

22.1009-3 All possible places of performance identified.

(a) If the *contracting officer* can identify all the possible places or areas of performance (even though the actual place of performance will not be known until the successful *offeror* is chosen), the *contracting officer shall* obtain a *wage determination* for each locality where services may be performed (see [22.1008](#)).

(b) If the *contracting officer* subsequently learns of any potential *offerors* in previously unidentified places before the closing date for submission of *offers*, the *contracting officer shall*-

(1) Obtain *wage determinations* for the additional places of performance and amend the *solicitation* to include all *wage determinations*. If necessary, the *contracting officer shall* extend the time for submission of final *offers*; and

(2) Follow the procedures in [22.1009-4](#).
