

5616.505 Ordering.

(Revised February 2007)

(a)

(2) Contracting and ordering officers shall document the delivery/task order file with the specific paragraph from the Statement of Work (SOW) that applies to the requirement.

(5) When issuing an order under an IDIQ contract, a separate file or a separate section within the contract file, shall be established and contain all supporting documents of the order in a centralized location. Contracting officers will ensure that all data relevant to the delivery order is contained in the file.
