(i) The Component Acquisition Executive for an Acquisition Category (ACAT) I program; or

(1) General.

(i) *Approval.* A contractor may use Government property on work for foreign governments and international organizations only when approved in writing by the contracting officer having cognizance of the property. The contracting officer may grant approval, provided—

(A) The use will not interfere with foreseeable requirements of the United States;

(B) The work is undertaken as a DoD foreign military sale; or

(C) For a direct commercial sale, the foreign country or international organization would be authorized to contract with the department concerned under the Arms Export Control Act.

(ii) Use charges.

(A) The Use and Charges clause is applicable on direct commercial sales to foreign governments or international organizations.

(B) When a particular foreign government or international organization has funded the acquisition of property, do not assess the foreign government or international organization rental charges or nonrecurring recoupments for the use of such property.

(2) Special tooling and special test equipment.

(i) DoD normally recovers a fair share of nonrecurring costs of special tooling and special test equipment by including these costs in its calculation of the nonrecurring cost recoupment charge when major defense equipment is sold by foreign military sales or direct commercial sales to foreign governments or international organizations. "Major defense equipment" is defined in DoD Directive 2140.2, Recoupment of Nonrecurring Costs on Sales of U.S. Items, as any item of significant military equipment on the United States Munitions List having a nonrecurring research, development, test, and evaluation cost of more than \$50 million or a total production cost of more than \$200 million.

(ii) When the cost thresholds in paragraph (2)(i) of this section are not met, the contracting officer shall assess rental charges for use of special tooling and special test equipment pursuant to the Use and Charges clause if administratively practicable.

(3) Waivers.

(i) Rental charges for use of U.S. production and research property on commercial sales transactions to the Government of Canada are waived for all commercial contracts. This waiver is based on an understanding wherein the Government of Canada has agreed to waive its rental charges.

(ii) Requests for waiver or reduction of charges for the use of Government property on work for foreign governments or international organizations shall be submitted to the contracting officer, who is authorized to approve the requests in consultation with the appropriate functional specialist.

Subpart 245.6 - REPORTING, REUTILIZATION, AND DISPOSAL

245.602 Reutilization of Government property.

245.602-1 Inventory disposal schedules.

For termination inventory, plant clearance officers shall verify inventory schedules, either directly or through appropriate technical personnel, to determine the following:

(a) *Allocability.*

(1) Review contract requirements, delivery schedules, bills of material, and other pertinent documents to determine whether schedules include property that—

(i) Is appropriate for use on the contract; or

(ii) Exceeds the quantity required for completion of the contract, but could be diverted to other commercial work or Government use.

(2) Review the contractor's—

(i) Recent purchases of similar material;

(ii) Plans for current and scheduled production;

(iii) Stock record entries; and

(iv) Bills of material for similar items.

(b) *Quantity*. Take measures to provide assurance that available inventory is in accordance with quantities listed on the inventory schedules. Quantities may be verified by actual item count, acceptance of labeled quantities in unopened/sealed packages, scale counts, or other appropriate methods.

(c) *Condition*. Ensure that the physical condition of the property is reasonably consistent with the Federal Condition Code supplied by the contractor.

245.602-3 Screening.

Property will be screened DoD-wide, including the contracting agency, requiring agency, and, as appropriate, the General Services Administration. The requiring agency shall have priority for retention of listed items. All required screening must be completed before any sale of contractor inventory, including contractor inventory in overseas locations (foreign excess personal property) can take place. Upon request of the prospective reutilization, transfer, donation, or sales customer, the plant clearance officer shall arrange for inspection of property at the contractor's plant in such a manner as to avoid interruption of the contractor's operations, and consistent with any security requirements.

245.602-70 Plant clearance procedures.

Follow the procedures at PGI [245.602-70](#) for establishing and processing a plant clearance case.

(i) Maximum practical competition is obtained;

(ii) Sources solicited are recorded; and

(iii) Informal bids are confirmed in writing.

(3) *Sale approval and award*. Plant clearance officers shall—

(i) Evaluate bids to establish that the sale price is fair and reasonable, taking into consideration—

- (A) Knowledge or tests of the market;
 - (B) Current published prices for the property;
 - (C) The nature, condition, quantity, and location of the property; and
 - (D) Past sale history for like or similar items;
- (ii) Approve award to the responsible bidder whose bid is most advantageous to the Government. The plant clearance officer shall not approve award to any bidder who is an ineligible transferee, as defined in 252.245-7005, Management and Reporting of Government Property; and
- (iii) Notify the contractor of the bidder to whom an award will be made within 5 working days from receipt of bids.
- (4) *Negotiated sales.*
- (i) Negotiated sales include purchases or retention at less than cost by the contractor. Negotiated sales may be made when—
- (A) The plant clearance officer determines that this method is essential to expeditious plant clearance; and
 - (B) The Government's interests are adequately protected.
- (ii) Negotiated sales shall be at fair and reasonable prices, not less than those reasonably expected under competitive sales.
- (iii) Conditions justifying negotiated sales are—
- (A) No acceptable bids are received under competitive sale;
 - (B) Anticipated sales proceeds do not warrant competitive sale;
 - (C) Specialized nature of the property would not create bidder interest;
 - (D) Removal of the property would reduce its value or result in disproportionate handling expenses; or
 - (E) Such action is essential to the Government's interests.
- (5) Plant clearance officers shall consider any special disposal requirements such as demilitarization or trade security control requirements in accordance with DoDM 4160.28-M, Defense Demilitarization Manual, and DoDI 2030.08, Implementation of Trade Security Controls (TSCs) for Transfers of DoD Personal Property to Parties Outside DoD Control, respectively.
