47.303-17 Contractor-prepaid commercial bills of lading, small package shipments.

- (a) If it is advantageous to the Government, the *contracting officer may* authorize the contractor to ship *supplies*, which have been acquired f.o.b. origin, to domestic destinations, including DoD air and water terminals by *common carriers* on commercial bills of lading. Such *shipments shall* not exceed 150 pounds by commercial air or 1,000 pounds by other commercial *carriers* and *shall* not have a security classification.
- (b) The contracting officer may authorize the shipments under paragraph (a) of this subsection to be consolidated with the contractor's own prepaid shipments for delivery to one or more destinations, if all appropriate f.o.b. origin shipments under one or more Government contracts have been consolidated initially. The contractor may be authorized to consolidate less-than-carload or less-than-truckload Government shipments with its own shipments so that the Government can take advantage of lower carload or truckload freight costs. The Government shall assume its pro rata share of the combined shipment cost. Agency transportation personnel shall evaluate overall transportation costs before authorizing any movement to ensure savings to the Government consistent with other contract and traffic management considerations. When consolidation is authorized, a copy of the commercial bill of lading shall be mailed promptly to each consignee.
- (c) *Shipments* under prepaid commercial bills of lading, as authorized in paragraph (a) of this subsection, do not require a *contract modification*. Unless otherwise provided in the contract, the *supplies* move for the account of, and at the risk of, the Government. The *supplies* become Government property when loaded on the *carrier*'s equipment and the contractor has obtained the *carrier*'s receipt. The contractor pays the transportation charges and is reimbursed by the Government. Loss or damage *claims shall* be processed in accordance with agency regulations.
- (d) The contractor's *invoice* for reimbursement by the Government *shall* show the prepaid transportation charges as agreed (see paragraph (b) of this subsection), as a separate item for each individual *shipment*. The contractor *shall* support the transportation charges with a copy of the *carrier*'s receipted *freight* bill or other evidence of receipt, except as follows:
- (1) A Government agency *may* determine that receipted *freight* bills or other evidence of receipt are not required for transportation charges of \$100 or less.
- (2) A Government agency *may* pay an invoiced but unsupported transportation charge of \$250 or less per transaction (*i.e.*, purchase, *invoice*, or aggregate billing or payment for multiple purchases), if-
- (i) The contractor cannot reasonably provide a receipted freight bill; and
- (ii) The agency has determined that the charges are reasonable. Determination of reasonableness may be based on-
- (A) Past experience (authenticated transportation charges for similar *shipments*);
- (B) Rate checks;
- (C) Copies of previous *freight* bills submitted by the contractor; or

- (D) Other information submitted by the contractor to substantiate the amount claimed.
- (3) Receipted *freight* bills in support of invoiced transportation charges of \$100 or less are not required for reimbursement by the Government, if-
- (i) The underlying contract specifies retention by the contractor of all records for at least 3 years after final payment under the contract; and
- (ii) The contractor agrees to furnish evidence of payment when requested by the Government.
- (e) *Shipments* and *invoices shall* not be split to reduce transportation charges to \$100 or less per transaction as a means of avoiding the required documented support for the charges. See paragraph (d)(2) of this subsection for unsupported transportation charges of \$250 or less.
- (f) The *contracting officer shall* insert the clause at <u>52.247-65</u>, F.o.b. Origin, Prepaid *Freight-Small Package Shipments*, in *solicitations* and contracts when f.o.b. origin *shipments* are to be made.
