- (c) Costs associated with printing, duplicating, or copying in excess of the limits in paragraph (a) of this clause are unallowable without prior written approval of the Contracting Officer. ### **Potential Organizational Conflict of Interest (APR 2010)**

  - (1) Restrictions are needed to ensure that *(state the nature of the proposed restraint and the applicable time period)*.
  - (2) As a part of the proposal, the offeror shall provide the Contracting Officer with complete information regarding previous or ongoing work that is in any way associated with the contemplated acquisition.
- (b) If award is made to the offeror, the resulting contract may include an organizational conflict of interest limitation applicable to subsequent Government work, at either a prime contract level, at any subcontract tier, or both. During evaluation of proposals, the Government may, after discussions with the offeror and consideration of ways to avoid the conflict of interest, insert a provision in the

resulting contract that shall disqualify the offeror from further consideration for award of specified future contracts.

(c) The organizational conflict of interest clause included in this solicitation may be modified or deleted during negotiations.

*Alternate I* (Date). At the discretion of the Contracting Officer, substitute the following paragraph (b) for paragraphs (b) and (c) in the basic provision:

(b) The organizational conflict of interest clause in this solicitation may not be modified or deleted.

(End of clause)

## **1352.209-71 Limitation of future contracting.**

As prescribed in 48 CFR 1309.507-2(a), insert the following clause:

### Limitation of Future Contracting (APR 2010)

(a) The following restrictions and definitions apply to prevent conflicting roles, which may bias the contractor's judgment or objectivity, or to preclude the contractor from obtaining an unfair competitive advantage in concurrent or future acquisitions.

(1) Descriptions or definitions:

(i) "Contractor" means the business entity receiving the award of this contract, its parents, affiliates, divisions and subsidiaries, and successors in interest.

(ii) "Development" means all efforts towards solution of broadly defined problems. This may encompass research, evaluating technical feasibility, proof of design and test, or engineering of programs not yet approved for acquisition or operation.

(iii) "Proprietary Information" means all information designated as proprietary in accordance with law and regulation, and held in confidence or disclosed under restriction to prevent uncontrolled distribution. Examples include limited or restricted data, trade secrets, sensitive financial information, and computer software; and may appear in cost and pricing data or involve classified information.

(iv) "System" means the system that is the subject of this contract.

(v) "System Life" means all phases of the system's development, production, or support.

(vi) "Systems Engineering" means preparing specifications, identifying and resolving interface problems, developing test requirements, evaluating test data, and supervising design.

(vii) "Technical Direction" means developing work statements, determining parameters, directing other contractors' operations, or resolving technical controversies.

(2) Restrictions: The contractor shall perform systems engineering and/or technical direction, but will not have overall contractual responsibility for the system's development, integration, assembly and checkout, or production. The parties recognize that the contractor shall occupy a highly

influential and responsible position in determining the system's basic concepts and supervising their execution by other contractors. The contractor's judgment and recommendations must be objective, impartial, and independent. To avoid the prospect of the contractor's judgment or recommendations being influenced by its own products or capabilities, it is agreed that the contractor is precluded for the life of the system from award of a DOC contract to supply the system or any of its major components, and from acting as a subcontractor or consultant to a DOC supplier for the system or any of its major components.

*Alternate I* (Date). As prescribed in CFR 1309.507-2(a)(2), either substitute paragraph (a)(2) of the basic clause with one or both of the following paragraphs, or use one or both in addition to the basic paragraph (a)(2).

(a)(2)(i) The contractor shall prepare and submit complete specifications for nondevelopmental items to be used in a competitive acquisition. The contractor shall not furnish these items to DOC, either as a prime contractor or subcontractor, for the duration of the initial production contract plus [*insert a specific period of time or an expiration date*].

(ii) The contractor shall either prepare or assist in preparing a work statement for use in competitively acquiring the [*identify the system or services*], or provide material leading directly, predictably, and without delay to such a work statement. The contractor may not supply [*identify the services, the system, or the major components of the system*] for a period [*state the duration of the constraint, however, the duration of the initial production contract shall be the minimum*], as either the prime or subcontractor unless it becomes the sole source, has participated in the design or development work, or more than one contractor has participated in preparing the work statement.

*Alternate II* (Date). As prescribed in 48 CFR 1309.507-2(a)(3), either substitute paragraph (a) (2) of the basic clause with the following paragraph, or add the following in addition to the basic restriction. Redesignate the paragraphs as needed if more than one restriction applies.

(a)(2) The contractor shall participate in the technical evaluation of other contractors' proposals or products. To ensure objectivity, the contractor is precluded from award of any supply or service contract or subcontract for the system or its major components. This restriction shall be effective for (*insert a definite period of time*).

*Alternate III* (Date). As prescribed in 48 CFR 1309.507-2(a)(4), add the following paragraph (b) to the basic clause:

(b) The contractor may gain access to proprietary information of other companies during contract performance. The contractor agrees to enter into company-to-company agreements to protect another company's information from unauthorized use or disclosure for as long as it is considered proprietary by the other company, and to refrain from using the information for any purpose other than that for which it was furnished. For information purposes, the contractor shall furnish copies of these agreements to the Contracting Officer. These agreements are not intended to protect information which is available to the Government or to the contractor from other sources and information furnished voluntarily without restriction.

*Alternate IV* (Date). As prescribed in 48 CFR 1309.507-2(a)(5), add the following paragraph (b) to the basic clause substantially as written. If Alternate III is also used, designate this paragraph (c).

(b) The contractor agrees to accept and to complete all issued task orders, and to not contract with Government prime contractors or first-tier subcontractors in such a way as to create an organizational conflict of interest.

*Alternate V* (Date). As prescribed in 48 CFR 1309.507-2(a)(6), add the following paragraph (b) to the basic clause. If more than one Alternate is used, redesignate this paragraph accordingly.

(b) The contractor agrees to accept and to complete issued delivery orders, provided that no new organizational conflicts of interest are created by the acceptance of such orders. The Contracting Officer shall identify any and all organizational conflicts of interest in each order. The contractor shall not contract with Government prime contractors or first-tier subcontractors in such a way as to create an organizational conflict of interest.

*Alterative VI* (Date). As prescribed in 48 CFR 1309.507-2(a)(7), add the following paragraph (b) to the basic clause. If either Alternate III or IV or both are used, redesignate this paragraph accordingly.

(b) The above restrictions shall be included in all subcontracts, teaming arrangements, and other agreements calling for performance of work which is subject to the organizational conflict of interest restrictions identified in this clause, unless excused in writing by the Contracting Officer.

(End of clause)

## **1352.209-72 Restrictions against disclosure.**

As prescribed in 48 CFR 1309.507-2(b), insert the following clause:

Restrictions Against Disclosure (APR 2010)

(a) The contractor agrees, in the performance of this contract, to keep the information furnished by the Government or acquired/developed by the contractor in performance of the contract and designated by the Contracting Officer or Contracting Officer's Representative, in the strictest confidence. The contractor also agrees not to publish or otherwise divulge such information, in whole or in part, in any manner or form, nor to authorize or permit others to do so, taking such reasonable measures as are necessary to restrict access to such information while in the contractor's possession, to those employees needing such information to perform the work described herein, *i.e.*, on a "need to know" basis. The contractor agrees to immediately notify the Contracting Officer in writing in the event that the contractor determines or has reason to suspect a breach of this requirement has occurred.

(b) The contractor agrees that it will not disclose any information described in subsection (a) to any person unless prior written approval is obtained from the Contracting Officer. The contractor agrees to insert the substance of this clause in any consultant agreement or subcontract hereunder.

(End of clause)

## **1352.209-73 Compliance with the laws.**

As prescribed in 48 CFR 1309.507-2(c), insert the following clause:

Compliance With the Laws (APR 2010)

The contractor shall comply with all applicable laws, rules and regulations which deal with or relate

to performance in accord with the terms of the contract.

(End of clause)

## **1352.209-74 Organizational conflict of interest.**

As prescribed in 48 CFR 1309.507-2(d), insert the following clause:

Organizational Conflict of Interest (APR 2010)

(a) *Purpose.* The purpose of this clause is to ensure that the contractor and its subcontractors:

- (1) Are not biased because of their financial, contractual, organizational, or other interests which relate to the work under this contract, and
- (2) Do not obtain any unfair competitive advantage over other parties by virtue of their performance of this contract.

(b) *Scope.* The restrictions described herein shall apply to performance or participation by the contractor, its parents, affiliates, divisions and subsidiaries, and successors in interest (hereinafter collectively referred to as "contractor") in the activities covered by this clause as a prime contractor, subcontractor, co-sponsor, joint venturer, consultant, or in any similar capacity. For the purpose of this clause, affiliation occurs when a business concern is controlled by or has the power to control another or when a third party has the power to control both.

(c) *Warrant and Disclosure.* The warrant and disclosure requirements of this paragraph apply with full force to both the contractor and all subcontractors. The contractor warrants that, to the best of the contractor's knowledge and belief, there are no relevant facts or circumstances which would give rise to an organizational conflict of interest, as defined in FAR Subpart 9.5, and that the contractor has disclosed all relevant information regarding any actual or potential conflict. The contractor agrees it shall make an immediate and full disclosure, in writing, to the Contracting Officer of any potential or actual organizational conflict of interest or the existence of any facts that may cause a reasonably prudent person to question the contractor's impartiality because of the appearance or existence of bias or an unfair competitive advantage. Such disclosure shall include a description of the actions the contractor has taken or proposes to take in order to avoid, neutralize, or mitigate any resulting conflict of interest.

(d) *Remedies.* The Contracting Officer may terminate this contract for convenience, in whole or in part, if the Contracting Officer deems such termination necessary to avoid, neutralize or mitigate an actual or apparent organizational conflict of interest. If the contractor fails to disclose facts pertaining to the existence of a potential or actual organizational conflict of interest or misrepresents relevant information to the Contracting Officer, the Government may terminate the contract for default, suspend or debar the contractor from Government contracting, or pursue such other remedies as may be permitted by law or this contract.

(e) *Subcontracts.* The contractor shall include a clause substantially similar to this clause, including paragraphs (f) and (g), in any subcontract or consultant agreement at any tier expected to exceed the simplified acquisition threshold. The terms "contract," "contractor," and "Contracting Officer" shall be appropriately modified to preserve the Government's rights.

(f) *Prime Contractor Responsibilities.* The contractor shall obtain from its subcontractors or

consultants the disclosure required in FAR 9.507-1, and shall determine in writing whether the interests disclosed present an actual, or significant potential for, an organizational conflict of interest. The contractor shall identify and avoid, neutralize, or mitigate any subcontractor organizational conflict prior to award of the contract to the satisfaction of the Contracting Officer. If the subcontractor's organizational conflict cannot be avoided, neutralized, or mitigated, the contractor must obtain the written approval of the Contracting Officer prior to entering into the subcontract. If the contractor becomes aware of a subcontractor's potential or actual organizational conflict of interest after contract award, the contractor agrees that the Contractor may be required to eliminate the subcontractor from its team, at the contractor's own risk.

(g) *Waiver.* The parties recognize that this clause has potential effects which will survive the performance of this contract and that it is impossible to foresee each circumstance to which it might be applied in the future. Accordingly, the contractor may at any time seek a waiver from the Head of the Contracting Activity by submitting such waiver request to the Contracting Officer, including a full written description of the requested waiver and the reasons in support thereof.

(End of clause)

## **1352.209-75 Title 13 and non-disclosure requirements.**

As prescribed in 48 CFR 1309.507-2(e), insert the following clause:

Title 13 and Non-Disclosure Requirements (APR 2010)

The Census Bureau's data are protected by Title 13 of the United States Code. The contractor may not use Title 13 data for any purpose other than the intended purpose for which it is supplied or obtained. All contractor personnel who will have access to Title 13 data must take an oath and complete the Census Bureau Form BC-1759 (Special Sworn Status) that requires nondisclosure of Title 13 data. An authorized Census employee or a Notary Public must administer the oath of nondisclosure.

(End of clause)

## **1352.213-70 Evaluation utilizing simplified acquisition procedures.**

As prescribed in 48 CFR 1313.106-2-70, insert the following provision:

Evaluation Utilizing Simplified Acquisition Procedures (Date)

The Government will issue an order resulting from this request for quotation to the responsible offeror whose quotation results in the best value to the Government, considering both price and non-price factors. The following factors will be used to evaluate quotations:

[This section is to be tailored to conform to individual procurements. Text is provided as an example only. Stating relative importance of the evaluation factors is not required.]

- (1) Personnel Qualifications. The experience, education, and qualifications of personnel proposed to work on the contract will be evaluated to determine their ability to perform their proposed duties.
- (2) Technical Approach and Capability. The offeror's approach to performing contract requirements and its capability to successfully perform the contract will be evaluated.
- (3) Past Performance. The offeror's past performance on related contracts will be evaluated to determine, as appropriate, successful performance of contract requirements, quality and timeliness of delivery of goods and services, cost management, communications between contracting parties, proactive management and customer satisfaction.
- (4) Price.

(End of clause)

## **1352.213-71 Instructions for submitting quotations under the simplified acquisition threshold - non-commercial.**

As prescribed in 48 CFR 1313.302-1-70, insert the following provision:

  - (6) Price and any supporting details for the price, as requested in the solicitation.
- (c) Offerors are responsible for submitting quotations, and any modifications thereto, so as to reach the Government office designated in the solicitation by the time specified. The offeror's initial quotation should contain the offeror's best terms from a price and technical standpoint. The Government may reject any or all quotations if such action is in the public interest; accept other than the lowest quotation; and waive informalities and minor irregularities in quotations received.

(End of clause)

## **1352.215-70 Proposal preparation.**

As prescribed in 48 CFR 1315.204-570(a)(1), insert the following provision, tailored as applicable:

### **Proposal Preparation (Date)**

(a) General Instructions. Proposals are expected to conform to solicitation provisions and be prepared in accordance with this section. To aid in evaluation, the proposal shall be clearly and concisely written, neatly presented, indexed (cross-indexed as appropriate), and logically assembled. All pages of each part shall be appropriately numbered and identified with the name of the offeror, the date of the offer, and the solicitation number. Each volume shall be clearly marked by volume number and title.

(b) *Overall Arrangement of Proposal.*

(1) **VOLUME I - BUSINESS PROPOSAL**

(i) Volume I, Business Proposal, consists of the actual offer to enter into a contract to perform the desired work. It also includes required representations, certifications, and acknowledgments, if applicable; justifications for noncompetitive proposed subcontracts; identification of technical data to be withheld; and any other required administrative information.

(ii) Format and Content. Volume I, Business Proposal, shall include the following documents (in the order listed):

(A) **Proposal Form:**

(1) Use of the Form - The Proposal Form (Standard Form 33 or 1449), is to be executed fully and used as the cover sheet (or first page) of Volume I. Include three (3) original signed copies of the form in the original Volume I.

(2) Acceptance Period - The acceptance period entered on the Proposal Form by the offeror shall not be less than that prescribed in the solicitation, which shall apply if no other period is offered.

(3) Signature Authority - The person signing the Proposal Form must have the authority to commit the offeror to all of the provisions of the proposal, fully recognizing that the Government has the right, by terms of the Solicitation, to make an award without discussion if it so elects.

(B) Other documentation identified in Section (A) above. The offeror shall submit one original of Volume I, marked as such.

(2) **VOLUME II - TECHNICAL PROPOSAL**

(i) *General.*

(A) Volume II, technical proposal, consists of the offeror's proposal delineating its capabilities and how it intends to perform contract requirements. The Technical proposal will be evaluated in accord with the criteria contained in Section M.

(B) In order that the technical proposal may be evaluated strictly on the merit of the material submitted, no contractual price information is to be included in Volume II. However, the type and quantity of labor and materials is to be included in the Technical Proposal, without any associated cost information.

(C) The technical proposal must be typed, double-spaced, with one inch margins, using elite font, 12 pitch type (or equivalent) and printed, unreduced in size, on 8 1/2" by 11" paper, not exceeding \_\_\_\_ pages, single-sided, exclusive of resumes and related corporate experience documentation. Any pages in excess of \_\_\_\_ will be disregarded, and will not be included in the proposal evaluation. Failure of the offeror to comply with the page limitations, resulting in the excess pages not being evaluated, shall not constitute grounds for a protest.

(ii) Format and Content. Volume II, Technical Proposal, shall include the following contents:

(A) Table of Contents

(B) List of Tables and Figures

(C) Summary of Technical Proposal

(D) Technical Proposal

(E) Exceptions and Deviations. These major headings may be subdivided or supplemented by the offeror as appropriate.

(1) Summary. This section shall provide a summary that addresses each of the technical evaluation factors set out in Section M.

(2) Technical Proposal. The offeror shall clearly address each of the technical evaluation criteria in Section M, and, at a minimum, cover each subfactor.

(3) Exceptions and Deviations. This section shall identify and explain any exceptions or deviations taken to any part of the solicitation or conditional assumptions made with respect to the technical requirements of the solicitation. Offerors should note that taking exceptions to the Government's requirements may indicate an unwillingness or inability to perform the contract, and the proposal may be evaluated as such.

(iii) Specific areas to be addressed:

[This section is to be tailored to conform to the technical evaluation factors. Text is provided as an example. Provide instructions concerning what information is required in order to evaluate proposals in accord with the evaluation factors. Do not request information that is not covered in an evaluation factor.]

Evaluation Factor 1 - Technical Approach. Provide information on how the project is to be organized, staffed, and managed that demonstrates the offeror's understanding and effective management of important events or tasks. If applicable, the offeror shall (i) describe the facilities and equipment which will be used in the performance of the contract, and (ii) how the management and coordination of consultant and subcontractor efforts will be accomplished. Fully discuss how the contract requirements will be met and the means used to accomplish them. Merely repeating the contract requirements and stating that they will be accomplished, without discussing how the offeror will accomplish them, is not acceptable.

Evaluation Factor 2 - Experience. In a general fashion, describe the offeror's experience and qualifications to perform the contract requirements. Explain how the experience provides confidence that the offeror can perform all contract requirements.

Evaluation Factor 3 - Key Personnel. Provide the names, titles, and a description of the duties of those individuals proposed as key personnel to be assigned to the contract. For each key person, submit a resume that provides information concerning their education, background, recent work experience, and accomplishments. Specify the approximate percentage of time each individual will be available for this project, and, if necessary, explain why the key person possesses the qualifications to perform the proposed position.

Evaluation Factor 4 - Past Performance. Complete the Past Performance Questionnaire (Attachment X) for all contracts containing requirements similar in scope those in the Statement of Work performed in whole or part over the last \_\_\_\_ years. References can include both Government and commercial contracts and subcontracts.

The offeror shall submit one original of Volume II, marked as such, and \_\_\_\_\_ copies.

(3) Volume III - Price/cost proposal

(i) Price/Cost proposals must generally adhere to the pricing structure established in Section B, Schedule of Prices. The offeror shall submit one original of Volume III, marked as such, and \_\_\_\_\_ copies.

[INSERT FOR COST TYPE CONTRACTS:]

(ii) The offeror must also submit the following detailed information to support its proposed costs, as applicable:

(A) Direct Labor: Breakdown of direct labor cost by named person or labor category including number of labor-hours and current actual average hourly rates based on a work year of 2,080 hours. Indicate whether current rates or escalated rates are used. If escalation is included, state the degree (percent) and methodology. Direct labor or levels of effort are to be identified as labor-hours and not as a percentage of an individual's time. Indicate fringe benefit rate, if separate from indirect cost rate.

(B) Other Direct Costs: Specify the amount proposed for duplication/reproduction, meetings and conferences, postage, communication and any other applicable items. Travel, subsistence and local transportation shall be supported with a breakdown, which shall include: number of trips anticipated, number of person days, cost-per-trip-per person, destination(s) proposed, number of person(s) scheduled for travel, mode of transportation, and mileage allowances, if privately-owned vehicles will be used.

(C) Materials: Cost breakdown of materials or equipment must be supported with the methodology used and vendor quotations supplied as applicable.

(D) Consultants: If consultants are proposed, state the total estimated price of the services to be required and the consultant's quoted daily or hourly rate. Include Consulting Agreements entered into between consultant(s) and the offeror, or invoices submitted by consultant(s) for similar services previously provided to the offeror.

(E) Subcontracts: If proposed, cost information for each subcontractor shall be furnished in the same format and level of detail as prescribed for the prime offeror. Additionally, in relation to such

subcontracts, the offeror shall submit the following information:

- (1) A description of the items to be furnished by the subcontractor;
- (2) Identification of the proposed subcontractor and an explanation of why and how the proposed subcontractor was selected, including the extent of competition;
- (3) The proposed subcontract price and cost detail and performance/delivery schedule; and
- (4) Identification of the type of subcontract to be used.

(F) Indirect Rates: Offerors lacking Government-approved indirect cost rates must provide detailed background data indicating the cost elements included in the applicable pool and a statement that such treatment is in accordance with the company's established accounting practice. Offerors with established rate agreements with cognizant Federal agencies shall submit one copy of such agreements.

(G) Profit: Specify the profit proposed and the rationale justifying the amount of profit.

[INSERT FOR FIXED-PRICE TYPE CONTRACTS:]

(iii) Each offeror's price proposal must be based on the offeror's own technical proposal, the Government's specifications, and other contractual requirements. If the prices to be used are based on a published price list or catalog, the offeror shall so state, and provide a copy of the document with its price proposal. If the prices are to be based on established market prices, not otherwise published, or are prices applicable only to the proposed contract, the offeror shall so state.

(iv) The Government expects that this contract will be awarded based upon adequate price competition. However, in order to determine that offered prices are fair and reasonable, the Government reserves the right to request that the offeror to provide cost breakdowns to support proposed prices. Information to support unit prices should include, but not be limited to, the following:

- (A) Salary/wage information with associated payroll expenses, for personnel to be used in performance of the contract;
- (B) Cost for equipment, supplies, and consumable materials;
- (C) A breakout of related support costs, such as equipment maintenance, rental, transportation, *etc.*;
- (D) Overhead costs;
- (E) General Administrative expenses; and
- (F) Profit

The Contracting Officer will contact each offeror to schedule the date and time for oral presentations and provide detailed instructions. (End of clause)

## **1352.215-72 Inquiries.**

As prescribed in 48 CFR 1315.204-570(a)(3), insert the following provision:

### Inquiries (Date)

Offerors must submit all questions concerning this solicitation in writing to \_\_\_\_\_. Questions should be received no later than \_\_\_\_ calendar days after the issuance date of this solicitation. Any responses to questions will be made in writing, without identification of the questioner, and will be included in an amendment to the solicitation. Even if provided in other form, only the question responses included in the amendment to the solicitation will govern performance of the contract.

(End of clause)

## **1352.215-73 Evaluation quantities - indefinite quantity contract.**

As prescribed in 48 CFR 1315.204-570(b)(1), insert the following provision:

### Evaluation Quantities - Indefinite Quantity Contract (Date)

To evaluate offers for award purposes, the Government will apply the offeror's proposed fixed-prices/rates to the estimated quantities included in the solicitation (and add to this amount other direct costs, if applicable).

(End of clause)

## **1352.215-74 Best value evaluation.**

As prescribed in 48 CFR 1315.204-570(b)(2), insert the following provision:

Best Value Evaluation (Date)

(a) Award will be made to the offeror: whose offer conforms to the solicitation requirements; who is determined responsible in accordance with FAR Subpart 9.1 by possessing the financial and other capabilities to fulfill the requirements of the contract; and whose proposal is judged, by an integrated assessment of price/cost and non-price evaluation factors, to provide the best value to the Government in accordance with CAR 1352.215-75, *Evaluation Criteria*.

(b) The Government intends to award [specify "a single contract" or "multiple contracts"] in response to the solicitation. The Government reserves the right not to award a contract depending on the quality of the proposals submitted and the availability of funds.

(c) Evaluation of Proposals.

(1) Initial Evaluation of Proposals. All offers received will be evaluated in accordance with the stated evaluation factors. The Government reserves the right to make an award without discussions based solely upon initial proposals. Therefore, offerors should ensure that their initial proposal constitutes their best offer in terms of both price and the technical solution being proposed.

If award is not made upon initial proposals, then the Contracting Officer will establish a competitive range comprised of the most highly rated proposals. If the Contracting Officer determines that the number of proposals that would otherwise be in the competitive range exceeds the number at which an efficient competition can be conducted, the Contracting Officer may limit the number of proposals in the competitive range to the greatest number that will permit an efficient competition among the most highly-rated proposals. Only those offerors in the competitive range will be offered an opportunity to participate further in the procurement.

(2) Discussions/Final Proposal Revisions. The Contracting Officer will engage in discussions with all offerors in the competitive range in accordance with FAR 15.306. At the conclusion of discussions, a final common cut-off date for submission of final proposal revisions will be established. Those offerors remaining in the competitive range will be notified to submit Final Proposal Revisions.

(3) Final Evaluation of Offers. A final proposal evaluation will be performed after receipt of Final Proposal Revisions.

(End of clause)

## **1352.215-75 Evaluation criteria.**

As prescribed in 48 CFR 1315.204-570(b)(2) and (3), insert the following provision:

Evaluation Criteria (Date)

[This section is to be tailored to conform to individual procurements. Text is provided as an example only.]

In determining which proposal provides the best value to the Government, non-price (technical) evaluation factors are [significantly more important/somewhat more important/approximately equal in importance/somewhat less important/significantly less important] than evaluated price.

[Insert relative importance among the technical evaluation factors.]

Based upon the results of the integrated assessment of the technical and cost/price proposals, the Government may make an award to other than the lowest-priced offeror or the offeror with the highest technical score if the source selection official determines that to do so would result in the best value to the Government.

(a) Technical Evaluation Factors.

Factor 1 - TECHNICAL APPROACH. The proposal will be evaluated on how the offeror intends to organize, staff and manage the contract and the means that will be used to accomplish the contract requirements. The degree to which the proposal demonstrates an understanding of the requirements will be evaluated, as well as the offeror's planned management of consultants and subcontractors, if applicable.

Factor 2 - EXPERIENCE. The offeror's background, experience, and qualifications will be assessed to determine the likelihood that that offeror can successfully perform the contract requirements and the degree of the risk of non-performance.

Factor 3 - KEY PERSONNEL. The education, experience, and accomplishments of key personnel will be evaluated to determine the degree to which they possess the qualifications to perform their proposed duties under the contract.

Factor 4 - PAST PERFORMANCE. The offeror's past performance on related contracts will be evaluated to determine, as appropriate, successful performance of contract requirements, quality and timeliness of delivery of goods and services, effective management of subcontractors, cost management, level of communication between the contracting parties, proactive management and customer satisfaction.

The Government reserves the right to assess the past performance of proposed subcontractors.

The Government will use its discretion to determine the sources of past performance information used in the evaluation, and the information may be obtained from references provided by the offeror, the agency's knowledge of contractor performance, other government agencies or commercial entities, or past performance databases.

If an offeror does not have a history of relevant contract experience, or if past performance information is not available, the offeror will receive a neutral past performance rating; however, an offeror without a history of relevant experience may receive a lowered rating for the experience evaluation factor.

(b) Cost/Price Evaluation.

(1) The proposed prices/costs will be evaluated but not scored. The cost evaluation will determine whether the proposed costs are realistic, complete, and reasonable in relation to the solicitation requirements. Proposed costs must be entirely compatible with the technical proposal.

(2) The Government may use the results of cost/price realism analysis to adjust the offeror's proposal to a most probable cost to the Government. The analysis may include information from a government auditing agency, Government technical personnel, and other sources.

(End of clause)

## 1352.215-76 Cost or pricing data.

As prescribed in 48 CFR 1315.204-570(b)(4), insert the following provision:

### Cost or Pricing Data

#### Additional Instructions for Preparation of Cost/Price Proposals

(a) *General.* In addition to the information required by CAR 1352.215-70, the cost/price proposal must contain an explanation of the offeror's and proposed subcontractors' fully burdened rates, including direct salary rates, overhead rates, and profit; and information regarding other direct costs.

(b) *Specific Requirements.*

(1) Direct Salary Rates: The offeror shall list the categories of professional or technical personnel required to perform the Statement of Work. A brief definition of the education and experience requirements which qualify an employee for inclusion in a listed category should be provided. Further, if some proposed labor categories are classified by multiple grades within a given discipline (e.g., Architect I and II, or Senior and Junior Engineer), a brief explanation as to how they are differentiated shall be provided.

(2) The offeror, and major subcontractors, should provide individual rates for key personnel. Designation of an individual as a key person is subject to agreement of the parties. Where no key personnel are listed, category average rates are appropriate. Rates should be provided by year for the life of the contract. If rates are escalated, the degree (percent) and methodology must be shown. Escalation increases should reflect recent experience or established personnel policy. Types of salary increases given - merit, cost of living, *etc.* - should be discussed.

(3) Overhead Costs. Generally, the offeror's accounting system and estimating practices will determine the method used to allocate overhead costs. The offeror's established practices, if in accordance with generally accepted accounting principles, will be accepted. Proposed overhead rates should represent the offeror's best estimate of the rates to be experienced during the contract period as projected by company budgets or by recent experience adjusted for factors which will influence trends. A narrative statement outlining the offeror's policies and practices for accumulating overhead costs and the method used to compute the proposed rate or rates is required. In the case of multi-branch firms, joint ventures or affiliates, it is expected that overhead costs applicable to the specific location(s) where work is to be performed will be proposed. Company-wide, joint venture, or affiliate rate averages may not be appropriate. The rates should be tailored to the work location(s).

(4) Profit.

(i) A fair and reasonable provision for profit cannot be made by simply applying a certain predetermined percentage to the total estimated cost. Rather, profit should be established as a percentage/dollar amount after considering such factors as:

(A) Degree of risk;

(B) Nature of the work to be performed;

- (C) Joint venture responsibilities;
- (D) Extent of offeror's investment;
- (E) Subcontracting of work; and
- (F) Other criteria discussed in FAR 15.404-4.

(ii) Separate percentage rates for profit are also required for major subcontractors.

(5) Markup. The offeror may request a markup on subcontract labor. If it does so, it should state the percentage and provide a justification for that figure.

(6) Other Direct Costs. The offeror shall briefly describe the following:

- (i) Travel/Subsistence costs;
- (ii) Subcontractor costs; and
- (iii) How subcontracting costs were analyzed.

(c) Audit Reports. If the offeror or any subcontractor has been audited by a Government agency within the last two years, or has approved indirect cost rates, provide a copy of the audit report, or, if not available, the name, address, and telephone number of the audit office. Similarly, information on any Government-approved indirect cost rates should be provided.

(End of clause)

## **1352.216-70 Estimated and allowable costs.**

The estimated cost of this contract is \$\_\_\_\_\_ [insert total cost of contract], which consists of \$\_\_\_\_\_ [insert amount of cost that is reimbursable] for reimbursable costs and \$\_\_\_\_\_ [insert amount of fixed fee] for fixed/incentive fee. These costs shall be subject to the provisions of FAR clause 52.232-20, "Limitation of Cost," FAR clause 52.216-7, "Allowable Cost and Payments," and FAR clause 52.216-8, "Fixed Fee."

(b) Subject to Availability of Funds [Insert paragraph (b) when the contract is issued subject to the availability of funds].

"The amount of funding for this contract is \$\_\_\_\_\_ [insert amount being funded], which consists of \$\_\_\_\_\_ [insert amount of reimbursable costs funded] for reimbursable costs and \$\_\_\_\_\_ [insert amount of fixed fee funded] for Fixed/Incentive Fee. These costs shall be subject to the provisions of FAR 52.232-22, "Limitations of Funds." "

(c) Allowable Costs.

(1) Final annual indirect cost rate(s) and the appropriate base(s) shall be established in accordance

with FAR Subpart 42.7, in effect for the period covered by the indirect cost rate proposal.

(2) Until final annual indirect cost rates are established for any period, the Government shall reimburse the contractor at billing rates established by the Contracting Officer (or cognizant Federal agency official) or auditor in accordance with FAR 42.704, subject to adjustment when the final rates are established. The established billing rates are currently as follows:

\_\_\_\_\_ [Insert billing rate]

(End of clause)

## **1352.216-71 Level of effort (cost-plus-fixed-fee, term contract).**

As prescribed in 48 CFR 1316.307(b), insert the following clause:

Level of Effort (Cost-Plus-Fixed-Fee, Term Contract) (Date)

(a) In performance of the effort directed in this contract, the contractor shall provide the total of Direct Productive Labor Hours (DPLH) as specified in Part I, Section B during the term specified in Section \_\_\_\_\_. DPLH is defined as actual work hours exclusive of vacation, holidays, sick leave, and other absences.

(b) Only the DPLH categories indicated below shall be charged directly to the contract. It is estimated that the DPLH will be expended approximately as follows:

| <b>Labor category</b> | <b>Base period</b> | <b>Option period I</b> | <b>Option period II</b> | <b>Option period III</b> |
|-----------------------|--------------------|------------------------|-------------------------|--------------------------|
| xxxxxxxxxx            | xxxx               | xxxx                   | xxxx                    | xxxx                     |
| xxxxxxxxxx            | xxxx               | xxxx                   | xxxx                    | xxxx                     |
| Total Direct Labor    | xxxx               | xxxx                   | xxxx                    | xxxx                     |

(c) The hours specified above are provided as estimates only. If the actual amount of hours incurred falls within 90% to 110% of this estimate, the fee shall not be adjusted.

(d) In the event that the contractor shall be required to provide less than 90% of the estimated DPLH, the fixed fee of the contract shall be equitably adjusted by unilateral modification to the contract. The fixed fee adjustment shall be based solely upon the difference between the DPLH actually provided and 90% of the estimated DPLH, calculated as follows:

Adjusted Fixed Fee = (Actual DPLH/(.9 × Estimated DPLH)) × Specified Fixed Fee

(e) In the event that the contractor shall be required to provide more than 110% of the estimated

DPLH, the fixed fee of the Contract shall be equitably adjusted by unilateral modification to the Contract. The fixed fee adjustment shall be based solely upon the difference between the DPLH actually provided and 110% of the estimated DPLH, calculated as follows:

Adjusted Fixed Fee = (Actual DPLH/(1.1 × Estimated DPLH)) × Specified Fixed Fee

(f) These terms and conditions do not supersede the requirements of either FAR clause 52.232-20 "Limitation of Cost" or FAR clause 52.232-22 "Limitation of Funds."

(End of clause)

## **1352.216-72 Determination of award fee.**

As prescribed in 48 CFR 1316.405-2, insert the following clause:

[Insert appropriate information]

(b) A Performance Evaluation Plan shall be unilaterally established by the Government as part of the contract and used for the determination of award fees. This plan shall include the criteria that will be used to evaluate the contractor's performance and to determine the percentage of award fee (if any) available for each performance period.

(c) The criteria contained within the Performance Evaluation Plan may relate to:

(1) Quality of performance of the contract requirements;

(2) Effective management of the contract; and

(3) Cost controls.

(d) The Performance Evaluation Plan may be revised unilaterally by the Government at any time during the period of performance, however unless mutually-agreed to a revision shall not affect the current evaluation period. Notification of such changes shall be provided to the contractor [insert number] calendar days prior to the start of the evaluation period to which the change will apply.

(e) At the conclusion of each evaluation period, and in accordance with the performance evaluation plan, a determination of the amount of the award fee earned shall be made in writing to the contractor by the Government Fee Determination Official (FDO). The FDO's unilateral determination of the amount of award fee earned in any evaluation period or a determination that no fee was earned shall be conclusive.

(f) The contractor may submit a self-evaluation of its performance in an evaluation period. The FDO shall consider the self-evaluation, as the FDO deems appropriate.

(g) The contractor shall submit a voucher for payment of any earned award fee.

This reserve shall not exceed 15 percent of the total base fee and potential award fee.

(c) In the event of contract termination for convenience, either in whole or in part, the amount of award fee available shall represent a prorated distribution associated with evaluation period activities or events as determined by the Government.

(d) The Government will promptly make payment of any award fee upon submission by the contractor to the Contracting Officer's authorized representative of a public voucher or invoice in the amount of the total fee earned for the period evaluated. Payment may be made without executing a contract modification.

Charges for any work not authorized shall be disallowed.

(b) For each task order under the contract, the Contracting Office shall send a request for proposal to the contractor(s). The request will contain a detailed description of the tasks to be achieved, a schedule for completion of the task order, and deliverables to be provided by the contractor.

(c) The contractor shall submit a proposal defining the technical approach to be taken to complete

the task order, work schedule and proposed cost/price.

(d) After any necessary negotiations, the contractor shall submit a final proposal.

(f) The contractor shall notify the Contracting Officer of any instructions or guidance given that may impact the cost, schedule or deliverables of the task order. A formal modification to the task order must be issued by the Contracting Officer before any changes can be made.

(g) Task orders may be placed during the period of performance of the contract. Labor rates applicable to hours expended in performance of an order will be the contract rates that are in effect at the time the task order is issued.

(h) If multiple awards are made by the Government, the CO shall provide each awardee a fair opportunity to be considered for each task order over the micro-purchase threshold unless one of the exceptions at FAR 16.505(b) applies.

(End of clause)

## **1352.216-75 Minimum and maximum contract amounts.**

The Contracting Officer may offset the amount of recovery against any payment due to the contractor.

(End of clause)

## **1352.228-73 Loss of or damage to leased aircraft**

As prescribed in 48 CFR 1328.310-70(e) and 1328.310-70(f), insert the following clause:

Loss of or Damage to Leased Aircraft (APR 2010)

- (a) The Government assumes all risk of loss of, or damage (except normal wear and tear) to, the leased aircraft during the term of this lease while the aircraft is in the possession of the Government.
- (b) In the event of damage to the aircraft, the Government, at its option, shall make the necessary repairs with its own facilities or by contract, or pay the contractor the reasonable cost of repair of the aircraft.
- (c) In the event the aircraft is lost or damaged beyond repair, the Government shall pay the contractor a sum equal to the fair market value of the aircraft at the time of such loss or damage, which value may be specifically agreed to in clause 1252.228-74, *Fair Market Value of Aircraft*, less the salvage value of the aircraft. However, the Government may retain the damaged aircraft or dispose of it as it wishes. In that event, the contractor will be paid the fair market value of the aircraft as stated in the clause.
- (d) The contractor agrees that the contract price does not include any cost attributable to hull insurance or to any reserve fund it has established to protect its interest in the aircraft. If, in the event of loss or damage to the leased aircraft, the contractor receives compensation for such loss or damage in any form from any source, the amount of such compensation shall be:
  - (1) Credited to the Government in determining the amount of the Government's liability; or
  - (2) For an increment of value of the aircraft beyond the value for which the Government is responsible.

(e) In the event of loss of or damage to the aircraft, the Government shall be subrogated to all rights of recovery by the contractor against third parties for such loss or damage and the contractor shall promptly assign such rights in writing to the Government.

Security Processing Requirements - National Security Contracts (APR 2010)

(a) Security Investigative Requirements for National Security Contracts. National Security Contracts require contractor employees to gain access to national security information in the performance of their work. Regardless of the contractor employees' location, appropriate security access and fulfillment of cleared facility requirements, as determined by the National Industrial Security Program (NISP) Operation Manual must be met. All contractors are subject to the appropriate investigations indicated below and may be granted appropriate security access by the Office of Security based on favorable results. No national security material or documents shall be removed from a Department of Commerce facility. The circumstances of the work performance must allow the Department of Commerce to retain control over national security information and keep the number

of contract personnel with access to the information to a minimum.

(b) All employees working on Special or Critical Sensitive contracts require an updated personnel security background investigation every five (5) years. Employees on Non-Critical Sensitive contracts will require an updated personnel security background investigation every ten (10) years.

(c) *Security procedures.* Position sensitivity/risk assessments must be conducted on all functions that are performed under the contract. Risk assessments for contractor employees are determined in the same manner as assessment of those functions performed by government employees. The Contracting Officer and Contracting Officer's Representative should determine the level of sensitivity or risk with the assistance of the servicing Security Officer.

(1) Contractor employees working on National Security Contracts must have a completed investigation and be granted an appropriate security level clearance by the Office of Security before start of work.

(2) The Contracting Officer's Representative must send the contract employee's existing security clearance information, if applicable, or appropriate investigative request package, to the servicing Security Officer, who will review and forward it to the Office of Security.

(3) The Office of Security must confirm that contract employees have the appropriate security clearance before starting any work under a National Security Contract.

(d) *Security forms required.* For Critical-Sensitive positions with Top Secret access, Critical-Sensitive positions with Secret access, and Non-Critical Sensitive positions with Secret or Confidential access, the following forms are required:

(1) Form SF-86, Questionnaire for National Security Positions, marked "CON" in Block 1, Position Title, to distinguish it as a contractor case;

(2) Form FD-258, Fingerprint Chart, with OPM's designation in the ORI Block; and

(3) Credit Release Authorization Form.

(e) Contracting Officer's Representative Responsibilities are:

(1) Coordinate submission of a proper investigative request package with the servicing Security Officer, the Contracting Officer, and the contractor.

(2) Review the request package for completeness, ensuring that the subject of each package is identified as a contract employee, the name of the contractor is identified, and that each package clearly indicates the contract sensitivity designation.

(3) Send the request package to the servicing Security Officer for investigative processing.

(f) Servicing Security Officer Responsibilities are:

(1) Review the package for completeness.

(2) Ensure that the forms are complete and contain all the pertinent information necessary to request the background investigation.

(3) Forward the request for investigation to the Defense Investigative Service Coordinating Office (DISCO).

(4) Maintain records of contractor personnel in their units subject to the NISP.

(5) Ensure that all contractor personnel have been briefed on the appropriate procedures for handling and safeguarding national security information.

(g) The contractor shall include the substance of this clause, including this paragraph, in all subcontracts.

Inspection and Manner of Doing Work (APR 2010)

(c) All material and workmanship shall be subject to inspection and test at all times during the contractor's performance of the work to determine their quality and suitability for the purpose intended and compliance with the contract. In case any material or workmanship furnished by the contractor is found to be defective prior to redelivery of the vessel, or not in accordance with the requirements of the contract, the Government shall have the right prior to redelivery of the vessel to reject such material or workmanship, and to require its correction or replacement by the contractor at the contractor's cost and expense. This Government right is in addition to its rights under any Guarantee clause in this contract. If the contractor fails to proceed promptly with the replacement or correction of such material or workmanship, as required by the Contracting Officer, the Government may, by contract or otherwise, replace or correct such material or workmanship and charge to the contractor the excess cost to the Government. The contractor shall provide and maintain an inspection system acceptable to the Government covering the work specified in the contract. Records of all inspection work by the contractor shall be kept complete and available to the Government during the performance of the contract and for a period of two (2) years after delivery of the vessel to the Government.

(d) No welding, including tack welding and brazing, shall be permitted in connection with repairs, completions, alterations, or addition to hulls, machinery or components of vessels unless the welder is, at the time, qualified to the standards established by the U.S. Coast Guard, the American Bureau of Shipping, or the Department of the Navy. The welder's qualifications shall be appropriate for the particular service application, filler material type, position of welding, and welding process involved in the work being undertaken. A welder may be required to re-qualify if the Contracting Officer believes there is a reasonable doubt concerning the welder's ability. Welders' qualifications for this purpose shall be governed by the U.S. Coast Guard Marine Engineering Regulations and Material Specifications (46 CFR Subchapter F). When a welding process other than manual shielded arc is proposed or required, the contractor or fabricator shall submit procedure qualification tests for approval prior to production welding. Procedure qualification tests shall be conducted in accordance with the United States Coast Guard Marine Engineering Regulations and Material Specifications (46 CFR Subchapter F).

(e) The contractor shall exercise reasonable care to protect the vessel from fire, and the contractor shall maintain a reasonable system of inspection over the activities of welders, burners, riveters, painters, plumbers and similar workers, particularly where such activities are undertaken in the vicinity of the vessel's fuel oil tanks, magazines or storerooms containing flammable material. Unless otherwise provided in this contract, the contractor shall at all times maintain a reasonable fire watch about the vessel, including a fire watch on the vessel while work is being performed thereon.

(f) The contractor shall place proper safeguards and/or effect such safety precautions as necessary, including suitable and sufficient lighting, for the prevention of accidents or injury to persons or property during the prosecution of work under this contract and/or from time of receipt of the vessel until acceptance by the Government of the work performed.

(g) Except as otherwise provided in this contract, when the vessel is in the custody of the contractor or in dry dock or on a marine railway and the temperature becomes as low as 35 degrees Fahrenheit, the contractor shall keep all pipelines, fixtures, traps, tanks, and other receptacles on the vessel drained to avoid damage from freezing, or if this is not practicable, the vessel shall be kept heated to prevent such damage. The vessel's stern tube and propeller hubs shall be protected from frost damage by applied heat through the use of a salamander or other proper means, as approved by the COR.

(h) Whenever practicable, the work shall be performed in a manner which does not interfere with the berthing and messing of personnel attached to the vessel. The contractor shall ensure that assigned personnel have access to the vessel at all times. It is understood that such personnel will not interfere with the work or the contractor's workers.

(i) The Government does not guarantee the correctness of the dimensions, sizes, and shapes shown in any sketches, drawings, plans or specifications prepared or furnished by the Government. Prior to submitting an offer, it is the responsibility of the bidder/offeror to verify the dimensions, sizes, and shapes in materials provided by the Government. Where practical, the Government will make the vessel available for inspection prior to bid opening or the date for receipt of proposals. If the contractor, as a result of inspection or otherwise, discovers any error in the sketches, drawings, plans or specifications, it shall immediately inform the Contracting Officer of the error and proceed in accord with instructions received from the Contracting Officer. The Government is not liable for any claims or charges resulting from additional work performed by the contractor as a result of a patent ambiguity in the sketches, drawings, plans or specifications that was not brought to the attention of the Contracting Officer. The contractor shall be responsible for the correctness of the shape, sizes and dimensions of parts furnished by the contractor under the contract.

(j) The contractor shall at all times keep the site of the work on the vessel free from accumulation of waste material or rubbish caused by contractor employees or the work, and at the completion of the work shall remove all rubbish from and about the site of the work and shall leave the work and its immediate vicinity "broom-clean" unless more exactly specified in this contract.

(k) While in drydock or on a marine railway, the contractor shall be responsible for the closing, before the end of working hours, of all valves and openings upon which work is being done by its workers when such closing is practicable. The contractor shall establish a list and keep the COR cognizant of the closure status of all valves and openings upon which the contractor's workers have been working.

(l) Without additional expense to the Government, the contractor shall employ specialty subcontractors where required by the specifications or when necessary for satisfactory performance of the work.

The amount invoiced shall be calculated based on prices stated in the Schedule, as follows: A work item may not be invoiced until the percentage complete reaches 25 percent. Future invoices for that work item have no limitation as to the percentage of completion required before invoicing, but in no event may invoices be submitted more frequently than every 2 weeks, or for amounts less than \$10,000, unless it is the final payment. The minimum percentage of completion (25%) to be reached prior to billing each work item may be waived by the Contracting Officer for large dollar work items on a case-by-case basis.

## **1352.271-72 Additional Item Requirements (AIR) - growth work**

As prescribed in 48 CFR 1371.103, insert the following clause:

### **Additional Item Requirements (Air) - Growth Work (APR 2010)**

(a) This clause applies to Additional Item Requirements (AIR), also known as growth and emergent work ordered by the Contracting Officer pursuant to the Changes - Ship Repair clause or mutually agreed upon by the parties. The contractor shall perform AIR at the labor billing rates designated in the Schedule, as described in paragraph (c) of this clause. The AIR handling fee designated in the Schedule shall be the sole fee used for direct material purchases and subcontractor handling. The estimated quantity of labor hours and handling fees represent the Government's best estimate for growth that may be required throughout the contract performance period. All growth work shall be paid at the prices stated in the Schedule.

(b) The contractor shall take into account the potential for ordering all estimated AIR quantities in developing the Production Schedule. The ordering of any portion of the AIR quantities does not in itself warrant an extension to the original contract completion date; however, for planning purposes, the Government anticipates ordering AIR in accordance with the following schedule:

- (1) No more than 75% of the hours during the first half of the contract period of performance.
- (2) No more than 50% of the hours during the third quarter of the contract period of performance.
- (3) No more than 30% of the hours during the fourth quarter of the contract period of performance.

(c) The AIR labor rate shall be a flat, hourly rate to cover the entire effort and shall be burdened to include:

(1) Direct production labor hour functions only. Direct production labor hours are hours of skilled labor at the journeyman level expended in direct production. Direct production is defined as work performed by a qualified craftsman that is directly related to the alteration, modification, or repair of the item or system identified as needing alteration, modification, or repair. The following functions are identified as direct production: Abrasive Cleaning/Water Blasting, Tank Cleaning, Welding, Burning, Brazing, Blacksmithing, Machining (inside and outside), Carpentry, Electrical/Electronic Work, Crane Operation, Shipfitting, Lagging/Insulating, Painting, Boilermaking, Pipe Fitting, Engineering (Production), Sheetmetal Work, Staging/Scaffolding, and Rigging.

(2) Non-production labor hours (whether charged directly or indirectly by contractor's accounting system) shall be for labor in support of production functions. For purposes of this clause, support functions are defined as functions that do not directly contribute to the alteration, modification, or repair of the item or system identified as needing alteration, modification, or repair. Necessary support functions should be priced into the burdened rate for production labor hours. Examples of support functions include: Testing, Quality Assurance (inspection), Engineering (support), Planning (including involvement of craft foreman/journeyman in planning a task), Estimating (including determination of necessary materials and equipment needed to perform a task), Material Handling, Set-up (moving tools and equipment from shop to ship to perform a task), Fire Watch, General Labor (including general support of journeyman tasks), Cleaning (including debris pickup and removal), Surveying, Security, Transportation, Supervision, and Lofting (sail/pattern making).

(d) Additional Item Requirements do not include replacement work performed pursuant to the Inspection and Manner of Doing Work or Guarantees clauses.

Such services may be performed while the ship is undergoing repair in the contractor's facility pursuant to the Access to Vessels clause.

(f) The contractor shall submit to the Contracting Officer the following information in all AIR proposals:

(1) Number of labor hours estimated; broken down by specific direct production labor category.

(2) Material estimates, individually broken out and priced. When requested by the Contracting Officer, material quotes shall be provided.

(d) Any unauthorized deviation in the Production Schedule which results in a delay in the completion of work on a vessel past the established performance period completion date may entitle the Government to remedies for late performance, including, but not limited to, liquidated damages.

## **1352.271-74 Foreseeable cost factors pertaining to different shipyard locations.**

As prescribed in 48 CFR 1371.105, insert the following provision:

### **Foreseeable Cost Factors Pertaining to Different Shipyard Locations (APR 2010)**

(a) The Contracting Officer will evaluate certain foreseeable costs that will vary with the location of

the commercial shipyard to be used by bidders/offerors under this solicitation. Costs will be calculated based on the bidder's/offeror's shipyard location and these costs will be added, for the purposes of evaluation only, to the bidder's/offeror's overall price.

(b) These elements of foreseeable costs consist of the following:

(1) *Vessel Transit:*

(i) Vessel delivery costs will be based on one round trip from the vessel's homeport of \_\_\_\_\_ to the contractor's facility at a cruising speed of \_\_\_\_\_ knots. Distances will be based on the NOAA publication, "Distance Between U.S. Ports".

(ii) Daily vessel operational cost to navigate the vessel between its homeport and the contractor's offered place of performance is \$\_\_\_\_\_ per day. The number of days to transit to the contractor's offered place of performance from the vessel's homeport will be multiplied by the per-day operational cost.

(iii) No operational costs will be applied if the ship can be delivered to the contractor's facility from its homeport within eight (8) hours port-to-port. If the delivery time exceeds eight (8) hours, but is less than 24 hours, it will be considered one full day. Any fraction of subsequent day(s) will be considered as a full day.

(2) *Shore Leave Costs:* If the contractor's facility is outside of a 50-mile radius of the vessel's homeport -

(i) An assessment of \$\_\_\_\_\_ for each 15-day period or portion thereof, beginning with the vessel's departure from the homeport and concluding with the vessel's return to homeport.

(ii) There will be an additional transportation cost for \_\_\_\_\_ vessel crew members for one (1) round trip(s) between the contractor's offered place of performance and the vessel's homeport at the cost of coach-type airfare.

(3) *Travel and Per Diem Costs:* If the contractor's facility is outside of a 50-mile radius of the vessel's homeport -

(i) There will be a transportation cost for one (1) Contracting Officer's Representative (COR) for \_\_\_\_\_ round trip(s) between the contractor's offered place of performance and the COR's official duty station at the cost of coach-type airfare.

(ii) There will be a per diem expense for \_\_\_\_\_ calendar days to support one (1) COR while in the city of the place of contract performance, to be determined in accordance with the Joint Federal Travel Regulations (JFTR). The cost of car rental for the estimated performance period will also be included.

(iii) There will be a transportation cost for one (1) Contracting Officer for \_\_\_\_\_ round trip(s) between the Contracting Officer's official duty station and the contractor's offered place of performance at the cost of coach-type airfare, plus per diem expenses and a rental car.

(End of clause)

## **1352.271-75 Delivery and shifting of the vessel.**

As prescribed in 48 CFR 1371.106, insert the following clause:

### Delivery and Shifting of the Vessel (APR 2010)

- (a) The Government shall deliver the vessel to the contractor, at the location specified in the contract.
- (b) Whether the specified location of performance is the contractor's own facility or any other authorized facility, it shall be understood to mean the fairway of the facility. The contractor shall provide necessary tugs and pilot services to move the vessel from the fairway to the pier or dock, and, upon completion of all work, from the pier or dock to the fairway of the facility.
- (c) While the vessel is in the possession of the contractor, any necessary movement of the vessel incidental to the work specified in the contract shall be furnished by the contractor without additional charge to the Government.

(End of clause)

## **1352.271-76 Performance.**

As prescribed in 48 CFR 1371.107, insert the following clause:

### Performance (APR 2010)

- (a) The contractor shall not commence work until a notice to proceed has been issued by the Contracting Officer.
- (b) The Government shall deliver the vessel described in the contract at such time and location as may be specified in the contract. Upon completion of the work, the Government shall accept delivery of the vessel at such time and location as may be specified in the contract.
- (c) Without additional charge to the Government, and without specific requirement in the contract, the contractor shall:
  - (1) Make available, at the facility, to personnel of the vessel while in drydock or on a marine railway, sanitary facilities adequate for the number of personnel using them and acceptable to the Contracting Officer;
  - (2) Supply and maintain, in such condition as the Contracting Officer may reasonably require, suitable brows and gangways from the pier, drydock or marine railway to the vessel;
  - (3) Perform, or pay the cost of, any repair, reconditioning or replacement made necessary as the result of the use by the contractor of any of the vessel's machinery, equipment or fittings, including, but not limited to, winches, pumps, riggings, or pipe lines; and
  - (4) Furnish suitable offices, office equipment and telephones at or near the site of the work as the Contracting Officer reasonably requires for personnel designated by the Government.

(d) Except as otherwise provided in the contract, the contractor shall furnish all necessary material, labor, supervision, services, equipment, tools, supplies, power, accessories, facilities, and other things and services necessary for accomplishing the work.

(e) The contractor shall conduct dock and sea trials of the vessel as required by the contract. Unless otherwise expressly provided in the contract, during the conduct of these trials the vessel shall be under the control of the vessel's commander and crew with representatives of the contractor and the Government on board to determine whether the work provided by the contractor has been satisfactorily performed. Dock and sea trials not specified which the contractor requires for its own benefit shall not be undertaken by the contractor without prior notice to and approval of the Contracting Officer; any such dock or sea trial shall be conducted at the risk and expense of the contractor. The contractor shall provide and install all fittings and appliances which may be necessary for the dock and sea trials to enable the representatives of the Government to determine whether the requirements of the contract plans and specifications have been met. The contractor shall also be responsible for the care, installation and removal of any instruments and apparatus furnished by the Government for such trials.

(End of clause)

## **1352.271-77 Delays.**

As prescribed in 48 CFR 1371.108, insert the following clause:

Delays (APR 2010)

When, during the performance of this contract, the contractor is required to delay the work on a vessel temporarily, due to orders or actions of the Government respecting stoppage of work to permit shifting the vessel, stoppage of hot work to permit bunkering, fueling, embarking or debarking of passengers or loading or discharging of cargo, and the contractor is not given sufficient advance notice or is otherwise unable to avoid incurring additional costs on account thereof, an equitable adjustment may be made in the contract. Any such request for equitable adjustment shall be asserted in writing as soon as practicable after the delay or disruption, but not later than the day of final payment under the contract.

(End of clause)

## **1352.271-78 Minimization of delay due to Government furnished property.**

As prescribed in 48 CFR 1371.109, insert the following clause:

Minimization of Delay Due to Government Furnished Property (APR 2010)

(a) In order to assure timely performance under this contract, it is imperative that delay in the contract's performance period resulting from late, damaged, or unsuitable Government furnished property be held to an absolute minimum. In order to achieve minimization of delay, it is agreed that:

(1) Subject to adjustment as provided in paragraph (b) of this clause, the Government shall deliver each item of Government furnished property to the contractor on or before the date specified in the contract or, if later, in sufficient time for the contractor to meet the contract performance period.

(2) The Government may forego furnishing any item of Government property to the contractor. In that event, the contractor shall prepare the vessel in terms of piping, wiring, structure, foundation, ventilation, and any other pre-installation requirements of the item, so that the work on the vessel may continue without delay and disruption resulting from the absence of the item. If the Government does not furnish an item designated as Government furnished property, the contract price may be adjusted accordingly.

(b) The delivery or performance dates for the supplies or services to be furnished by the contractor under this contract are based upon the expectation that Government furnished property suitable for use (except for such property furnished "as is") will be delivered to the contractor at the time stated in the specification or, if not so stated, in sufficient time to enable the contractor to meet such delivery or performance dates. If the Government furnished property is not furnished in the time stated in the contract, or, if a date is not specified, and the late delivery does not give the contractor sufficient time to enable the contractor to meet required contract delivery or performance dates, the contractor shall notify the Government in writing of the late delivery. Notification shall include cost and schedule impacts, including delays and disruptions to schedules. This notification shall be submitted as soon as practical or known.

(c) The provisions in subsection (b) of this clause and in FAR 52.245-1, if applicable, provide the exclusive remedies to the contractor resulting from delay in delivery of Government furnished property or delivery of such property in a condition not suitable for its intended use.

(End of clause)

## **1352.271-79 Liability and insurance.**

As prescribed in 48 CFR 1371.110, insert the following clause:

### **Liability and Insurance (APR 2010)**

(a) The contractor shall exercise reasonable care and use its best efforts to prevent accidents, injury or damage to all employees, persons and property, in and about the work, and to the vessel or part thereof upon which work is done.

(b) The contractor shall be responsible for and make good at its own cost and expense any and all loss of or damage of whatsoever nature to the vessel (or part thereof), its equipment, movable stores and cargo, and Government-owned material and equipment for the repair, completion, alteration of or addition to the vessel in the possession of the contractor, whether at the plant or elsewhere, arising or growing out of the performance of the work, except where the contractor can affirmatively show that such loss or damage was due to causes beyond the contractor's control, was proximately caused by the fault or negligence of agents or employees of the Government, or which loss or damage the contractor by exercise of reasonable care was unable to prevent. However, the contractor shall not be responsible for any such loss or damage discovered after redelivery of the vessel unless the loss or damage is discovered within 90 days after redelivery of the vessel and loss or damage is affirmatively shown to be the result of the fault or negligence of the contractor. To induce the contractor to perform the work for the compensation provided, it is specifically agreed

that the contractor's aggregate liability on account of loss of or damage to the vessel (or part thereof), its equipment, movable stores and cargo and Government-owned materials and equipment, shall in no event exceed the sum of \$1,000,000.00. As to the contractor, the Government assumes the risk of loss or damage to the Government-owned vessel (or part thereof), its equipment, movable stores and cargo and said Government-owned materials and equipment in excess of \$1,000,000.00. This assumption of risk includes but is not limited to loss or damage from negligence of whatsoever degree of the contractor's servants, employees, agents or subcontractors, but specifically excludes loss or damage from willful misconduct or lack of good faith on the part of contractor's personnel, who have supervision or direction of all or substantially all of the contractor's business, or all or substantially all of the contractor's operation at any one plant. However, as to such risk assumed and borne by the Government, the Government shall be subrogated to any claim, demand or cause of action against third persons which exists in favor of the contractor, and the contractor shall, if required, execute a formal assignment or transfer of claims, demands or causes of action. Nothing contained in this paragraph shall create or give rise to any right, privilege or power in any person except the contractor, nor shall any person (except the contractor) be or become entitled thereby to proceed directly against the Government, or join the Government as a co-defendant in any action against the contractor brought to determine the contractor's liability, or for any other purpose.

(c) The contractor indemnifies and holds harmless the Government, its agencies and instrumentalities, and the vessel against all suits, actions, claims, costs or demands (including without limitation, suits, actions, claims, costs or demands resulting from death, personal injury and property damage) to which the Government, its agencies and instrumentalities, or the vessel may be subject or put by reason of damage or injury (including death) to the property or person of anyone other than the Government, its agencies, instrumentalities and personnel, or the vessel, arising or resulting in whole or in part from the fault, negligence, wrongful act or wrongful omission of the contractor, or any subcontractor, its or their servants, agents or employees; provided that the contractor's obligation to indemnify under this paragraph (c) shall not exceed the sum of \$1,000,000.00 on account of any one accident or occurrence in respect of any one vessel. Such indemnity shall include, without limitation, suits, actions, claims, costs or demands of any kind whatsoever, resulting from death, personal injury or property damage occurring during the period of performance of work on the vessel or within 90 days after redelivery of the vessel. Any new equipment warranties that extend beyond the 90 days after redelivery of the vessel shall be assigned to the Government upon redelivery of the vessel. With respect to any such suits, actions, claims, costs or demands resulting from death, personal injury or property damage occurring after the expiration of such period, the rights and liabilities of the Government and the contractor shall be as determined by other provisions of this contract and by law; provided that such indemnity shall apply to death occurring after such period which results from any personal injury received during the period covered by the contractor's indemnity as provided herein.

(d) The contractor shall, at its own expense, procure, and thereafter maintain such casualty, accident and liability insurance, in such forms and amounts as may be approved by the Contracting Officer, insuring the performance of its obligations under paragraph (c) of this clause. In addition, the contractor shall at its own expense procure and thereafter maintain such ship repairer's legal liability insurance as may be necessary to insure the contractor against its liability as ship repairer in the amount of \$1,000,000.00, or the value of the vessel as determined by the Contracting Officer, whichever is the lesser, with respect to each vessel on which work is performed. The contractor shall cause the Government to be named as an additional insured under any and all liability insurance policies, however, at the discretion of the Contracting Officer, such insurance need not be procured whenever the job order requires work on parts of a vessel only and the work is to be performed at a plant other than the site of the vessel. Further, the contractor shall procure and maintain in force Worker's Compensation Insurance (or its equivalent) covering its employees engaged in the work

and shall ensure the procurement and maintenance of such insurance by all subcontractors engaged in the work. The contractor shall provide evidence of insurance as required by the Government.

(e) The contractor shall receive no allowance in the contract price for inclusion of any premium expense or charge for any reserve made on account of self-insurance for coverage against any risk assumed by the Government under this clause.

(f) As soon as practicable after the occurrence of any loss or damage, the risk of which the Government has assumed, written notice of the damage shall be given by the contractor to the Contracting Officer. The notice shall contain full particulars of the loss or damage. If claim is made or suit is brought thereafter against the contractor as the result or because of such event, the contractor shall immediately deliver to the Government every demand, notice, summons or other process received by it or its representatives. The contractor shall cooperate with the Government, and, upon the Government's request, shall assist in effecting settlements, securing and giving evidence; obtaining the attendance of witnesses, and other assistance required in the conduct of suits. The Government shall pay to the contractor the expense, other than the cost of maintaining the contractor's usual organization, incurred in this assistance. Except at its own cost, the contractor shall not voluntarily make any payment, assume any obligation or incur any expense not imperative for the protection of the vessel or vessels at the time of the event.

(End of clause)

## **1352.271-80 Title.**

As prescribed in 48 CFR 1371.111, insert the following clause:

Title (APR 2010)

(a) Title to all materials and equipment acquired, produced for, or allocated to the performance of this contract and incorporated in or placed on the vessel or any part thereof, shall vest in the Government.

(b) The contractor shall assume, without limitation, the risk of loss for any contractor-furnished materials and equipment until final acceptance by the Government of work performed under the contract.

(End of clause)

## **1352.271-81 Discharge of liens.**

As prescribed in 48 CFR 1371.112, insert the following clause:

Discharge of Liens (APR 2010)

The contractor shall immediately discharge or cause to be discharged any lien or right *in rem* of any kind, other than in favor of the Government, which at any time exists or arises in connection with work done or materials furnished under the contract. If any such lien or right *in rem* is not immediately discharged, the Government may discharge or cause to be discharged such lien or right at the expense of the contractor.

(End of clause)

## **1352.271-82 Department of Labor occupational safety and health standards for ship repair.**

As prescribed in 48 CFR 1371.113, insert the following clause:

Department of Labor Occupational Safety and Health Standards for Ship Repair (APR 2010)

The contractor, in performance of all work under the contract, shall comply with the requirements of 29 CFR 1910.15. Nothing contained in this contract shall be construed as relieving the contractor from any obligations which it may have for compliance with the aforesaid regulations.

(End of clause)

## **1352.271-83 Government review, comment, acceptance and approval.**

As prescribed in 48 CFR 1371.114, insert the following clause:

Government Review, Comment, Acceptance and Approval (APR 2010)

(a) Documentation, including drawings and other engineering products and reports, required by the contract to be submitted for review, comment, acceptance or approval will be acted upon by the Government within 30 calendar days after receipt by the Government, unless another period of time is specified.

(b) The Government shall respond to Condition Reports, as defined in the Specifications, within five (5) working days, unless the Government notifies the contractor that a longer period of time will be required. If the contractor requests a response in less than five (5) working days, the Government will attempt to accommodate the request, but does not guarantee a response in less than the time limits stated above.

(c) Review, comment, acceptance or approval by the Government as required under this contract and applicable specifications shall not relieve the contractor of its obligation to comply with the specifications and with all other requirements of the contract, nor shall it impose upon the Government any liability it would not have had in the absence of such review, comment and acceptance or approval.

(End of clause)

## **1352.271-84 Access to the vessel.**

As prescribed in 48 CFR 1371.115, insert the following clause:

Access to the Vessel (APR 2010)

(a) As authorized by the Contracting Officer, a reasonable number of officers, employees and personnel designated by the Government, or representatives of other contractors and their subcontractors shall have admission to the facility and access to the vessel at all reasonable times to perform and fulfill their respective obligations to the Government on a noninterference basis. The contractor shall make reasonable arrangements to provide access for these personnel to office space, work areas, storage or shop areas, and other facilities and services reasonable and necessary to perform their duties. All such personnel shall comply with contractor rules and regulations governing personnel at its shipyard, including those regarding safety and security.

(b) The contractor further agrees to allow a reasonable number of officers, employees, and designated personnel of offerors on other contemplated work, the same privileges of admission to the contractor's facility and access to the vessel(s) on a noninterference basis, subject to contractor rules and regulations governing personnel in its shipyard, including those regarding safety and security.

(End of clause)

## **1352.271-85 Documentation of requests for equitable adjustment.**

As prescribed in 48 CFR 1371.116, insert the following clause:

### **Documentation of Requests for Equitable Adjustment (APR 2010)**

(a) For the purpose of this clause, the term "change" includes not only a change made pursuant to a written order designated as a "change order," but also any act or omission to act on the part of the Government where a request is made for equitable adjustment.

(b) Whenever the contractor requests or proposes an equitable adjustment to the contract price for a change or an act or omission on the part of the Government, the request shall include a breakdown of the price adjustment in such form and supported by such reasonable detail as the Contracting Officer may request. As a minimum, the contractor shall provide a breakdown of direct labor hours, labor dollars, overhead, material, subcontracts, contingencies and profit for each change and a justification for any extension of the delivery date.

(c) Whenever the contractor requests or proposes an equitable adjustment of \$100,000 or greater gross (aggregate increases and/or decreases) for a change made pursuant to a written order designated as a "change order," or whenever the contractor requests an equitable adjustment in any amount for any other act or omission to act on the part of the Government, the proposal supporting such request shall contain the following information for each individual item or element of the request:

(1) A description of the unperformed work required by the contract before the change which has been deleted by the change and the work deleted by the change that already has been completed in whole or in part. The description shall include a list of components, equipment, and other identifiable property involved. Also, the status of manufacture, procurement, or installation of such property shall be indicated. A separate description shall be furnished for design and production work. Items of raw material, purchased parts, components, and other identifiable hardware which are made excess by the change, and which are not to be retained by the contractor, are to be listed for later disposition;

- (2) A description of the work necessary to undo work already completed which has been deleted by the change;
- (3) A description of the work substituted or added by the change that was not required by the terms of the contract before the change. A list of components and equipment (not bulk material or items) involved should be included. A separate description shall be furnished for design work and production work;
- (4) A description of any interference or inefficiency encountered in performing the change;
- (5) A description of disruption attributable solely to the change, which shall include the following information:
  - (i) A specific description of each element of disruption which states how the work has been, or will be, disrupted;
  - (ii) The calendar time period when disruption occurred, or will occur, illustrated via critical path analysis;
  - (iii) The area(s) aboard ship where disruption occurred, or will occur;
  - (iv) The trade(s) disrupted, with a breakdown of man-hours for each trade;
  - (v) The scheduling of trades before, during, and after the period of disruption;
  - (vi) A description of measures taken to lessen the disruptive effect of the change.
- (6) The delay in delivery attributable solely to the change;
- (7) A description of other work attributed to the change;
- (8) A narrative statement of the direct causal relationship between any alleged Government act or omission and the claimed result, cross-referenced to the detailed information required above; and
- (9) A statement setting forth a comparative enumeration of the amounts "budgeted" for the cost elements, including the materials cost, labor hours, and indirect costs pertinent to the change estimated by the contractor in preparing its proposal(s) for this contract, and the amounts claimed to have been incurred, or projected to be incurred, corresponding to each such "budgeted cost" element.
- (10) At the time of agreement upon the price of the equitable adjustment, the contractor shall submit a signed Certificate of Current Cost or Pricing Data.

(d) Pending execution of a bilateral agreement or the direction of the Contracting Officer pursuant to the Changes clause, the contractor shall proceed diligently with contract performance without regard to the effect of any such proposed change.

As prescribed in 48 CFR 1371.117, insert the following clause:

## Lay Days (APR 2010)

- (a) A lay day is defined as an additional day on dry dock or marine railway caused by a Government-issued change. Reimbursement for lay days shall be paid at the rate stated in the Schedule.
- (b) No amount for lay day time shall be paid until all contract line items (including optional items) that require drydocking of the vessel have been completed. Lay days for work ordered pursuant to the Additional Item Requirements Clause shall not be compensable unless all dry dock work included in the contract line items is complete.
- (c) Days of hauling out and floating, whatever the hour, shall not be paid as lay day time, and days when no work is performed by the contractor shall not be paid as lay day time. Days in which work is performed that are considered normal "non-work" days (weekends or holidays) shall not be paid as lay day time if the ship would have otherwise been in dry dock.
- (d) Payment of lay day time shall constitute complete compensation for all costs associated with lay days except for costs directly related to the changed work.

(End of clause)

## **1352.271-87 Changes - ship repair.**

As prescribed in 48 CFR 1371.118, insert the following clause:

### Changes - Ship Repair (APR 2010)

- (a) The Contracting Officer may, at any time, by written order, and without notice to the sureties, if any, make changes within the general scope of this contract, in any one or more of the following:
  - (1) Drawings, designs, or specifications, when the supplies to be furnished are to be specially manufactured for the Government in accordance with the drawings, designs, or specifications;
  - (2) Method of shipment or packing;
  - (3) Place of performance of the work;
  - (4) Time of commencement or completion of the work; and
  - (5) Other requirements within the general scope of the contract.
- (b) If any such change causes an increase or decrease in the cost of, or the time required for, performance of any part of the work under this contract, whether changed or not changed by the order, the Contracting Officer shall make an equitable adjustment in the contract price, the delivery schedule, or both, and shall modify the contract accordingly.
- (c) The contractor must submit any proposal for adjustment under this clause within 5 days from the date of receipt of the written order. At the Contracting Officer's discretion, the 5-day period may be shortened. However, if the Contracting Officer decides that the facts justify it, the Contracting Officer may receive and act upon a proposal submitted before final payment of the contract.
- (d) If the contractor's proposal includes the cost of property rendered obsolete or excess by the

change, the Contracting Officer shall have the right to prescribe the manner of the disposition of the property.

(e) Failure to agree to any adjustment shall be a dispute under the Disputes clause. However, nothing in this clause shall excuse the contractor from proceeding with the contract as changed.

(End of clause)

## **1352.271-88 Guarantees.**

As prescribed in 48 CFR 1371.119, insert the following clause:

Guarantees (APR 2010)

(a) In the event any work performed or materials furnished by the contractor under this contract prove defective or deficient within \_\_\_\_ days from the date of redelivery of the vessel, the contractor, as directed by the Contracting Officer and at its own expense, shall correct and repair the deficiency to the satisfaction of the Contracting Officer.

(b) The Government shall be entitled to rely upon any guarantee secured by the contractor or any sub-contractor covering work done or materials furnished which exceeds the \_\_\_\_ day period until its expiration.

(c) With respect to any individual work item identified and listed as incomplete at the redelivery of the vessel, the guarantee period shall run from the date of completion of such item.

(d) If and when practicable, the Government shall afford the contractor an opportunity to effect such corrections and repairs.

(1) If the Contracting Officer determines it is impracticable or is otherwise not advisable to return the vessel to the contractor, or the contractor fails to proceed promptly with any such repairs as directed by the Contracting Officer, the Contracting Officer may direct that the repairs be performed elsewhere, at the contractor's expense.

(2) Where corrections and repairs are to be made by other than the contractor due to nonreturn of the vessel to the contractor, the contractor's liability may be discharged by an equitable deduction in the price of the contract.

(e) The contractor's liability shall only extend for an additional \_\_\_\_ day guarantee period on those defects or deficiencies which it corrected. However, this clause does not limit the responsibility or relieve the liability of the contractor under the Liability and Insurance clause.

(f) At the Contracting Officer's option, defects and deficiencies may be left in their uncorrected condition. In that event, the contractor and the Contracting Officer shall agree on an equitable deduction in the contract price. Failure to agree upon an equitable reduction shall constitute a dispute under the Disputes clause of this contract.

(g) The rights and remedies of the Government provided in this clause are in addition to and do not limit any rights afforded to the Government by any other clause of the contract. If a defect or deficiency that exists at the time of redelivery of the vessel was not discovered by a reasonable inspection and is discovered after the expiration of the time frame stated in this clause, it is not

subject to the time limitations stated in this clause.

(End of clause)

## **1352.271-89 Temporary services.**

As prescribed in 48 CFR 1371.120, insert the following clause:

Temporary Services (APR 2010)

(a) Temporary services are services incidental to the performance of work which are required in the schedule or specifications to be provided by the contractor. Temporary services may include the furnishing of water, electricity, telephone service, toilet facilities, garbage removal, office space, parking places or similar facilities.

(b) If performance time is extended due to Government-caused delay, the contractor may request an equitable adjustment for providing temporary services at the rate stated in the Schedule.
