## 246.471 Authorizing shipment of supplies.

- (a) General.
- (1) Ordinarily, a representative of the contract administration office signs or stamps the shipping papers that accompany Government source-inspected supplies to release them for shipment. This is done for both prime and subcontracts.
- (2) An alternative procedure (see paragraph (b) of this section) permits the contractor to assume the responsibility for releasing the supplies for shipment.
- (3) The alternative procedure may include prime contractor release of supplies inspected at a subcontractor's facility.
- (4) The use of the alternative procedure releases DoD manpower to perform technical functions by eliminating routine signing or stamping of the papers accompanying each shipment.
- (b) Alternative Procedures—Contract Release for Shipment.
- (1) For foreign military sales contracts, do not use alternative procedures.
- (2) The contract administration office may authorize, in writing, the contractor to release supplies for shipment when—
- (i) The stamping or signing of the shipping papers by a representative of the contract administration office interferes with the operation of the Government contract quality assurance program or takes too much of the Government representative's time;
- (ii) There is sufficient continuity of production to permit the Government to establish a systematic and continuing evaluation of the contractor's control of quality; and
- (iii) The contractor has a record of satisfactory quality, including that pertaining to preparation for shipment.
- (3) The contract administration office shall withdraw, in writing, the authorization when there is an indication that the conditions in paragraph (b)(2) of this section no longer exist.
- (4) When the alternative procedure is used, require the contractor to—
- (i) Type or stamp, and sign, the following statement on the required copy or copies of the shipping paper(s), or on an attachment—
