

16-4. Funding Non-Standard Ammunition (NSA)

- a. The Deputy Chief of Staff (DCS) G - 37/TRA validates and authorizes all NSA requirements except for organizations in AR 5-13 "Army Munitions Requirements, Prioritization, and Authorizations Management Policy" paragraphs 2-1b and 2-7 of this regulation, when they are procuring NSA for their respective requirements and not requesting NSA from Army inventory.
- b. Policy memorandum for procurement of NSA dated 8 Aug 2008 establishes Army policy for NSA. This memorandum directs all Army NSA procurements be forwarded to JPEO A&A to execute. If valid reasons exist, making it impractical for JPEO A&A to procure NSA, the procuring organization will coordinate with JPEO A&A in writing. The JPEO A&A will have final approval authority to allow other Army organizations to procure Non-Standard Ammunition by following the exception to policy procedures in this chapter.
- c. Procurement of Ammunition, Army (PAA) is the **only** appropriation authorized for ammunition procurement within the Army. JPEO A&A will make the determination if any other funding may be used when using the GPC. Alternatively, Research, Development, Test, and Evaluation (RDT&E) appropriations can be used to procure end items, weapons, equipment, components, materials and services required for development of equipment, material, or computer application software, where applicable.
