diplomatic or developmental operations, in an area that has been designated by the Department of State as a danger pay post; or

(iii) In the conduct of emergency operations.

(b) However, contractors are required to be registered in SAM in order to gain access to the Disaster Response Registry.

(c) Contracting officers shall consult the Disaster Response Registry via <https://www.sam.gov>, Search Records, Advanced Search, Disaster Response Registry Search to determine the availability of contractors for debris removal, distribution of supplies, reconstruction, and other disaster or emergency relief activities inside the United States and outlying areas. (See [26.205](#)).

18.103 Synopses of proposed contract actions.

Contracting officers need not submit a synopsis notice when there is an unusual and compelling urgency and the Government would be seriously injured if the agency complied with the notice time periods. (See [5.202\(a\)\(2\)](#).)

18.104 Unusual and compelling urgency.

Agencies may limit the number of sources and full and open competition need not be provided for contracting actions involving urgent requirements. (See [6.302-2](#).)

18.105 Federal Supply Schedules (FSSs), multi-agency blanket purchase agreements (BPAs), and multi-agency indefinite delivery contracts.

Streamlined procedures and a broad range of goods and services may be available under Federal Supply Schedule contracts (see [subpart 8.4](#)), multi-agency BPAs (see [8.405-3\(a\)\(6\)](#)), or multi-agency, indefinite-delivery contracts (see

[16.505](#)(a)(8)). These contracting methods may offer agency advance planning, pre-negotiated line items, and special terms and conditions that permit rapid response.

18.106 Acquisitions from Federal Prison Industries, Inc. (FPI).

Purchase from FPI is not mandatory and a waiver is not required if public exigency requires immediate delivery or performance (see [8.605](#)(b)).

18.107 AbilityOne specification changes.

Contracting officers are not held to the notification required when changes in AbilityOne specifications or descriptions are required to meet emergency needs. (See [8.712](#)(d).)

18.108 Qualifications requirements.

Agencies may determine not to enforce qualification requirements when an emergency exists. (See [9.206-1](#).)

18.109 Priorities and allocations.

The Defense Priorities and Allocations System (DPAS) supports approved national defense, emergency preparedness, and energy programs and was established to facilitate rapid industrial mobilization in case of a national emergency. (See [subpart 11.6](#).)

18.110 Soliciting from a single source.

For purchases not exceeding the simplified acquisition threshold, contracting officers may solicit from one source under certain circumstances. (See [13.106-1](#)(b).)

18.111 Oral requests for proposals.

Oral requests for proposals are authorized under certain conditions. (See [15.203](#)(f).)

18.112 Letter contracts.

Letter contracts may be used when contract performance must begin immediately. (See [16.603](#).)

18.113 Interagency acquisitions.

Interagency acquisitions are authorized under certain conditions. (See [subpart 17.5](#).)

18.114 Contracting with the Small Business Administration (The 8(a) Program).

Contracts may be awarded to the Small Business Administration (SBA) for performance by eligible 8(a) participants on either a sole source or competitive basis. (See [subpart 19.8](#).)

18.115 HUBZone sole source awards.

Contracts may be awarded to Historically Underutilized Business Zone (HUBZone) small business concerns on a sole source basis. (See [19.1306](#).)

18.116 Service-disabled Veteran-owned Small Business (SDVOSB) sole source awards.

Contracts may be awarded to Service-disabled Veteran-owned Small Business (SDVOSB) concerns eligible under the SDVOSB Program on a sole source basis. (See [19.1406](#).)

18.117 Awards to economically disadvantaged women-owned small business concerns and women-owned small business concerns eligible under the Women-Owned Small Business Program.

Contracts may be awarded to economically disadvantaged women-owned small business (EDWOSB) concerns and women-owned small business (WOSB) concerns eligible under the WOSB Program on a competitive or sole source basis. (See [subpart 19.15](#).)

18.118 Overtime approvals.

Overtime approvals may be retroactive if justified by emergency circumstances. (See [22.103-4](#)(i).)

18.119 Trade agreements.

The policies and procedures of FAR [25.4](#) may not apply to acquisitions not awarded under full and open competition (see [25.401\(a\)\(5\)](#)).

18.120 [Reserved]**18.121 Bid guarantees.**

The chief of the contracting office may waive the requirement to obtain a bid guarantee for emergency acquisitions when a performance bond or a performance bond and payment bond is required. (See [28.101-1\(c\)](#).)

18.122 Advance payments.

Agencies may authorize advance payments to facilitate the national defense for actions taken under Public Law 85-804 (see [subpart 50.1](#), Extraordinary Contractual Actions). These advance payments may be made at or after award of sealed bid contracts, as well as negotiated contracts. (See [32.405](#).)

18.123 Assignment of claims.

The use of the no-setoff provision may be appropriate to facilitate the national defense in the event of a national emergency or natural disaster. (See [32.803\(d\)](#).)

18.124 Electronic funds transfer.

Electronic funds transfer payments may be waived for acquisitions to support unusual and compelling needs or emergency acquisitions. (See [32.1103\(e\)](#).)

18.125 Protest to GAO.

When urgent and compelling circumstances exist, agency protest override procedures allow the head of the contracting activity to determine that the contracting process may continue after GAO has received a protest. (See [33.104\(b\)](#) and (c).)

18.126 Contractor rent-free use of Government property.

Rental requirements do not apply to items of Government production and research property that are part of a general program approved by the Federal Emergency Management Agency and meet certain criteria. (See [45.301](#).)

18.127 Extraordinary contractual actions.

[subpart 50.1](#) prescribes policies and procedures for entering into, amending, or modifying contracts in order to facilitate the national defense under the extraordinary emergency authority granted by Public Law 85-804 ([50 U.S.C. 1431-1434](#)). This includes-

- (a) Amending contracts without consideration (see [50.103-2\(a\)](#));
- (b) Correcting or mitigating mistakes in a contract (see [50.103-2\(b\)](#)); and
- (c) Formalizing informal commitments (See [50.103-2\(c\)](#)).

This page intentionally left blank.

Subpart 18.2 - Emergency Acquisition Flexibilities

18.201 Contingency operation.

- (a) Contingency operation is defined in [2.101](#).
- (b) Micro-purchase threshold. The threshold increases when the head of the agency determines the supplies or services are to be used to support a contingency operation. (See [2.101](#) and [13.201\(g\)](#).)
- (c) Simplified acquisition threshold. The threshold increases when the head of the agency determines the supplies or services are to be used to support a contingency operation. (See [2.101](#).)
- (d) [SF 44](#), Purchase Order-Invoice-Voucher. The normal threshold for the use of the [SF 44](#) is at or below the micro-purchase threshold. Agencies may, however, establish higher dollar limitations for purchases made to support a contingency operation. (See [13.306](#).)
- (e) *Simplified procedures for certain commercial products and commercial services*. The threshold limits authorized for use of this authority may be increased for acquisitions to support a contingency operation. (See [13.500\(c\)](#).)

18.202 Defense or recovery from certain events.

- (a) *Micro-purchase threshold*. The threshold increases when the head of the agency determines the supplies or services are to be used to facilitate defense against or recovery from cyber, nuclear, biological, chemical, or radiological attack; to facilitate provision of international disaster assistance; or to support response to an emergency or major disaster. (See [2.101](#).)
- (b) *Simplified acquisition threshold*. The threshold increases when the head of the agency determines the supplies or services are to be used to facilitate defense against or recovery from cyber, nuclear, biological, chemical, or radiological attack; to facilitate provision of international disaster assistance; or to support response to an emergency or major disaster. (See [2.101](#).)
- (c) *Commercial product or commercial service treatment*. Contracting officers may treat any acquisition of supplies or services as an acquisition of commercial products or commercial services if the head of the agency determines the acquisition is to be used to facilitate the defense against or recovery from cyber, nuclear, biological, chemical, or radiological attack. (See [12.102\(f\)\(1\)](#) and [13.500\(c\)](#).)
- (d) *Simplified procedures for certain commercial products and commercial services*. The threshold limits authorized for use of this authority may be increased when it is determined the acquisition is to facilitate defense against or recovery from cyber, nuclear, biological, chemical, or radiological attack; to facilitate provision of international disaster assistance; or to support response to an emergency or major disaster. (See [13.500\(c\)](#).)
- (e) *Sustainable products and services*. Contracting officers are encouraged, but not required, to procure sustainable products and services if the head of the agency determines the supplies or services are to be used to facilitate defense against or recovery from cyber, nuclear, biological, chemical, or radiological attack; to facilitate provision of international disaster assistance; or to support response to an emergency or major disaster (see [23.106\(c\)](#)).

18.203 Emergency declaration or major disaster declaration.

- (a) Disaster or emergency assistance activities. Preference will be given to local organizations, firms, and individuals when contracting for major disaster or emergency assistance activities when the President has made a declaration under the Robert T. Stafford Disaster Relief and Emergency Assistance Act. Preference may take the form of local area set-asides or an evaluation preference. (See [6.208](#) and [subpart 26.2](#).)
- (b) Ocean transportation by U.S. flag vessels. The provisions of the Cargo Preference Act of 1954 may be waived in emergency situations. (See [47.502\(c\)](#).)

18.204 Humanitarian or peacekeeping operation.

- (a) A humanitarian or peacekeeping operation is defined in [2.101](#).
- (b) Simplified acquisition threshold. The threshold increases when the head of the agency determines the supplies or services are to be used to support a humanitarian or peacekeeping operation. (See [2.101](#).)

18.205 Resources.

- (a) *National Response Framework*. The National Response Framework (NRF) is a guide to how the Nation conducts all-hazards response. This key document establishes a comprehensive, national, all-hazards approach to domestic incident response. The Framework identifies the key response principles, roles and structures that organize national response. It describes how communities, States, the Federal Government, the private-sector, and nongovernmental partners apply

these principles for a coordinated, effective national response. It also describes special circumstances where the Federal Government exercises a larger role, including incidents where Federal interests are involved and catastrophic incidents where a State would require significant support. The NRF is available at <https://www.fema.gov/media-library/assets/documents/117791>.

(b) *OFPP Guidelines*. The Office of Federal Procurement Policy (OFPP) "Emergency Acquisitions Guide" is available at https://www.whitehouse.gov/wp-content/uploads/legacy_drupal_files/omb/assets/procurement_guides/emergency_acquisitions_guide.pdf.

PART 19 - SMALL BUSINESS PROGRAMS

<i>Sec.</i>			
19.000	Scope of part.		Subpart 19.4 - Cooperation with the Small Business Administration
19.001	Definitions.		
	Subpart 19.1 - Size Standards	19.401	General.
19.101	[Reserved]	19.402	Small Business Administration procurement center representatives.
19.102	Small business size standards and North American Industry Classification System codes.	19.403	[Reserved].
19.103	Appealing the contracting officer's North American Industry Classification System code and size standard determination.		Subpart 19.5 - Small Business Total Set-Asides, Partial Set-Asides, and Reserves
	Subpart 19.2 - Policies	19.501	General.
19.201	General policy.	19.502	Setting aside acquisitions.
19.202	Specific policies.	19.502-1	Requirements for setting aside acquisitions.
19.202-1	Encouraging small business participation in acquisitions.	19.502-2	Total small business set-asides.
19.202-2	Locating small business sources.	19.502-3	Partial set-asides of contracts other than multiple-award contracts.
19.202-3	Equal low bids.	19.502-4	Partial set-asides of multiple-award contracts.
19.202-4	Solicitation.	19.502-5	Insufficient reasons for not setting aside an acquisition.
19.202-5	Data collection and reporting requirements.	19.502-6	Setting aside a class of acquisitions for small business.
19.202-6	Determination of fair market price.	19.502-7	Inclusion of Federal Prison Industries, Inc.
19.203	Relationship among small business programs.	19.502-8	Rejecting Small Business Administration recommendations.
	Subpart 19.3 - Determination of Small Business Size and Status for Small Business Programs	19.502-9	Withdrawing or modifying small business set-asides.
19.301	Representations and rerepresentations.	19.502-10	Automatic dissolution of a small business set-aside.
19.301-1	Representation by the offeror.	19.502-11	Solicitation notice regarding administration of change orders for construction.
19.301-2	Rerepresentation by a contractor that represented its status as a small business concern.	19.503	Reserves.
19.301-3	Rerepresentation by a contractor that represented itself as other than a small business concern.	19.504	Orders under multiple-award contracts.
19.302	Protesting a small business representation or rerepresentation.	19.505	Limitations on subcontracting and nonmanufacturer rule.
19.303	[Reserved].	19.506	Documentation requirements.
19.304	Small disadvantaged business status.	19.507	Solicitation provisions and contract clauses.
19.305	Reviews of SDB status.		Subpart 19.6 - Certificates of Competency and Determinations of Responsibility
19.306	Protesting a firm's status as a HUBZone small business concern.	19.601	General.
19.307	Protesting a firm's status as a service-disabled veteran-owned small business concern.	19.602	Procedures.
19.308	Protesting a firm's status as an economically disadvantaged women-owned small business concern or women-owned small business concern eligible under the Women-Owned Small Business Program.	19.602-1	Referral.
19.309	Solicitation provisions and contract clauses.	19.602-2	Issuing or denying a Certificate of Competency (COC).
		19.602-3	Resolving differences between the agency and the Small Business Administration.
		19.602-4	Awarding the contract.

**Subpart 19.7 - The Small
Business Subcontracting Program**

- 19.701 Definitions.
- 19.702 Statutory requirements.
- 19.703 Eligibility requirements for participating in the program.
- 19.704 Subcontracting plan requirements.
- 19.705 Responsibilities of the contracting officer under the subcontracting assistance program.
- 19.705-1 General.
- 19.705-2 Determining the need for a subcontracting plan.
- 19.705-3 Preparing the solicitation.
- 19.705-4 Reviewing the subcontracting plan.
- 19.705-5 Awards involving subcontracting plans.
- 19.705-6 Postaward responsibilities of the contracting officer.
- 19.705-7 Compliance with the subcontracting plan.
- 19.706 Responsibilities of the cognizant administrative contracting officer.
- 19.707 The Small Business Administration's role in carrying out the program.
- 19.708 Contract clauses.

**Subpart 19.8 - Contracting with the Small
Business Administration (The 8(a) Program)**

- 19.800 General.
- 19.801 [Reserved]
- 19.802 Determining eligibility for the 8(a) program.
- 19.803 Selecting acquisitions for the 8(a) Program.
- 19.804 Evaluation, offering, and acceptance.
- 19.804-1 Agency evaluation.
- 19.804-2 Agency offering.
- 19.804-3 SBA acceptance.
- 19.804-4 Repetitive acquisitions.
- 19.804-5 Basic ordering agreements and blanket purchase agreements.
- 19.804-6 Indefinite delivery contracts.
- 19.805 Competitive 8(a).
- 19.805-1 General.
- 19.805-2 Procedures.
- 19.806 Pricing the 8(a) contract.
- 19.807 Estimating fair market price.
- 19.808 Contract negotiation.
- 19.808-1 Sole source.
- 19.808-2 Competitive.
- 19.809 Preaward considerations.
- 19.809-1 Preaward survey.
- 19.809-2 Limitations on subcontracting and nonmanufacturer rule.
- 19.810 SBA appeals.
- 19.811 Preparing the contracts.
- 19.811-1 Sole source.
- 19.811-2 Competitive.

- 19.811-3 Contract clauses.
- 19.812 Contract administration.
- 19.813 Protesting an 8(a) participant's eligibility or size status.
- 19.814 Requesting a formal size determination (8(a) sole source requirements).
- 19.815 Release and notification requirements for non-8(a) procurement.
- 19.816 Exiting the 8(a) program.

Subpart 19.9 - [Reserved]

Subpart 19.10 - [Reserved]

Subpart 19.11 - [Reserved]

Subpart 19.12 - [Reserved]

**Subpart 19.13 - Historically Underutilized
Business Zone (HUBZone) Program**

- 19.1301 General.
- 19.1302 [Reserved].
- 19.1303 Status as a HUBZone small business concern.
- 19.1304 Exclusions.
- 19.1305 HUBZone set-aside procedures.
- 19.1306 HUBZone sole-source awards.
- 19.1307 Price evaluation preference for HUBZone small business concerns.
- 19.1308 [Reserved].
- 19.1309 Contract clauses.

**Subpart 19.14 - Service-Disabled
Veteran-Owned Small Business Program**

- 19.1401 General.
- 19.1402 Applicability.
- 19.1403 Status.
- 19.1404 Exclusions.
- 19.1405 Set-aside procedures.
- 19.1406 Sole source awards.
- 19.1407 [Reserved]
- 19.1408 Contract clauses.

**Subpart 19.15 - Women-
Owned Small Business Program.**

- 19.1500 General.
- 19.1501 [Reserved]
- 19.1502 Applicability.
- 19.1503 Status.
- 19.1504 Exclusions.
- 19.1505 Set-aside procedures.
- 19.1506 Women-Owned Small Business Program sole-source awards.
- 19.1507 [Reserved]
- 19.1508 Contract clauses.

19.000 Scope of part.

(a) This part implements the acquisition-related sections of the Small Business Act ([15 U.S.C. 631](#), *et seq.*), applicable sections of the Armed Services Procurement Act ([10 U.S.C. 3063–3064](#) and [3203](#)), [41 U.S.C. 3104](#), and Executive Order 12138, May 18, 1979. It covers—

- (1) The determination that a concern is eligible for participation in the programs identified in this part;
 - (2) The respective roles of executive agencies and the Small Business Administration (SBA) in implementing the programs;
 - (3) Setting acquisitions aside, in total or in part, for exclusive competitive participation by small business, 8(a) participants, HUBZone small business concerns, service-disabled veteran-owned small business (SDVOSB) concerns eligible under the SDVOSB Program, and economically disadvantaged women-owned small business (EDWOSB) concerns and women-owned small business (WOSB) concerns eligible under the WOSB Program;
 - (4) The certificate of competency program;
 - (5) The subcontracting assistance program;
 - (6) The "8(a)" business development program (hereafter referred to as 8(a) program), under which agencies contract with the SBA for goods or services to be furnished under a subcontract by a small disadvantaged business concern;
 - (7) The use of a price evaluation preference for HUBZone small business concerns;
 - (8) The use of veteran-owned small business concerns;
 - (9) Sole source awards to HUBZone small business concerns, service-disabled veteran-owned small business concerns, and EDWOSB concerns and WOSB concerns eligible under the WOSB Program; and
 - (10) The use of reserves.
- (b) (1) Unless otherwise specified in this part (see [Subpart 19.6 - Certificates of Competency and Determinations of Responsibility](#) on page 1 and [Subpart 19.7 - The Small Business Subcontracting Program](#) on page 1)—
- (i) Contracting officers shall apply this part in the United States and its outlying areas; and
 - (ii) Contracting officers may apply this part outside the United States and its outlying areas.
- (2) Offerors that participate in any procurement under this part are required to meet the definition of “small business concern” at [2.101](#) and the definition of “concern” at [19.001](#).

19.001 Definitions.

As used in this part—

Concern means any business entity organized for profit (even if its ownership is in the hands of a nonprofit entity) with a place of business located in the United States or its outlying areas and that makes a significant contribution to the U.S. economy through payment of taxes and/or use of American products, material and/or labor, etc. "Concern" includes but is not limited to an individual, partnership, corporation, joint venture, association, or cooperative. For more information, see 13 CFR 121.105.

Fair market price means a price based on reasonable costs under normal competitive conditions and not on lowest possible cost (see [19.202-6](#)).

Industry means all concerns primarily engaged in similar lines of activity, as listed and described in the North American Industry Classification System (NAICS) manual.

Similarly situated entity means a first-tier subcontractor, including an independent contractor, that—

- (1) Has the same small business program status as that which qualified the prime contractor for the award (*e.g.*, for a small business set-aside contract, any small business concern, without regard to socioeconomic status); and
- (2) Is considered small for the size standard under the NAICS code the prime contractor assigned to the subcontract.

Subpart 19.1 - Size Standards**19.101 [Reserved]****19.102 Small business size standards and North American Industry Classification System codes.**

(a) *Locating size standards and North American Industry Classification System codes.* (1) SBA establishes small business size standards on an industry-by-industry basis. Small business size standards and corresponding North American Industry Classification System (NAICS) codes are provided at [13 CFR 121.201](#). They are also available at <https://www.sba.gov/document/support-table-size-standards>.

(2) NAICS codes are updated by the Office of Management and Budget through its Economic Classification Policy Committee every five years. New NAICS codes are not available for use in Federal contracting until SBA publishes corresponding size standards. NAICS codes are available from the U.S. Census Bureau at <https://www.census.gov/naics/>.

(3) SBA determines the size status of a concern, including its affiliates, as of the date the concern represents that it is small to the contracting officer as part of its initial offer, which includes price.

(4) When an agency uses a solicitation for a multiple-award contract that does not require offers for the contract to include price, SBA determines size as of the date of initial offer for the multiple-award contract, whether or not the offer includes price or the price is evaluated. (See [13 CFR 121.404\(a\)\(1\)\(iv\)](#)).

(b) *Determining the appropriate NAICS codes for the solicitation.* (1) Unless required to do otherwise by paragraph (b)(2)(ii)(B) of this section, contracting officers shall assign one NAICS code and corresponding size standard to all solicitations, contracts, and task and delivery orders. The contracting officer shall determine the appropriate NAICS code by classifying the product or service being acquired in the one industry that best describes the principal purpose of the supply or service being acquired. Primary consideration is given to the industry descriptions in the U.S. NAICS Manual, the product or service descriptions in the solicitation, the relative value and importance of the components of the requirement making up the end item being procured, and the function of the goods or services being purchased. A procurement is usually classified according to the component that accounts for the greatest percentage of contract value.

(2) (i) For solicitations issued on or before October 1, 2028, that will result in multiple-award contracts, the contracting officer shall assign a NAICS code in accordance with paragraph (b)(1) of this section.

(ii) For solicitations issued after October 1, 2028, that will result in multiple-award contracts, the contracting officer shall—

(A) Assign a single NAICS code (and corresponding size standard) that best describes the principal purpose of both the acquisition and each subsequent order; or

(B) Divide the acquisition into distinct portions or categories (e.g., line item numbers, Special Item Numbers, sectors, functional areas, or equivalent) and assign each portion or category a single NAICS code and size standard that best describes the principal purpose of the supplies or services to be acquired under that distinct portion or category.

(3) (i) When placing orders under multiple-award contracts with a single NAICS code, the contracting officer shall assign the order the same NAICS code and corresponding size standard designated in the contract.

(ii) When placing orders under multiple-award contracts with more than one NAICS code, the contracting officer shall assign the order the NAICS code and corresponding size standard designated in the contract for the distinct portion or category against which the order is placed. If an order covers multiple portions or categories, select the NAICS code and corresponding size standard designated in the contract for the distinct portion or category that best represents the principal purpose of the order.

(4) The contracting officer's designation is final unless appealed in accordance with the procedures in [19.103](#).

(c) *Application of small business size standards to solicitations.* (1) The contracting officer shall apply the size standard in effect on the date the solicitation is issued.

(2) The contracting officer may amend the solicitation and use the new size standard if SBA amends the size standard and it becomes effective before the due date for receipt of initial offers.

19.103 Appealing the contracting officer's North American Industry Classification System code and size standard determination.

(a) The contracting officer's determination is final unless appealed as follows:

(1) An appeal of a contracting officer's NAICS code designation and the applicable size standard shall be served and filed within 10 calendar days after the issuance of the initial solicitation or any amendment affecting the NAICS code or size standard. However, SBA may file a NAICS code appeal at any time before offers are due.

(2) Appeals of a contracting officer's NAICS code designation or applicable size standard may be filed with SBA's Office of Hearings and Appeals (OHA) by—

(i) Any person adversely affected by a NAICS code designation or applicable size standard. However, with respect to a particular sole source 8(a) contract, only the SBA Associate Administrator for Business Development may appeal a NAICS code designation; or

(ii) The Associate or Assistant Director for the SBA program involved, through SBA's Office of General Counsel.

(3) Contracting officers shall advise the public, by amendment to the solicitation, of the existence of a NAICS code appeal (see [5.102\(a\)\(1\)](#)). Such notices shall include the procedures and the deadline for interested parties to file and serve arguments concerning the appeal.

(4) SBA's OHA will dismiss summarily an untimely NAICS code appeal.

(5) NAICS code appeals are filed in accordance with [13 CFR 121.1103](#).

(6) Upon receipt of a NAICS code appeal, OHA will notify the contracting officer by a notice and order of the date OHA received the appeal, the docket number, and the Administrative Judge assigned to the case. The contracting officer's response to the appeal, if any, shall include argument and evidence (see [13 CFR part 134](#)), and shall be received by OHA within 15 calendar days from the date of the docketing notice and order, unless otherwise specified by the Administrative Judge. Upon receipt of OHA's docketing notice and order, the contracting officer shall withhold award, unless withholding award is not in the best interests of the Government, and immediately send to OHA an electronic link to or a paper copy of both the original solicitation and all amendments relating to the NAICS code appeal. The contracting officer shall inform OHA of any amendments, actions, or developments concerning the procurement in question.

(7) After close of record, OHA will issue a decision and inform the contracting officer. If OHA's decision is received by the contracting officer before the date the offers are due, the decision shall be final and the solicitation shall be amended to reflect the decision, if appropriate. OHA's decision received after the due date of the initial offers shall not apply to the pending solicitation but shall apply to future solicitations of the same products or services.

(b) SBA's regulations concerning appeals of NAICS code designations are located at [13 CFR 121.1102](#) to [121.1103](#) and [13 CFR part 134](#).

This page intentionally left blank.

Subpart 19.2 - Policies

19.201 General policy.

(a) It is the policy of the Government to provide maximum practicable opportunities in its acquisitions to small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns. Such concerns must also have the maximum practicable opportunity to participate as subcontractors in the contracts awarded by any executive agency, consistent with efficient contract performance. The Small Business Administration (SBA) counsels and assists small business concerns and assists contracting personnel to ensure that a fair proportion of contracts for supplies and services is placed with small business.

(b) Heads of contracting activities are responsible for effectively implementing the small business programs within their activities, including achieving program goals. They are to ensure that contracting and technical personnel maintain knowledge of small business program requirements and take all reasonable action to increase participation in their activities' contracting processes by these businesses.

(c) The Small Business Act requires each agency with contracting authority to establish an Office of Small and Disadvantaged Business Utilization (see section 15(k) of the Small Business Act). For the Department of Defense, in accordance with section 904 of [Public Law 109-163](#) ([10 U.S.C. 144](#) note), the Office of Small and Disadvantaged Business Utilization has been redesignated as the Office of Small Business Programs. Management of the office is the responsibility of an officer or employee of the agency who, in carrying out the purposes of the Act—

(1) Is known as the Director of the Office of Small and Disadvantaged Business Utilization, or for the Department of Defense, the Director of the Office of Small Business Programs;

(2) Is appointed by the agency head;

(3) Is responsible to and reports directly to the agency head or the deputy to the agency head (except that for the Department of Defense, the Director of the Office of Small Business Programs reports to the Secretary or the Secretary's designee);

(4) Is responsible for the agency carrying out the functions and duties in sections 8, 15, 31, 36, and 44 of the Small Business Act;

(5) Works with the SBA procurement center representative (PCR) (or, if a PCR is not assigned, see [19.402\(a\)](#)) to identify proposed solicitations that involve bundling and work with the agency acquisition officials and SBA to revise the acquisition strategies for such proposed solicitations to increase the probability of participation by small businesses;

(6) Assists small business concerns in obtaining payments under their contracts, late payment interest penalties, or information on contractual payment provisions;

(7) Has supervisory authority over agency personnel to the extent that their functions and duties relate to sections 8, 15, 31, 36, and 44 of the Small Business Act;

(8) Assigns a small business technical advisor to each contracting activity within the agency to which the SBA has assigned a representative (see [19.402](#))—

(i) Who is a full-time employee of the contracting activity, well qualified, technically trained, and familiar with the supplies or services contracted for by the activity; and

(ii) Whose principal duty is to assist the SBA's assigned representative in performing functions and duties relating to sections 8, 15, 31, 36, and 44 of the Small Business Act;

(9) Cooperates and consults on a regular basis with the SBA in carrying out the agency's functions and duties in sections 8, 15, 31, 36, and 44 of the Small Business Act;

(10) Makes recommendations in accordance with agency procedures as to whether a particular acquisition should be awarded under subpart [19.5](#) as a small business set-aside, under subpart [19.8](#) as a section 8(a) award, under subpart [19.13](#) as a HUBZone set-aside, under subpart [19.14](#) as a set-aside service-disabled veteran-owned small business (SDVOSB) concerns eligible under the SDVOSB Program, or under subpart [19.15](#) as a set-aside for economically disadvantaged women-owned small business (EDWOSB) concerns or women-owned small business (WOSB) concerns eligible under the WOSB Program;

(11) Conducts annual reviews to assess the—

(i) Extent to which small businesses are receiving a fair share of Federal procurements, including contract opportunities under the programs administered under the Small Business Act;

(ii) Adequacy of consolidated or bundled contract documentation and justifications; and

(iii) Actions taken to mitigate the effects of necessary and justified consolidation or bundling on small businesses.

(12) Provides a copy of the assessment made under paragraph (c)(11) of this section to the Agency Head and SBA Administrator;

(13) Provides to the chief acquisition officer and senior procurement executive advice and comments on acquisition strategies, market research, and justifications related to consolidation of contract requirements;

(14) When notified by a small business concern prior to the award of a contract that the small business concern believes that a solicitation, request for proposal, or request for quotation unduly restricts the ability of the small business concern to compete for the award—

(i) Submits the notification by the small business concern to the contracting officer and, if necessary, recommends ways in which the solicitation, request for proposal, or request for quotation may be altered to increase the opportunity for competition; and

(ii) Informs the advocate for competition of such agency (as established under 41 U.S.C 1705 or [10 U.S.C. 3249](#)) of such notification;

(15) Ensures agency purchases using the Governmentwide purchase card that are greater than the micro-purchase threshold and less than the simplified acquisition threshold were made in compliance with the Small Business Act and were properly recorded in accordance with [subpart 4.6](#) in the Federal Procurement Data System;

(16) Assists small business contractors and subcontractors in finding resources for education and training on compliance with contracting regulations;

(17) Reviews all subcontracting plans required by [19.702\(a\)](#) to ensure the plan provides maximum practicable opportunity for small business concerns to participate in the performance of the contract; and

(18) Performs other duties listed at [15 U.S.C. 644\(k\)](#).

(d) Small business specialists shall be appointed and act in accordance with agency regulations.

(1) The contracting activity shall coordinate with the small business specialist as early in the acquisition planning process as practicable, but no later than 30 days before the issuance of a solicitation, or prior to placing an order without a solicitation when the acquisition meets the dollar thresholds set forth at [7.107-4\(a\)\(1\)](#). See also [7.104\(d\)](#).

(2) The small business specialist shall notify the agency's Director of the Office of Small and Disadvantaged Business Utilization, and for the Department of Defense, the Director of the Office of Small Business Programs, when the criteria relating to substantial bundling at [7.107-4\(a\)\(1\)](#) are met.

(3) The small business specialist shall coordinate with the contracting activity and the SBA PCR on all determinations and findings required by [7.107](#) for consolidation or bundling of contract requirements.

19.202 Specific policies.

In order to further the policy in [19.201](#) (a), contracting officers shall comply with the specific policies listed in this section and shall consider recommendations of the agency Director of the Office of Small and Disadvantaged Business Utilization, or for the Department of Defense, the Director of the Office of Small Business Programs, or the Director's designee, as to whether a particular acquisition should be awarded under subpart [19.5](#), [19.8](#), [19.13](#), [19.14](#), or [19.15](#). Agencies shall establish procedures including dollar thresholds for review of acquisitions by the Director or the Director's designee for the purpose of making these recommendations. The contracting officer shall document the contract file whenever the Director's recommendations are not accepted, in accordance with [19.506](#).

19.202-1 Encouraging small business participation in acquisitions.

Small business concerns shall be afforded an equitable opportunity to compete for all contracts that they can perform to the extent consistent with the Government's interest. When applicable, the contracting officer shall take the following actions:

(a) Divide proposed acquisitions of supplies and services (except construction) into reasonably small lots (not less than economic production runs) to permit offers on quantities less than the total requirement.

(b) Plan acquisitions such that, if practicable, more than one small business concern may perform the work, if the work exceeds the amount for which a surety may be guaranteed by SBA against loss under [15 U.S.C. 694b](#) (see definition of "Applicable Statutory Limit" at [13 CFR 115.10](#)).

(c) Ensure that delivery schedules are established on a realistic basis that will encourage small business participation to the extent consistent with the actual requirements of the Government.

(d) Encourage prime contractors to subcontract with small business concerns (see [subpart 19.7](#)).

(e) (1) Provide a copy of the proposed acquisition package and other reasonably obtainable information related to the acquisition to the SBA PCR (or, if a PCR is not assigned, see [19.402\(a\)](#)) at least 30 days prior to the issuance of the solicitation if—

(i) The proposed acquisition is for supplies or services currently being provided by a small business and the proposed acquisition is of a quantity or estimated dollar value, the magnitude of which makes it unlikely that small businesses can compete for the prime contract;

(ii) The proposed acquisition is for construction and seeks to package or consolidate discrete construction projects and the magnitude of this consolidation makes it unlikely that small businesses can compete for the prime contract;

(iii) The proposed acquisition is for a consolidated or bundled requirement. (See [7.107-5\(a\)](#) for mandatory 30-day notice requirement to incumbent small business concerns.) The contracting officer shall provide all information relative to the justification for the consolidation or bundling, including the acquisition plan or strategy, and if the acquisition involves substantial bundling, the information identified in [7.107-4](#). The contracting officer shall also provide the same information to the agency Office of Small and Disadvantaged Business Utilization; or

(iv) The acquisition will be reviewed at the PCR's discretion.

(2) For acquisitions described in paragraph (e)(1)(i) through (iii) of this section, provide a statement explaining why the

(i) Proposed acquisition cannot be divided into reasonably small lots (not less than economic production runs) to permit offers on quantities less than the total requirement;

(ii) Delivery schedules cannot be established on a realistic basis that will encourage small business participation to the extent consistent with the actual requirements of the Government;

(iii) Proposed acquisition cannot be structured so as to make it likely that small businesses can compete for the prime contract;

(iv) Consolidated construction project cannot be acquired as separate discrete projects; or

(v) Consolidation or bundling is necessary and justified.

(3) Process the 30-day notification concurrently with other processing steps required prior to the issuance of the solicitation.

(4) If the contracting officer rejects the SBA PCR's recommendation made in accordance with [19.402\(c\)\(2\)](#), document the basis for the rejection and notify the SBA PCR in accordance with [19.502-8](#).

19.202-2 Locating small business sources.

The contracting officer shall, to the extent practicable, encourage maximum participation by small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns in acquisitions by taking the following actions:

(a) Before issuing solicitations, make every reasonable effort to find additional small business concerns (see [10.002\(b\)\(2\)](#)). This effort should include contacting the agency small business specialist and SBA PCR (or, if a PCR is not assigned, see [19.402\(a\)](#)).

(b) Publicize solicitations and contract awards through the Governmentwide point of entry (see [subparts 5.2](#) and [5.3](#)).

19.202-3 Equal low bids.

In the event of equal low bids (see [14.408-6](#)), awards shall be made first to small business concerns which are also labor surplus area concerns, and second to small business concerns which are not also labor surplus area concerns.

19.202-4 Solicitation.

The contracting officer shall encourage maximum response to solicitations by small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns by taking the following actions:

(a) Allow the maximum amount of time practicable for the submission of offers.

(b) Furnish specifications, plans, and drawings with solicitations, or furnish information as to where they may be obtained or examined.

(c) Provide to any small business concern, upon its request, a copy of solicitations with respect to any contract to be let, the name and telephone number of an agency contact to answer questions related to such prospective contract and adequate citations to each major Federal law or agency rule with which such business concern must comply in performing such contract other than laws or agency rules with which the small business must comply when doing business with other than the Government.

19.202-5 Data collection and reporting requirements.

Agencies shall measure the extent of small business participation in their acquisition programs by taking the following actions:

(a) Require each prospective contractor to represent whether it is a small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, women-owned small business, EDWOSB concern, or WOSB concern eligible under the WOSB Program (see the provision at [52.219-1](#), Small Business Program Representations).

(b) Accurately measure the extent of participation by small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns in Government acquisitions in terms of the total value of contracts placed during each fiscal year, and report data to the SBA at the end of each fiscal year (see [subpart 4.6](#)).

(c) When the contract includes the clause at [52.219-28](#), Postaward Small Business Program Rerepresentation, and the conditions in the clause for rerepresenting are met—

(1) Require a contractor that represented itself as any of the small business concerns identified in [19.000\(a\)\(3\)](#) prior to award of the contract to rerepresent its size and socioeconomic status (*i.e.*, 8(a), small disadvantaged business, HUBZone small business, service-disabled veteran-owned small business, EDWOSB, or WOSB status); and

(2) Permit a contractor that represented itself as other than a small business concern prior to award to rerepresent its size status.

19.202-6 Determination of fair market price.

(a) The fair market price shall be the price achieved in accordance with the reasonable price guidelines in [15.404-1\(b\)](#) for-

(1) Total and partial small business set-asides, and reserves (see [subpart 19.5](#));

(2) HUBZone set-asides (see [subpart 19.13](#));

(3) Contracts utilizing the price evaluation preference for HUBZone small business concerns (see [subpart 19.13](#));

(4) Set-asides for SDVOSB concerns eligible under the SDVOSB Program (see [subpart 19.14](#));

(5) Set-asides for EDWOSB concerns and WOSB concerns eligible under the WOSB Program (see [subpart 19.15](#)).

(b) For 8(a) contracts, both with respect to meeting the requirement at [19.806\(b\)](#) and in order to accurately estimate the current fair market price, contracting officers shall follow the procedures at [19.807](#).

19.203 Relationship among small business programs.

(a) *General.* There is no order of precedence among the 8(a) Program ([subpart 19.8](#)), HUBZone Program ([subpart 19.13](#)), Service-Disabled Veteran-Owned Small Business (SDVOSB) Program ([subpart 19.14](#)), or the Women-Owned Small Business (WOSB) Program ([subpart 19.15](#)).

(b) *At or below the simplified acquisition threshold.* For acquisitions of supplies or services that have an anticipated dollar value above the micro-purchase threshold, but at or below the simplified acquisition threshold, the requirement at [19.502-2\(a\)](#) to set aside acquisitions for small business concerns does not preclude the contracting officer from awarding a contract to a small business under the 8(a) Program, HUBZone Program, SDVOSB Program, or WOSB Program.

(c) *Above the simplified acquisition threshold.* For acquisitions of supplies or services that have an anticipated dollar value exceeding the simplified acquisition threshold definition at [2.101](#), the contracting officer shall first consider an acquisition for the small business socioeconomic contracting programs (*i.e.*, 8(a), HUBZone, SDVOSB, or WOSB programs) before considering a small business set-aside (see [19.502-2\(b\)](#)). However, if a requirement has been accepted by the SBA under the 8(a) Program, it must remain in the 8(a) Program unless the SBA agrees to its release in accordance with 13 CFR parts 124, 126, 127, and 128.

(d) In determining which socioeconomic program to use for an acquisition, the contracting officer should consider, at a minimum-

(1) Results of market research that was done to determine if there are socioeconomic firms capable of satisfying the agency's requirement; and

(2) Agency progress in fulfilling its small business goals.

(e) Small business set-asides have priority over acquisitions using full and open competition. See requirements for establishing a small business set-aside at [subpart 19.5](#).

Subpart 19.3 - Determination of Small Business Size and Status for Small Business Programs

19.301 Representations and rerepresentations.

19.301-1 Representation by the offeror.

(a) (1) To be eligible for award as a small business concern identified in [19.000\(a\)\(3\)](#), an offeror is required to represent in good faith—

(i) (A) That it meets the small business size standard corresponding to the North American Industry Classification System (NAICS) code identified in the solicitation; or

(B) For a multiple-award contract where there is more than one NAICS code assigned, that it meets the small business size standard for each distinct portion or category (e.g., line item numbers, Special Item Numbers (SINs), sectors, functional areas, or the equivalent) for which it submits an offer. If the small business concern submits an offer for the entire multiple-award contract, it must meet the size standard for each distinct portion or category (e.g., line item number, SIN, sector, functional area, or equivalent); and

(ii) The Small Business Administration (SBA) has not issued a written determination stating otherwise pursuant to [13 CFR 121.1009](#).

(2) (i) A joint venture may qualify as a small business concern if the joint venture complies with the requirements of [13 CFR 121.103\(h\)](#) and [13 CFR 125.8\(a\)](#) and (b) and if—

(A) Each party to the joint venture qualifies as small under the size standard for the solicitation; or

(B) The protégé is small under the size standard for the solicitation in a joint venture comprised of a mentor and protégé with an approved mentor-protégé agreement under an SBA mentor-protégé program.

(ii) A joint venture may qualify for an award under the socioeconomic programs as described in subparts [19.8](#), [19.13](#), [19.14](#), and [19.15](#).

(b) An offeror is required to represent its size and socioeconomic status in writing to the contracting officer at the time of initial offer, (whether or not the offer includes price or the price is evaluated), including offers for—

(1) Basic ordering agreements (see [16.703](#)); and

(2) Blanket purchase agreements (BPAs) issued pursuant to [part 13](#).

(c) To be eligible for an award of an order under a basic ordering agreement or a BPA issued pursuant to [part 13](#) as a small business concern identified in [19.000\(a\)\(3\)](#), the offeror must be a small business concern identified in [19.000\(a\)\(3\)](#) at the time of award of the order.

(d) To be eligible for an award under the HUBZone Program (see [subpart 19.13](#)), a HUBZone small business concern must be a HUBZone small business concern at the time of initial offer.

(e) Multiple-award contract representations:

(1) A business that represents as a small business concern at the time of its initial offer for the contract (whether or not the offer includes price or the price is evaluated (see [13 CFR 121.404\(a\)\(1\)\(iv\)](#)), is considered a small business concern for each order issued under the contract (but see [19.301-2](#) for rerepresentations).

(2) A business that represents as a small business concern at the time of its initial offer for a distinct portion or category as set forth in paragraph (a)(1)(ii) is considered a small business concern for each order issued under that distinct portion or category (but see [19.301-2](#) for rerepresentations).

(f) The contracting officer shall accept an offeror's representation in a specific bid or proposal that it is a small business unless (1) another offeror or interested party challenges the concern's small business representation or (2) the contracting officer has a reason to question the representation. Challenges of and questions concerning a specific representation shall be referred to the SBA in accordance with [19.302](#).

(g) An offeror's representation that it is a small business is not binding on the SBA. If an offeror's small business status is challenged, the SBA will evaluate the status of the concern and make a determination, which will be binding on the contracting officer, as to whether the offeror is a small business. A concern cannot become eligible for a specific award by taking action to meet the definition of a small business concern after the SBA has determined that it is not a small business.

(h) If the SBA determines that the status of a concern as a small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, or women-owned small business has been misrepresented in order to obtain a set-aside contract, an 8(a) subcontract, a subcontract that is to be included as part or all of a goal contained in a subcontracting plan, or a prime or subcontract to be awarded as a result, or in furtherance of any other provision of Federal law that specifically references Section 8(d) of the Small Business Act for a definition of program eligibility, the SBA may take action as specified in Sections 16(a) or 16(d) of the Act. If the SBA declines to take

action, the agency may initiate the process. The SBA's regulations on penalties for misrepresentations and false statements are contained in 13 CFR 121.108 for small business, 13 CFR 124.501 for 8(a) small business, 13 CFR 128.600 for veteran or service-disabled veteran-owned small business, 13 CFR 126.900 for HUBZone small business, and 13 CFR 127.700 for economically disadvantaged women-owned small business concerns and women-owned small business (WOSB) concerns eligible under the WOSB Program.

19.301-2 Rerepresentation by a contractor that represented its status as a small business concern.

(a) *Definition.* As used in this subsection—

Long-term contract means a contract of more than five years in duration, including options. However, the term does not include contracts that exceed five years in duration because the period of performance has been extended for a cumulative period not to exceed six months under the clause at [52.217-8](#), Option to Extend Services, or other appropriate authority.

(b) *Requirements.* A contractor that represented its status as any of the small business concerns identified at [19.000\(a\)\(3\)](#) before contract award is required to rerepresent its size and socioeconomic status in accordance with the clause at [52.219-28](#), Postaward Small Business Program Rerepresentation—

(1) For the NAICS code(s) in the contract—

(i) Within 30 days after execution of a novation agreement or within 30 days after modification of the contract to include the clause at [52.219-28](#), Postaward Small Business Program Rerepresentation, if the novation agreement was executed prior to inclusion of this clause in the contract;

(ii) Within 30 days after a merger or acquisition (whether the contractor acquires or is acquired by another company) of the contractor that does not require novation or within 30 days after modification of the contract to include the clause at [52.219-28](#), Postaward Small Business Program Rerepresentation, if the merger or acquisition occurred prior to inclusion of this clause in the contract;

(iii) For long-term contracts—

(A) Within 60 to 120 days prior to the end of the fifth year of the contract; and

(B) Within 60 to 120 days prior to the date specified in the contract for exercising any option thereafter; or

(2) For the NAICS code assigned to an order (except for an order issued under a Federal Supply Schedule contract)—

(i) Set aside exclusively for a small business concern identified at [19.000\(a\)\(3\)](#) that is issued under an unrestricted multiple-award contract, unless the order is issued under the reserved portion of an unrestricted multiple-award contract (e.g., an order set aside for a woman-owned small business concern under a multiple-award contract that was not set-aside, unless the order is issued under the reserved portion of the multiple-award contract);

(ii) Issued under a multiple-award contract set aside for small businesses that is further set aside for a specific socioeconomic category that differs from the underlying multiple-award contract (e.g., an order set aside for a HUBZone small business concern under a multiple-award contract that is set-aside for small businesses); or

(iii) Issued under the part of the multiple-award contract that is set aside for small businesses that is further set aside for a specific socioeconomic category that differs from the underlying set-aside part of the multiple-award contract (e.g., an order set aside for a part of the multiple-award contract that is partially set-aside for small businesses); or

(3) For the NAICS code assigned to an order under a multiple-award contract, if the contracting officer requires contractors to rerepresent their size and socioeconomic status for that order.

(c) *NAICS code size standard.* A contractor is required to rerepresent its size status in accordance with the size standard in effect at the time of its rerepresentation that corresponds to the NAICS code that was initially assigned to the contract. For multiple-award contracts where there is more than one NAICS code assigned, the contractor is required to rerepresent its size status for each NAICS code assigned to the contract.

(d) *Procedures—* (1) *Contract rerepresentation.* After a contractor rerepresents for a contract that it no longer qualifies as a small business concern identified in [19.000\(a\)\(3\)](#) in accordance with [52.219-28](#), the agency may no longer include the value of options exercised, modifications issued, orders issued, or purchases made under BPAs on that contract in its small business prime contracting goal achievements. When a contractor's rerepresentation for a contract qualifies it as a different small business concern identified in [19.000\(a\)\(3\)](#) than what it represented for award, the agency may include the value of options exercised, modifications issued, orders issued, or purchases made under BPAs on that contract in its small business prime contracting goal achievements, consistent with the rerepresentation. Agencies should issue a modification to the contract capturing the rerepresentation and report it to FPDS within 30 days after notification of the rerepresentation.

(2) *Rerepresentation for a task or delivery order.* (i) When an order is issued under an unrestricted multiple-award contract and the contractor's rerepresentations no longer qualifies it as a small business concern identified at [19.000\(a\)\(3\)](#), the agency can no longer include the value of the order in its small business prime contracting goal achievements. When a

contractor's rerepresentation for an order qualifies it as a different small business concern identified at [19.000\(a\)\(3\)](#) than what it represented for contract award, the agency can include the value of the order in its small business prime contracting goal achievement, consistent with the rerepresentation.

(ii) A rerepresentation for an order issued under an unrestricted multiple-award contract does not change the size or socioeconomic status representation for the contract.

(e) *Size status change.* A change in size status does not change the terms and conditions of the contract. However, the contracting officer may require a subcontracting plan for a contract containing [52.219-9](#), Small Business Subcontracting Plan, if a prime contractor's size status changes from small to other than small as a result of a size rerepresentation (see [19.705-2\(b\)\(3\)](#)).

19.301-3 Rerepresentation by a contractor that represented itself as other than a small business concern.

A contractor that represented itself as other than small before contract award may, but is not required to, rerepresent its size status when-

- (a) The conditions in [19.301-2\(b\)](#) apply; and
- (b) The contractor qualifies as a small business concern under the applicable size standard in effect at the time of its rerepresentation.

19.302 Protesting a small business representation or rerepresentation.

- (a) (1) The SBA regulations on small business size and size protests are found at [13 CFR part 121](#).
- (2) An offeror, the contracting officer, SBA, or another interested party may protest the small business representation of an offeror in a specific offer for a contract. However, for competitive 8(a) contracts, the filing of a protest is limited to an offeror, the contracting officer, or SBA. See [13 CFR 121.1001\(a\)](#).
- (b) Any time after offers are received by the contracting officer, or in the case of bids, opened, the contracting officer may question the small business representation of any offeror in a specific offer by filing a contracting officer's protest (see paragraph (c) of this section).
- (c) (1) Any contracting officer who receives a protest, whether timely or not, or who, as the contracting officer, wishes to protest the small business representation of an offeror, or rerepresentation of a contractor, shall promptly forward the protest to the SBA Government Contracting Area Director at the Government Contracting Area Office serving the area in which the headquarters of the offeror is located.
- (2) The protest, or confirmation if the protest was initiated orally, shall be in writing and shall contain the basis for the protest with specific, detailed evidence to support the allegation that the offeror is not small. The SBA will dismiss any protest that does not contain specific grounds for the protest.
- (3) The protest shall include a referral letter written by the contracting officer with information pertaining to the solicitation. The referral letter must include the following information to allow SBA to determine timeliness and standing:
 - (i) The protest and any accompanying materials.
 - (ii) A copy of the size self-certification.
 - (iii) Identification of the applicable size standard.
 - (iv) A copy or an electronic link to the solicitation and any amendments.
 - (v) The name, address, telephone number, email address, and fax number of the contracting officer.
 - (vi) Identification of the bid opening date or the date of notification provided to unsuccessful offerors.
 - (vii) The date the contracting officer received the protest.
 - (viii) A complete address and point of contact for the protested concern.
- (d) In order to affect a specific solicitation, a protest must be timely. SBA's regulations on timeliness are contained in [13 CFR 121.1004](#). SBA's regulations on timeliness related to protests of disadvantaged status are contained in [13 CFR part 124, subpart B](#).
 - (1) To be timely, a protest by any concern or other interested party must be received by the contracting officer by the close of business of the fifth business day after-
 - (i) Bid opening for sealed bid acquisitions; or
 - (ii) Receipt of the special notification from the contracting officer (see [15.503\(a\)\(2\)](#)) that identifies the apparently successful offeror for negotiated acquisitions, including—
 - (A) Partial set-asides and reserves of multiple-award contracts;
 - (B) Orders that are set-aside under an unrestricted multiple-award contract (except for orders and blanket purchase agreements placed under a Federal Supply Schedule contract (see 8.405 and paragraph (d)(5) of this section)); and

(C) Orders placed under multiple-award contracts where the contracting officer requested rerepresentation for the order; or

(iii) Receipt of notification using other communication means when written notification is not required.

(2) A protest may be made orally if it is confirmed in writing and received by the contracting officer within the 5-day period or by letter postmarked no later than 1 business day after the oral protest.

(3) A protest may be made in writing if it is delivered to the contracting officer by hand, mail, facsimile, email, express or overnight delivery service.

(4) Except as provided in paragraph (d)(6) of this section, a protest filed by the contracting officer or SBA is always considered timely whether filed before or after award.

(5) A protest under a Multiple Award Schedule will be timely if received by SBA at any time prior to the expiration of the contract period, including renewals.

(6) A protest filed before bid opening, or notification to offerors of the selection of the apparent successful offeror, will be dismissed as premature by SBA.

(e) Upon receipt of a protest from or forwarded by the Contracting Office, the SBA will-

(1) Notify the contracting officer and the protester of the date it was received, and that the size of the concern being challenged is under consideration by the SBA; and

(2) Furnish to the concern whose representation is being protested a copy of the protest and a blank SBA Form 355, Application for Small Business Determination, by certified mail, return receipt requested.

(f) (1) Within 15 business days after receipt of a protest or request for a formal size determination or within any extension of time granted by the contracting officer the SBA Area Office will determine the size status of the challenged concern. The SBA Area Office will notify the contracting officer, the protester, and the challenged concern of its decision by a verifiable means, which may include facsimile, electronic mail, or overnight delivery service.

(2) Award may be made to a protested concern after the SBA Area Office has determined that either the protested concern is an eligible small business or has dismissed all protests against it.

(3) If SBA's Office of Hearings and Appeals (OHA) subsequently overturns the Area Office's determination of eligibility or dismissal, and contract award has not been made, the contracting officer may apply the OHA decision to the procurement in question.

(g) (1) After receiving a protest involving an offeror being considered for award, the contracting officer shall not award the contract until the SBA has made a size determination or 15 business days have expired since SBA's receipt of a protest, whichever occurs first; however, award shall not be withheld when the contracting officer determines in writing that an award must be made to protect the public interest.

(2) If SBA has not made a determination within 15 business days, or within any extension of time granted by the contracting officer, the contracting officer may award the contract after determining in writing that there is an immediate need to award the contract and that waiting until SBA makes its determination will be disadvantageous to the Government.

(3) SBA may, at its sole discretion, reopen a formal size determination to correct an error or mistake, if it is within the appeal period and no appeal has been filed with OHA or, a final decision has not been rendered by the SBA Area Office or OHA.

(4) If a protest is received that challenges the small business status of an offeror not being considered for award, the contracting officer is not required to suspend contract action. The contracting officer shall forward the protest to the SBA (see paragraph (c)(1) of this section) with a notation that the concern is not being considered for award, and shall notify the protester of this action.

(h) An appeal from an SBA size determination may be filed by any concern or other interested party whose protest of the small business representation of another concern has been denied by an SBA Government Contracting Area Director, any concern or other interested party that has been adversely affected by an SBA Government Contracting Area Director's decision, or the SBA Associate Administrator for the SBA program involved. The appeal must be filed with the Office of Hearings and Appeals, Small Business Administration, Suite 5900, 409 3 rd Street, SW., Washington, DC 20416, within the time limits and in strict accordance with the procedures contained in Subpart C of 13 CFR 134. It is within the discretion of the SBA Judge whether to accept an appeal from a size determination. If a post-award appeal is submitted to OHA within the time limits specified in Subpart C of 13 CFR 134, the contracting officer shall consider suspending contract performance until an SBA Judge decides the appeal. SBA will inform the contracting officer of its ruling on the appeal. SBA's decision, if received before award, will apply to the pending acquisition. If the contracting officer has made a written determination in accordance with (g)(1) or (2) of this section, the contract has been awarded, the SBA ruling is received after award, and OHA finds the protested concern to be ineligible for award, the contracting officer shall terminate the contract

unless termination is not in the best interests of the Government, in keeping with the circumstances described in the written determination. However, the contracting officer shall not exercise any options or award further task or delivery orders.

(i) SBA will dismiss untimely protests. A protest that is not timely, even though received before award, shall be forwarded to the SBA Government Contracting Area Office (see paragraph (c)(1) of this section), with a notation on it that the protest is not timely. A protest received by a contracting officer after award of a contract shall be forwarded to the SBA Government Contracting Area Office with a notation that award has been made.

(j) When a concern is found to be other than small under a protest concerning a size status rerepresentation made in accordance with the clause at [52.219-28](#), Postaward Small Business Program Rerepresentation, a contracting officer may permit contract performance to continue, issue orders, or exercise option(s), because the contract remains a valid contract.

19.303 [Reserved].

19.304 Small disadvantaged business status.

(a) The contracting officer may accept an offeror's representation that it is a small disadvantaged business concern (SDB) concern.

(b) The provision at [52.219-1](#), Small Business Program Representations, or [52.212-3\(c\)\(5\)](#), Offeror Representations and Certifications-Commercial Products and Commercial Services, is used to collect SDB data.

(c) A representation of SDB status on a Federal prime contract will be deemed a misrepresentation of SDB status if the firm does not meet the requirements of 13 CFR 124.1001.

(d) Any person or entity that misrepresents a firm's status as an SDB concern in order to obtain a contracting opportunity in accordance with section 8(d) of the Small Business Act, ([15 U.S.C. 637\(d\)](#)) will be subject to the penalties imposed by section 16(d) of the Small Business Act, ([15 U.S.C. 645\(d\)](#)), as well as any other penalty authorized by law.

19.305 Reviews of SDB status.

This section applies to reviews of a small business concern's SDB status as a prime contractor or subcontractor.

(a) SBA may initiate the review of SDB status on any firm that has represented itself to be an SDB on a prime contract or subcontract to a Federal prime contract whenever it receives credible information calling into question the SDB status of the firm.

(b) Requests for an SBA review of SDB status may be forwarded to the Small Business Administration, Associate Administrator for Business Development (AA/BD), 409 Third Street, SW, Washington, DC 20416.

(c) An SBA review of a subcontractor's SDB status differs from a formal protest. Protests of a concern's size as a prime contractor are processed under [19.302](#). Protests of a concern's size as a subcontractor are processed under [19.703\(b\)](#).

19.306 Protesting a firm's status as a HUBZone small business concern.

(a) *Definition.* As used in this section-

Interested party has the meaning given in 13 CFR 126.103.

(b) (1) For sole-source procurements, SBA or the contracting officer may protest the prospective contractor's certified HUBZone status; for all other procurements, SBA, the contracting officer, or any other interested party may protest the apparent successful offeror's certified HUBZone status (see [13 CFR 126.800](#)).

(2) The Director of SBA's Office of the HUBZone Program will determine whether the concern has certified HUBZone status. If SBA upholds the protest, SBA will remove the concern's HUBZone status in the Dynamic Small Business Search (DSBS). SBA's protest regulations are found in subpart H "Protests" at [13 CFR 126.800](#) through [126.805](#).

(c) Protests relating to small business size status are subject to the procedures of [19.302](#). An interested party seeking to protest both the small business size and HUBZone status of an apparent successful offeror shall file two separate protests. Protests relating to small business size status for the acquisition and the HUBZone eligibility requirements will be processed concurrently by SBA.

(d) (1) All protests must be in writing and must state all specific grounds for the protest (*i.e.*, why the protested concern did not meet the eligibility requirements at [13 CFR 126.200](#) at the time of the concern's application to SBA for certification as a HUBZone small business concern or at the time SBA certified or last recertified the concern as a HUBZone small business concern). Assertions that a protested concern is not a HUBZone small business concern, without setting forth specific facts or allegations, will not be considered by SBA (see [13 CFR 126.801\(b\)](#)).

(2) Protests filed against a HUBZone joint venture must state one or, if applicable, both of the following:

(i) Why the HUBZone small business party to the joint venture did not meet the eligibility requirements at [13 CFR 126.200](#) at the time of its application to SBA for certification or at the time SBA certified or last recertified the concern as a HUBZone small business concern.

(ii) Why the joint venture did not meet the requirements at [13 CFR 126.616](#) at the time of submission of its offer for a HUBZone contract.

(e) *Submission of a protest.* (1) An interested party shall submit its written protest to the contracting officer-

(i) For sealed bids-

(A) By the close of business on the fifth business day after bid opening; or

(B) By the close of business on the fifth business day from the date of identification of the apparent successful offeror, if the price evaluation preference was not applied at the time of bid opening;

(ii) For negotiated acquisitions, by the close of business on the fifth business day after receipt of the special notification from the contracting officer (see [15.503\(a\)\(2\)](#)) of the apparently successful offeror, including—

(A) Orders placed under multiple-award contracts where the contracting officer requested rerepresentation for the order (see [13 CFR 126.801\(d\)\(1\)](#)); and

(B) Orders set aside for HUBZone small businesses under multiple-award contracts that are not partially or totally set-aside or reserved for HUBZone small business concerns (see [13 CFR 126.801\(d\)\(1\)](#)), except for orders and blanket purchase agreements placed under a Federal Supply Schedule contract (see [8.405](#) and [19.302\(d\)\(5\)](#)); or

(iii) By the close of business on the fifth business day after receipt of notification using other communication means when written notification is not required.

(2) Any protest received after the designated time limits is untimely, unless it is from the contracting officer or SBA.

(3) SBA will consider protests for HUBZone set-aside or sole-source service contracts or orders, if a HUBZone prime contractor is unduly reliant on a small entity subcontractor that is not a similarly-situated entity as defined in [13 CFR 125.1](#), or if such subcontractor performs the primary and vital requirements of the contract. For allegations that the prime contractor is unduly reliant on an other-than-small subcontractor, see size protests at [19.302](#), and [13 CFR 121.103\(h\)\(2\)](#), which treats the pair as joint venturers for size determination purposes (the “ostensible subcontractor rule”).

(f) The contracting officer shall forward all protests with a referral letter to the Director of SBA's Office of the HUBZone Program, by email to h2protests@sba.gov. The referral letter shall include the following—

(1) The solicitation number;

(2) The contracting officer's name and contact information;

(3) The type of HUBZone contract (*i.e.*, sole-source, set-aside, full and open competition with a HUBZone price evaluation preference, or reserve for HUBZone small business concerns under a multiple-award contract);

(4) For a procurement conducted using full and open competition with a HUBZone price evaluation preference, whether the protester's opportunity for award was affected by the preference;

(5) For a HUBZone set-aside, whether the protester submitted an offer;

(6) Whether the protested concern was the apparent successful offeror;

(7) Whether the procurement was conducted using sealed bid or negotiated procedures;

(8) The bid opening date, if applicable;

(9) The date the protester was notified of the apparent successful offeror;

(10) The date the contracting officer received the protest;

(11) The date the protested concern submitted its initial offer or quote to the contracting officer; and

(12) Whether a contract has been awarded, and if so, the date of award and contract number.

(g) SBA will notify the protester and the contracting officer of the date SBA received the protest.

(h) Before SBA decision. (1) After receiving a protest involving the apparent successful offeror's status as a HUBZone small business concern, the contracting officer shall either-

(i) Withhold award of the contract until SBA determines the status of the protested concern; or

(ii) Award the contract if—

(A) SBA does not issue its decision within 15 business days after receipt of the protest; and

(B) The contracting officer determines in writing that there is an immediate need to award the contract and that waiting for SBA's determination will be disadvantageous to the Government.

(2) SBA will determine the merits of the status protest within 15 business days after receipt of a protest, or within any extension of time granted by the contracting officer.

(i) After SBA decision. The SBA will notify the contracting officer, the protester, and the protested concern of the SBA determination. The determination is effective immediately and is final unless overturned on appeal by SBA's Associate Administrator, Office of Government Contracting and Business Development (AA/GC&BD).

(1) If the contracting officer has withheld contract award and SBA has determined that the protested concern is an eligible HUBZone or dismissed all protests against the protested concern, the contracting officer may award the contract to the protested concern. If the AA/GC&BD subsequently overturns the initial determination or dismissal, the contracting officer may apply the AA/GC&BD decision to the procurement in question.

(2) If the contracting officer has withheld award and the HUBZone Program Director has determined that the protested concern is ineligible, and a timely AA/GC&BD appeal has not been filed, then the contracting officer shall not award the contract to the protested concern.

(3) If the contracting officer has made a written determination in accordance with (h)(1)(ii)(B) of this section, awarded the contract, and the Director of SBA's Office of the HUBZone Program's ruling sustaining the protest is received after award

—
(i) The contracting officer shall either—

(A) Terminate the contract; or

(B) (1) Make a written determination that termination is not in the best interests of the Government; and

(2) Not exercise any options or award further task or delivery orders under the contract.

(ii) SBA will remove the concern's designation as a certified HUBZone small business concern in the Dynamic Small Business Search (DSBS). The concern is not permitted to submit an offer as a HUBZone small business concern until SBA issues a decision that the ineligibility is resolved; and

(iii) After SBA updates the concern's designation as a HUBZone small business in DSBS, the contracting officer shall update the Federal Procurement Data System (FPDS) to reflect the final decision of the HUBZone Program Director if no appeal is filed.

(4) If the contracting officer has made a written determination in accordance with (h)(1)(ii)(B) of this section, awarded the contract, SBA has sustained the protest and determined that the concern is not a HUBZone small business, and a timely AA/GC&BD appeal has been filed, then the contracting officer shall consider whether performance can be suspended until an AA/GC&BD decision is rendered.

(5) If the AA/GC&BD affirms the decision of the HUBZone Program Director, finding the protested concern is ineligible, and contract award has occurred—

(i) The contracting officer shall either—

(A) Terminate the contract; or

(B) (1) Make a written determination that termination is not in the best interests of the Government; and

(2) Not exercise any options or award further task or delivery orders under the contract;

(ii) SBA will remove the concern's designation as a certified HUBZone small business concern in DSBS. The concern is not permitted to submit an offer as a HUBZone small business concern until SBA issues a decision that the ineligibility is resolved or the AA/GC&BD finds the concern is eligible on appeal; and

(iii) After SBA updates the concern's designation as a HUBZone small business in DSBS, the contracting officer shall update FPDS to reflect the AA/GC&BD decision.

(6) A concern found to be ineligible during a HUBZone status protest is precluded from applying for HUBZone certification for 90 calendar days from the date of the SBA final decision.

(j) Appeals of HUBZone status determinations. The protested HUBZone small business concern, the protester, or the contracting officer may file appeals of protest determinations with SBA's AA/GC&BD. The AA/GC&BD must receive the appeal no later than 5 business days after the date of receipt of the protest determination. SBA will dismiss any untimely appeal.

(k) The appeal must be in writing. The appeal must identify the protest determination being appealed and must set forth a full and specific statement as to why the decision is erroneous or what significant fact the HUBZone Program Director failed to consider.

(l) (1) The party appealing the decision must provide notice of the appeal to—

(i) The contracting officer; and

(ii) The protested HUBZone small business concern or the original protester, as appropriate.

(2) SBA will not consider additional information or changed circumstances that were not disclosed at the time of the HUBZone Program Director's determination or that are based on disagreement with the findings and conclusions contained in the determination.

(m) The AA/GC&BD will make its decision within 5 business days of the receipt of the appeal, if practicable, and will base its decision only on the information and documentation in the protest record as supplemented by the appeal. SBA will provide a copy of the decision to the contracting officer, the protester, and the protested HUBZone small business concern. The SBA decision, if received before award, will apply to the pending acquisition. The AA/GC&BD's decision is the final decision.

19.307 Protesting a firm's status as a service-disabled veteran-owned small business concern.

(a) Definition.

Interested party, as used in this section, has the meaning given in 13 CFR 134.1002(b).

(b) (1) *General.* For sole source acquisitions, the contracting officer, the Department of Veterans Affairs (VA), or SBA may protest the apparently successful offeror's service-disabled veteran-owned small business (SDVOSB) status. For all other acquisitions, any interested party may protest the apparently successful offeror's service-disabled veteran-owned small business status.

(2) SBA's protest regulations are found in 13 CFR 128.500 and 13 CFR part 134.

(c) Protests relating to small business size status are subject to the procedures of [19.302](#). An interested party seeking to protest both the small business size and service-disabled veteran-owned small business status of an apparent successful offeror shall file two separate protests.

(d) All protests must be in writing and must state all specific grounds for the protest.

(1) OHA will consider protests challenging the SDVOSB status or the ownership and control of a concern if—

(i) For status protests, the protester presents evidence supporting the contention that the owner(s) cannot provide documentation from the VA to show that they meet the definition of "service-disabled veteran" or "service-disabled veteran with a permanent and severe disability" as set forth in 13 CFR 128.102; or

(ii) For ownership and control protests, the protester presents evidence that the concern is not 51 percent owned and controlled by one or more service-disabled veterans. In the case of a veteran with a permanent and severe disability, the protester presents evidence that the concern is not controlled by the veteran, spouse, or permanent caregiver of such veteran; or

(iii) For set-aside or sole-source service contract or order ostensible subcontractor protests, the protester presents credible evidence of the alleged undue reliance on a small entity subcontractor that is not a similarly-situated entity as defined in [13 CFR 125.1](#), or credible evidence that the small non-similarly situated entity is performing the primary and vital requirements of the contract. For allegations that the prime contractor is unduly reliant on an other-than-small subcontractor, see size protests at [19.302](#), and [13 CFR 121.103\(h\)\(2\)](#), which treats the pair as joint venturers for size determination purposes (the "ostensible subcontractor rule"); or

(iv) For joint venture protests, the protester presents evidence that the managing SDVOSB joint venture partner does not meet the requirements at 13 CFR 128.402.

(2) Assertions that a protested concern is not a service-disabled veteran-owned small business concern, without setting forth specific facts or allegations, will not be considered by OHA (see 13 CFR 134.1005).

(e) *Protest by an interested party.* (1) An interested party (except contracting officers should see paragraph (f)(1) of this section) shall submit its protest to the contracting officer—

(i) To be received by close of business on the fifth business day after bid opening for sealed bid acquisitions;

(ii) To be received by close of business on the fifth business day after receipt of the special notification from the contracting officer (see [15.503\(a\)\(2\)](#)) that identifies the apparently successful offeror for negotiated acquisitions, including—

(A) Orders placed under multiple-award contracts where the contracting officer requested rerepresentation for the order (see [13 CFR 134.1004\(a\)\(3\)\(ii\)](#)); and

(B) Orders set aside for service-disabled veteran-owned small businesses under multiple-award contracts that are not partially or totally set aside or reserved for service-disabled veteran-owned small business concerns (see [13 CFR 134.1004\(a\)\(3\)\(i\)](#)), except for orders and blanket purchase agreements placed under a Federal Supply Schedule contract (see [8.405](#) and [19.302\(d\)\(5\)](#));

(iii) To be received by close of business on the fifth business day after notification by the contracting officer of the intended awardee for an order that is set aside for SDVOSBs under a multiple-award contract that was not totally or partially set aside or reserved for SDVOSB concerns. This paragraph (e)(1)(iii) does not apply to an order issued under a Federal Supply Schedule (FSS) contract;

(iv) To be received by the close of the fifth business day after notification by the contracting officer of the intended awardee for a blanket purchase agreement that is set aside for SDVOSBs under a multiple-award contract that was not totally

or partially set aside or reserved for SDVOSB concerns. This paragraph (e)(1)(iv) does not apply to a blanket purchase agreement issued under a FSS contract; or

(v) To be received by the close of business on the fifth business day after receipt of notification using other communication means when written notification is not required.

(2) Any protest received after the designated time limits is untimely, except—

(i) The VA or SBA may file an SDVOSB status protest at any time; and

(ii) The contracting officer, SBA, or VA may file an SDVOSB status protest at any time after the apparent awardee has been identified or after bid opening, whichever applies.

(f) *Forwarding protests to SBA.* (1) The contracting officer shall forward all protests to the U.S. Small Business Administration, Office of Hearings and Appeals, 409 Third Street, SW, Washington, DC 20416, or by email at OHAfilings@sba.gov, marked “Attn: SDVOSB Status Protest”.

(2) The protest shall include a referral letter written by the contracting officer with information pertaining to the solicitation. The referral letter must include the following information to allow OHA to determine timeliness and standing:

(i) The solicitation number (or an electronic link to or a paper copy of the solicitation).

(ii) The name, address, telephone number, and email address of the contracting officer.

(iii) Whether the contract was sole-source or set-aside.

(iv) Whether the protestor submitted an offer.

(v) Whether the protested concern was the apparent successful offeror.

(vi) When the protested concern submitted its initial offer that included price.

(vii) Whether the acquisition was conducted using sealed bid or negotiated procedures.

(viii) The bid opening date, if applicable.

(ix) The date the contracting officer received the protest.

(x) The date the protestor received notification about the apparent successful offeror, if applicable.

(xi) Whether a contract has been awarded.

(g) *Notification by OHA.* OHA will notify the protester, the protested concern, SBA’s Director of Government Contracting (D/GC), SBA Counsel, and the contracting officer of the date OHA received the protest.

(h) *Before OHA decision.* (1) After receiving a protest involving the apparent successful offeror’s status as an SDVOSB concern, the contracting officer shall either-

(i) Withhold award of the contract until OHA determines the status of the protested concern; or

(ii) Award the contract after receipt of the protest but before OHA issues its decision if the contracting officer determines in writing that an award must be made to protect the public interest. The contracting officer shall notify OHA and SBA D/GC in writing of the determination and a copy shall be included in the contract file.

(2) OHA will determine the merits of the status protest.

(3) OHA does not have a standard timeline for issuing decisions.

(i) *After OHA decision.* OHA will notify the contracting officer, the protester, and the protested concern of its decision. The decision is effective immediately and is final.

(1) If the contracting officer has withheld contract award and OHA has determined that the protested concern is an eligible SDVOSB or dismissed all protests against the protested concern, then the contracting officer may award the contract to the protested concern.

(2) If the contracting officer has withheld contract award, and OHA has sustained the protest and determined that the concern is not an SDVOSB, then the contracting officer shall not award the contract to the protested concern.

(3) If the contracting officer has made a written determination in accordance with paragraph (h)(1)(ii) of this section, the contract has been awarded, and the OHA decision to sustain the protest is received after award-

(i) The contracting officer shall terminate the contract, unless the contracting officer has made a written determination that termination is not in the best interests of the Government. However, the contracting officer shall not exercise any options or award further task or delivery orders;

(ii) The contracting officer shall update FPDS to reflect the final OHA decision; and

(iii) The concern must remove its designation in the System for Award Management (SAM) as an SDVOSB concern within 2 days of the OHA decision. SBA will update the concern’s SDVOSB status in SAM if the concern fails to do so.

The concern shall not submit an offer as a SDVOSB concern or an SDVOSB concern eligible under the SDVOSB Program, until the concern is designated as an SDVOSB by SBA in the SBA Veteran Small Business Certification Program database at <https://veterans.certify.sba.gov>.

(4) A concern found to be ineligible may not submit future offers as an SDVOSB concern until the concern is designated as an SDVOSB by SBA in the SBA Veteran Small Business Certification Program database at <https://veterans.certify.sba.gov>.

19.308 Protesting a firm's status as an economically disadvantaged women-owned small business concern or women-owned small business concern eligible under the Women-Owned Small Business Program.

(a) *Definition.* Interested party, as used in this section, has the meaning given in 13 CFR 127.102.

(b) (1) For sole source acquisitions, the contracting officer or SBA may protest the offeror's status as an economically disadvantaged women-owned small business (EDWOSB) concern or as a WOSB concern eligible under the WOSB Program. For all other acquisitions, an interested party (see 13 CFR 127.102) may protest the apparent successful offeror's EDWOSB or WOSB status.

(2) SBA's protest regulations are found in subpart F "Protests" at 13 CFR 127.600 through 127.605.

(c) Protests relating to small business size status are subject to the procedures of [19.302](#). An interested party seeking to protest both the small business size and WOSB or EDWOSB status of an apparent successful offeror shall file two separate protests.

(d) All protests shall be in writing and must state all specific grounds for the protest.

(1) SBA will consider protests challenging the status of a concern if-

(i) The protest presents evidence that the concern is not at least 51 percent owned and controlled by one or more women who are United States citizens;

(ii) The protest presents evidence that the concern is not at least 51 percent owned and controlled by one or more economically disadvantaged women who are United States citizens, when it is in connection with an EDWOSB contract; or

(iii) For WOSB or EDWOSB set-aside or sole-source service contracts or orders, the protest presents evidence that the prime contractor is unduly reliant on a small entity subcontractor that is not a similarly-situated entity as defined in [13 CFR 125.1](#), or a protest alleging that such subcontractor is performing the primary and vital requirements of a set-aside or sole-source WOSB or EDWOSB contract. For allegations that the prime contractor is unduly reliant on an other-than-small subcontractor, see size protests at [19.302](#), and [13 CFR 121.103\(h\)\(2\)](#), which treats the pair as joint venturers for size determination purposes (the "ostensible subcontractor rule").

(2) Assertions that a protested concern is not an EDWOSB or WOSB concern eligible under the WOSB Program, without setting forth specific facts or allegations, will not be considered by SBA (see 13 CFR 127.603(a)).

(e) *Protest by an interested party.* (1) An offeror shall submit its protest to the contracting officer—

(i) To be received by the close of business by the fifth business day after bid opening for sealed bid acquisitions;

(ii) To be received by the close of business by the fifth business day after receipt of the special notification from the contracting officer (see [15.503\(a\)\(2\)](#)) that identifies the apparently successful offeror for negotiated acquisitions including—

(A) Orders placed under multiple-award contracts where the contracting officer requested rerepresentation for the order (see [13 CFR 127.603\(c\)\(1\)](#)); and

(B) Orders set aside for EDWOSB or WOSB concerns under multiple-award contracts that are not partially or totally set aside or reserved for EDWOSB or WOSB concerns (see [13 CFR 127.603\(c\)\(1\)](#)), except for orders and blanket purchase agreements placed under a Federal Supply Schedule contract (see [8.405](#) and [19.302\(d\)\(5\)](#)); or

(iii) To be received by the close of business on the fifth business day after receipt of notification using other communication means when written notification is not required.

(2) Any protest received after the designated time limit is untimely, unless it is from the contracting officer or SBA.

(f) (1) The contracting officer shall forward all protests to SBA. The protests are to be submitted to SBA's Director for Government Contracting by email at wosbprotest@sba.gov.

(2) The protest shall include a referral letter written by the contracting officer with information pertaining to the solicitation. The referral letter must include the following information to allow SBA to determine timeliness and standing:

(i) The solicitation number or electronic link to or a paper copy of the solicitation.

(ii) The name, address, telephone number, email address, and facsimile number of the contracting officer.

(iii) Whether the protestor submitted an offer.

(iv) Whether the protested concern was the apparent successful offeror.

(v) When the protested concern submitted its offer.

(vi) Whether the acquisition was conducted using sealed bid or negotiated procedures.

(vii) The bid opening date, if applicable.

(viii) The date the contracting officer received the protest.

- (ix) The date the protestor received notification about the apparent successful offeror, if applicable.
- (x) Whether a contract has been awarded.
- (g) SBA will notify the protester and the contracting officer of the date SBA received the protest.
- (h) *Before SBA decision.* (1) After receiving a protest involving the apparent successful offeror's status as an EDWOSB or WOSB concern eligible under the WOSB Program, the contracting officer shall either:
 - (i) Withhold award of the contract until SBA determines the status of the protested concern; or
 - (ii) Award the contract after receipt of the protest but before SBA issues its decision if the contracting officer determines in writing that an award must be made to protect the public interest.
- (2) SBA will determine the merits of the status protest within 15 business days after receipt of a protest, or within any extension of that time granted by the contracting officer.
- (3) If SBA does not issue its determination within 15 business days, or within any extension of time granted, the contracting officer may award the contract after determining in writing that there is an immediate need to award the contract and that waiting until SBA makes its determination will be disadvantageous to the Government. This determination shall be provided to the SBA Director for Government Contracting and a copy shall be included in the contract file.
- (i) *After SBA decision.* SBA will notify the contracting officer, the protester, and the protested concern of its determination. The determination is effective immediately and is final unless overturned on appeal by OHA pursuant to 13 CFR part 134.
 - (1) If the contracting officer has withheld contract award and SBA has denied or dismissed the protest, the contracting officer may award the contract to the protested concern. If OHA subsequently overturns the SBA Director for Government Contracting's determination or dismissal, the contracting officer may apply the OHA decision to the procurement in question.
 - (2) If the contracting officer has withheld contract award, SBA has sustained the protest and determined that the concern is not eligible under the WOSB Program, and no OHA appeal has been filed, then the contracting officer shall not award the contract to the protested concern.
 - (3) If the contracting officer has made a written determination in accordance with (h)(1)(ii) or (h)(3) of this section, awarded the contract, and SBA's ruling is received after award, and no OHA appeal has been filed, then:
 - (i) The contracting officer shall terminate the contract, unless the contracting officer has made a written determination that termination is not in the best interests of the Government. However, the contracting officer shall not exercise any options or award further task or delivery orders;
 - (ii) The contracting officer shall update the FPDS to reflect the final SBA decision; and
 - (iii) SBA will remove the concern's designation in the Dynamic Small Business Search (DSBS) as an EDWOSB or WOSB concern eligible under the WOSB Program. The concern shall not submit an offer as an EDWOSB concern or WOSB concern eligible under the WOSB Program, until SBA issues a decision that the ineligibility is resolved.
 - (4) If the contracting officer has made a written determination in accordance with (h)(1)(ii) or (h)(3) of this section, contract award has occurred, SBA has sustained the protest and determined that the concern is not eligible under the WOSB Program, and a timely OHA appeal has been filed, then the contracting officer shall consider whether performance can be suspended until an OHA decision is rendered.
 - (5) If OHA affirms the SBA Director for Government Contracting's determination finding the protested concern is ineligible, then:
 - (i) The contracting officer shall terminate the contract, unless the contracting officer has made a written determination that termination is not in the best interests of the Government. However, the contracting officer shall not exercise any options or award further task or delivery orders;
 - (ii) The contracting officer shall update the FPDS to reflect OHA's decision; and
 - (iii) SBA will remove the concern's designation in DSBS as an EDWOSB or WOSB concern eligible under the WOSB Program. The concern shall not submit an offer as an EDWOSB concern or WOSB concern eligible under the WOSB Program, until SBA issues a decision that the ineligibility is resolved or OHA finds the concern is eligible on appeal.
- (j) Appeals of EDWOSB or WOSB concerns eligible under the WOSB Program status determinations. (1) The protested EDWOSB concern or WOSB concern eligible under the WOSB program, the protester, or the contracting officer may file an appeal of a WOSB or EDWOSB status protest determination with OHA.
 - (2) OHA must receive the appeal no later than 10 business days after the date of receipt of the protest determination. SBA will dismiss an untimely appeal.
 - (3) See subpart G "Rules of Practice for Appeals From Women-Owned Small Business Concerns (WOSB) and Economically Disadvantaged WOSB Concern (EDWOSB) Protests" at 13 CFR 134.701 through 134.715 for SBA's appeals regulations.

(k) *The appeal must be in writing.* The appeal must identify the protest determination being appealed and must set forth a full and specific statement as to why the EDWOSB concern or WOSB concern eligible under the WOSB program protest determination is alleged to be based on a clear error of fact or law, together with an argument supporting such allegation.

(l) The party appealing the decision must provide notice of the appeal to-

(1) The contracting officer;

(2) Director, Office of Government Contracting, U.S. Small Business Administration, by email at wosbprotest@sba.gov ;

(3) The protested EDWOSB concern or WOSB concern eligible under the WOSB program, or the original protester, as appropriate; and

(4) SBA's Office of General Counsel, Associate General Counsel for Procurement Law, U.S. Small Business Administration, 409 Third Street, SW., Washington, DC 20416, or e-mail at OPLService@sba.gov.

(m) OHA will make its decision within 15 business days of the receipt of the appeal, if practicable. SBA will provide a copy of the decision to the contracting officer, the protester, and the protested EDWOSB concern or WOSB concern eligible under the WOSB program. The OHA decision is the final agency decision and is binding on the parties.

19.309 Solicitation provisions and contract clauses.

(a) (1) Insert the provision at [52.219-1](#), Small Business Program Representations, in solicitations exceeding the micro-purchase threshold when the contract is for supplies to be delivered or services to be performed in the United States or its outlying areas, or when the contracting officer has applied this part in accordance with [19.000\(b\)\(1\)\(ii\)](#).

(2) Use the provision with its Alternate I in solicitations issued by DoD, NASA, or the Coast Guard.

(3) Use the provision with its Alternate II in solicitations that will result in a multiple-award contract with more than one NAICS code assigned. This is authorized for solicitations issued after October 1, 2028 (see [19.102\(b\)](#)).

(b) When contracting by sealed bidding, insert the provision at [52.219-2](#), Equal Low Bids, in solicitations when the contract is for supplies to be delivered or services to be performed in the United States or its outlying areas, or when the contracting officer has applied this part in accordance with [19.000\(b\)\(1\)\(ii\)](#).

(c) (1) Insert the clause at [52.219-28](#), Postaward Small Business Program Rerepresentation, in solicitations and contracts exceeding the micro-purchase threshold when the contract is for supplies to be delivered or services to be performed in the United States or its outlying areas, or when the contracting officer has applied this part in accordance with [19.000\(b\)\(1\)\(ii\)](#).

(2) Use the clause with its Alternate I in solicitations and the resulting multiple-award contracts with more than one NAICS code. This is authorized for solicitations issued after October 1, 2028 (see [19.102\(b\)](#)).

Subpart 19.4 - Cooperation with the Small Business Administration

19.401 General.

(a) The Small Business Act is the authority under which the Small Business Administration (SBA) and agencies consult and cooperate with each other in formulating policies to ensure that small business interests will be recognized and protected.

(b) The Director of the Office of Small and Disadvantaged Business Utilization serves as the agency focal point for interfacing with SBA. The Director of the Office of Small Business Programs is the agency focal point for the Department of Defense.

19.402 Small Business Administration procurement center representatives.

(a) (1) The SBA may assign one or more procurement center representatives (PCRs) to any contracting activity or contract administration office to carry out SBA policies and programs. Assigned SBA PCRs are required to comply with the contracting agency's directives governing the conduct of contracting personnel and the release of contract information. The SBA must obtain for its PCRs security clearances required by the contracting agency.

(2) If an SBA PCR is not assigned to the procuring activity or contract administration office, contact the SBA Office of Government Contracting Area Office serving the area in which the procuring activity is located for assistance in carrying out SBA policies and programs. See <https://www.sba.gov/federal-contracting/counseling-help/procurement-center-representative-directory> for the location of the SBA office servicing the activity.

(b) Upon their request and subject to applicable acquisition and security regulations, contracting officers shall give SBA PCRs (or, if a PCR is not assigned, see paragraph (a) of this section) access to all reasonably obtainable contract information that is directly pertinent to their official duties.

(c) The duties assigned by SBA to its PCR are set forth at [13 CFR 125.2\(b\)](#) and include but are not limited to the following:

(1) Reviewing proposed acquisitions to recommend—

(i) The set-aside or sole-source award to a small business of selected acquisitions;

(ii) New qualified small business sources, including veteran-owned small, service-disabled veteran-owned small, HUBZone small, small disadvantaged, economically disadvantaged women-owned small, and women-owned small eligible under the Women-Owned Small Business Program;

(iii) Breakout of discrete components, items, and requirements for competitive acquisitions; and

(iv) Ways to improve competition.

(2) Reviewing proposed acquisition packages provided in accordance with [19.202-1\(e\)](#). If the SBA procurement center representative (or, if a procurement center representative is not assigned, see paragraph (a) of this section) believes that the acquisition, as proposed, makes it unlikely that small businesses can compete for the prime contract, the representative shall recommend any alternate contracting method that the representative reasonably believes will increase small business prime contracting opportunities. The recommendation shall be made to the contracting officer within 15 days after receipt of the package.

(3) Recommending concerns for inclusion on a list of concerns to be solicited in a specific acquisition.

(4) Appealing to the chief of the contracting office any contracting officer's determination not to solicit a concern recommended by the SBA for a particular acquisition, when not doing so results in no small business being solicited.

(5) Conducting periodic reviews of the contracting activity to which assigned to ascertain whether it is complying with the small business policies in this regulation.

(6) Sponsoring and participating in conferences and training designed to increase small business participation in the contracting activities of the office.

(7) Appealing a contracting officer's rejection of PCR's recommendation. Such appeal must be in writing and shall be filed and processed in accordance with the appeal procedures set out in [19.502-8](#).

19.403 [Reserved].

This page intentionally left blank.

Subpart 19.5 - Small Business Total Set-Asides, Partial Set-Asides, and Reserves

19.501 General.

(a) (1) The purpose of small business set-asides is to award certain acquisitions exclusively to small business concerns. A "set-aside for small business" is the limiting of an acquisition exclusively for participation by small business concerns. A small business set-aside may be open to any of the small business concerns identified at [19.000\(a\)\(3\)](#). A small business set-aside of a single acquisition or a class of acquisitions may be total or partial.

(2) The purpose of small business reserves is to award one or more multiple-award contracts to any of the small business concerns identified at [19.000\(a\)\(3\)](#), under a full and open competition. A small business reserve shall not be used when the acquisition can be set aside, in total or in part.

(b) The contracting officer makes the determination to make a small business set-aside, in total or in part, or a reserve. The Small Business Administration (SBA) procurement center representative (PCR) (or, if a PCR is not assigned, see [19.402\(a\)](#)) may make a recommendation to the contracting officer.

(c) The contracting officer shall review acquisitions to determine if they can be set aside, in total or in part, or reserved for small business, giving consideration to the recommendations of agency personnel in the Office of Small and Disadvantaged Business Utilization, or for the Department of Defense, in the Office of Small Business Programs. Agencies may establish threshold levels for this review depending upon their needs.

(d) At the request of an SBA PCR (or, if a PCR is not assigned, see [19.402\(a\)](#)), the contracting officer shall make available for review at the contracting office (to the extent of the SBA representative's security clearance) any proposed acquisition in excess of the micro-purchase threshold.

(e) All solicitations involving set-asides, in total or in part, or reserves shall specify the NAICS code(s) and corresponding size standard(s) (see [19.102](#)).

(f) Except as authorized by law, a contract may not be awarded as a result of a small business set-aside if the cost to the awarding agency exceeds the fair market price.

(g) For the applicability of the limitations on subcontracting and the nonmanufacturer rule, see [19.505](#).

19.502 Setting aside acquisitions.

19.502-1 Requirements for setting aside acquisitions.

(a) The contracting officer shall set aside an individual acquisition or class of acquisitions for competition among small businesses when-

(1) It is determined to be in the interest of maintaining or mobilizing the Nation's full productive capacity, war or national defense programs; or

(2) Assuring that a fair proportion of Government contracts in each industry is placed with small business concerns; and the circumstances described in [19.502-2](#) or [19.502-3\(a\)](#) exist.

(b) The requirement in paragraph (a) of this section does not apply to purchases at or below the micro-purchase threshold, or purchases from required sources under [part 8](#) (e.g., Committee for Purchase From People Who are Blind or Severely Disabled).

19.502-2 Total small business set-asides.

(a) Before setting aside an acquisition under this paragraph, refer to [19.203\(b\)](#). Each acquisition of supplies or services that has an anticipated dollar value above the micro-purchase threshold, but not over the simplified acquisition threshold, shall be set aside for small business unless the contracting officer determines there is not a reasonable expectation of obtaining offers from two or more responsible small business concerns that are competitive in terms of fair market prices, quality, and delivery. If the contracting officer receives only one acceptable offer from a responsible small business concern in response to a set-aside, the contracting officer should make an award to that firm. If the contracting officer receives no acceptable offers from responsible small business concerns, the set-aside shall be withdrawn and the requirement, if still valid, shall be resolicited on an unrestricted basis. The small business set-aside does not preclude the award of a contract as described in [19.203](#).

(b) Before setting aside an acquisition under this paragraph, refer to [19.203\(c\)](#). The contracting officer shall set aside any acquisition over the simplified acquisition threshold for small business participation when there is a reasonable expectation that-

(1) Offers will be obtained from at least two responsible small business concerns; and

(2) Award will be made at fair market prices. Total small business set-asides shall not be made unless such a reasonable expectation exists (see [19.502-3](#) for partial set-asides). Although past acquisition history and market research of an item or similar items are always important, these are not the only factors to be considered in determining whether a reasonable expectation exists. In making research and development small business set-asides, there must also be a reasonable expectation of obtaining from small businesses the best scientific and technological sources consistent with the demands of the proposed acquisition for the best mix of cost, performances, and schedules.

19.502-3 Partial set-asides of contracts other than multiple-award contracts.

(a) The contracting officer shall set aside a portion or portions of an acquisition, except for construction, for exclusive small business participation when—

- (1) Market research indicates that a total set-aside is not appropriate (see [19.502-2](#));
- (2) The requirement can be divided into distinct portions;
- (3) The acquisition is not subject to simplified acquisition procedures;
- (4) Two or more responsible small business concerns are reasonably expected to submit offers on the set-aside portion or portions of the acquisition that are competitive in terms of fair market prices, quality, and delivery;
- (5) The specific program eligibility requirements identified in this part apply; and
- (6) The solicitation will result in a contract other than a multiple-award contract (see [2.101](#) for definition of multiple-award contract).

(b) When the contracting officer determines that a requirement is to be partially set aside, the solicitation shall identify which portion or portions are set aside and not set aside.

(c) The contracting officer shall specify in the solicitation how offers shall be submitted with regard to the set-aside and non-set-aside portions.

(d) Offers received from concerns that do not qualify as small business concerns shall be considered nonresponsive and shall be rejected on the set-aside portion of partial set-asides. However, before rejecting an offer otherwise eligible for award because of questions concerning the size representation, an SBA determination must be obtained (see [subpart 19.3](#)).

19.502-4 Partial set-asides of multiple-award contracts.

(a) In accordance with section 1331 of the Small Business Jobs Act of 2010 ([15 U.S.C. 644\(r\)\(1\)](#)), contracting officers may, at their discretion, set aside a portion or portions of a multiple-award contract, except for construction, for any of the small business concerns identified at [19.000\(a\)\(3\)](#) when—

- (1) Market research indicates that a total set-aside is not appropriate (see [19.502-2](#));
- (2) The requirement can be divided into distinct portions;
- (3) The acquisition is not subject to simplified acquisition procedures;
- (4) Two or more responsible small business concerns are reasonably expected to submit an offer on the set-aside portion or portions of the acquisition that are competitive in terms of fair market prices, quality, and delivery; and
- (5) The specific program eligibility requirements identified in this part apply.

(b) When the contracting officer determines that a requirement is to be partially set aside, the solicitation shall identify which portion or portions are set aside and not set aside.

(c) The contracting officer shall specify in the solicitation how offers shall be submitted with regard to the set-aside and non-set-aside portions.

(d) Offers received from concerns that do not qualify as small business concerns shall be considered nonresponsive and shall be rejected on the set-aside portion of partial set-asides. However, before rejecting an offer otherwise eligible for award because of questions concerning the size representation, an SBA determination must be obtained (see [subpart 19.3](#)).

19.502-5 Insufficient reasons for not setting aside an acquisition.

None of the following is, in itself, sufficient cause for not setting aside an acquisition:

- (a) A large percentage of previous contracts for the required item(s) has been placed with small business concerns.
- (b) The item is on an established planning list under the Industrial Readiness Planning Program. However, a total small business set-aside shall not be made when the list contains a large business Planned Emergency Producer of the item(s) who has conveyed a desire to supply some or all of the required items.
- (c) The item is on a Qualified Products List. However, a total small business set-aside shall not be made if the list contains the products of large businesses unless none of the large businesses desire to participate in the acquisition.

- (d) A period of less than 30 days is available for receipt of offers.
- (e) The acquisition is classified.
- (f) Small business concerns are already receiving a fair proportion of the agency's contracts for supplies and services.
- (g) A class small business set-aside of the item or service has been made by another contracting activity.
- (h) A "brand name or equal" product description will be used in the solicitation.

19.502-6 Setting aside a class of acquisitions for small business.

(a) A class of acquisitions of selected products or services, or a portion of the acquisitions, may be set aside for exclusive participation by small business concerns if individual acquisitions in the class will meet the criteria in [19.502-1](#), [19.502-2](#), or [19.502-3](#)(a). The determination to make a class small business set-aside shall not depend on the existence of a current acquisition if future acquisitions can be clearly foreseen.

(b) The determination to set aside a class of acquisitions for small business may be either unilateral or joint.

(c) Each class small business set-aside determination shall be in writing and must-

(1) Specifically identify the product(s) and service(s) it covers;

(2) Provide that the set-aside does not apply to any acquisition automatically set aside under [19.502-2](#)(a).

(3) Provide that the set-aside applies only to the (named) contracting office(s) making the determination; and

(4) Provide that the set-aside does not apply to any individual acquisition if the requirement is not severable into two or more economic production runs or reasonable lots, in the case of a partial class set-aside.

(d) The contracting officer shall review each individual acquisition arising under a class small business set-aside to identify any changes in the magnitude of requirements, specifications, delivery requirements, or competitive market conditions that have occurred since the initial approval of the class set-aside. If there are any changes of such a material nature as to result in probable payment of more than a fair market price by the Government or in a change in the capability of small business concerns to satisfy the requirements, the contracting officer may withdraw or modify (see [19.502-9](#)(a)) the unilateral or joint set-aside by giving written notice to the SBA PCR (or, if a PCR is not assigned, see [19.402](#)(a)) stating the reasons.

19.502-7 Inclusion of Federal Prison Industries, Inc.

When using competitive procedures in accordance with [8.602](#)(a)(4), agencies shall include Federal Prison Industries, Inc. (FPI), in the solicitation process and consider a timely offer from FPI.

19.502-8 Rejecting Small Business Administration recommendations.

(a) If the contracting officer rejects a recommendation of the SBA, written notice shall be furnished to the appropriate SBA representative within 5 working days of the contracting officer's receipt of the recommendation.

(b) The SBA PCR (or, if a PCR is not assigned, see [19.402](#)(a)) may appeal the contracting officer's rejection to the head of the contracting activity within 2 working days after receiving the notice (except see [19.1305](#)(d), [19.1405](#)(e), and [19.1505](#)(i)). The head of the contracting activity shall render a decision in writing, and provide it to the SBA representative within 7 working days. Pending issuance of a decision to the SBA representative, the contracting officer shall suspend action on the acquisition.

(c) If the head of the contracting activity agrees that the contracting officer's rejection was appropriate-

(1) Within 2 working days, the SBA procurement center representative (or, if a procurement center representative is not assigned, see [19.402](#)(a)) may request the contracting officer to suspend action on the acquisition until the SBA Administrator appeals to the agency head (see paragraph (f) of this section); and

(2) The SBA must be allowed 15 working days after making such a written request, within which the Administrator of SBA-

(i) May appeal to the Secretary of the Department concerned; and

(ii) Must notify the contracting officer whether the further appeal has, in fact, been taken. If notification is not received by the contracting officer within the 15-day period, it is deemed that the SBA request to suspend the contract action has been withdrawn and that an appeal to the Secretary was not taken.

(d) When the contracting officer has been notified within the 15-day period that the SBA has appealed to the agency head, the head of the contracting activity (or designee) shall forward justification for its decision to the agency head. The contracting officer shall suspend contract action until notification is received that the SBA appeal has been settled.

(e) The agency head shall reply to the SBA within 30 working days after receiving the appeal. The decision of the agency head shall be final.

(f) A request to suspend action on an acquisition need not be honored if the contracting officer determines that proceeding to contract award and performance is in the public interest. The contracting officer shall include in the contract file a statement of the facts justifying the determination, and shall promptly notify the SBA representative of the determination and provide a copy of the justification.

19.502-9 Withdrawing or modifying small business set-asides.

(a) If, before award of a contract involving a total or partial small business set-aside, the contracting officer considers that award would be detrimental to the public interest (e.g., payment of more than a fair market price), the contracting officer may withdraw the small business set-aside, whether it was unilateral or joint. The contracting officer shall initiate a withdrawal of an individual total or partial small business set-aside, by giving written notice to the agency small business specialist and the SBA PCR (or, if a PCR is not assigned, see [19.402\(a\)](#)) stating the reasons. In a similar manner, the contracting officer may modify a unilateral or joint class small business set-aside to withdraw one or more individual acquisitions.

(b) If the agency small business specialist does not agree to a withdrawal or modification, the case shall be promptly referred to the SBA PCR (or, if a PCR is not assigned, see [19.402\(a\)](#)) for review.

(c) The contracting officer shall prepare a written statement supporting any withdrawal or modification of a small business set-aside and include it in the contract file.

19.502-10 Automatic dissolution of a small business set-aside.

(a) If a small business set-aside acquisition or portion of an acquisition is not awarded, the unilateral or joint determination to set the acquisition aside is automatically dissolved for the unawarded portion of the set-aside. The required supplies and/or services for which no award was made may be acquired by sealed bidding or negotiation, as appropriate.

(b) Before issuing a solicitation for the items called for in a small business set-aside that was dissolved, the contracting officer shall ensure that the delivery schedule is realistic in the light of all relevant factors, including the capabilities of small business concerns.

19.502-11 Solicitation notice regarding administration of change orders for construction.

See [36.211](#) for the requirement to provide a notice to offerors regarding definitization of equitable adjustments for change orders under construction contracts.

19.503 Reserves.

(a) In accordance with section 1331 of the Small Business Jobs Act of 2010 ([15 U.S.C. 644\(r\)\(3\)](#)) and [13 CFR 125.2\(e\)\(4\)](#), contracting officers may, at their discretion when conducting multiple-award procurements using full and open competition, reserve one or more contract awards for any of the small business concerns identified in [19.000\(a\)\(3\)](#), when market research indicates—

(1) A total set-aside is not feasible because there is no reasonable expectation of receiving offers that are competitive in terms of fair market prices, quality, and delivery from at least two responsible small business concerns identified in [19.000\(a\)\(3\)](#), that can perform the entire requirement; and

(2) A partial set-aside is not feasible because—

(i) The contracting officer is unable to divide the requirement into distinct portions; or

(ii) There is no reasonable expectation that at least two responsible small business concerns identified in [19.000\(a\)](#)

(3) can perform any portion of the requirement competitively in terms of fair market price, quality, and delivery.

(b) A reserve will result in one of the following:

(1) One or more contract awards to any one or more types of small business concerns identified in [19.000\(a\)\(3\)](#).

(2) In the case of a solicitation of a bundled requirement that will result in a multiple-award contract, an award to one or more small businesses with a Small Business Teaming Arrangement.

(c) The specific program eligibility requirements identified in this part apply.

(d) The limitations on subcontracting and the nonmanufacturer rule (see [19.505](#)) do not apply to reserves at the contract level, but shall apply to orders that are set aside or issued directly to one small business concern under [19.504\(c\)\(1\)\(ii\)](#).

19.504 Orders under multiple-award contracts.

(a) *General.* In accordance with section 1331 of the Small Business Jobs Act of 2010 ([15 U.S.C. 644\(r\)\(2\)](#)), contracting officers may, at their discretion, set aside orders placed under multiple-award contracts for any of the small business concerns identified in [19.000\(a\)\(3\)](#).

(1) The contracting officer shall state in the solicitation and resulting contract whether order set-asides will be discretionary or mandatory when the conditions in [19.502-2](#) are met at the time of order set-aside, and the specific program eligibility requirements, as applicable, are also then met.

(2) When setting aside an order at or below the simplified acquisition threshold, the contracting officer may set aside the order for any of the small business concerns identified in [19.000\(a\)\(3\)](#).

(3) When setting aside an order above the simplified acquisition threshold, the contracting officer shall first consider setting aside the order for the small business socioeconomic contracting programs (*i.e.*, 8(a), HUBZone, service-disabled veteran-owned small business, and women-owned small business) before considering a small business set-aside.

(4) The contracting officer shall comply with the specific program eligibility requirements identified in this part in addition to the ordering procedures for a multiple-award contract (for orders placed under the Federal Supply Schedules Program, see [8.405-5](#); for orders placed under all other multiple-award contracts, see [16.505](#)).

(b) *Orders under set-aside contracts*— (1) *Orders under total set-aside contracts*. Under a total small business set-aside, contracting officers may at their discretion set aside orders for any of the small business socioeconomic concerns identified in [19.000\(a\)\(3\)](#) provided that the requirements at paragraph (a) of this section, [19.502-2\(b\)](#), and the specific program eligibility requirements are met.

(2) *Orders under partial set-aside contracts*.

(i) Only small business concerns awarded contracts for the portion(s) that were set aside under the solicitation for the multiple-award contract may compete for orders issued under those portion(s).

(ii) Small business awardees may compete against other than small business awardees for an order issued under the portion of the multiple-award contract that was not set aside, if the small business received a contract award for the non-set-aside portion.

(c) *Orders under reserves*. (1) The contracting officer may—

(i) Set aside orders for any of the small business concerns identified in [19.000\(a\)\(3\)](#) when there are two or more contract awards for that type of small business concern; or

(ii) Issue orders directly to one small business concern for work that it can perform when there is only one contract award to any one type of small business concern identified in [19.000\(a\)\(3\)](#).

(2) Small business awardees may compete against other than small business awardees for an order that is not set aside if the small business received a contract award for the supplies or services being ordered.

19.505 Limitations on subcontracting and nonmanufacturer rule.

(a) *Applicability*. (1) This section applies to small business set-asides above the simplified acquisition threshold and orders issued directly to a small business in accordance with [19.504\(c\)\(1\)\(ii\)](#) above the simplified acquisition threshold.

(2) This section applies, regardless of dollar value, to the following awards under subparts [19.8](#), [19.13](#), [19.14](#), and [19.15](#):

(i) Contracts that are set aside.

(ii) Contracts that are awarded on a sole-source basis.

(iii) Orders that are set-aside as described in [8.405-5](#) and [16.505\(b\)\(2\)\(i\)\(F\)](#).

(iv) Orders that are issued directly in accordance with [19.504\(c\)\(1\)\(ii\)](#).

(v) Contracts that use the HUBZone price evaluation preference to award to a HUBZone small business concern unless the concern waived the evaluation preference.

(b) (1) *Limitations on subcontracting*. A small business concern subject to the limitations on subcontracting is required to comply with the following:

(i) For a contract or order assigned a North American Industry Classification System (NAICS) code for services (except construction), the concern will not pay more than 50 percent of the amount paid by the Government for contract performance to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the concern's 50 percent subcontract amount that cannot be exceeded. When a contract includes both services and supplies, the 50 percent limitation shall apply only to the service portion of the contract.

(ii) For a contract or order assigned a NAICS code for supplies or products (other than a procurement from a nonmanufacturer of such supplies or products), the concern will not pay more than 50 percent of the amount paid by the Government for contract performance, excluding the cost of materials, to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the concern's 50 percent subcontract amount that cannot be exceeded. When a contract includes both supplies and services, the 50 percent limitation shall apply only to the supply portion of the contract.

(iii) For a contract or order assigned a NAICS code for general construction, the concern will not pay more than 85 percent of the amount paid by the Government for contract performance, excluding the cost of materials, to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the concern's 85 percent subcontract amount that cannot be exceeded.

(iv) For a contract or order assigned a NAICS code for construction by special trade contractors, the concern will not pay more than 75 percent of the amount paid by the Government for contract performance, excluding the cost of materials, to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the concern's 75 percent subcontract amount that cannot be exceeded.

(2) *Compliance period.* A small business contractor subject to the limitations on subcontracting is required to comply with the limitations on subcontracting—

(i) For a contract that has been set aside, either by the end of the base term and then by the end of each subsequent option period, or by the end of the performance period for each order issued under the contract, at the contracting officer's discretion; and

(ii) For an order set aside under a contract as described in [19.504\(a\)](#), (b), or (c)(1)(i) or an order issued in accordance with [19.504\(c\)\(1\)\(ii\)](#), by the end of the performance period for the order.

(c) *Nonmanufacturer rule.* The nonmanufacturer rule applies to nonmanufacturers in accordance with paragraph (c)(1) of this section and to kit assemblers who are nonmanufacturers in accordance with paragraph (c)(2) of this section.

(1) *Nonmanufacturers.* Any concern, including a supplier, that is awarded a contract or order subject to the nonmanufacturer rule, other than a construction or service acquisition, but proposes to furnish an end item that it did not itself manufacture, process, or produce (*i.e.*, a “nonmanufacturer”), is required to—

(i) Provide an end item that a small business has manufactured, processed, or produced in the United States or its outlying areas (see paragraph (c)(3) of this section for determining the manufacturer of an end item);

(ii) Not exceed 500 employees, or 150 employees for information technology value-added resellers under NAICS code 541519;

(iii) Be primarily engaged in the retail or wholesale trade and normally sell the type of item being supplied; and

(iv) Take ownership or possession of the item(s) with its personnel, equipment, or facilities in a manner consistent with industry practice; for example, providing storage, transportation, or delivery.

(2) *Kit assemblers.* When the end item being acquired is a kit of supplies—

(i) The offeror may not exceed 500 employees, or 150 employees for information technology value-added resellers under NAICS code 541519; and

(ii) At least 50 percent of the total cost of the components of the kit shall be manufactured, processed, or produced in the United States or its outlying areas by business concerns that are small under the size standards for the NAICS codes of the components of the kit.

(3) *Identification of manufacturers.* For the purposes of applying the nonmanufacturer rule, the manufacturer, processor, or producer is the concern that manufactures, processes, or produces an end item with its own facilities (*i.e.*, transforms raw materials, miscellaneous parts, or components into the end item being acquired). See [13 CFR 121.406\(b\)\(2\)](#).

(4) *Waiver of nonmanufacturer rule.* (i) The SBA may grant an individual or a class waiver to the nonmanufacturer rule to allow a nonmanufacturer to provide an end item of an other than small business without regard to the place of manufacture, processing, or production.

(A) *Class waiver.* An agency may request that SBA waive the requirement at paragraph (c)(1)(i) or (c)(2)(ii) of this section for a specific product or class of products. See [13 CFR 121.1202](#) for an explanation of when SBA will issue a class waiver.

(B) *Individual waiver.* The contracting officer may also request a waiver of the requirements at paragraph (c)(1)(i) or (c)(2)(ii) of this section for an individual acquisition once the contracting officer determines through market research that no known small business manufacturers, processors, or producers in the United States or its outlying areas can reasonably be expected to offer an end item meeting the requirements of the solicitation. This type of waiver is known as an individual waiver and would apply only to a specific acquisition.

(ii) *Waiver requests.* Requests for waivers shall include the content specified at [13 CFR 121.1204](#) and shall be sent via email to nmrwaivers@sba.gov or by mail to the—Director, Office of Government Contracting, Small Business Administration, 409 Third Street SW, Washington, DC 20416.

(iii) *List of class waivers.* For the most current listing of class waivers, contact the SBA Office of Government Contracting or go to <https://www.sba.gov/document/support-non-manufacturer-rule-class-waiver-list>.

(iv) *Notification of waiver.* The contracting officer shall provide potential offerors with written notification of any class or individual waiver in the solicitation. If providing the notification after solicitation issuance, the contracting officer shall provide potential offerors a reasonable amount of additional time to respond to the solicitation.

(5) *Multiple-item acquisitions.* (i) If at least 50 percent of the estimated contract value is composed of items that are manufactured, processed, or produced by small business concerns, then a waiver of the nonmanufacturer rule is not required. There is no requirement that each item acquired in a multiple-item acquisition be manufactured, processed, or produced by a small business in the United States or its outlying areas.

(ii) If more than 50 percent of the estimated acquisition cost is composed of items manufactured, processed, or produced by other than small business concerns, then a waiver is required. SBA may grant an individual waiver for one or more items in an acquisition in order to ensure that at least 50 percent of the cost of the items to be supplied by the nonmanufacturer comes from small business manufacturers, processors, and producers in the United States or its outlying areas or are subject to a waiver.

(iii) If a small business offeror is both a manufacturer of item(s) and a nonmanufacturer of other item(s) for an acquisition, the contracting officer shall apply the manufacturer size standard.

19.506 Documentation requirements.

(a) (1) The contracting officer shall document the rationale when a contract is not totally set aside for small business in accordance with [19.502-2](#).

(2) The contracting officer shall document the rationale when a multiple-award contract is not partially set aside, not reserved, and does not allow for setting aside of orders, when these authorities could have been used.

(b) If applicable, the documentation shall include the rationale for not accepting the recommendations made by the agency Director of the Office of Small and Disadvantaged Business Utilization, or, for the Department of Defense, the Director of the Office of Small Business Programs, or the Director's designee, as to whether a particular acquisition should be awarded under subparts [19.5](#), [19.8](#), [19.13](#), [19.14](#), or [19.15](#).

(c) Documentation is not required if a contract award is anticipated to a small business under subpart [19.5](#), [19.8](#), [19.13](#), [19.14](#), or [19.15](#).

19.507 Solicitation provisions and contract clauses.

(a) [Reserved]

(b) [Reserved]

(c) The contracting officer shall insert the clause at [52.219-6](#), Notice of Total Small Business Set-Aside, in solicitations and contracts involving total small business set-asides. This includes multiple-award contracts when orders may be set aside for any of the small business concerns identified in [19.000\(a\)\(3\)](#), as described in [8.405-5](#) and [16.505\(b\)\(2\)\(i\)\(F\)](#). Use the clause at [52.219-6](#) with its Alternate I when including FPI in the competition in accordance with [19.502-7](#).

(d) The contracting officer shall insert the clause at [52.219-7](#), Notice of Partial Small Business Set-Aside, in solicitations and contracts involving partial small business set-asides. This includes part or parts of multiple-award contracts, including those described in [38.101](#). Use the clause at [52.219-7](#) with its Alternate I when including FPI in the competition in accordance with [19.502-7](#).

(e) The contracting officer shall insert the clause at [52.219-14](#), Limitations on Subcontracting, in solicitations and contracts—

(1) For supplies, services, and construction, if any portion of the requirement is to be set aside for small business and the contract amount is expected to exceed the simplified acquisition threshold, and in any solicitations and contracts that are set aside or awarded on a sole-source basis in accordance with subparts [19.8](#), [19.13](#), [19.14](#), or [19.15](#), regardless of dollar value. This includes multiple-award contracts when orders may be set aside for small business concerns, as described in [8.405-5](#) and [16.505\(b\)\(2\)\(i\)\(F\)](#), and when orders may be issued directly to a small business concern as described in [19.504\(c\)\(1\)\(ii\)](#). For contracts that are set aside, the contracting officer shall indicate in paragraph (f) of the clause whether compliance with the limitations on subcontracting is required at the contract or order level;

(2) *Using the HUBZone price evaluation preference.* However, if the prospective contractor waived the use of the price evaluation preference, or is an other than small business, do not insert the clause in the resultant contract.

(f) (1) The contracting officer shall insert the clause at [52.219-13](#), Notice of Set-Aside of Orders, in all solicitations for multiple-award contracts under which orders may be set aside for any of the small business concerns identified in [19.000\(a\)\(3\)](#), and all contracts awarded from such solicitations.

(2) The contracting officer shall insert the clause at [52.219-13](#) with its Alternate I in all full and open solicitations and contracts for multiple-award contracts under which orders will be set aside for any of the small business concerns identified in [19.000\(a\)\(3\)](#) if the conditions in [19.502-2](#) are met at the time of order set-aside, and the specific program eligibility requirements, as applicable, are also then met.

(g) (1) The contracting officer shall insert the provision at [52.219-31](#), Notice of Small Business Reserve, in solicitations for multiple-award contracts that have reserves.

(2) The contracting officer shall insert the clause at [52.219-32](#) Orders Issued Directly Under Small Business Reserves, in solicitations and the resulting multiple-award contracts that have reserves.

(h) (1) The contracting officer shall insert the clause at [52.219-33](#), Nonmanufacturer Rule, in solicitations and contracts, including multiple-award contracts, when orders may be set aside for small business concerns as described in [8.405-5](#) and [16.505\(b\)\(2\)\(i\)\(F\)](#), and when orders may be issued directly to a small business concern as described in [19.504\(c\)\(1\)\(ii\)](#), when—

(i) the item being acquired has been assigned a manufacturing or supply NAICS code, and—

(ii) (A) Any portion of the requirement is to be—

(1) Set aside for small business and is expected to exceed the simplified acquisition threshold; or

(2) Set aside or awarded on a sole-source basis in accordance with subparts [19.8](#), [19.13](#), [19.14](#), or [19.15](#), regardless of dollar value; or

(B) *Using the HUBZone price evaluation preference*. However, if the prospective contractor waived the use of the price evaluation preference, or is an other than small business, do not insert the clause in the resultant contract.

(2) The contracting officer shall not insert the clause at [52.219-33](#) when the Small Business Administration has waived the nonmanufacturer rule (see [19.505\(c\)\(4\)](#)).

Subpart 19.6 - Certificates of Competency and Determinations of Responsibility

19.601 General.

(a) A Certificate of Competency (COC) is the certificate issued by the Small Business Administration (SBA) stating that the holder is responsible (with respect to all elements of responsibility, including, but not limited to, capability, competency, capacity, credit, integrity, perseverance, tenacity, and limitations on subcontracting) for the purpose of receiving and performing a specific Government contract.

(b) The COC program empowers the SBA to certify to Government contracting officers as to all elements of responsibility of any small business concern to receive and perform a specific Government contract. The COC program does not extend to questions concerning regulatory requirements imposed and enforced by other Federal agencies.

(c) The COC program is applicable to all Government acquisitions except for 8(a) sole-source awards. A contracting officer shall, upon determining an apparent successful small business offeror to be nonresponsible, refer that small business to the SBA for a possible COC, even if the next acceptable offer is from a small business.

(d) When a solicitation requires a small business to adhere to the limitations on subcontracting, a contracting officer's finding that a small business cannot comply with the limitation shall be treated as an element of responsibility and shall be subject to the COC process. When a solicitation requires a small business to adhere to the definition of a nonmanufacturer, a contracting officer's determination that the small business does not comply shall be processed in accordance with [subpart 19.3](#).

(e) Contracting officers, including those located overseas, are required to comply with this subpart for U.S. small business concerns.

(f) For the purpose of receiving a COC on an unrestricted acquisition, a small business nonmanufacturer may furnish any end item produced or manufactured in the United States or its outlying areas.

19.602 Procedures.

19.602-1 Referral.

(a) Upon determining and documenting that an apparent successful small business offeror lacks certain elements of responsibility (including, but not limited to, capability, competency, capacity, credit, integrity, perseverance, tenacity, and limitations on subcontracting, but for sureties see [28.101-3\(f\)](#) and [28.203-1\(e\)](#)), the contracting officer shall-

(1) Withhold contract award (see [19.602-3](#)); and

(2) Refer the matter to the cognizant SBA Government Contracting Area Office (Area Office) serving the area in which the headquarters of the offeror is located, in accordance with agency procedures, except that referral is not necessary if the small business concern-

(i) Is determined to be unqualified and ineligible because it does not meet the standard in [9.104-1\(g\)](#), provided, that the determination is approved by the chief of the contracting office; or

(ii) Is suspended or debarred under Executive Order 11246 or [subpart 9.4](#).

(b) If a partial set-aside is involved, the contracting officer shall refer to the SBA the entire quantity to which the concern may be entitled, if responsible.

(c) The referral shall include-

(1) A notice that a small business concern has been determined to be nonresponsible, specifying the elements of responsibility the contracting officer found lacking; and

(2) If applicable, a copy of the following:

(i) Solicitation.

(ii) Final offer submitted by the concern whose responsibility is at issue for the procurement.

(iii) Abstract of bids or the contracting officer's price negotiation memorandum.

(iv) Preaward survey.

(v) Technical data package (including drawings, specifications and statement of work).

(vi) Any other justification and documentation used to arrive at the nonresponsibility determination.

(d) For any single acquisition, the contracting officer shall make only one referral at a time regarding a determination of nonresponsibility.

(e) Contract award shall be withheld by the contracting officer for a period of 15 business days (or longer if agreed to by the SBA and the contracting officer) following receipt by the appropriate SBA Area Office of a referral that includes all required documentation.

19.602-2 Issuing or denying a Certificate of Competency (COC).

Within 15 business days (or a longer period agreed to by the SBA and the contracting agency) after receiving a notice that a small business concern lacks certain elements of responsibility, the SBA Area Office will take the following actions:

(a) Inform the small business concern of the contracting officer's determination and offer it an opportunity to apply to the SBA for a COC. (A concern wishing to apply for a COC should notify the SBA Area Office serving the geographical area in which the headquarters of the offeror is located.)

(b) Upon timely receipt of a complete and acceptable application, elect to visit the applicant's facility to review its responsibility.

(1) The COC review process is not limited to the areas of nonresponsibility cited by the contracting officer.

(2) The SBA may, at its discretion, independently evaluate the COC applicant for all elements of responsibility, but may presume responsibility exists as to elements other than those cited as deficient.

(c) Consider denying a COC for reasons of nonresponsibility not originally cited by the contracting officer.

(d) When the Area Director determines that a COC is warranted (for contracts valued at \$25,000,000 or less), notify the contracting officer and provide the following options:

(1) Accept the Area Director's decision to issue a COC and award the contract to the concern. The COC issuance letter will then be sent, including as an attachment a detailed rationale for the decision; or

(2) Ask the Area Director to suspend the case for one or more of the following purposes:

(i) To permit the SBA to forward a detailed rationale for the decision to the contracting officer for review within a specified period of time.

(ii) To afford the contracting officer the opportunity to meet with the Area Office to review all documentation contained in the case file and to attempt to resolve any issues.

(iii) To submit any information to the SBA Area Office that the contracting officer believes the SBA did not consider (at which time, the SBA Area Office will establish a new suspense date mutually agreeable to the contracting officer and the SBA).

(iv) To permit resolution of an appeal by the contracting agency to SBA Headquarters under [19.602-3](#). However, there is no contracting officer's appeal when the Area Office proposes to issue a COC valued at \$100,000 or less.

(e) At the completion of the process, notify the concern and the contracting officer that the COC is denied or is being issued.

(f) Refer recommendations for issuing a COC on contracts greater than \$25,000,000 to SBA Headquarters.

19.602-3 Resolving differences between the agency and the Small Business Administration.

(a) COCs valued between \$100,000 and \$25,000,000. (1) When disagreements arise about a concern's ability to perform, the contracting officer and the SBA shall make every effort to reach a resolution before the SBA takes final action on a COC. This shall be done through the complete exchange of information and in accordance with agency procedures. If agreement cannot be reached between the contracting officer and the SBA Area Office, the contracting officer shall request that the Area Office suspend action and refer the matter to SBA Headquarters for review. The SBA Area Office shall honor the request for a review if the contracting officer agrees to withhold award until the review process is concluded. Without an agreement to withhold award, the SBA Area Office will issue the COC in accordance with applicable SBA regulations.

(2) SBA Headquarters will furnish written notice to the procuring agency's Director of the, Office of Small and Disadvantaged Business Utilization (OSDBU) or, for the Department of Defense, the Director of the Office of Small Business Programs, or other designated official (with a copy to the contracting officer) that the case file has been received and that an appeal decision may be requested by an authorized official.

(3) If the contracting agency decides to file an appeal, it must notify SBA Headquarters through its procuring agency's Director, OSDBU, or other designated official, within 10 business days (or a time period agreed upon by both agencies) that it intends to appeal the issuance of the COC.

(4) The appeal and any supporting documentation shall be filed by the procuring agency's Director, OSDBU, or other designated official, within 10 business days (or a period agreed upon by both agencies) after SBA Headquarters receives the agency's notification in accordance with paragraph (a)(3) of this subsection.

(5) The SBA Associate Administrator for Government Contracting will make a final determination, in writing, to issue or to deny the COC.

(b) SBA Headquarters' decisions on COCs valued over \$25,000,000. (1) Prior to taking final action, SBA Headquarters will contact the contracting agency and offer it the following options:

(i) To request that the SBA suspend case processing to allow the agency to meet with SBA Headquarters personnel and review all documentation contained in the case file; or

(ii) To submit to SBA Headquarters for evaluation any information that the contracting agency believes has not been considered.

(2) After reviewing all available information, the SBA will make a final decision to either issue or deny the COC.

(c) Reconsideration of a COC after issuance. (1) The SBA reserves the right to reconsider its issuance of a COC, prior to contract award, if-

(i) The COC applicant submitted false information or omitted materially adverse information; or

(ii) The COC has been issued for more than 60 days (in which case the SBA may investigate the firm's current circumstances).

(2) When the SBA reconsiders and reaffirms the COC, the procedures in subsection [19.602-2](#) do not apply.

(3) Denial of a COC by the SBA does not preclude a contracting officer from awarding a contract to the referred concern, nor does it prevent the concern from making an offer on any other procurement.

19.602-4 Awarding the contract.

(a) If new information causes the contracting officer to determine that the concern referred to the SBA is actually responsible to perform the contract, and award has not already been made under paragraph (c) of this subsection, the contracting officer shall reverse the determination of nonresponsibility, notify the SBA of this action, withdraw the referral, and proceed to award the contract.

(b) The contracting officer shall award the contract to the concern in question if the SBA issues a COC after receiving the referral. An SBA-certified concern shall not be required to meet any other requirements of responsibility. SBA COC's are conclusive with respect to all elements of responsibility of prospective small business contractors. Where SBA issues a COC, the contracting officer may decide not to award to that offeror for reasons unrelated to responsibility.

(c) The contracting officer shall proceed with the acquisition and award the contract to another appropriately selected and responsible offeror if the SBA has not issued a COC within 15 business days (or a longer period of time agreed to with the SBA) after receiving the referral.

This page intentionally left blank.

Subpart 19.7 - The Small Business Subcontracting Program

19.701 Definitions.

As used in this subpart-

Alaska Native Corporation (ANC) means any Regional Corporation, Village Corporation, Urban Corporation, or Group Corporation organized under the laws of the State of Alaska in accordance with the Alaska Native Claims Settlement Act, as amended ([43 U.S.C. 1601](#), *et seq.*) and which is considered a minority and economically disadvantaged concern under the criteria at [43 U.S.C. 1626\(e\)\(1\)](#). This definition also includes ANC direct and indirect subsidiary corporations, joint ventures, and partnerships that meet the requirements of [43 U.S.C. 1626\(e\)\(2\)](#).

Commercial plan means a subcontracting plan (including goals) that covers the offeror's fiscal year and that applies to the entire production of commercial products and performance of commercial services sold by either the entire company or a portion thereof (*e.g.*, division, plant, or product line).

Electronic Subcontracting Reporting System (eSRS) means the Governmentwide, electronic, web-based system for small business subcontracting program reporting.

Failure to make a good faith effort to comply with the subcontracting plan means willful or intentional failure to perform in accordance with the requirements of the subcontracting plan, or willful or intentional action to frustrate the plan.

Indian tribe means any Indian tribe, band, group, pueblo, or community, including native villages and native groups (including corporations organized by Kenai, Juneau, Sitka, and Kodiak) as defined in the Alaska Native Claims Settlement Act (43 U.S.C.A. 1601 *et seq.*), that is recognized by the Federal Government as eligible for services from the Bureau of Indian Affairs in accordance with [25 U.S.C. 1452\(c\)](#). This definition also includes Indian-owned economic enterprises that meet the requirements of [25 U.S.C. 1452\(e\)](#).

Individual subcontracting plan means a subcontracting plan that covers the entire contract period (including option periods), applies to a specific contract, and has goals that are based on the offeror's planned subcontracting in support of the specific contract, except that indirect costs incurred for common or joint purposes may be allocated on a prorated basis to the contract.

Master subcontracting plan means a subcontracting plan that contains all the required elements of an individual subcontracting plan, except goals, and may be incorporated into individual subcontracting plans, provided the master subcontracting plan has been approved.

Reduced Payment means a payment that is for less than the amount agreed upon in a subcontract in accordance with its terms and conditions, for supplies and services for which the Government has paid the prime contractor.

Subcontract means any agreement (other than one involving an employer-employee relationship) entered into by a Government prime contractor or subcontractor calling for supplies and/or services required for performance of the contract, contract modification, or subcontract.

Total contract dollars means the final anticipated dollar value, including the dollar value of all options.

Untimely Payment means a payment to a subcontractor that is more than 90 days past due under the terms and conditions of a subcontract for supplies and services for which the Government has paid the prime contractor.

19.702 Statutory requirements.

Any contractor receiving a contract with a value greater than the simplified acquisition threshold must agree in the contract that small business, veteran-owned small business (VOSB), service-disabled veteran-owned small business (SDVOSB), HUBZone small business, small disadvantaged business (SDB), and women-owned small business (WOSB) concerns will have the maximum practicable opportunity to participate in contract performance consistent with its efficient performance. It is further the policy of the United States that its prime contractors establish procedures to ensure the timely payment of amounts due pursuant to the terms of their subcontracts with small business, VOSB concerns, SDVOSB concerns, HUBZone small business concerns, SDB concerns, and WOSB concerns.

(a) (1) Except as stated in paragraph (b) of this section, section 8(d) of the Small Business Act ([15 U.S.C. 637](#)(d)) imposes the following requirements regarding subcontracting with small businesses and small business subcontracting plans:

(i) In negotiated acquisitions, each solicitation of offers to perform a contract that is expected to exceed \$750,000 (\$1.5 million for construction) and that has subcontracting possibilities, shall require the apparently successful offeror to submit an acceptable subcontracting plan. If the apparently successful offeror fails to negotiate a subcontracting plan acceptable to the contracting officer within the time limit prescribed by the contracting officer, the offeror will be ineligible for award. For a multiple-award contract with more than one North American Industry Classification System (NAICS) code, see paragraph (a)(2)(i) of this section.

(ii) In sealed bidding acquisitions, each invitation for bids to perform a contract that is expected to exceed \$750,000 (\$1.5 million for construction) and that has subcontracting possibilities, shall require the bidder selected for award to submit a subcontracting plan. If the selected bidder fails to submit a plan within the time limit prescribed by the contracting officer, the bidder will be ineligible for award. For a multiple-award contract with more than one NAICS code, see paragraph (a)(2)(i) of this section.

(iii) Each contract modification that causes the value of a contract without a subcontracting plan to exceed \$750,000 (\$1.5 million for construction), shall require the contractor to submit a subcontracting plan for the contract, if the contracting officer determines that subcontracting opportunities exist. For a multiple-award contract with more than one NAICS code, see paragraph (a)(2)(ii) of this section.

(2) (i) For a multiple-award contract with more than one NAICS code, the solicitation referenced in paragraphs (a)(1)(i) and (ii) of this section shall require the apparently successful offeror to submit an acceptable subcontracting plan for either the distinct portion(s) or category(ies) of their proposal for which the offeror is other than small or for the entirety of their proposal, at the offeror's discretion. When determining the need for a subcontracting plan, the contracting officer shall consider the cumulative dollar value of the portion(s) or category(ies) of the offeror's proposal for which the offeror is other than small.

(ii) For a multiple-award contract with more than one NAICS code, the modification referenced in paragraph (a)(1)(iii) of this section shall require the contractor to submit an acceptable subcontracting plan for either the distinct portion(s) or category(ies) of the contract for which the contractor is other than small or for the entirety of their contract, at the contractor's discretion. When determining the need for a subcontracting plan, the contracting officer shall consider the cumulative dollar value of the portion(s) or category(ies) of the contract for which the contractor is other than small.

(b) Subcontracting plans (see paragraphs (a)(1) and (2) of this section) are not required—

(1) From small business concerns;

(2) For personal services contracts;

(3) For contracts or contract modifications that will be performed entirely outside of the United States and its outlying areas; or

(4) For modifications that are within the scope of the contract and the contract does not contain the clause at [52.219-8](#), Utilization of Small Business Concerns.

(c) As stated in [15 U.S.C. 637\(d\)\(9\)](#), any contractor or subcontractor failing to comply in good faith with the requirements of the subcontracting plan is in material breach of its contract. Further, [15 U.S.C. 637\(d\)\(4\)\(F\)](#) directs that a contractor's failure to make a good faith effort to comply with the requirements of the subcontracting plan shall result in the imposition of liquidated damages.

(d) As authorized by [15 U.S.C. 637\(d\)\(12\)](#), certain costs incurred by a mentor firm in providing developmental assistance to a protégé firm under the Department of Defense Mentor-Protégé Program, may be credited as if they were subcontract awards to a protégé firm for the purpose of determining whether the mentor firm attains the applicable goals under any subcontracting plan entered into with any executive agency. However, the mentor-protégé agreement must have been approved by the Director, Small Business Programs of the cognizant DoD military department or defense agency, before developmental assistance costs may be credited against subcontract goals. A list of approved agreements may be obtained at <https://business.defense.gov/Programs/Mentor-Protége-Program/>.

(e) In accordance with [15 U.S.C. 657r\(a\)](#), a mentor with an SBA-approved mentor-protégé agreement (see [13 CFR 125.9](#)) that provides a subcontract to its protégé may apply the costs incurred for training it provides to its protégé toward its subcontracting plan goals, provided that protégé is a covered territory business or that protégé has its principal office located in the Commonwealth of Puerto Rico.

19.703 Eligibility requirements for participating in the program.

(a) Except as provided in paragraph (c) of this section, to be eligible as a subcontractor under the program, a concern must represent itself as a small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, or women-owned small business concern.

(1) To represent itself as a small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, or women-owned small business concern, a concern must meet the appropriate definition (see [2.101](#) and [19.001](#)). For subcontracting purposes, a concern is small if it does not exceed the size standard for the NAICS code that the prime contractor determines best describes the product or service being acquired by the subcontract.

(2) (i) Unless the prime contractor has reason to question the representation, it may accept a subcontractor's written representations of its size and socioeconomic status as a small business, small disadvantaged business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, or a women-owned small business, if the subcontractor represents that the size and socioeconomic status representation with its offer are current, accurate, and complete as of the date of the offer for the subcontracts; or

(ii) Unless the prime contractor has reason to question the representation, it may accept a subcontractor's representation of its size and socioeconomic status as a small business, small disadvantaged business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, or a women-owned small business in the System for Award Management (SAM) if–

(A) The subcontractor is registered in SAM; and

(B) The subcontractor represents that the size and socioeconomic status representations made in SAM are current, accurate and complete as of the date of the offer for the subcontract.

(iii) The prime contractor may not require the use of SAM for the purposes of representing size or socioeconomic status in connection with a subcontract.

(iv) In accordance with 13 CFR 121.411, 126.900, 127.700, and 128.600, a prime contractor acting in good faith is not liable for misrepresentations made by its subcontractors regarding the subcontractor's size or socioeconomic status.

(b) The contractor, the contracting officer, or any other interested party can challenge a subcontractor's size status representation by filing a protest, in accordance with 13 CFR 121.1001 through 121.1008.

(c) (1) In accordance with [43 U.S.C. 1626](#), the following procedures apply:

(i) Subcontracts awarded to an ANC or Indian tribe shall be counted towards the subcontracting goals for small business and small disadvantaged business (SDB) concerns, regardless of the size or Small Business Administration certification status of the ANC or Indian tribe.

(ii) Where one or more subcontractors are in the subcontract tier between the prime contractor and the ANC or Indian tribe, the ANC or Indian tribe shall designate the appropriate contractor(s) to count the subcontract towards its small business and small disadvantaged business subcontracting goals.

(A) In most cases, the appropriate contractor is the contractor that awarded the subcontract to the ANC or Indian tribe.

(B) If the ANC or Indian tribe designates more than one contractor to count the subcontract toward its goals, the ANC or Indian tribe shall designate only a portion of the total subcontract award to each contractor. The sum of the amounts designated to various contractors cannot exceed the total value of the subcontract.

(C) The ANC or Indian tribe shall give a copy of the written designation to the contracting officer, the prime contractor, and the subcontractors in between the prime contractor and the ANC or Indian tribe within 30 days of the date of the subcontract award.

(D) If the contracting officer does not receive a copy of the ANC's or the Indian tribe's written designation within 30 days of the subcontract award, the contractor that awarded the subcontract to the ANC or Indian tribe will be considered the designated contractor.

(2) A contractor acting in good faith may rely on the written representation of an ANC or an Indian tribe as to the status of the ANC or Indian tribe unless an interested party challenges its status or the contracting officer has independent reason to question its status. In the event of a challenge of a representation of an ANC or Indian tribe, the interested parties shall follow the procedures at [26.103\(b\)](#) through (e).

(d) Protests challenging the socioeconomic status of a HUBZone small business concern must be filed in accordance with [13 CFR 126.801](#).

19.704 Subcontracting plan requirements.

(a) Each subcontracting plan required under [19.301-2\(e\)](#) and [19.702\(a\)\(1\)\(i\)](#), (ii), and (iii) shall include–

(1) Separate percentage goals for using small business (including ANCs and Indian tribes), veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business (including ANCs and Indian tribes) and women-owned small business concerns as subcontractors;

(2) A statement of the total dollars planned to be subcontracted and a statement of the total dollars planned to be subcontracted to small business (including ANCs and Indian tribes), veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business (including ANCs and Indian tribes) and women-owned small business concerns, as a percentage of total subcontract dollars. For individual subcontracting plans only,

a contracting officer may require the goals referenced in paragraph (a)(1) of this section to be calculated as a percentage of total contract dollars, in addition to the goals established as a percentage of total subcontract dollars;

(3) A description of the principal types of supplies and services to be subcontracted and an identification of types of supplies or services planned for subcontracting to small business (including ANCs and Indian tribes), veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business (including ANCs and Indian tribes), and women-owned small business concerns;

(4) A description of the method used to develop the subcontracting goals;

(5) A description of the method used to identify potential sources for solicitation purposes;

(6) A statement as to whether or not the offeror included indirect costs in establishing subcontracting goals (for commercial plans, see paragraph (d) of this section), and a description of the method used to determine the proportionate share of indirect costs to be incurred with small business (including ANCs and Indian tribes), veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business (including ANCs and Indian tribes), and women-owned small business concerns;

(7) The name of an individual employed by the offeror who will administer the offeror's subcontracting program, and a description of the duties of the individual;

(8) A description of the efforts the offeror will make to ensure that small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns have an equitable opportunity to compete for subcontracts;

(9) Assurances that the offeror will include the clause at [52.219-8](#), Utilization of Small Business Concerns (see [19.708\(a\)](#)), in all subcontracts that offer further subcontracting opportunities, and that the offeror will require all subcontractors (except small business concerns, including entities that are treated as small business concerns by statute for certain purposes (e.g., ANCs, see [13 CFR 125.3\(b\)\(2\)](#))) that receive subcontracts in excess of \$750,000 (\$1.5 million for construction) to adopt a plan that complies with the requirements of the clause at [52.219-9](#), Small Business Subcontracting Plan (see [19.708\(b\)](#));

(10) Assurances that the offeror will-

(i) Cooperate in any studies or surveys as may be required;

(ii) Submit periodic reports so that the Government can determine the extent of compliance by the offeror with the subcontracting plan;

(iii) After November 30, 2017, include subcontracting data for each order when reporting subcontracting achievements for indefinite-delivery, indefinite-quantity contracts with individual subcontracting plans where the contract is intended for use by multiple agencies;

(iv) Submit the Individual Subcontract Report (ISR), and the Summary Subcontract Report (SSR) using the Electronic Subcontracting Reporting System (eSRS) (<http://www.esrs.gov>), following the instructions in the eSRS.

(A) The ISR shall be submitted semi-annually during contract performance for the periods ending March 31 and September 30. A report is also required for each contract within 30 days of contract completion. Reports are due 30 days after the close of each reporting period, unless otherwise directed by the contracting officer. Reports are required when due, regardless of whether there has been any subcontracting activity since the inception of the contract or the previous reporting period. When a contracting officer rejects an ISR, the contractor is required to submit a revised ISR within 30 days of receiving the notice of the ISR rejection.

(B) The SSR shall be submitted annually by October 30 for the twelve-month period ending September 30. When an SSR is rejected, the contractor is required to submit a revised SSR within 30 days of receiving the notice of SSR rejection;

(v) Ensure that its subcontractors with subcontracting plans agree to submit the ISR and/or the SSR using the eSRS;

(vi) Provide its prime contract number, its unique entity identifier, and the e-mail address of the offeror's official responsible for acknowledging receipt of or rejecting the ISRs to all first-tier subcontractors with subcontracting plans so they can enter this information into the eSRS when submitting their ISRs; and

(vii) Require that each subcontractor with a subcontracting plan provide the prime contract number, its own unique entity identifier, and the e-mail address of the subcontractor's official responsible for acknowledging receipt of or rejecting the ISRs, to its subcontractors with subcontracting plans;

(11) A description of the types of records that will be maintained concerning procedures adopted to comply with the requirements and goals in the plan, including establishing source lists; and a description of the offeror's efforts to locate small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns and to award subcontracts to them;

(12) Assurances that the offeror will make a good faith effort to acquire articles, equipment, supplies, services, or materials, or obtain the performance of construction work from the small business concerns that the offeror used in preparing the bid or proposal, in the same or greater scope, amount, and quality used in preparing and submitting the bid or proposal. Responding to a request for a quote does not constitute use in preparing a bid or proposal. An offeror used a small business concern in preparing the bid or proposal if—

(i) The offeror identifies the small business concern as a subcontractor in the bid or proposal or associated small business subcontracting plan, to furnish certain supplies or perform a portion of the contract; or

(ii) The offeror used the small business concern's pricing or cost information or technical expertise in preparing the bid or proposal, where there is written evidence of an intent or understanding that the small business concern will be awarded a subcontract for the related work if the offeror is awarded the contract;

(13) Assurances that the contractor will provide the contracting officer with a written explanation if the contractor fails to acquire articles, equipment, supplies, services or materials or obtain the performance of construction work as described in (a)(12) of this section. This written explanation will be submitted to the contracting officer within 30 days of contract completion;

(14) Assurances that the contractor will not prohibit a subcontractor from discussing with the contracting officer any material matter pertaining to payment to or utilization of a subcontractor; and

(15) Assurances that the offeror will pay its small business subcontractors on time and in accordance with the terms and conditions of the subcontract, and notify the contracting officer if the offeror pays a reduced or an untimely payment to a small business subcontractor (see [52.242-5](#)).

(b) Contractors may establish, on a plant or division-wide basis, a master plan (see [19.701](#)) that contains all the elements required by the clause at [52.219-9](#), Small Business Subcontracting Plan, except goals. Master plans shall be effective for a 3-year period after approval by the contracting officer; however, it is incumbent upon contractors to maintain and update master plans. Changes required to update master plans are not effective until approved by the contracting officer. A master plan, when incorporated in an individual plan, shall apply to that contract throughout the life of the contract.

(c) For multiyear contracts or contracts containing options, the cumulative value of the basic contract and all options is considered in determining whether a subcontracting plan is necessary. If a subcontracting plan is necessary and the offeror is submitting an individual subcontracting plan, the individual subcontracting plan shall contain all the elements required by paragraph (a) of this section and shall contain separate statements and goals based on total subcontract dollars for the basic contract and for each option.

(d) A commercial plan (as defined in [19.701](#)) is the preferred type of subcontracting plan for contractors furnishing commercial products and commercial services. The subcontracting goals established for a commercial plan shall include all indirect costs with the exception of those such as the following: Employee salaries and benefits; payments for petty cash; depreciation; interest; income taxes; property taxes; lease payments; bank fees; fines, claims, and dues; original equipment manufacturer relationships during warranty periods (negotiated up front with the product); utilities and other services purchased from a municipality or an entity solely authorized by the municipality to provide those services in a particular geographical region; and philanthropic contributions. Once a contractor's commercial plan has been approved, the Government shall not require another subcontracting plan from the same contractor while the plan remains in effect, as long as the product or service being provided by the contractor continues to meet the definition of a commercial product or commercial service. The contractor shall—

(1) Submit the commercial plan to either the first contracting officer awarding a contract subject to the plan during the contractor's fiscal year, or, if the contractor has ongoing contracts with commercial plans, to the contracting officer responsible for the contract with the latest completion date. The contracting officer shall negotiate the commercial plan for the Government. The approved commercial plan shall remain in effect during the contractor's fiscal year for all Government contracts in effect during that period;

(2) Submit a new commercial plan, 30 working days before the end of the Contractor's fiscal year, to the contracting officer responsible for the uncompleted Government contract with the latest completion date. The contractor must provide to each contracting officer responsible for an ongoing contract subject to the plan, the identity of the contracting officer that will be negotiating the new plan;

(3) When the new commercial plan is approved, provide a copy of the approved plan to each contracting officer responsible for an ongoing contract that is subject to the plan; and

(4) Comply with the reporting requirements stated in paragraph (a)(10) of this section by submitting one SSR that includes all indirect costs, except as described in paragraph (d) of this section, in eSRS, for all contracts covered by its

commercial plan. This report will be acknowledged or rejected in eSRS by the contracting officer who approved the plan. The report shall be submitted within 30 days after the end of the Government's fiscal year.

19.705 Responsibilities of the contracting officer under the subcontracting assistance program.

19.705-1 General.

(a) The contracting officer may encourage the development of increased subcontracting opportunities in negotiated acquisition by providing monetary incentives such as payments based on actual subcontracting achievement or award-fee contracting (see the clause at [52.219-10](#), Incentive Subcontracting Program, and [19.708\(c\)](#)). When using any contractual incentive provision based upon rewarding the contractor monetarily for exceeding goals in the subcontracting plan, the contracting officer must ensure that (a) the goals are realistic and (b) any rewards for exceeding the goals are commensurate with the efforts the contractor would not have otherwise expended. Incentive provisions should normally be negotiated after reaching final agreement with the contractor on the subcontracting plan.

(b) (1) Except where a contractor has a commercial plan, the contracting officer shall require a subcontracting plan for each indefinite-delivery, indefinite-quantity contract (including task or delivery order contracts, FSS, GWACs, and MACs), when the estimated value of the contract meets the subcontracting plan thresholds at [19.702\(a\)](#) and small business subcontracting opportunities exist.

(2) Contracting officers placing orders may establish small business subcontracting goals for each order. Establishing goals shall not be in the form of a new subcontracting plan as a contract may not have more than one plan ([19.705-2\(e\)](#)).

19.705-2 Determining the need for a subcontracting plan.

The contracting officer shall take the following actions to determine whether a proposed contractual action requires a subcontracting plan:

(a) (1) Determine whether the proposed total contract dollars will exceed the subcontracting plan threshold in [19.702\(a\)](#).

(2) Determine whether a proposed modification will cause the total contract dollars to exceed the subcontracting plan threshold (see [19.702\(a\)](#)).

(b) Determine whether subcontracting possibilities exist by considering relevant factors such as-

(1) Whether firms engaged in the business of furnishing the types of items to be acquired customarily contract for performance of part of the work or maintain sufficient in-house capability to perform the work; and

(2) Whether there are likely to be product prequalification requirements.

(3) Whether the firm can acquire any portion of the work with minimal or no disruption to performance (with consideration given to the time remaining until contract completion), and at fair market value, when a determination is made in accordance with paragraph (a)(2).

(c) If it is determined that there are no subcontracting possibilities, the determination shall include a detailed rationale, be approved at a level above the contracting officer, and placed in the contract file.

(d) In solicitations for negotiated acquisitions, the contracting officer may require the submission of subcontracting plans with initial offers, or at any other time prior to award. In determining when subcontracting plans should be required, as well as when and with whom plans should be negotiated, the contracting officer must consider the integrity of the competitive process, the goal of affording maximum practicable opportunity for small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns to participate, and the burden placed on offerors.

(e) A contract may not have more than one subcontracting plan. However, a contracting officer may establish separate subcontracting goals for each order under an indefinite-delivery, indefinite-quantity contract ([19.705-1\(b\)\(2\)](#)). When a contract modification exceeds the subcontracting plan threshold (see [19.702\(a\)](#)) or an option is exercised, the goals of an existing subcontracting plan shall be amended to reflect any new subcontracting opportunities not envisioned at the time of contract award. These goal changes do not apply retroactively.

(f) If a subcontracting plan has been added to the contract due to a modification (see [19.702\(a\)\(1\)\(iii\)](#)) or a size re-representation (see [19.301-2\(e\)](#)), the subcontracting goals apply from the date of incorporation of the subcontracting plan into the contract and the contractor's achievements must be reported on the ISR (or the SF-294, if applicable) on a cumulative basis from the date of incorporation of the subcontracting plan into the contract.

19.705-3 Preparing the solicitation.

The contracting officer shall provide the Small Business Administration's (SBA's) procurement center representative (or, if a procurement center representative is not assigned, see [19.402\(a\)](#)) a reasonable period of time to review any solicitation requiring submission of a subcontracting plan and to submit advisory findings before the solicitation is issued.

19.705-4 Reviewing the subcontracting plan.

The contracting officer shall review the subcontracting plan for adequacy, ensuring that the required information, goals, and assurances are included (see [19.704](#)).

(a) No detailed standards apply to every subcontracting plan. Instead, the contracting officer shall consider each plan in terms of the circumstances of the particular acquisition, including-

- (1) Previous involvement of small business concerns as prime contractors or subcontractors in similar acquisitions;
- (2) Proven methods of involving small business concerns as subcontractors in similar acquisitions; and
- (3) The relative success of methods the contractor intends to use to meet the goals and requirements of the plan, as evidenced by records maintained by contractors.

(b) If, under a sealed bid solicitation, a bidder submits a plan that does not cover each of the 15 required elements (see [19.704](#)), the contracting officer shall advise the bidder of the deficiency and request submission of a revised plan by a specific date. If the bidder does not submit a plan that incorporates the required elements within the time allotted, the bidder shall be ineligible for award. If the plan, although responsive, evidences the bidder's intention not to comply with its obligations under the clause at [52.219-8](#), Utilization of Small Business Concerns, the contracting officer may find the bidder nonresponsible.

(c) In negotiated acquisitions, the contracting officer shall determine whether the plan is acceptable based on the negotiation of each of the 15 elements of the plan (see [19.704](#)). Subcontracting goals should be set at a level that the parties reasonably expect can result from the offeror expending good faith efforts to use small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business subcontractors to the maximum practicable extent. The contracting officer shall take particular care to ensure that the offeror has not submitted unreasonably low goals to minimize exposure to liquidated damages and to avoid the administrative burden of substantiating good faith efforts. Additionally, particular attention should be paid to the identification of steps that, if taken, would be considered a good faith effort (see [19.705-7](#)). No goal should be negotiated upward if it is apparent that a higher goal will significantly increase the Government's cost or seriously impede the attainment of acquisition objectives. An incentive subcontracting clause (see [52.219-10](#), Incentive Subcontracting Program), may be used when additional and unique contract effort, such as providing technical assistance, could significantly increase subcontract awards to small business, small disadvantaged business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, or women-owned small business concerns.

(d) In determining the acceptability of a proposed subcontracting plan, the contracting officer should take the following actions:

- (1) Obtain information available from the cognizant contract administration office, as provided for in [19.706\(a\)](#), and evaluate the offeror's past performance in awarding subcontracts for the same or similar products or services to small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns. If information is not available on a specific type of product or service, evaluate the offeror's overall past performance and consider the performance of other contractors on similar efforts.
- (2) In accordance with [15 U.S.C. 637\(d\)\(4\)\(F\)\(iii\)](#), ensure that the goals offered are attainable in relation to-
 - (i) The subcontracting opportunities available to the contractor, commensurate with the efficient and economical performance of the contract;
 - (ii) The pool of eligible subcontractors available to fulfill the subcontracting opportunities; and
 - (iii) The actual performance of such contractor in fulfilling the subcontracting goals specified in prior plans.
- (3) Ensure that the subcontracting goals are consistent with the offeror's certified cost or pricing data or data other than certified cost or pricing data.
- (4) Evaluate the offeror's make-or-buy policy or program to ensure that it does not conflict with the offeror's proposed subcontracting plan and is in the Government's interest. If the contract involves products or services that are particularly specialized or not generally available in the commercial market, consider the offeror's current capacity to perform the work and the possibility of reduced subcontracting opportunities.

(5) Evaluate subcontracting potential, considering the offeror's make-or-buy policies or programs, the nature of the supplies or services to be subcontracted, the known availability of small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns in the geographical area where the work will be performed, and the potential contractor's long-standing contractual relationship with its suppliers.

(6) Advise the offeror of available sources of information on potential small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business subcontractors, as well as any specific concerns known to be potential subcontractors. If the offeror's proposed goals are questionable, the contracting officer must emphasize that the information should be used to develop realistic and acceptable goals.

(7) Obtain advice and recommendations from the SBA procurement center representative (or, if a procurement center representative is not assigned, see [19.402\(a\)](#)) and the agency small business specialist.

19.705-5 Awards involving subcontracting plans.

(a) In making an award that requires a subcontracting plan, the contracting officer shall be responsible for the following:

(1) Consider the contractor's compliance with the subcontracting plans submitted on previous contracts as a factor in determining contractor responsibility.

(2) Assure that a subcontracting plan was submitted when required.

(3) Notify the SBA procurement center representative (or, if a procurement center representative is not assigned, see [19.402\(a\)](#)) of the opportunity to review the proposed contract (including the plan and supporting documentation). The notice shall be issued in sufficient time to provide the representative a reasonable time to review the material and submit advisory recommendations to the contracting officer. Failure of the representative to respond in a reasonable period of time shall not delay contract award.

(4) Determine any fee that may be payable if an incentive is used in conjunction with the subcontracting plan.

(5) Ensure that an acceptable plan is incorporated into and made a material part of the contract.

(b) Letter contracts and similar undefinitized instruments, which would otherwise meet the requirements of [19.702\(a\)\(1\)](#) (i) and (ii), shall contain at least a preliminary basic plan addressing the requirements of [19.704](#) and in such cases require the negotiation of the final plan within 90 days after award or before definitization, whichever occurs first.

19.705-6 Postaward responsibilities of the contracting officer.

After a contract or contract modification containing a subcontracting plan is awarded or an existing subcontracting plan is amended, the contracting officer shall do the following:

(a) Notify the SBA of the award by sending a copy of the award document to the Area Director, Office of Government Contracting, in the SBA area office where the contract will be performed.

(b) Forward a copy of each commercial plan and any associated approvals to the Area Director, Office of Government Contracting, in the SBA area office where the contractor's headquarters is located.

(c) Give to the SBA procurement center representative (or, if a procurement center representative is not assigned, see [19.402\(a\)](#)) a copy of-

(1) Any subcontracting plan submitted in response to a sealed bid solicitation; and

(2) The final negotiated subcontracting plan that was incorporated into a negotiated contract or contract modification.

(d) Notify the SBA procurement center representative (or, if a procurement center representative is not assigned, see [19.402\(a\)](#)) of the opportunity to review subcontracting plans in connection with contract modifications.

(e) Forward a copy of each plan, or a determination that there is no requirement for a subcontracting plan, to the cognizant contract administration office.

(f) Monitor the prime contractor's compliance with its subcontracting plan, to include the following:

(1) Ensure that subcontracting reports are submitted into the eSRS within 30 days after the report ending date (e.g., by October 30 th for the fiscal year ended September 30 th).

(2) Review ISRs, and where applicable, SSRs, in eSRS within 60 days of the report ending date (e.g., by November 30 th for a report submitted for the fiscal year ended September 30 th).

(3) Either acknowledge receipt of or reject the reports in accordance with [subpart 19.7, 52.219-9](#), Small Business Subcontracting Plan, and the eSRS instructions (www.esrs.gov).

(i) The authority to acknowledge or reject SSRs for commercial plans resides with the contracting officer who approved the commercial plan.

(ii) If a report is rejected, the contracting officer must provide an explanation for the rejection to allow the prime contractor the opportunity to respond specifically to identified deficiencies.

(g) Evaluate the prime contractor's compliance with its subcontracting plan, to include the following:

(1) Assess whether the prime contractor made a good faith effort to comply with its small business subcontracting plan. See [19.705-7\(b\)](#) for more information on the determination of good faith effort.

(2) Assess the prime contractor's written explanation concerning the prime contractor's failure to use a small business concern in the performance of the contract in the same scope, amount, and quality used in preparing and submitting the bid or proposal, if applicable.

(h) Initiate action to assess liquidated damages in accordance with [19.705-7](#) upon a recommendation by the administrative contracting officer, if one is assigned, or receipt of other reliable evidence to indicate that assessing liquidated damages is warranted.

(i) Take action to enforce the terms of the contract upon receipt of a notice from the contract administration office under [19.706\(f\)](#).

(j) Acknowledge receipt of or reject the ISR and the SSR in the eSRS. Acknowledging receipt does not mean acceptance or approval of the report. The report shall be rejected if it is not adequately completed, for instance, if there are errors, omissions, or incomplete data. Failure to meet the goals of the subcontracting plan is not a valid reason for rejecting the report.

19.705-7 Compliance with the subcontracting plan.

(a) *General.* Maximum practicable utilization of small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns as subcontractors in Government contracts is a matter of national interest with both social and economic benefits. When a contractor fails to make a good faith effort to comply with a subcontracting plan, these objectives are not achieved, and [15 U.S.C. 637\(d\)\(4\)\(F\)](#) directs that liquidated damages shall be paid by the contractor.

(b) *Determination of good faith effort.* (1) In determining whether a contractor failed to make a good faith effort to comply with its subcontracting plan, a contracting officer must look to the totality of the contractor's actions, consistent with the information and assurances provided in its plan. The fact that the contractor failed to meet its subcontracting goals does not, in and of itself, constitute a failure to make a good faith effort (see [19.701](#)). For example, notwithstanding a contractor's diligent effort to identify and solicit offers from any of the small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns, factors such as unavailability of anticipated sources or unreasonable prices may frustrate achievement of the contractor's subcontracting goals. The contracting officer may consider any of the following, though not all inclusive, to be indicators of a good faith effort:

(i) Breaking out work to be subcontracted into economically feasible units, as appropriate, to facilitate small business participation.

(ii) Conducting market research to identify potential small business subcontractors through all reasonable means, such as searching SAM, posting notices or solicitations on SBA's SUBNet, participating in business matchmaking events, and attending preproposal conferences.

(iii) Soliciting small business concerns as early in the acquisition process as practicable to allow them sufficient time to submit a timely offer for the subcontract.

(iv) Providing interested small businesses with adequate and timely information about plans, specifications, and requirements for performance of the prime contract to assist them in submitting a timely offer for the subcontract.

(v) Negotiating in good faith with interested small businesses.

(vi) Directing small businesses that need additional assistance to SBA.

(vii) Assisting interested small businesses in obtaining bonding, lines of credit, required insurance, necessary equipment, supplies, materials, or services.

(viii) Utilizing the available services of small business associations; local, state, and Federal small business assistance offices; and other organizations.

(ix) Participating in a formal mentor-protégé program with one or more small business protégés that results in developmental assistance to the protégés.

(x) Although failing to meet the subcontracting goal in one socioeconomic category, exceeding the goal by an equal or greater amount in one or more of the other categories.

(xi) Fulfilling all of the requirements of the subcontracting plan.

(2) When considered in the context of the contractor's total effort in accordance with its plan, the contracting officer may consider any of the following, though not all inclusive, to be indicators of a failure to make a good faith effort:

(i) Failure to attempt through market research to identify, contact, solicit, or consider for contract award small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, or women-owned small business concerns, through all reasonable means including outreach, industry days, or the use of Federal systems such as SBA's Dynamic Small Business Search or SUBNet systems.

(ii) Failure to designate and maintain a company official to administer the subcontracting program and monitor and enforce compliance with the plan.

(iii) Failure to submit an acceptable ISR, or the SSR, using the eSRS, or as provided in agency regulations, by the report due dates specified in [52.219-9](#), Small Business Subcontracting Plan.

(iv) Failure to maintain records or otherwise demonstrate procedures adopted to comply with the plan including subcontracting flowdown requirements.

(v) Adoption of company policies or documented procedures that have as their objectives the frustration of the objectives of the plan.

(vi) Failure to pay small business subcontractors in accordance with the terms of the contract with the prime contractor.

(vii) Failure to correct substantiated findings from Federal subcontracting compliance reviews or participate in subcontracting plan management training offered by the Government.

(viii) Failure to provide the contracting officer with a written explanation if the contractor fails to acquire articles, equipment, supplies, services, or materials or obtain the performance of construction work as described in [19.704\(a\)\(12\)](#).

(ix) Falsifying records of subcontract awards to small business concerns.

(c) *Documentation of good faith effort.* If, at completion of the basic contract or any option, or in the case of a commercial plan, at the close of the fiscal year for which the plan is applicable, a contractor has failed to comply with the requirements of its subcontracting plan, which includes meeting its subcontracting goals, the contracting officer shall review all available information for an indication that the contractor has not made a good faith effort to comply with the plan. If no such indication is found, the contracting officer shall document the file accordingly.

(d) *Notice of failure to make a good faith effort.* If the contracting officer decides in accordance with paragraph (b) of this section that the contractor failed to make a good faith effort to comply with its subcontracting plan, the contracting officer shall give the contractor written notice in accordance with [52.219-16](#), Liquidated Damages—Subcontracting Plan, specifying the material breach, which may be included in the contractor's past performance information, advising the contractor of the possibility that the contractor may have to pay to the Government liquidated damages, and providing a period of 15 working days (or longer period as necessary) within which to respond. The notice shall give the contractor an opportunity to demonstrate what good faith efforts have been made before the contracting officer issues the final decision and shall further state that failure of the contractor to respond may be taken as an admission that no valid explanation exists.

(e) *Payment of liquidated damages.* (1) If, after consideration of all the pertinent data, the contracting officer finds that the contractor failed to make a good faith effort to comply with its subcontracting plan, the contracting officer shall issue a final decision to the contractor to that effect and require the payment of liquidated damages in an amount stated. The contracting officer's final decision shall state that the contractor has the right to appeal under the clause in the contract entitled Disputes. Calculations and procedures shall be in accordance with [52.219-16](#), Liquidated Damages—Subcontracting Plan.

(2) The amount of damages attributable to the contractor's failure to comply shall be an amount equal to the actual dollar amount by which the contractor failed to achieve each subcontracting goal. For calculations for commercial plans see paragraph (f) of this section.

(3) Liquidated damages shall be in addition to any other remedies that the Government may have.

(f) *Commercial plans.* With respect to commercial plans approved under the clause at [52.219-9](#), Small Business Subcontracting Plan, the contracting officer that approved the plan shall-

(1) Perform the functions of the contracting officer under this subsection on behalf of all agencies with contracts covered by the commercial plan;

(2) Determine whether or not the goals in the commercial plan were achieved and, if they were not achieved, review all available information for an indication that the contractor has not made a good faith effort to comply with the plan, and document the results of the review;

(3) If a determination is made to assess liquidated damages, in order to calculate and assess the amount of damages, the contracting officer shall ask the contractor to provide-

(i) Contract numbers for the Government contracts subject to the plan;

- (ii) The total Government sales during the contractor's fiscal year; and
- (iii) The amount of payments made under the Government contracts subject to that plan that contributed to the contractor's total sales during the contractor's fiscal year; and
- (4) When appropriate, assess liquidated damages on the Government's behalf, based on the pro rata share of subcontracting attributable to the Government contracts. For example: The contractor's total actual sales were \$50 million and its actual subcontracting was \$20 million. The Government's total payments under contracts subject to the plan contributing to the contractor's total sales were \$5 million, which accounted for 10 percent of the contractor's total sales. Therefore, the pro rata share of subcontracting attributable to the Government contracts would be 10 percent of \$20 million, or \$2 million. To continue the example, if the contractor failed to achieve its small business goal by 1 percent, the liquidated damages would be calculated as 1 percent of \$2 million, or \$20,000. The contracting officer shall make similar calculations for each category of small business where the contractor failed to achieve its goal and the sum of the dollars for all of the categories equals the amount of the liquidated damages to be assessed. A copy of the contracting officer's final decision assessing liquidated damages shall be provided to other contracting officers with contracts subject to the commercial plan.
- (5) Every contracting officer with a contract that is subject to a commercial plan shall include in the contract file a copy of the approved plan and a copy of the final decision assessing liquidating damages, if applicable.

19.706 Responsibilities of the cognizant administrative contracting officer.

The administrative contracting officer is responsible for assisting in evaluating subcontracting plans, and for monitoring, evaluating, and documenting contractor performance under the clause prescribed in [19.708\(b\)](#) and any subcontracting plan included in the contract. The contract administration office shall provide the necessary information and advice to support the contracting officer, as appropriate, by furnishing-

- (a) Documentation on the contractor's performance and compliance with subcontracting plans under previous contracts;
- (b) Information on the extent to which the contractor is meeting the plan's goals for subcontracting with eligible small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns;
- (c) Information on whether the contractor's efforts to ensure the participation of small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns are in accordance with its subcontracting plan;
- (d) Information on whether the contractor is requiring its subcontractors to adopt similar subcontracting plans;
- (e) Immediate notice if, during performance, the contractor is failing to meet its commitments under the clause prescribed in [19.708\(b\)](#) or the subcontracting plan;
- (f) Immediate notice and rationale if, during performance, the contractor is failing to comply in good faith with the subcontracting plan (see [19.705-7\(b\)](#) for more information on the determination of good faith effort); and
- (g) Immediate notice that performance under a contract is complete, that the goals were or were not met, and, if not met, whether there is any indication of a lack of a good faith effort to comply with the subcontracting plan.

19.707 The Small Business Administration's role in carrying out the program.

- (a) Under the program, the SBA may-
 - (1) Assist both Government agencies and contractors in carrying out their responsibilities with regard to subcontracting plans;
 - (2) Review (within 5 working days) any solicitation that meets the dollar threshold in [19.702\(a\)\(1\)\(i\)](#) or (ii) before the solicitation is issued;
 - (3) Review (within 5 working days) before execution any negotiated contractual document requiring a subcontracting plan, including the plan itself, and submit recommendations to the contracting officer, which shall be advisory in nature; and
 - (4) Evaluate compliance with subcontracting plans, either on a contract-by-contract basis, or, in the case of contractors having multiple contracts, on an aggregate basis.
- (b) The SBA is not authorized to-
 - (1) Prescribe the extent to which any contractor or subcontractor shall subcontract,
 - (2) Specify concerns to which subcontracts will be awarded, or
 - (3) Exercise any authority regarding the administration of individual prime contracts or subcontracts.

19.708 Contract clauses.

(a) Insert the clause at [52.219-8](#), Utilization of Small Business Concerns, in solicitations and contracts when the contract amount is expected to exceed the simplified acquisition threshold unless-

(1) A personal services contract is contemplated (see [37.104](#)); or

(2) The contract, together with all of its subcontracts, will be performed entirely outside of the United States and its outlying areas.

(b) (1) Insert the clause at [52.219-9](#), Small Business Subcontracting Plan, in solicitations and contracts that offer subcontracting possibilities, are expected to exceed \$750,000 (\$1.5 million for construction of any public facility), and are required to include the clause at [52.219-8](#), Utilization of Small Business Concerns, unless the acquisition is set aside or is to be accomplished under the 8(a) program. When-

(i) Contracting by sealed bidding rather than by negotiation, the contracting officer shall use the clause with its Alternate I;

(ii) Contracting by negotiation, and subcontracting plans are required with initial proposals as provided for in [19.705-2](#)(d), the contracting officer shall use the clause with its Alternate II;

(iii) The contract action will not be reported in the Federal Procurement Data System pursuant to [4.606](#)(c)(5), or (c)(6), the contracting officer shall use the clause with its Alternate III; or

(iv) Incorporating a subcontracting plan due to a modification as provided for in [19.702](#)(a)(1)(iii), the contracting officer shall use the clause with its Alternate IV.

(2) Insert the clause at [52.219-16](#), Liquidated Damages-Subcontracting Plan, in all solicitations and contracts containing the clause at [52.219-9](#), Small Business Subcontracting Plan, or the clause with its Alternate I, II, III, or IV.

(c) (1) The contracting officer may, when contracting by negotiation, insert in solicitations and contracts a clause substantially the same as the clause at [52.219-10](#), Incentive Subcontracting Program, when a subcontracting plan is required (see [19.702](#)), and inclusion of a monetary incentive is, in the judgment of the contracting officer, necessary to increase subcontracting opportunities for small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns, and is commensurate with the efficient and economical performance of the contract; unless the conditions in paragraph (c)(3) of this section are applicable. The contracting officer may vary the terms of the clause as specified in paragraph (c)(2) of this section.

(2) Various approaches may be used in the development of small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns' subcontracting incentives. They can take many forms, from a fully quantified schedule of payments based on actual subcontract achievement to an award-fee approach employing subjective evaluation criteria (see paragraph (c)(3) of this section). The incentive should not reward the contractor for results other than those that are attributable to the contractor's efforts under the incentive subcontracting program.

(3) As specified in paragraph (c)(2) of this section, the contracting officer may include small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business subcontracting as one of the factors to be considered in determining the award fee in a cost-plus-award-fee contract; in such cases, however, the contracting officer shall not use the clause at [52.219-10](#), Incentive Subcontracting Program.

Subpart 19.8 - Contracting with the Small Business Administration (The 8(a) Program)

19.800 General.

(a) Section 8(a) of the Small Business Act ([15 U.S.C. 637\(a\)](#)) established a program that authorizes the Small Business Administration (SBA) to enter into all types of contracts with other agencies and award subcontracts for performing those contracts to firms eligible for program participation. This program is the "8(a) Business Development Program," commonly referred to as the "8(a) program." A small business that is accepted into the 8(a) program is known as a "participant." SBA's subcontractors are referred to as "8(a) contractors." As used in this subpart, an 8(a) contractor is an 8(a) participant that is currently performing on a Federal contract or order that was set aside for 8(a) participants.

(b) Contracts may be awarded to the SBA for performance by eligible 8(a) participants on either a sole source or competitive basis.

(c) Acting under the authority of the program, the SBA certifies to an agency that SBA is competent and responsible to perform a specific contract. The contracting officer has the discretion to award the contract to the SBA based upon mutually agreeable terms and conditions.

(d) The contracting officer shall comply with [19.203](#) before deciding to offer an acquisition to a small business concern under the 8(a) program. For acquisitions above the simplified acquisition threshold, the contracting officer shall consider 8(a) set-asides or sole source awards before considering small business set-asides.

(e) When SBA has delegated its 8(a) program contract execution authority to an agency, the contracting officer must refer to its agency supplement or other policy directives for appropriate guidance.

19.801 [Reserved]

19.802 Determining eligibility for the 8(a) program.

Determining the eligibility of a small business to be a participant in the 8(a) program is the responsibility of the SBA. SBA's regulations on eligibility requirements for participation in the 8(a) program are found at 13 CFR 124.101 through 124.112. SBA designates the concern as an 8(a) participant in the Dynamic Small Business Search (DSBS) at https://web.sba.gov/pro-net/search/dsp_dsbs.cfm. SBA's designation also appears in the System for Award Management (SAM).

19.803 Selecting acquisitions for the 8(a) Program.

Through their cooperative efforts, the SBA and an agency match the agency's requirements with the capabilities of 8(a) participants to establish a basis for the agency to contract with the SBA under the program. Selection is initiated in one of three ways:

(a) The SBA advises the contracting activity of an 8(a) participant's capabilities through a search letter and requests the contracting activity to identify acquisitions to support the participant's business plans. In these instances, the SBA will provide at a minimum the following information in order to enable the contracting activity to match an acquisition to the participant's capabilities:

- (1) Identification of the participant and its owners.
- (2) Background information on the participant, including any and all information pertaining to the participant's technical ability and capacity to perform.
- (3) The participant's present production capacity and related facilities.
- (4) The extent to which contracting assistance is needed in the present and the future, described in terms that will enable the agency to relate the participant's plans to present and future agency requirements.
- (5) If construction is involved, the request shall also include the following:

(i) A participant's capabilities in and qualifications for accomplishing various categories of construction work typically found in North American Industrial Category System subsector 236 (construction of buildings), subsector 237 (heavy and civil engineering construction), or subsector 238 (specialty trade contractors).

(ii) The participant's capacity in each construction category in terms of estimated dollar value (*e.g.*, electrical, up to \$100,000).

(b) The SBA identifies a specific requirement for one or more 8(a) participant(s) and sends a requirements letter to the agency's Office of Small and Disadvantaged Business Utilization, or for the Department of Defense, Office of Small Business Programs, requesting the contracting office offer the acquisition to the 8(a) program. In these instances, in addition to the information in paragraph (a) of this section, the SBA will provide-

- (1) A clear identification of the acquisition sought; *e.g.*, project name or number;

- (2) A statement as to how the required equipment and real property will be provided in order to ensure that the participant will be fully capable of satisfying the agency's requirements;
- (3) If construction, information as to the bonding capability of the participant(s); and
- (4) Either-
 - (i) If a sole source request-
 - (A) The reasons why the participant is considered suitable for this particular acquisition; *e.g.*, previous contracts for the same or similar supply or service; and
 - (B) A statement that the participant is eligible in terms of its small business size status relative to the assigned NAICS code, business support levels, and business activity targets; or
 - (ii) If competitive, a statement that at least two 8(a) participants are considered capable of satisfying the agency's requirements and a statement that the participants are also eligible in terms of their small business size status relative to the assigned NAICS code, business support levels, and business activity targets. If requested by the contracting office, SBA will identify at least two such participants and provide information concerning the participants' capabilities.
- (c) Agencies may also review other proposed acquisitions for the purpose of identifying requirements which may be offered to the SBA. Where agencies independently, or through the self marketing efforts of an 8(a) participant, identify a requirement for the 8(a) program, they may offer on behalf of a specific 8(a) participant, for the 8(a) program in general, or for 8(a) competition.

19.804 Evaluation, offering, and acceptance.

19.804-1 Agency evaluation.

In determining the extent to which a requirement should be offered in support of the 8(a) program, the agency should evaluate-

- (a) Current and future plans to acquire the specific items or work that 8(a) participants are seeking to provide, identified in terms of-
 - (1) Estimated quantities of the supplies or services required or the estimated number of construction projects planned;
 - (2) Length of contract, including option periods (see [19.812\(d\)](#)); and
 - (3) Performance or delivery requirements, including-
 - (i) Required monthly production rates, when applicable; and
 - (ii) For construction, the geographical location where work is to be performed;
- (b) The impact of any delay in delivery;
- (c) Whether the items or work have previously been acquired using small business set-asides, and the date the items or work were acquired;
- (d) Problems encountered in previous acquisitions of the items or work from the 8(a) participants or other contractors; and
- (e) Any other pertinent information about known 8(a) participants, the items, or the work. This includes any information concerning the participants' products or capabilities. When necessary, the contracting agency shall make an independent review of the factors in [19.803\(a\)](#) and other aspects of the participants' capabilities which would ensure the satisfactory performance of the requirement being considered for commitment to the 8(a) program.

19.804-2 Agency offering.

(a) After completing its evaluation, the contracting office shall notify the SBA of the extent of its plans to place 8(a) contracts with the SBA for specific quantities of items or work, including 8(a) contracts that are reserved in accordance with 19.503. The notification, referred to as an offering letter, shall identify the time frames within which resulting 8(a) awards must be completed in order for the agency to meet its responsibilities. The offering letter shall also contain the following information applicable to each prospective contract:

- (1) A description of the work to be performed or items to be delivered, and a copy of the statement of work, if available.
- (2) The estimated period of performance.
- (3) The NAICS code that applies to the principal nature of the acquisition.
- (4) The anticipated dollar value of the requirement, including options, if any.
- (5) Any special restrictions or geographical limitations on the requirement (for construction, include the location of the work to be performed).
- (6) Any special capabilities or disciplines needed for contract performance.

- (7) The type of contract anticipated.
 - (8) The acquisition history, if any, of the requirement, including the names and addresses of any small business contractors that have performed this requirement during the previous 24 months.
 - (9) A statement that prior to the offering no solicitation for the specific acquisition has been issued as a small business, HUBZone, service-disabled veteran-owned small business set-aside, or a set-aside under the Women-Owned Small Business (WOSB) Program, and that no other public communication (such as a notice through the Governmentwide point of entry (GPE)) has been made showing the contracting agency's clear intention to set-aside the acquisition for small business, HUBZone small business, service-disabled veteran-owned small business concerns, or a set-aside under the WOSB Program.
 - (10) Identification of any particular 8(a) participant designated for consideration, including a brief justification, such as:
 - (i) The 8(a) participant, through its own efforts, marketed the requirement and caused it to be reserved for the 8(a) program; or
 - (ii) The acquisition is a follow-on or renewal contract and the nominated 8(a) participant is the incumbent.
 - (11) Bonding requirements, if applicable.
 - (12) Identification of all 8(a) participants which have expressed an interest in being considered for the acquisition.
 - (13) Identification of all SBA field offices that have asked for the acquisition for the 8(a) program.
 - (14) A request, if appropriate, that a requirement with an estimated contract value under the applicable competitive threshold be awarded as an 8(a) competitive contract (see [19.805-1\(d\)](#)).
 - (15) A request, if appropriate, that a requirement with a contract value over the applicable competitive threshold be awarded as a sole source contract (see [19.805-1\(b\)](#)).
 - (16) Any other pertinent and reasonably available data.
- (b) (1) An agency offering a construction requirement for which no specific offeror is nominated should submit it to the SBA District Office for the geographical area where the work is to be performed.
- (2) An agency offering a construction requirement on behalf of a specific offeror should submit it to the SBA District Office servicing that concern.
- (3) Sole source requirements, other than construction, should be forwarded directly to the district office that services the nominated 8(a) participant. If the contracting officer is not nominating a specific 8(a) participant, the offering letter should be forwarded to the district office servicing the geographical area in which the contracting office is located.
- (c) All requirements for 8(a) competition, other than construction, should be forwarded to the district office servicing the geographical area in which the contracting office is located. All requirements for 8(a) construction competition should be forwarded to the district office servicing the geographical area in which all or the major portion of the construction is to be performed. All requirements, including construction, must be synopsized through the GPE. For construction, the synopsis must include the geographical area of the competition set forth in the SBA's acceptance letter.

19.804-3 SBA acceptance.

- (a) Upon receipt of the contracting office's offering letter, SBA will determine whether to accept the requirement for the 8(a) program. SBA's decision whether to accept the requirement will be transmitted to the contracting office in writing within 10 working days of receipt of the offer if the contract is likely to exceed the simplified acquisition threshold and within two working days of receipt if the contract is at or below the simplified acquisition threshold. The contracting office may grant an extension of these time periods, if requested by SBA.
- (1) For acquisitions exceeding the simplified acquisition threshold, if SBA does not respond to an offering letter within ten working days, the contracting office may seek SBA's acceptance through the Associate Administrator for Business Development. The contracting office may assume that SBA has accepted the requirement into the 8(a) program if it does not receive a reply from the Associate Administrator for Business Development within five calendar days of receipt of the contracting office's request.
- (2) For acquisitions not exceeding the simplified acquisition threshold, when the contracting office makes an offer to the 8(a) program on behalf of a specific 8(a) participant and does not receive a reply to its offering letter within two working days, the contracting office may assume the offer is accepted and proceed with award of an 8(a) contract.
- (b) As part of the acceptance process, SBA will review the appropriateness of the NAICS code designation assigned to the requirement by the contracting officer.
- (1) SBA will not challenge the NAICS code assigned to the requirement by the contracting officer if it is reasonable, even though other NAICS codes may also be reasonable.
- (2) If SBA and the contracting officer are unable to agree on a NAICS code designation for the requirement, SBA may refuse to accept the requirement for the 8(a) program, appeal the contracting officer's determination to the head of the agency

pursuant to [19.810](#), or appeal the NAICS code designation to the SBA Office of Hearings and Appeals under subpart C of 13 CFR part 134.

(c) *Sole source 8(a) awards.* If an appropriate match exists, SBA will advise the contracting officer whether it will participate in contract negotiations or whether SBA will authorize the contracting officer to negotiate directly with the identified 8(a) participant. Where SBA has delegated its contract execution functions to a contracting agency, SBA will also identify that delegation in its acceptance letter. For a joint venture, SBA will determine eligibility as part of its acceptance of a sole-source requirement and will approve the joint venture agreement prior to award in accordance with [13 CFR 124.513\(e\)](#).

(1) Sole source award where the contracting officer nominates a specific 8(a) participant. SBA will determine whether an appropriate match exists where the contracting officer identifies a particular participant for a sole source award.

(i) Once SBA determines that a procurement is suitable to be accepted as an 8(a) sole source contract, SBA will normally accept it on behalf of the 8(a) participant recommended by the contracting officer, provided that the 8(a) participant complies with the requirements of 13 CFR 124.503(c)(1).

(ii) If an appropriate match does not exist, SBA will notify the 8(a) participant and the contracting officer, and may then nominate an alternate 8(a) participant.

(2) Sole source award where the contracting officer does not nominate a specific 8(a) participant. When a contracting officer does not nominate an 8(a) participant for performance of a sole source 8(a) contract, SBA will select an 8(a) participant for possible award from among two or more eligible and qualified 8(a) participants. The selection will be based upon relevant factors, including business development needs, compliance with competitive business mix requirements (if applicable), financial condition, management ability, technical capability, and whether award will promote the equitable distribution of 8(a) contracts. (For construction requirements see 13 CFR 124.503(d)(1)).

19.804-4 Repetitive acquisitions.

In order for repetitive acquisitions to be awarded through the 8(a) program, there must be separate offers and acceptances. This allows the SBA to determine-

- (a) Whether the requirement should be a competitive 8(a) award;
- (b) A nominated 8(a) participant's eligibility, and whether or not it is the same 8(a) participant that performed the previous contract;
- (c) The effect that contract award would have on the equitable distribution of 8(a) contracts; and
- (d) Whether the requirement should continue under the 8(a) program.

19.804-5 Basic ordering agreements and blanket purchase agreements.

(a) The contracting office shall submit an offering letter for, and SBA must accept, each order under a basic ordering agreement (BOA) or a blanket purchase agreement (BPA) issued under part 13 (see 13.303), in addition to the agency offering and SBA accepting the BOA or BPA itself.

(b) SBA will not accept for award on a sole-source basis any order that would cause the total dollar amount of orders issued under a specific BOA or BPA to exceed the competitive threshold amount in [19.805-1](#).

(c) Once an 8(a) participant's program term expires, the participant otherwise exits the 8(a) program, or becomes other than small for the NAICS code assigned under the BOA or the BPA, SBA will not accept new orders under the BOA or BPA for the participant.

19.804-6 Indefinite delivery contracts.

(a) Separate offers and acceptances are not required for individual orders under multiple-award contracts (including the Federal Supply Schedules managed by GSA, multi-agency contracts or Governmentwide acquisition contracts, or indefinite-delivery, indefinite-quantity (IDIQ) contracts) that have been set aside for exclusive competition among 8(a) contractors, and the individual order is to be competed among all 8(a) contract holders. SBA's acceptance of the original contract is valid for the term of the contract. Offers and acceptances are required for individual orders under multiple-award contracts that have not been set aside for exclusive competition among 8(a) contractors.

(b) The contracting officer may issue an order on a sole source basis when—

- (1) The multiple-award contract was set aside for exclusive competition among 8(a) participants;
- (2) The order has an estimated value less than or equal to the dollar thresholds set forth at [19.805-1\(a\)\(2\)](#); and
- (3) The offering and acceptance procedures at [19.804-2](#) and [19.804-3](#) are followed.

(c) The contracting officer may issue an order directly to one 8(a) contractor in accordance with [19.504\(c\)\(1\)\(ii\)](#) when—

- (1) The multiple-award contract was reserved for 8(a) participants;
 - (2) The order has an estimated value less than or equal to \$7 million for acquisitions assigned manufacturing NAICS codes and \$4.5 million for all other acquisitions; and
 - (3) The offering and acceptance procedures at [19.804-2](#) and [19.804-3](#) are followed.
- (d) An 8(a) contractor may continue to accept new orders under the contract, even if it exits the 8(a) program, or becomes other than small for the NAICS code(s) assigned to the contract.
- (e) Agencies may continue to take credit toward their prime contracting small disadvantaged business or small business goals for orders awarded to 8(a) contractors, even after the contractor's 8(a) program term expires, the contractor otherwise exits the 8(a) program, or the contractor becomes other than small for the NAICS code(s) assigned under the 8(a) contract. However, if an 8(a) contractor rerepresents that it is other than small for the NAICS code(s) assigned under the contract in accordance with [19.301-2](#) or, where ownership or control of the 8(a) contractor has changed and SBA has granted a waiver to allow the contractor to continue performance (see 13 CFR 124.515), the agency may not credit any subsequent orders awarded to the contractor towards its small disadvantaged business or small business goals.

19.805 Competitive 8(a).

19.805-1 General.

- (a) Except as provided in paragraph (b) of this section, an acquisition offered to the SBA under the 8(a) program shall be awarded on the basis of competition limited to eligible 8(a) participants when-
- (1) There is a reasonable expectation that at least two eligible and responsible 8(a) participants will submit offers and that award can be made at a fair market price; and
 - (2) The anticipated total value of the contract, including options, will exceed \$7 million for acquisitions assigned manufacturing North American Industry Classification System (NAICS) codes and \$4.5 million for all other acquisitions.
- (b) Where an acquisition exceeds the competitive threshold (see paragraph (a)(2) of this section), the SBA may accept the requirement for a sole source 8(a) award if-
- (1) There is not a reasonable expectation that at least two eligible and responsible 8(a) participants will submit offers at a fair market price; or
 - (2) SBA accepts the requirement on behalf of a concern owned by an Indian tribe or an Alaska Native Corporation.
- (c) A proposed 8(a) requirement with an estimated value exceeding the applicable competitive threshold amount shall not be divided into several requirements for lesser amounts in order to use 8(a) sole source procedures for award to a single firm.
- (d) The SBA Associate Administrator for Business Development may approve a contracting office's request for a competitive 8(a) award below the competitive thresholds. Such requests will be approved only on a limited basis and will be primarily granted where technical competitions are appropriate or where a large number of responsible 8(a) participants are available for competition. In determining whether a request to compete below the threshold will be approved, the SBA Associate Administrator for Business Development will, in part, consider the extent to which the contracting activity is supporting the 8(a) program on a noncompetitive basis. The agency may include recommendations for competition below the threshold in the offering letter or by separate correspondence to the SBA Associate Administrator for Business Development.

19.805-2 Procedures.

- (a) Offers shall be solicited from those sources identified in accordance with [19.804-3](#).
- (b) The SBA will determine the eligibility of the apparent successful offeror. Eligibility is based on section 8(a) program criteria (see [13 CFR 124.501\(g\)](#) and [19.816\(c\)](#)).
- (1) In either negotiated or sealed bid competitive 8(a) acquisitions SBA will determine the eligibility of the apparent successful offeror and advise the contracting office within 5 working days after receipt of the contracting office's request for an eligibility determination.
 - (i) If SBA determines that the apparent successful offeror is ineligible, the contracting office will then send to SBA the identity of the next highest evaluated offeror for an eligibility determination. The process is repeated until SBA determines that an identified offeror is eligible for award.
 - (ii) If the contracting officer believes that the apparent successful offeror (or the offeror SBA has determined eligible for award) is not responsible to perform the contract, the contracting officer must refer the matter to SBA for Certificate of Competency consideration under subpart [19.6](#).
 - (2) For a two-step design-build procurement, an 8(a) participant must be eligible for award under the 8(a) program on the initial date for receipt of phase one offers specified in the solicitation (see [13 CFR 124.507\(d\)\(3\)](#)).

(3) In any case in which an 8(a) participant is determined to be ineligible, SBA will notify the 8(a) participant of that determination.

(c) Any party with information questioning the eligibility of an 8(a) participant to continue participation in the 8(a) program or for the purposes of a specific 8(a) award may submit such information to the SBA in accordance with 13 CFR 124.112(c).

(d) (1) SBA does not certify joint ventures, as entities, into the 8(a) program.

(2) A contracting officer may consider a joint venture for contract award. SBA does not approve joint ventures for competitive awards (but see [13 CFR 124.501\(g\)](#) for SBA's determination of participant eligibility).

19.806 Pricing the 8(a) contract.

(a) The contracting officer shall price the 8(a) contract in accordance with [subpart 15.4](#). If required by [subpart 15.4](#), the SBA shall obtain certified cost or pricing data from the 8(a) contractor. If the SBA requests audit assistance to determine the proposed price to be fair and reasonable in a sole source acquisition, the contracting activity shall furnish it to the extent it is available.

(b) An 8(a) contract, sole source or competitive, may not be awarded if the price of the contract results in a cost to the contracting agency which exceeds a fair market price.

(c) If requested by the SBA, the contracting officer shall make available the data used to estimate the fair market price within 10 working days.

(d) The negotiated contract price and the estimated fair market price are subject to the concurrence of the SBA. In the event of a disagreement between the contracting officer and the SBA, the SBA may appeal in accordance with [19.810](#).

19.807 Estimating fair market price.

(a) The contracting officer shall estimate the fair market price of the work to be performed by the 8(a) contractor.

(b) In estimating the fair market price for an acquisition other than those covered in paragraph (c) of this section, the contracting officer shall use cost or price analysis and consider commercial prices for similar products and services, available in-house cost estimates, data (including certified cost or pricing data) submitted by the SBA or the 8(a) contractor, and data obtained from any other Government agency.

(c) In estimating a fair market price for a repeat purchase, the contracting officer shall consider recent award prices for the same items or work if there is comparability in quantities, conditions, terms, and performance times. The estimated price should be adjusted to reflect differences in specifications, plans, transportation costs, packaging and packing costs, and other circumstances. Price indices may be used as guides to determine the changes in labor and material costs. Comparison of commercial prices for similar items may also be used.

19.808 Contract negotiation.

19.808-1 Sole source.

(a) The SBA may not accept for negotiation a sole-source 8(a) contract that exceeds \$25 million unless the requesting agency has completed a justification in accordance with the requirements of [6.303](#).

(b) The SBA is responsible for initiating negotiations with the agency within the time established by the agency. If the SBA does not initiate negotiations within the agreed time and the agency cannot allow additional time, the agency may, after notifying the SBA, proceed with the acquisition from other sources.

(c) The SBA should participate, whenever practicable, in negotiating the contracting terms. When mutually agreeable, the SBA may authorize the contracting officer to negotiate directly with the 8(a) participant. Whether or not direct negotiations take place, the SBA is responsible for approving the resulting contract before award.

(d) An 8(a) participant must represent that it is a small business in accordance with the size standard corresponding to the NAICS code assigned to the contract.

(e) A concern must be a current participant in the 8(a) program at the time of an 8(a) sole-source award.

(f) An 8(a) participant owned by an Alaska Native Corporation, Indian Tribe, Native Hawaiian Organization, or Community Development Corporation may not receive an 8(a) sole-source award that is a follow-on contract to an 8(a) contract, if the predecessor contract was performed by another 8(a) participant (or former 8(a) participant) owned by the same Alaska Native Corporation, Indian Tribe, Native Hawaiian Organization, or Community Development Corporation (See 13 CFR 124.109 through 124.111).

19.808-2 Competitive.

In competitive 8(a) acquisitions, including follow-on 8(a) acquisitions, subject to part 15, the contracting officer conducts negotiations directly with the competing 8(a) participants. Conducting competitive negotiations among eligible 8(a) participants prior to SBA's formal acceptance of the acquisition for the 8(a) program may be grounds for the SBA's not accepting the acquisition for the 8(a) program.

19.809 Preaward considerations.**19.809-1 Preaward survey.**

The contracting officer should request a preaward survey of the 8(a) participant whenever considered useful. If the results of the preaward survey or other information available to the contracting officer raise substantial doubt as to the participant's ability to perform, the contracting officer shall refer the matter to SBA for Certificate of Competency consideration under [subpart 19.6](#).

19.809-2 Limitations on subcontracting and nonmanufacturer rule.

(a) *Limitations on subcontracting.* To be awarded a contract or order under the 8(a) program, the 8(a) participant is required to perform—

- (1) For services (except construction), at least 50 percent of the cost incurred for personnel with its own employees;
 - (2) For supplies or products (other than a procurement from a nonmanufacturer of such supplies or products), at least 50 percent of the cost of manufacturing the supplies or products (not including the cost of materials);
 - (3) For general construction, at least 15 percent of the cost with its own employees (not including the cost of materials);
- and
- (4) For construction by special trade contractors, at least 25 percent of the cost with its own employees (not including the cost of materials).

(b) *Compliance period.* An 8(a) contractor is required to comply with the limitations on subcontracting—

- (1) For a contract under the 8(a) program, either by the end of the base term and then by the end of each subsequent option period or by the end of the performance period for each order issued under the contract, at the contracting officer's discretion; and
- (2) For an order competed exclusively among contractors who are 8(a) participants or for an order issued directly to one 8(a) contractor in accordance with [19.504\(c\)\(1\)\(ii\)](#), by the end of the performance period for the order.

(c) *Waiver.* The applicable SBA District Director may waive the provisions in paragraph (b)(1) requiring a participant to comply with the limitations on subcontracting for each period of performance or for each order. Instead, the SBA District Director may permit the participant to subcontract in excess of the limitations on subcontracting where the SBA District Director makes a written determination that larger amounts of subcontracting are essential during certain stages of performance.

(1) The 8(a) participant is required to provide the SBA District Director written assurance that the participant will ultimately comply with the requirements of this section prior to contract completion. The contracting officer shall review the written assurance and inform the 8(a) participant of their concurrence or nonconcurrence. The 8(a) participant can only submit the written assurance to the SBA District Director upon concurrence by the contracting officer.

(2) The contracting officer does not have the authority to waive the provisions of this section requiring an 8(a) participant to comply with the limitations on subcontracting for each period of performance or order, even if the agency has a Partnership Agreement with SBA.

(3) Where the 8(a) participant does not ultimately comply with the limitations on subcontracting by the end of the contract, SBA will not grant future waivers for the 8(a) participant.

(d) *Nonmanufacturer rule.* See [19.505\(c\)](#) for application of the nonmanufacturer rule, inclusive of waivers and exceptions to the nonmanufacturer rule.

19.810 SBA appeals.

(a) The SBA Administrator may submit the following matters for determination to the agency head if the SBA and the contracting officer fail to agree on them:

- (1) The decision not to make a particular acquisition available for award under the 8(a) Program.
- (2) A contracting officer's decision to reject a specific 8(a) participant for award of an 8(a) contract after SBA's acceptance of the requirement for the 8(a) program.

(3) The terms and conditions of a proposed 8(a) contract, including the contracting officer's NAICS code designation and estimate of the fair market price.

(4) A contracting officer's decision that an acquisition previously procured under the 8(a) program is a new requirement not subject to the release requirements at 13 CFR 124.504(d)(1) (see [19.815](#)(a) and (d)(1)).

(b) (1) Notification by SBA of an intent to appeal to the agency head-

(i) Must be received by the contracting officer within 5 working days after SBA is formally notified of the contracting officer's decision; and

(ii) Must be provided to the contracting agency Director for the Office of Small and Disadvantaged Business Utilization or, for the Department of Defense, the Director of the Office of Small Business Programs.

(2) SBA must send the written appeal to the agency head within 15 working days of SBA's notification of intent to appeal or the appeal may be considered withdrawn. Pending issuance of a decision by the agency head, the contracting officer shall suspend action on the acquisition. The contracting officer need not suspend action on the acquisition if the contracting officer makes a written determination that urgent and compelling circumstances that significantly affect the interests of the United States will not permit waiting for a decision.

(c) If the SBA appeal is denied, the decision of the agency head shall specify the reasons for the denial, including the reasons why the selected participant was determined incapable of performance, if appropriate. The decision shall be made a part of the contract file.

19.811 Preparing the contracts.

19.811-1 Sole source.

(a) The contract to be awarded by the agency to the SBA shall be prepared in accordance with agency procedures and in the same detail as would be required in a contract with a business concern. The contracting officer shall use the [Standard Form 26](#) as the award form, except for construction contracts, in which case the [Standard Form 1442](#) shall be used as required in [36.701](#)(a).

(b) The contracting officer shall prepare the contract that the SBA will award to the 8(a) participant in accordance with agency procedures, as if awarding the contract directly to the 8(a) participant, except for the following:

(1) The award form shall cite 41 U.S.C. 3304(a)(5) or [10 U.S.C. 3204\(a\)\(5\)](#) (as appropriate) as the authority for use of other than full and open competition.

(2) Appropriate clauses shall be included, as necessary, to reflect that the contract is between the SBA and the 8(a) contractor.

(3) The following items shall be inserted by the SBA:

(i) The SBA contract number.

(ii) The effective date.

(iii) The typed name of the SBA's contracting officer.

(iv) The signature of the SBA's contracting officer.

(v) The date signed.

(4) The SBA will obtain the signature of the 8(a) contractor prior to signing and returning the prime contract to the contracting officer for signature. The SBA will make every effort to obtain signatures and return the contract, and any subsequent bilateral modification, to the contracting officer within a maximum of 10 working days.

(c) Except in procurements where the SBA will make advance payments to its 8(a) contractor, the agency contracting officer may, as an alternative to the procedures in paragraphs (a) and (b) of this subsection, use a single contract document for both the prime contract between the agency and the SBA and its 8(a) contractor. The single contract document shall contain the information in paragraphs (b) (1), (2), and (3) of this subsection. Appropriate blocks on the [Standard Form \(SF\) 26](#) or 1442 will be asterisked and a continuation sheet appended as a tripartite agreement which includes the following:

(1) Agency acquisition office, prime contract number, name of agency contracting officer and lines for signature, date signed, and effective date.

(2) The SBA office, the SBA contract number, name of the SBA contracting officer, and lines for signature and date signed.

(3) Name and lines for the 8(a) subcontractor's signature and date signed.

(d) For acquisitions not exceeding the simplified acquisition threshold, the contracting officer may use the alternative procedures in paragraph (c) of this subsection with the appropriate simplified acquisition forms.

19.811-2 Competitive.

(a) The contract will be prepared in accordance with [14.408-1\(d\)](#), except that appropriate blocks on the [Standard Form 26](#) or [1442](#) will be asterisked and a continuation sheet appended as a tripartite agreement which includes the following:

(1) The agency contracting activity, prime contract number, name of agency contracting officer, and lines for signature, date signed, and effective date.

(2) The SBA office, the SBA subcontract number, name of the SBA contracting officer and lines for signature and date signed.

(b) The process for obtaining signatures shall be as specified in [19.811-1\(b\)\(4\)](#).

19.811-3 Contract clauses.

(a) The contracting officer shall insert the clause at [52.219-11](#), Special 8(a) Contract Conditions, in contracts between the SBA and the agency when the acquisition is accomplished using the procedures of [19.811-1\(a\)](#) and (b).

(b) The contracting officer shall insert the clause at [52.219-12](#), Special 8(a) Subcontract Conditions, in contracts between the SBA and its 8(a) contractor when the acquisition is accomplished using the procedures of [19.811-1\(a\)](#) and (b).

(c) The contracting officer shall insert the clause at [52.219-17](#), Section 8(a) Award, in competitive solicitations and contracts when the acquisition is accomplished using the procedures of [19.805](#) and in sole source awards which utilize the alternative procedure in [19.811-1\(c\)](#).

(d) The contracting officer shall insert the clause at [52.219-18](#), Notification of Competition Limited to Eligible 8(a) Participants, in competitive solicitations and contracts when the acquisition is accomplished using the procedures of [19.805](#). Use the clause at [52.219-18](#) with its Alternate I when competition is to be limited to 8(a) participants within one or more specific SBA districts pursuant to [19.804-2](#).

(e) For contracts or orders resulting from this subpart, see [19.507\(e\)](#) for use of [52.219-14](#), Limitations on Subcontracting, and [19.507\(h\)](#) for use of [52.219-33](#), Nonmanufacturer Rule.

19.812 Contract administration.

(a) The contracting officer shall assign contract administration functions, as required, based on the location of the 8(a) contractor (see Federal Directory of Contract Administration Services Components (available via the Internet at <https://piee.eb.mil/pcm/xhtml/unauth/index.xhtml>)).

(b) The agency shall distribute copies of the contract(s) in accordance with [part 4](#). All contracts and modifications, if any, shall be distributed to both the SBA and the 8(a) contractor in accordance with the timeframes set forth in [4.201](#).

(c) To the extent consistent with the contracting activity's capability and resources, 8(a) contractors furnishing requirements shall be afforded production and technical assistance, including, when appropriate, identification of causes of deficiencies in their products and suggested corrective action to make such products acceptable.

(d) For 8(a) contracts exceeding 5 years including options, the contracting officer shall verify in DSBS or SAM that the concern is an SBA-certified 8(a) participant no more than 120 days prior to the end of the fifth year of the contract. If the concern is not an SBA-certified 8(a) participant, the contracting officer shall not exercise the option (see [13 CFR 124.521\(e\)\(2\)](#)).

(e) An 8(a) contract, whether in the base or an option year, must be terminated for convenience if the 8(a) contractor to which it was awarded transfers ownership or control of the firm or if the contract is transferred or novated for any reason to another firm, unless the Administrator of the SBA waives the requirement for contract termination (13 CFR 124.515). The Administrator may waive the termination requirement only if certain conditions exist. Moreover, a waiver of the requirement for termination is permitted only if the 8(a) contractor's request for waiver is made to the SBA prior to the actual relinquishment of ownership or control, except in the case of death or incapacity where the waiver must be submitted within 60 calendar days after such an occurrence. The clauses in the contract entitled "Special 8(a) Contract Conditions" and "Special 8(a) Subcontract Conditions" require the SBA and the 8(a) subcontractor to notify the contracting officer when ownership of the firm is being transferred. When the contracting officer receives information that an 8(a) contractor is planning to transfer ownership or control to another firm, the contracting officer shall take action immediately to preserve the option of waiving the termination requirement. The contracting officer shall determine the timing of the proposed transfer and its effect on contract performance and mission support. If the contracting officer determines that the SBA does not intend to waive the termination requirement, and termination of the contract would severely impair attainment of the agency's program objectives or mission, the contracting officer shall immediately notify the SBA in writing that the agency is requesting a waiver. Within 15 business days thereafter, or such longer period as agreed to by the agency and the SBA, the agency head must either confirm or withdraw the request for waiver. Unless a waiver is approved by the SBA, the contracting officer must

terminate the contract for convenience upon receipt of a written request by the SBA. This requirement for a convenience termination does not affect the Government's right to terminate for default if the cause for termination of an 8(a) contract is other than the transfer of ownership or control.

19.813 Protesting an 8(a) participant's eligibility or size status.

(a) The eligibility of an 8(a) participant for a sole source or competitive 8(a) requirement may not be challenged by another 8(a) participant or any other party, either to SBA or any administrative forum as part of a bid or other contract protest (see 13 CFR 124.517).

(b) The size status of an 8(a) participant nominated for an 8(a) sole source contract may not be protested by another 8(a) participant or any other party.

(c) The size status of the apparent successful offeror for competitive 8(a) awards may be protested. The filing of a size status protest is limited to-

(1) Any offeror whom the contracting officer has not eliminated for reasons unrelated to size;

(2) The contracting officer; or

(3) The SBA District Director in either the district office serving the geographical area in which the contracting activity is located or the district office that services the apparent successful offeror, or the Associate Administrator for Business Development.

(d) Protests of competitive 8(a) awards shall follow the procedures at [19.302](#). For additional information, refer to 13 CFR 121.1001.

19.814 Requesting a formal size determination (8(a) sole source requirements).

(a) If the size status of an 8(a) participant nominated for award of an 8(a) sole source contract is called into question, a request for a formal size determination may be submitted to SBA pursuant to 13 CFR 121.1001(b)(2)(ii) by-

(1) The 8(a) participant nominated for award of the particular sole source contract;

(2) The contracting officer who has been delegated SBA's 8(a) contract execution functions, where applicable, or the SBA program official with authority to execute the 8(a) contract;

(3) The SBA District Director in the district office that services the 8(a) participant or the Associate Administrator for Business Development; or

(4) The SBA Inspector General.

(b) SBA's Government Contracting Area Director will issue a formal size determination within 15 business days, if possible, after SBA receives the request for a formal size determination.

(c) An appeal of an SBA size determination shall follow the procedures at [19.302](#).

19.815 Release and notification requirements for non-8(a) procurement.

(a) Once a requirement has been accepted by SBA into the 8(a) program, any follow-on requirements (see definition at [13 CFR 124.3](#)) shall remain in the 8(a) program unless—

(1) SBA agrees to release the requirement from the 8(a) program for a follow-on, non-8(a) procurement in accordance with [13 CFR 124.504\(d\)](#) (see paragraph (b) of this section); or

(2) There is a mandatory source (see [8.002](#) or [8.003](#); also see paragraph (f) of this section).

(b) To obtain release of a requirement for a follow-on, non-8(a) procurement, (other than a mandatory source listed at [8.002](#) or [8.003](#)), the contracting officer shall make a written request to, and receive concurrence from, the SBA Associate Administrator for Business Development.

(c) (1) The written request to the SBA Associate Administrator for Business Development shall indicate

(i) Whether the agency has achieved its small disadvantaged business goal;

(ii) Whether the agency has achieved its HUBZone, SDVOSB, WOSB, or small business goal(s); and

(iii) Whether the requirement is critical to the business development of the 8(a) contractor that is currently performing the requirement.

(2) Generally, a requirement that was previously accepted into the 8(a) program will only be released for procurements outside the 8(a) program when the contracting activity agency agrees to set aside the requirement under the small business, HUBZone, SDVOSB, or WOSB programs.

(3) The requirement that a follow-on procurement must be released from the 8(a) program in order for it to be fulfilled outside the 8(a) program does not apply to task or delivery orders offered to and accepted into the 8(a) program, where the basic contract was not accepted into the 8(a) program.

(d) (1) When a contracting officer decides that a requirement previously procured under the 8(a) program is a new requirement and not a follow-on requirement to an 8(a) contract(s), the contracting officer shall coordinate with and submit a written notice to the SBA District Office servicing the 8(a) incumbent firm and to the SBA procurement center representative (or, if a procurement center representative is not assigned, see [19.402\(a\)](#)) indicating that the agency intends to procure the requirement outside the 8(a) program (see [19.810\(a\)\(4\)](#)).

(2) The written notice shall include a copy of the acquisition plan, if available; the performance work statement (PWS), statement of work (SOW), or statement of objectives (SOO) for the new contract requirement; and the values of the existing 8(a) contract(s) and the new contract requirement.

(e) (1) When a contracting officer decides to procure a follow-on requirement to an 8(a) contract using an existing, limited competition contracting vehicle that is not available to all 8(a) participants, and the current or previous 8(a) contract was available to all 8(a) participants, the contracting officer shall coordinate with and submit a written notice to the SBA District Office servicing the 8(a) incumbent firm and to the SBA procurement center representative (or, if a procurement center representative is not assigned, see [19.402\(a\)](#)) indicating the intent to do so.

(2) The written notice shall include a copy of the acquisition plan, if available; the PWS, SOW, or SOO for the new contract requirement; and the values of both contracts.

(f) (1) When a mandatory source will be used for a follow-on requirement to an 8(a) contract, the contracting officer should submit a written notice to the SBA Associate Administrator for Business Development of the intent to do so at least 30 days prior to the end of the contract or order in accordance with [13 CFR 124.504\(d\)\(4\)\(ii\)](#).

(2) The written notice should include a written determination that a mandatory source will be used to fulfill the requirement.

19.816 Exiting the 8(a) program.

(a) Except as provided in paragraph (c) of this section, when a contractor exits the 8(a) program, it is no longer eligible to receive new 8(a) contracts. However, the contractor remains under contractual obligation to complete existing contracts, and any priced options that may be exercised.

(b) If an 8(a) contractor is suspended from the program (see 13 CFR 124.305), it may not receive any new 8(a) contracts unless the head of the contracting agency makes a determination that it is in the best interest of the Government to issue the award and SBA adopts that determination.

(c) A contractor that has completed its term of participation in the 8(a) program may be awarded a competitive 8(a) contract if it was an 8(a) participant eligible for award of the contract on the initial date specified for receipt of offers contained in the solicitation, and if the contractor continues to meet all other applicable eligibility criteria (see [13 CFR 124.507\(d\)](#)).

(d) SBA's regulations on exiting the 8(a) program are found at 13 CFR 124.301 through 124.305, and 13 CFR 124.507(d).

Subpart 19.13 - Historically Underutilized Business Zone (HUBZone) Program

19.1301 General.

(a) The Historically Underutilized Business Zone (HUBZone) Act of 1997 ([15 U.S.C.631](#) note) created the HUBZone Program.

(b) The purpose of the HUBZone Program is to provide Federal contracting assistance for qualified small business concerns located in historically underutilized business zones, in an effort to increase employment opportunities, investment, and economic development in those areas.

19.1302 [Reserved].

19.1303 Status as a HUBZone small business concern.

(a) Status as a HUBZone small business concern is determined by the Small Business Administration (SBA) in accordance with 13 CFR Part 126.

(b) If SBA determines that a concern is a HUBZone small business, it will designate the concern as a HUBZone small business in the Dynamic Small Business Search (DSBS) at https://web.sba.gov/pro-net/search/dsp_dsbs.cfm. SBA's designation also appears in SAM. Only firms designated in DSBS and SAM as HUBZone small business concerns are eligible for HUBZone preferences. HUBZone preferences are not contingent on the place of performance.

(c) A joint venture may be considered a HUBZone small business concern if—

- (1) The joint venture qualifies as small under [19.301-1\(a\)\(2\)\(i\)](#);
- (2) At least one party to the joint venture is a HUBZone small business concern; and
- (3) The joint venture complies with [13 CFR 126.616\(a\)](#) through (c).

(d) To be eligible for a HUBZone contract under this section, a HUBZone small business concern must be a HUBZone small business concern at the time of its initial offer.

19.1304 Exclusions.

This subpart does not apply to-

- (a) Requirements that can be satisfied through award to-
 - (1) Federal Prison Industries, Inc. (see [subpart 8.6](#)); or
 - (2) AbilityOne participating non-profit agencies for the blind or severely disabled (see [subpart 8.7](#));
- (b) Orders under indefinite-delivery contracts (see subpart [16.5](#)). (But see [16.505\(b\)\(2\)\(i\)\(F\)](#) for discretionary set-asides of orders);
- (c) Orders against Federal Supply Schedules (see subpart [8.4](#)). (But see [8.405-5](#) for discretionary set-asides of orders);
- (d) Requirements currently being performed by an 8(a) participant or requirements SBA has accepted for performance under the authority of the 8(a) program, unless SBA has consented to release the requirements from the 8(a) program; or
- (e) Requirements for commissary or exchange resale items.

19.1305 HUBZone set-aside procedures.

- (a) The contracting officer-
 - (1) Shall comply with [19.203](#) before deciding to set aside an acquisition under the HUBZone Program;
 - (2) May set aside acquisitions exceeding the micro-purchase threshold for competition restricted to HUBZone small business concerns when the requirements of paragraph (b) of this section can be satisfied; and
 - (3) Shall consider HUBZone set-asides before considering HUBZone sole-source awards (see [19.1306](#)) or small business set-asides (see subpart [19.5](#)).
- (b) To set aside an acquisition for competition restricted to HUBZone small business concerns, the contracting officer must have a reasonable expectation that-
 - (1) Offers will be received from two or more HUBZone small business concerns; and
 - (2) Award will be made at a fair market price.
- (c) If the contracting officer receives only one acceptable offer from a HUBZone small business concern in response to a set aside, the contracting officer should make an award to that concern. If the contracting officer receives no acceptable offers from HUBZone small business concerns, the HUBZone set-aside shall be withdrawn and the requirement, if still valid, set aside for small business concerns, as appropriate (see [19.203](#)).

(d) The procedures at [19.202-1](#) and, at [19.402](#) apply to this section.

(1) When the SBA intends to appeal a contracting officer's decision to reject a recommendation of the SBA procurement center representative (or, if a procurement center representative is not assigned, see [19.402\(a\)](#)) to set aside an acquisition for competition restricted to HUBZone small business concerns, the SBA procurement center representative shall notify the contracting officer, in writing, of its intent within 5 business days of receiving the contracting officer's notice of rejection.

(2) Upon receipt of notice of SBA's intent to appeal, the contracting officer shall suspend action on the acquisition until the head of the contracting activity issues a written decision on the appeal, unless the head of the contracting activity makes a written determination that urgent and compelling circumstances, which significantly affect the interests of the Government, exist.

(3) Within 15 business days of SBA's notification to the contracting officer, SBA must file its formal appeal with the head of the agency, or the appeal will be deemed withdrawn. The head of the agency shall reply to SBA within 15 business days of receiving the appeal. The decision of the head of the agency shall be final.

19.1306 HUBZone sole-source awards.

(a) A contracting officer shall consider a contract award to a HUBZone small business concern on a sole-source basis (see [6.302-5\(b\)\(5\)](#)) before considering a small business set-aside (see [19.203](#) and subpart [19.5](#)), provided none of the exclusions at [19.1304](#) apply; and-

(1) The contracting officer does not have a reasonable expectation that offers would be received from two or more HUBZone small business concerns;

(2) The anticipated price of the contract, including options, will not exceed-

(i) \$7 million for a requirement within the North American Industry Classification System (NAICS) codes for manufacturing; or

(ii) \$4.5 million for a requirement within all other NAICS codes;

(3) The requirement is not currently being performed by an 8(a) participant under the provisions of [subpart 19.8](#) or has been accepted as a requirement by SBA under [subpart 19.8](#);

(4) The HUBZone small business concern has been determined to be a responsible contractor with respect to performance; and

(5) Award can be made at a fair and reasonable price.

(b) The SBA has the right to appeal the contracting officer's decision not to make a HUBZone sole-source award (see [13 CFR 126.610](#)).

19.1307 Price evaluation preference for HUBZone small business concerns.

(a) The price evaluation preference for HUBZone small business concerns shall be used in acquisitions conducted using full and open competition. The preference shall not be used-

(1) Where price is not a selection factor so that a price evaluation preference would not be considered (*e.g.*, Architect/Engineer acquisitions);

(2) Where all fair and reasonable offers are accepted (*e.g.*, the award of multiple award schedule contracts); or

(3) For the reserved portion of a solicitation for a multiple-award contract (see [19.503](#)).

(b) The contracting officer shall give offers from HUBZone small business concerns a price evaluation preference by adding a factor of 10 percent to all offers, except-

(1) Offers from HUBZone small business concerns that have not waived the evaluation preference; or

(2) Otherwise successful offers from small business concerns.

(c) The factor of 10 percent shall be applied on a line item basis or to any group of items on which award may be made. Other evaluation factors, such as transportation costs or rent-free use of Government property, shall be added to the offer to establish the base offer before adding the factor of 10 percent.

(d) When the two highest rated offerors are a HUBZone small business concern and a large business, and the evaluated offer of the HUBZone small business concern is equal to the evaluated offer of the large business after considering the price evaluation preference, the contracting officer shall award the contract to the HUBZone small business concern.

19.1308 [Reserved].**19.1309 Contract clauses.**

(a) The contracting officer shall insert the clause [52.219-3](#), Notice of HUBZone Set-Aside or Sole-Source Award, in solicitations and contracts for acquisitions that are set aside or awarded on a sole-source basis to, HUBZone small business concerns under [19.1305](#) or [19.1306](#). This includes multiple-award contracts when orders may be set aside for HUBZone small business concerns as described in [8.405-5](#) and [16.505\(b\)\(2\)\(i\)\(F\)](#) or when orders may be issued directly to one HUBZone small business concern in accordance with [19.504\(c\)\(1\)\(ii\)](#).

(b) The contracting officer shall insert the clause at [52.219-4](#), Notice of Price Evaluation Preference for HUBZone Small Business Concerns, in solicitations and contracts for acquisitions conducted using full and open competition.

(c) For use of clause [52.219-14](#), Limitations on Subcontracting, see the prescription at [19.507\(e\)](#).

(d) For use of clause [52.219-33](#), Nonmanufacturer Rule, see the prescription at [19.507\(h\)](#).

Subpart 19.14 - Service-Disabled Veteran-Owned Small Business Program

19.1401 General.

(a) The Veterans Benefit Act of 2003 ([15 U.S.C. 657f](#)) created the procurement program for small business concerns owned and controlled by service-disabled veterans (commonly referred to as the "Service-Disabled Veteran-owned Small Business (SDVOSB) Program").

(b) The purpose of the SDVOSB Program is to provide Federal contracting assistance to service-disabled veteran-owned small business concerns.

19.1402 Applicability.

The procedures in this subpart apply to all Federal agencies that employ one or more contracting officers.

19.1403 Status.

(a) Status as an SDVOSB concern is determined by SBA in accordance with 13 CFR part 128; also see [19.307](#).

(b) For an SDVOSB concern that seeks an SDVOSB set-aside or sole-source contract, the contracting officer shall verify that the offeror—

(1) Effective January 1, 2024, is designated in the System for Award Management (SAM) as an SDVOSB concern certified by SBA; or

(2) Has represented that it is an SDVOSB concern in SAM and submitted an application for certification to SBA on or before December 31, 2023. Pending applications for certification are in the SBA Veteran Small Business Certification Program database at <https://veterans.certify.sba.gov>.

(c) If there is a decision issued by SBA as a result of a current eligibility examination finding that the concern did not qualify as an SDVOSB concern eligible under the SDVOSB Program or SBA denies a concern's application for SDVOSB certification, the concern must update its SDVOSB status in SAM within 2 days of SBA's final decision to reflect that the concern is not an eligible SDVOSB. SBA will update the concern's SDVOSB status in SAM within 2 days of the concern's failure to make the update.

(d) Effective January 1, 2024, a joint venture may be considered an SDVOSB concern eligible under the SDVOSB Program if—

(1) The joint venture qualifies as small under [19.301-1\(a\)\(2\)\(i\)](#);

(2) The managing SDVOSB joint venture partner—

(i) Is designated in SAM as an SDVOSB concern certified by SBA; or

(ii) Has represented that it is an SDVOSB concern in SAM and submitted an application for certification to SBA on or before December 31, 2023. Pending applications for certification are in the SBA Veteran Small Business Certification database at <https://veterans.certify.sba.gov>; and

(3) The joint venture complies with the requirements of 13 CFR 128.402.

19.1404 Exclusions.

This subpart does not apply to-

(a) Requirements that can be satisfied through award to-

(1) Federal Prison Industries, Inc. (see [subpart 8.6](#));

(2) AbilityOne participating non-profit agencies for the blind or severely disabled (see [subpart 8.7](#));

(b) Orders under indefinite-delivery contracts (see [subpart 16.5](#)). (But see [16.505\(b\)\(2\)\(i\)\(F\)](#) for discretionary set-asides of orders);

(c) Orders against Federal Supply Schedules (see [subpart 8.4](#)). (But see [8.405-5](#) for discretionary set-asides of orders); or

(d) Requirements currently being performed by an 8(a) participant or requirements SBA has accepted for performance under the authority of the 8(a) program, unless SBA has consented to release the requirements from the 8(a) program.

19.1405 Set-aside procedures.

(a) The contracting officer-

(1) Shall comply with [19.203](#) before deciding to set aside an acquisition under the SDVOSB Program;

(2) May set-aside acquisitions exceeding the micro-purchase threshold for competition restricted to SDVOSB concerns when the requirements of paragraph (b) of this section can be satisfied; and

(3) Shall consider SDVOSB set-asides before considering SDVOSB sole source awards (see [19.1406](#)) or small business set-asides (see subpart [19.5](#)).

(b) A contracting officer may restrict competition to SDVOSB concerns eligible under the SDVOSB Program if there is a reasonable expectation based on market research that—

- (1) Two or more SDVOSB concerns eligible under the SDVOSB Program will submit offers; and
- (2) Award will be made at a fair market price.

(c) Effective January 1, 2024, the contracting officer shall—

(1) Verify that offers received are eligible for consideration for award by checking if the offeror—

(i) Is designated in SAM as an SDVOSB concern certified by SBA; or

(ii) Has represented that it is an SDVOSB concern in SAM and submitted an application for certification to SBA on or before December 31, 2023. Pending applications for certification are in the SBA Veteran Small Business Certification database at <https://veterans.certify.sba.gov>;

(2) Proceed with the offer evaluation, if the offeror meets the criteria in paragraph (c)(1)(i) or (ii) of this section; or

(3) Remove the offeror from consideration, if the offeror does not meet the criteria in paragraph (c)(1)(i) or (ii) of this section, as the offeror is not eligible for award.

(d) If the contracting officer receives only one acceptable offer from an SDVOSB concern eligible under the SDVOSB Program in response to a set-aside, the contracting officer should make an award to that concern. If the contracting officer receives no acceptable offers from SDVOSB concerns eligible under the SDVOSB Program, the SDVOSB set-aside shall be withdrawn and the requirement, if still valid, set aside for small business concerns, as appropriate (see [19.203](#)).

(e) The procedures at [19.202-1](#) and, except for acquisitions not exceeding the simplified acquisition threshold, at [19.402](#) apply to this section. When the SBA intends to appeal a contracting officer's decision to reject a recommendation of the SBA procurement center representative (or, if a procurement center representative is not assigned, see [19.402\(a\)](#)) to set aside an acquisition for competition restricted to SDVOSB concerns, the SBA procurement center representative shall notify the contracting officer, in writing, of its intent within 5 working days of receiving the contracting officer's notice of rejection. Upon receipt of notice of SBA's intent to appeal, the contracting officer shall suspend action on the acquisition unless the head of the contracting activity makes a written determination that urgent and compelling circumstances, which significantly affect the interests of the Government, exist. Within 15 working days of SBA's notification to the contracting officer, SBA shall file its formal appeal with the head of the contracting activity, or that agency may consider the appeal withdrawn. The head of the contracting activity shall reply to SBA within 15 working days of receiving the appeal. The decision of the head of the contracting activity shall be final.

19.1406 Sole source awards.

(a) A contracting officer shall consider a contract award to a SDVOSB concern on a sole source basis (see [6.302-5\(b\)\(6\)](#)), before considering small business set-asides (see [19.203](#) and subpart [19.5](#)) provided none of the exclusions of [19.1404](#) apply and—

(1) The contracting officer does not have a reasonable expectation that offers would be received from two or more service-disabled veteran-owned small business concerns;

(2) The anticipated award price of the contract, including options, will not exceed—

(i) \$7 million for a requirement within the NAICS codes for manufacturing; or

(ii) \$4 million for a requirement within any other NAICS code;

(3) The requirement is not currently being performed by an 8(a) participant under the provisions of [subpart 19.8](#) or has been accepted as a requirement by SBA under [subpart 19.8](#);

(4) The service-disabled veteran-owned small business concern has been determined to be a responsible contractor with respect to performance; and

(5) Award can be made at a fair and reasonable price.

(b) Effective January 1, 2024, a contracting officer shall only award a sole-source contract to a concern that—

(1) Is designated in SAM as an SDVOSB concern certified by SBA; or

(2) Has represented that it is an SDVOSB concern in SAM and submitted an application for certification to SBA on or before December 31, 2023. Pending applications for certification are in the SBA Veteran Small Business Certification Program database at <https://veterans.certify.sba.gov>.

(c) The SBA has the right to appeal the contracting officer's decision not to make an SDVOSB sole-source award.

19.1407 [Reserved]**19.1408 Contract clauses.**

(a) The contracting officer shall insert the clause at [52.219-27](#), Notice of Set-Aside for, or Sole-Source Award to, Service-Disabled Veteran-Owned Small Business (SDVOSB) Concerns Eligible Under the SDVOSB Program, in solicitations and contracts for acquisitions that are set aside or awarded on a sole-source basis to, service-disabled veteran-owned small business concerns under [19.1405](#) and [19.1406](#). This includes multiple-award contracts when orders may be set aside for service-disabled veteran-owned small business concerns as described in [8.405-5](#) and [16.505\(b\)\(2\)\(i\)\(F\)](#) or when orders may be issued directly to one service-disabled veteran-owned small business contractor in accordance with [19.504\(c\)\(1\)\(ii\)](#).

(b) For use of clause [52.219-14](#), Limitations on Subcontracting, see the prescription at [19.507\(e\)](#).

(c) For use of clause [52.219-33](#), Nonmanufacturer Rule, see the prescription at [19.507\(h\)](#).

This page intentionally left blank.

Subpart 19.15 - Women-Owned Small Business Program.

19.1500 General.

(a) Section 8(m) of the Small Business Act ([15 U.S.C. 637\(m\)](#)) created the Women-Owned Small Business (WOSB) Program.

(b) The purpose of the WOSB Program is to ensure women-owned small business concerns have an equal opportunity to participate in Federal contracting and to assist agencies in achieving their women-owned small business participation goals (see 13 part CFR 127).

(c) An economically disadvantaged women-owned small business (EDWOSB) concern and a WOSB concern eligible under the WOSB Program are subcategories of “women-owned small business concern” as defined in section [2.101](#).

19.1501 [Reserved]

19.1502 Applicability.

The procedures in this subpart apply to all Federal agencies that employ one or more contracting officers.

19.1503 Status.

(a) Status as an EDWOSB concern or WOSB concern eligible under the WOSB Program is determined by the Small Business Administration in accordance with [13 CFR part 127](#).

(b) For a WOSB that seeks a WOSB or EDWOSB set-aside or sole-source contract, the contracting officer shall verify that the offeror—

(1) Is registered in the System for Award Management (SAM); and

(2) Is designated as a certified EDWOSB or WOSB concern in SAM (see 19.1505(d) for set aside procedures). Pending applications for certification are only in the Dynamic Small Business Search (DSBS) at https://web.sba.gov/pro-net/search/dsp_dsbs.cfm.

(c) If there is a decision issued by SBA as a result of a current eligibility examination finding that the concern did not qualify as an EDWOSB concern or WOSB concern eligible under the WOSB Program, the contracting officer may terminate the contract, and shall not exercise any option, or award further task or delivery orders. Agencies shall not count or include the award toward the small business goals for an EDWOSB concern or WOSB concern eligible under the WOSB Program and must update FPDS from the date of award to reflect the final SBA decision.

(d) A joint venture may be considered an EDWOSB concern or WOSB concern eligible under the WOSB Program if the EDWOSB or WOSB participant is certified in SAM (see section 19.1505(d) for set-aside procedures) and the joint venture meets the requirements of [13 CFR 127.506](#).

19.1504 Exclusions.

This subpart does not apply to-

(a) Requirements that an 8(a) contractor is currently performing under the 8(a) program or that SBA has accepted for performance under the authority of the 8(a) program, unless SBA has consented to release the requirements from the 8(a) program;

(b) Requirements that can be satisfied through award to mandatory Government sources (see section [8.002](#));

(c) Orders under indefinite-delivery contracts (see subpart [16.5](#)). (But see [16.505\(b\)\(2\)\(i\)\(F\)](#) for discretionary set-asides of orders); or

(d) Orders against Federal Supply Schedules (see subpart [8.4](#)). (But see [8.405-5](#) for discretionary set-asides of orders.)

19.1505 Set-aside procedures.

(a) The contracting officer-

(1) Shall comply with [19.203](#) before deciding to set aside an acquisition under the WOSB Program;

(2) (i) May set aside acquisitions exceeding the micro-purchase threshold for competition restricted to EDWOSB concerns when the acquisition is assigned a NAICS code in which SBA has determined that WOSB concerns are underrepresented in Federal procurement; or

(ii) Is assigned a NAICS code in which SBA has determined that WOSB concerns are substantially underrepresented in Federal procurement, as specified on SBA's Web site at <http://www.sba.gov/WOSB>.

(b) For requirements in NAICS codes designated by SBA as underrepresented, a contracting officer may restrict competition to EDWOSB concerns if the contracting officer has a reasonable expectation based on market research that—

- (1) Two or more EDWOSB concerns will submit offers for the contract and;
- (2) Contract award will be made at a fair and reasonable price.

(c) A contracting officer may restrict competition to WOSB concerns eligible under the WOSB Program (including EDWOSB concerns), for requirements in NAICS codes designated by SBA as substantially underrepresented if there is a reasonable expectation based on market research that—

- (1) Two or more WOSB concerns eligible under the WOSB Program (including EDWOSB concerns), will submit offers and;
- (2) Contract award may be made at a fair and reasonable price.

(d) An EDWOSB or WOSB concern may submit an offer under an EDWOSB or WOSB set-aside when the offeror—

- (1) Qualifies as a small business concern under the size standard corresponding to the NAICS code assigned to the contract; and
- (2) (i) For an EDWOSB set-aside, is certified pursuant to [13 CFR 127.300](#) as an EDWOSB or has a pending application for EDWOSB certification in the DSBS (see [13 CFR 127.504\(a\)](#)); or
- (ii) For a WOSB set-aside, is certified pursuant to [13 CFR 127.300](#) as an EDWOSB or WOSB, or has a pending application for EDWOSB or WOSB certification in the DSBS (see [13 CFR 127.504\(a\)](#)).

(e) The contracting officer shall verify that offers received are eligible for consideration for award by checking SAM to see if the EDWOSB or WOSB concern is designated as a certified concern or checking DSBS for a pending application for certification.

(1) If the offeror is designated as certified in SAM or has a pending application for certification in DSBS, proceed with the offer evaluation.

(2) Unless the offeror is designated as certified in SAM or has a pending application for certification in DSBS, the offer is not eligible for award and shall be removed from consideration.

(f) Prior to award, the contracting officer shall verify the apparently successful offeror is certified in SAM, or has a pending application for certification in DSBS. If the apparently successful offeror's EDWOSB or WOSB certification is pending in DSBS, the contracting officer shall notify SBA's Director/Government Contracting by email at WOSBpendingcertification@sba.gov, and request SBA's status determination. The contracting officer shall provide SBA with the offeror's name, unique entity identifier, type of set-aside, NAICS code, and solicitation number.

(1) Within 15 calendar days from the date of the contracting officer's notification, SBA will make a determination regarding the offeror's status as an EDWOSB or WOSB eligible under the WOSB program.

(2) If the contracting officer does not receive a determination from SBA within 15 calendar days, the contracting officer at their discretion, may provide SBA additional time to make a determination, or may proceed with award to the next highest evaluated offeror.

(3) The contracting officer shall not make award to an offeror who is not a certified EDWOSB or WOSB concern eligible under the WOSB program.

(g) The contracting officer may make an award, if only one acceptable offer is received from a qualified EDWOSB concern or WOSB concern eligible under the WOSB Program.

(h) If no acceptable offers are received from an EDWOSB concern or WOSB concern eligible under the WOSB Program, the set-aside shall be withdrawn and the requirement, if still valid, must be considered for set aside in accordance with [19.203](#) and subpart [19.5](#).

(i) The SBA procurement center representative (PCR) may recommend use of the WOSB Program. If the contracting officer rejects a recommendation by SBA's PCR—

- (1) The contracting officer shall notify the PCR as soon as practicable;
- (2) SBA shall notify the contracting officer of its intent to appeal the contracting officer's decision no later than five business days after receiving notice of the contracting officer's decision;
- (3) The contracting officer shall suspend further action regarding the procurement until the head of the agency issues a written decision on the appeal, unless the head of the agency makes a written determination that urgent and compelling circumstances which significantly affect the interests of the United States compel award of the contract;
- (4) Within 15 business days of SBA's notification to the head of the contracting activity, SBA shall file a formal appeal to the head of the agency, or the appeal will be determined withdrawn; and
- (5) The head of the agency, or designee, shall specify in writing the reasons for a denial of an appeal brought under this section.

19.1506 Women-Owned Small Business Program sole-source awards.

(a) A contracting officer shall consider a contract award to an EDWOSB concern on a sole-source basis (see [6.302-5\(b\)\(7\)](#)) before considering small business set-asides (see [19.203](#) and [subpart 19.5](#)) provided none of the exclusions at [19.1504](#) apply and-

(1) The acquisition is assigned a NAICS code in which SBA has determined that WOSB concerns are underrepresented in Federal procurement;

(2) The contracting officer does not have a reasonable expectation that offers would be received from two or more EDWOSB concerns; and

(3) The conditions in paragraph (c) of this section exist.

(b) A contracting officer shall consider a contract award to a WOSB concern (including EDWOSB concerns) eligible under the WOSB Program on a sole-source basis (see [6.302-5\(b\)\(7\)](#)) before considering small business set-asides (see [19.203](#) and [subpart 19.5](#)) provided none of the exclusions at [19.1504](#) apply and-

(1) The acquisition is assigned a NAICS code in which SBA has determined that WOSB concerns are substantially underrepresented in Federal procurement;

(2) The contracting officer does not have a reasonable expectation that offers would be received from two or more WOSB concerns (including EDWOSB concerns); and

(3) The conditions in paragraph (c) of this section exist.

(c) (1) The anticipated award price of the contract, including options, will not exceed-

(i) \$7 million for a requirement within the NAICS codes for manufacturing; or

(ii) \$4.5 million for a requirement within any other NAICS codes.

(2) The EDWOSB concern or WOSB concern has been determined to be a responsible contractor with respect to performance.

(3) The award can be made at a fair and reasonable price.

(d) A contracting officer shall only award a sole-source contract to a concern that has been certified pursuant to [13 CFR 127.300](#) as an EDWOSB or WOSB eligible under the WOSB program. Contracting officers shall not request a status determination from SBA on pending applications for certification for EDWOSB or WOSB sole-source awards.

(e) The SBA has the right to appeal the contracting officer's decision not to make a sole-source award to either an EDWOSB concern or WOSB concern eligible under the WOSB program.

19.1507 [Reserved]**19.1508 Contract clauses.**

(a) The contracting officer shall insert the clause at [52.219-29](#), Notice of Set-Aside for, or Sole-Source Award to, Economically Disadvantaged Women-owned Small Business Concerns, in solicitations and contracts for acquisitions that are set aside or awarded on a sole-source basis to, EDWOSB concerns under [19.1505\(b\)](#) or [19.1506\(a\)](#). This includes multiple-award contracts when orders may be set aside for EDWOSB concerns as described in [8.405-5](#) and [16.505\(b\)\(2\)\(i\)\(F\)](#) or when orders may be issued directly to one EDWOSB contractor in accordance with [19.504\(c\)\(1\)\(ii\)](#).

(b) The contracting officer shall insert the clause at [52.219-30](#), Notice of Set-Aside for, or Sole-Source Award to, Women-Owned Small Business Concerns Eligible Under the Women-Owned Small Business Program, in solicitations and contracts for acquisitions that are set aside or awarded on a sole-source basis to WOSB concerns under [19.1505\(c\)](#) or [19.1506\(b\)](#). This includes multiple-award contracts when orders may be set aside for WOSB concerns eligible under the WOSB Program as described in [8.405-5](#) and [16.505\(b\)\(2\)\(i\)\(F\)](#) or when orders may be issued directly to one WOSB contractor in accordance with [19.504\(c\)\(1\)\(ii\)](#).

(c) For use of clause [52.219-14](#), Limitations on Subcontracting, see the prescription at [19.507\(e\)](#).

(d) For use of clause [52.219-33](#), Nonmanufacturer Rule, see the prescription at [19.507\(h\)](#).

Subpart 22.7 - [Reserved]

**Subpart 22.8 - Equal
Employment Opportunity**

22.800	Scope of subpart.
22.801	Definitions.
22.802	General.
22.803	Responsibilities.
22.804	Affirmative action programs.
22.804-1	Nonconstruction.
22.804-2	Construction.
22.805	Procedures.
22.806	Inquiries.
22.807	Exemptions.
22.808	Complaints.
22.809	Enforcement.
22.810	Solicitation provisions and contract clauses.

**Subpart 22.9 - Nondiscrimination
Because of Age**

22.901	Policy.
22.902	Handling complaints.

**Subpart 22.10 - Service
Contract Labor Standards**

22.1000	Scope of subpart.
22.1001	Definitions.
22.1002	Statutory and Executive order requirements.
22.1002-1	General.
22.1002-2	Wage determinations based on prevailing rates.
22.1002-3	Wage determinations based on collective bargaining agreements.
22.1002-4	Application of the Fair Labor Standards Act minimum wage.
22.1002-5	Executive Orders 13658 and 14026.
22.1002-6	Executive Order 13706.
22.1003	Applicability.
22.1003-1	General.
22.1003-2	Geographical coverage of the Act.
22.1003-3	Statutory exemptions.

22.1003-4	Administrative limitations, variations, tolerances, and exemptions.
22.1003-5	Some examples of contracts covered.
22.1003-6	Repair distinguished from remanufacturing of equipment.
22.1003-7	Questions concerning applicability of the Service Contract Labor Standards statute.
22.1004	Department of Labor responsibilities and regulations.
22.1005	[Reserved]
22.1006	Solicitation provisions and contract clauses.
22.1007	Requirement to obtain wage determinations.
22.1008	Procedures for obtaining wage determinations.
22.1008-1	Obtaining wage determinations.
22.1008-2	Successorship with incumbent contractor collective bargaining agreement.
22.1009	Place of performance unknown.
22.1009-1	General.
22.1009-2	Attempt to identify possible places of performance.
22.1009-3	All possible places of performance identified.
22.1009-4	All possible places of performance not identified.
22.1010	Notification to interested parties under collective bargaining agreements.
22.1011	[Reserved]
22.1012	Applicability of revisions to wage determinations.
22.1012-1	Prevailing wage determinations.
22.1012-2	Wage determinations based on collective bargaining agreements.
22.1013	Review of wage determination.
22.1014	Delay over 60 days in bid opening or commencement of work.
22.1015	Discovery of errors by the Department of Labor.

22.2109	Enforcement of Executive Order 13706 paid sick leave requirements.
22.2110	Contract clause.

This page intentionally left blank.

22.000 Scope of part.

This part-

- (a) Deals with general policies regarding contractor labor relations as they pertain to the acquisition process;
- (b) Prescribes contracting policy and procedures for implementing pertinent labor laws; and
- (c) Prescribes contract clauses with respect to each pertinent labor law.

22.001 Definitions.

Administrator or "Administrator, Wage and Hour Division," as used in this part, means the—

Administrator

Wage and Hour Division

U.S. Department of Labor

Washington, DC 20210

or an authorized representative.

Agency labor advisor means an individual responsible for advising contracting agency officials on Federal contract labor matters.

e98 means the Department of Labor's approved electronic application (<https://www.sam.gov>), whereby a contracting officer submits pertinent information to the Department of Labor and requests a Service Contract Labor Standards statute wage determination directly from the Wage and Hour Division.

Service contract means any Government contract, or subcontract thereunder, the principal purpose of which is to furnish services in the United States through the use of service employees, except as exempted by [41 U.S.C. chapter 67](#), Service Contract Labor Standards; see [22.1003-3](#) and [22.1003-4](#). See [22.1003-5](#) and 29 CFR 4.130 for a partial list of services covered by the Service Contract Labor Standards statute.

Service employee means any person engaged in the performance of a service contract other than any person employed in a bona fide executive, administrative, or professional capacity, as those terms are defined in 29 CFR part 541. The term "service employee" includes all such persons regardless of any contractual relationship that may be alleged to exist between a contractor or subcontractor and such persons.

Wage Determinations at SAM.gov means the Government internet website for both Construction Wage Rate Requirements statute and Service Contract Labor Standards statute wage determinations available at <https://www.sam.gov>.

Subpart 22.1 - Basic Labor Policies

22.101 Labor relations.**22.101-1 General.**

(a) Agencies shall maintain sound relations with industry and labor to ensure (1) prompt receipt of information involving labor relations that may adversely affect the Government acquisition process and (2) that the Government obtains needed supplies and services without delay. All matters regarding labor relations shall be handled in accordance with agency procedures.

(b) (1) Agencies shall remain impartial concerning any dispute between labor and contractor management and not undertake the conciliation, mediation, or arbitration of a labor dispute. To the extent practicable, agencies should ensure that the parties to the dispute use all available methods for resolving the dispute, including the services of the National Labor Relations Board, Federal Mediation and Conciliation Service, the National Mediation Board and other appropriate Federal, State, local, or private agencies.

(2) For use of project labor agreements, see subpart [22.5](#).

(c) Agencies should, when practicable, exchange information concerning labor matters with other affected agencies to ensure a uniform Government approach concerning a particular plant or labor-management dispute.

(d) Agencies should take other actions concerning labor relations problems to the extent consistent with their acquisition responsibilities. For example, agencies should-

(1) Notify the agency responsible for conciliation, mediation, arbitration, or other related action of the existence of any labor dispute affecting or threatening to affect agency acquisition programs;

(2) Furnish to the parties to a dispute factual information pertinent to the dispute's potential or actual adverse impact on these programs, to the extent consistent with security regulations; and

(3) Seek a voluntary agreement between management and labor, notwithstanding the continuance of the dispute, to permit uninterrupted acquisition of supplies and services. This shall only be done, however, if the attempt to obtain voluntary agreement does not involve the agency in the merits of the dispute and only after consultation with the agency responsible for conciliation, mediation, arbitration, or other related action.

(e) The head of the contracting activity may designate programs or requirements for which it is necessary that contractors be required to notify the Government of actual or potential labor disputes that are delaying or threaten to delay the timely contract performance (see [22.103-5\(a\)](#)).

22.101-2 Contract pricing and administration.

(a) Contractor labor policies and compensation practices, whether or not included in labor-management agreements, are not acceptable bases for allowing costs in cost-reimbursement contracts or for recognition of costs in pricing fixed-price contracts if they result in unreasonable costs to the Government. For a discussion of allowable costs resulting from labor-management agreements, see [31.205-6\(b\)](#).

(b) Labor disputes may cause work stoppages that delay the performance of Government contracts. Contracting officers shall impress upon contractors that each contractor shall be held accountable for reasonably avoidable delays. Standard contract clauses dealing with default, excusable delays, etc., do not relieve contractors or subcontractors from the responsibility for delays that are within the contractors' or their subcontractors' control. A delay caused by a strike that the contractor or subcontractor could not reasonably prevent can be excused; however, it cannot be excused beyond the point at which a reasonably diligent contractor or subcontractor could have acted to end the strike by actions such as-

- (1) Filing a charge with the National Labor Relations Board to permit the Board to seek injunctive relief in court;
- (2) Using other available Government procedures; and
- (3) Using private boards or organizations to settle disputes.

(c) Strikes normally result in changing patterns of cost incurrence and therefore may have an impact on the allowability of costs for cost-reimbursement contracts or for recognition of costs in pricing fixed-price contracts. Certain costs may increase because of strikes; e.g., guard services and attorney's fees. Other costs incurred during a strike may not fluctuate (e.g., "fixed costs" such as rent and depreciation), but because of reduced production, their proportion of the unit cost of items produced increases. All costs incurred during strikes shall be carefully examined to ensure recognition of only those costs necessary for performing the contract in accordance with the Government's essential interest.

(d) If, during a labor dispute, the inspectors' safety is not endangered, the normal functions of inspection at the plant of a Government contractor shall be continued without regard to the existence of a labor dispute, strike, or picket line.

22.101-3 Reporting labor disputes.

The office administering the contract shall report, in accordance with agency procedures, any potential or actual labor disputes that may interfere with performing any contracts under its cognizance. If a contract contains the clause at [52.222-1](#), Notice to the Government of Labor Disputes, the contractor also must report any actual or potential dispute that may delay contract performance.

22.101-4 Removal of items from contractors' facilities affected by work stoppages.

(a) Items shall be removed from contractors' facilities affected by work stoppages in accordance with agency procedures. Agency procedures should allow for the following:

- (1) Determine whether removal of items is in the Government's interest. Normally the determining factor is the critical needs of an agency program.
 - (2) Attempt to arrange with the contractor and the union representative involved their approval of the shipment of urgently required items.
 - (3) Obtain appropriate approvals from within the agency.
 - (4) Determine who will remove the items from the plant(s) involved.
- (b) Avoid the use or appearance of force and prevent incidents that might detrimentally affect labor-management relations.
- (c) When two or more agencies' requirements are or may become involved in the removal of items, the contract administration office shall ensure that the necessary coordination is accomplished.

22.102 Federal and State labor requirements.**22.102-1 Policy.**

Agencies shall cooperate, and encourage contractors to cooperate with Federal and State agencies responsible for enforcing labor requirements such as-

- (a) Safety;
- (b) Health and sanitation;
- (c) Maximum hours and minimum wages;
- (d) Equal employment opportunity;
- (e) Child and convict labor;
- (f) Age discrimination;
- (g) Disabled and Vietnam veteran employment;
- (h) Employment of workers with disabilities; and
- (i) Eligibility for employment under United States immigration laws.

22.102-2 Administration.

(a) Agencies shall cooperate with, and encourage contractors to use to the fullest extent practicable, the DOL Employment and Training Administration (DOLETA) at <http://www.doleta.gov>, and its affiliated local offices in meeting contractors' labor requirements. These requirements may be to staff new or expanding plant facilities, including requirements for workers in all occupations and skills from local labor market areas or through the Federal-State employment clearance system.

(b) Local State employment offices are operated throughout the United States, Puerto Rico, Guam, and the U.S. Virgin Islands. In addition to providing recruitment assistance to contractors, cooperation with the local State Employment Service offices will further the national program of maintaining continuous assessment of manpower requirements and resources on a national and local basis.

(c) (1) The U.S. Department of Labor is responsible for the administration and enforcement of the Occupational Safety and Health Act. The Department of Labor's Wage and Hour Division is responsible for administration and enforcement of numerous wage and hour statutes including-

- (i) [40 U.S.C. chapter 31](#), subchapter IV, Wage Rate Requirements (Construction);
- (ii) [40 U.S.C. chapter 37](#), Contract Work Hours and Safety Standards;
- (iii) The Copeland Act ([18 U.S.C. 874](#) and [40 U.S.C. 3145](#));
- (iv) [41 U.S.C. chapter 65](#), Contracts for Materials, Supplies, Articles, and Equipment Exceeding \$10,000;
- (v) [41 U.S.C. chapter 67](#), Service Contract Labor Standards.

(2) Contracting officers should contact the Wage and Hour Division's regional offices when required by the subparts relating to these statutes unless otherwise specified. Addresses for these offices may be found at 29 CFR 1, Appendix B.

22.103 Overtime.**22.103-1 Definition.**

Normal workweek, as used in this subpart, means, generally, a workweek of 40 hours. Outside the United States and its outlying areas, a workweek longer than 40 hours is considered normal if-

- (1) The workweek does not exceed the norm for the area, as determined by local custom, tradition, or law; and
- (2) The hours worked in excess of 40 in the workweek are not compensated at a premium rate of pay.

22.103-2 Policy.

Contractors shall perform all contracts, so far as practicable, without using overtime, particularly as a regular employment practice, except when lower overall costs to the Government will result or when it is necessary to meet urgent program needs. Any approved overtime, extra-pay shifts, and multishifts should be scheduled to achieve these objectives.

22.103-3 Procedures.

(a) Solicitations normally shall not specify delivery or performance schedules that may require overtime at Government expense.

(b) In negotiating contracts, contracting officers should, consistent with the Government's needs, attempt to-

- (1) Ascertain the extent that offers are based on the payment of overtime and shift premiums; and

(2) Negotiate contract prices or estimated costs without these premiums or obtain the requirement from other sources.

(c) When it becomes apparent during negotiations of applicable contracts (see [22.103-5\(b\)](#)) that overtime will be required in contract performance, the contracting officer shall secure from the contractor a request for all overtime to be used during the life of the contract, to the extent that the overtime can be estimated with reasonable certainty. The contractor's request shall contain the information required by paragraph (b) of the clause at [52.222-2](#), Payment for Overtime Premiums.

22.103-4 Approvals.

(a) The contracting officer shall review the contractor's request for overtime. Approval of the use of overtime may be granted by an agency approving official after determining in writing that overtime is necessary to-

- (1) Meet essential delivery or performance schedules;
- (2) Make up for delays beyond the control and without the fault or negligence of the contractor; or
- (3) Eliminate foreseeable extended production bottlenecks that cannot be eliminated in any other way.

(b) Approval by the designated official of use and total dollar amount of overtime is required before inclusion of an amount in paragraph (a) of the clause at [52.222-2](#), Payment for Overtime Premiums.

(c) Contracting officer approval of payment of overtime premiums is required for time-and-materials and labor-hour contracts (see paragraph (a)(8) of the clause at [52.232-7](#), Payments Under Time-and-Materials and Labor-Hour Contracts).

(d) No approvals are required for paying overtime premiums under other types of contracts.

(e) Approvals by the agency approving official (see [22.103-4\(a\)](#)) may be for an individual contract, project, program, plant, division, or company, as practical.

(f) During contract performance, contractor requests for overtime exceeding the amount authorized by paragraph (a) of the clause at [52.222-2](#), Payment for Overtime Premiums, shall be submitted as stated in paragraph (b) of the clause to the office administering the contract. That office will review the request and if it approves, send the request to the contracting officer. If the contracting officer determines that the requested overtime should be approved in whole or in part, the contracting officer shall request the approval of the agency's designated approving official and modify paragraph (a) of the clause to reflect any approval.

(g) Overtime premiums at Government expense should not be approved when the contractor is already obligated, without the right to additional compensation, to meet the required delivery date.

(h) When the use of overtime is authorized under a contract, the office administering the contract and the auditor should periodically review the use of overtime to ensure that it is allowable in accordance with the criteria in [part 31](#). Only overtime premiums for work in those departments, sections, etc., of the contractor's plant that have been individually evaluated and the necessity for overtime confirmed shall be considered for approval.

(i) Approvals for using overtime shall ordinarily be prospective, but, if justified by emergency circumstances, approvals may be retroactive.

22.103-5 Contract clauses.

(a) The contracting officer shall insert the clause at [52.222-1](#), Notice to the Government of Labor Disputes, in solicitations and contracts that involve programs or requirements that have been designated under [22.101-1\(e\)](#).

(b) The contracting officer shall include the clause at [52.222-2](#), Payment for Overtime Premiums, in solicitations and contracts when a cost-reimbursement contract is contemplated and the contract amount is expected to exceed the simplified acquisition threshold; unless-

- (1) A cost-reimbursement contract for operation of vessels is contemplated; or
- (2) A cost-plus- incentive-fee contract that will provide a swing from the target fee of at least plus or minus 3 percent and a contractor's share of at least 10 percent is contemplated.

Subpart 22.2 - Convict Labor

22.201 General.

(a) Executive Order 11755, December 29, 1973, as amended by Executive Order 12608, September 9, 1987, and Executive Order 12943, December 13, 1994, states: "The development of the occupational and educational skills of prison inmates is essential to their rehabilitation and to their ability to make an effective return to free society. Meaningful employment serves to develop those skills. It is also true, however, that care must be exercised to avoid either the exploitation of convict labor or any unfair competition between convict labor and free labor in the production of goods and services." The Executive order does not prohibit the contractor, in performing the contract, from employing-

- (1) Persons on parole or probation;
- (2) Persons who have been pardoned or who have served their terms;
- (3) Federal prisoners; or
- (4) Nonfederal prisoners authorized to work at paid employment in the community under the laws of a jurisdiction

listed in the Executive order if-

- (i) The worker is paid or is in an approved work training program on a voluntary basis;
- (ii) Representatives of local union central bodies or similar labor union organizations have been consulted;
- (iii) Paid employment will not-
 - (A) Result in the displacement of employed workers;
 - (B) Be applied in skills, crafts, or trades in which there is a surplus of available gainful labor in the locality; or
 - (C) Impair existing contracts for services;
- (iv) The rates of pay and other conditions of employment will not be less than those for work of a similar nature in the locality where the work is being performed; and
- (v) The Attorney General of the United States has certified that the work-release laws or regulations of the jurisdiction involved are in conformity with the requirements of Executive Order 11755, as amended.

(b) Department of Justice regulations authorize the Director of the Bureau of Justice Assistance to exercise the power and authority vested in the Attorney General by the Executive order to certify and to revoke the certification of work-release laws or regulations (see 28 CFR 0.94-1(b)).

22.202 Contract clause.

Insert the clause at [52.222-3](#), Convict Labor, in solicitations and contracts above the micro-purchase threshold, when the contract will be performed in the United States, Puerto Rico, the Northern Mariana Islands, American Samoa, Guam, or the U.S. Virgin Islands; unless-

- (a) The contract will be subject to [41 U.S.C. chapter 65](#), (see [subpart 22.6](#)), which contains a separate prohibition against the employment of convict labor;
- (b) The supplies or services are to be purchased from Federal Prison Industries, Inc. (see [subpart 8.6](#)); or
- (c) The acquisition involves the purchase, from any State prison, of finished supplies that may be secured in the open market or from existing stocks, as distinguished from supplies requiring special fabrication.

This page intentionally left blank.

Subpart 22.3 - Contract Work Hours and Safety Standards Act

22.300 Scope of subpart.

This subpart prescribes policies and procedures for applying the requirements of [40 U.S.C. chapter 37](#), Contract Work Hours and Safety Standards (the statute) to contracts that may require or involve laborers or mechanics. In this subpart, the term "laborers or mechanics" includes apprentices, trainees, helpers, watchmen, guards, firefighters, fireguards, and workmen who perform services in connection with dredging or rock excavation in rivers or harbors, but does not include any employee employed as a seaman.

22.301 Statutory requirement.

The statute requires that certain contracts contain a clause specifying that no laborer or mechanic doing any part of the work contemplated by the contract shall be required or permitted to work more than 40 hours in any workweek unless paid for all such overtime hours at not less than 1 1/2 times the basic rate of pay.

22.302 Liquidated damages and overtime pay.

(a) When an overtime computation discloses underpayments, the responsible contractor or subcontractor must pay the affected employee any unpaid wages and pay liquidated damages to the Government. The contracting officer must assess liquidated damages at the rate specified at 29 CFR [5.5\(b\)\(2\)](#) per affected employee for each calendar day on which the employer required or permitted the employee to work in excess of the standard workweek of 40 hours without paying overtime wages required by the statute. In accordance with the Federal Civil Penalties Inflation Adjustment Act of 1990 ([28 U.S.C. 2461](#) Note), the Department of Labor adjusts this civil monetary penalty for inflation no later than January 15 each year.

(b) If the contractor or subcontractor fails or refuses to comply with overtime pay requirements of the statute and the funds withheld by Federal agencies for labor standards violations do not cover the unpaid wages due laborers and mechanics and the liquidated damages due the Government, make payments in the following order—

(1) Pay laborers and mechanics the wages they are owed (or prorate available funds if they do not cover the entire amount owed); and

(2) Pay liquidated damages.

(c) If the head of an agency finds that the administratively determined liquidated damages due under paragraph (a) of this section are incorrect, or that the contractor or subcontractor inadvertently violated the statute despite the exercise of due care, the agency head may—

(1) Reduce the amount of liquidated damages assessed for liquidated damages of \$500 or less;

(2) Release the contractor or subcontractor from the liability for liquidated damages of \$500 or less; or

(3) Recommend that the Secretary of Labor reduce or waive liquidated damages over \$500.

(d) After the contracting officer determines the liquidated damages and the contractor makes appropriate payments, disburse any remaining assessments in accordance with agency procedures.

22.303 Administration and enforcement.

The procedures and reports required for construction contracts in [subpart 22.4](#) also apply to investigations of alleged violations of the statute on other than construction contracts.

22.304 Variations, tolerances, and exemptions.

(a) The Secretary of Labor, under [40 U.S.C. 3706](#), upon the Secretary's initiative or at the request of any Federal agency, may provide reasonable limitations and allow variations, tolerances, and exemptions to and from any or all provisions of the statute (see 29 CFR 5.15).

(b) The Secretary of Labor may make variations, tolerances, and exemptions from the regulatory requirements of applicable parts of 29 CFR when the Secretary finds that such action is necessary and proper in the public interest or to prevent injustice and undue hardship (see 29 CFR 5.14).

22.305 Contract clause.

Insert the clause at [52.222-4](#), Contract Work Hours and Safety Standards-Overtime Compensation, in solicitations and contracts (including, for this purpose, basic ordering agreements) when the contract may require or involve the employment of laborers or mechanics. However, do not include the clause in solicitations and contracts-

- (a) Valued at or below \$150,000;
- (b) For commercial products and commercial services;
- (c) For transportation or the transmission of intelligence;
- (d) To be performed outside the United States, Puerto Rico, American Samoa, Guam, the U.S. Virgin Islands, Johnston Island, Wake Island, and the outer Continental Shelf as defined in the Outer Continental Shelf Lands Act ([43 U.S.C. 1331](#)) (29 CFR5.15);
- (e)) For work to be done solely in accordance with [41 U.S.C. chapter 65](#), (see [subpart 22.6](#));
- (f) For supplies that include incidental services that do not require substantial employment of laborers or mechanics; or
- (g) Exempt under regulations of the Secretary of Labor (29 CFR5.15).

Subpart 22.4 - Labor Standards for Contracts Involving Construction

22.400 Scope of subpart.

This subpart implements the statutes which prescribe labor standards requirements for contracts in excess of \$2,000 for construction, alteration, or repair, including painting and decorating, of public buildings and public works. (See definition of "Construction, alteration, or repair" in section [22.401](#).) Labor relations requirements prescribed in other subparts of [part 22](#) may also apply.

22.401 Definitions.

As used in this subpart-

Apprentice means a person-

(1) Employed and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer, and Labor Services (OATELS), or with a State Apprenticeship Agency recognized by OATELS; or

(2) Who is in the first 90 days of probationary employment as an apprentice in an apprenticeship program, and is not individually registered in the program, but who has been certified by the OATELS or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice.

Construction, alteration, or repair means all types of work done by laborers and mechanics employed by the construction contractor or construction subcontractor on a particular building or work at the site thereof, including without limitations-

(1) Altering, remodeling, installation (if appropriate) on the site of the work of items fabricated off-site;

(2) Painting and decorating;

(3) Manufacturing or furnishing of materials, articles, supplies, or equipment on the site of the building or work;

(4) Transportation of materials and supplies between the site of the work within the meaning of paragraphs (1)(i) and (ii) of the "site of the work" definition of this section, and a facility which is dedicated to the construction of the building or work and is deemed part of the site of the work within the meaning of paragraph (2) of the "site of work" definition of this section; and

(5) Transportation of portions of the building or work between a secondary site where a significant portion of the building or work is constructed, which is part of the "site of the work" definition in paragraph (1)(ii) of this section, and the physical place or places where the building or work will remain (paragraph (1)(i) in the "site of the work" definition of this section).

Laborers or mechanics.-

(1) Means-

(i) Workers, utilized by a contractor or subcontractor at any tier, whose duties are manual or physical in nature (including those workers who use tools or who are performing the work of a trade), as distinguished from mental or managerial;
